GOV. HILL'S DEMAND

He Sends a Peremptory Order to Sheriff Flack.

HIS REMOVAL CONTEMPLATED.

Summoned to Appear Before the Governor Within Eight Days.

Judge Barrett Suspends Sentence in the Conspiracy Case Until Friday—Matters Complicated by a Newspaper Reporter. His Presence in the Jury Room Taken Advantage of by the Defence.

NEW YORK, March 25.—Governor Hill has served papers upon Sheriff Flack calling upon him to show cause why he should not be removed from office. Sheriff Flack has eight days in which to file his answer.

The papers in the case include a letter to the Governor from Attorney-General Tabor, preferring charges against the sheriff of conspiracy, of which crime he has been convicted. The attorney-general says that though such conviction does not of itself create a vacancy in the office of sheriff, being a misdemeanor and not an "infamous crime" within the meaning of the law, yet the conviction gives proper ground for removal. The Governor, acting on these charges, writes Sheriff Flack, summoning him to show cause within eight days why he should not be removed.

The sheriff, on receiving the papers, turned them over to his counsel.

A HITCH IN THE FLACK CASE.

The Prisoners Secure a Suspension of Judgment Till Friday.

NEW YORK, March 25.—Sheriff Flack, his son Will and Referee Meeks secured a suspension of sentence until Friday.

In postponing the passing of sentence Judge Barrett said to counsel: "In view of the fact that each of these defendants stand upon a different basis, both as to evidence, as to conviction and as to circumstances surrounding the case, and also as to the gravity to two of the defendants of conviction, to one as the holder of a high office, to the other as an attorney, and considering the facts which have been laid before me since the adjournment, I want time to satisfy my own mind as to what I ought to do. I am not prepared to pronounce a judgment which would be satisfactory to my own conscience unless I can have time to reflect. I shall be prepared to pronounce judgment on Friday morning. There is another matter I desire to speak of before the postponement for the consideration of the judgment. That is with regard to the episode of the appearance of a reporter in the jury room. I desire that a rule to show cause shall issue against this person, Mr. Dilworth Choate, to show whether he should not be punished for contempt of court. This will afford him an opportunity to obtain counsel.

"The District Attorney will dictate to the stenographer an exact transcript of what took place, with affidavits of some of the attendants in court.

"If it be shown that this person in our presence agreed not to publish what he had written concerning the proceedings in the jury room, and if he has since published it, that will constitute an aggravation of the contempt."

Both the Flacks and Referee Meeks looked relieved at the postponement of the sentence, and particulary when Judge Barrett announced that they would not be required to renew or give additional bail.

A Strike on the Brotherhood's Hands.

BOSTON, Mass., March 25.—Walking Delegate Clinkard, representing Carpenters' Unions 33, 67, 218 and 561 of Boston, ordered a strike of the carpenters employed on the new grand stand of the Boston Players' League Club, and all but seven of the eighty carpenters and laborers struck work. Mr. Clinkard says that he had failed to induce the Brotherhood to give the work of building the grand stand and fences to such contractors as conformed to the unions' requirements by paying $2.50 for a nine hour work day and allowing an hour and a half for every extra hour worked.

Human Bones in a Cider Barrel.

CONTACOOK, N. H., March 25.—Reports come from West Hopkinton that Alfred Goodwin, who purchased a cider barrel at the auction sale of the late Perley W. Beck's property has found in it a mysterious quantity of small bones. Some of them are not thought to be human bones, but the exact character of them has not been determined. The bones appear to have been inserted through the bung hole. The discovery of these bones is suggestive, in connection with the mysterious disappearance of Calvin H. Beck, Perley's brother, several years ago.

No Immigrant Landing Place Selected.

NEW YORK, March 25.—The Congressional Committee on Immigration have not yet selected a new location for the landing of immigrants. Ellis' Island, in the harbor near the New Jersey side, pleases them better than any other site yet examined. Conference the special committee on coast defense submitted a report which was adopted as the sense of the conference, recommending that the coast defenses be not enlarged or navies extended except for self protection and that all national difficulties be settled by arbitration, and that righteousness should govern all nations as well as individ-

END OF THE COLLEGE FIGHT.

TRENTON, N. J., March 25.—In the Assembly the bill appropriating $12,000 to Rutgers College for sixty agricultural scholarships caused another stir. Mr. Fagan tried to have it delayed. Messrs. THE LAW AND THE PLAYER.

The Case of Shortstop Ward Not Yet Decided by the Court.

NEW YORK, March 25.—The suit of the Metropolitan Exhibition Company against John M. Ward for an injunction to restrain the defendant from playing baseball for others than the plaintiff was called before Judge Lawrence in the Supreme Court.

Besides local counsel, Colonel Rogers, of Philadelphia, who represents the League there, was also in court.

At the close of the plaintiff's case the defence moved to dismiss the complaint. Judge Lawrence reserved his decision, but intimated that he would follow the action of Justice O'Brien in Chambers, it being conceded that all the testimony had been produced before Judge O'Brien.

Support for Bishop Esher.

TONAWANDA, N. Y., March 25.—The New York Conference of the Evangelical Association closed its session here and the next meeting will be held at Little Falls on the third Tuesday in March, 1891. Mr. Heinmiller of Utica, a leading member of the Conference, was interviewed with regard to the suspension of Bishop Esher. He said: "The New York Conference is going to stand by the bishop, and a resolution indorsing him and condemning Hartzler and his associates was unanimously adopted by the Conference."

Fighting Against Imprisonment.

DETROIT, March 25.—An effort will be made this week to have ex-Senator Jones, of Florida, sent to the Kalamazoo Asylum. He is becoming more pronouncedly insane daily, and there are grave fears that he may do himself or some others injury. Senator Jones knows that such a movement is on foot, and declares that he will never be imprisoned alive.

WASHINGTON, March 25.—The House Committee on Coinage, Weights and Measures authorized a favorable report on the bill prepared by Secretary Windom and introduced in the House by Mr. Conger of Iowa, authorizing the issue of Treasury notes on deposits of silver bullion. DRIVEN FROM HOMES

Hundreds of Families Suffering in the Ohio Valley.

THE RIVER SIXTY FEET HIGH.

Merchants in Cincinnati Moving Their Goods from the Expected Flood.

Three Persons Drowned Near Covington, Ky.—People Navigating in Skiffs in Cincinnati—Hundreds of Homeless Families at Portsmouth, Ohio—Searching for Flood Relics at Johnston, Pa.

CINCINNATI, O., March 25.—Hundreds of families have been driven from their homes by the rising waters in the cities and towns along the Ohio valley. The river is now sixty feet high, and is still rising. It is believed that nothing but the intervention of Providence can keep the waters below seventy feet. The flood threatens the water supply here.

Water covers the floor of the Grand Central depot like a yellow blanket. No trains are coming into it now, and passengers must hunt far away stations and out-of-the-way places.

The Clark Street Surface Road has been compelled to stop, and the 25th Ward with its 25,000 people must come to town in skiffs or stay at home. The scenes on the levee are full of excitement.

The hundreds of families in the vicinity of Front and Second streets, between Central avenue and Vine street, four squares long and three deep, are packed ready to get out, all about Broadway. Main and Sycamore streets for three squares back from the river the merchants are moving their goods into the stores, while further back the basements are being deserted.

Hundreds of teams are at work moving valuables and thousands of men are hurrying to and fro. Every express cart and transfer wagon in the city is employed. To add to the confusion, thousands of sightseers throng the levees and crowd the bridges.

In Newport two thousand people have been driven from their homes and are camping out in school houses and public buildings, and every factory of importance in the town is closed at Portsmouth, the water having reached the heart of the city.

There is great suffering at Newport, Ky. The railroads lose $20,000. There are hundreds of homeless persons at Portsmouth, O., whose dwellings have been inundated or swept away by the floods.

All railroads except the Chesapeake & Ohio and the Kentucky Central have been compelled to abandon the Central Union Depot. Covington and Newport are cut off from the city so far as street car traffic is concerned. Ferries are obliged to stop because they cannot find landing points. The casualty list began to be made up yesterday when two men and a boy were drowned back of Covington by the capsizing of their skiff.

The distress in Newport, Bellevue and Dayton, Ky., is something painful. Thousands of families are driven from their homes. The damage is very great. [redacted]

Given Up by the Waters.

JOHNSTOWN, Pa., March 25.—The river banks are lined with hundreds of people stirring in the sands and mud looking for valuable flood relics which were thrown up by the high water. Among the things found were a $20 gold piece by one young man, and a little girl picked up $6 in gold and silver.

Swept by a Tornado.

CHARLESTON, S. C., March 25.—A violent storm, with the force of a tornado in some places, swept over the northern, western and central portions of this State. Many telegraph wires are still down, and satisfactory reports are not yet received. The loss of life was small. Several negroes were killed in Sumter County and a white man in Union County by falling houses.

The River Still Rising.

ARKANSAS CITY, Ark., March 25.—The river is still rising, and is 19 inches above the high water mark of 1882.

Joint Meeting of Religious Denominations.

NEW YORK, March 25.—The first joint meeting of the Congregational Club and the Baptist, Methodist and Presbyterian Unions was held last night at the Lenox Lyceum. There was a large attendance, and the occasion was considered important as marking the beginning of a movement for the closer social union and Christian fellowship among the various denominations. Addresses based on this theme were delivered by Bishop Andrews, Rev. W. M. Taylor, Rev. P. S. Mac Arthur, Rev. Charles L. Thompson and others.

Cut His Throat When Discovered.

WILKESBARRE, Pa., March 25.—Several men were recently arrested for the post-office robbery at Nicholson, Pa., Feb. 6th. One of them has just made a statement implicating one of his companions, Jessie Thomas, in a number of robberies in New Jersey. Detectives went to the house of Jesse's father, Joseph Thomas, at Dalton, to search the premises. Before they gained admission the old man cut his throat, with a razor. It appears that he was also implicated in the robberies. He may recover.

Eva Hamilton May Be Pardoned.

TRENTON, N. J., March 24.—A petition for the release from prison of Mrs. Robert Ray Hamilton is now pending before the New Jersey Board of Pardons. It is said that nearly every member of the board wishes to secure her release because of the effect it will have in the suit for divorce now pending in New York.

Mrs. George Wharton Edwards will read before the Monday Afternoon club, in the rooms of the Unitarian Society, Second place, to-morrow evening.

Mr. Minor C. Smith, for a long time past employed as bookkeeper by Mr. W. F. Adams, has accepted a position as traveling salesman for a wholesale painters' supply firm in Jersey City.

The Rev. Dr. Robert Lowry's new service of Scripture and Song for Eastertide is entitled "King Forever." It contains hymns, anthems, Scripture reading, offertory, choruses, etc., and will undoubtedly meet a large demand.

A number of changes in appointments will be made at the ensuing session of the Newark M. E. Conference. The Rev. Joseph Owen will probably go from the Westfield church to Montclair, and the Rev. Dr. Atkinson of the Halsey Street church, Newark, may succeed him in Westfield.

Fish for Plainfield Fishermen.

For years Messrs E. P. Thorn and W. L. Force of this city have been active in stocking the waters of Union, Somerset and Middlesex counties with game fish, and had succeeded to such an extent that many ponds and streams were replete with black bass and other fish, which afforded pleasure to the angler in their capture. It has always been a theory with them that the land-locked salmon would thrive in certain waters in which they have fished, and they have endeavored to secure a sufficient number of the fry of said fish with which to stock these waters. At last their efforts have been successful as the following letter shows:

U. S. Commission of Fish and Fisheries
Washington, D. C., March 18, 1890.

James R. Paterson, Esq., 143 Front street, New York.

Dear Sir:—I have directed to be sent, by express, to Mr. E. P. Thorn, Plainfield, N. J., from our Station at Cold Spring Harbor, N. Y., when ready for shipment, 10,000 land-locked salmon fry, for the purpose of stocking the pond of the fishermen of Plainfield, N. J., in the Orange mountains.

Very respectfully,
M. McDonald,
Commissioner.

Upon arrival the fry will be deposited in waters suitable for them and the public notified of the fact, so that the fish may be protected.

OF INTEREST TO THE "OLDEST INHABITANT."

Mr. Thos. T. Laing of Rochester, N. Y., Writes to Plainfield for Information Concerning Some of the Pioneer Families of this City.

Mr John W. Laing, or "Uncle John" as he is familiarly called, received a letter from Mr. Thos. T. Laing of Rochester, N. Y., recently, in which the writer of the letter asks for information concerning some of the early settlers here. The letter reads:

"John W. Laing,

"Dear Sir:—I received a report of the Friends Centennial Celebration at Plainfield, and saw the names of Catherine B. Laing of Philadelphia, Caroline H. Vail and John Shotwell. My name is Thomas T. Laing, son of David Laing and a half-brother of the late Augustus Laing.

"David Laing was a brother of Hugh Laing the latter at one time doing business in Pearl street, New York. He was also a brother of Wm. Laing formerly a Rahway hatter, and later of Philadelphia, and of Isaac Laing, the farmer."

The letter goes on to state: "I take the liberty to address you, finding your name among those who took part in the anniversary exercises, to inquire: First, was Catherine B. Laing the wife of William Laing referred to; is Caroline H. Vail a relative of James Vail; and was John Shotwell any relation to the Shotwell family that lived on a farm near Plainfield?

"Second, Is Rebecca Laing, my father's own sister, with her half-sister, living in Plainfield as yet, or are they both deceased?

"I am in my 82d year; in our family there were five boys, namely; Hugh, William, Abraham, Isaac and myself. Abraham and Isaac are both dead.

* * * * * * * *

"I was born at Milton, near Rahway, and in early life I went to Buffalo, N. Y. During the Fall of 1830 I located at Newark, N. J., and seven years later I went to Canandalgua, N. Y., where I remained until 1845. Since then I have resided in Rochester. I have buried my wife and eldest daughter, and at present I am living with my other daughters."

The letter concludes: "Can you inform me if Augustus Laing's widow is living, and if so, where?

"Yours, etc,
"Thos. T. Laing."

Reminds Him of Burnside's Mud March.

To the Editor of The Press:—As the water works question has been thoroughly exploded, as a humorous writer says—I think it would now be a good time for the city to mend its ways, i. e., its highways, and I would most respectfully call the attention of Street Commissioner Meeker to the deplorable condition of South avenue, between Leland avenue and the Terrel road. As I frequently walk over that thoroughfare it forcibly calls to mind Burnside's celebrated mud march. In some places it would require a microscopical examination to discover where the macadam was.

The several Councils have made abortive attempts to put it in order but have most signally failed, and I trust the present Council will try and improve on the old order of repairing streets, and give us good roads, especially South avenue, which is the county road, or rather was, as I understand, until it was taken out of the control of the county board, for what reason I cannot ascertain. Perhaps some of the learned Councilmen of the old Council might be able to explain, as I understand from Mr. Johnson that the new members had no hand in it. If the city does not intend to put it in thorough repair they should have left it in the hands of the county, who are making such a splendid driveway from the city limits to Elizabeth.

I would like to see a bill passed by the N. J. Legislature making it a criminal offense to repair macadamized roads with dirt, and also a law compelling all who use wagons for business purposes to have all vehicles that carry 1,000 pounds or over, use a tire not less than four inches in width. After all these mentioned acts become laws, this State would be at the head of the list in regard to good roads.

The Century Bicycle Run.

Delegates from all of the prominent New York, New Jersey and Brooklyn bicycle clubs met last evening at the club house of the Brooklyn Bicycle Club to perfect arrangements for the great century run of this year. The Plainfield Bicycle Club was represented by Captain F. L. C. Martin.

A committee of five composed of delegates of the different wheel organizations was appointed to make arrangements, such as date of run, hotel accommodations, etc., for the participating cyclists. The matter of setting a date for the run was left undecided until the next meeting of the committee, which will be held on the second Monday in April. This was done to allow the men time to consider the advisability of holding the affair in conjunction with the Philadelphia meet, which will be held during June, and which could be participated in by the Century makers during their stay in the Quaker City.

Death of Margaret Lewis.

Mr. Israel Lewis of North Plainfield, this morning received a telegram from Basking Ridge, N. J., announcing the death, at that place last night, of his mother, from old age. Mrs. Lewis was the widow of the late Alvah Lewis. She was 83 years of age, and had been ailing for some time past.

TWO DOCUMENTS OF BYGONE DAYS.

English as She Was Rote in Ye Olden Tyme, Lovingly and Legally.

William Colthar, of North Plainfield, has had in his possession for so many years as to be sure of its genuineness, a letter addressed to "Miss Sally Stelle, New Market, near New Brunswick." It is yellow with age, postmarked "New York, October 15," stamped PAID, and dated inside, 1804.

The contents of the letter which begins "My Dear Girl," are of the same style as the contents of such letters today. He says: "I am this day like a lost sheep as it represents company, for if I was to associate with the ladies their company would be insipid if compared with the happy moments spent with you." Verily, there is hardly a man who reads this, who has not written those very words under similar circumstances, four score years afterwards. Then follows something else that will strike you familiarly.

"You that are disposed to judge me hard, p rhaps think that was I so anxious as I express myself of seeing you, I would certainly visit New Market oftener. So I should, my Dear Girl, was I to consult my immediate happiness, but our business at this season demands my closest attention," etc.

Another and an older document yet, is the property of Agustus Frazee. It is dated "The twenty second day of the sixth month called June one thousand seven hundred and fifty-six"—twenty years before the revolutionary war. It is a deed whereby "William Webster, for and in consideration of the love good will and affection which I have and do bare towards my loving son Hugh," gives him a tract of land "lying in the Burrough of Elizabeth, containing by estimation one hundred and fifty acres, beginning by the cedar brook."

The witness of the deed, it is stated, "being one of the people called Quakers, and duly affirmed, saith that he saw the within named William Webster and Susannah Webster seal and deliver the said deed as their and each of their act and deed for the uses therein mentioned." The deed was executed when the King ruled this country, and designated property now within this city's limits.

The meeting then proceeded to the election of twelve Directors to serve for the ensuing year, Messrs E. W. Titsworth and V. L. Frazee being appointed tellers.

The following gentlemen were unanimously chosen to constitute the new Board of Directors: L. E. Barkalew, Joseph Bird, Joseph S. Cutter, B. F. Coriell, W. R. Codington, John Chandler, John Hickey, Nathan Harper, H. Liefke, J. F. Sheppard, E. W. Titsworth, Wm. A. Woodruff.

WHAT CAUSED THEM TO ERR.

Some Statistics from the State Reform School

There were 494 boys cared for by the State Reform School last year. 145 of these were committed during the year, and 128 of them were white and 17 colored. Seventy-three were Protestants and 72 Catholics. The largest number—60—were committed for petit larceny, and 25 were committed for breaking and entering; 17 for entering and larceny, and 15 for vagrancy and incorrigibility. Fifty-one were 15 years of age; thirty-three were 14 years old; nineteen were 12, and fourteen were 13 years of age.

Out of the 145 boys, 103 had used tobacco, 25 had no father, 23, no mother, 16 had neither, 47 had intemperate fathers, 20 had intemperate mothers, and 16 used intoxicants. Stepmothers goaded 13 of the boys into sin, but only 4 of them had stepfathers. The parents in 18 cases were German, and in 33 cases they were Irish.

The boys are evidently kept quite busy, for in the sewing-room 6,521 pieces were made, and 24,973 pieces were repaired. In the shoe shop 931 pairs were made, and 2,081 pairs were repaired. In the brick yard, 172,669 brick were made.

The visiting agent, G. W. Shinn, reports that during the year he has visited 474 boys who are dismissed from the institution on parole. Of this number 364 are doing exceedingly well. This is 79 per cent of the whole number. He reports 82 as not doing very well, and 28 doing badly. That is, 21 per cent., doing badly.

The physician of the school reports that the institution has sanitary arrangements almost as perfect as skilled art can make them. The water supply is both pure and fully adequate to the wants of the institution. He recommends the erection of a small hospital.

ON THE WIND UP.

The "Mondays" Lose Two More Games, and the "Nameless" Takes Second Place.

The Central Bowling Tournament is more than half over, and the clubs are on the home stretch. Every game won or lost, counts now. By losing two last evening on their own alleys, the Monday team of Westfield fell to third place.

The Elizabeths are sure of first place. They don't belong in the same class as the other teams, and inviting them in the tournament was to present them with just so much money. To-night the Fanwoods roll the Crescents on the latter's alleys. If the Crescents win both games, they will pass on the record both the Olympics and Fanwoods. If they win only one of the games, they will tie those teams.

Last evenings scores were:

ELIZABETH.	1st	2d	MONDAY.	1st	2d
Warner	159	161	Stitt	136	145
Fleming	125	216	Ditts	166	170
Dimmock	151	168	Cohen	147	122
Heilner	182	151	Wilcox	122	169
Adams	155	145	Seely	112	163
	772	837		683	769

The record of the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	13	1	929
Nameless of Westfield	8	4	667
Monday of Westfield	8	6	572
Olympic of Plainfield	5	7	417
Fanwood of Fanwood	5	7	417
Crescent of Plainfield	4	6	400
Somerset of Somerville	3	15	167

Assemblyman Ulrich Will Work for the Bill.

All personal feeling has been pacified, all animosity assauged, all pride purged of offence and all wounded dignity salved with a just confession of proper respect, by the committee having in hand the good health and prosperity of Plainfield's sewer bill.

The steps that should have been taken in the beginning, have been taken now, and Assemblyman Ulrich, with the best interests of the people only at heart, will move the bill on towards final passage, after the members of the committee, who will meet at Councilman Newhall's house, this evening, have provided for some slight amendments that have appeared as necessary.

Bound Brook Loses a Good Man.

The Rev. Mr. McCauley, the new pastor of the Fifth Avenue Presbyterian church of Newark, closed his relations at Bound Brook, on Sunday of last week, preaching to a large audience. His text was Romans VIII., 31: "If God be for us, who can be against us?" A local paper says: "He expressed the deepest gratitude to all those who had helped in making his pastorate of six years in Bound Brook so pleasant." In the evening, at the close of a union missionary service, the Revs. Jordan and Johns spoke of the pleasant relations which had existed between the several pastors, and expressed their regrets over Mr. McCauley's departure.

And it Wasn't a Good Egg Day, Either.

Mr. Wm. Grattan of this city says that he can completely overshadow the act of a German named Albert Glass, hostler at the Commercial Hotel of Somerville, who recently, while employed at Wooden's Hotel at White House Station, ate three dozen eggs, raw, shells and all.

Mr. Grattan says that at one sitting he ate four dozen eggs, two mince pies and drank a quart of cider, and it wasn't a good egg day, either.

When Macbeth ironically asked, "Canst thou minister to a mind diseased?" he little knew that mankind would one day be blessed with Ayer's Sarsaparilla. In purifying the blood, this powerful alterative gives tone and strength to *every* function and faculty of the system.

Sisters Meeting in a Brotherly Way.

Mizpah Lodge, U. O. of I. O. L., held their regular meeting last evening, and nearly all the members were present.

The Right Worthy Vice Lady Governess, Sister A. M. Maxwell, of Boston, was present to have the work exemplified. This was very finely done by the Senior and Junior representatives, Sisters Morse and Westphal. After the lodge closed the ladies entertained the government officer in a very handsome manner with a fine collation and social entertainment. Mizpah Lodge is doing a good work. At late hour the ladies repaired to their homes all feeling the evening was well spent, and hoping for a return of the same soon.

The Baltimore and Ohio's New Branch.

The Baltimore and Ohio's New York branch which connects with the Central Railroad of New Jersey, has been opened for freight business between Cranford and St. George, S. I. The accommodations at St. George, which include the water front facilities, are about completed and ready for business. Passenger business will not be transacted until next Summer.

A Murderer Dies of Paresis.

BROOKLYN N. Y., March 25.—Frank Brooks, a young German barber, who shot and killed his aged mother, in this city on December 28 last, and then fired a bullet into his own head died of paresis in Raymond street jail. Brooks became stone blind at the time of the tragedy, the bullet having destroyed the optic nerve.

CONSUMPTION,

IN its first stages, can be successfully checked by the prompt use of **Ayer's Cherry Pectoral.** Even in the later periods of that disease, the cough is wonderfully relieved by this medicine.

"I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."—A. J. Eidson, M. D., Middleton, Tennessee.

"Several years ago I was severely ill. The doctors said I was in consumption, and that they could do nothing for me, but advised me, as a last resort, to try Ayer's Cherry Pectoral. After taking this medicine two or three months I was cured, and my health remains good to the present day."—James Birchard, Darien, Conn.

"Several years ago, on a passage home from California, by water, I contracted so severe a cold that for some days I was confined to my state-room, and a physician on board considered my life in danger. Happening to have a bottle of Ayer's Cherry Pectoral, I used it freely, and my lungs were soon restored to a healthy condition. Since then I have invariably recommended this preparation."—J. B. THE IRISH LAND BILL

Balfour Outlines the Provisions of the Measure.

TORY CURE FOR IRELAND'S ILLS.

Parnell and Davitt Say the Scheme is in the Interests of the Landlords.

Gladstone Calls it a Bold Measure which Involved the British Taxpayer—Prince Bismarck's Refusal to See the Prince of Wales—Twenty-two Houses Destroyed by Fire in Italy.

LONDON, March 25.—In the House of Commons last night Mr. Balfour introduced the Government's bill for the purchase of land in Ireland, the purpose of which was to improve the poorer and more congested districts.

He declared that a universal agreement was a necessity in order to increase the number of occupying owners in Ireland, and argued the practicability by reason that land was cheaper in Ireland than in England. He refuted the policy of excluding landlords from rural social life, taking the ground that in England the landlords contributed to the well-being of those who were not landlords. There are now, he said, five bodies for the valuation and sale of land. This bill proposes to amalgamate them into one.

He denied that there was any reason for the suggestion that the introduction of a Land Purchase bill was compulsory, except through the necessity of such a measure. If landlords were compelled to sell, tenants ought to be made to buy. The Government saw no possibility of instantly transferring lands from owners to occupiers.

Some degree of British credit could be used to secure landlords against loss, though the British taxpayers should have no risk. The bill encouraged the landlords and the tenant to bargain as to the price of a holding. If they fail to agree the question of price was referred to the Land department, the officials of which, fixing the conditions, they must be adhered to. [Parnellite laughter.]

After further elaborate financial detail showing how the imperial exchequer was secured against default, Mr. Balfour defended the scheme as without any conceivable risks to the imperial taxpayer, while the £33,000,000 advanced under the bill, with the £10,000,000 of the Ashbourne act, would establish a perpetual fund from which future purchases of tenants might be made.

Mr. Parnell says he is oppposed to the bill; that it is simply a bureaucratic affair and the tenant is left without protection of any kind.

Mr. Davitt says he is against the measure. He considers it an insidious proposal to secure to the landlord about forty per cent more for his land than he would get in open market.

Speech by Gladstone.

LONDON, March 25.—Mr. Gladstone, in a speech at a dinner at the National Liberal Club last night, said that Mr. Balfour's Land Purchase bill was a bold measure which involved the British taxpayers assuming a large pecuniary liability. Referring to the Parnell Commission, he said he could not conceive a shorter method of suicide for the Government. He severely condemned the new methods of the Tories.

AFFAIRS IN GERMANY.

Appointments by the Emperor and Rumors About the Triple Alliance.

BERLIN, March 25.—Emperor William, it is reported, has notified Emperor Francis Joseph and King Humbert, that the triple alliance will not be disturbed by the resignation of Prince Bismarck.

The following appointments have been made by Emperor William: Count Eulenberg, to be Minister of the Interior; Herr Miguel, to be Minister of Finance; Baron Huene, to be Minister of Agriculture, and General Goldz, to be Minister of Railways.

Prince Bismarck's discourteous refusal to see the Prince of Wales when the latter called on him, on the plea of indisposition, when as a matter of fact the late Chancellor was perfectly well, is much commented upon. On the real state of the case being made known to the Prince, he took it good-humoredly and said: "So great a man and so noble a patriot as Bismarck may be allowed to infringe the strict rules of etiquette, even with princes."

Gladstone Not Ready to Die.

LONDON, March 25.—Mr. Gladstone is greatly annoyed by the persistent references in American papers to his alleged poor health. "I cannot imagine," he says, "what object correspondents can have in sending me prematurely to the grave. There's lots of life in the old dog yet."

Twenty Houses Burned.

ROME, March 25.—Twenty-two houses were destroyed by fire at Vairano, Italy, and three persons were burned to death.

Preliminary to Kemmler's Death.

BUFFALO, N. Y., March 25.—Judge Lambert, at the request of the district attorney, made the judgment of the Court of Appeals in the Kemmler case the judgment of the Supreme Court. The execution will probably be fixed for the second week in May, another convict having been condemned to die the first week.

Actor Goodwin's Wife Tired of Life.

ST. LOUIS, March 25.—Mrs. Nat. C. Goodwin, in a fit of jealousy, attempted to commit suicide by taking carbolic acid, Sunday night, in her room at the Southern Hotel. Fortunately the acid was diluted, so little difficulty was experienced in removing the effects of the drug.

Lord Dunraven Challenged.

NEW YORK, March 25.—The owners of the Titania, Katrina, Shamrock and Gracie have challenged Lord Dunraven, the owner of the Valkyrie, to arrange a series of races to be sailed during the coming summer.

Dock Strikes Again at Liverpool.

LIVERPOOL, March 25.—The strike of the dock laborers here has been resumed as a consequence of the declination of the employers to negotiate with the men. A deadlock now maintains and the position is grave.

ELOPERS FOUND DEAD.

A Faithless Wife and Her Companion Discovered Under a Lumber Pile.

NASHUA, N. H., March 25.—Eighteen months ago Ellen Twombly, wife of George T. Twombly and daughter of Cyrus Warren, of Hollis, disappeared from Dunstable, seven miles from this city, where she kept house with her husband. At the same time Eugene Cummings, aged 30, proprietor of a drug store at North Pepperell, Mass., and who lived a short distance from the Twomblys, was missing. It was supposed that the couple had eloped together, as it was known that they had been friendly. Some unavailing efforts were made by friends at the time to locate them.

Yesterday some workmen engaged in righting a large pile of cordwood in the woods near North Peperell, which had become upset in the autumn of 1888, discovered under the fallen sticks two bodies pressed closely together by the weight of the wood. The bodies were badly decomposed, but from clothing were recognized as those of Cummings and Mrs. Twombly.

MINERS ELATED.

Notices Posted that the Nanticoke Mines Will Work Full Time.

WILKESBARRE, Pa., March 25.—The Susquehanna Coal Company posted notices that from April 1st the company's mines at Nanticoke will work full time during the whole season. The 5,000 miners who have been on the verge of starvation for months are nearly wild with joy, and every humble home in Nanticoke is a place of thankfulness and happiness.

The notice states that canal navigation will open about the time named, and unless some catastrophe like last May's flood occurs, there will be full work during the spring and summer.

Used the Wrong Signal.

BORDENTOWN, N. J., March 25.—The Washington express ran into the rear of a freight train near near Bristol, Pa., on the New York division of the Pennsylvania Railroad and the express train was derailed. Engineer Kelly had three of the fingers of his right hand cut off, and his fireman had one leg so badly lacerated that it became necessary to amputate it. The accident, which it is said was caused by the operator setting a white instead of a red signal, caused a block on the road for several hours.

Struck Against the Foreman.

PITTSBURG, Pa., March 25.—The employes of the Pennsylvania Tube Works, 650 men in all, struck work last night. The men wanted night Foreman George Graham discharged, because he dismissed several workmen for getting drunk on duty. The superintendent of the works refused to discharge Graham and the men quit work. A conference between the men and the firm will be held to-day when the matter may be settled by arbitration.

The New York Club Returning Home.

CHARLESTON, S. C., March 25.—Manager Mutrie, of the New York National League Baseball Club, left this city with his team for New York. Lehane, who is claimed by the Columbus club, is with them. He declines to say what his future movements will be. Of the men who were with him here Manager Mutrie has signed only Tiernan, R. Murphy, I. Sharotte and Siefke. Mutrie will consult with President Day before making up the rest of the team.

The McCalla Inquiry.

NEW YORK, March 25.—The Naval Court of Inquiry has heard the last evidence in the investigation of Commander McCalla and will now continue in secret session for a few days to consider the evidence and prepare its report to Secretary Tracy. The court will not make any recommendations, its province being merely to get at the facts concerning the cruise of the Enterprise.

Killed at a Coal Plane.

SHENANDOAH, Pa., March 25.—The rope of the coal plane at the Indian Ridge colliery broke and a loaded car thus liberated dashed from the top to the bottom of the plane and killed Michael Murtician, a Polish laborer. A young man named Robert Tempest was severely injured. Several men barely escaped with their lives.

No White Caps Yet Arrested.

WESTFIELD, N. J., March 25.—This village continues to be puzzled over the peculiar domestic situation at the residence of Richard Seybold. They think it strange that Seybold, the alleged aggrieved husband, should take Michael Brady back in his house after he had been so outspoken against him. Brady paraded the streets of the village yesterday in company with Mr. Seybold.

Arrested After His Wedding Trip.

KINGSTON, N. Y., March 25.—Frank Stokes, of East Kingston, aged 20 years, was secretly married two weeks ago at Newburg to a lady two years his junior. Last night he returned with his bride after a short wedding tour and was placed in jail here charged with indecent assault upon Louisa Steigert, aged 14.

1890's First Comet.

GENEVA, N. Y., March 25.—Prof. Brooks, director of Smith University, verified his discovery of a new comet in the eastern sky. Its position was right ascension, 21 hours 10 minutes; declination north 7 degrees 15 minutes, with a slow motion northward. It is a bright telescopic object with a tail, and is the first comet of the year.

A Brutal Spectacle.

PETROLIA, Ont., March 25.—A brutal spectacle was witnessed here when for a wager of $50 John Smith, a blacksmith, worried twenty rats with his teeth in two minutes, with his hands strapped behind his back. When he had finished, his face was covered with blood and his eyes were terribly lacerated.

Explosion of a Naptha Tank.

MILFORD, Mass., March 25.—An eighty-gallon naptha tank in Green Brothers' bleachery exploded from an unknown cause, damaging the building to the extent of $2,500. John Manion, an employe, was seriously injured.

To Practice Before the Supreme Court.

WASHINGTON, March 25.—Henry E. Richards, of Bloomfield, N. J., was admitted to practice in the United States Supreme Court.

ODDS AND ENDS.

London is better off for trees than any other city in Europe.

In Holland blindness is rarer than in any other European country.

At the present time the colored people control about one hundred weekly newspapers, which have an aggregate average circulation of 300,000 copies.

The budget of the German empire for 1890-91 shows that the estimated expenditure exceeds that of 1889-90 by no less than $60,000,000. With the exception of about six or seven millions, the whole of this excess is devoted to the army and navy.

It was threatening and cloudy during the stay of the young Prince Albert Victor of Wales at Mandalay, and as soon as he had gone it rained torrents, whereupon the Burmese seers announced that it had been cloudy above "because the glory of the prince outshone the sun, and at his departure the heavens wept."

Seattle was founded thirty-eight years ago by some thirty or forty men, who went there in the schooner Extract, which had been chartered by a party of California miners to go to Alaska. These young men were landed at Alki Point, and went to the site of Seattle, which was then an Indian settlement and mainly a dense forest.

The oldest lawsuit on record perhaps is one now being tried in the highest Russian court at St. Petersburg. It was brought 500 years ago against the city of Kamanez-Podolsk by the heirs of a dead nobleman to recover many thousand acres of his estate, which had been confiscated by the municipality. The written testimony is said to weigh forty-five tons.

The Battle of Flowers, a sort of carnival celebration, took place at Nice, just before Lent. The occupants of more than 200 carriages pelted each other and the bystanders with flowers. Minnie Hauk had 2,000 bouquets in and upon her carriage. Col. North, the "Nitrate King," was also conspicuous in the parade.

The medicinal virtues of the apple are being sounded on all sides in Europe. It is said to neutralize the evil effects of eating too much meat, and German chemists state that it is richer than any other fruit or vegetable in phosphorus, an element which is of use in the renewal of the essential nervous matter of the brain and the spinal cord.

Gen. Sherman says that Russians were the first settlers of California. His authority is a Russian officer, who gave him facts to substantiate the statement. The Russian said his countrymen had settled on the present site of San Francisco twenty years before the gold fever. At that time they were engaged in hunting furs in Alaska, and the San Francisco village was a supply depot for the Arctic hunters.

At a dinner party given in New York a night or two ago a set of wonderful doilies that attracted much admiring notice were used. "They are the work of Thomas Nast's daughter, who has inherited much of her father's wonderful ability," said the hostess. The foundation of the doily was of sheer bolting cloth mounted on silk and decorated with exquisite figures in water colors, the design on each square being wholly unlike that on any other.

At the recent snow blockade on the Union Pacific an engineer was hurrying several physicians to the scene of an accident. A trestle at one point appeared shaky. He made his passengers get off and walk around it. He backed his engine half a mile, opened his throttle and "let her drive." She went like lightning over the spot of danger, cleared it and brought the physicians to the bedside of the dying and wounded in time to render valuable service.

Outside of the Porta Stabiana at Pompeii, in a stratum of cinders, have just been found the impression of three bodies and a tree. Casts taken of them show the bodies to have been those of two men and a woman. One of the men was in a kneeling position, and the other stretched flat on his back. The woman lay face downward, with her arms stretched out. The tree, of which casts of foliage and fruit, as well as of the trunk, were obtained, was of the species Laurus Nobilis, known to have produced a round shaped fruit that ripened toward the end of autumn; and, from the form and size of the fruit, it was evidently ripe when the tree was buried, which goes to confirm the theory that the great catastrophe took place in November of the year 79 A. D., and not in August, as has been supposed.

Ventilation of Churches.

Medical men have been lately insisting on the necessity of better ventilation in churches. Probably all churchgoers have at one time or another experienced the irresistible tendency to drowsiness or somnolence that begins to be felt about the beginning of the sermon, and is only finally dissipated on quitting the church for the open air. Many people are inclined to assume rather hastily that pulpit oratory is to be held accountable for the creation of the soporific influences, but medical men and others who have considered the subject must be aware that in nine cases out of ten it is the closeness and heat of the atmosphere, and not the length of the sermon that is at fault.—New Orleans Picayune.

Rings Around the Moon.

There was a grand scene in the heavens at a late hour the other night which was visible throughout Central Illinois. The moon formed the center of the scene. Surrounding it were two great rings. Running directly across the moon, and from north to south, ran a bright line of light, which, with the intersecting lines of the circle, formed a cross, which was illuminated at the top and bottom with bright lights; also the ends of the cross both north and south. This brilliant phenomenon was visible for some time.—Cor. St. Louis Republic.

Aged Men on the Bench.

The death of Mr. Justice Manisty removes the only octogenarian judge of the supreme court, but there are five septuagenarians; these are Lord Esher, Lord Selborne (who must be included in the category, though he hardly ever sits), Mr. Justice Hawkins, Mr. Baron Huddleston and Mr. Justice Field. Of these the last is senior in age, though not in date of appointment, a position which belongs to Sir James Hannen, who is two years under seventy.—London World.

The Star of Bethlehem.

The "star of Bethlehem" should reappear in 1890, according to astronomical calculations, for the seventh time since the beginning of the Christian era. It was last found by Tycho Brahe in 1572, and was visible seventeen months, being so brilliant during the first three weeks that it outshone all stars of the first magnitude, and could be seen by day. It should appear in the constellation of Cassiopea.—Chatter.

Gold from Siberian Mines.

A very heavy consignment of gold from the Siberian mines recently arrived at St. Petersburg. Our correspondent telegraphs that a caravan which left Irkutsk took 183,840 ounces of gold. The wagons containing it were escorted by 300 Cossacks, under the command of Lieut. Cols. Mckrassoff and Karneyoff. Part of this gold was from the Amoor fields.—London News.

FIGHT ON SHIPBOARD

Jumped Into the Sea to Escape Being Murdered.

A SAILOR'S FIGHT WITH A RAZOR.

Chasing Men Up and Down the Decks With the Terrible Weapon.

Free Fight by a Drunken Crew—The Mate Saved from Being Cut to Pieces. Quieted Down by the Captain's Revolver—One of the Murderers to be Brought to Philadelphia.

PHILADELPHIA, March 26.—The Baltimore bark Albemarle, Captain Forbes, from Trinidad, arrived here short two men in her crew. Charles Leister and Michael Brannan quarrelled before the vessel left Trinidad. Leister, terrorized by Brannan, who chased him up and down the decks with a razor, jumped overboard and was drowned. His body was recovered. A heavy gash back of his left ear and a bruise over the right eye were found. Brannan was put in irons and sent to prison. At a hearing before the American Consul he was remanded and will be sent here for trial.

Mate Wm. Homstead of the Albemarle belongs in this city, and all the crew were shipped from here last January. On the evening of the fight the men stole ashore without leave and brought back to the forecastle a quantity of liquor. Their festivities soon developed into a free fight. Besides the crew of the Albemarle the sailors of the brig Ararat, which was lying alongside, were on board, and at one time it looked as though the men would murder all the officers and fire the ship. At midnight the mate went forward and ordered the men to turn in. They set at him and would have cut him in pieces only for the timely arrival of Capt. Forbes, who came on deck with a pistol and threatened to shoot the first man who ventured out of the forecastle.

Then all hands quieted down and remained so until Second Mate Ross came on board. Brannan went at him with a razor, but Ross got into his room and closed the door. Brannan broke open the little window and made cuts at Ross, who was crowded up in such close quarters that he feared every moment he would be cut to pieces. Seeing his opportunity he wrenched the razor from Brannan's hand, but the sailor had another one in his pocket, and on returning to the forecastle he assailed Leister. It took a squad of the Trinidad police to get Brannan to the barracks, after he had driven Leister, who was a quiet young fellow, overboard.

ONE ROUND SETTLED IT.

Tom McCarthy Knocks Out Anderson in Short Order.

OLEAN, N. Y., March 26.—A prize fight occurred here last night for a $500 purse between S. B. Anderson, champion of Luzerne County, Pa., and Tom McCarthy, of Woburn, Mass.

In the first round McCarthy struck his opponent on the neck and knocked him senseless. He did not recover in 10 minutes. The fight was awarded to McCarthy.

Baseball Scheming.

NEW YORK, March 26.—A Columbus dispatch says: "It has leaked out here from a reliable source that the object of John T. Brush's negotiations with the Columbus club people is not to buy them out, as was reported for a blind, but to reorganize the American Association. The scheme is to drop Rochester and Syracuse, buy out Louisville, and complete the Association circuit as follows: In the East, the Athletics, Brooklyn, Baltimore and Washington; in the West, Indianapolis, Columbus, Detroit and St. Louis."

Interfered With United States Mails.

CORRY, Pa., March 26.—United States Marshal Charles Hall arrived here last night on his way to Louisville, Ky having in charge Daniel Cornish, 80 years old, whom he had arrested at Union City, Pa., charged with maliciously interfering with the United States mail at Tryonsville, Pa. Cornish was taken to Louisville, and on the 27th instant will be taken before the United States Commissioner of that place.

A Queer Case of Black Vomit.

READING, Pa., March 26.—The reported death of a lad of yellow fever at Womelsdorf, this county, was investigated and found to be a genuine case of black vomit, but whether the death was caused by the bite of a pet Florida alligator or whether the germs of the fever were in a lot of lily bulbs sent up from Florida a few weeks ago has not yet been determined. The victim was John, the 9-year-old son of Aaron Lehman.

SULLIVAN TALKS FIGHT.

He is Ready to Meet Jackson for a Purse of $20,000.

BOSTON, March 26.—In an interview John L. Sullivan said that now that the Mississippi trouble had been settled he wanted to attend to Jackson's claims to the championship. He is anxious to have one more battle before he retires from the ring, and Jackson is the only man to be thought of just now.

Sullivan said that if the California Athletic Club or any other club will put up a purse of $20,000 for a fight between Jackson and himself, he will meet him in a battle for the championship. He don't care what the gloves are so long as they come within the restrictions of the law.

The big fellow concluded as follows: "If the match is arranged I shall train as never before, for I am satisfied that Jackson will be no mean opponent, and I must be in first-class shape to win. I am now willing to negotiate with the California Athletic Club I couldn't do anything about the match while my sentence was hanging over me. I think that is now settled, and if the club officers want me to fight Jackson in their rooms I should like to hear from them."

TRIED TO ESCAPE.

A Convent Girl Captured by the Nuns While Running from the Institution.

WESTCHESTER, Pa., March 26.—A young woman made a desperate attempt to escape from the Villa Maria Convent, at this place, but failed. About 6 a. m., it is reported, she leaped from one of the windows in the large convent building to the ground, 15 feet below, and ran down the board walk leading to the town, clad only in her night clothes and with nothing but stockings on her feet.

After her in hot pursuit ran five of the nuns, and when she had got 100 yards from the convent they caught her and dragged her, struggling and crying bitterly, back to the convent.

The young girl cried "murder" several times, but no one one was near her to do her aid. A young lad who was near was told by one of the nuns that the girl was sick and delirious, but this the fugitive indignantly denied. The girl was about 18 years old and good-looking. The affair caused a sensation.

Gould was shot by Caswell while returning home from his wedding with Laura Cutler. Caswell claimed that Miss Cutler was engaged to marry him. Mrs. Gould testified that before she married Gould she had lived with Caswell as his wife nineteen years, but was never married to him. She has often visited Caswell in jail since the murder, and has said that she would marry him in a minute if he were free. She has also had long conferences with his counsel. Her testimony has caused a sensation.

The President Proclaims the Treaty With England.

THE WORLD'S FAIR POSTPONED.

The House Passes the Chicago Bill but Delays the Opening.

New York's Representatives Give Up the Fight—Pension for Gen. Crook's Widow. Sugar Men Before the Ways and Means Committee—The Pan-American Conference Favor Granting Subsidies.

WASHINGTON, March 26.—President Harrison has issued a proclamation announcing that the new British Extradition treaty will go into effect ten days hence, or on April 4 next.

By the terms of the new treaty first proclaimed the extradition article of the treaty of 1842, between Great Britain and the United States, is amended and extended so as to embrace a number of crimes not mentioned in the original treaty. The added list includes manslaughter, counterfeiting, embezzlement, fraud by bailee, banker or agent, perjury, rape, burglary, piracy, revolt or conspiracy on board ship and crimes against the laws of both countries for the suppression of slavery or slave-trading.

The treaty further provides that a fugitive criminal shall not be surrendered if the offense in respect of which his surrender is demanded be one of a political character, or if he proves that the requisition for his surrender has in fact been made with a view to try or punish him for an offense of a political character.

No person surrendered under the amended treaty shall be triable or tried or punished for any political crime or offense or for any act connected therewith committed previous to his extradition; nor shall he be triable or be tried for any crime or offense committed prior to his extradition other than the offense for which he was surrendered until he shall have had an opportunity of returning to the country from which he was surrendered.

WORLD'S FAIR IN '93.

The Bill Passes the House by a Big Vote.

WASHINGTON, March 26.—The Chicago Fair discussion in the House ended in a love feast. Every New York member present voted for the bill, and St. Louis and the Representatives who favored Washington vied with each other in the alacrity with which they protested their desire to make the Fair a magnificent success. The final vote on the passage of the amended bill was 202 to 49.

The 49 adverse votes came exclusively from "strict constructionists" from the Southern States, who were opposed, on constitutional grounds, to the granting of any appropriation for the purpose. There was a good deal of fun in the course of the debate, though the galleries were but sparsely filled and the attendance on the floor was not as large as was expected.

The time of holding the Exposition had previously been changed to May 1, 1893. Ceremonial services only are to be had in October, 1892. It is not thought that the bill as thus passed by the House will meet with any strong opposition in the Senate.

Fighting the Duty Cut on Sugar.

WASHINGTON, March 26.—Delegations of sugar men from New York, Philadelphia, Boston and other places, representing the refining interests of the country, protested to the Republican members of the Ways and Means committee against the proposed cut in the duties on sugar. They are satisfied with a cut of 25 per cent. A number of Congressmen, representing Western States appeared and argued in opposition to the refiners.

TRENTON, N. J., March 26.—The Five Per Cent. Interest bill came up in the Assembly and stirred up the usual arguments pro and con. Building and loan associations, it was argued, would be injuriously affected by the operation of the measure. The bill was defeated—20 to 31.

Corporation Counsel Craig A. Marsh appeared for the prosecution, and Counsellor Samuel Kalisch, of Newark, represented the defence.

The case was called soon after two o'clock, when Counsel for the defendant moved to dismiss the complaint on the ground that it was defective. He made an able argument to which Corporation Counsel Marsh responded.

Judge Codington over-ruled the motion, and at three o'clock the jury was sworn in, and the examination of witnesses begun.

A NOVEL MOTTO FOR A FAIR.

"Give People the Worth of Their Money."

Now that housecleaning and moving time has come, you will want to throw out all your old pans, dishes, washtubs, brooms, irons, etc. But they can be replaced with new at reasonable prices, at the Monday, Tuesday, Wednesday and Friday booths of the Bazaar of Days' at the Crescent Avenue chapel, this week. You can also obtain new pincushions, work-baskets, needle-books, dollies, lamp screens, and fancy articles of every description.

You should come on Thursday to the New England supper, which you can have after five o'clock, and then you will want to see everything while it is fresh, and before articles are sold; but you will also want to hear Mr. Camancho's amusing entertainment on Friday night.

An effort has been made to mark everything at a reasonable price, and the general motto of the affair is "Give people the worth of their money."

The bazaar will open at five o'clock on Thursday and will continue through Friday and Saturday afternoons and evenings. Admission, fifteen cents.

Arrested for Grand Larceny.

Constable Amos Moffett on Monday evening arrested a clerk in a Front street store, on a warrant issued in Mercer county, and endorsed by Justice Nash of this city. The charge was for grand larceny, the accused, it is alleged, having absconded with furniture valued at $60. The defendant furnished $200 bail for his appearance before the Mercer County Court of Quarter Sessions, which convenes at Trenton in May.

Those who are acquainted with the facts in the case, say that the accused will have no difficulty in establishing his innocence.

The Town Clock Being Repaired Abroad.

The Plainfield town clock has been removed to the mountains for a change of air.

Mr. Bartels, who is an expert on clocks of this kind, promises that when he returns it to its place in the steeple of the Methodist Episcopal church again, it will not gang a glee. The residents of this State may thereafter set their chronometers by it. Mr. Bartels reports the works of the clock in a good state of preservation, but he says that the men who formerly had it in charge did not understand that sort of a clock.

PEARS' SOAP sold at ACTUAL COST

Would be dearer than REYNOLDS' TRANSPARENT SOAP. For example, we sell a cake of clear, perfumed soap for 10 cts., twelve for $1.00 (about 8c. each). Every cake warranted to wear "to nothing" without crumbling.

For those who prefer an opaque soap we have a PALM SOAP superior to any we have ever before handled.

Our Soaps are made wholly from Vegetable Oils, a fact appreciated by all who use them, that is, by the best people in Plainfield.

A PARADISE BY THE SEA.

The Second Season of a Famous Southern Resort.

"THE PRINCESS ANNE,"
VIRGINIA BEACH, VIRGINIA.

To the Editor of the Constitutionalist—I left New York on the 20th of February last on a visit to this lovely seaside resort, per S. S. "Roanoke," of the Old Dominion Line, Captain John G. Huelphers. It gives me great pleasure to state that the trip to Norfolk was most enjoyable. Nothing is left undone on the part of the gallant Captain and his efficient officers to render the voyage one ever to be remembered. Your correspondent believing that the good people of Plainfield and throughout your State would be gratified to learn through the medium of your two excellent papers, something about one of the most charming Winter resorts on the Atlantic Ocean, I will briefly relate my impressions and some matters of interest to those contemplating a visit to that locality.

The Princess Anne is located within a *stone's throw* of the Atlantic Ocean. This superb Hotel will accommodate about 300 guests, and contains all the modern appliances for the comfort and convenience of its patrons. When I state that all the appointments and equipment of the Hotel are first-class, with a *cuisine* unsurpassed in excellence, I think your readers will require no further endorsement, save one more important fact—Mr. S. E. Crittenden is the manager of this famous hostelry. He will be remembered by the traveling public as manager of the "Hygeia," at Old Point Comfort, for several Winter seasons, as well as owner and proprietor of the famous "Cooper House," at Cooperstown, N. Y., one of the loveliest mountain Summer resorts in the land.

Virginia Beach is 18 miles due East of Norfolk, and forms a part of the most beautiful beach on the Atlantic Ocean. The trip from Norfolk to the Princess Anne, is made over the Norfolk and Virginia Beach R. R., in 55 minutes. The Norfolk and Virginia Beach R. R. Co., own this magnificent Hotel and the property surrounding it, consisting of about 1,600 acres, 1,000 acres of which is a grand pine forest. The charming drive through this noble forest and thence homeward on the beach, is a revelation ever to be remembered.

At Broad Bay, a few miles away, hunters will find excellent duck shooting grounds, and game abundant in the forest. The lovers of rowing, sailing and fishing, are made happy at Lake Holly, Linkhorn and Lynnhaven Bays, the latter famous for its delicious oysters. Bowling, billiards, tennis, horseback riding, and drives through the pines and on the beach, are a few of the pleasures indulged in by the guests. In the evening Prof. Verdier's Naval Post Band from Portsmouth, delight the music-loving guests with charming selections from favorite operas, as well as other music for the votaries of Terpsichore, so that it will be observed that nothing is left undone by our worthy manager to render his patrons supremely happy.

Grand improvements are under advisement—extension of the Hotel, railway changes, etc., that will render this grand resort by the sea second to none in the country. Many prominent guests from New York and other Northern and Southern cities, are now sojourning there. How to reach Virginia Beach is a very important matter to the visitor. Such information can be obtained at any of the offices of the Pennsylvania Railroad Co, or at the Old Dominion Steamship Co's office in N. Y. city.

Among the many pleasant incidents happening during my visit at the Princess Anne, I will record the following: I remarked to my good friend, Mr. Cyrus W. Field, "I have named this charming resort the 'Paradise by the Sea.'" "Oh! no," replied Mr. Field, "permit me to correct you. It is the 'Garden of Eden.'" May I be pardoned if my impressions of this lovely Paradise by the Sea, have carried me too far, but that the subject is so fruitful and challenges such warm admiration, must be my apology.

The New Seventh Day Baptist Church.

As already told in THE PRESS the Seventh Day Baptist church in this city will soon begin the erection of a new stone chapel in the rear of the church building at the corner of Central avenue and Fifth street. The building will face on Fifth street and will be 50x100 feet in dimensions. It will be lined with brick, tiled roof, and fitted up with all the modern conveniences. The total cost will be about $10,000.

The contract for the stone work has been awarded to Mr. Martin Carey, of Jersey City. Mr. O. S. Teale of North Plainfield is the architect. Work on the new building will begin as soon as the weather will permit.

In Justice Nodyne's Court.

An interesting case is to come up before Justice Nodyne, in the City Court room, to-morrow morning at ten o'clock. The suit is brought by Thos. O. Bullock & Co., vs. Wilson Fisk for $200 rent, alleged to be due on a house at Kensington and Putnam avenues.

It is understood that the defence will attempt to prove that the house was not tenantable, and that the rent was withheld on that account.

—An official notice has been issued to the effect that the Delaware and Raritan canal, which runs through Bound Brook, will be re-opened for navigation at 7 o'clock A. M., on Thursday, March 27. Navigation usually opens about the second Monday in March.

THE CRESCENTS MOVING UP.

They Win Two Games From the Messrs McGinty of Somerville, and are Now on the Heels of the Messrs Dennis of Westfield.

There was a notice posted in the club house of the Crescent League yesterday, in these words: "Attention Crescents! THE DAILY PRESS of this evening, says: that if you win both of to-night's games you will pass the Olympics and the Fanwoods on the record. Will you do it? The League and the Ladies expect you to."

They did it, and the Crescent League team is now fourth in the Central Bowling Tournament. Again they put up a game of over 800 by winding up with 114 pins in the last frame of the second game. VanEmburgh, however, deserves all the credit of winning the first, and Haven helped greatly in the second.

The Crescents and the Elizabeths are the only teams who have been "bowling" for the past few weeks, and with the team they now have there is no reason that the former should not win first place, barring the latter.

Mr. Charles MacQuoid was umpire again last evening. The Somersets were never ahead a pin. The Crescents took the lead at the start of each game and were never passed. The scores were:

CRESCENTS.	1st	2d	SOMERSETS.	1st	2d
VanEmburgh	211	172	Gulick	140	139
Haven	144	176	Schoonmaker	138	155
Thiers	128	136	Conklin	128	131
Rogers	131	159	Major	150	151
C. Teel	129	160	Goodman	115	137
	743	903		671	713

The record of the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	13	1	929
Nameless of Westfield	8	4	667.
Monday of Westfield	8	6	572
Crescent of Plainfield	6	6	500
Olympic of Plainfield	5	7	417
Fanwood of Fanwood	5	7	417
Somerset of Somerville	3	17	150

Governor Abbett Approves.

Governor Abbett yesterday approved the following bills:

House 156, amends the act relative to the condemning of lands for public parks.

House 369, provides that Common Council of second class cities by a three-fourths vote of all its members can set aside not over $50,000 received from licenses for the purpose of a special street improvement fund.

House 288, gives Council or Township Committee of any town, borough or township power to abate, revise, adjust and settle all arrearages of taxes and all rules for arrearages of taxes,

House 180, authorizes Boards of Chosen Freeholders with the Township Committee to change a road to avoid the expense of building and maintaining a bridge.

House 268, prohibits disinterring any bodies from May 1 to November 1.

Senate 38, authorizes cities to divide the assessments for benefits for street improvements on lands benefitted.

The State Guarantees Religious Liberty.

The Constitution of the United States guarantees religious liberty to every citizen. The State constitutions are general more emphatic in declaring for the same freedom. New Jersey declares that "No person shall be deprived of the inestimable privilege of worshipping Almighty God in a manner agreeable to the dictates of his own conscience; nor under any pretense whatever to be compelled to attend any place of worship contrary to his faith and judgment."

Never Bets On His Own Horse.

They tell a good story of a man who has a fondness for fast horses. A year or two ago he had one that was said to be a "flyer," and marvellous stories were told about what she had done, and was capable of doing. But an intimate friend noticed that the owner of the wonderful horse never staked any money on her.

"Why don't you back her for a good, round sum if she can do what you claim she can?" he asked. "That would prove that you had confidence in her, but as it is——"

"See here, my friend," said the other, with a twinkle in his eye, "don't you know me well enough to know that I'm *too modest* to bet on my own nag, especially when I feel sure that she can't come out ahead?"

When a man knows he can accomplish what he undertakes he doesn't feel too modest to say so. When Dr. Pierce put his Favorite Prescription before the public as a certain remedy for all diseases, with "satisfaction guaranteed or money refunded" on every bottle of it, it proved that he had entire confidence in the preparation. He felt sure of its merits, and the testimony of thousands of women who have been cured, proves that his faith was well founded.

—A series of protracted meetings are being held in Mt. Olive Baptist church, under the leadership of a Brooklyn divine.

—There will be a mothers' meeting at Reform Hall, to-morrow afternoon at 3 o'clock. The meeting will be led by Mrs. Peck, of Vineland.

—A slight disturbance occurred in the Chinese laundry on North avenue, last evening, but the police were promptly on hand, to straighten out matters.

—The 2:18 o'clock P. M. train from New York, yesterday, struck and killed a carrier pigeon belonging to Mr. Wm. Brown of East Third street. The bird was registered "Z. 12705."

A preacher, who had been annoyed by the incessant "hacking" of members of his congregation, recommended such to try Dr. Bull's Cough Syrup.

There is nothing in existence that will equal Salvation Oil in curing pains in the joints and muscles, or spinal affections. Price 25 cents.

—"Jim," the faithful colored man employed by Messrs Kline & Stants of West Front street, declares that he saw two men prowling about the office at an early hour on Sunday morning. The men were evidently looking for a place to sleep.

Hamburg Figs for the Liver.

Habitual torpidity of the liver, etc., are functional derangements which should not be so long neglected as to generate actual disease. HAMBURG FIGS should be taken, and the deranged organs restored to health. 25 cents. Dose, one fig. Mack Drug Co., N. Y. For sale by J. G Miller.

PIOUS BURGLARS.

They Are Accused of Numerous Robberies Committed in New Jersey.

MONTCLAIR, N. J., March 26.—The residents of this place are excited over the arrest of Mr. and Mrs. Tuthill on a charge of burglary. Mrs. James Tuthill had a preliminary examination in the police court, and was committed to the county jail to await further examination. Her husband, who was arrested in Brooklyn, will be brought to Montclair on a requisition from the Governor.

The authorities claim to have sufficient evidence against Tuthill and his wife to send them both to State prison. They are accused of having been implicated in numerous robberies that have occurred in Montclair. Much of the stolen property was found concealed in their house. Tuthill and his wife came here from Port Jervis some years ago and appeared to be a worthy and pious couple.

SIBERIAN HORRORS

A Prisoner Carried on a Bed to the Scaffold.

TWO OTHERS DIE HEROICALLY.

Exiles Not Allowed to Utter a Word in Their Own Defence.

Prince Bismarck to Leave Berlin To-Morrow—Count Herbert's Successor Appointed — An Arab Saw Dr. Peters' Party Massacred—Betrothal of Princess Stephanie—The Pope's Letter on Labor.

LONDON, March 26.—The Daily News publishes extracts from letters recently received by Russian refugees in Switzerland, giving details of the fight at Irkutsk between exiles and troops. The trial of the survivors is also described.

As a result of the trial three of the prisoners were sentenced to be hanged, and others to serve various terms of imprisonment at hard labor.

The victims recount the erection of the scaffold and send touching farewell messages to their friends. Bernstein, one of the three condemned to death, was ill and was carried on a bed to the scaffold. When the noose had been adjusted the bed was withdrawn.

Sotow and Gausman, who were finally put to death, would not allow the hangman to touch them. They adjusted the nooses themselves, and died most heroically.

BISMARCK'S DEPARTURE.

The Ex-Chancellor Will Leave Berlin To-morrow for Friedrichsruhe.

BERLIN, March 26.—Prince Bismarck will leave this city for Friedrichsruhe to-morrow. All of the generals of the army stationed in Berlin and its vicinity have paid him farewell visits.

The ex-Chancellor has deposited all his stars, crosses and medals in the Reichbank. The jewelers' estimate of their value is £5,000. Prince Bismarck decided only to retain the orders of the Golden Fleece and the Black Eagle. "No more uniforms or medals for me," the veteran statesman is reported to have said; "you have forced me into retirement, where I shall wear a frock coat and only need my Iron Cross."

It is stated that Emperor Francis Joseph, King Humbert and Count Kalnokay have all written to Prince Bismarck expressing their regret at his resignation.

It is reported that General Caprivi, on entering the abandoned residence of the ex-Chancellor, said to some friends: "I shall not probably remain long here; it would be impossible for me to sacrifice my honest opinion at the caprice of the Crown."

The Pope's Letter to the Kaiser.

LONDON, March 26.—The Pope's letter to Emperor William, of Germany, in regard to the labor question, is about to be published. It is awaited with some curiosity, especially in England, where there is much interest taken in Cardinal Manning's radical attitude in favor of steps to ameliorate the condition of the working classes.

A PRETTY MISS DISAPPEARS.

Lilly Peterson Leaves Her Home in a Mysterious Way.

JAMESTOWN, N. Y., March 26.—Lilly Peterson of 296 Harrison street promised to go up town with her little sister at 7:30 last night, but before leaving she stepped out of the back door, and although search has since been made for her no trace can be found. The lake outlet has been dragged without success.

Some think she has been murdered, but others regard it as a cleverly planned elopement, as Miss Peterson had been in correspondence with Geo. Smith of Kane, Pa., whose acquaintance she formed during a visit to that place last summer.

Miss Peterson is a lady of more than ordinary beauty, an artist of some pretentions, and a strict church member.

GOV. HILL IN DOUBT.

He Sends a Message to the Legislature on the Ballot Reform Bill.

ALBANY, N. Y., March 26.—Governor Hill sent a message to the Legislature recommending that both Houses pass a concurrent resolution asking the Court of Appeals to reconvene and give an opinion as to the constitutionality of the Saxton Ballot Reform bill.

The Governor states that he cannot sign the bill in its present shape, as he has a deep-seated conviction that certain of its provisions are in violation of the State Constitution. He says that he has no mere pride of opinion in this matter and will cheerfully acquiesce when convinced that his views are unsound.

After an exciting debate the message was referred to the Judiciary Committees of both Houses.

Proved Herself a Heroine.

NEW HAVEN, Conn., March 26.—Miss Mamie Donnelly, who lives at No. 10 Lafayette street, has proved herself a heroine. James Whalen, aged 60 years, was walking along the Derby Railroad and his foot was caught in a frog. A train was bearing down upon the old man, who was weakening from his efforts to extricate himself, when Miss Donnelly ran to his assistance. Cutting open his boot with a pair of scissors she pulled his foot from the frog and carried him from the track just as the train rolled past.

Constant Fear of a Dam Breaking.

The pond covers 125 acres and the dam is 40 feet high. Forty or fifty families live in the hollow below the dam and they are in constant fear of trouble. Last Friday and Saturday night they sat up all night fearing the dam would give way.

Both parties desire to avoid a strike if possible.

The Aramingo Mills Company Assign.

PHILADELPHIA, March 26.—The Aramingo Mills Company, Frankford, made an assignment to John D. Blythe, of New York. The liabilities are said to be about $25,000. The failure was due to the collapse of the dry goods house of Ross, Campbell & Co., in New York, and the still earlier suppression of Joseph P. Murphy & Co. The Aramingo mills employed about 60 hands.

Why the Oysters Are Dying.

For a year or more a queer looking government vessel has been sailing about the waters of Long Island sound, doing certain strange and mysterious things which are utterly incomprehensible to the sailors and fishermen. The vessel was a government dredge of a patent variety, which is able to send feelers and pipes and tubes and other things to the bottom of the sea, that exploration may be made of the land beneath the water. For the past ten years it has been noticed that the oyster beds, which used to be numerous and to yield as fine oysters as were to be found upon the coast, have diminished, and fear has been generally entertained that these shellfish would become extinct. Fishing used to be a profitable employment in the sound, but for a number of years has not proved so.

Capt. Platt, of this queer looking mystery searcher of the sea, has discovered with his tubes and prongs what the trouble is, and has made a report. He declares that the bottom of the sound as far east as the Connecticut river is one mass of filth. His patent tongs have brought every conceivable sort of rubbish, and in all processes of decay. This rubbish has emitted the most overpowering and frightful odor, very much like that which is perceived when the vicinity of a fish oil factory is approached.

The captain declares that this odor more nearly approaches that frightful effluvium which is cast off from the putrid remains of an octopus or devilfish than any other which he has ever come in contact with. Old mattresses, boots, clothing, bits of furniture, the relics of many a wreck, were brought up by the tongs wherever the vessel anchored, and besides that there came up masses of offensive debris, so repulsive that the men were unable to work very long at one time. Capt. Platt declares that the whole bottom of Long Island sound is a vast sheet of this stuff.

It is the refuse and garbage from the sewage from all the towns along the coast, as well as of the refuse dumped by the contractors who are hired to carry off the cleanings of the New York city streets. It is this which is killing the oysters and has practically driven the fish out of Lond Island sound.—New York Letter in Philadelphia Press.

Bedridden by Hallucination.

W. H. Lilly, one of the earliest settlers of Livingston county, Mo., has for twenty-five years been the victim of a queer hallucination that has kept him confined to his bed. In 1865, during a slight illness, he was seized with a fear that he would die of heart disease if he attempted to stand up or raise his head above a certain level. Every possible means was resorted to by his family to drive the idea from his mind, but without success. He stubbornly stuck to his couch and refused to be coaxed or frightened out of it.

On one occasion his wife had a lot of straw piled near the house and then set on fire. The wind blew the smoke towards the house, and the family began shouting fire and carrying out the furniture. Lilly was told to run for his life, but he never stirred out of bed. At another time his favorite daughter, Minnie, was sent away, and Lilly was told that she had been hurt and was dying at a neighbor's house, and that she begged him to come to her. Tears welled from the afflicted man's eyes and his lips twitched with emotion, but he did not move.

After this signal failure no further attempts were made to arouse him, and it was thought he would never leave his bed except for the grave. One day, however, the dormant energies of Lilly reasserted themselves as suddenly and mysteriously as they had departed, and he raised his head above the supposed danger line. Dumfounded at finding no serious results, he raised it still higher and finally sat bolt upright. He has now apparently fully recovered and is superintending some improvements on his farm. During his wife's administration of affairs the farm has trebled in value, and Lilly is today $40,000 better off than he was when he took to his bed twenty-five years ago.—New York World.

Doesn't Like Church Shows.

A breeze was raised in the Court Street Methodist Church Sunday school at Rockford when John W. Hart arose and severely criticised an entertainment given by a Sunday school class the week before. The entertainment was an "Uncle Sam's Reception," in which a score of young people costumed to represent different nationalities went through a short dialogue on an improvised stage. Mr. Hart objected on the ground that it was too theatrical for a church entertainment, and said if such things were persisted in he would have to withdraw from the church. He was answered by several members, among them Editor A. E. Smith, of The Rockford Gazette, who said that unless the children were given some entertainment in the church they would drift elsewhere. Mrs. Melcher, the lady who arranged the show which put over $100 into the church treasury, was affected to tears under Mr. Hart's denunciation. Mr. Hart objected to an entertainment of the same kind a year ago and prevented it. There is considerable feeling in the matter.—Chicago Tribune.

Foreign Postal Facilities.

Germany has 19,476 postoffices, England 17,587, France only 7,346. Last year 65,000,000 postoffice orders, with a value of 4,800,000,000 francs, were forwarded in Germany, and 21,000,000 orders, the value of 658,000,000 francs, forwarded in France. The bad showing of France in postal statistics is in no small degree due to the fact that the postal authorities may found yearly only twenty-five new postoffices, although almost 2,000 applications for new postoffices are made annually. In Paris a pneumatic postal card reaches its destination between an hour and an hour and a half after mailing. A similar card in Berlin is delivered within thirty-five or forty minutes after mailing. Since the inauguration of a new system of postal wagons for emptying the mail boxes in Berlin, an ordinary city letter reaches its destination in an hour after leaving the hand of the sender.—Exchange.

Between and Among.

Judge Hanna at Philadelphia has filed an opinion in the orphans' court, deciding the difference in the meaning of the words "between" and "among." William Hicks made a will in 1883, in which he said: "After my debts are paid my property shall be equally divided between my wife, Martha R. Hicks, and my daughters, Ida Bell and Ella Billmayer." It was urged that the word between meant that the widow should get one-half of the estate, and the other heirs the remaining half. The judge says that it is plain the testator meant to divide the estate equally between and not among the heirs, and that by the word "between" each of the heirs is entitled to the third. The personal property amounted to only $1,300, but the real estate will foot up $100,000.—New Orleans Picayune.

Including London bridge and Hammersmith bridge, there are fourteen bridges over the Thames within the metropolitan area, and London bridge sustains over 30 per cent. of the whole traffic, which averages about 400,000 foot passengers and 80,000 vehicles in every day throughout the year except Sundays, when, of course, there is a considerable diminution.

AMONG THE SPORTS

A Probable Fight Between Sullivan and Jackson.

NEWS IN THE BASEBALL WORLD.

Oxford Beats Cambridge by a Length in the University Boat Race.

The National League Defeated in Its Suit Against Buck Ewing—The Brotherhood Changes the Time for the Opening Games—Yale to Meet Harvard's Committee—Gossip About Pugilists.

SAN FRANCISCO, March 27.—L. R. Fulda, president of the California Athletic Club, says he thinks Sullivan and Jackson will meet here and that the club will raise a $20,000 purse.

"Do you think it would be an interesting fight?"

"Yes, I think it would be a long, scientific battle, for, with such big stakes and a reputation added, both men would be wonderfully careful."

"Do you think it is likely to take place?"

"I certainly do."

Hiram B. Cook, the referee of all big events, was asked wat he thought of a chance for a meeting. "That is a very large sum of money, $20,000; but they are very great fighters and I dare say it can be raised. The club has about 1,600 members at present, and while they only authorized $15,000 last November for this match I haven't much doubt that they will be willing to see the raise. The $5,000 purse for Dempsey and La Blanche seemed hard to raise at that time but this is a different sort of a proposition. A contest between Jackson and Sullivan will be regarded with the greatest interest by every man in the Union, from statesmen to stevedores."

OXFORD THE WINNER.

The Great Annual 'Varsity Boat Race on the Thames.

LONDON, March 27.—The great annual race of the boat crews of Oxford and Cambridge Universities took place on the Thames and was won by Oxford. The weather in the forenoon was brilliant, but at the time of the race the wind was changeable, causing the water to be quite choppy.

An unprecedented crowd gathered along both banks of the river, and the interest displayed was without parallel in the annals of the race. The Cambridge crew was the decided favorite in the betting. It won the toss for position and chose the Surrey side of the river.

There was a scene of tremendous enthusiasm at the close. Oxford led at the start. Cambridge overhauled her and got half a length ahead. Oxford gradually drew up again, passed her opponent, and came in a full length ahead, winning by sheer pluck.

Oxford's time was 22 min. 3 sec.

The time made was nearly two minutes slower than the best record, and neither crew did as good work in the race as it had been doing in practice. The fact that the water was somewhat rough told in Oxford's favor. The dark blues easily took the lead, though some changes of position occurred in the first stretches, the victors were never headed on the last half of the course.

Pat Farrell Will Meet Upham.

PITTSBURG, Pa., March 27.—The Young Men's Gymnastic Club of New Orleans has sent a communication to Pat Farrell, of this city, that it has decided to offer a purse of $1,200 for a fight to a finish between him and Arthur Upham, of Boston. Each man must weigh 154 pounds, fight with five-ounce gloves and post $200 each as a guarantee. Farrell at once wired $300 guarantee money.

Beckley and Mulvey's Application.

NEW YORK, March 27.—A meeting of the Players' League has been called for April 2 at the Fifth Avenue Hotel, to consider the cases of Beckley and Mulvey, who deserted the Players' League, and have now made applications to return. The date of the meeting between Secretary Brunell and the Players' League umpires at New York has been changed from April 8 to April 3.

Billy McCarthy to Fight Again.

SAN FRANCISCO, March 27.—Billy McCarthy, the Australian, who was recently defeated by Jack Dempsey, and Reddy Gallagher, the middle-weight of Cleveland, will, in the latter part of May, fight to a finish at the California Athletic Club for a purse of $1,800, $1,500 to the winner and $300 to the loser.

Yale and Harvard to Meet.

NEW HAVEN, Conn., March 27.—The Yale Advisory Committee met last night and voted to meet the Harvard Committee at the Fifth Avenue Hotel, New York, at 4 o'clock next Saturday afternoon to discuss the formation of a dual league.

International League Umpires.

TORONTO, March 27.—The following umpires have been appointed by the International League: Wesley Curry, of last year's staff, Chub Collins, late of Buffalo; McLaelan, formerly with the Texas League, and Martin, of Buffalo.

The Columbus Story Denied.

TOLEDO, O., March 27.—The Columbus story is denied by Manager Morton, of the Toledo Club. He says the American Association would not entertain for a moment the idea of breaking faith with Toledo, Syracuse and Rochester.

A Minister's Sudden Death.

ROCHESTER, N. Y., March 27.—Dr. A. B. Carter, rector of Trinity Church, died suddenly of heart disease last night, aged 70 years.

RESULTED IN DEATH.

Sister Leo of the Villa Maria Convent Dies of Paralysis of the Heart.

WEST CHESTER, Pa., March 27.—Sister Leo, who escaped from the Villa Maria Convent and was subsequently recaptured, died last evening of paralysis of the heart.

It appears that Sister Leo came to the convent six months ago from the parish of the Church of the Gesu, Philadelphia, and took the white veil. She has since then been one of the most devoted of the Order. A week ago she was stricken with the grip, and a day or so later her brain, it is said, became affected.

It was while laboring under a hallucination that she leaped from the window yesterday and attempted to escape. The physicians say her death was caused by the exposure.

BALLOT REFORM.

A Labor Club Petitions for Certain Features in the New Jersey Bill.

TRENTON, N. J., March 27.—Senator McDonald has ready for presentation to the Senate a petition received from the Keystone Labor Club, of Jersey City, asking that the following features be preserved in the Ballot Reform bill: Uniform personal registration, absolute secrecy of voting, an exclusive official ballot to be printed at the public expense and distributed only as voters come up to vote, the right of nomination by petition and the requirement that every candidate file a sworn statement of his election expenses.

A bill was introduced appropriating $8,500 for the Deaf Mute School, and providing that children from 6 to 21 years of age be admitted.

Governor Abbett sent to the Senate the following nominations for members of the State Board of Charities and Corrections: Frank P. McDermott, of Monmouth County; Henry Fredericks, of Camden County; Aaron K. Baldwin, of Essex County, and Martin V. B. Searing, of Morris County.

ANOTHER DEFAULTER.

Maryland's State Treasurer Short in His Accounts.

BALTIMORE, Md., March 27.—The astounding announcement was made in the Legislature last night that Stevenson Archer, the Treasurer of the State, was a defaulter. It fell like a bombshell, as Mr. Archer is one of the most prominent politicians in the State.

He belongs to one of the oldest and best known families, and has been serving for some time as chairman of the State Central Committee. He had also filled other State positions and was once a member of Congress. The amount of his shortage is not stated.

The Strike Affecting Other Trades.

BOSTON, March 27.—Bricklayers, carpenters and other building mechanics are being thrown out of work because of the continuance of the freestone cutters' lockout. Notwithstanding their idleness every branch of the building trade is in sympathy with the freestone cutters' union. The free-stone cutters are as firm as when the strike began, four weeks ago, not a member having returned to work. More than half of the union cutters have found employment in towns outside of New England.

Buck Ewing Wins His Case.

NEW YORK, March 27.—The National Baseball League has received another defeat. Judge Wallace, of the United States Circuit Court, has handed down his decision in the case of the Metropolitan Exhibition Company, against "Buck" Ewing, denying the motion for an injunction restraining Ewing from playing with any other than the New York Baseball Club. This decision will undoubtedly put an end to all further legal proceedings.

Committed for Bigamy.

BOSTON, March 27.—Edward J. Powell McCabee was arraigned in Cambridge charged with bigamy. Katharine Breen testified that he married her in New York on Sept. 23, 1883, and that she left him seven months later on account of cruel treatment. Alice M. Hanscom of North Cambridge testified that McCabee had married her on Feb. 24, 1886. In default of $2,000 bail he was committed for the grand jury.

A Justice of the Peace Elopes.

FREEHOLD, N. J., March 27.—John B. Shumar, for many years a justice of the peace and a business man of high standing, left here in company with Mrs. Sarah Smith. The couple are supposed to have gone West. Shumar's conduct with Mrs. Smith has caused talk recently. Besides leaving a wife and several small children Shumar has left behind him debts to the amount of at least $1,000.

$10,000 Verdict for Rev. Dr. Rylance.

NEW YORK, March 27.—Rev. Dr. Chas. H. Rylance's libel suit against Nicholas Quackenbos, vestryman of the church, ended in a verdict for the plaintiff awarding him $10,000 damages and $500 supplementary costs. Mr. Quackenbos' counsel at once moved for a stay of proceedings, but Judge Sedgwick in Superior Court said he could see no reason for granting such motion.

Carpenters Sign a Nine-Hour Contract.

HAVERHILL, Mass., March 27.—The committee of the Journeymen Carpenters' Union and the Master Builders signed the agreement making the work nine hours a day and the pay $2.50 per day for the year beginning on April 1.

Will Declare an Extra Dividend.

CONCORD, N. H., March 27.—There is authority for the statement that in May next the directors of the Northern Railroad will declare from the surplus an extra dividend of 25 per cent., amounting to $750,000.

WASHINGTON TOPICS

Provisions of the Anti-Trust Bill Extended.

SEVERAL SENATE AMENDMENTS.

Conditions on Which a Wealthy Chinaman Can Bring His Family Here.

They Must Have Certificates that They Are Not Laborers—Chicago Captures John Brown's Fort—Ellis Island for Immigrants—Defining Options and Futures.

WASHINGTON, March 27.—Another long debate on the Anti-Trust bill took place in the Senate, sitting in Committee of the Whole. Mr. Spooner of Wisconsin offered an amendment giving the courts authority, in addition to other remedies, to issue writs of injunction prohibiting and restraining combinations from proceeding any further in their business, except to wind up their affairs.

The Ingalls amendment, aimed against dealings in options and futures, received much attention, some of the Senators declaring it unconstitutional. It was defended by Mr. Ingalls at considerable length. Mr. Butler of South Carolina offered an amendment extending the provisions of the bill to stocks and bonds; Mr. Eustis of Louisiana offered one extending its provisions to cotton prints, steel rails, boots and shoes, lead and lumber, and Mr. Blair of New Hampshire offered one including woollen goods, whiskey and all kinds of intoxicating drinks. All three were adopted.

A motion made by Mr. Cullom, of Illinois, to refer the bill to the Finance Committee and one made by Mr. Hawley, of Connecticut, to refer the bill to the Judiciary Committee were both rejected. The substitute bill offered by Mr. Gray, of Delaware, was rejected, Messrs. Cockrell, of Missouri, and Reagan, of Texas, voting with the Republicans in the negative.

Mr. Gray then offered an amendment authorizing the President to issue his proclamation suspending the collection of duties on articles of merchandise that are made the subject of a trust or combination. Rejected—Yeas, 21; nays, 25. Mr. Edmunds, of Vermont, voted with the Democrats in the affirmative, no Democrat voting in the negative. Mr. Vest, of Missouri, moved to increase the license for dealers in option from $1,000 to $10,000. This was adopted on a rising vote. The bill as amended was then reported to the Senate.

EXCLUSION OF CHINESE.

Reply of the Treasury to a Chinaman Who Wants to Bring His Family Here.

WASHINGTON, March 27.—Mr. Ouong Lee, a Chinese laundryman, of Plattsburg, Neb., recently submitted a question to the Treasury Department whether he can send to China for his wife and children. He says that he intends to become a citizen of the United States, and has made declaration of such intention. He intimates that he is wealthy.

In reply Secretary Tichenor says that his occupation as a laundryman does not exclude him from the class of labors, and that he cannot claim immunity for his relatives from the Chinese Restriction act by reason of his intention to become a citizen of the United States, since the law prohibits the admission of any Chinese person to citizenship. Assistant Secretary Tichenor says that as his wife and children do not appear to have ever lived in the United States, they cannot be admitted to entry otherwise than upon the production of a certificate from the Chinese Government declaring them to be persons other than laborers, such certificates being, under the law, the sole evidence permissible to establish a right of entry into the United States.

Ellis Island for Immigrants.

WASHINGTON, March 27.—On motion of Senator McPherson the Senate committee passed a joint resolution authorizing the Secretary of the Navy to remove the Naval magazine from Ellis Island in New York harbor and to purchase a site for and erect a magazine at some other point; and appropriating $75,000 for this purpose and $75,000 more to enable the Secretary of the Treasury to improve Ellis Island for immigration purposes.

Meeting Objections of Pork Dealers.

WASHINGTON, March 27.—The Committee on Foreign Relations reported to the Senate a proposed substitute for the first section of the Meat Inspection bill to meet the objections of the pork dealers. The changes provided are principally in phraseology. A new provision makes it a misdemeanor to counterfeit, alter or deface the inspectors stamps, punishable by a fine not exceeding $1,000 or imprisonment not exceeding one year or both.

Chicago Captures John Brown's Fort.

WASHINGTON, March 27.—In all probability Chicago will have John Brown's fort now at Harper's Ferry, as well as the Richmond Libby Prison to add to the attractions of its Fair. Mr. Alfred Moore, a Chicago lawyer, representing a syndicate, signed a contract for the purchase and removal within 60 days of the historic arsenal at Harper's Ferry, so industriously associated with American history.

Woolen Mills Sold at Auction.

PALMER, Mass., March 27.—The Wales, Dill, Shaw and Valley woolen mills at Wales were sold at auction under a foreclosure to G. H. Baker & Co. of Stafford Springs, Conn. The price paid was $26,000. Part of the mills will be put in operation at once.

Masons Quit Work.

On account of the spirited argument between ex-Street Commissioner Angleman and Mr. Chas. H. Hand, as told in THE PRESS yesterday, Mr. Angleman refused to haul any more sand for Mr. Hand, and in consequence the masons employed on the new building on West Second street, were obliged to quit work.

WHAT IS "TO CONGREGATE?"

A Jury of Twelve Men Disagree on this Point in the Case of Captain Carey Against the "Man I'm After."

"There is no ordinance in the City of Plainfield today that prohibits any man from selling all the liquor he can at all hours of the day and night."

This was the startling proposition set forth by Counselor Kalisch, yesterday, at the opening of the case of the City against Joseph B. Miller for keeping open a barroom where people congregate at unseemly hours. At least so the case has been entitled, but by the testimony of Councilmen Gallup and Hetfield as to the Captain of the Police's own words, it would appear to be the case of Tunis J. Carey against Elmore D. Moffett who the former stated "is the —— I'm after."

At two o'clock, the hour set for the trial, the little court room was full and overflowing into the Council chamber. The subpœnsed jurymen were all there, besides three active and two special policemen. The Court also arrived on time, but neither the counsel for the defense nor the prosecution were present. City Attorney Marsh arrived at 2:15, took off his hat and top coat at once, and was ready for the fray. Judge Codington thereupon took off his coat, but he had to hang it up himself on the floor. Captain Carey hung up Mr. Marsh's coat.

A few more edged their way into the room already so jammed full that the reporters and witnesses occupied the counselors' tables and the water pitcher only found room to stand on the bar of the court. Everybody from His Honor down to the meek and lowly newspaper man perched upon the edge of a cuspidor, was curious to see the counsel for the defense—shrewd Sam Kalisch of Newark. And when he arrived they were not disappointed.

He was quite an imposing figure when he entered. He was not as heavy as His Honor, but he was three times as stylish. A drooping sprig of lily of the valley, that looked as if it had both toiled and spun all that day and the night before, decorated the left lappel of his black frock coat. His locks were jet black, and carefully polished and curled. His moustache was so beautifully twisted that Juryman Miller couldn't keep his eyes off it in envy.

Mayor Male and Councilmen Roberts, Johnson, Spangenberg, Moffett, Hetfield and Gallup, were also present when the case was called. Counselor Kalisch opened the battle with a motion that "the complaint be dismissed because the ordinance on which it is based is unvalid." He continued to argue that the ordinance that aims to close the barrooms at certain hours, is not in force in the city of Plainfield since the passage of the Werts act. That was a new law providing what the minimum license fee should be, how the prosecution of violators should be carried on, and regulating other matters in such connection. It repealed all acts or parts of acts enacted before, and as it wiped out the previous law under which the present city ordinance had been adopted and enforced, it wiped out such ordinance and all its restrictions with it. There was no doubt, Mr. Kalish allowed, that the Council could then and could now adopt an ordinance to control the sale of liquor in Plainfield, but he insisted that after the Werts act became a law it was necessary to pass a new ordinance in place of that it had repealed.

Every lawyer, and some of the laymen in the court room knew the position was a strong one. It was not a point, however, to be decided off hand by a city court. It is to be hoped that it will be argued before a higher bench very soon. His Honor, himself, told THE PRESS reporter that he considered the matter sound and vitally important. But the City Attorney with a most deceiving gesture of disdain, replied that the point was not a new one. It had occurred to him long ago and he had been prepared to answer the objection every time the city had had a case of the sort. But, he said, even so able a lawyer as Counselor Fred C. Marsh, who is now and was the leader of the dominant party in the Assembly that passed the Werts bill, brought up no such point in his defence of a recent prosecution in this city under the same ordinance. "The Werts act itself says," continued the City Attorney, "'all bodies who may *now* have the power to grant licenses'—thus recognizing Plainfield's existing position." The Judge denied the motion at 3:10 P.M., and ordered the jury called at once.

The following were empanelled: J. P. Homan, Calvin Rugg, M. C. Dobbins, Hervey Doane, James C. Pope, Uzal B. Crane, J. Fred MacDonald, J. P. Laire, Ashland C. Horton, Joseph G. Miller, Ignatz Boehm and F. O. Smith. The counsel for the prosecution challenged two others, but the defence with "conscious rectitude" accepted everybody called. Three hours later the above jury retired, but up to midnight it was found impossible for them to agree—Messrs Rugg, Dobbins, MacDonald and Laire insisting that the barroom was open after eleven o'clock and that persons congregated therein, while the others held that there was no congregating at unseemly hours in the places for the purpose of drinking and tippling as they held the ordinance meant.

The story of the case as told by every reputable witness who was examined, agreed in every particular. It was this: On the night of March 17, the Common Council adjourned at ten minutes before twelve o'clock. President Moffett and Councilmen Gallup and Hetfield started down West Front street to show themselves at a banquet that was being held in the parochial school in honor of St Patrick, and at which President Moffett was down on the bill for a speech. As they passed Laing's Hotel, Landlord Miller who stood on the front veranda, called to them and asked what was the action of the Council in the matter of the removal of the freight house, in which he was especially interested. The Councilmen stopped to tell him, and as they stood there Miller remarked that he had no coat on, and invited them into the office.

As a number sat around inside the four walked back by the office desk where they could not be overheard. President Moffett asked if he could not have something to drink, and Miller unlocked the barroom door that they stood near, stepped inside, turned on an electric light over the cigar case at the end of the bar a foot or two from the door, and the others followed him in. President Moffett testified that as he understood the case, Miller would have had to unlock the barroom door to get him even a glass of iced water.

However, someone made the novel remark, "what'll you have." Mr. Gallup said: "I'm as dry as a graven image and would like a glass of beer, but I would'nt ask a man to break the law." So he took a soda, Mr. Moffett took a sarsaparilla, Mr. Miller took a soda and Mr. Hetfield a cigar. The latter paid twenty-five cents for the round.

"Then," Counselor Kalisch said, "the Bold Captain Carey saw the terrible outrage being committed against the laws of the city. This Peeping Tom of Plainfield, whose small little office of Captain of Police has so inflated his small little heart." That is not all he said, either, and there were also some personal references passed between the counsel. But the City Attorney said most of the nice things, while Mr. Kalisch made all the unpleasant and uncalled for remarks.

It was further proved, in continuation of the case, that the next day Captain Carey told Councilman Gallup that he was sorry he (Gallup) was in it, because Moffett was the —— he (Carey) was after. He told Councilman Hetfield the same thing without the obscene epithet. Upon being questioned as to whether he was informed that he would receive half of any fine imposed, Carey drew from his pride-swelled breast a paper, type written, but subscribed to by himself, assigning to the Children's Home the reward that goes by law to the informer. It had only been drawn up by the City Attorney that morning, and created great merriment in the Court. Carey said the President of the Home had thanked him for it! but Counselor Kalisch thought the President was easily pleased, to be thankful for something she would never get.

The prosecution endeavored to coax Mr. Hetfield to say that he had told Carey that Miller "was guilty of a technical violation of the law." The witness emphatically denied saying so. He answered, "I thought it was nothing but a dirty, contemptible trick of Carey's, and think so now." The applause of endorsement was so great at this statement, the City Attorney threatened to expose the names of the principal violators of the Court's dignity and have them punished for contempt.

Much to the relief of everybody, Counsel limited themselves to fifteen minutes each in summing up. Both were gifted men, but Counselor Marsh had the more grace of gesture, silver tongue and polished rhetoric. His fluent closing of the case was broken in upon, however, when he called the jury's attention to the hostility of the witnesses for the defence. President Moffett sprang to his feet, and asked "Why shouldn't I feel so when such a name has been applied to me?" Carey answered, "Whoever says I said so is a liar;" but Councilman Gallup who had so sworn, paid no attention to the remark, and the Court demanded order.

As stated above, the jury could not agree on what was meant by "congregating." The City Attorney held that it was not a question of fact but a question of law, and was much disappointed at Judge Codington's declination to so charge the jury. Counselor Kalisch held that if the construction was put upon it that the prosecution endeavored to, then if Miller's hotel became so full that cots were even made up in the barroom and guests allowed to sleep there, the proprietor's $700 license would be revoked.

The City Attorney has already demanded retrial of the case. The general opinion, in which THE PRESS concurs, is that he deserves great credit for persuading so many as four jurymen that he has a just case under the circumstances.

Why Not Utilize the Council Chamber.

Considerable indignation was expressed by the citizens yesterday, because the city officials held the Miller trial in the City Court room, which will hardly hold fifty people, when the commodious Council Chamber would have been the proper place for the trial. The case was one in which nearly every resident in this city was interested, and the comfort of the witnesses and spectators should have at least been considered.

Parents Should Caution Their Children.

The rope-jumping season will come in with the warm, bright days that may be looked for soon and then rope-jumping will be in order with young girls. It would be well for parents who have regard for the health of their daughters to caution them against excessive indulgence in that kind of exercise.

—Yesterday was sentence day at Elizabeth, but no prisoners from this city were arraigned.

THIS CONCERNS YOU ALL.

Have the People of Plainfield no Protection From Their "Protectors?"

Counselor Kalisch's visit to this city yesterday, straightened us all out about one very important matter. His questioning drew from "Chief" Carey this emphatic statement: "I am elected Captain of Police and Chief Executive of the City."

Whew!

This impressive fact cannot but have a paralyzing effect upon the law breakers of Plainfield and the wide, wide World. But there was other testimony given that had no such good effect. Councilman Gallup swore that Carey applied to the President of the Council the most offensive and obscene title known today. And Carey in open court said Councilman Gallup was a liar.

Some of the jurymen who swore to do their duty as they honestly saw their duty, were afterwards attacked by some of Captain Carey's officers. They were only called "—— nice citizens"—which it must be confessed is a mild term compared to what was testified as coming from their Captain.

But it may be only a beginning.

Cadmus—Coles.

At the residence of the bride's parents, 23 Emily street, at four o'clock yesterday afternoon, occurred the marriage of Mr. Wm. E. Cadmus of Brooklyn, and Miss Lillie Voorhis Coles of North Plainfield, the Rev. Matthias Willing, of New York city, (an uncle of the groom), officiating. Prof. G. P. Smith of Somerville, played Lohengrin's wedding march as the bridal party entered the parlor, where the ceremony took place. The bride was charmingly attired in a beautiful renda faille, trimmed with cut steel point and medici lace, cut V shape, with a bunch of fragrant cream-colored Marechal Neil roses at the bosom.

The bridesmaids were Miss Mattie Johnson and Miss Laura Robins, both of Flemington. The former wore a dress of rose-colored silk, trimmed with point lace with bouquet to match, and the latter was attired in cream-colored surah, trimmed with point de sprit lace. The groomsmen were Messrs Wm. K. Cleverly and Geo. Cadmus, the latter a brother of the groom.

After the ceremony the usual wedding feast took place, at which a shower of hearty congratulations was poured upon the newly-wedded couple. A bountiful collation was provided for all those present.

The presents were many and of a high grade, including a well furnished house and a $250 check from the groom's father. Mr. and Mrs. Cadmus took their departure on an early train to spend their honeymoon at Niagara Falls, Buffalo and other points of interest. Upon their return they will take up their residence in Brooklyn.

Following is a list of the guests present: Mr. and Mrs. W. Cadmus, Mr. Geo. Cadmus, Mr. Harry Cadmus, Mr. Wm. K. Cleverly, Mrs. Louise Cadmus, (grandmother of groom), and Miss Minnie Cadmus of Brooklyn, N. Y.; the Rev. and Mrs. Willing, Mr. Dewitt Niven and Mr. John Letskus of New York; Miss Mattie Johnson and Miss Laura Robins of Flemington, N. Y; Miss Katie Struve and Mr. M. C. Osmun of Somerville, N. J.; Mr. and Mrs. L. E. VanSickle and Miss Flora McGlone of White House, N. J.; Mr. and Mrs. David Weaver, Mr. and Mrs. Wm. Lunger, Mr. and Mrs. Caleb Dickinson, Mr. J. B. Hurlburt, Miss Florence V. Hurlburt, Mr. Andrew Carpenter, Miss Ida Weaver, Mrs. Peter Weaver and the Misses Weaver of this city, and Mr. George Tate of Elizabeth.

To Celebrate Their Golden Wedding.

To-morrow will occur the fiftieth anniversary of the marriage of Mr. and Mrs. James Monroe Gaskill of Dunellen. Mr. Gaskill was named after the fifth President of the United States having been born on Inauguration Day in the year 1817.

Mrs. Gaskill was formerly Miss Sarah Haines and she is a few months younger than her husband. The aged couple originally came from Rahway. They have four sons namely, Messrs Randolph and Clayton of this city, and Messrs Frank Harry C., residing at Dunellen, and a daughter is the wife of Mr. R. E. Coriell of this city. The oldest child, a daughter, died when about 18 years old. The youngest, Daniel W., died last July. The widow of the latter named and one daughter reside at Bloomsbury, N. J.

Mr. Gaskill was for a number of years foreman in the blacksmithing department of French's carriage factory, in this city. His wife has been an invalid for several years.

They Give More Than Captain Carey.

Four of the jurymen who were for the acquital of landlord Miller, have donated their fee of 25 cents each to the Children's Home.

This with the reward to the informer that Captain Carey assigned to the same institution, makes a total of one dollar added to its treasury.

Somerset County Won the Main.

A cock fight between birds owned in Union and Somerset counties took place in a barn in Washington Valley, last evening. The Union county birds all belonged in this city. Five battles were fought, Somerset county winning four out of the five battles.

Anybody troubled with rheumatism, neuralgia, stiff neck, or any pain or ache, should procure a bottle of Salvation Oil at once. Price 25 cents.

The New Officers of Wilson Chapel.

At an election for officers of the Sunday school of the Mary E. Wilson memorial chapel, held recently, the following were chosen:

Supt.—E. L. Bonny of North Plainfield.
Asst. Supt.—J. H. Manning of Plainfield.
Treasurer—Andrew Wilson.
Secretary—Isaac Winings.
Organist—Miss Nettie Beeching.
Librarian—George Howard.

Mr. Bonny was elected a Trustee to serve for three years. As President of the society he reported the work of the school to be in a flourishing condition. Many had been added to the school in the past year. With the beautiful new building and better facilities for work, he made an earnest appeal for greater efforts by those in the school to reach those who should be in, but are not. The harvest is great, he said, and an earnest effort is required to make the work effective.

The work of the coming year was laid out. New teachers will be procured, and new classes will be formed, to which non-going Sunday school scholars will be cordially invited. Enterprising citizens are engaged in beautifying the grounds adjacent to the school house, which have been somewhat out of repair.

To-night.

No one factor in the fun-producing incidents of life in New York caused near so much mischievious merriment as did the now widely-famous "Yours Forever, Mary Ellen Ryan" letter. This letter forms a very important part of the story which is told in the comedy of McKenna's Flirtation, which Barry & Fay are to give this evening at Music Hall.

Of the many thousand copies which were sent out a goodly proportion were well calculated to deceive even the shrewdest of shrewd people. Naturally the recipients of these letters were very much amazed to find a letter addressed to Dear Tim and many amusing efforts were made to discover the identity of the writer. Not until it was made generally known that the letters were sent out for the purpose of advertising the performances of Barry & Fay in McKenna's Flirtation, did many of the persons who received the letters know how cleverly they had been kept busy guessing as to the identity of their amorous correspondent.

The Scotch Plains Shooting Case.

Constable Moffett and special officer Mattox went to Scotch Plains, this morning, and drove a herd of Italians back to this city on foot One of the men, Constantine Mormain was charged by Petrello Porquline, before Justice Nash, with shooting at him on Sunday last, as told in THE PRESS. An interpreter was present and through him several witnesses were examined. The trouble, it appears, originated over a game of cards.

Justice Nash held the accused in his own recognizance in the sum of $100, to await the action of the Grand Jury.

The W. F. M. S., 17th Anniversary.

Runaway From the Freight House.

A team of horses attached to a wagon loaded with beer kegs, ran away from the freight house, just before noon today, and in turning into East Fourth street, the wagon was overturned and wrecked. The beer kegs were strewn around in the roadway.

A great benefit has been secured to the poor by the introduction of Dr. Bull's Cough Syrup; for it now only takes 25c. to cure a cough or cold.

Respectfully Referred to Mr. Hecker.

TO THE EDITOR OF THE PRESS:—Will you kindly call the attention of the Street Commissioner to the condition of the gutter on the West side of Park avenue and Second street. It is quite dangerous for a wagon heavily loaded to go over it faster than a walk; if not attended to the city may have a case for damages on its hands. CARL KARSTH.

The Miller Trial Over Again.

City Attorney Marsh has demanded a new jury, moved the retrial of the case against Joseph B. Miller, and THE PRESS is informed, "Captain Carey has set it down for Monday, April 7."

—The Board of Directors of the Middlesex Gun Club will hold a meeting at Force's Hotel, to-morrow evening at eight o'clock, to consider important matters.

Never Bets On His Own Horse.

They tell a good story of a man who has a fondness for fast horses. A year or two ago he had one that was said to be a "flyer," and marvellous stories were told about what she had done, and was capable of doing. But an intimate friend noticed that the owner of the wonderful horse never staked any money on her.

"Why don't you back her for a good, round sum if she can do what you claim she can?" he asked. "That would prove that you had confidence in her, but as it is——"

"See here, my friend," said the other, with a twinkle in his eye, "don't you know me well enough to know that I'm *too modest* to bet on my own nag, especially when I feel sure that she can't come out ahead?"

When a man knows he can accomplish what he undertakes he doesn't feel too modest to say so. When Dr. Pierce put his Favorite Prescription before the public as a certain remedy for all diseases, with "satisfaction guaranteed or money refunded" on every bottle of it, it proved that he had entire confidence in the preparation. He felt sure of its merits, and the testimony of thousands of women who have been cured, proves that his faith was well founded.

TWO BYE-ELECTIONS

The Conservatives Make a Gain in the Ayr District.

NO OPPOSITION TO A HOME RULER.

Bismarck in Tears on His Departure from Berlin for Friedrichsruhe.

Mr. Davitt Settles the Liverpool Dock Strike—England and the the Labor Conference—The Plot Against Prince Ferdinand—Parnell Withdraws a Libel Suit After an Apology Has Been Made.

LONDON, March 27.—Mr. Vesey Knox, Nationalist, was yesterday elected to the seat in the House of Commons for the West Division of County Cavan made vacant by the death of Mr. Biggar. There was no opposition to Mr. Knox.

The election in the bye-district comprising Oban, Irvine, Ayr, Campbelltow and Inverary to fill its vacancy in the House of Commons caused by the resignation of Capt. John Sinclair, Home Ruler, took place yesterday.

It resulted in a gain for the Conservatives, their candidate, Mr. Somervell, receiving 2,610 votes, against 2,400 cast for his opponent, Mr. Routledge, Liberal. At the last election Hon. E. Ashley, Liberal Unionist, who was Capt. Sinclair's opponent, received 2,268 votes, and Capt. Sinclair 2,331.

BISMARCK IN TEARS.

His Departure from Berlin Causes Many Pathetic Scenes.

BERLIN, March 27.—The departure of Prince Bismarck from Berlin for Friedrichsruhe was witnessed by an immense concourse of people.

The ex-Chancellor held an audience of three-quarters of an hour duration with the Kaiser. Crowds gathered on the sidewalks and cheered the Prince.

While the ex-Chancellor was driving past a bridge situated between the Lustgarten and Unter den Linden, the horses attached shied, and their legs became entangled in the traces. When the horses had been controlled a throng of people gathered about the carriage and a remarkable scene here ensued, many of the ladies present flinging bouquets at the Prince, while others seized and kissed his hands.

The "Man of Blood and Iron" while attempting to father out his thanks broke down and wept. "My children," he shouted to the crowd, "I see you once again."

Parnell Withdraws a Libel Suit.

LONDON, March 27.—The Exeter Gazette has tendered Mr. Parnell an apology for its action in republishing from day to day as they came out the charges made by the Times that the Irish leader connived at crime. Mr. Parnell, who had begun suit against the Gazette for libel, has accepted the apology as satisfactory, and will cause the legal proceedings to be dropped.

Petitioning for the Duc d'Orleans' Release

PARIS, March 27.—The Republican and Monarchist leaders are petitioning President Carnot to release the Duke of Orleans from the prison at Clairvaux, where he is now confined. The Duke was visited by his mother, the Countess of Paris, yesterday. Rumors are in circulation to the effect that the Duke will soon be set free.

The Labor Conference.

BERLIN, March 27.—The delegates of the labor conference hope to conclude their labors on Saturday. The result for England will be simply nil. Should the other States adopt the decision of the conference, it will be tantamount to an imitation of English labor legislation.

Davitt Settles the Dock Strike.

LIVERPOOL, March 27.—An agreement has been reached at a meeting between the striking dock laborers and their employers, and the strike is over. The meeting was arranged by Mr. Davitt, who has been actively championing the cause of the men.

The Plot Against Prince Ferdinand.

SOFIA, March 27.—Major Panista, who has confessed his connection with a conspiracy to remove Prince Ferdinand from the throne, states that the object of the plot was to effect a reconciliation between Bulgaria and Russia.

Johnstown's Memorial Hospital.

PITTSBURG, Pa., March 27.—Dictator Scott, of this city, and other members of the Relief Committee, are now in Johnstown selecting a site for the $110,000 Memorial Hospital endowed by the Flood Commission. The statement of Secretary Kremer that a detailed report of where the flood money went will not be printed has caused a good deal of severe comment in Johnstown. In deference to the public demand, names, but not the amounts given, will be printed.

From Poverty to Wealth.

PHILADELPHIA, March 27.—Mrs. James McCauley, who has been living in abject poverty for a number of years at No. 209 Chester street, this city, has recently learned that her husband, whom she supposed was dead, is a wealthy miner at Burke, Shoshone County, Idaho. His fortune is estimated at $200,000. McCauley has been communicated with and his wife expects to soon join him in his Western home.

Awoke from a Trance and Then Died.

NEW BRUNSWICK, N. J., March 27.—A number of friends of Christopher O'Neil of Condit street were gathered at his house to attend a wake over his child, when the little one sat up in its coffin and began to cry loudly. It had been in a trance. The suddenness of its awakening thouroughly frightened those who had gathered about what they supposed to be its dead body. Last night the child died in convulsions.

Cut His Wife's Throat.

BOSTON, March 27.—Charles Cowlishaw, aged 55, a furniture salesman who was recently discharged for drunkenness, killed his wife Elizabeth, aged 35, in their room at No. 27 Melrose street, by cutting her throat with a razor. He refuses to give any reason for the act except that the woman "aggravated" him. He is under arrest.

WORK OF WHITE CAPS.

A Cruel Husband Given a Coat of Tar and Feathers.

SYRACUSE, N. Y., March 27.—A case of shameful brutality almost unknown in this part of the country occurred near Hartford last night, when Newman Matthewson, a prominent and wealthy farmer, was taken from his house, whipped and given a coat of tar and feathers by a band of masked men who called themselves "White Caps."

Less than a year ago Matthewson married his brother's widow, and recently they have not agreed on account of the disparity in their ages.

The stalwart men of Hartford learned of alleged brutal whippings administered to the young wife an concluded to give the husband a lesson. There were about 20 of the men who took the matter into their own hands. Matthewson was seized when he came to his door, stripped and in the presence of Mrs. Mathewson, who stood in the door, a whip was applied.

This was followed by a liberal coat of warm tar, which was finished off with feathers in wasteful extravagance. Mrs. Matthewson is said to have offered no remonstrance, but seemed to think he was getting only what he deserved.

Matthewson was more dead than alive when his tormentors left him. He says that he will prosecute the men who abused him if he can learn their names, which is doubtful.

SHERIFF FLACK RESIGNS.

He Says He Has Been Persecuted by Sensational Newspapers.

ALBANY, N. Y., March 27.—At 10:30 last night Gov. Hill received the resignation of Sheriff Flack, of New York County, which was handed to the Governor at the Executive Mansion by Mr. McDonald, Sheriff Flack's clerk. The resignation reads:

SHERIFF'S OFFICE COUNTY COURT HOUSE, CITY AND COUNTY OF NEW YORK, March 26, 1890.

To His Excellency, DAVID B. HILL, Governor, Albany.

DEAR SIR:—I hereby resign the office of Sheriff of the city and county of New York.

I have been convicted by a court and jury of the crime of conspiracy, and while I still protest that I have committed no crime against any human being or against the State, and that I have been most inhumanly and cruelly persecuted by sensational and partisan newspapers, and while I am informed and believe that the offense of which I have been convicted is not one which works a forfeiture of my office either of itself or by Executive action, I nevertheless recognize that a person convicted of a criminal offense, no matter how innocent he may be, ought not, as a matter of propriety, continue to hold public office. I therefore resign mine, in the belief that I shall yet be vindicated in the courts, and that the time will come when my fellow citizens will know and say that whatever mistakes I may have made, I have been guilty of no crime.

I respectfully request that my successor may be immediately appointed, to the end that I may at once turn the office over to him.

Yours Respectfully,
JAMES A. FLACK.

Governor Hill, when asked about the appointment of a successor to Mr. Flack, said he had given the subject no consideration whatever.

Archbishop Heiss Dead.

MILWAUKEE, Wis., March 27.—A La Cross, (Wis.) dispatch announces the death in that city last night of Archbishop Heiss, of Milwaukee. In May, 1878 his name was sent by Most Rev. Archbishop Henni to Rome for the coadjutorship of Milwaukee to which he was promoted in March 1880. In 1881 by the death of Archbishop Henni he was made Archbishop of Milwaukee. He was a native of Bavaria and was 73 years of age. His death was not unexpected as he has been dangerously ill for several weeks.

Killed by a Safe Mover.

NEW YORK, March 27.—John H. Atkinson, aged 44, a lawyer, was killed at his office, 1,732 Broadway, by Felix Palmer, aged 33, foreman of a gang of safe movers, who were putting a safe into the office. Atkinson had some words with Palmer, who finally struck him on the head with a heavy stake of wood, crushing his skull. Palmer was arrested. He claims he acted in self defense, as Atkinson was about drawing a pistol. No weapon was found on Atkinson's person.

Shot the Wrong Person.

NEW BEDFORD, Mass., March 27.—Geo. A. Lawton, a discharged employe of Miss Nellie Chase, went out to her farm at Dartmouth and demanded a team at the point of a gun. Meeting Miss Chase on the road Lawton discharged the gun at her, but the charge entered the face of Frank Rogers, who was driving. He is in a critical condition.

A Car Roof Blown Off.

SUSQUEHANNA, Pa., March 27.—As an Erie freight train was passing over the high Starucca viaduct at Lanesboro the wind blew the roof from a car, and it fell upon Patrick Minahen and Thomas Shaughnessy, track laborers, who were at work upon the bridge. Minahen will probably die, but Shaughnessy was only slightly injured.

The Railroad Commissioner's Decision.

AWFUL LOSS OF LIFE

A Terrible Tornado Strikes Louisville, Ky.

PART OF THE CITY IN RUINS.

Telegraph Wires Down and Direct Communication Impossible.

MANY BUILDINGS CAUGHT FIRE.

The Path of the Cyclone a Square and a Half in Width.

Over 2,500 Houses Destroyed in Louisville—The City Filled With a Crazed Mass of People Wildly Seeking Friends—Recovering Bodies from the Ruins—The Killed Figured at 500. Widespread Damage, Reported from Several States—The Town of Metropolis, Ill., in Ruins—A Raging Blizzard at Milwaukee—Buildings Wrecked in Many Places

CINCINNATI, March 28.—Reports from Louisville say that the most terrible cyclone in history is raging there.

The whole western part of the city is destroyed. The loss of life is estimated from 500 to 1,000 people.

The city is in confusion. The storm is stil raging with frightful violence. Everything is in an uproar.

The telegraph wires are all down and direct communication is impossible.

The storm crossed the Ohio river and wrought fearful havoc in the town of Jeffersonville, Indiana, which lies opposite Louisville.

It is now reported that six blocks on Main street, from Seventh to Thirteenth streets, are wrecked. There is not a sign of a building in this district.

The meagre reports show that the people of the stricken city are wild and half crazed with fear. Hundreds are fleeing to the country.

The death rate is probably larger than was first reported.

The Operator's Account.

CINCINNATI, March 28.—The following is the account sent by the operator from Jeffersonville: "The cyclone struck Louisville in the southwestern portion and took a northwesterly direction. I only saw the course of it from 14th and Walnut streets to 11th and Market streets, from this latter point I followed its course to 7th and the river where it left the city and striking across the river reached Jeffersonville at the foot of Spring street. Little damage was done in Jeffersonville, however."

In Louisville the devastation is terrific and the loss of life will certainly reach hundreds if not thousands. In one building, at 12th and Market, two lodges and a dancing school were in session, there being in the building perhaps 100 people, not one of which is thought to have escaped.

"I stood and watched them working on this ruin and saw six or eight corpses taken out in fifteen minutes. There is scarcely anything left that would indicate this heap of rubbish had ever been a building, and if any of its inmates escaped it was nothing less than a miracle. The path of the cyclone was about a square and half in width."

NEWS FROM LOUISVILLE.

A Few Details of the Terrible Work Done by the Tornado.

CHICAGO, March 28.—A special dispatch just received from Louisville, Ky., estimates the loss of life at 700.

The Falls City Hall, where the knights and ladies of honor were holding a meeting, a dance was in progress, was completely demolished and but few people escaped with their lives. Many of the wrecked buildings and the debris in the path of the tornado caught fire and many people were burned to death.

Thousands Killed and Injured.

LOUISVILLE, Ky., March 28.—The latest news this noon says the tornado entered the southern portion of the city at 18th street and swept a path five blocks wide diagonally reaching in a ragged line to Seventh street, levelling every building in its path, probably 2,500 houses.

A rough estimate puts the killed at 500 with thousands injured. The city is filled with a crazed mass of people wildly seeking friends.

A large force of men is at work on the ruins and about 100 bodies have been recovered. It is impossible to get names.

Buildings on Main street, from 8th to 14th street, is in ruins and not one of the handsome wholesale houses are left, and all the tobacco warehouses are swept away.

MILFORD, Mass., March 28.—H. W. Eames was attacked by W. F. Reynolds, an insane patient whom he was watching, and narrowly escaped being killed. The lunatic first struck Eames with a brick and then grappled with him.

An hour's struggle then ensued, during which furniture was broken, burning lamps upset, etc. Reynolds was finally overpowered. He had attempted to set fire to his bedding, and had two sharp knives concealed ready for use. Eames was badly bruised and will be obliged to use crutches.

HELP FOR MINERS.

Hon. W. L. Scott Sends His Employes a Check for $5,000.

MT. CARMEL, Pa., March 28.—Two thousand miners at Hon. W. L. Scott's mines, in this vicinity, have been idle three months. Mr. Scott has sent his check for $5,000 for their benefit, with instructions to draw for more if necessary.

This, with the promise of a speedy resumption of work, has greatly encouraged the men, whose sufferings during the period of idleness have been great.

A Box of Explosives for a Teacher.

PHILADELPHIA, March 28.—Miss Kate F. McMenamin, principal of the Springer Primary School, was handed a suspicious-looking box after school commenced in the morning. When she opened the box a flame burst out, but there was no explosion and no injury was done, beyond the throwing of Miss McMenamin into hysterics and the school into an uproar. The sending of the box is attributed, but as yet without proof, to a teacher who was dismissed from the school yesterday, but who refused to leave and was removed by the police. She is said to be demented.

Houses Sinking at Wilkesbarre.

WILKESBARRE, Pa., March 28.—A tremor of the earth and the sinking of houses in the northern part of the city demonstrated the fact that a cave-in had occurred somewhere in the Conyngham mine. A party of mine explorers made a descent into the workings, but did not deem it advisable to approach near to the cave. They find that it is in a direct line with the recent settling under the Lehigh Valley Railroad shops and round-house. As far as can be learned the settling in the interior is undoubtedly widespread and has caused great damage. The mine is operated by the Delaware & Hudson Coal Company.

Jimmy Carroll Crowding McAuliffe.

SAN FRANCISCO, March 28.—Jimmy Carroll's challenge to fight Jack McAuliffe again for $10,000 has not yet been heeded by the New Yorker. Carroll is out in a card saying that McAuliffe is afraid to meet him again, that he (McAuliffe) knows that he crawled out of a narrow aperture in their late fight; also if he is not afraid he would cover the forfeit out of his own pocket, and not get out of making the match on the plea that his backer, Dick Roche, has left San Francisco for the East.

A Headstone Over Each Grave.

JOHNSTOWN, Pa., March 28.—A meeting of the committee on reburial of the Johnstown dead was held. It was reported that all the unknown dead had been removed to the Grandview Cemetery and that a contract had been made for a headstone over each grave. It was decided that the committee be continued until it was feasible to erect a monument to the unknown dead of such character as would be a fitting memorial of this unparalled disaster.

Levees Continually Breaking.

MEMPHIS, Tenn., March 28.—The Mississippi and Arkansas lowlands seem to be doomed. Levees are continually breaking, and the floods are practically beyond control. Work on the crevasse at Arkansas City has been suspended, meaning devastation for that section. Rescuing parties in boats and skiffs have been organized at various points. The negroes in the bottoms are panic stricken and many of them will be drowned.

Failure of a Well-Known Farmer.

READING, Pa., March 28.—Wellington M. Wenrich, a well-known farmer of Lower Heidelberg, this county, assigned for the benefit of his creditors his farm of 204 acres, one of the finest farms in Berks County. This is the sixteenth farmer in this county who has failed within a very brief period.

Hundreds Homeless.

NEWPORT, Ky., March 28.—The situation here is a pitiful one. Hundreds are homeless. All the leading industries of the city have been shut down for 10 days. There is much suffering among those dependent on them for wages. Last night 40 families were camping in the Court House. The city has organized a patrol relief and is doing all it can to relieve those in distress.

Restricting the Coal Output.

NEW YORK, March 28.—The sales agents of the six great coal producing companies met here and decided to continue the policy of restricting the output. The production for April is fixed at 2,000,000 tons. No action was taken as to price. It is believed that Austin Corbin's suggestion to have one price for all the year has been tacitly agreed to.

A Sexton Shoots a Priest.

BALTIMORE, Md., March 28.—The sexton of the Catholic church at Texas, Baltimore County, shot Father Lanagan twice in the leg. He ran for the woods but was captured. It is believed he is insane.

DOUBLE EXPLOSION

Frightful Calamity in a Chicago Sugar Refinery.

SEVERAL PERSONS KILLED.

The Floors of the Building Literally Blown to Atoms.

Destruction of the Building by Fire—The Sound of the Explosion Heard a Mile Away—Thousands of Workmen Rush to the Scene—A Large Number Seriously Injured—Names of the Dead.

CHICAGO, March 28.—Six or eight men were killed and an unknown number wounded last eveing, as the result of a boiler explosion in the sugar refinery at the corner of Beach and Taylor streets. The refinery is sixteen stories high, the largest in the West, and employs 300 men, divided into day and night gangs.

A few minutes before 6 o'clock, as the day men were preparing to leave, the largest boiler in the establishment exploded. The flames which immediatly followed the explosion reached the starch department and occasioned a second explosion, tearing away three floors of the mammoth structure.

The sound of the explosion was heard a mile away, and attracted thousands of workmen who were hastening homeward to the scene. A "4-11" alarm was sent in, and every fire department in the city responded.

The main damage was in the starch house, a two-story structure that was added to the sixteen-story refinery three years ago. The second explosion is supposed to have been due to the ignition of the fine mill dust that filled the air.

The fact that the fireboats responded to the alarm gave rise to the report that the shipping in the vicinity was on fire. The fireboats added their tremendous volume of water to those of the engines and standpipes and saved the refinery proper and the valuable surrounding manufacturing property.

Before 9 o'clock sixteen wounded men had been removed and three bodies discovered, all so badly disfigured that they could not be identified. Eight of the men who were found at first sustained injuries of no particular consequence, but of the 17 wounded and found deep in the burning pile many will die.

Nothing could be more horrible than the sight of the bodies taken out of the ruins. Two of them were mere trunks, the arms and legs having been burned away and the faces so mutilated and disfigured as to be absolutely unrecognizable.

The Death Roll.

Later reports show that at least twelve men are missing. Those whose names have been learned are as follows, and they are all believed to be dead: Albert Hess, Frank Wallish, Frank Tieman, August Tieman, Peter Schrader, Mike Hauer, Frank Graff, all employes of the refinery.

Knights Will Strike To-Day.

WILKESBARRE, Pa., March 28.—Four hundred employes of the Sheldon Axle Company will strike this evening. Some time ago three men were discharged when work was slack. Last week other men were hired in their places. The remainder of the employes objected, and asked that the old men be reinstated. The request was refused. The Knights of Labor sustained the men and ordered a strike. As 90 per cent. of the men are Knights of Labor it is thought that every man in the shop will strike.

Celebrating Thurman's Birthday.

NEW YORK, March 28.—A special from Columbus, O., says: John J. Lentz made a visit to New York last week, where he held a conference with ex-President Cleveland in regard to the celebration of Judge Allen G. Thurman's next birthday, Nov. 13, with a grand Democratic dinner here. Mr. Cleveland is said to be anxious that the occasion shall be made one of national character and is one of the prime movers in the affair. He will be present and among those who will be asked to participate are mentioned Chief Justice Fuller, Roger G. Mills, Don M. Dickenson and ex-Speaker Carlisle.

Died in His Son's Store.

ELMIRA, N. Y., March 28.—Leham E. Rosenbaum, a retired merchant, walked into the wholesale millinery store of his son, and with the remark that he was in pain, sank to the floor and died instantly. He was a prominent Democrat and had served a term as one of the managers of the Elmira Reformatory. He was about 80 years of age.

Suicide at Seventy.

NORRISTOWN, Pa., March 28.—Henry F. Denner, aged 70 years, hung himself in the stable of his son-in-law, William Seasholtz, near Wentz's church, half a mile from Centerpoint, Montgomery County. With his wife and daughter he occupied half of Seasholtz's house and appeared to live happily. No cause for the hanging is assigned.

Cracker Bakeries for the Syndicate.

KINGSTON, N. Y., March 28.—The English syndicate that is endeavoring to buy up all the cracker bakeries are trying to induce Bros. of Poughkeepsie, and S. Staples & Co. of this city, to accede to their terms. These are said to be the only two concerns of the kind in this State who now hold out and are controlled by Americans.

$500 THE FIRST NIGHT.

"01 Over" Comanche To-night, and Punch and Judy To-morow Afternoon.

The "Bazar of Days" was opened last evening at the Crescent Avenue church, and was a grand success. A large number of people from all religious denominations in the city were present. The receipts were over $500.

A quantity articles were sold, but as there was a great deal contributed, there is still a large display on hand. The refreshment room was well patronized, so that, although a second supply of iced cream was obtained, the doors were closed at ten o'clock, as the provisions had given out. The prices were remarkably reasonable. One could go through the whole bill of fare for half a dollar, and he could get a good supper for less.

The bazar will continue through this and to-morrow afternoons and evenings. Do not fail to hear Mr. Camancho to-night, and to-morrow there will be a Punch and Judy show for the children.

The Rev. Mr. Mitchell's Lecture.

In Vincent chapel, last evening, a large audience was assembled to hear "What Will Mrs. Grundy Say." The lecture was under the auspices of the Ladies' Christian Work Society of the M. E. church, and will net a nice sum.

At the hour appointed, the pastor of the church came forward and introduced "Mr. C. B. Mitchell, who will lecture to you this evening." Before commencing his lecture, he stated it was with considerable persuasion and not a little deference that he consented to deliver it before his own congregation and people. It was the first time he had ever so done. As a lecturer Mr. Mitchell proved himself also a success. The subject was interesting, amusing and at times eloquent.

Appreciation and Praise in Poetry.

The New England supper at the Crescent Avenue church, had such an effect in arousing the divine afflatus in the breast of a local poet, he composed the following, last evening, just after eating his fifth piece of pumpkin pie:

Just go to the Fair and enjoy the feast
Of the many good things they have down East;
Such pumpkin pies, baked beans, and brown
bread too,
With lots of dainty things exposed, to view.
In such profusion, has never been seen,
As all will testify who view the scene.
The apple sarse you'll eat to such excess,
'Twill make you wish to move down East, I
guess
Our feast will shew the people of the town,
That Presbyterians do such things up brown.

MR. WALTER SCOTT.

What They Think of Him Out Where the World's Fair is to Be.

The other day in THE PRESS was told of the handsome full page portrait of Mr. Walter Scott, of this city, that was printed in *The Inland Printer*, a hundred-paged Chicago magazine of printers' arts. This is what it said of him:

"It is with pleasure that we are enabled to place before our readers the portrait of a gentleman whose name is familiar to every printer in the United States, Mr. Walter Scott. Blessed with great genius, tireless energy, indomitable perseverance and administrative ability, he has succeeded in building up what is now the largest and most progressive printing press manufacturing establishment in the World.

"Mr. Scott was born in Scotland on May 22, 1844. He was educated at the Ayr Academy, studied theoretical and applied mechanics, and learned the machinist trade. He came to the United States in 1869 and settled in Chicago. He was employed in several printing offices and was for many years foreman of the pressrooms of the *Inter Ocean*. In 1872 he commenced to make inventions in printing machinery. His mechanical skill and thorough knowledge of the requirements of the printing office enabled him to produce economical and labor-saving machinery which was eagerly sought after by the appreciative printer. Among his inventions at that time was the printing from a web, pasting, cutting and folding, so as to produce a newspaper with the leaves cut in book form at one operation; also a new rotary web printing and folding machine which produced 30,000 copies per hour. The demand for Mr. Scott's improved machines became so great that extensive arrangements were made to manufacture them. Each new invention, however, created more demand for machines, so that in 1884 it was found necessary to erect extensive and commodious works at Plainfield, New Jersey.

"Messrs Walter Scott & Co. now make no less than 117 different kinds and sizes of printing machines, ranging from a small cylinder press to a large book and newspaper machine costing $40,000 and capable of printing, pasting, cutting and folding 96,000 eight-page papers per hour; besides many other machines and appliances connected with printing. The many improvements, excellent construction and convenience of the Scott presses have given them a reputation for speed, quality of work and durability.

"Mr. Scott is now devoting special attention to adapting the perfecting press to fine printing, and predicts that in a very few years all illustrated magazines and books having large circulations will be printed by the rotary web perfecting presses, and those of less circulation on flat-bed perfecting presses, in both instances producing the books folded at one operation. Mr. Scott has constructed several machines of both kinds, which are now in successful operation. He has also overcome the difficulty of making curved electro plates, by means of a very simple machine which bends the plates, after they are cast and shaved flat, into the suitable curve, without the least injury to the face of the plate."

GONE BUT NOT FORGOTTEN.

A Carlton Avenue Resident Removes to New York, But Leaves His Household Effects for the Benefit of His Creditors.

Mr. James C. Groendyke of No. 35 Carlton avenue, has removed with his family to New York, but for a week previous to his departure Special Officer Mattox vainly sought to effect an entrance into the house so as to serve a writ of attachment to satisfy a chattel mortgage of about $80 held by a furniture firm in Newark.

Mr. G. Q. Packer of this city, also sold Mr. Groendyke a bill of goods, and afterwards in a suit to recover the payment for the same, he got a judgment for 56.47. Last week, however, Mr. Packer's goods were surrendered to him, and the judgment was set aside.

On Tuesday of this week Special Officer Mattox levied on the goods which had been purchased from the Newark firm, and yesterday afternoon the goods were sent back to Newark.

The family it is said, left town on Saturday, leaving the furniture, clothing, etc., in the house. In order to get possession of the house, Mayor Male, the owner, yesterday took out a distress warrant and had the balance of the goods removed to Marshall's storage warerooms on Park avenue.

Mr. Groendyke moved here from Elizabeth about a year ago. People who know him say that he means well, but of late he has been in hard luck. Among other creditors is Mr. R. O. Howell, the grocer, who obtained a judgment for 36.12, and who still holds the judgment but not the money; Mr. Henry Liefke, the baker also has a small claim, but the landlord's claim for rent will not, it is thought, exceed $200.

The Carpenters' and Masons' Ball.

The ball given under the auspices of the Carpenters' and Masons' Union, in Amphion Hall, last evening, was a pronounced success, both financially and socially. About 200 guests were present, and passed the night dancing to Prof. Frazee's music. Schorb Bros., furnished the supper.

LANDLORD vs. TENANT.

A Jury Immediately Decide That Mr. Fiske Must Pay His Rent With Interest.

The case of Bullock & Co., vs. Wilson Fiske, was tried yesterday in the City Court room before Justice Nodyne and a twelve men jury. The case took the entire day and was ably conducted by the counsel on both sides.

The plaintiffs rented to defendant last October their house and lot situated at 51 Kensington avenue this city for one year at the monthly rental of $47, agreeing to make necessary repairs on the house. Mr. Fiske paid but one month's rent, and has continued to occupy the premises since October 1889, refusing to pay any more rent until the landlord had made certain repairs that he thought should be done.

The landlord claimed that he had already expended nearly $300 for repairs on the house since Mr. Fiske rented it, and that he could not do any more repairing until Mr. Fiske paid his rent as agreed upon at the time of the letting. Mr. Fiske produced an alleged agreement drawn up by himself, which the landlord said he had never before seen and which failed to bear the signature of the latter.

The jury which consisted of Messrs B. T. Barnes, John F. McIntyre, W. W. Winans, Chas. H. Lyman, B. R. Force, E. L. Boice, J. C. Allen, Wm. Newcome, Edward White, W. H. Warner, F. Bowman and C. W. Runyon, were out but a few minutes when they called for the Justice and rendered a verdict for the full amount claimed by the plaintiff together with interest to date and costs of suit, which will amount to about $200. The plaintiffs were represented by Wm. A. Coddington, and Counsellor Wm. K. McClure defended Mr. Fiske.

The defence was merely a preliminary matter, as the case involves questions of law that must be decided by either the Court of Appeals or the Supreme Court. Counselor McClure gave notice of immediate appeal, and the bond was filed today.

SHATTERED THE REPUBLICAN POLE.

"Mount Ararat" Goes Through a Regular Milk Shake.

Lightning struck Westfield for fair, this morning, at 8:30 o'clock. Mr. John Knapp had just passed when a bolt of fire descended on the big Republican pole at the corner of Broad and Elm streets, and shattered the top of it to pieces.

Mr. W. J. Gilby, of Gilby & Pierson, just before he heard the loud report, saw a ball of fire jump into the air from the iron bands that bound the upper length of the pole to the lower. This ball of fire immediately burst and the concussion broke in the windows of Mr. Fred Decker's, Gilby & Pierson's and a barber shop in the Wittke building.

The metal ball at the top of the pole, was thrown into the gutter across the street. The bulletin board built around the base of the pole, on which the Republican notices are posted, was torn all to bits and scattered a hundred feet in every direction about the road.

The damage and effect in the public library rooms, were peculiar. Splinters from the pole smashed all the windows in the library, and although not a piece of wood or anything else was to be seen inside the room, a PRESS reporter found that the top of the stove had been broken off and thrown on the floor. This piece of iron was still hot when the reporter picked it up.

There had been a severe shower a half hour before the occurrence, but there was no particular disturbance at the time, and not a sign of lightning nor a sound of thunder anywhere near. It came like the firing of a gun, without the slightest warning.

PROGRESS OF THE TOURNAMENT.

The "Mondays" Pass the "Nameless" and Take Second Place.

The Mondays of Westfield, whom the Crescents of this city so easily defeated, are now second in the Central Bowling Tournament. At Westfield, last evening, the 49th and 50th games were rolled, and the "Nameless" were defeated in both.

Mr. Fancher of Fanwood, was umpire. The scores were as follows:

MONDAY.	1st	2d	NAMELESS.	1st	2d

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectually cured by the use of **Ayer's Sarsaparilla.** Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 125th st., New York.

"One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. Stark, Nashua, N. H.

WASHINGTON TOPICS

Pan-American Talk of Absolute Reciprocity.

PROPOSED BY U. S. DELEGATES.

The Report Not Denied by the Secretary of State.

Mr. Blaine's Eldest Daughter to be Married Next Month—Chinese Opposed to Census Enumeration—Another Rumor that First Assistant Postmaster-General Clarkson Will Resign.

WASHINGTON, March 28.—Secretary Blaine was asked about the correctness of the published report to the effect that two United States delegates to the Pan-American Congress were, in the name of the Secretary and with his approval, to make a proposition of absolute reciprocity to the representatives of the South American countries.

The Secretary read the published dispatch carefully and with evident interest, but positively declined to make any comments, and would not permit himself either to admit of deny the truth of the statements it contains.

It was learned, however, from a gentleman who is supposed to be well posted as to what is going on in the conference, that Mr. Flint and Mr. Coolidge, two of the delegates from the United States, have been and are still in consultation with some of the foreign delegates with reference to the subject above stated, but whether they are under the instructions of the Secretary of State could not be learned.

The proposition is said to involve the surrender by the United States of the duties upon sugar and carpet wools imported from the countries of Central and South America, in exchange for similar concessions from the Government of those countries as to the merchandise imported from the United States, including all farm products, refined petroleum, lumber, agricultural implements and machinery, and some other articles. It is asserted that such an exchange of concessions would increase the exports from the United States to Latin America from fifty to sixty millions of dollars a year.

MISS BLAINE'S MARRIAGE.

She is to Wed Walter Damrosch Early Next Month.

WASHINGTON, March 28.—The marriage of Miss Margaret Blaine, the eldest daughter of the Secretary of State, and Mr. Walter Damrosch, the well-known musician of New York City, will take place in this city on the 17th of April.

The day has been slightly hastened by the fact that some of the most intimate friends of both the bride and groom had planned a trip to Europe a little later on in the month, and an earlier date had to be selected for the wedding so that they could be present. The wedding will be very quiet, and beyond the President and Mrs. Harrison and their household, and the Cabinet families and some of the closest friends of the Blaines, a few of whom will come from out of town, there will be none others invited. It will in all probability be a home ceremony.

The bride-elect is now engaged in the selection of a simple trousseau. Owing to the fact that, with the rest of the family, she is wearing mourning, their is no reason to have it otherwise. Mr. and Mrs. Carnegie, with whom Miss Blaine was making a coaching tour, when the romance of her life began in the meeting of Mr. Damrosch, are to be here for the wedding.

EASTON, Pa., March 28.—The gallows on which Bartholomew, the murderer of Aaron Delliard, will expiate his crime April 9, is finished.

The murderer expressed a desire to view the structure on which he is to be hanged, and his request was granted.

After examining the gallows Bartholomew remarked that it would be a first rate thing on which to slaughter hogs. "I'm a butcher and have slaughtered quite a number of hogs in my day and should know." He then expressed a desire to see the trap spring, and the smooth working of the instrument caused him to turn pale.

NEW YORK, March 28.—Arthur F. Halliday, son of Rev. S. B. Halliday of Brooklyn, late assistant pastor of Plymouth Church, died of paresis in the Bloomingdale Insane Asylum. Few of the venerable Dr. Halliday's friends knew that his son was in the liquor business, and when Arthur's disease manifested itself in eccentric acts which led to his recent removal to the asylum, the publicity given to the facts caused great grief to the family. The deceased was 52 years of age.

Nothing had been said about it in the national encampment, and, if it were true, the soldiers would be likely to know about it.

The Griswold Murder Trial.

CORTLAND, N. Y., March 28.—The trial of Robert Griswold, for the killing of Denis O'Shea, a farmer, is in progress here. During the latter part of September Griswold and O'Shea quarrelled over some cows belonging to O'Shea which had wandered on to a farm where Griswold worked. They parted and Griswold turned round and shot O'Shea in the side with a heavy charge of shot. The defence is to be insanity. The general opinion seems to be on the part of those who know Griswold that he has been deranged for years.

THE GREAT TORNADO

Further Particulars of the Disaster at Louisville.

MANY HUNDREDS OF LIVES LOST.

The Full Extent of the Calamity Not Yet Known.

THOUSANDS OF HOMES IN RUINS.

Fire Added Its Horrors and Many Persons Were Burned to Death.

Heartrending Sights and Scenes—The People Too Dazed to Realize Their Position—Graphic Description of an Eye-Witness—Dancing Children Crushed to Death—Louisville Refuses Outside Assistance—Appalling Loss of Life at Metropolis—Awful Scenes at the Ruins.

LOUISVILLE, Ky., March 29.—This city, which sat so proudly on the banks of the turbulent Ohio but 24 hours ago, giving no thought to danger, is to-day mourning the loss of 300 of her citizens whose lives went out in the twinkling of an eye, and her sons and daughters are standing around the bedside of hundreds of others who were injured, many of them fatally, in the terrible disaster that has overtaken her.

The calamity came without warning and it found men and women engaged in their usual avocations, and many seeking pleasure, only to find the halls of their gayety and mirth turned suddenly into the most terrible of sepulchures.

Early in the evening the clouds west and southwest had a threatening aspect, and a brisk wind with rain prevailed for two or three hours, but although the violence of the storm increased as darkness approached, no alarm was excited. About 8 o'clock the clouds were seen to mass themselves to the southwest of the city.

Approach of the Cyclone.

Half an hour later the blast came with terrible effect, the culmination as it were of all its threatenings of hours before. Just west of New Albany the Ohio bends to the south and it was here and on the Indiana side that the storm assumed the proportions of a cyclone and started upon its devastating course. Crossing the river at a point just below New Albany it struck the suburb of Portland and unroofed several houses, and apparently fed by the partial destruction it struck the city at Seventeenth street and Broadway and took a direct northeast course, striking the squares in its path at the angles, and extending about one and a half squares in width. Each square brought it nearer to the business portion of the city until it struck Main and Eleventh streets. Here its track was broadened until it covered three squares, passing out of the city at Seventh street where it crossed to the Indiana side. The space traversed was not less than three miles, and on every side widespread desolation was visible.

An Appalling Scene.

Massive buildings of brick and stone were crushed and scattered on every side and hardly a residence fell that some inmates were not killed or injured. The cries of the survivors and the groans of the injured mingled together and added to the appalling desolation of the scene. At first there could be no organized effort at rescue. Hundreds of homes had been demolished, husbands and wives, parents and children had been separated and each knowing nothing of the condition of the other ran frantically from place to place looking for the lost.

Three Cremated in a Saloon.

The saloon of John Sherman, at 16th and Magazine streets, crumbled beneath the storm. The woodwork ignited from the stoves, and Nick Sullivan, William Diemer and Ben Chelk were burned to death. The corpses were charred beyond possibility of identity.

3,000 Buildings Demolished.

No definite statement can be made of the number of persons killed by the visitation, so great is the confusion.

The number of injured surely runs into the thousands. The best part of the city is in ruins. Four hundred business houses have been destroyed on Main, Market, Jefferson and Walnut streets, from 7th to 16th. In all, nearly 3,000 houses must have been demolished.

Gangs of men have been constantly at work searching in the great mass of debris for victims.

Policemen made efforts to restrain anxious crowds from entering dangerous places in the devastated districts but their efforts were of no avail.

Within a short time after the tornado occurred men were at work at the Falls City Hall, carrying out the dead. The first work was to cut through the slate roofing.

While this was being done, groans of dying people in the hall were plainly heard. It was more than hour before the first victims were taken out.

Ten dead women were found locked in each other's arms.

Within the next hour thirty men and women were taken out dead; all of whom had lost their lives by suffocation. The gaspipes had been severed and flooded the place with the deadly vapor.

Searching for Relatives.

From the hour of the advent of the storm until this morning telegraphic communication with the outside world was made impossible on account of the destruction of the wires. The fact only added to the general panic and confusion.

The scenes that have been enacted must be imagined. Frantic people have wandered hither and thither in search of relatives and friends, but found nothing but confusion.

The authorities and volunteers have done all possible toward organizing their forces and removing the victims. To-day outside relief came in the form of doctors, and there are temporary hospitals everywhere.

Slowly Burned to Death.

When the fire broke out in the ruins on Seventh street, a man, his wife and little girl were seen wedged under the debris, and although they shrieked and moaned, and the spectators made almost herculean efforts to release them, it was impossible, and they slowly burned to death in the presence of helpless hundreds.

A Water Famine Sure to Follow.

The water works are ruined. The big standpipe, through which all the water is forced into the reservoir, was demolished by the cyclone. The city's water supply is thus cut off, and it is not known how long it will take to repair the damage. Consequently a water famine is sure to follow. All the windows of the pumping station were blown out. The standpipe was 160 feet high, and was built of brick, iron and wood, and was four feet in diameter on the inside.

A Minister and His Son Killed.

One of the harrowing incidents of the disaster was the killing of the Rev. Stephen E. Barnwell, rector of St John's Episcopal Church, and his young son Dudley. Mrs. Barnwell was so badly hurt that she may die. St. John's Episcopal Church, adjoining the double house, was shattered throughout, and nothing but a mass of bricks and splintered beams is left to tell the tale.

AID FOR THE SUFFERERS.

Local Relief Committees at Work But Louisville Asks No Outside Help.

LOUISVILLE, Ky., March 29.—A well attended meeting of the Board of Trade was held at noon to discuss measures for the relief of the sufferers, President William Cornwall, Jr., presiding. A relief committee of 50 was selected. It was decided that four members should be assigned to each square and all parts of the wrecked district be visited.

An estimate of the damage will be immediately made and the first help extended to people in a destitute condition. Then the committee will turn its attention to repairing the damage. It was requested that owners of teams should close their business places and use every effort to assist those needing help. An executive committee of seven was also selected to secure homes for the homeless.

Within a few minutes after the passage of those resolutions $15,000 had been subscribed. The Norton Infirmary has consented to take care of as many injured as possible free of charge.

It was finally voted that the chairman of the committee should prepare a statement to be authoritative for the use of the press. It is as follows:

"The calamity that has overtaken the city of Louisville by the cyclone of last night about 9 o'clock spread over a territory of our city covering a space of ground some four hundred yards wide and three miles in length through the business and residence portion of the city. The loss of life is in the neighborhood, it is believed, of some 75 persons, and the loss to the city, the calamity in damage to houses and goods, is believed not to exceed $2,000,000. While the calamity is a great one our citizens feel able to cope with it and are not cast down, but will at once proceed to repair and resume business in the channels interrupted. In all other portions of the city business is resuming its usual channels."

A TOWN WIPED OUT.

Bowling Green Was in the Path of the Tornado and Was Swept Away.

CINCINNATI, March 29.—Late dispatches state that the tornado struck the town of Bowling Green, Warren County, Ky., and completely wiped it out. As the wires are down no detailed report can be obtained, and but the meagre fact that the calamity had occurred has been received.

Bowling Green has a population of between 5,000 and 6,000 inhabitants, and the loss of life is conjectured to be correspondingly large. The ill-starred town was directly in the path of the tornado as traced on the map, and the report beyond doubt is true.

New Albany Escapes.

LOUISVILLE, Ky., March 29.—New Albany, from her situation under the shelter of the Silver Hills, which protects her on the west and north, escaped all damage beyond the blowing over of a few signs and the breaking of the moorings of several coal boats that were landed along the shore.

Miss Clara Barton to Go to Louisville.

WASHINGTON, March 29.—Miss Clara Barton of the Red Cross Society called at the White House and informed the President, who is ex-officio chairman of the governing board of that organization, that it was her intention to start for Louisville and the devastated district immediately to give what aid she could to the sufferers from the disaster.

Played Havoc at This Town.

ST. LOUIS, March 29.—A special from Nashville, Illinois, says that the cyclone struck that city with terrific force and that not a pane of glass is left in a window with western exposure.

Although no lives were lost, there were many narrow escapes.

The City Hall, a large frame structure 40x100 feet, valued at $10,000, was completely demolished.

Johnstown Tents for Louisville.

HARRISBURG, Pa., March 29.—A large number of tents belonging to the State of Ohio, which have been stored here since the Johnstown flood, were shipped to Columbus last night, to be available for use at Louisville.

AN AWFUL WARNING

The Appalling Prediction of Sergeant Dunn.

PEOPLE WHO ARE IN DANGER.

The Greatest Flood in the History of the Country is Impending.

The Rains Will Make an Ocean of the Mississippi—Channels Choked Up—New Orleans in Great Danger—Impossible for People Living in the Lowlands to Escape a Terrible Calamity.

NEW YORK, March 29.—Sergeant Dunn, of the Signal Service, says that one of the greatest calamities the country has ever known is imminent and that it is the duty of the press to warn the people of the lower Mississippi to prepare for the worst. He says:

"The flood tide just entering the river from the Missouri River at St. Charles, and at Cairo from the upper waters of the Ohio, will be greatly augmented to-day by the increased rainfall and high winds, and there is every probability that all the districts bordering upon the lower Mississippi River will experience the greatest flood ever known.

"The river is now up to its highest watermark, and the increasing floods from the tributaries now emptying into the Mississippi will make it impossible for those living in the lowlands to escape if they do not make haste.

"It will be the greatest calamity that has ever befallen that section of the country.

"The damage will be greater below Memphis. The storm is just like an enormous pitcher of water poured upon a country already flooded.

"Although several immense crevasses have been found in the levees below Vicksburg from 200 to 1,500 feet wide and twenty to twenty-five feet deep carrying off millions of gallons of water every second, the height of the river at Vicksburg and Cairo has remained almost stationary at the top-flood limit.

"This shows that the channel of the river below is all choked up with alluvium and wreckage from the first flood and that this is acting as a damage which will eventually work havoc with all the levees.

"When the wave crest from this new storm comes down the river things are bound to be carried away, and the entire surrounding country covered.

"This will probably arrive at Cairo in two or three days, but it may be two or three weeks before it reaches New Orleans. New Orleans will be visited without doubt by one of the most disastrous floods ever known, and I would not give five cents for my life in that city when the wave crest strikes it.

"I do not say this to frighten people, but am simply stating facts that will be verified. I have been stationed at Cairo, New Orleans and Cincinnati during times of great floods and I know what they are.

"Some of the strongest levees on the river," he continued—those at Helena, Ark.—have been swept away completely in the last two days. To-day it is snowing all through the Northwest, the lake regions, the Northern Mississippi Valley and in New England, and raining in the South, the storm covering every State west of the Rockies."

The Atlantic Baseball Association.

NEW YORK, March 29.—At a special meeting of the Atlantic Baseball Association held at the Fifth Avenue Hotel, the schedule question was referred to a committee consisting of Messrs. Burnham, Lang, Barnie and Trott, with power to act. It was decided to open the season on April 19. Each club will take four trips, playing 126 games. Three games will be played on the first trip, and two each on the other three trips. The Spalding ball was adopted.

Fishermen Pleased.

GLOUCESTER, Mass., March 29.—Fishermen express great satisfaction over the letter which Secretary Blaine has written to President Robson of the National Fishery Association. The Secretary writes regarding the case of the American schooner General Coggswell, seized by the custom authorities at the port of Halifax, and assures the association that a fair and just settlement of the question at issue will be reached.

Boys on Strike.

BRIDGTON, N. J., March 29.—Over 100 snapping-up boys employed in the Columbia glass works are on a strike for an increase of pay. The boys have been receiving $2.70 per week, and they demand an increase to $3. Over 100 glass-blowers were thrown out of work by the action of the boys. Many of the blowers, however, are in sympathy with the boys, and it is expected that the firm will accede to their demand.

Bismarck and the Kaiser.

BERLIN, March 29.—Prince Bismarck has written a long farewell letter to the Bundesrath. The Reichsanzeiger publishes letters from every part of Europe thanking Prince Bismarck for his services to the State. This publication in the official journal is supposed to indicate that the friction between the Emperor and Prince Bismarck has been removed.

Another Big Labor Congress.

LONDON, March 29.—A Congress of workingmen, composed of delegates representing over 100,000 laborers of all industries, is shortly to be convened in London. The main purpose of the Congress is to take measures to the end of increasing the representation of the working classes in Parliament.

Some of the Expert Trap Shooters Compete on the Middlesex Gun Club Grounds at Dunellen.

There was a large attendance at the all-day shoot on the grounds of the Middlesex Gun Club at Dunellen, yesterday. Among the expert shooters present were Messrs Quimby and Whitney, representing the Great Eastern team, and Messrs Budd, Stice and Cahoone, representing the Western team.

During the day, the rainstorm interfered materially with the shooting, but there were nevertheless ten matches in all shot at five live birds each. The birds were furnished by Mr. Charles Smith, and they were a fine lot of flyers, but few of them escaping outside of the enclosure.

Mr Wm. Egbert performed valuable services as treasurer of the live stock department.

PARTICULAR MENTION.

The news at Martinville is that "Mr. Linbarger of Plainfield is visiting Mr. C. B. Waldron."

Miss Mabel VanDeventer, and Miss Bertha Warman, are home from college for the Easter vacation.

Mr. Richard Williams, son of Mr. and Mrs. E. P. Williams of West Seventh street, is home from Swarthmore College.

Mr. Chas. W. Wilkisson has disposed of his West Seventh street property and with his family will spend the Winter in New York.

Overseer of the Poor, C. C. Day, of North Plainfield, died at his home, corner of Park place and Duer street, at half-past one o'clock this afternoon.

The Somerville *Democrat* says: "Charles A. Reed, Esq., has been appointed Counsel for North Plainfield Township. Mr. Reed is certainly making himself very popular."

At the congregational church parsonage, by the Rev. C. L. Goodrich, on March 13, Mr. John Allen of North Plainfield, and Miss Annie E. Toms of Warrenville, were united in marriage.

Mr. C. J. Westervelt and wife of this city will next week remove to Manuet, New York State, where they will take possession of a stock farm. The farm is beautifully located, and is situated about five miles from Nyack.

Mrs. S L. Fraser, who lives just outside the swath cut by the cyclone at Louisville, Ky., has telegraphed her father, Mr. P. M. Demarest of this city, that she and hers are unharmed, but that the destruction of life and property is heartrending.

Senor Lorenzo Paoli, erstwhile known as "Peanut John," has just returned from another trip to his mother soil, Italy. His visit this time in that sunny land, was of longer duration than usual, and his little Irish son that he took with him has now become quite a padronne.

The Press has received a sample copy of a new periodical called "The Better Day"—a journal of temperance education. The new paper is published semi-monthly by Messrs Funk and Wagnalls, of Nos. 18 and 20 Astor place, New York, and starts out with a generous amount of reading matter.

The Rev. Dr. A. H. Lewis and Mr. Aaron Powell, of this city, were among the guests present at the fiftieth birthday of Mrs. E. B. Grannis, President of the Christian League for the Promotion of Social Purity, and editress of the *Church Union*, at her home, 33 East Twenty-second street, New York, Thursday evening.

An Enjoyable Affair.

At the home of Mr. William W. Pearson 68 Liberty street, last evening, there was a scene of gayety when the friends of his son, Master Charles I. Pearson, did him honor by giving him a surprise party.

There was a merry throng and as soon as the music started the floor was covered with gay dancers who enjoyed themselves heartily. Miss Emily Haff, of Evona, was unremitting in her efforts in assisting Mrs. Pearson in making the affair a brilliant success.

Among those present were the Misses Florence Blake, Emma Teller, Maggie Shepherd, A. M. Hall, Emma Deacon, Minnie Rockfellow, the Misses Bosterli, the Misses Minnick, Bessie Schenck, Hattie Garretson and Messrs Arthur Carpenter, Harry Roberts, Daniel Dunham, Edward Cooley, Charles Hawley, Charles Wilson, Benjamin Webster, Henry Adams, John VanDyke, William Hoffman, Harvey Dayton and others.

Classes for Physical Culture.

The subject of physical culture is attracting a great deal of attention and all the colleges are providing expensive gymnasiums, with trained instructors. Nor are the colleges alone in this matter as the smaller institutions of learning are likewise making the same provision for their patrons.

Although there has been several spasmodic attempts to establish a gymnasium in this city, they have not been successful. Now however the Plainfield Bicycle Club, as has been stated in these columns, has erected a suitable building, and thoroughly equipped it with the latest and best apparatus that can be obtained. It was originally intended for the use of club members only, but yielding to the solicitations of their many friends they have decided to establish classes for physical culture to which non members will be admitted, of which notice is given in another column.

—According to Signal Service officer R. J. Shaw, fair weather is promised for to-morrow.

A FLYING TRIP THROUGH PLAINFIELD.

How the Minstrel Played in Boston and Philadelphia on the Same Day.

There was especial fervor in the greeting of the crowded audience to George Thatcher, the minstrel, when he appeared on the stage of the Central theatre, Philadelphia, Thursday night at 10.30, to contribute his share of the big variety performance there. He had successfully carried out the project of appearing in Boston and Philadelphia on the same day, without missing a night in his engagement in this city, thus accomplishing an unprecedented feat. The Boston appearance was made the day before yesterday for sweet charity's sake, the occasion being a benefit for the Boston Lodge of Elks.

Mr. Thatcher had begun his monologue at the Philadelphia theatre on Wednesday night at ten minutes of 8 o'clock. The train by which he was to go to New York over the Pennsylvania Railroad was to leave Broad Street station at 8.11, but it was held ten minutes for him. He left New York at midnight and arrived at Boston at 7 o'clock Thursday morning. He appeared at the benefit at 11.20 and left the Hub on his return trip at noon. The story of his return is told in the despatches given below:

BOSTON, March 27, 1890.

W. J. Gilmore, Central Theatre, Philadelphia.

Thatcher played here at Elks' Benefit matinee today and left on time for New York. Result of matinee, $6,000.

[Signed] JOHN BRAHAM, Exalted Buler of Boston Lodge of Elks.

NEW YORK, March 27, 1890.

W. J. Gilmore, Central Theatre, Philadelphia.

At Liberty Street Ferry on time, 7.20 P. M. Will leave in ten minutes.

[Signed] GEO. THATCHER.

In this city, the home of Mr. Thatcher, he was met at the train by a delegation of citizens and a PRESS reporter, who presented him with a basket of flowers. He found time here to pen the following telegram:

W. J. Gilmore, Central Theatre, Philadelphia.

Arrived at Plainfield on time. The populace was at the depot and cheered the train *a la* Harrison, Morton and Cleveland. [Signed]

THATCHER.

The minstrel sent the last telegraphic bulletin of his trip from Trenton, as follows:

Arrived here on time and will be at the theatre about 10 30 sure. I have just started to black up on the cars so as not to delay the performance.

Mr. Thatcher was met at Broad Street station when the train rolled in at 10 12 P. M., by Frank Moran, who shook hands with him, hurried him down the stairs, and had hardly found time to say "Jump into this carriage, old man," before the pair were whirling toward the Central. The carriage pulled up at the stage entrance of the theatre at 10.25, and Mr. Thatcher stepped upon the stage at 10.30 to do his turn as usual.

The telegrams above mentioned had been read from the stage at various points in the programme, as received, so that the big audience had awaited the monologuist's coming with eager anticipation. When he did appear, the deafening applause lasted almost a minute.

Mr. Thatcher was very tired, but naturally elated over having broken all records. He said that he would give an account of his trip with his usual embellishments at the performances during the rest of the week.

The Summons That We Longed For Never Came.

It is alleged by Captain Carey's mouth organ that that polite gentleman and bold officer has brought suit against the proprietors of The Press for criminal libel in holding him up to public ridicule.

We are sorry to say this is not so. At least no summons to answer has been received. We have not yet given up hope, however, as we are anxious to reply to such a charge.

The Press holds no person up to ridicule. Its columns are never influenced by anyone's private spite or opinion. What Captain Carey has done that's good, this paper has praised. We are not his enemy—neither are we his pug dog.

All ever published concerning the Captain in these columns, have been facts or matters of court record. We take nothing back, and beg to be sued. Let her go, Gallagher Carey!

A Popular North Plainfield Young Man.

Here's the way a Somerville paper speaks of Mr Harry H. Brokaw of North Plainfield, successor to the late Isaac Brokaw, in the real estate and insurance business:

"The real estate and insurance business of Isaac Brokaw & Son, of North Plainfield, will be continued under the old firm name by Harry H. Brokaw. Harry is an industrious young man, of firm principles, and in addition to being a thorough business man is very popular. The many friends of his father will undoubtedly stand by him."

An Interesting Church Sociable.

The congregation of the First Presbyterian church enjoyed a delightful sociable last evening, arranged by Mrs. J. M. Bettman. The programme consisted of two violin solos by Mr. Conde, accompanied on the piano by Mrs. Buckley; cornet solo by Mr. Chase, accompanied by violin and piano; and vocal solos by Mr. Derby and Mrs. Templin. Much amusement was created by the "packages" which were provided for every one present, and which contained a miscellaneous collection of mirth-provoking articles. Cake and cream were served.

ASSEMBLY BILL 460.

PLAINFIELD'S SEWER BILL TO BE ACTED UPON MONDAY NIGHT.

Our Citizens Who Are Interested Requested to be Present in Trenton Monday Evening—Assemblyman Ulrich Expresses Himself—The Law.

Assemblyman Ulrich has introduced the new bill prepared to provide for the constructing and maintaining of a system of sewers in this city. It is numbered 460 It has been referred to the Committee on Municipal Corporations, and Mr. Ulrich has arranged for a meeting of that Committee in Trenton, Monday evening at seven o'clock, when he desires that every person in this city who has any interest in the bill, any opinion for or against, or any changes to suggest, will be present.

Reports have been circulated to the effect that Assemblyman Ulrich has allowed his personal feelings to impel an antagonism on his part towards the first bill proposed for the purpose. No bill of the sort that would principally affect this city, could be passed in the Legislature without Mr. Ulrich's consent, and unjust motives were attributed to him because he stopped the original bill. A PRESS reporter therefore interviewed him in the matter, this morning. He said:

"There was an absolute and entire absence of all personal feeling on my part in all action that was taken regarding the first Plainfield sewer bill, published in your paper. I thought it a partisan scheme. Two Democratic members of the Council, together with the Corporation Counsel prepared it; it was given to a Democratic assemblyman to introduce. Not a Republican member of the Common Council had seen the bill or knew anything about it until published in THE PRESS the day following its introduction. Therefore in the people's interest I delayed its progress until it was assured that the bill was just what Plainfield wanted. Since then Councilman Newhall, a Republican, has been added to the Committee having the matter in charge, and all possible partisanship is thus done away with.

"Another reason for my opposition was: the first bill drafted provided for local legislation inasmuch as it was meant to apply to Plainfield only, and as the people had chosen me to legislate for them I felt it was an insult to them that the matter was placed in another's hands, who was not elected to represent this District. When the new committee of Councilmen I spoke of met with me, we went over the first bill section by section. and thought it entirely too one-sided. It made no proviso for the wishes of the tax payers, so in Section 2 of the new bill as I have introduced it will be found that the property owners will have something to say in the matter.

"The bill was also changed to the effect that in the new bill the company has not the free and undisturbed right to lay pipes beneath the streets and alleys. The city, by the new bill, can charge for the franchise as it could not by the other one. As the Common Council non-partisan committee has agreed upon this bill, and as the tax payers and the city have a voice in the matter, I introduced it at once and prepared for the meeting of the legislative committee and the people next Monday evening. Inasmuch as I expect in a few days to lay aside my legislative mantle, I want my last acts to have only the same view and aim as have all my acts of the past—the good of the people of my district in general and of Plainfield in particular."

The full text of the new bill which is No. 460, is as follows—omitting the sections applying to the condemning of land, and the sections already published in THE PRESS that were a part of the first bill and were not changed:

SEC. 1. Be it enacted *by the Senate and General Assembly of the State of New Jersey*, That any number of persons, not less than seven, a majority of whom shall reside in this state, may form a company for the purpose of constructing, maintaining and operating a system of sewerage in any city, town or borough in this State, for the purpose of supplying said city, town or borough and the inhabitants thereof with an adequate means of disposing of sewerage.

2. *And be it enacted*, That such persons desirous of forming a company for such purpose shall make, sign and acknowledge, before some officer authorized to take such acknowledgment of deeds, a certificate in writing, which shall state the corporate name adopted by the company, the amount of the capital stock, the term of its existence, the number of directors, the names of those who shall manage the affairs of the company for the first year, or until their successors are elected and qualified, and the name of the city, town or borough in or for which such sewerage system is to be constructed and the business of the company carried on; such certificate shall be filed in the office of the Secretary of State, together with the consent in writing of, and the terms and conditions upon which the consent has been granted by, the corporate authorites, if any, of the city, town or borough in which such sewerage system is to be constructed; *provided, however*, that the corporate authorities of any city, town or borough shall not give said written consent unless a petition shall have been presented requesting the granting of such consent, which petition shall have been signed by the owners of real estate in said city, town or borough, to the number of at least one-half of the number of persons who shall have been assessed as owners of real estate in such city, town or borough in the last preceding municipal assessment for taxes.

3. *And be it enacted*, That when such certificate, conditions and consent shall have been filed as aforesaid, the persons who shall have signed and acknowledged the same, and their successors, shall be a body politic and corporate, and shall have power as such to build, erect, alter, repair, enlarge and maintain all necessary works and apparatus within or without said city, town or borough, and to lay down all such pipes and conduits for sewerage at such times and in such places as shall be necessary and proper to enable said corporation to carry into effect the purposes of its incorporation.

12. *And be it enacted*, That upon application to the corporate authorities of any such city, town or borough for the consent of such authorities as provided in section two of this act, said authorities may, by ordinance, provide that such consent shall be conditioned upon the prepayment to said city, town or borough of a specified sum of money or upon the quarterly, semi-annual or annual payment to said city, town or borough of specified sums of money, or upon payment of specified quarterly, semi-annual or annual percentage of the gross receipts of the corporation to be formed pursuant to such consent; and said corporate authorities shall annex to such consent the maximum prices of rents that may be charged property owners or others for the use of such sewerage system, and any further or other terms and condition or conditions upon which said consent is granted; if the certificate referred to in section two hereof be filed, there shall be annexed thereto and filed therewith a copy of the terms and condition or conditions upon which such consent is granted, and such filing shall be conclusive evidence that said corporation has assented to said terms and condition or conditions, and the same shall be deemed and taken to be binding and operative upon said corporation, its successors and assigns.

13. *And be it enacted*, That such company be and they are hereby fully authorized and empowered to lay their pipes beneath such public roads, streets, avenues and alleys as they may deem necessary for the purpose aforesaid, upon complying with the terms and condition or conditions upon which the consent of the corporate authorities shall have been obtained; *provided*, that the said pipes shall be laid at least three feet below the surface of the said roads, streets, avenues or alleys, and shall not in anywise unnecessarily obstruct or interfere with public travel or damage public or private property; *and provided*, that the consent shall be obtained of the corporate authorities, if any there be, of any city, town or borough through which the same may be laid.

14. *And be it enacted*, That said company may contract with property owners and others for the use of said system of sewerage for such price or prices, or quarterly or annual rents, and such restrictions as said company may think proper; *provided*, that the same shall in no case exceed the maximum rates which ma be named in the terms and condition or conditions on which the consent of the corporate authorities shall have been obtained.

15. *And be it enacted*, That such company shall commence the construction of the proposed system of sewerage within six months from the date of their organization, and shall complete the same within two years from the date of commencement; *provided*, that pursuant to section twelve of this act, the conditions to be annexed to the consent of the corporate authorities may designate a shorter period for the completion of such works.

16. *And be it enacted*, That this act shall take effect immediately.

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectually cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dodge, 110 West 125th st., New York.

"One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. Stark, Nashua, N. H.

PARALYZED WITH FEAR.

A Railroad Conductor's Graphic Description of the Terrible Scene.

INDIANAPOLIS, Ind., March 29.—W. M. Robertson, of this city, conductor of the Jeffersonville, Madison & Indianapolis road, left Louisville about 9 o'clock on the night of the calamity.

Mr. Robertson says he was at supper in the Metropolitan Hotel at exactly 8 o'clock when there was a crashing and roaring on the outside, and all the diners made a rush for the street.

Once there, they were confronted by additional terrors, for the air was full of flying bricks and signs and roofs, and to add to the horror of the occasion, everything was inky darkness. But only for a moment.

The roaring, crashing sound seemed to pass on in the darkness, and in the track left by it there sprang up in every direction long tongues of flame, by which the scene could be examined. Then from the masses of ruins which the flames lighted up came shrieks and sobs and moans.

The confusion caused by the tornado was soon succeeded by that of people running to and fro, wagons and fire engines rumbling over the debris with which the streets were strewn.

For a time everybody seemed paralyzed with fear and apparently in doubt whether to flee or wait for whatever the fates had in store for them.

The work of rescue was at once begun and along that part of the town in which Mr. Robertson was, the sidewalks were soon piled high with crushed and mangled, wounded and dead victims of the storm's wrath.

Wagons of all kinds were pressed into service, and the dead and wounded were hauled as rapidly as the darkness and the confused condition of the streets would permit, to the houses outside the path of the tornado.

METROPOLIS' HORROR.

Fully 200 Houses Destroyed and Several Hundred Persons Doubtless Killed.

METROPOLIS, Ill., March 29.—Fully 200 houses were damaged here by the storm, among them being the Court House and Judge Milkey's residence. A swath of a quarter of a mile was cut across the town, wrecking property of all descriptions and burying men, women and children in the debris.

It is reported that several hundred persons were killed or injured.

The rain soon ceased and the full horror of the situation became apparent. On every side could be heard the groans of the dying, and all around lay the mangled bodies of the dead.

Scores of bodies were removed from the ruins, and the wounded men were taken to the homes of those who had escaped the calamity. Many have died ere this through lack of proper medical attendance. Ten physicians have arrived here from Cairo. The report that several hundred persons have been killed must be true, as judging by the wreckage it would seem impossible otherwise.

COAL DEALERS EXCITED.

Barges Containing $2,250,000 Worth Were Moored at Louisville.

PITTSBURG, March 29.—The telegraph and newspoper offices were besieged for news from Louisville. Pittsburg coal men were especially interested end anxious. Nearly all the large firms have branch offices at Louisville and many of them have associate members of the firms or relatives there in charge.

It is estimated that not less than 10,000,000 bushels of coal, of which 7,000,000 bushels belonged to Pittsburg parties, was moored at Louisville last night. Its value, with craft in which it is loaded, is placed at $1,250,000, exclusive of the towboats, which are valued at a half million dollars more. How much of it is there now is the question the coal men are anxiously asking themselves and one another.

About 2,500,000 bushels of coal had passed below the falls, the remainder being at the "Punkin Patch" on the Indiana side of the river, about four miles above. The larger part of the coal was intended for the New Orleans market.

IN NEW YORK STATE.

The Severity of the Storm Greatly Felt by Lake Vessels.

CHARLOTTE, N. Y., March 29.—A furious storm, with sleet and snow, commenced about midnight and still continues with unabated fury.

Much anxiety is felt for the vessels who were on the lake last night. The schooner Watertown, one of the largest, went ashore in the morning near Bear Creek, twelve miles east of Charlotte. She is owned by Folger Brothers, of Kingston, Ont. She has a cargo of 500 tons of ice. She lies on a sandy beach, and it is thought she can be released without serious damage.

THROWN IN THE OHIO RIVER.

Five Houses Destroyed at Mill Creek and a Woman and Child Badly Hurt.

CAIRO, Ill., March 29.—The gale here sank several shanties and fish boats on the Ohio River, and rendered navigation almost impossible. In the city it blew down one frame house from its foundation into the water. No one was hurt.

The gale blew at the rate of 60 miles an hour.

At Mill Creek five houses and several barns were blown down, and Mrs. Hartline and child were severely hurt.

Relief from Indianapolis.

TO FIGHT FOR THE FLAG.

American Mechanics Call for Armed Men to Help Them Hoist It.

PITTSBURG, Pa., March 29.—The Senior Order of American Mechanics called for 1,000 armed men to assist to-day in placing the American flag on the public school-house at Mucklerat, a small mining town in Sterrett township, this county.

The Mechanics attempted to raise the flag last Saturday, but were met at the entrance to the school yard by a mob, who refused to allow it to be placed on the building. Insulting expressions were made use of, and finally the sentiment became so strong that the School Board finally urged the committee to withdraw, fearing a resort to violence. The Mechanics returned, and after reporting the matter to their council a circular was issued calling for 1,000 armed men to see that the flag was placed on the building to-day. Feeling is high and there may be trouble.

CONFESSED HIS DEED.

Murderer Hill Says He Was Urged to Kill His Child.

LACONIA, N. H., March 29.—Sylvanno W. Hill of Dorchester, N. H., who was sentenced Wednesday to 30 years in prison for child-murder, has made a confession of the crime.

As previously stated, the mother of the child was Alice Bolton, 16 years old, whom he had taken from a charitable institution in Boston at the age of 12 to live in his family.

Hill says the girl urged him to poison the child, and he finally procured laudanum.

The pair then took the child into the woods where Hill says he handed Alice the laudanum which was poured into a bottle of milk.

A few minutes later, he says, the child was dead.

Hill then broke up the ground with a hoe and buried it.

THE STRICKEN CITY

A Large Number of the Cyclone's Victims Buried.

STILL SEARCHING FOR THE DEAD

The Death-Roll Not so Large as at First Reported.

Offers of Aid and Contributions of Money Pouring In—Several Cases of Robbery Reported — The Havoc that Was Wrought in Several Kentucky Towns. Pitiful Incidents of the Great Tornado.

LOUISVILLE, Ky., March 31.—Much of the excitement and terror have now subsided, and Louisville is able to make more accurate estimates of her dead and wounded.

There may be a number of persons yet under the great pile of ruins at Falls City Hall, but it is doubtful. No doubt there are some buried under the many fallen buildings in the western portion of the city, and bodies may be discovered several days hence. It will for some time be impossible to give the exact number of the dead, as a great many persons who are undoubtedly safe are still missing. For this reason the dozens whose relatives and friends are still hunting for them cannot be counted as dead. Several persons believed to be dead have been found alive in other cities.

Eighty-six bodies have thus far been recovered at this point. The total estimate of deaths is now placed at 125, the most conservative estimate.

Houses are at a premium, and in many cases whole families are compelled to huddle together in one room.

Relief measures are going on, subscriptions coming in from all over the country. Emma Abbott sent a characteristic letter and a check for $1,000. Kentucky Representatives in Congress sent $500. Richard Mansfield offers the entire week's receipts at Macauley's Theatre. C. P. Huntington sent a check for $2,000.

A continual procession of hearses, followed by mourners in carriages, filed by Broadway to Cave Hill Cemetery all day yesterday. It seemed that the entire city had formed into funeral processions. There were, in all, ninety burials in that city of the dead.

From over the State the news is appalling. The tornado cut out a swath almost from one end of Kentucky to the other, and it left a mark of death and destruction all the way.

In Webster County alone it is estimated that at least fifty people were killed. One can ride seventeen miles across country without finding a fence or a whole house. The scene is one of utter desolation.

Trees were wrenched from the ground and thrown across roadways. Barns were torn from their foundations and dashed to debris, scattered over 100-acre fields. Nearly 100 people were injured and many will die. The property loss will not fall short of $150,000.

Grand Rivers, a new boom town in which Boston capitalists are interested, was wiped almost out of existence. Four lives were lost.

In the southern part of the State there was another tornado which did much damage, but nothing to compare with that which passed up the river.

Mayor Grant, of New York, sent a telegram to Mayor Jacob, offering to call on the citizens to raise a fund for the destitute in Louisville should such action be desired. Mayor Hart, of Boston, has sent a similar message.

Altogether the property loss in the State will not be covered by $3,000,000, while 250 lives have been lost.

Mayor Jacob has called a meeting of citizens to perfect the deatails of a plan of relief. It cannot be positively asserted that Louisville will avail itself of the generous offers of New York and Boston.

If this city should decline outside aid, all the money that can be raised can be usd to great advantage in the interior of the State where terrible distress prevails.

Thieves and robbers have been at work since the very first night after the tornado swept the town. Numerous bodies have been robbed, although but few have been reported to the police.

Clara Barton, president of the American National Association of the Red Cross, says that she finds nothing to do here, as Louisville's citizens have cared for all the unfortunates in the most complete manner.

Recovering Dead Bodies.

As each body is taken up from beneath the covering of debris and is carried down the heap to the waiting stretcher, half suppressed cheers go up from the crowd. The body is reverently carried to the improvised morgue in Buckley's saloon, across the street, where Coroner Miller and his assistants receive it.

Towns that Suffered Badly.

HENDERSON, Ky., March 31.—Most discouraging reports come here from Petersburg, Blackford and other points in the path of the cyclone. In West Louisville every business houses and half the residences were either wrecked or swept away. Tom Logan, aged 8 years, was killed, and 13 others were hurt, two fatally. At Pooltown, John Wilson, John Babb and two children were killed and many injured. At Petersburg several buildings were unroofed. Blackford was all but wiped out. Twenty-one lives are known to have been lost in this locality and four times as many injured.

Report from the Masonic Committee.

TOLEDO, O., March 31.—Grand Master Burdick has received the following from the Masonic Committee at Louisville, Ky.: "Over 400 houses destroyed. Three hundred persons are injured, but are still alive, of whom twenty per cent will probably die from their injuries. One hundred and twenty-five are now dead. The citizens seem desirous of caring for their own dead and injured. Only one lodge room was destroyed, but no lives were lost. As far known only one Mason was injured, and he not dangerously."

FLOOD SUFFERERS.

Relief Committees at Work in Memphis to Help the Distressed.

MEMPHIS, March 31.—The situation below here is growing more desperate every hour. The levees along the whole coasts are water-soaked and weak, the pressure continues, and in spite of all efforts to save them they are bound to go.

The Cotton and Merchants' Exchanges, the travelers and the women of this city have held meetings and subscription lists have been started for the relief of sufferers. The people responded promptly, and when the Government boat leaves she will take all the provisions she can carry to the flood-bound sufferers, and will bring off all she can reach, and carry them to places of safety. The difficulty is that many are back of the river where a steamboat cannot reach them on account of the trees. Skiffs must be depended on, and the work of rescue is necessarily slow.

The negroes of the city have taken steps to relieve their own race, who are largely in the ascendancy in the flooded districts. The break at Friar's Point will be very serious. No particulars can be learned, as the wires are all down. The same may be said of Arkansas City. Nothing has been heard from there for twenty-four hours.

In the Leconia circle, which is situated in Desha County, Ark., the scene is a heartrending one. This strip of country is now inundated to a depth of 5 to 20 feet, and the inhabitants number between two and three thousand people, whites and negroes.

Women and children are perched on housetops and haystacks and in the trees. Live stock not already drowned are maintaining a precarious existence with their wretched owners, in some instances on the roofs of residences and elsewhere on improvised platforms of wreckage. Starvation is telling on the cattle, while the human victims are in scarcely less deplorable condition as to food.

TIRED OF LIFE.

A Woman Commits Suicide in a Cemetery at Utica.

UTICA, N. Y., March 31.—A woman about 30 years of age was found dead in St. Agnes' Cemetery, in this city, yesterday. She was in a kneeling position when discovered, like a person engaged in prayer, nearby her was found a bottle which had contained laudanum.

The woman evidently committed suicide by the use of the drug. She left a letter saying she was tired of life and asking for burial and nothing more. From the name on an envelope containing her photograph it is supposed that the dead woman's name is Mary L. Englesfield.

She came to Utica Friday, from Albany, it is thought. Her home is believed to be there or in Binghamton. Her appearance indicated that she was a person without means.

Died in a Barn.

NEWARK, N. Y., March 31.—An unknown man about 28 or 30 years old was found in the barn of Mrs. Lydia Sherman in the morning. When found he was in an unconscious condition and soon expired. The body was removed to Pierson's undertaking rooms and Coroner Chase, of Macedon, was notified. No papers were found on the dead man to show who he was or where he came from, but a show programme of January 14th, of Troy date, was found in his pocket.

Strict Law for Commercial Agencies.

YANKTON, S. D., March 31.—The Bradstreet and Dunn commercial agencies are disturbed lest they be forced, under a new law, to cease doing business in South Dakota. The law in question provides that every commercial agency doing business in the State must have a paid up capital of $50,000, and must also deposit $50,000 in the State Treasury, subject to judgment and garnishment of persons injured financially by the agency making the deposit.

A Big Pottery Burned.

NEW BRUNSWICK, N. J., March 31.—The pottery of Adam Green, at the foot of Burnet street, near the steamboat dock, was destroyed by fire yesterday and the stock ruined. It was the largest pottery in this section of the State and manufactured large quantities of tile and stone ware. The loss is about $10,000. There is but little insurance, as a number of policies had recently lapsed, and Mr. Green had failed to have them renewed.

Compositors Object to a Foreman.

FALL RIVER, Mass., March 31.—The night compositors on the Tribune declined to work last night until foreman F. W. Sherman, who had severed his connection with the Tribune, was reinstated. The men claimed that the new foreman was opposed to union principles and was tyrannical. The typographical union has taken the matter in hand.

Must Pay the Back Taxes.

TRENTON, N. J., March 31.—The arbitrators to whom was referred the matter of back taxes on the Morris & Essex Railroad Company's property have decided that the company must pay the back taxes in the following sums: $100,000 within 30 days after the adjournment of the present Legislature; $100,000 within 60 days, and the remainder within 90 days.

Vermont's Ice Crop.

BENNINGTON, Vt., March 31.—Ice twenty inches thick is being cut here, and the prospect is the harvest will continue a month yet.

PANIC AMONG THE PASSENGERS.

A Belief that the Desire to Break the Record Caused the Accident.

A Purse of $3,000 Raised for the Mariners' Institute—The Elections in Portugal—Crowds Visit Bismarck—President Carnot's Trip—Queen Victoria's Rheumatism—Parliamentary Elections.

LONDON, March 31.—The accident to the City of Paris occurred when the vessel was 216 miles off Fastnet. The passengers say they heard a loud crash, followed by an explosion. The ship quivered and the thumping of broken machinery in the engine room shook the steamer from stem to stern. She began leaking badly from a hole which had been broken in the bottom.

The pumps were quickly manned and the boats were ordered to be cleared. The passengers were much excited, but the officers remained calm, and their presence of mind and enforcement of regular discipline soon had the effect to restore the confidence of all on board.

The steamer Adriatic passed the City of Paris, bound west, and would have aided her but for the fact that the freight steamer Aldersgate, which also came up about the same time, was able to tow the disabled steamer into port. Three tugs soon joined the Aldersgate and aided in towing the City of Paris to Queenstown. On arrival at that port the passengers assembled in the saloon, and after a religious service in recognition of the providential escape had been held, resolutions were adopted complimenting the captain and crew upon their able and unwearied efforts for the safety and comfort of the passengers.

A purse of $3,000 was raised which will be donated to the Liverpool and New York Mariners' Institute. The steamer was drifting about for 60 hours before aid came to her. Fortunately the weather was fine and there was hardly a breath of wind. Signals of distress were constantly shown, rockets and flare lights being used at night. Finally, on Friday morning, the Adriatic was sighted. She offered to take off the passengers and convey them to New York, which was all that she could be expected to do under the circumstances. Some of the passengers thought that the big White Star steamer ought to have turned around and towed the City of Paris into port, but the officers of the City os Paris said this would have been against all precedent, and entirely unnecessary in view of the fact that the disabled steamer was not in distress, and was in reach of other help.

The passengers speak very highly of the conduct of the officers and crew, both in the matter of managing the disabled ship and in that of making the passengers as hopeful and comfortable as possible. At the same time there is the general feeling that the breaking of the machinery was the result of the tremendous strain put upon it in the desire to beat the record.

The officers of the vessel were very reticent as to the exact nature of the accident, and the passengers have very hazy views on the subject. There is a general impression that the affair was much more serious than was given out or than the officers cared to admit.

Parliamentary Election.

LONDON, March 31.—Interest in the Parliamentary election for Windsor increases hourly. The Liberals are sending their best speakers to address the meetings, which will be held to-day and to-morrow, and the confidence which they have hitherto felt in their ability to greatly reduce the Conservative majority has increased to positive belief that they will elect their candidates. Mr. Greenfell, Liberal candidate, is very popular, and the fact that it was he who coached the winning Oxford crew in the last 'Varsity race also tells in his favor. The Conservative candidate, on the other hand, is equally unpopular locally, he having been chiefly instrumental in depriving the villagers of the public playground. The ground has been thoroughly gone over and a full vote will be polled.

Queen Victoria's Rheumatism.

LONDON, March 31.—Queen Victoria has begun at Aix-les-Bains the usual treatment for rheumatism. She is taking the baths regularly, and spends an hour every day swathed in flannel bandages, with a towl tied around her head. Those who have seen her reclining in bed after the bath, wrapped up to the chin and looking thoroughly uncomfortable, find it hard to realize that she is Queen of Great Britan and Ireland and Empress of India. From her bedroom window Her Majesty looks out upon one of the finest views in Europe. Her rooms are in the second story of the hotel annex, and are 800 feet above the sea level. The air and baths at Aix have always benefited Victoria, but she is suffering at present from the most obstinate case of rheumatism she has ever experienced.

Bismarck at Friedrichsruhe.

BERLIN, March 31.—Thousands of persons visited Prince Bismarck's residence at Friedrichsruhe yesterday. The Prince personally received as many of the visitors as possible. He was overwhelmed with expressions of admiration and esteem from people of all classes in life, and seemed much affected. Count Herbert Bismarck is expected to arrive at Friedrichsruhe to-day.

President Carnot's Trip.

PARIS, March 31.—President Carnot started on his journey to-day to Corsica in high state, the arrangements for the trip being on a scale of magnificnce, recalling the days of the Third Empire.

An Assault and Battery Case.

An interesting court scene was witnessed in Justice Sutphen's court room at Somerville Friday afternoon, when the case of Henry Schneider and Charles Burnett vs. Edward McManus, John Brown, Walter Brown, and Wm. Farrington for alleged assault and battery was tried. Eight witnesses were sworn on behalf of the prosecution, who on the direct examination told virtually the same story; but on cross-examination it was found that the whole affair was the result of a drunken brawl in which complainants took an active part.

The defendants employed Mr. William A. Coddington of this city to plead for them, who made a touching appeal to the court on behalf of the boys charged in the complaint and rested his case without swearing a witness. The court after reprimanding the young men, dismissed the complaint and set them free.

RESERVED SEATS FOR THE BALL GAMES.

A New Feature Introduced by the Crescent League for the Comfort of its Patrons.

Thirteen men are at work today erecting a new and commodious grand stand on the Crescent League ball grounds, directly behind the catcher's position. When completed it will be entirely filled with 60 comfortable seats, numbered and reserved for the whole season. Tickets for these seats will be on sale at the club house beginning this evening, at $1 each and will be transferable. The bearer will be entitled to the seat numbered on the ticket during all the games of the year, upon payment of admission to the grounds.

The games this year—which The Press will publish the schedule of in a few days—will be against the strongest semi-professional teams in the country, including the Metropolitans, Brooklyn L's, Cuban Giants, Gorhams, Flushings, Acmes, Hackett-Carharts, and Lafayette and Columbia colleges. Against such players the Crescent League will put in the field the strongest amateur team in New Jersey. All its members are in training now, and pitcher Livingston is excelling his wonderful work of last year in Brooklyn. Catcher Jones says he is a phenomenon. The season will open a week from next Saturday if the weather permits the grounds to be put in condition.

PARTICULAR MENTION.

Mr. A. W. Davison, formerly of 36 East Fifth street has removed to Rochester, N. Y.

Yesterday morning Mr. David E. Titsworth sang basso in Trinity choir, in the absence of Mr. Robert Gorton.

Mr. and Mrs. Dr. T. S. Davis of Park avenue, are spending a week at "The Chalfonte," Atlantic City, N. J.

Mrs. Clement Webster, of Philadelphia, daughter of the late ex-Councilman Taylor, has been visiting her mother in this city.

Rev. Dr. Hurlbut, Rev. C. B. Mitchell and Mr. James Mc Gee, spoke at the temperance meeting in the M. E. Church last evening.

Borough Councilman B. A. Hegeman, Jr., is today moving into the home of his father-in-law, Mr. Chas. Matthews of Grove street.

Mr. and Mrs. A. E. Bushnell of "Maple Cottage," East Second street, will start today for Albany where they will visit the Rev. A. V. V. Raymond and wife.

The Rev. C. L. Goodrich, pastor of the Congregational church, conducted the services in Hope chapel, last evening. The chapel was filled, and everybody in the audience was well pleased.

The Rev. W. E. Honeyman delivered an address before the Sunday school of the Trinity Reformed church, yesterday afternoon, to the pleasure and profit of all who heard him. His subject was "Mormonism."

Contractor Charles K. Moore didn't know it was loaded, and while carelessly handling a pistol last night about ten o'clock, was shot through the left hand. Dr. Westcott dressed the wound which was painful but not very serious.

Mr. Seeley Edsall in his address before the W. C. T. U., meeting at 4 o'clock yesterday, took occasion to refer very feelingly to Captain Carey, and instructed all to stand by him in "his trying hour for vindication of his work to overthrow evil in our midst."

Mr. James C. Groendyke, formerly of Carlton avenue, who it was stated in these columns on Friday had left town and a lot of unpaid bills behind him, told a Press reporter today that the story was untrue. He only went on a visit to White House, he said, and is thinking about moving over-the-brook.

Mr. Samuel A. Haines at Reform Hall.

The address of Mr. Samuel A. Haines in Reform Hall, last evening, was able and eloquent and worthy of a much larger audience than assembled there to hear him. His chosen theme was "Wanted more personal temperance," and well did he handle it. He justly criticised those who professed temperance, but failed to carry it into individual practice, declared there was no dividing line between moderate drinking and intemperance, and urged as a living truth, that total abstinence from liquor of all kinds, and in all places, was a Christian duty and the only haven of safety.

Mr. Haines, in the course of his admirable discourse, quoted many instances showing the deplorable effects of the drink habit, all of which would have been avoided had personal prohibition been the governing rule. He was listened to with wrapt attention.

President Harper presided, the Rev. Mr. Honeyman conducted the devotional services, and the choir was led by Mr. King, with Mr. George Rogers as organist. Doctor Honeyman pronounced the benediction.

Services at St. Mary's Church.

The forty hours' devotion which began in St. Mary's church yesterday morning will conclude with a mass to-morrow morning at 8 o'clock. Yesterday being Palm Sunday, palm leaves were distributed during the day. Last evening the Rev. Father White preached on the Sacrament of the Holy Eucharist.

—Mr. Jos. Sattells presents his card to our readers today. If you are about to purchase a piano or organ, consult him at 33 Park avenue.

LANDLORDS vs THE PEOPLE.

Councilman Hetfield Says the Plainfield Sewer Bill Legislates for the Classes Against the Masses.

A Press reporter today interviewed Councilmen Spangenberg and Hetfield, to learn their side of the story of the birth and death of the original sewer bill published in these columns, and the substitution of another one as given in Saturday's issue.

Both gentlemen were emphatic in denying there was any partisanship in the matter until brought into it, they said, by Assemblyman Ulrich himself. Councilman Spangenberg originated the plan of having an outside corporation build the sewers at the expense of private capital, without bonding the people as is done in other cities. He spoke of the scheme to Mr. Ulrich, and it subsequently came up for action in the Republican Council.

In the course of the interview he said: "A resolution authorizing the drawing up of a bill to cover just such a plan was passed by the Council with only one dissenting vote. The committee, which Mr. Ulrich says was a partisan one, merely conveyed to the City Attorney such instruction as was set forth in the resolution, and he—a strong Republican—drew the bill just as it pleased him, and as he drew it it was introduced in the legislature.

"The reasons it was not given Assemblyman Ulrich to be introduced, were two. First: he said he *would not* introduce the bill unless he drew it. Second: he suggested that as the Assembly was Democratic, it would assist the speedy progress of the bill if it were introduced by a Democrat like Assemblyman Marsh, and referred to a committee on which were two Democrats. As the City Attorney is appointed and paid for the very purpose of drawing up such laws and ordinances as the city desires, it was proper that he should draw the bill the Council directed. So it could not be entrusted to Mr. Ulrich. As to his second statement quoted above, just the course he suggested was followed."

Councilman Hetfield said, in relation to the changes made by the new bill, that there were but two. "The first is," he said, "where by Sec. 13, the city's power to make certain conditions as to the laying of pipes, is specified. Now in the original bill, Sec. 15, it enacts that the city may annex to its consent *any* condition or conditions it pleases, and such proviso included the one specified in the new bill as well as as many others as may seem proper for the people's benefit and protection.

"The other addition to the text of the bill," he continued, "and which is the only *change* made, I think a most unjust one to the tax payers; and one which, if the bill so passes, may prevent the building of sewers in Plainfield for years. Mr. Spangenberg and myself strenuously fought the insertion of Sec. 2 in the new bill, which provides that the city shall not give consent for sewers to be built unless petitioned so to do by at least one-half of the real estate owners of the city. The people's wishes are not considered, the Council they elected to legislate for them have nothing to say nor power to do, but an aristocratic one-tenth of the voters shall choose as suits their interests and incomes. It is legislation for the landlords and not for the people. And what may be the result? The landlord will say: 'Now I can't get any more rent for my house with sewer than with cesspool, so I'll sign no petition for it.' So the classes will rule the masses, and Plainfield will go without the sewerage system that is just now of such vital importance to her health and continued prosperity."

ALL SECTS JOINED IN WORSHIP

The Rev. Mr. Richards Expresses His Pleasure and Appreciation.

A Union Service of the congregations of this city will be held in the Crescent Avenue church on the evening of Good Friday, April 4, at 8 o'clock. The service will be conducted by the Rev. Mr. Rodman, assisted by the pastors of the several churches. Christian people of every name who may be ready to meet in the name of their Common Lord and spend an hour in prayerful meditation on His cross and passion, are earnestly invited to come.

The Rev. Mr. Richards in announcing this meeting, yesterday morning, said: "Never in my ministerial experience have I been more pleased than with the feeling of christian fellowship shown between the several churches of this city. I am sure we all feel the honor of being allowed the privilege of having the first service of the kind ever held in this town, within our own church."

Death of Mr. Charles C. Day.

The funeral of the late Charles C. Day who died on Saturday, will take place from the house, 92 Duer street, North Plainfield, on Wednesday at 2 P. M.

Mr. Day was a man both well and favorably known in this community, where he has resided for many years past. He leaves a wife, two sons and two daughters.

Services for Holy Week at the Holy Cross.

There will be services at Holy Cross church every morning at 11 A. M. Holy Communion on Thursday morning. The second service on Good Friday is at 7:45 P. M. The Rev. Dr. Taylor will preach at that service.

Whatever tends to increase usefulness, by banishing pain and suffering, will certainly secure notice and approval. We allude to Salvation Oil.

TEN YEARS OF PROSPERITY.

Trinity Reformed Church Celebrates the Tenth Anniversary of its Organization With Appropriate Exercises—Historical Data in Connection With the Church.

Yesterday was the tenth anniversary of the organization of Trinity Reformed church, and the morning service was devoted exclusively to a proper and appropriate observance of the event. On account of the unsettled condition of the weather the attendance was not unusually large, but there was nevertheless a fair representation of the members and friends of the church present. After the usual congregational opening exercises, the Rev. Cornelius Schenck, the pastor, announced that his text would be found in 1st Thess., V: 11-13, adding that on the occasion of the organization of the church ten years ago, the sermon was preached by that cultivated and Christian minister, the Rev. W. J. R. Taylor, D. D., of Newark, who took the same text as that just read. Incidental to presenting an historical sketch of the church, the Rev. Mr. Schenck read the following interesting account of the church, previous to the organization of Trinity Reformed church:

In 1864 the Rev. D. V. MacLean resigned as pastor of the First Presbyterian church and with several families withdrew and organized a new church. For a time they worshiped in the Seventh Day Baptist church, at that time located on the Westerly side of Centre street (now Central avenue) corner of Third street, until Dr. MacLean resigned in 1865. They then organized the Central Reformed (Dutch) church and called the Rev. John Simonson to be the pastor, and purchased of the Union Baptist Society the building erected by them in 1861 on Second street near Cherry street now (Park avenue.) In 1869 Mr. Simonson resigned and the Rev. N. E. Smith was called to succeed him. In 1872 the building was enlarged to its present dimensions by extending the sides and adding about 40 feet to the rear. In the year 1873 the Central Reformed church was changed to the First Congregational church. In 1877 Dr. Smith resigned and William Manchee was chosen as his successor.

In the Spring of 1880 foreclosure proceedings were commenced by the Mutual Life Insurance company, and as the church was otherwise indebted beyond the ability of the Society to pay, the church was abandoned and a portion of the members organized the present Congregational church with Mr. Manchee as pastor. The other members together with members of the Reformed church connected with other churches in the city, organized the Trinity Reformed church and on June 20, 1880, purchased at Sheriff's sale the building now occupied by them for $12,000.

The Rev. Mr. Schenck then took occasion to thank Messrs Daniel and John H. VanWinkle and others for assistance rendered in compiling the historical sketch, which he then read, and of which the following is only a summary:

On March 16, 1880, at a special meeting of the Classis of Newark, a petition was presented by Messrs Wm. Swalm, Wm. B. Stewart and Theo. Mace, asking that a Reformed church be organized in Plainfield. A Committee of Classis, of which the Rev. W. J. R. Taylor, D. D., was chairman, were directed to visit this city and take the necessary steps toward effecting such organization. The Committee met on March 22, and unanimously agreed that the petition should be granted. On March 29, 1880, the church was organized with 55 members under the style and title of "The Trinity Reformed (Dutch) church of Plainfield, N. J." Henry Lindsley and Geo. L. VanEmburgh were elected Elders, and David O. Kilbourn was elected Deacon.

After several unsuccessful attempts to secure a pastor, a call was made in December, 1880, to the Rev. A. V. V. Raymond of the First Reformed church of Paterson, which was accepted and his labors began on the first Sunday in January, 1881. He continued in the discharge of his pastoral duties until February 1, 1887, when he accepted a call to the Fourth Presbyterian church of Albany, N. Y. During the six years of his pastorate, the church was blessed with a remarkable growth in all departments.

On January 1, 1882, a chattel mortgage of $2,800 was paid. When the church was yet an infant, in 1882, the house of worship was partly destroyed by fire. The building was thoroughly refurnished, refitted and repaired within and without. Services were resumed therein on the third Sunday in October. The cost was nearly covered by the insurance, $4,490. During Mr. Raymond's pastorate 354 new members were added.

In May, 1887, a call was extended to the present pastor, the Rev. Cornelius Schenck, then of the Fourth Reformed church of Philadelphia. He accepted and was installed June 30, of that year, the Rev. Dr. Taylor preaching the sermon, the Rev. Dr. David Waters charging the pastor, and the Rev. Dr. Vehslage charging the people. During Mr. Schenck's pastorate of less than three years, 152 have been received into the church. The present membership is 425.

A debt of $14,000, chiefly contracted at the time of the purchase of the church building has been reduced to $4,500, and an early liquidation of this amount is anticipated. The Consistory at the present time consists of six elders and six deacons. The following persons have served, or are now serving the church, as officers:

Elders—Messrs Henry Lindsley, Geo. L. VanEmburgh, Daniel G. VanWinkle, P. P. VanArsdale, B. Titsworth, W. D. W. Miller, B. A. Hegeman, Sr., R. B. Field, A. Willet, J. H. Lesh, G. Q. Dolliver and O. W. Dunham.

Clerks—Messrs G. L. VanEmburgh, Jos. Meir, C. S. West, John H. Van Winkle and D. VanWinkle

THE SUNDAY SCHOOL

Was organized April 11, 1880, the first Superintendent being Mr. Henry Lindsley. The number of scholars on the roll at the beginning was 64, and the average attendance was 73. Other Superintendents were elected, namely Chas. West and Geo. L. Van Emburgh.

In 1884 the present able and efficient Superintendent Mr. E. E. Anthony, was elected Superintendent, and has served continuously ever since. His assistant for three years was Mr. John H. Van Winkle. In 1887, Mr. O. W. Dunham was elected Assistant Superintendent, which office he still holds. At present, the total number of officers, teachers and scholars is 429. The library consists of 406 books, of which 106 are for the exclusive use of the primary department. The officers at present are:

Superintendent—E. E. Anthony.
Asst. Supt—O. W. Dunham.
Secretary—Elias Bird.
Treasurer—H. E. Gayle.
Librarian—Wm. A. Woodruff.

LADIES' CHRISTIAN WORK SOCIETY.

An organization, within the church which has contributed much to its success, is the above named society. It was organized in April, 1881. Its specific object is to strive for the salvation of souls; to visit the sick and afflicted, and to seek out non-church going families; also to aid in the cause of missions. Since the society has been in existence it has raised a total of $5,549.18 for domestic and foreign missions. The society was never larger and stronger than at the present time, a large number having united during the past year, and the attendance at the business and social meetings have shown a gratifying increase. The presidents of the society have been Mrs. A. V. V. Raymond, Mrs. Chas. D. Wadsworth, Mrs. C. A. Marsh, Miss Nettie Haviland and the present incumbent, Mrs. Chas. P. Leggett. The present officers are:

President—Mrs. Chas. P. Leggett
1st Vice President—Mrs. A. L. Force.
2d " " —Mrs. G. Q. Dolliver.
3d " " —Mrs. Frank Church.
Secretary—Mrs. C. Frank French.
Treasurer—Mrs. Carmon Parse.

THE KING'S DAUGHTERS.

In this connection there are two circles; their motto is: "Look up and not down; look forward and not back; look out, and not in."

Y. P. S. C. E.

The Young People's Society Christian Endeavor was organized October 5, 1885, with 29 active and 12 associate members. Today it is one of the largest in the State, and the largest in Union county. It consists of 14 honorary, 115 active and 42 associate members, making a total of 171. The Society is first pledged to Christ and then to the church with which it is connected. The presidents of the society have been: H. E. Gayle, C. D Wheeler, Fred. Lucus and Fred. S. Dunn, the latter now serving in that capacity. The present officers are:

President—F. S Dunn.
1st Vice President—C. P. Gelhaar.
2d " " —Mrs. C. Schenck.
Rec. Secretary—J. R. Dunn.
Cor. Secretary—Miss E. C. Benedict.
Treasurer—Miss Julia Johnson.

MISSIONARY FUNDS.

During the past ten years the church has raised $1,567.38 for domestic missions, and $3,158.27 for foreign missions or a total of $4,725.65. The total receipts for all benevolent objects was $11,589.66. The total amount of money raised in the ten years for all purposes was $72,558.11.

For the further information of our readers, it may be stated that the number of persons who have united with the church since its organization is 587, of whom 29 have died; 99 have been dismissed and two suspended. The rite of baptism was administered to 63 infants and 73 adults—a total of 136.

The congregation joined in singing a hymn, and the Rev. Mr. Schenck dismissed the audience with the benediction, thus bringing to a close the tenth anniversary exercises of the organization of the Trinity Reformed church.

Unfurling the Flag.

Principal L. B. Goodrich of the public schools, has decided upon to-morrow afternoon as the time for unfurling the Ackerman flag which was recently presented to the High School by Mr. Ernest Ackerman. The exercises, postponed from last Friday on account of the weather, will take place at 2.15 o'clock P. M., and the public in general is invited to be present.

THE OLYMPICS NEXT TO LAST.

Fanwood Loses a Game With 881, and Wins One With 799.

The Elizabeth team went to Fanwood Friday night, and won and lost a game in the Central Bowling League. The game they lost did not hurt their chances in the least, but it gave the Fanwoods a lift above the Olympics of this city who are now next to the Somersets. But the Olympics will probably rise up again this evening by defeating the Fanwoods on the latter's alleys.

Mr C. W. MacQuoid, as usual, was umpire. The score was as follows:

ELIZABETH.	1st 2d	FANWOOD.	1st 2d
Warner	188 159	Force	202 171
Fleming	166 171	Rogers	183 144
Tutt	174 154	Smith	174 147
Dimock	175 141	Fancher	139 1 4
Bellaer	194 124	Moore	163 213
	897 754		881 799

The record of the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT
Elizabeth Athletic Club	14	2	875
Monday of Westfield	10	6	625
Nameless of Westfield	8	6	572
Crescent of Plainfield	6	6	500

DR. TALMAGE'S SERMON.

"A LIVING DOG IS BETTER THAN A DEAD LION."

The Man of Small Gifts Who Uses What He Has Is Worth More Than He of Great Talent Who Allows His Ability to Lie Dormant.

BROOKLYN, March 30.—There was the usual difficulty in getting seats, or even standing room, in the Academy of Music this morning when the service commenced, the ordinary Tabernacle congregation being increased by throngs of persons eager to listen to the eloquent preacher. The service opened with the singing of the Long Metre doxology by the immense audience. Dr. Talmage's subject was, "A Dead Lion," and his text, Eccles. ix, 4: "A living dog is better than a dead lion." Following is a verbatim report of the sermon:

The Bible is the strangest, the loveliest, the mightiest, the weirdest, the best of books. Written by Moses the lawyer, Joshua the soldier, Samuel the judge, Ezra the builder, Job the poet, David the shepherd, Daniel the prime minister, Amos the herdsman, Matthew the custom house officer, Luke the doctor, Paul the scholar, John the exile; and yet a complete harmony from the middle verse of the Bible, which is the eighth verse of the one hundredth and seventeenth Psalm, both ways to the upper and lower lids, and from the shortest passage, which is the thirty-fifth verse of the eleventh chapter of John, to the longest verse, which is the ninth verse of the eighth chapter of Esther, and yet not an imperfection in all the 773,693 words which it is composed of. It not only reaches over the past, but over the future; has in it a ferry-boat, as in second Samuel; and a telegraph wire, as in Job; and a railroad train, as in Nahum; and introduces us to a foundryman by the name of Tubal Cain, and a shipbuilder by the name of Noah, and an architect by the name of Aholiab, and tells us how many stables Solomon had to take care of his horses, and how much he paid for those horses. But few things in this versatile and comprehensive book interest me so much as its apothegms, those short, terse, sententious, epigrammatic sayings, of which my text is one—"A living dog is better than a dead lion."

THE DOGS AND LIONS OF THE BIBLE.

Here the lion stands for nobility, and the dog for meanness. You must know that the dog mentioned in the text is not one of our American or European or Scottish dogs that, in our mind, is a synonym for the beautiful, the graceful, the affectionate, the sagacious, and the true. The St. Bernard dog is a hero, and if you doubt it, ask the snows of the Alps, out of which he picked the exhausted traveler. The shepherd dog is a poem, and if you doubt it, ask the highlands of Scotland. The Arctic dog is the rescue of explorers, and if you doubt it, ask Dr. Kane's expedition. The watch dog is a living protection, and if you doubt it, ask ten thousand homesteads over whose safety he watched last night. But Solomon, the author of my text, lived in Jerusalem, and the dog he speaks of in the text was a dog in Jerusalem. Last December I passed days and nights within a stone's throw of where Solomon wrote this text, and from what I saw of the canines of Jerusalem by day, and heard of them by night, I can understand the slight appreciation my text puts upon the dog of Palestine. It is lean and snarly and disgusting, and afflicted with parasites, and takes revenge on the human race by filling the nights with clamor. All up and down the Bible, the most of which was written in Palestine or Syria, or contiguous lands, the dog is used in contemptuous comparison. Hazael said: "Is thy servant a dog that he should do this thing?" In self abnegation the Syro-Phœnician woman said: "Even the dogs eat of the crumbs which fall from the master's table." Paul says, in Philippians: "Beware of dogs;" and St. John, speaking of heaven, says: "Without are dogs."

On the other hand the lion is healthy, strong, and loud voiced, and at its roar the forests echo and the mountains tremble. It is marvelous for strength, and when its hide is removed the muscular compactness is something wonderful, and the knife of the dissector bounds back from the tendons. By the clearing off of the forests of Palestine and the use of firearms, of which the lion is particularly afraid, they have disappeared from places where once they ranged, but they were very bold in olden times. They attacked an army of Xerxes while marching through Macedonia. They were so numerous that one thousand lions were slain in forty years in the amphitheatre of Rome. The Barbary lion, the Cape lion, the Senegal lion, the Assyrian lion, make up a most absorbing and exciting chapter in natural history. As most of the Bible was written in regions lion haunted, this creature appears in almost all parts of the Bible as a simile. David understood its habits of night prowling and day slumbering, as is seen from his description: "The young lions roar after their prey and seek their meat from God. The sun ariseth, they gather themselves together, and lay them down in their dens." And again he cries out, "My soul is among lions." Moses knew them and said, "Judah is couched like a lion." Samson knew them, for he took honey from the carcass of a slain lion. Solomon knew them and says, "The king's wrath is as the roar of a lion;" and again, "The slothful man says, There is a lion in the way." Isaiah knew them, and says, in the millennium, "The lion shall eat straw like an ox." Ezekiel knew them, and says, "The third was as the face of a lion." Paul knew them and says: "I was delivered out of the mouth of the lion." Peter knew them and says, "The devil as a roaring lion walketh about." St. John knew them, and says of Christ, "Behold the Lion of the tribe of Judah!"

THE MEANING OF THE TEXT

Now, what does my text mean when it puts a living dog and a dead lion side by side, and says the former is better than the latter? It means that small faculties actively used are of more value than great faculties unemployed. How often you see it! Some man with limited capacity vastly useful. He takes that which God has given him and says: "My mental endowment is not large and the world would not rate me high for my intelligence, and my vocabulary is limited, and my education was defective, but here goes what I have for God and salvation, and the making of the world good and happy." He puts in a word here and a word there, encourages a faint hearted man, gives a Scripture passage in consolation to some bereft woman, picks up a child fallen in the street and helps him brush off the dust and puts a five-cent piece in his hand, telling him not to cry, so that the boy is singing before he gets round the corner; waiting on everybody that has a letter to carry or a message to deliver; comes into a rail train, or stage coach, or depot, or shop, with a smiling face that sets everybody to thinking, "If that man can, with what appears small equipment in life, be happy, why cannot I, possessing far more than he has, be equally happy?" One day of that kind of doing things may not amount to much, but forty years of that—no one but God himself can appreciate its immensity.

There are tens of thousands of such people. Their circle of acquaintance is small. The man is known over at the store. He is clerk or weigher or drayman, and he is known among those who sit near him clear back in the church under the galleries, and at the ferry gates where he comes in knocking the snow from his shoes, and threshing his arms around his body to revive circulation, on some January morning. But if he should die to-morrow there would not be a hundred people who would know about it. He will never have his name in the newspapers but once, and that will be the announcement of his death, if some one will pay for the insertion, so much a line for the two lines. But he will come up gloriously on the other side, and the God who has watched him all through will give him a higher seat and a better mansion and a grander eternity than many a man who had on earth, before his name, the word honorable, and after his name LL. D. and F. R. S. Christ said in Luke, the sixth chapter, that in heaven some who had it hard here would laugh there. And I think a laugh of delight and congratulation will run around the heavenly circles when this humble one of whom I spoke shall go up and take the precedence of many Christians who in this world felt themselves to be of ninety-nine per cent. more importance. The whisper will go round the galleries of the upper temple: "Can it be possible that that was the weigher in our store?" "Can it be possible that that was the car driver on our street?" "Can it be possible that was the sexton of our church?" "Can it be possible that is the man that heaved coal into our cellar?" "I never could have thought it. What a reversal of things! We were clear ahead of him on earth, but he is clear ahead of us in heaven. Why, we had ten times more brains than he had, we had a thousand times more money than he had, we had social position a mile higher than he had, we had innumerable opportunities more than he had, but it seems now that he accomplished more with his one talent than we did with our ten;" while Solomon, standing among the thrones, overhears the whisper, and sees the wonderment, and will, with benignant and all suggestive smile, say, "Yes, it is as I told the world many centuries ago—better is small faculty actively used than great talent unemployed, 'better is a living dog than a dead lion.'"

THERE ARE PLENTY OF DEAD LIONS.

The simple fact is that the world has been, and the world is now, full of dead lions. They are people of great capacity and large opportunity, doing nothing for the improvement of society, nothing for the overthrow of evil, nothing for the salvation of souls. Some of them are monetary lions. They have accumulated so many hundreds of thousands of dollars that you can feel their tread when they walk through any street or come into any circle. They can by one financial move upset the money market. Instead of the ten per cent. of their income which the Bible lays down as the proper proportion of their contribution to the cause of God, they do not give five per cent., or three per cent., or two per cent., or one per cent., or a half per cent., or a quarter per cent. That they are lions, no one doubts. When they roar, Wall street, State street, Lombard street and the Bourse tremble. In a few years they will lie down and die. They will have a great funeral, and a long row of fine carriages, and mightiest requiems will roll from the organ, and polished shaft of Aberdeen granite will indicate where their dust lies, but for all use to the world that man might as well have never lived. As an experiment as to how much he can carry with him, put a ten cent piece in the palm of his dead hand, and five years after open the tomb and you will find that he has dropped even the ten cent piece. A lion! Yes, but a dead lion! He left all his treasures on earth, and has no treasures in heaven. What shall the stonecutter put upon the obelisk over him? I suggest, let it be the man's name, then the date of his birth, then the date of his death, then the appropriate Scripture passage, "Better is a living dog than a dead lion."

But I thank God that we are having just now an outburst of splendid beneficence that is to increase until the earth is girdled with it. It is spreading with the speed of an epidemic, but with just the opposite effect of an epidemic. Do you not notice how wealthy men are opening free libraries, and building churches in their native village? Have you not seen how men of large means, instead of leaving great philanthropies in their wills for disappointed heirs to quarrel about, and the orphan courts to swamp, are becoming their own executors and administrators? After putting aside enough for their families (for "he that provideth not for his own, and especially those of his own household, is worse than an infidel"), they are saying: "What can I do, not after I am dead, but while living, and in full possession of my faculties, to properly direct the building of the churches, or the hospitals, or the colleges, or the libraries that I design for the public welfare, and while yet I have full capacity to enjoy the satisfaction of seeing the good accomplished? There are bad fashions and good fashions, and, whether good or bad, fashions are mighty. One of the good fashions now starting will sweep the earth—the fashion for wealthy men to distribute, while yet alive, their surplus accumulation. It is being helped by the fact that so many large estates have, immediately after the testator's death, gone into litigation. Attorneys with large fees are employed on both sides, and the case goes on month after month, and year after year, and after one court decides, it ascends to another court and is decided in the opposite direction, and then new evidence is found, and the trials are all repeated. The children, who at the father's funeral seemed to have an uncontrollable grief, after the will is read go into elaborate process to prove that the father was crazy, and therefore incompetent to make a will; and there are men on the jury who think that the fact that the testator gave so much of his money to the Bible society, and the missionary society, or the opening of a free library, is proof positive that he was insane, and that he knew not what he was signing when he subscribed to the words: "In the name of God, amen. I, being of sound mind, do make this my last will and testament."

NOW IS THE TIME FOR GOOD WORK.

The torn wills, the fraudulent wills, the broken wills have recently been made such a spectacle to angels and to men that all over the land successful men are calling in architects and saying to them: "How much would it cost for me to build a picture gallery for our town?" or, "What plans can you draw me out for a concert hall?" or, "I am specially interested in 'the incurables,' and how large a building would accommodate three hundred of such patients?" or, "The Church of God has been a great help to me all my life, and I want you to draw me a plan for a church, commodious, beautiful, well ventilated, and with plenty of windows to let in the light; I want you to get right at work in making out plans of such a building, for, though I am well now, life is uncertain, and before I leave the world I want to see something done that will be an appropriate acknowledgment of the goodness of God to me and mine; now when can I hear from you?"

In our own city we have many examples of this. What a grandeur of beneficence has our fellow citizen, Mr. Pratt, demonstrated, building educational institutions which will put their hands on the nineteenth century, and the twentieth century, and all the centuries! All honor to such a man! Do not say so when he is dead, say it now. It would be a good thing if some of the eulogies we chisel on tombstones were written on paper in time for the philanthropists to read them while yet they are alive. Less post-mortem praise, and more ante-mortem!

A poor Scotch lad came to America at twelve years of age, and went to Pittsburg. He looked around for work, and became an engineer in a railroad office, then rose to become a telegraph messenger boy, then rose to a position in a railroad office, then rose to a place in a telegraph office, then rose to be superintendent of a railroad, then rose till he became an iron and steel manufacturer, then rose until he opened free libraries in his native land, and last month a free library in Allegheny City, and now offers two million dollars for a free library in Pittsburg. This example will be catching until the earth is revolutionized. How majestic such men in comparison with some I wot of, who amass wealth and clutch it with both hands until death begins to feel for their heart strings, and then they dictate to an attorney a last will and testament, in which they spite some daughter because she married against her father's wish, and fling a few crusts to God and suffering humanity, as much as to say: "I have kept this surplus property, through all these severe winters, and through all these long years, from a needy and suffering world, and would keep it longer if I could, but as I must give it up, take it, and much good may it do you!" Now we begin to understand the text: "Better a living dog than a dead lion."

THE DEAD LIONS.

Who would attempt to write the obituary of the dead lions of commerce, the dead lions of law, the dead lions of medicine, the dead lions of social influence! Vast capacity had they and mighty range, and other men in their presence were as powerless as the antelope or heifer or giraffe when from the jungle a Numidian lion springs upon its prey. But they get through with life. They lay down in their magnificent lair. They have made their last sharp bargain. They have spoken their last hard word. They have committed their last mean act. When a tawny inhabitant of the desert rolls over helpless, the lioness and whelps fill the air with shrieks and howls and lash themselves into lamentation, and it is a genuine grief for the poor things. But when this dead lion of monstrous uselessness expires, there is nothing but dramatized woe, for "Better is a living dog than a dead lion."

My text also means that an opportunity of the living present is better than a great opportunity passed. We spend much of our time in saying: "If I only had." We can all look back and see some occasion where we might have done a great deed, or might have effected an important rescue, or we might have dealt a stroke that would have accomplished a vast result. Through stupidity or lack of appreciation of the crisis, or through procrastination, we let the chance go by. How much time we have wasted in thinking of what we might have said or might have done! We spend hours and days and years in walking around that dead lion. We cannot resuscitate it. It will never open its eyes again. There will never be another spring in its paw. Dead as any feline terror of South Africa, through whose heart thirty years ago Gordon Cumming sent the slug. Don't let us give any more time to the deploring of the dead past. There are other opportunities remaining. They may not be as great, but they are worth our attention. Small opportunities all around, opportunities for the saying of kind words and doing of kind deeds. Helplessness to be helped. Disheartened ones to be encouraged. Lost ones to be found. Though the present may be insignificant as compared with the past, "Better is a living dog than a dead lion."

USELESS REGRET.

The most useless and painful feeling is the one of regret. Repent of lost opportunities we must, and get pardon we may, but regrets weaken, dishearten, and cripple for future work. If a sea captain who once had charge of a White Star steamer across the Atlantic ocean one foggy night runs on a rock off Newfoundland, and passengers and ship perish, shall he refuse to take command of a small boat up the North river and say: "I never will go on the water again unless I can run one of the White Star line?" Shall the engineer of a lightning express, who at a station misread the telegram of a train dispatcher and went into collision, and for that has been put down to the work of engineering a freight train, say: "I never will again mount an engine unless I can run a vestibule express?" Take what you have of opportunity left. Do your best with what remains. Your shortest winter day is worth more to you than can be the longest day of a previous summer. Your opportunity now, as compared with previous opportunities, may be small as a rat terrier compared with the lion which at Matabosa, fatally wounded by the gun of David Livingstone, in its death agony leaped upon the missionary explorer, and with its jaws crushed the bone of his arm to splinters, and then rolled over and expired, but, "Better is a living dog than a dead lion."

My text also means that the condition of the most wretched man alive is better than that of the most favored sinners departed. The chance of these last is gone. Where they are they cannot make any earthly assets available. After Charlemagne was dead he was set in an ornamented sepulchre on a golden throne, and a crown was put on his cold brow, and a sceptre in his stiff hand, but that gave him no dominion in the next world. One of the most intensely interesting things I saw last winter in Egypt was Pharaoh of olden times, the very Pharaoh who oppressed the Israelites. The inscription on his sarcophagus, and the writing on his mummy bandages, prove beyond controversy that he was the Pharaoh of Bible times. All the Egyptologists and the explorations agree that it is the old scoundrel himself. Visible are the very teeth with which he gnashed against the Israelitish brickmakers. There are the sockets of the merciless eyes with which he looked upon the overburdened people of God. There is the hair that floated in the breeze off the Red Sea. There are the very lips with which he commanded them to make bricks without straw. Thousands of years afterward, when the wrappings of the mummy were unrolled, old Pharaoh lifted up his arm as if in imploration, but his skinny bones cannot again clutch his shattered sceptre. He is a dead lion. And is not any man now living, in the fact that he has opportunity of repentance and salvation, better off than any of those departed ones who, by authority or possessions or influence, were positively leonine, and yet wicked?

A CHANCE TO BE SAVED.

What a thing to congratulate you on is your life! Why, it is worth more than all the gems of the universe kindled into one precious stone. I am alive! What does that mean? Why, it means that I still have all opportunity of being saved myself and helping others to be saved. To be alive! Why, it means that I have yet another chance to correct my past mistakes and make sure work for heaven. Alive, are we? Come, let us celebrate it by new resolutions, new self examination, new consecration and a new career. The smallest and most insignificant today is worth to us more than five hundred yesterdays. Taking advantage of the present, let us get pardon for all the past and security for all the future. Where are our forgiven sins? I don't know. God don't know, either. He says: "Your sins and iniquities will I remember no more."

What encouragement in the text for all Christian workers! Despair of no one's salvation. While there is life there is hope. When in England a young lady asked for a class in a Sunday school, the superintendent said, "Better go out on the street and get your own class." She brought in a ragged and filthy boy. The superintendent gave him good apparel. In a few Sundays he absented himself. Inquiry discovered that in a street fight he had his decent apparel torn off. He was brought in and a second time respectably clad. After a few Sundays he again disappeared, and it was found that he was again ragged and wretched. "Then," said the teacher, "we can do nothing with him." But the superintendent fitted him up again and started him again. After a while the gospel took hold of him and his heart changed. He started for the ministry and became a foreign missionary and on heathen grounds lived, and translated the Scriptures, and preached, until among the most illustrious names of the Church on earth and in heaven is the name of glorious Robert Morrison. Go forth and save the lost, and remember however depraved, however ragged, and however filthy and undone a child is, or a man is, or a woman is, they are worth an effort. I would rather have their opportunity than any that will ever be given to those who lived in magnificent sin and splendid unrighteousness and then wrapped their gorgeous tapestry around them and without a prayer expired. "Better is a living dog than a dead lion."

THE LAST SHALL BE FIRST.

In the great day it will be found that the last shall be first. There are in the grog shops and in the haunts of iniquity today those who will yet be models of holiness and preach Christ to the people. In yonder group of young men who came here with no useful purpose, there is one who will yet live for Christ and perhaps die for Him. In a pulpit stood a stranger preaching, and he said: "The last time I was in this church was fifteen years ago, and the circumstances were peculiar. Three young men had come, expecting to disturb the service, and they had stones in their pockets which they expected to hurl at the preacher. One of the young men referred to refused to take part in the assault, and the others, in disgust at his cowardice, left the building. One of the three was hanged for forgery. Another is in prison, condemned to death for murder. I was the third, but the grace of God saved me." My hearer, give no one up. The case may seem desperate, but the grace of God likes to undertake a dead lift. I proclaim it this day to all the people—Free Grace! Living and dying, be that my theme—Free Grace! Sound it across the continent, sound it across the seas—Free Grace! Spell out those words in flowers, lift them in arches, build them in thrones, roll them in oratorios—Free Grace! That will yet Edenize the earth and people heaven with nations redeemed. Free Grace!

Salvation! Oh, the joyful sound!
'Tis pleasure to our ears,
A sovereign balm for every wound,
A cordial for our fears.

Buried in sorrow and in sin,
At death's dark door we lay:
But we arise by grace divine
To see a heavenly day.

COUNTING THE DEAD

The Lives Lost at Louisville Now Estimated at 150.

A NEW DISASTER IS IMMINENT.

The City Will Probably be Entirely Without Water To-Night.

Subscriptions Being Received by the Committee—The Ruins Still Under Police Guard—Several Men Arrested for Arson—Reports from Towns Where There Was Great Loss of Life.

LOUISVILLE, Ky., April 1.—Only one body has been found within the last thirty-six hours. The correctness of yesterday's estimate that the loss of life would not exceed 500 is thus verified.

The estimates of property loss are also diminishing and many conservative men now believe it will not exceed a million.

Revised lists from the State make the dead in outside towns, 143; wounded, 618; property loss $500,000.

In Tennessee the dead will not exceed 20; wounded, 115; property loss, $150,000. In Illinois, 41 dead; 116 wounded; property loss, $100,000. In Indiana, six dead; property loss, $500,000 to $750,000.

Accounts now coming in from Webster, Crittenden and Union Counties greatly increase the list of dead and injured. Scores of houses at Blackford were destroyed and many persons injured. The country about Hibbardsville suffered severely. Nearly every building was destroyed.

The tornado crossed Green River at five points making a track 200 yards wide. Twenty-five houses were blown away in the country back of Point Pleasant and several persons were fatally injured.

Every dwelling in Bremen, Muehlenburg County, was destroyed. Six persons are reported killed and nine badly injured.

In the country between Thomburg and Clay 17 deaths are reported, and one woman and child are missing.

At West Louisville not a business house was left standing, and but one dwelling house can be seen. The loss here is estimated at $100,000.

In Ohio County more than 50 buildings were destroyed, including a church at Duke, Robert's flour mill on Rough Creek and a half dozen schoolhouses. Thirteen people, mostly children, were killed, and the property loss was from $60,000 to $70,000.

More than 100 houses in the bottom lands between Evansville and Mount Vernon, Ind., were demolished, the farmers only escaping with their lives and losing all their household property.

The water supply is running very low. Every effort is being made to complete a temporary standpipe, and it will be finished by to-morrow. But before that time, probably to-night, the city will be without water.

Strong appeals are being made for all to observe the strictest economy in its use, but they do not seem to be effective. Enough water will be reserved in any case for protection against fire.

The total private subscription now amounts to $78,000. This added to the $20,000 from the city makes $98,000 at disposal of the relief committee.

The ruins are still under police guard. All streets are now open and the electric cars running. Business was everywhere resumed to-day.

Russian Jews Arrested for Arson.

LOUISVILLE, Ky., April 1.—In the very acme of disaster, the unprincipled did not forget to ply their trade, and numbers of robberies of the dead and stricken are reported. Ed Meyers, Isadore Lowenstein, A. Marks and Ike Idelman, Russian Jews, were arrested and charged with arson. The officers caught the men building a large fire in a demolished store on Market street, which is in the midst of the shattered district. The men are charged with fiendishly wishing to set fire to the building and with the evident intention of burning the already devastated district. The fire was extinguished before it had made much headway.

A Town Swept Out of Sight.

VICKSBURG, Miss., April 1.—News has been received here that Skipwith was swept out of sight by the floods from a big crevasse at the south end of Lake Washington. Only one house remains, that of J. A. Root. The water is from four to ten feet deep in the stores, and all except the stone buildings are gone. Efforts to rescue stocks of goods proved futile and dangerous, and in consequence were abandoned. So sudden was the inundation that no one had more than time to make a hasty run for the intact portion of the dyke north of the crevasse. Few saved even a full suit of clothes.

Sending News in a Peculiar Way.

HUNTINGDON, Miss., April 1.—The railroad depot at this place is now surrounded by water to the depth of two or three feet, the telegraph operator there laying on a table while sending a message. All railroads had to be abandoned. All mail and express matter is now sent by skiff from Somerville

Eva Hamilton Wants Some Money.

NEW YORK, April 1.—When Eva Hamilton's lawyers applied to Justice Andrews of the Supreme Court for an order directing her husband, Robert Ray Hamilton, to pay to her money to defend his suit for divorce Mr. Hamilton's lawyer said that she had more than $3,000, including cash in bank and a mortgage for $450, and another mortgage for $1,000 or more. Decision was reserved.

THE FLACKS SENTENCED.

Imprisonment for the Conspirators but a Stay Secured Pending Appeal.

NEW YORK, April 1.—Judge Barrett refused to grant a stay of proceedings to the Flack conspirators and Reporter Choate and disposed of the prisoners as follows:

Reporter Choate was sentenced to the county jail for 30 days and to pay a fine of $250.

Deputy Sheriff McGinnis took charge of Choate and conducted him from the court room.

Ex-Sheriff Flack was sentenced to two months in the City Prison and to pay a fine of $500.

His son William was scored by the Judge for his traiterous conduct toward his mother, and his sentence was four months in the penitentiary, and to pay a fine of $500.

Meeks was sentenced to one month in the City Prison, and also to pay a fine of $500.

A stay of proceedings was granted by Judge Van Brunt pending appeal, and the Flack conspirators were each released in $7,500 bail.

The stay granted by Judge Van Brunt is returnable for argument in ten days

FOR BALLOT REFORM.

Provisions of the Bill Introduced in the New Jersey Legislature.

TRENTON, N. J., April 1.—The Ballot Reform bill was presented to the Senate last night. It provides for a County Board of Registration named by the Governor, who shall create the precinct boards of registration. The latter must make a personal canvass. The bill is similar to the Saxton bill, introduced in the New York Legislature, except that it allows the distribution of ballots ten days before election and the tickets of each party are to be separated, and any mark on them vitiates them.

A minority report by some of the Republicans will be made to-day against the clause which provides for the distribution of ballots before an election.

Newspaper Men Banquet Minister Smith.

PHILADELPHIA, April 1.—Charles Emory Smith, editor of the Press and Minister to Russia, was banquetted last night by about eighty newspaper men of the city at the Hotel Bellevue, in honor of his entrance into diplomacy. Wm. V. McKean of the Ledger presided, and Geo. W. Childs, Col. Cockerill, of the New York World, L. Clarke Davis, Collector Cooper, Gen. Thos. L. James, Wm. M. Singerly, Calvin Wells, Col. McClure, J. K. Van Wormer, James Elverson, Clayton McMichael and many other lights of journalism were present.

Union Men Arrested for Conspiracy.

MONTPELIER, Vt., April 1.—Josiah B. Dyer, general secretary of the Granite Cutters' Union; P. Quinlan, T. Hawkins, P. Hunion, H. P. Sylvester and P. Morrison, were arrested here, accused of conspiracy, on complaint of a non-unionist named McClure, who accuses them of having conspired to prevent him from working at his trade of stone-cutting. Mr. Dyer says that up to the time of the arrest neither he nor his colleagues ever heard of McClure.

Shortstop Ward Wins Again.

NEW YORK, April 1.—In the Supreme Court Justice Lawrence rendered a decision in favor of John M. Ward in the suit brought against him by the Metropolitan Exhibition Company. The Judge says the plaintiff has informed him that its counsel will not submit a brief and as he is of opinion that the contract with Ward cannot be enforced in a Court of Equity, he gives judgment dismissing the complaint.

Kingston In Mourning.

KINGSTON, N. Y., April 1.—Public and private buildings here, and the stations and rolling stock of the Ulster & Delaware Railroad Company are heavily draped in mourning in honor of the late Thomas Cornell. Extensive preparations are being made for the funeral to-morrow. Vice-President Young has assumed charge of the Ulster & Delaware road.

Riotous Huns Taken to Jail.

CONNELLSVILLE, Pa., April 1.—A Hungarian walking on the track at the Fort Hill Coke Works, near Dickerson Run, was struck by a train and instantly killed. Several of his companions, angered at his death, attacked the trainmen with stones. Citizens interfered and averted a bloody fight. The riotous Hungarians were arrested and taken to jail.

Second Attempt at Murder.

PHILLIPSBURG, N. J., April 1.—A ball from a revolver crashed through the window of the residence of Rev. O. D. Bartholomew, pastor of St. John's German Lutheran Church, narrowly missing the pastor's head. This is the second time that shots have been fired into this house. There is no clue to the perpetrator of the deed. The police are working on the case.

Frightened by the Storm.

MT. CARMEL, N. J., April 1.—The inhabitants of this town were almost crazed with fright during the recent storm and ran half clothed, the women with their children in their arms, and crying and pleading for mercy. No fatalities are reported, though many were cut and bruised by flying and falling timber. The loss to property falls principally on the poorer persons.

Suing for Damages.

SYRACUSE, N. Y., April 1.—A complaint has been filed against the Northern Pacific Railway Company, brought by John W. Yonker to recover $35,000 damages for injuries received in January last while a passenger on one of defendants' trains in the State of Washington. [illegible]

WASHINGTON TOPICS

The Dependent Pension Bill Passed by the Senate.

FEATURES OF THE NEW LAW.

Persons Who Served at Least Three Months May Receive a Pension.

Commander McCalla Will Probably be Court-Martialled—The Tariff Bill Passed by the Republicans of the Ways and Means Committee—The Government Must Settle for Silcott.

WASHINGTON, April 1.—The Dependent Pension bill was passed in the Senate by a vote of 42 to 12.

The bill provides that in considering the pension claim of dependent parents the fact that he left no widow or minor children having been shown it is only necessary to show that such parents are without other means of support than their own labor or the contribution of others.

Persons who have served at least three months in the army or navy, and have received an honorable discharge, and are unable to earn a support, may receive a pension of $12 per month. The act also applies to persons who are now receiving small pensions, provided, however, that no person shall receive more than one pension for the same period. Section 3 provides for pensions to be issued to widow, minor child or parent after the death of an enlisted soldier or sailor.

The increase of pension for minor children shall be at the rate of $4 per month instead of $2 per month as heretofore. No agent shall receive more than $10 for presenting a claim, and this is to be paid on order of the Commissioner of Pensions, and heavy penalties are inflicted for the retaining of any such money.

M'CALLA TO BE TRIED.

The Finding of the Court of Inquiry Equal to a Recommendation for Trial.

WASHINGTON, April 1.—The record and findings of the Court of Inquiry in the case of Commander Bowman H. McCalla, of the United States steamer Enterprise, were delivered to Colonel W. B. Remey, Judge Advocate General of the Navy by Lieutenant Perry Garst, the Judge Advocate of the court.

Colonel Remey will probably have his report ready for the action of the Secretary of the Navy to-morrow. The Secretary has been made acquainted with the findings of the court, but he declines to make them public until they come officially before him for action. The Secretary is the only one to decide whether or not a court-martial is to follow.

It is said that the findings are equivalent to a recommendation for the trial by court-martial of both Commander McCalla and his executive officer, Lieutenant Ingersoll. Their findings are favorable to Ensign Kline and Chief Engineer Entwistle, the two officers suspended and reported for court-martial by Commander McCalla.

The Government Must Pay.

WASHINGTON, April 1.—In the case of Crain vs Silcott, involving the liability of the Sergeant-at-Arms of the House of Representatives for the salaries of members of Congress, the United States Court of Claims decides that by law and practice the Sergeant-at-Arms of the House is a disbursing officer, and inferentially the Government is responsible for moneys placed in his hands by Members of Congress. The amount stolen by Silcott was about $70,000. A bill will probably be introduced to reimburse members for the amounts they lost.

Trying to Extradite a Forger.

OTTAWA, Ont., April 1.—Application has been made to the Department of Justice by the Washington authorities for the extradition of W. F. Dickie under arrest at Montreal and wanted in New York city for forgery. Unless objections are raised within fifteen days a warrant of extradition will be issued.

Four Convict Miners Killed.

BIRMINGHAM, Ala., April 1.—Four men were killed and eight injured by an explosion of cartridges at the Coalburg Mines of the Sloss Iron and Steel Company. Three were whites and the other negroes. All were convicts. The explosion was caused by a spark from a miner's lamp falling into a box of cartridges.

Illness Made Him Despondent.

POUGHKEEPSIE, N. Y., April 1.—Christopher A. Reinhart, aged 23, a mechanic living at No. 70 Jefferson street, this city, shot and killed himself last night. He was despondent because of illness. He leaves a wife and one child. His mother keeps a grocery on 12th street, in New York city.

Suit for Unjust Imprisonment.

NEWPORT, R. I., April 1.—Argument was heard in the Supreme Court on a demurrer in the suit of Robert Carbey, against Executive Officer Longenecker of the Naval Training Station for $1,000 damages for imprisonment after plaintiff had been discharged. Decision was reserved.

Killed in a Drunken Brawl.

PITTSBURG, April 1.—A Johnstown Pa., special says: "While intoxicated James O'Connor assaulted James Pfliger, when the latter drew a revolver and shot him, O'Connor dying from the effects of the wound. Pfliger has been held for manslaughter."

—Somebody circulated the report that the alleged other daily newspaper of this city said the public schools would close on Monday of this week. Consequently some of the scholars, although they knew better, used it as an excuse for staying home yesterday.

—The greatest "April fool" of the day was that perpetrated on the people by the Central railroad in changing its schedule of trains, this morning, without notice. The large number arriving at the station for the 10:37, found its time had been changed to 10:05.

—Twice Capt in Carey went to Elizabeth and saved the editor of his mouth organ from the clutches of the Grand Jury. But in the ex-Captain's present hour of tribulation, he finds that the infinitesimal weight his mouth organ has, only acts as an additional sinker.

—On the Crescent League alleys, this evening, the Elizabeth team will roll against the Crescents, two games in the Central bowling tournament, and on the Olympia alleys the Somersets will roll the Olympics. There are 30 games yet to be rolled before the championship is decided.

—Last Saturday's *World* had an account of a flag raising at the Public school, last Friday, and fool papers copied it the next day, with the names of the speakers. Again it might be remarked, "If you don't see it in The Press, it isn't so." As stated in these columns the day of the affair, it did not take place.

—The disorderly element of Scotch Plains was on the rampage, last Friday night, in the vicinity of Fanwood, and amused themselves by carrying away gates, turning over the small foot-bridges across the gutters, and finally winding up by tearing the coping off of Mr. Force's stone wall in front of his house.

—At the meeting of the Police Board held last evening, Mayor Male indignantly denied the report published in the *World* recently with reference to his approval of Captain Carey's course. He pronounced the statement as a base fabrication.

—The bullet accidentally shot from Contractor Moore's pistol, Sunday night, as he was about to place it under his pillow, went directly through the center of his left palm, through a pin cushion on the bureau and lodged somewhere that has not yet been discovered.

PARTICULAR MENTION.

Mr. G. N. Hartley, late of Duer street, has removed to his new home on Rockview avenue.

Mr. and Mrs. Edward S. Hooley arrived home from St. Augustine and Green Cove Springs, Florida, this morning.

The Rev. Isaac Schenck, of West Ghent, N. Y., accompanied by his wife and son, is visiting his brother, the Rev. Cornelius Schenck, of East Second street.

Mr. Frank Miller, formerly Vice Principal of the Plainfield Public schools, and now Professor of Latin at Worcester Academy, is visiting in this city.

Mr. Herbert B. Brooks of West Seventh street, is spending a few weeks at Jupiter, in the Everglades of Florida where Dr. C. M. Field is also enjoying himself.

Washington Park will soon be graced by two new and handsome houses which Messrs Charles A. Reed and B. Arrowsmith Hegeman, Jr., will erect on Myrtle avenue.

Mr. Willie McClymont will give a party at the home of his parents, 78 Washington avenue, on Friday evening, April 11. All his young friends have been invited. Dancing at nine.

Another Mugwump has caught on. Mr Herbert Bowen, son of Henry E Bowen, of the New York *Independent*, and brother of Mr. Henry C. Bowen, of Netherwood, has been appointed U. S. Minister to Barcelona, Spain.

Doctor George W. Endicott, having grown in a Christian way selfish by the frequent introduction of cherubs into Plainfield society, this morning introduced a little one on his own account. Both mother and boy doing nicely.

The talk in irresponsible papers to the effect that Mayor Male and Councilman Roberts were not in accord with the policy of the Police Board in reducing Captain Carey to the ranks where common policemen belong, is proven false. If you don't see it in The Press it isn't so.

At Oak Lane, a suburb of Philadelphia, on Sunday last, occurred the death of Sarah Eleanor, wife of Mr. Fred H. Miller, formerly of this city, in her 40th year. Mrs. Miller, during her long residence here, was one of the most active women in christian and temperance work, and her death will be regretted, as her life was remembered, by a large circle of friends in Plainfield.

New Building Enterprises.

Among the new buildings about to be erected in this city and vicinity during the coming Summer, all of which are being designed by Architect W. H. Clum, is one for Mr. Wm. M. Sandford at the corner of Front street and Sandford avenue, the house to cost when completed $17,000; a brick store building for Mr. J. B. Coward, adjoining the latter's office on Park avenue, to cost in the neighborhood of $10,000; a block of dwellings for Mr. L. E. Barkalew on Duer street, North Plainfield.

Mr. Clum has also completed plans for the proposed Presbyterian parsonage at Dunellen, which is to cost about $3,500, besides plans for several smaller residences in this city. With all of these improvements under way it is safe to say that Plainfield will undoubtedly experience a building boom within the next year.

Dangerous Negligence.

It is as unwise to neglect a case of indigestion, etc., as a case of fever or other more serious disease, for, if allowed to progress as great danger to life may result. A few HAMBURG FIGS will put the bowels in a healthy condition, in which they may be kept by occasional use of this medicine. 25 cents. Dose, one fig. Mack Drug Co., N. Y. For sale by J. G. Miller.

CAPTAIN CAREY SUSPENDED.

Serious Charges Preferred Against Him Which Are Likely to Result in His Removal—Officer Lynch on the Anxious Seat—Captain Grant it is Now.

Mayor Male, President of the City Council Elmore D. Moffett, and Councilmen Hetfield, Roberts and Spangenberg, constituting the Police Board of the city, met last evening to hear charges preferred against Captain Tunis J. Carey and Officer Patrick Lynch.

The Board directed that copies of the charges be served upon Captain Carey and Officer Lynch, and that they be notified to appear before the Board on Thursday evening, to answer to the charges. It was also resolved that Captain Carey be suspended from duty until further notice, and he was notified to that effect. Officer George W. Grant was appointed Captain in his place, the appointment to take effect immediately. As a matter of fact it may be stated that the actions of the Board were all unanimous. Following are the charges preferred against each officer, a copy of which was served upon each one this morning:

To the Police Board of the City of Plainfield:

I do hereby charge Tunis J. Carey, a regular policeman of the City of Plainfield, Union county, New Jersey, with conduct unbecoming a policeman, by using obscene, profane and indecent language to members of the Common Council of said City, some of whom are members of the Police Board of said City, viz: on the morning and afternoon of the eighteenth day of March, A. D., 1890, to the following members of the Common Council, to wit: Elmore D. Moffett, Arthur T. Gallup, and Walter L. Hetfield. And also by using vile, obscene and profane language about members of said Common Council, to divers citizens of said City, at different times since the sixth day of January, A D, 1890.

Dated March 31, A. D., 1890.

E. D. Moffett.

To D. S. Roberts, Chairman Police Committee, and the Police Board of the City of Plainfield:

We, the undersigned, citizens of Plainfield, wish to enter our protests against the mode of taking men through the streets of our city, handcuffed together, when arrested on petty charges, unless they should offer resistance, as was the case with the two men recently arrested at Cadmus' mill by police officer Lynch under instruction of Captain Carey, and marched through the streets handcuffed when they offered no resistance whatever, and against the urgent protest of Mr. Cadmus.

We, the undersigned, who witnessed the said outrage, do protest against such shameful treatment, and refer the matter to your Board for action.

Plainfield, March 28, 1890.

An Address on Japan.

As stated in The Press on Saturday the annual meeting of the Woman's Foreign Missionary Society of the First Baptist church, took place on Friday, and at the closing session in the evening the Rev. Dr. Reece, a returned missionary gave an interesting account of the manners and customs of the Japanese people, with whom he has labored for the past eleven years.

Among other things Dr. Reece said that the Japanese have been called the Anglo-Saxon of the East, but they are far from it in natural intellect and in various other ways. There is, however, nothing in Japan to hinder the progress of the people in their desire to pattern after Western civilization; on every hand there are evidences of enterprise and activity.

Dr. Reece spoke at length on the immorality of the Japanese women and declared that what is essentially necessary to reach the masses is the establishment of schools for girls and boys.

W. C. T. U. Notes.

The regular monthly business meeting of the Women's Christian Temperance Union will be held at 73 West Front street at three o'clock this afternoon. Interesting papers will be read and a report given of prison work and visitation; also a statement of the recent parlor sale. A special attendance of members is earnestly desired to consider important measures. All interested in the work are invited to be present.

A devotional meeting of the "Y" will be held in the rooms this afternoon at four o'clock. Subject: "Helping One Another."

Time Table Changes.

The new schedule of the Central railroad that went into effect today, has these changes among others:

To New York in the morning, the 10:37 now leaves at 10:05, and an 11:39 train is added, while the 12:08 is taken off. From New York: the 9:00 A. M. is taken off and a 6:15 in the evening is added.

Services at St. Mary's Church.

The forty hours' devotion which began in St. Mary's church Sunday morning, were concluded with a mass this morning at 8 o'clock. Services will be held to-morrow and Good Friday evenings at eight o'clock.

"When the spring time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood purifier in existence.

A NATIONAL SUNDAY SERVICE.

Novel and Interesting Exercises at the Congregational Church.

(Contributed.)

The Congregational Sunday school had a very pleasant service Sunday afternoon. Said one man: "I did not know when I came in whether it was Sunday or the Fourth of July." The piano and pulpit and organ gallery were beautifully draped with flags. Two Grand Army standards leaned against the pillars behind the desk on either side of a large colored map of the United States. For it was a national service; that is, a home missionary service; and it was impressed upon the eye and mind that God and native land are not far apart and love of God and love of country are near akin.

The exercises began with a voluntary played by Mrs. B. T. Barnes on the piano, and Mr. Sattells and a young lady member of the school accompanying with violins. Devotional exercises followed in which the singing was led by the new boy choir, Mr. Bowman precenting. The Rev. J. B. Clark, D. D., Secretary of the American Home Missionary Society, made a most entertaining and stirring address, after which the piano and violins again rendered a very beautiful selection. The school sang with enthusiasm "Fair Freedom's Land," and "America," and a very enjoyable and profitable meeting came to an end.

The violins and boy choir are to be a permanent feature of the school.

COUNSELOR JOHN H. JACKSON NAMED.

A Lively Contest for the Judgeship in Somerset County.

The hearts of several Somerset county lawyers, says a New York paper, will cease to go pit-a-pat some time this week, when it is fondly expected that Gov. Abbett will make known who is to be the successor of County Judge Bartine, whose term of office expires in the early days of the month.

The townships outside of Somerville have risen up in arms against the county seat, and loudly proclaim that it is unfair to allow the town of the court house to name the county Judge, as has been done for years. They contend that there are many eminent jurists in other sections of the county who deserve recognition for past services. Prominent among these townships is North Plainfield, which has sent John H. Jackson into the field.

Counselor Jackson is a lawyer of many years' standing, a man of high integrity and a Democrat of the old school. His abilities and standing are unquestioned, and he has never held public office. For many years he has led the Democratic forces in his town, and his greatest pride is to refer to the fine showing that North Plainfield made at the last election. He surely possesses all the qualifications that are demanded of a Judge, and, besides, he is one of the most popular men in the county. The result is awaited with unusual interest.

The "Asbestos Limited" Suspends Operations.

TO THE EDITOR OF THE PRESS:—The organization some time since named through a communication to your liberal paper as the "Asbestos Limited," at the end of four months of existence has about served its purpose, and, like the angels in heaven who have inquired into the mysteries of eternity, the members would say to those who have been zealous in their inquiry into the mystery of the North avenue club, that it was but a convenience to a few mature and aged gentlemen, who rather than burden anyone by the old-fashioned way of loafing about a country store, furnished themselves and co-operated in the payment of comfortable quarters for the long Winter months. The extent of wickedness and unseemly conversation at any one time was in a contest with dominoes and checkers, and innocent inquiry into a possibility of an extension of such innocence beyond the grave.

Yours,

A SPIRIT.

Their Fiftieth Wedding Anniversary.

Last Friday evening the children, grand children, nephews and nieces of Mr. and Mrs. James Monroe Gaskill, called on the aged couple at their residence in Dunellen, the occasion being the fiftieth anniversary of their marriage. Congratulations were showered on the old folks who were in a particularly happy mood, and entertained the young people with reminiscences of their early life.

The youngsters soon had possession of the place and made the house ring with songs and laughter. The old homestead had such a shaking up as it never had before. Refreshments in abundance were served. The party dispersed at a late hour, all hands wishing grandpa and grandma Gaskill many happy returns of the day.

That Mill Dam Case.

Further testimony was taken before a Vice Chancellor in the City Council chamber, yesterday, in the Hyde-French mill-dam contest. An almost inexhaustable supply of witnesses was on hand, but the progress made in examining them was slow. At four o'clock the Vice Chancellor adjourned court until Wednesday at ten A. M., at which time the witnesses were notified to be present.

The Olympics Bowl a Score of 807 on Strange Alleys.

THE PRESS has had occasion before to commend the Olympics as the best spare making team in the Central bowling league. It was just that ability that won them the second game at Fanwood, last evening. The Fanwoods had five more strikes on the total than the Olympics, but the latter beat them by their spares.

The first game was a dandy for the Fanwoods from beginning to end. They were a man short—as Rogers was still enjoying his honeymoon—and Downer was substituted. But he kept his end up the first game and pulled out in company with the rest. In the wind up of the first game, only one of the ten men broke.

On the second frame of the second game the Olympics led by 32 pins, but the Fanwoods held them down to 9 in the third, fourth and fifth. It was no use, however, without Rogers, although Moore, the most even bowler in the League, tried nobly to save the game. In the sixth and seventh frames there was not a break for the Olympics, and every man rolled in great shape.

Mr. L. W. Stover was umpire. The score was:

OLYMPICS.	1st	2d	FANWOOD.	1st	2d
Wilbur	160	160	Force	192	140
White	127	160	Kyte	136	142

THE BEST OF THE SEASON.

What the New York Theatres Are Offering, Worth Seeing.

Manager Daly's double bill, which he brought out at his theatre on Wednesday evening last, has proved to be as attractive to playgoers as anything he has presented this season. The principal members of his company have found congenial roles in "Haroun-al-Raschid" and "Miss Hoyden's Husband." The two pieces will be kept on the stage all the week.

* * *

Wm. H. Crane in "The Senator" at the Star Theatre is as potent an attraction as ever. The comedy will run until May. The business every night is very large, and a statement of receipts would startle many metropolitan managers. Mr. Crane has an able assistant in Mrs. Georgie Drew Barrymore, and Jane Stuart has created a part.

* * *

"The County Fair" at the Union Square, approaches its second season's close with no indication of impaired value. Neil Burgess declares that he hasn't performed to an unprofitable audience ever since he put Barnard's comedy on the stage. The record is not likely to be marred at Manager Hill's house between now and the close of the season in May.

* * *

This evening at the Broadway Theatre the J. C. Duff comic opera company will begin an engagement, opening with Gilbert and Sullivan's popular opera, "The Mikado," which it is claimed will be produced with great elaboration. Mr. Duff's company contains some excellent artists, who have already won praise and reputation for their efforts in this particular work. Among those who will appear are: Lilly Post, Louise Beaudet, Laura Joyce Bell, Charles Bassett, Mark Smith and Digby Bell. There will be a chorus of seventy-five.

Literary Notes.

There seems to be no end to the wonders of instantaneous photography. The *Illustrated American* gives this week a large plate showing a projectile leaving the gun. This was photographed for this enterprising journal by its naval correspondent with our squadron of evolution in Europe, and is a curious incident which will occasion much scientific remark.

The Easter number of the New York *Ledger* is rendered especially attractive by an uncommonly beautiful cover printed in colors. The central design is a picture of Easter morning in the country, the road to church, with a border of Easter lilies. This number contains the first chapters of a new story by Amelia E. Barr, entitled, "The Household of Mc Neil," which opens well, and bids fair to rival "JanVedder's Wife," so far the best known of Mrs. Barr's romances.

To Executors, Administrators, Etc.

It is the privilege of all Executors, Administrators, Guardians, etc., in charge of the settlement of estates before the Surrogate of Union county, to have all the legal notices relating thereto, published in THE DAILY PRESS. Readers and friends acting in any of the above capacity, who desire to patronize this journal, can do so by directing the Surrogate to send the notices to this office for publication.

A Double Influence.

DR. FLINT'S REMEDY is a medicine which will cure cases of neuralgia which other remedies have failed to reach, as it exercises a double influence, in one case over the circulation, and in the other over the nerves. Descriptive treatise with each bottle; or address Mack Drug Co., N. Y. For sale by J. G. Miller.

An Easter Sale.

The children's Easter sale which opened yesterday in the Unitarian parlors on Second place, is being well patronized. It is under the management of Mrs. W. J. Leonard who is director of the Unity Band and The Glow-worms, the two children's societies which are holding the sale.

The ladies who are assisting at the tables are Mrs. S. R. Krom, Miss Edith Leonard, Miss Caroline Barber, Miss Southard, Miss Eva Pierce, Miss Viola Conklin, Miss Anna Shane and Miss Hotchkiss. The sale will be continued today from 4 to 8 P. M.

—The new St. Joseph's Catholic church at Bound Brook will be built in the English Gothic style, and must be completed before June 1, 1891. The cost of the structure will be $17,000.

—While the farmers are learning how best to serve their interests by making good country roads, their wives might profitably learn how to make good country butter. These two considerations warrant all the attention that it is possible to give them.

What I know about that standard remedy—Dr. Bull's Cough Syrup:—I know that a 25c. bottle cured me of a bad cough in 12 hours. It is a *fact*.

Myriads of cases of rheumatism and neuralgia have already succumbed to that wonderful remedy, Salvation Oil. Price only 25c. a bottle.

The New Fire Escape Law.

The fire escape law, approved March 24th instant, provides that all buildings in which twenty or more persons live, congregate or are employed above the first or ground floor, shall have one or more external wrought iron fire escapes. The duty of enforcing this law is placed upon the governing authorities.

Rheumatism,

BEING due to the presence of uric acid in the blood, is most effectually cured by the use of Ayer's Sarsaparilla. Be sure you get Ayer's and no other, and take it till the poisonous acid is thoroughly expelled from the system. We challenge attention to this testimony:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months, and am pleased to state that it has effected a complete cure. I have since had no return of the disease."—Mrs. R. Irving Dedge, 110 West 125th st., New York.

"One year ago I was taken ill with inflammatory rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced using Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."—Mrs. L. A. Stark, Nashua, N. H.

VICTORIA'S THRONE

Great Britain's Queen Now Talks of Abdicating.

BODILY INFIRMITY THE CAUSE.

The Reception of the Prince of Wales in Germany Has Pleased His Mother.

She Wishes to Assume the Title of Queen Regent—Confession of a Man Who Was Selected to Kill the Czar—The City of Paris May Have to be Beached—Betrothal of Princess Victoria.

LONDON, April 1.—It is now said on the highest authority, as well as being a matter of common gossip in Parliament and at the clubs, that the Queen is seriously considering the step of abdicating the throne.

The recent reception of the Prince of Wales by the German Emperor has had a great effect on the aged Queen, who is now convinced that her son ought to have a chance to play the leading role in England during the rest of her life, which is certain to be short.

The Queen's bodily infirmity is increasing, and she is so rapidly running to flesh that massage is necessary to assist her breathing.

One strong objection the Queen has to abdicating is the contingency of being called ex-Queen. She wishes to assume the title of Queen Regent for the rest of her life.

A special bill will be introduced into Parliament when she is willing to resign the actual throne, and the Prince of Wales will be crowned King of England and Emperor of India.

The City of Paris Leaking Badly.

QUEENSTOWN, April 1.—The water flowing into the City of Paris is gaining on the steam pumps. It is probable that the number of pumps will be increased, and if it is then found that they cannot hold their own against the water the steamer will be beached to prevent her from sinking. Tugs are in constant attendance to tow the City of Paris to Liverpool in the event of the divers succeeding in lessening the leak.

Selected to Kill the Czar.

ST. PETERSBURG, April 1.—A man committed suicide here, leaving a letter confessing that he had been chosen by ballot to kill the Czar but found himself unequal to the deed. His confession contained the names of his accomplices and several of them have already been arrested.

Davitt Makes Another Settlement.

LIVERPOOL, April 1.—Mr. Davitt has modified his terms for the settlement of the dock laborers' strike and both sides have agreed to them. The strike is therefore over and the men will resume work immediately.

Betrothal of Princess Victoria.

BERLIN, April 1.—It is understood that the betrothal of Princess Victoria, sister of the Emperor, to Prince Albert of Saxe-Altenburg, will shortly be announced. Prince Albert is a widower, aged 46. Princess Victoria is 24.

The Treaty With England.

LONDON, April 1.—In the House of Commons last night Sir James Ferguson, Under Foreign Secretary, stated that the extradition treat with America would go into operation on April 4.

Italians Returning Home.

ROME, April 1.—The Government is advised that 1,000 Italians are returning to Italy from Rio Janeiro owing to their inability to procure employment in Brazil.

A CONVENT BURNED.

Three of the Inmates Injured by Jumping from the Building.

MILWAUKEE, Wis., April 1.—A fire started in St. Joseph's Convent, a four-story structure, located on the outskirts of this city, and spread so rapidly that before the fire department could reach the scene the fire had gained such headway that their efforts to subdue the flames were futile and the building burned to the ground.

Three inmates of the convent were injured by jumping from the burning building, one fatally. Two firemen were also slightly injured by falling walls. The fire mysteriously originated in the boiler room. Loss on building and contents, $60,000; insurance, $30,000. The names of the injured are: Sister Blanka, back broken, jumped from the roof, will die; Mary Verner (novitiate) jumped from the fourth story, injured internally, will probably recover; Rosa Minet (novitiate) jumped from fourth story, limbs and arms bruised.

The Cantonment at Three Rivers.

SYRACUSE, N. Y., April 1.—By special invitation General J. O. Woodward of Albany, General of the division of the Atlantic Odd Fellows, met a committee of citizens at the Leland Hotel in reference to the cantonment to be held at Three Rivers, near here, during the coming summer. It was decided to locate the cantonment at Three Rivers Point, opening Monday, June 30, or Tuesday, July 1, and holding the boards during the week. The prize drill will be at Star Park in this city on Thursday afternoon and the grand parade on Friday, July 4, in the afternoon.

Printers Work One Hour Less.

HALIFAX, N. S., April 1.—The request of the Printers' Association for shortening by one hour the present day's labor was conceded by every boss printer in this city. By the change the printers will work 9 instead of 10 hours a day, and will receive the same wages as under the 10 hour system.

O'Donnell Denied a New Trial.

CHICAGO, April 1.—Judge Waterman overruled a motion for a new trial entered by the attorneys for Jerry O'Donnell, convicted of being a party to the attempt to pack the Cronin jury.

Chauncey Depew Returning Home.

CHARLESTON, S. C. April 1.—Chauncey M. Depew spent yesterday in Charleston and was received by the mayor and citizens. He left here last night for New York.

DARING MURDER.

Two Old Men Stabbed by a Desperate Character.

NEWARK, N. J., April 1.—A daring murder took place in Herman's hat factory at the corner of Hunterdon and Cabinet streets. James Smith, alias "Fiddler," who has served a term in the State prison, stabbed Fred Butler and George Hastings, both men of 60 years. All the parties were hatters.

The wounded men were at once removed to the hospital. There it was found that Mr. Hastings had been badly cut across the bowels. His condition was hopeless, and he died in about two hours. Mr. Butler was cut in the breast and his condition is serious.

The details of the affair are as follows: Eight men were working in the plank shop on the Cabinet street side of the factory. One room was full of steam which arose from the kettles. Suddenly Smith, the murderer, entered the room, and, addressing Hastings, accused him of causing his (Smith's) discharge from the shop. After a few words he drew a long knife and plunged it into Hastings' abdomen and then stabbed Butler in the breast as the latter was running to his shopmate's assistance. Smith was overpowered by the workmen and tied with ropes and subsequently handed over to the police, but not until a severe struggle in which he attempted to draw another knife he had in his pockets.

VETOED BY GOV. HILL.

He Disapproves of the Saxton Ballot Reform Bill.

ALBANY, N. Y., April 1.—The veto measure of the Saxton Ballot Reform bill was sent in rather unexpectedly to the Senate last night. It was looked for to-day.

The message says, referring to the refusal of the Legislature to ask an opinion of the Court of Appeals on this bill, that "such determination was desired by the Executive in order that the bill might become a law if declared to be in harmony with the Constitution of the State, or that certain features thereof might, if declared unconstitutional, no longer occupy the time and attention of the law-making powers."

The same provisions which the Executive has for the last two years declared to be, in his judgment, unconstitutional, says the message, are repeated in this measure without substantial modification. The situation demonstrates that, upon the vital point of constitutionality, there exists an irreconcilable difference of judgment between the Legislature and the Executive, which no argument and nothing short of an authoritative opinion can remove.

25th Anniversary of the Loyal Legion.

PHILADELPHIA, April 1.—A meeting of the committee of celebration of the military order of the Loyal Legion was held at the rooms of the United Service Club. It was announced that General Gregg of Pennsylvania will preside at the celebration of the 25th anniversary of the founding of the order on April 15 and 16. Among the speakers will be ex-President Hayes, Secretaries Proctor and Tracy, and Generals Schofield, Sherman, Slocum and Howard. President Harrison has been invited and is expected to be present.

To Explore for the Entombed Miners.

WILKESBARRE, Pa., April 1.—The water in the South Wilkesbarre shaft where eight miners have been entombed for several weeks past is now nearly removed. It is expected that within the next day or two an exploring party will enter the shaft and search for the bodies of the victims. The Stanton mine which connects with the fatal shaft, and which has been idle since the explosion, will resume work next week. This will give employment to about 800 men and boys.

Hartford's Free Public Library.

HARTFORD, Conn., April 1.—The full list of subscriptions to the $400,000 fund for a free public library and art gallery is made public. The largest subscription is $100,000 from Junius S. Morgan, of London. J. Pierpont Morgan, of New York, gives $50,000. Both formerly lived here. H and W. Keney give $50,000; James Goodwin and Messrs. J. J. and F. Goodwin give $50,000 and Roland Mather gives $25,000.

500 Cases of Black Measles.

PITTSBURG, April 1.—Black measles has become an epidemic in the 24th and 27th Wards of this city. There are 400 to 500 cases now, and there have been 15 deaths so far from the disease. Doctors say the malady is much more dangerous than usual, and it is accompanied by throat and lung trouble, and they claim that it is a remnant of la grippe.

Duty on Flax and Linen.

BOSTON, April 1.—The executive committee of the New England Shoe and Leather Association voted that they were opposed to any increase in the duty on flax or linen thread, and that a strong petition should be prepared and circulated for signatures, to be formulated by the Ways and Means Committee in Washington at once.

Changes in the Western National Bank.

NEW YORK, April 1.—Conrad N. Jordan resigned as president of the Western National Bank, and also as a director. C. J. Canda resigned as vice-president. No reason for the action is given out. Brayton Ives was elected to succeed Mr. Jordan both as a director and as president.

Nut Works and Paper Mill Burned.

HARTFORD, Conn., April 1.—The Ætna Nut Company's works and Plattner & Porter's paper mill at Uniontown, together with some adjacent buildings, were burned last night. The nut works employed about 200 men and the paper mill about 50. The loss is heavy.

Imprisonment at Hard Labor for Life.

BANGOR, Me., April 1.—Oliver Cromwell and Charles Stain, convicted of the murder of John Wilson Barron, the cashier of the Dexter Savings Bank, were sentenced to State prison for life at hard labor.

Two Murderers Respited.

HARRISBURG, Pa., April 1.—The Governor respited the murderers John W. Rudy of Lancaster County, and William A. Smith of Allegheny County, from April 9 to June 26.

Justice Danforth Dead.

GARDINER Me., April 1.—Hon. Charles Danforth, aged 74, Justice of the Maine Supreme Court, died from la grippe, which developed into pneumonia.

IS IT PATRICIDE?

A Farmer Found With His Throat Cut From Ear to Ear.

HOMER, N. Y., April 1.—A sensation was caused here by the discovery of a terrible murder at the residence of a farmer named Jerome Baker. A neighbor named Bunn called at the Baker house and on opening the door found the body of Jerome Baker half dressed, with a sheet thrown partly over him, lying on the floor. His throat was cut from ear to ear, the head being nearly severed from the body.

Bunn, with some neighbors, entered an adjoining room and found Charles Baker, the son, in bed asleep, his clothes on. It was with difficulty that he was aroused. On the left side of his neck were several slight cuts.

Being questioned, he said he arose about 1 o'clock in the morning and saw his father lying near by with his throat cut. He did not explain why he did not send out an alarm. Two bloody razors were found in the house.

Charles Baker was arrested and jailed at Cortland. Deceased was about 65 years old. He was worth a few years ago, $50,000, which he lost through speculation.

Charles Baker was seen in the jail by a reporter. He says he first heard his father about 7 o'clock in the morning fixing the fire. About 9 o'clock he got up and found his father dead. He took the razor and put it on the table. He covered his father with a sheet. He then took another razorn and attempted to commit suicide by cutting his throat. He changed his mind, put the razor back, put on his vest, went to bed and was asleep when aroused by the neighbors. "I never thought of murdering father," he said.

DEMANDS OF LABOR

Workingmen Preparing for the Eight-Hour Struggle.

A CALL FOR PUBLIC MEETINGS.

The President of the Federation of Labor on a Lecturing Tour.

Mr. Powderly Talks About the Knights of Labor at Hartford—Several Unions Order Strikes for Higher Wages—Contracts Made for Nine Hours With the Bricklayers of New York.

NEW YORK, April 2.—Members of trades-unions are very active in this city over the coming struggle for eight hours. President Gompers of the Federation of Labor is now on his last lecturing tour before the demand will be made. He will deliver 25 lectures. He will begin at Springfield, Ohio, this evening and wind up at Louisville, Ky., on May 1. There is to be a big eight-hour parade and demonstraion at Louisville May 1. Yesterday he issued an address to individual unions, urging them to get up eight-hour meetings before May 1, the date set for the adoption of the eight-hour rule. He says:

"There is very little time to spare, so take right hold and have your unions make suitable arrangements for the meeting, and don't delay. Let the meeting be free to all branches of labor and invite the public. Advertise everywhere. Invite all labor organizations to co-operate with you in getting a large attendance, and invite the public generally. The Agitation Fund of the Federation will pay the railroad fare of the speakers. If there be more than one Central Labor Union in your city, let both join together in making arrangements."

POWDERLY'S LECTURE.

He Says The Knights of Labor Favor Eight Hours a Day.

HARTFORD, Conn., April 2.—Mr. T. V. Powderly spoke at Allyn Hall last night to a large audience of workingmen. Mayor Root and other prominent men occupied seats on the platform.

Mr. Powderly spoke chiefly on the aims and principles of the Knights of Labor. He said they favored eight hours a day, the nationalization of railroads, equal compensation to both sexes for equal work, the freeing to the people of land now held for speculation, and the Australian ballot system.

Mr. Powderly was frequently applauded and held the closest attention of the audience for two hours.

Bricklayers Sign for Nine Hours.

NEW YORK, April 2.—A contract has been signed by the bricklayers and the firms employing union men for another year's work under the nine hour clause. Many of the men desired an eight hour schedule, but a compromise was effected on an advance of five cents an hour. This makes a daily rate of $4.05 for the succeeding year.

Elizabeth, N. J., Bricklayers Out.

ELIZABETH, N. J., April 2.—The bricklayers and masons of this city made a demand for an increase of pay to the extent of 50 cents per day, which was refused by the bosses, and the men struck. The strike is general, and work on all new buildings has been stopped.

Toronto Masons on Strike.

TORONTO, April 2.—One hundred stone masons went out on strike for an advance in wages of 7 1-2 cents per hour. A few non-union bosses have paid the increase and their men returned to work but the union masters declined to accede.

Masons Win a Strike.

GLOUCESTER, Mass., April 2.—A strike was ordered by the masons to increase wages from $3 to $3.50 per day. The demand was conceded by the contractors, who have considerable work ahead, and the men returned to work.

Carpenters Work on a New Plan.

WHITMAN, Mass., April 2.—In accordance with a recent decision of the Carpenters' Union work commenced here on the plan of nine hours' work for ten hours' pay. There was no objection on the part of the contractors.

Shipbuilders Refuse to Advance Wages.

BATH, Me., April 2.—The shipbuilders here held a meeting to consider the laborers' petition for an advance of 25 per cent. It was decided not to grant the request at present. It is probable it will be granted before long.

A Big Strike.

CHICAGO, April 2.—About one thousand journeymen plumbers have struck and resolved to stay out until their demand for $3.75 for an eight-hour day as the minimum day's wages had been granted.

Lathers Strike for Higher Wages.

TO HONOR GARFIELD.

Military and Civic Organizations Invited to Take Part in the Services.

CLEVELAND, O., April 2.—The following has been addressed to the public by ex-President Rutherford B. Hayes and Hon. Amos Townsend, president and secretary of the Garfield Memorial Association:

"The Garfield Memorial Association proposes to dedicate, by appropriate public services, the memorial structure erected in honor and memory of the late President Garfield, at Lake View Cemetery, in this city, on National Memorial Day, May 30th next.

"The trustees of the association respectfully solicit and cordially invite all organized bodies in the United States, including military, Masonic and civic, and ex-soldiers and citizens generally, to honor the occasion by their presence, and to participate in the ceremonies. Arrangements are being perfected with railroad companies for reduced rates of fare, information of which may be obtained of the principal stationers."

LEGISLATION AT TRENTON.

Proceedings of the New Jersey Senate and House.

TRENTON, N. J., April 2.—A bill was introduced in the Senate providing that trustees of public libraries shall be nominated by the Mayor and confirmed by the City Council.

A bill was passed granting a pension of $12 a month to Louisa R. Haller, whose son was killed at the National Guard Encampment at Sea Girt.

Mr. Bales's 5 per cent. interest bill was favorably reported in the Assembly as amended. The bill excludes building and loan associations from the provisions. The following bills were passed in the Assembly:

Authorizing the Hudson County Board of Freeholders by a three-fourths vote to issue bonds not exceeding $150,000 for the erection of a county lunatic asylum; providing that county boards of health must hold meetings monthly, and authorizing Common Councils to appropriate $1,000 for public libraries.

The Senate defeated the bills fixing the terms of all officers appointed by County Boards of Freeholders at two years and passed bills for the formation of live-stock insurance companies.

Strange Story About a Suicide.

UTICA, N. Y., April 2.—The body of the woman who committed suicide in St. Agnes' Cemetery has been taken to Binghamton by friends. Her name was Mary Eaglesfield. It is said that her folks were Protestants, but she became a Catholic, and started to prepare herself to be a sister of charity. She was taken ill, and after several attempts was obliged to give up. She returned to Binghamton and was melancholy and despondent. She left home last December and her people had no information as to her whereabouts until they learned of her death.

Opening of New York's Canals.

ALBANY, N. Y., April 2.—The canals of the State will be opened on May 1 for general use. Superintendent Hannan said that they might have opened earlier, but the repairs to be made were extensive. The cause of the extra repairs is due to the fact that the lack of appropriations last year to fill the two-dollar a day bill caused the discharge of many men, and only such work was performed as was absolutely necessary.

Defeated a British Life Guard.

NEW YORK, April 2.—Harold St. John, who claims the foil fencing championship of the United States, defeated Sergeant Williams, late of the British Life Guards, in a fencing match at the Eden Musee, winning four bouts out of five, and taking a purse of $100 put up by the members of the New York Athletic Club.

Another Electrical Victim.

NEW YORK, April 2.—In the General Sessions Court Joseph Wood was sentenced by Recorder Smyth to be executed by electricity in the week beginning May 12 next. The Marine to Fight Young Mitchell.

SAN FRANCISCO, April 2.—The California Athletic Club has matched young Mitchell and George La Blanche, the Marine, for a finish battle. The date set was June 27 and the purse will be one of $3,000, of which $500 will go to the loser. Limit of weight in this contest is 154 pounds.

The Griswold Murder Trial.

CORTLAND, N. Y., April 2.—The testimony of Robert W. Griswold in his own defense for the murder of Dennis O'Shea created more than usual interest. When asked why he shot O'Shea he said: "You or any of the jury would have done the same thing. I believed I was in danger."

WASHINGTON TOPICS

A Bill to Establish a National Banking Code.

TO BE RELIEVED OF TAXATION.

More than $35,000,000 Due the Government in Unpaid Judgments.

The Lager Beer Bill in the Senate—Pension for Gen. Hartranft's Widow—Liberty Island to be Made a Free Public Park—Mr. Randall's Pair—Funeral of Admiral Rowan.

WASHINGTON, April 2.—Mr. Walker of Massachusettes introduced in the House a bill to establish a National banking code.

The bill provides for the deposit of greenbacks, coin and coin certificates for circulation to the amount of 10 per cent. of the then capital by banks of capitals of $250,000 or less. In addition to 10 per cent. that the banks are required to take from the Government, they have a right, by the bill, to issue currency notes to the amount of their coin and certificate reserve.

Banks are relieved of all taxation and expenses except the expense of the redemption of their notes. On the insolvency or expiration of the charter of a bank the notes are to be redeemed by the Treasurer of the United States in coin. The banks are given authority to issue notes not to exceed 80 per cent. of their total circulation.

THE NATION'S DEBTORS.

More Than $35,000,000 Due the United States in Unpaid Judgments.

WASHINGTON, April 2.—The Speaker laid before the House a letter from the Secretary of the Treasury, transmitting a communication from the Solicitor-General in regard to unpaid judgments due the United States. Solicitor Hepburn says that these unpaid judgments amount to more than $35,000,000.

Many of them, he says, are old, and but little attention has been paid to their collection since 1867. The present residence and solvency of the judgment debtors, in many instances, are not known to his office. No money is available for a search or inquiry, and the marshals, clerks and district attorneys very naturally take but little interest in these old matters.

In conclusion, he says that in his opinion that with proper effort a very considerable sum could be realized on these judgments if Congress will make an appropriation of $30,000, to be expended in the employment of agents charged with the duty of ascertaining the whereabouts of these debtors and their solvency.

Public Debt Statement.

WASHINGTON, April 2.—The monthly public debt statement issued from the Treasury Department shows a decrease of the debt during the past month amounting to $11,389,857, and for the first nine months of the current fiscal year of $53,488,949. The net surplus in the Treasury to-day is $82,615,842, or about $150,000 less than a month ago. Government receipts from all sources during March past aggregates $34,778,180, or $3,750,000 more than in March, 1889.

The Lager Beer Bill.

WASHINGTON, April 2.—Senator Stewart introduced a bill regulating the manufacture, sale and importation of lager beer. For the purpose of the act, lager beer is defined to be the beverage made exclusively from hops, malt and water. Any other fluid is designated as adulterated lager beer, with heavy penalties for failure to take out the license. All packages containing the beverage shall be marked "adulterated." Adulterated lager beer imported shall pay the duty imposed on lager beer.

To be Made a Free Public Park.

WASHINGTON, April 2.—Senator Chandler introduced a joint resolution granting permission to the Bartholdi Statue Association to improve the whole of Bedloe's Island, New York harbor, and provide for the use of the same as a free public park. The ownership and control of the island shall remain entirely in the United States.

Another Pair for Mr. Randall.

WASHINGTON, April 2.—Representative O'Neill, of Pennsylvania has secured a pair for his colleague, Mr. Randall, with Thomas B. Browne, of Indiana. During the entire session Mr. Randall has been paired with Mr. Wilber, of New York, who died in Oswego.

They've Got Better Sense.

The following quotation appeared in Carey's sheet, last evening: "All the policemen on duty last evening, when they heard of the outrageous action tendered Chief Carey their resignation." This is utterly false. A PRESS reporter interviewed all of the officers last evening, and not one of them signified his desire to lay down the club and abandon $60 a month. If, however, any of the officers feel so inclined, Captain Grant will immediately accept their resignation.

PARTICULAR MENTION.

Mrs. Titsworth, widow of Dr. Randolph Titsworth, will remove to the home of her son at Roselle.

Mr. Geo. F. Brown and wife of North Plainfield, start to-night for an extended trip through the far West.

The New York East Conference of the Methodist Episcopal church, comprising the Eastern District of New York city from the Bowery to the East River, all of Long Island, and a slice of Connecticut, will be held for a week, beginning today, in the Summerfield church, Brooklyn. A mass meeting was held in that church last evening for the purpose of forming a young people's league, to be called the Epworth League. The board is the same as last year, with the exception that the vacancy caused by the death of Jeremiah VanDeventer is filled by the election of F. A. Pope. The board subsequently re-elected E. R Pope as President, and H. G. Runkle, Secretary and Treasurer.

Fire at Bound Brook.

NOTHING TO DO WITH THE MILLER CASE.

Carey Suspended on Charges Dating Three Months Back.

A few mistaken impressions concerning the case of ex-Captain Carey,—formed by those unacquainted with the truth of the matter through entire ignorance or because of absorbing their information from dishonest and mendacious sources—may demand the following in explanation:

The suspended officer is not suspended because of his action in the Miller case, nor by the action of the Councilmen concerned therein. He was suspended by the unanimous vote of the Police Board of which a minority only have anything to do with the case of Miller. His Honor, the Mayor, *did not* come out in a snow storm to "protest" against the action, but to cast his vote with the whole Board in favor of the suspension. There was no person present except the five members of the Board.

The charge was: "conduct unbecoming a policeman, by using obscene, profane and indecent language *to* members of the Common Council; and also using vile, obscene and profane language *about* members of said Council, at different times since the sixth day of January, 1890." It's plain there is no "Miller case" in that. It dates back three months before.

It is said that the members of the Board have evidence that Carey has called Councilman Roberts a "traitor," City Clerk Coward a "sucker," Councilman Gallup a "liar," and President Moffett the most degrading and obscene name in the English language. Any of all this being so, nobody will believe but that the Mayor is hand in hand with every decent and respecting citizen, in endorsing the act of suspension.

To-morrow evening Carey is to be given an opportunity to answer and refute the charge, and next Monday evening the Council as a whole will decide by resolution whether the action of the Board shall be sustained. So nothing can be done that the accused does not deserve.

Therefore reserve your judgment, await the final action of the Council, and if you read your PRESS carefully every evening meanwhile, you can then give an honest and proper opinion of the matter.

UNFURLING THE FLAG.

Patriotic Exercises at the High School Yesterday Afternoon.

The ceremony attending the unfurling of the handsome flag recently presented to the High school by Mr. Ernest Ackerman, took place yesterday afternoon, many of the parents of the scholars and friends of the school being in attendance.

The exercises opened with a song by the school, "God My King," followed by a recitation, "E Pluribus Unum," by Miss Ernestine Smith. The school sang "Consecration," and Miss Emma V. Case recited in an admirable manner "The Revolutionary Rising." After the school sang "The Pilgrim Fathers," Master Edward J. Patterson declaimed on "Liberty and Union."

The Rev. Dr. Ketcham, on behalf of the donor, then formally presented the flag to the school, at the same time illustrating the significance of the flag. He also alluded to Mr. Ackerman as a post-graduate and to the great interest he took in the school.

The Rev. Dr. Hurlbut accepted the flag on behalf of the Board of Education. He spoke of the great interest which is being manifested throughout the country by floating flags from the public schools—a spirit of patriotism, he said, which should be encouraged.

The scholars then gave three rousing cheers for the flag, and also for the donor, after which the Rev. Dr. A. H Lewis made a few remarks, giving the boys some good advice.

The school and audience adjourned to the street and witnessed the hoisting of the flag amidst a volly of shots from cannon and musketry.

Concerning the Street Railway.

Some people are inclined to believe that in case the Plainfield Street Railway company secure the franchise to equip and operate a street railway in this city, that it will be on a cheap scale. To set at rest the mind of such people, THE PRESS herewith produces a letter received by Dr. T. J. Fritts this morning, which bears on the subject:

DEAR SIR:—Yours of the 31st received and noted In reply would say that the Plainfield Street Railway Company proposes and intends to build a first-class road and equip the same with first-class new equipment. But to state it more explicitly, and to set at rest the minds of the people who may have been misinformed:

We propose to build a standard guage track with frequent turn-outs and switches, and to lay a 47 to 50 pound new steel side bearing rail and to make it flush with the surface. We propose to pave with stone or concrete in center of track and one foot on outside, which will make a smoother and better roadway than any you now have in Plainfield, and we also propose to equip the road with new first class double and single cars, the whole to be first-class in all respects. The character of the parties should be a sufficient guarantee of the honesty of their intentions. Yours truly,

A. W. PLATT,
For the Plainfield Street Railway Co.

SPOOKS IN THE PARK.

Strange and Peculiar Proceedings Which Cannot be Explained.

Over in Washington Park there has appeared what is undoubtedly a genuine and orthodox ghost. The story as related below was told to a PRESS reporter yesterday by one who has been a witness of the spectral visitations and whose veracity there is no reason to doubt.

It seems that the inmates of a certain house in the Western section of the Park, whose names we might give if we chose, have for some time past been frequently awakened from their midnight slumbers by a most uncanny and unaccountable sound evidently coming from the driveway at the side of the house.

The manifestations occur invariably between the hours of one and two A. M., but at irregular intervals—often several nights together and then not again for a week. The sound, which can be likened to nothing but that made by a well-shod horse, pursued by a pack of wolves or dogs, the howling and snarling of which is plainly audible, is always first heard on the drive about fifty feet West of the house. It then seems to approach and pass directly by the windows, increasing in volume, until it reaches the street—a distance altogether of 150 or 200 feet—when there is a shrill cry and it stops as suddenly as it came. The noise is so loud as to arouse the whole household and the family have stood at the windows and heard the heavy running of the horse and the snarling and howling of the other animals pass within twenty feet of them, and yet nothing could be seen. A moment later a scream would be heard in the street and then silence.

In the morning the drive-way shows no signs of having been traversed and the people are entirely at a loss to explain the affair. The gentleman of the house, a New York business man, said that he was not a believer in ghosts; but he knew no way to account for the thing, other than to call it supernatural. The PRESS man sought his natural history and found that wolves were once common in these parts. Of course, some one ought to turn up who remembers a legend about a colonial mail carrier who was attacked and killed by a pack of wolves near here in the forgotten past; but as yet no such person has come along and the affair remains a mystery.

THEY CHANGE PLACES.

The Crescents Prove Themselves Quitters, and the Olympics Step Into Their Shoes.

The four games in the Central bowling tournament, that were rolled in this city last evening, made a great change in the record. The Crescents lost two, and the Olympics won two, and thereby the Plainfield teams changed places.

The Crescent team seemed scared to death and rolled like scrubs. The first game was theirs, but they were suffering so from nervous prostration they actually could not reach out and take it. In the seventh frame every man broke, and the bowling of the Crescents was so bad in both games that the Elizabeths could not have lost unless they had put their coats on and gone home, and forfeited the games.

J. M. C. Marsh was umpire. The score was:

ELIZABETHS.	1st	2d	CRESCENTS.	1st	2d
Warner	158	179	VanEmburgh	170	136
Fleming	138	167	Haven	127	119
Davis	143	183	Thiers	134	153
Dimock	135	170	Rogers	112	141
Hellner	150	132	C. Teel	156	149
	724	831		699	678

On the Olympic alleys the case was different. The honor of Plainfield was raised way up and held there. The Olympics bowled two most creditable games which to some extent decided who will have second place at the finish.

They have now only eight games to roll—six on their own alleys and two on the Crescent's. There is a probability of their winning all if they keep up the pace they have started on. Twenty-two spares was the Olympics total in the first game, last night, again, while the cry of the umpire at the Crescent was frame after frame: "Nine on the first, Crescent; nine on the second, Crescent; nine all, Crescent." If the Olympics win six of their remaining eight games, Plainfield will have first place in the Central League—barring Elizabeth.

Mr. Herbert W. Stover was umpire. The score was:

OLYMPICS.	1st	2d	SOMERSETS.	1st	2d
Wilbur	116	143	Gulick	114	155
White	185	200	Goodman	142	142
Wyckoff	186	117	Miller	104	1:5
VanAlstyne	164	126	Major	122	137
Collier	164	151	Haynes	116	138
	815	737		598	697

The record of the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	16	2	889
Monday of Westfield	10	6	625
Nameless of Westfield	8	6	572
Olympic of Plainfield	8	8	500
Fanwood of Fanwood	7	9	438
Crescent of Plainfield	6	8	428
Somerset of Somerville	3	19	137

The Dunellen Election.

The annual election for Borough Commissioners took place at Dunellen, yesterday. The following were elected: C. Schepflin, P. W. Brakeley, R. J. Swackhamer, John Moynihan, John P. Apgar, Fred J. Richters, Samuel Luckey.

Five hundred dollars was voted for borough purposes, but the $500 additional road money was defeated.

Logical Conclusions That Fit The Case.

TO THE EDITOR OF THE PRESS:—It was well said by one of the speakers at the Methodist temperance meeting on Sunday evening, "That a deeper study of the whole situation is needed." We presume he meant the subject of temperance. We will not directly charge the religious teachers of that evening with advocating the enforcement of moral virtues by legal enactment, but we gather sufficient from the public statement of what the reverend gentlemen suggested, to encourage us to offer certain logical conclusions in the premises that may change the force of their arguments as to *legal remedies*. Such conclusions in brief are in defence of the same cause these reverend gentlemen profess to advocate and defend, and find philosophic basis in the teaching of our common Lord.

1. If we want to check or even destroy the beneficent work of christianity we shall do so effectually by attempting to force all its teachings upon man in the shape of *positive enactment*.

2. What can be demanded or conceded in the name of christianity cannot be demanded in the name of *law*.

3. Free willingness is the essence of all virtue, and men cannot be made virtuous by *legislative enactment*.

4. If we can enforce *christian temperance by law*, we can enforce christian benevolence, christian charity, or christian virtue of any kind.

5. Christianity knows nothing of *force*; its motive power is love, and where force begins love ends.

6. Justice is no invention of christianity, but christianity ennobles justice.

7. Reformers cannot today make Christ a sovereign king any more than the Jews in their day.

These brief and suggestive points are in strict harmony with scripture truth and is in the line of that "deeper study of the situation needed," and we offer them to the christian teachers of this city in the same spirit as its truth.

Very respectfully,

LAYMAN.

The Next Attraction at Music Hall.

Marie Hubert Frohman, the gifted young actress, is to bring out her own company and give two or three of her most notable plays at Music Hall, on Monday evening next.

In these days of barn-storming it is news to hear that a woman of ability and intellect, with a good voice and proper knowledge of the stage, has taken to entertaining the public.

A good play is not only entertaining, but it is instructive, especially when well interpreted. Mrs. Frohman was educated abroad as well as in this country: she speaks several languages; is a writer of great ability, and familiar with the best literature of the day. She has made a careful study of the old English and French dramas. She not only possesses a rare charm and simplicity of manner; but when the play requires it, she displays power and carries the house with her through every scene. Her voice is deep and flexible like Mary Anderson's, and her eyes are wonderfully expressive.

New Jersey's Military Affairs.

The report of the Quartermaster-General for the past year has been submitted to the Legislature. The arms in the possession of the National Guard, it is stated, although by reason of continuous service for a period of nearly fifteen years, they are hardly adapted for fine and accurate work on the rifle range, are now in fairly good condition.

The expense of the department for the year has been classified in the report under the heads of "National Guard," "Arsenal Account," "Militia Office Account," and "Encampment." The cost of the National Guard foots up $76,281.51. Of this $19,238 is for the pay of the troops for service at the late encampment, and $29,477.04 for uniforms furnished during the year. One-half the cost of these uniforms is paid by the companies in two consecutive stoppages of one-fourth from the annual appropriation. The arsenal account expenses are reported at $12,445.71. The militia office account, including clerical services, amounts to $5,894.80. Under the head of encampment expenses are included all moneys expended for the general expenses of the State camp and rifle practice during the year, and amounts to $30,000.39.

Mr. Keys Wins the Championship for the Second Time.

The finals have been played in the New Jersey Chess Club tournament, for the State championship, which was left to be played off after the meeting in New Brunswick. R. B. Keys, of Plainfield, and H. N. VanDyck, of Princeton, were tied for first place, neither having lost a game, and in playing the final game Mr. Keys won, making him the champion of the State and the holder of the first prize, the Waterbury cup, while Mr. VanDyck secured second prize, a purse of $5 in gold, given by the citizens of New Brunswick.

—The taking of testimony in the Hyde-French mill dam case was resumed before Vice-Chancellor Bird in the Council chamber today.

"Not Bulk, But Business!" is the way a Western man put it in expressing to a friend his complete satisfaction in the use of Dr. Pierce's Pleasant Purgative Pellets. So small and yet so effectual, they bid fair to supplant entirely the old-style pill. An ever-ready remedy for Sick and Bilious Headache, Biliousness and all blood disorders. Mild in action, wonderful in effect! Put up in vials, convenient to carry. Their use attended with no discomfort! These sterling merits account for their great popularity.

THREE PLAYS! MONDAY NIGHT. MUSIC HALL.

NEW YORK STAR.

NEW YORK COMPANY.

MARIE HUBERT FROHMAN.

Plainfield is a first-class town. Is famous for its first-class people; its beautiful streets, shaded walks and refined society. Its people deserve only high class entertainments.

The event of the season is the triple bill for Easter Monday night at Music Hall. Mr. Gustave Frohman, who organized and managed the celebrated "Hazel Kirke" Company of the Madison Square Theatre, brings his great attraction—Marie Hubert Frohman with three beautiful plays to be presented that evening. She is a gifted young actress who played before two thousand people the other evening at Fall River, Mass. She brings a first class New York Company with fine new costumes.

"King Rene's Daughter," the opening play, is beautiful, romantic and realistic. It is a Danish play, in which Mrs. Charles Keane, won triumphs in London. As the blind Iolanthe, the King's daughter, beloved by a prince, Miss Frohman moves every heart. She is pathetic, with a deep melodious voice and magnetism that sway the audience. Rose Eytinge, whose name is a household word in the dramatic world, says "Her 'Iolanthe' is a revelation. Never have I seen blindness personated with such absolute truth: or passionate love, with such innocence and purity. I long to see her in Juliet. In the use of her hands alone she is wonderful."

The character represents a gracious beauteous maiden, pure as snow. She is blind, but beloved by the noble Prince Tristan. At first she does not know that she is blind. The scene is most effective. She recovers her sight; is claimed by her chivalric lover and a great festival of joy sweeps the stage. As the curtain falls, the soft music of the harp accompaniment ceases and the first class people of Plainfield awake from this dream of love and chivalry.

The two other plays on the bill are unique in their way. "Snowbound" is a realistic love story in the Sierra Nevada Mountains. "False Charms" is a very amusing farce-comedy of the old French school. Mrs. Frohman plays in all these pieces with great power and magnetism. Her deep organ-toned voice and wonderful eyes captivate the house.

LOTTERY SWINDLERS

They Capture a Prize of One Million Florins.

TWO OFFICIALS IN THE PLOT.

A Girl, Disguised as a Boy, Drew the Winning Number.

Celebrating Bismarck's Birthday—The Czar Taken Suddenly Ill—A Man Executed for Murdering Eight Women—A Nobleman Grinds a Hand Organ and His Wife Gathers the Pennies.

PESTH, April 2.—Some time ago a conspiracy to defraud a lottery company at Temesvar, Hungary, was entered into by several persons, including two officers of the company. The conspirators succeeded in drawing a prize of 1,000,000 florins, but they were afterward detected and arrested.

Their trial, which has just taken place, resulted in their conviction, and Farkur, the holder of the ticket which drew the prize, and Szobovits and Puespooky, the officers of the company who were implicated in the plot, were each sentenced to eight years' penal servitude. Frau Felkesy, whose daughter, disguised as a boy, drew the winning number, was sentenced to two years' and Collector Hegatt to three years' imprisonment.

A NOBLEMAN'S FREAK.

He Turns the Crank of a Hand Organ on the Street.

LONDON, April 2.—A scene occurred in the Strand during the morning. Viscount Hinton, the son and heir to Earl Paulett, who has made himself notorious by playing the part of clown in pantomines, and who has also undergone imprisonment for robbery, was grinding an organ, accompanied by his wife. An aristocratic looking gentleman approached them, and endeavored to persuade the erratic Viscount to desist, offering him a clerkship on the Stock Exchange.

The offer was loudly declined in the presence of some 500 people. Hinton then became very excited, and swore that he would never alter his course of life until his father dies.

During the exhibition Lady Hinton took around the hat to collect coppers, and the good-natured gentleman retreated amid the jeers of the crowd.

Prince Bismarck's Birthday.

BERLIN, April 2.—The celebration of Prince Bismarck's 75th birthday at Friedrichsruhe was characterized by more enthusiasm and general festivity than have marked any similar occasion since the observance of the old Chancellor's natal day became an occurrence of national interest. Five special trains loaded with Prince Bismarck's admirers mingled their freight with that of the regular trains which landed thousands of persons at Friedrichsruhe and the castle was thronged with visitors. In addition to these personal visits the ex-Chancellor received over 1,800 birthday greetings by mail and wire and numerous presents. The Emperor sent his portrait.

Opposed to American Store Cattle.

LONDON, April 2.—The Associated Chamber of Agriculture has passed resolutions declaring that any relaxation in the enforcement of the laws prohibiting the importation into Great Britain of American store cattle, would be extremely dangerous. The speakers denounced Mr. Moreton Fremen and others who are engaged in fomenting agitation, and asserted that they were so engaged by reason of their desire to secure a better market for their own stock.

The O'Shea-Parnell Case.

LONDON, April 2.—Mr. Parnell has filed denials in the case of Captain O'Shea versus Parnell as co-respondent and Mrs. O'Shea has asked a month's delay in filing her pleas. Captain O'Shea will oppose the granting of further delay, believing, as he alleges, that postponement is sought for political effect. It is now regarded as impossible to bring the case to trial before autumn at the earliest.

The Disabled City of Paris.

QUEENSTOWN, April 2.—The engine room of the disabled steamship City of Paris has been finally freed of water. Quite a large hole was found in the bottom of the steamer which was stopped by divers and the disabled steamship was towed to Liverpool.

A WALKING ARMORY.

An Eccentric Citizen Creates a Sensation at Concord, Pa.

CHAMBERSBURG, Pa., April 2.—John W. C. Goshorn, an eccentric and well-knew citizen of of Concord, this county, was placed in jail here charged with threatening the lives and property of the citizens of that village. Goshorn some days ago warned three citizens to leave town. That evening he threw into the street some contrivance that exploded with a terrific report.

The next morning he posted a bulletin saying that the houses of the three citizens must come down, and the people, fearing that he intended to use dynamite, made an effort to arrest him. Goshorn armed himself with a heavily loaded musket, and with a knapsack on his back and cartridge-belt around his waist paced up and down in front of his store for several days and nights, leaving his post only to snatch something to eat and get some rest, but always keeping a sharp lookout. Yesterday morning he was captured by strategy, but after he was in the hands of the constable he made no further resistance. He will probably be placed in an asylum.

THE MILWAUKEE ELECTION.

The Exciting Contest Over the Compulsory Education Law.

MILWAUKEE, Wis., April 2.—In the municipal election here the Democrats elected their entire ticket. George W. Peck, the proprietor of Peck's Sun, Democratic candidate for Mayor, has a plurality over Brown (Rep.) of 6,000.

Brown is the present Mayor and was a candidate for re-election. N. S. Murphy, who was the late Matt Carpenter's law partner, headed a third—the citizens' ticket.

The chief issue in the election was the Bennett compulsory education law. The Protestants favor the law, while the Catholics wish it repealed. Mr. Peck was understood to side with the repealers. The fight on the Bennett law is expected to have an influence in State politics.

Not Dead But Deserted His Wife.

READING, Pa., April 2.—When the Johnstown flood swept so many people out of existence Samuel Heffner, of this county, was reported among the lost, but a few days ago word was received from Philadelphia saying that Heffner was not dead at all, but alive and well and working in that city. A constable was given a warrant, and he proceeded to Philadelphia and soon returned with his prisoner, who was committed to jail in default of bail on the charge of deserting his wife.

Suicide of a Wealthy Merchant.

NEW YORK, April 2.—Morris Marks, a wealthy commission merchant at 96 Spring street, committed suicide at his residence, 67 East 12th street, by shooting himself in the head. He had recently had a quarrel with his wife, whom he married last October. She left the house, and Marks seemed greatly depressed over the occurrence. On Monday he received a message from Mrs. Marks, which is supposed to have been a refusal to return to him, and to have led to the suicide.

No Change in Freight Rates.

NEW YORK, April 2.—The Trunk Line's Executive Committee decided to maintain last year's westbound rates for the coming season. No action was taken on eastbound rates. The matter of advancing the rates from the seaboard to St. Paul was postponed until after the Western freight meeting at Chicago. Corn rates were discussed without action. No successor to Commissioner Tuttle of the Passenger Committee was named.

A Warrant for Lewis S. Cox.

PHILADELPHIA, April 2.—A warrant has been issued for the arrest of Lewis S. Cox, the ex-Chestnut street merchant who failed some time ago. The warrant is sworn out by William M. Singerly, who holds Cox's notes to the amount of $95,000. Cox has left the jurisdiction of the Philadelphia courts and is believed to be in New York.

Soap Lottery Schemes.

ALBANY, N. Y., April 2.—Warrants were issued in the city of Troy at the instance of the secretary of the State Retail Merchants' Association for the arrest of agents of the Tuxedo Soap Company for violation of the lottery laws of the State. Mr. Dexter, the secretary, who resides in this city, said that this was the beginning of a wholesale assault upon such schemes.

The Feather-Weight Championship.

NEW YORK, April 2.—A cable dispatch from London received here says: At a meeting of the Pelican Club it was decided that if George Dixon will agree to fight Nunc Wallace for the feather-weight championship of the world, the club will offer a purse of $2,000 for Dixon and Wallace to fight for, and will allow Dixon $500 for expenses.

To Elevate the Negro.

LAKE MOHONK, N. Y., April 2.—The first meeting of the Mohonk Negro Conference will be held here on Wednesday, Thursday and Friday, June 4, 5 and 6 next. The object of the conference is to consider ways and means to elevate the negro race by means of education and Christian religion.

Big Offer to Jake Beckley.

PITTSBURG, Pa., April 2.—The Pittsburg National League Club offered First-Baseman Jake Beckley the captaincy of the team, a salary of $4,000 a year and $5,000 cash to play with the club. Beckley refused the offer.

Jack Dempsey May Go to England.

SAN FRANCISCO, April 2.—It is said that Jack Dempsey is going to England meet Toff Wall in the Pelican Club. proceeding East from Portland, e Northern Pacific.

FLOODS IN THE SOUTH.

Water Pouring Into Greenville, Miss., and Several Towns Overflowed.

GREENVILLE, Miss., April 2.—The water is pouring into this place through a gap 600 feet wide. So far there has been no loss of life, but the entire city is flooded, with the exception of two streets. Three lives were lost near here. Two white men and a negro were coming to this city from Stoneville in a skiff, which capsized and they were drowned. Reports from the relief boats Houston, Combs and Titian, now at Laconia Circle, confirm the news of the suffering there, which has not been exaggerated.

The break at Austin, Miss., will overflow the country for some distance back and will flood the levee to the Yazoo Pass.

Some of the water will pass down Sunflower River, but will do but little damage until it meets the water from the four breaks below the Arkansas River.

When they all meet it will overflow the Yazoo country from the point of meeting down the entire length of the Yazoo.

The water at Greenville is now higher at some places outside of the levee than in the river, and is pouring back into the stream. It is also going back through the Offutt crevasse into the river. This lessens the danger, but the Easton crevasse is still pouring water out over the country.

NEWS OF THE DAY.

A beer riot is expected in Munich. Prices have gone up.

The price of meat has been raised 20 per cent. in Berlin.

Rev. A. K. Batchelder, of Delaware, Ohio, died in Amsterdam, N. Y., last night.

Pugilist John Parker, wanted in Syracuse, N. Y., for grand larceny, was taken to that city from Buffalo.

George Medbury, the former keeper of the Lewiston, Me., Almshouse, has been arrested for alleged cruelty to the inmates.

The death is announced of Mrs. Sarah E. Shortbridge, Secretary of the Christians Women's Board of Missions, at her home in Indianapolis.

The Dutch police officials believe that a suicide found on the banks of the Moewe is none other than that of Eyraud the Parisian strangler.

A man named Wheat was struck by an Erie passenger train near Andover, N. Y., last night and instantly killed. His home was in Hornellsville.

Edward Terrien, who was released by the Worcester base ball management recently, has signed with the New Haven Club of the Atlantic League.

The dry goods store of R. H. Halsman & Co., was destroyed by fire. The total loss is not yet known, but the stock was insured for $14,500.

THE BALL PLAYERS

Busy Perfecting Their Plans for the Coming Season.

A BROTHERHOOD CONFERENCE.

The Opening Date of the National League Selected by the Players.

Beckley, Mulvey and Delehanty Reinstated—Each Club Will be Known by a Flag—Anson and Mutrie Claim to Have Superior Men in Their Teams. More Gossip About the Columbus Club.

NEW YORK, April 3.—A conference of the Players' Baseball League was held at the Fifth Avenue Hotel to discuss generally the outlook for the coming season and to provide for the success of the Brotherhood movement.

The opening dates were changed so that the seasons of both the National League and the Players' League will open on the same day, April 19. This action of the Brotherhood in selecting the same opening day as the National League makes the fight more aggresive than ever and effectually silences the National League people who were confident that the Players' were afraid to clash with them in their dates.

The question of taking back deserters from the Brotherhood was settled without much argument. It was decided that Beckley, Mulvey and Delehanty be reinstated under a resolution requiring a unanimous vote of the board of directors for such a purpose.

During the season each club will be known by a flag as well as by a uniform. Each club will be provided with eight flags and on the day of a game its flag will fly from the flagstaff with that of the visiting team. The League also adopted resolutions permitting the clubs to give exhibition games between themselves prior to the opening of the championship season. This permission is only for the present season. No exhibition games will be allowed on Sunday.

THE NEW TEAMS.

Anson and Mutrie Already Talking About Winning the Pennant.

NEW YORK, April 3.—Now that the circuit has been solidified, and the playing strength of the clubs equalized, the greatest struggle in baseball history may be looked for. Anson is already claiming the pennant, and is willing to wager any number of suits of clothes on the result. Since he has acquired the Hoosier players Jim Mutrie has assumed a confident air and thinks his new team will retain the pennant won by the old Giants.

The new clubs—Brooklyn and Cincinnati—with their well organized teams, are, of course, in the race, but neither of them will have the walkover looked for when they became members of the League. The two dark horses in the League race are Boston and Philadelphia. The former has a great team of youngsters. Then there is Clarkson and Bennett, with "Pop" Smith, the old Leaguer, and Tucker, the champion Association batsman, to steady the younger members. The Bostons are surely in the race.

Manager Wright has not yet made a break about the pennant, but it is known that he is confident that his team will make a big fight. The League clubs are certainly well matched in playing strength, and they will be strong bidders for public support in this great fight in which the fittest is to survive.

Trouble for the Columbus Club.

COLUMBUS, O., April 3.—The rumor of the sale of the Columbus Baseball Club to Indianapolis or Detroit is still going the rounds. The latest one is to the effect that Sunday games are to be stopped here, and that no money can be made without them, and that the team has been weakened so badly by the loss of Baldwin, Orr and Daily that it is not much stronger than a minor league club and will not draw the crowds during the week that it did last year.

RHODE ISLAND'S ELECTION.

The Returns Delayed on Account of the Australian System of Voting.

PROVIDENCE, R. I., April 3.—Owing to the inauguration of the Australian voting system, returns of Rhode Island's election are delayed. Full returns from the State will not be received before to-night.

Twenty-five towns and districts exclusive of the cities give Davis, 5,397, Ladd 4,022, for Governor.

Honoring Jefferson.

NEW YORK, April 3.—The 147th anniversary of the birth of Thomas Jefferson was celebrated by a banquet and speeches at the Harlem Democratic Club last night. Among those present were Gov. Abbett, ex Secretary of the Treasury Fairchild, Gov. Fitzhugh Lee, Senator McPherson, Ashbel P. Fitch, Chas. W Dayton and many others. A letter of regret was read from ex-President Cleveland.

He Blew Out the Gas.

BATAVIA, N. Y., April 3.—Augustus Baeder, a single man aged 40, employed at a Leroy malt house, came to Batavia yesterday and put up at the Park Hotel. He retired at 10:30 and in the morning was found dead with the gas on at full head and not burning.

Killed in a Quarrel.

WILKESBARRE, Pa., April 3.—At Duryea a quarrel occurred between John Pryor and John Butz. During the progress of the fight a shot was fired, which struck Hugh Graham, killing him instantly. Pryor and Butz are in jail.

ALARMING FLOOD NEWS.

The Great Delta Country in Immediate Danger of Overflowing.

NEW ORLEANS, April 3.—Reports from the lower Mississippi Valley show that the flooded section is in a deplorable situation. In some instances the breaks in the levees have been so sudden that the inhabitants had barely escaped with their lives by fleeing to the hills.

Even on the hills they are not always safe and the relief boats are busy taking whole families from tree tops, where they have taken refuge.

A Vicksburg dispatch says the situation of the overflowed districts becomes more and more alarming. The great Delta country, composed of the counties of Tunica, Coahoma, Bolivar, Washington, Sunflower, Leflore, Issaynema, Sharkey, and parts of Yazoo and Warren are in immediate danger of inundation.

It is safe to say that 40,000 people, mostly negro immigrants from the Carolinas, Georgia and Alabama, have settled there.

In the last few years four different railroads have been built through this country, and traffic on them all is now at a standstill.

It is conceded by all experienced persons that it is but a matter of a few days when the greater portion of this vast area of cotton land will be under water.

TWO RUFFIANS CAPTURED.

They Assaulted an Old Lady After Knocking Her Husband Senseless.

RED BANK, N. J., April 3.—William Buckley and John Callahan, two notorious young men from Tinton Falls, were arrested here for criminally assaulting Mrs. James Roswell, aged 50 years, residing at South Eatontown.

Her husband answered a knock at the door last night and was knocked senseless by the two men. Mrs. Roswell went to see what was the trouble, when she was attacked and assaulted.

When the ruffians were arraigned in court Mr. Roswell, who was present, became greatly excited and was barely restrained from shooting the prisoners. Judge Edwards committed them to the county jail to await the action of the grand jury.

Editor Allen O. Myers in a Fight.

COLUMBUS, O., April 3.—Allen O. Myers, editor of the Cincinnati Porcupine, and Representative Pennell, of Brown County, engaged in a quarrel and came to blows in the corridors of the Neil House. Pennell was badly worsted; and bears an ugly cut over his right eye. Friends interfered before the fight resulted in either of the combatants being seriously injured. The trouble grew out of an imputation made by Myers in the Porcupine against Pennell and relative to the late Senatorial campaign.

An American Driven from Austria.

NEW YORK, April 3.—A naturalized American citizen named Stephen Zarra, who has just arrived here from Austria, claims that he was peremptorily ordered to leave Austria. He says he committed no offense against the laws of Austria, and that his only crime was in being an American citizen. He laid his case before Minister Grant at Vienna, but received but little satisfaction from him. He says he will lay his case officially before Secretary Blaine.

Opposed to Senator Paddock's Bill.

GLOUCESTER, Mass., April 3.—At a largely attended meeting of the Board of Trade Senator Paddock's bill to place the Fish Commission under the Department of Agriculture was strongly condemned, and resolutions were adopted that such a transfer would be a serious blow at the efficiency of the commission. A protest was also adopted against duties on fish landed from American vessels.

10,000 Acres for American Game.

NEWPORT, N. H., April 3.—The Blue Mountain Forest Park Association was organized, with Austin Corbin as president. The association has secured about 10,000 acres of wild land and mountain range in this vicinity, and will stock it with buffalo, elk, antelope, moose, deer, fish, etc. The capital is $250,000 and the object is sport and the preservation of types of American game.

Masons and Laborers on Strike.

NEW YORK, April 3.—About 200 artificial cement workers and 300 laborers in sympathy with them, have struck for an eight-hour contract at a rate of 50 cents an hour for masons and $2.25 daily wages for their laborers. There are fifty-three firms employing these workmen, and over half of them have already signified their approval of the terms of the contract.

Will Discharge the Duties of Governor.

CONCORD, N. H., April 3.—The Executive Council officially notified the Hon. D. Arthur Taggart, President of the Senate, that Gov. Goodell was incapacitated by illness from the discharge of his duties as chief magistrate, and asking Mr. Taggart to take the chair and discharge the duties of the office during the vacancy.

A Prohibition Trust.

NEW YORK, April 3.—W. T. Wardwell, Horace Waters, W. J. Groo, Clinton B. Fisk, and other Prohibitionists have formed the "Prohibition Trust Fund Association," a corporation intended to receive and administer funds or property devoted to the prohibition cause.

WASHINGTON TOPICS

Protests that May Cause Alterations in the Tariff Bill.

THE BIG BRIDGE BILL PASSED.

No Objection Raised in the House and it Receives a Unanimous Vote.

Honoring the Late Samuel S. Cox—Kincaid Getting Better—The President Gives a Dinner to Minister Reid—The Assistant Secretary of War—Substitute for the Anti-Trust Bill.

WASHINGTON, April 3.—Mr. McKenna of California and other members of the Ways and Means Committee, who were beaten on the sugar and other important schedules, deny the rumor that they will not support the tariff bill. They say that they agreed to it before it came out of committee and so are bound to stand by it to the end.

The indignation of the Massachusetts men over the duties on hides is as pronounced as ever. The Kansas and New Jersey folks are protesting against the duty on lead and silver ore, while Idaho and Washington are insisting upon its retention. Demands for free carpet wools are coming from the West as well as from the East. Demands are being made with as equal earnestness for free sugar.

Representatives of the Florida and New York manufacturers of clear Havana tobacco protest against the immense duty on all wrapping tobacco. The canning interests are fighting the proposed increase of duty on tin plate, and there is more or less kicking all along the line. All this, however, does not greatly disturb the committee. The members expect that something in the way of a compromise will be accomplished in some direction.

THE MAMMOTH BRIDGE.

A Stupendous Structure that Will Cost Between Thirty and Forty Millions.

WASHINGTON, April 3.—The House by a unanimous vote passed the bill providing for a bridge across the North river. The structure is to be seven miles in length, and its construction is to proceed under the direction of the Secretary of War. The list of incorporators, headed by Jordan L. Mott and Engineer Lindenthal, has already been printed.

It is estimated that the stupendous enterprise will cost between $30,000,000 and $40,000,000, it will have at least six, and probably eight, tracks, and besides affording accommodation for railroad trains will also be equipped for vehicles and foot passengers. The bill was sent to the Senate, and it is believed will soon receive the approval of that body.

In Honor of Sunset Cox.

WASHINGTON, April 3.—Memorial services in respect to the memory of the late Samuel S. Cox, of New York, will be held in the House this evening. Addresses will be delivered by Messrs. Cummings, of New York; Buckalew, of Pennsylvania; Holman, of Indiana; O'Donnell, of Michigan; Grosvenor, of Ohio; Covert, of New York; Outhwaite, of Ohio; Gifford, of South Dakota; McAdoo, of New Jersey; Marsh, of Pennsylvania; Stone, of Missouri; Sherman, of New York; Washington, of Tennessee; Reilly, of Pennsylvania; Yoder, of Ohio; McClammy, of North Carolina and Turner, of New York.

Kincaid Getting Better.

WASHINGTON, April 3.—The trial of Charles E. Kincaid for shooting ex-Congressman Taulbee comes off early in May. Mr. Kincaid is getting used to his prison life and his health is somewhat better; still he is far from being a well man or as strong as he was before he fired the shot which ended the Kentuckian's life.

The Senate World's Fair Committee.

WASHINGTON, April 3.—The Special World's Fair Committee of the Senate met to begin the consideration of the World's Fair bill that passed the House some time ago. No quorum was present and owing to the early meeting of the Senate the committee adjourned ... to-morrow morning.

CHEERS FOR REED.

A Schedule of the Matches the Crescents Will Play Under the Flags He Has Presented Them.

Mr. Charles A. Reed has presented the Plainfield Crescent League with a pair of handsome foul flags of blue with P. C. L., in gold on them, and a large pennant of the same. He said among other nice things in his presentation speech, "I trust these colors will always prove a mascot to the Crescent baseball nine, and a Hoodoo to any other team that plays beneath them." Then the walls of the club house rang with cheers for "Deacon Reed."

The schedule of games arranged, as given below, shows that work is cut out for the Crescent nine this season. But as they never had a better team, the close of the year will find the majority of victories on their side. All the members are already in training, and on Monday, Livingston, the Crescent's pitcher, pitched for the Albany against the Brooklyn association team. He held the professionals down to five hits. These are the games for the first three months, all to be played on the League grounds at LaGrande avenue which have been newly levelled, rolled and put in thorough order:

April 12—Star Athletics, the best semi-professional nine in Newark.

April 19—The original Acmes, who are the champions of New York in their class.

April 26—Lafayette College nine of Easton, Pa.

April 30—The champion college nine of Columbia College, New York.

May 3—Hackett-Carhart nine, who are also signed to play in the opening exhibition matches of the New York and Brooklyn league teams.

May 10—Rutgers college nine, which was one of the very few that won a game from the Crescents, last season.

SHOULD HAVE GONE FURTHER,

And Told What the Venerable Mayor Had to Say About the News.

The following card is alleged to have emanated from His Honor, Job Male:

MAYOR'S OFFICE,
Plainfield, N. J., April 2, 1890.

I wish to emphatically deny the statement in *The Daily Press* of yesterday, that I voted for the charges against Chief Carey and Policeman Lynch. I think they are two of the best officers we have ever had, and would be the last man to do anything to obstruct them in the performance of their duty.

JOB MALE, MAYOR.

Mayor Male was present at the Police Board meeting on Monday evening, and he *did* say that the *news* was a disgrace to the city. He also said that at the time of the late freshet in this city, the *news* gave damaging reports, which deteriorated the state of affairs.

Furthermore, Mayor Male said to the Board: "I will not uphold anybody using profane, indecent or obscene language, and much less a police officer. Any police officer using such language ought to be severely reprimanded." All of this is testified to by men of equal veracity and longer memory than the Mayor.

The Press can say with certainty—although it is not any funeral of ours—that the Mayor's suggestions will be carried out to the letter.

Prof. Fiske on Las Casas.

On Saturday evening of this week, Prof. Fiske will give one of his new historical lectures in Seminary Hall. He will treat of Las Casas, a famous Christian missionary among the Indians of this continent in the early part of the sixteenth century. The following is in part an analysis of the lecture: Some romantic aspects of the discovery of the new World. Ancient and modern slavery compared. Relations of Columbus to the beginnings of Indian slavery. Character of Las Casas. His conversion and his sermon at Pentecost, 1514. Releases his own slaves and goes to Spain to arouse the government to the evils of slavery. His relations with Cardinal Ximines. Relations of Indian and negro slavery. He tries to found a missionary colony in Venezuela on the principle of free labor. His later career in Mexico and Guatemala. A sublime figure in the history of the Christian church.

Committed Without Bail.

James Cowen, an employee at the Pond Machine Tool Co, who says he come to this city from Scranton, Pa., seven weeks ago, was arraigned before City Judge Codington at the station house this morning, charged with being drunk and disorderly. He pleaded guilty to the charge and Judge Codington sentenced him to the county jail for sixty days.

Immediately thereafter Constable Moffett served the prisoner with a warrant issued by Justice Nash on complaint of Officer McCue, who charges that Cowen assaulted him while in the discharge of his duty. On this charge Justice Nash held him for the Grand Jury in the sum of $250.

The prisoner went under the name of "James White" where he was employed. Constable Moffett took him to Elizabeth during the forenoon.

A Word to the Milkmen.

The New York *Herald* in an editorial yesterday, said:

"A Plainfield (N. J.) milkman was drowned while lifting one of his milk cans from a well the other day. His fellow milkmen would do well to take this accident as a warning and keep their milk cans away from the water in the future."

WHAT ONE CHURCH DID THE LAST YEAR.

Over Ten Thousand Dollars Contributed For Christian Work.

At the yearly meeting in the Crescent Avenue church, last evening, Mr. L. N. Lovell and Mr. H. C. Squires, elders, and Mr. H. O. Newman, deacon, were re-elected.

Mr. Richards then read the yearly report of the Ladies' Aid Society, which includes all branches of Christian work. There has been raised among the ladies during the year, for Home Mission work, $500 in money, and barrels valued at the same amount. The Foreign Mission Society, which is connected with the First Presbyterian church, raised $500. The Young Ladies' Mission Band, also connected with the First church, raised about $270. The Earnest Workers, a band of young boys, under the supervision of Mrs. Christopher Goddard, raised $66. The Sunshine Band of little girls obtained $31. There was also raised for the Muhlenberg Hospital, $90, Children's Home, $258, McAll Auxiliary, $213, W. C. T. U., $120, for the Relief Society, $430. The Relief Society have undertaken a new work of encouraging the poor to save money. They have about 160 depositors. The aggregate of deposits is about $1200, ranging in value from $100 to 10 cents.

Mr. H. O. Newman read the report of the Sunday school, which is in a very good condition. There has been contributed by it $530. Mr. S. A. Ginna reported the Bethel school in a flourishing condition. They have raised $565, thereby paying all their running expenses, and $300 toward their pastor's salary. Mr. H. C. Squires gave an encouraging report of Hope chapel, which now stands fifth in numbers among all the schools of Plainfield.

Mr J. K. VanArsdale gave a report of the church which now contains 732 members. The collections for benevolent purposes during the year have amounted to $9,856. Mr. S. R. Struthers reported for the deacons. Their fund has been $498. Mr. I. W. Rushmore reported the financial condition of the church, and Mr. C. A. Baynon, the conditon of the Young People's Association.

He Will Do As He Thinks Right.

Messrs. John W. Murray, J. Evarts Tracy, O. T. Waring, S. A. Ginna, Geo. H. Babcock, E. N. Erickson and Wm. H. Brower, called upon Councilman Roberts this morning, and urged him not to finally cast his vote for the permanent suspension of police officer Carey.

They claimed that the "obscene and profane language" used by Carey as charged, was merely a slip of the tongue, and should not be objected to. Therefore it is to be understood, if Carey ever wants to call either Mr. Murray, Mr. Tracy, Mr. Waring, Mr. Ginna, Mr. Babcock, Mr. Erickson or Mr. Brower, what Councilman Gallup swears he called President Moffett, the others named above will endorse him.

Councilman Roberts intimated that he was not that kind of a man. If all the people on the other side of the railway agreed with Carey and approved of his expressed opinions of the City's Councilmen and other municipal authorities, he (Mr. Roberts) did not, and would only vote as he thought was right. He said he was old enough to know what *was* right, and honest enough to do it.

Fire in North Plainfield.

Between three and four o'clock this morning, fire was discovered in a frame dwelling house situated on Race street, North Plainfield, but fortunately it was extinguished before any great damage was done. The building was owned by Andrew Lutkins and was occupied by a number of colored families.

The fire originated from a stove in one of the rooms on the ground floor and when the inmates were aroused some of them became greatly excited. One of the frightened females who emerged from the house in her night robe was heard to exclaim to her husband in an excited tone, "Fro' down 'Manda's trunk, you villian," but it was not necessary to remove any of the household goods, as a few pails of water subdued the flames.

A general alarm was sounded in North Plainfield, and in response to a call Chief Doane of this city sent Alert Hose carriage over into the borough.

Their Obligation Cancelled.

When the Crescent Avenue choir agreed to raise $1500, aside from their individual subscriptions, toward the building fund, they did so with much trepidation as it seemed a great undertaking, and afterward they would fain have retired if it had been possible. They are now released from their obligation, having given to the treasurer of the church $2,400, or $900 beyond their guarantee. This money has been raised in three undertakings. At the "Ground Breaking" last June, $125; at the concert last March, $230, and the balance at the Bazaar of Days. In the latter entertainment they exceeded their greatest hopes, and thoroughly appreciate the hearty fellowship and assistance that was rendered them, not only by the church people, but also by outsiders who, by donations, patronage, and assistance in other ways helped to make the affair the success that it was, both financially and socially.

"When the spring time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood purifier in existence.

AND OUR COUNTY LEADS.

The Popularity of the Road System Increasing Rapidly.

The fact that Gov. Leon Abbett has signed the amended road bill, as stated exclusively in THE PRESS at the time, permitting the Boards of Chosen Freeholders in those counties of New Jersey which have availed themselves of the new road law to raise additional money to complete the construction of the roads already declared county roads, affords great satisfaction to the friends of good roads in New Jersey.

Mr. Chauncey B. Ripley of Westfield, who occupies the position of chief promoter of the scheme of road improvement, said the other day that this action on the part of Gov. Abbett meant more for the interests of New Jersey than appears on the surface. "The amended act is more important even than the original bill," he said, "inasmuch as the appropriation last year was hardly sufficient to finish any one road of the system of roads entered upon. The engineer is building better roads than were at first contemplated.

"The county roads generally have never been in so bad a plight, in the memory of man, as for the last two months, February and March. It has been next to impossible to haul material over the old roads to the new ones. And even with material on the ground the unprecedented weather and condition of the earth would not permit the work on the new roads to progress. I speak mainly for Union county, N. J., along the line of the Central Railroad, where the present system of improved roads originated, and where the new law has been reduced to practice mainly in that State.

"What I regard as most important in the interest of improved roads are the facts that no citizen of Union county would consent to go back to the old system, and no one would, if he could, have his money returned on condition that the new roads be torn up and the former state of things restored. One of our chronic croakers against taxes for improved roads, when asked by me if he would consent to have the portion of the new road in front of his own property restored to its former condition and thereby save his taxes, answered: 'Well, I shall not be required to pay more than $2 a year for the rest of my life; it would hardly be worth while.' This man's property is worth $15,000. The next significant fact is that we have the press solidly in favor of these improved roads. Our Legislature is almost a unit in their favor."

Resolutions of Condolence.

At a meeting of the consistory of the Trinity Reformed church, held April 1st, 1890, the following resolutions were adopted:

WHEREAS, In the infinite wisdom of God, death has again invaded our ranks, and taken from our midst our brother in Christ, and fellow officer, Elder Randolph Titsworth, M. D., therefore,

Resolved, That we cherish a due recognition of God's hand in taking from our Christian fellowship, unto Himself, one identified with our church from its organization, rendering faithful service for five years as Treasurer, and as Elder from Feb. 1st, 1882, to Oct. 16th, 1889.

2d. That we humbly confide in the unerring wisdom of Him who doeth all things well, and uncomplainingly bow before the Sovereign Disposer of all events.

3d. That in the death of Doctor Titsworth, we mourn the loss of a brother beloved, the memory of whose exemplary life, wise councils, and unflagging zeal, in the cause of Christ, his Saviour, we will fondly cherish as an inspiration to us who remain.

4th. That from his modest, yet earnest Christian life among us, we have the comfort of the assurance that our loss is his everlasting gain.

5th. That we extend our warmest sympathy to his widow, and family, who have been deprived of a loving husband, a kind father, and a wise counsellor, and commends them to the grace, and sure protection of Him "Who is able to keep them from falling, and to present them faultless before the presence of His glory, with exceeding joy."

6th. That a copy of these resolutions be tendered to the family of the deceased, entered in the minutes of the consistory, and be published in "The Evening News," and DAILY PRESS of this city.

P. P. VANARSDALE,
R. R. FIELD,
ALEX. WILLETT, } Committee.

The Place to Please Your Taste.

Everyone will agree that "sea food" is surely among the "delicacies of the season," if they should step into Rogers' new market at 42 West Second street. There is displayed a most temping assortment of delicacies spread out on the white marble counters or buried in cracked ice. Everything is fresh, and sweet and clean, and the rich oysters, juicy 'scollopes, succulent lobsters, shad, salmon and all other varieties of food in shell or scale that Rogers sells can not be duplicated in quality and price in Plainfield.

For a Special Election.

Senator Werts has introduced into the Senate a bill calling for a general election throughout the State on Tuesday, September 9, 1890, when the people shall vote to accept or reject the proposed amendments to the Constitution, one permitting special legislation for municipalities and the other correcting the error in the new Constitution relative to the appointment of Common Pleas Judges.

A Hustler in Town.

Wm. Gottlieb, representing Charles Hires of Philadelphia, is in this city today, stirring up the root beer trade in the bosom of Plainfield's families. The wind blows through his blonde moustache as he hustles around, but no grass grows under his feet and no moss on them.

A Westfielder Injured.

Mr. Orrin Pierson, an old resident of Westfield, while loading posts and rails on a car at that place yesterday afternoon, fell backwards from the car, striking his head on a cross-tie, and inflicting a deep scalp wound. The injured man was taken to his home, where a physician dressed the wound.

Public Library Meeting.

At the regular meeting of the directors of the public library, last evening, there were present Messrs Male, Dumont, Tracy, Babcock, Baldwin and Stillman.

It was resolved that the thanks of the board be conveyed to Mr. John Ward Stimson for his very interesting and instructive lecture on the evening of February 20, 1890.

From a Republican View.

The *Central N. J. Times* of yesterday has the following to say of the retiring Postmaster:

"Postmaster Pope took possession of the office yesterday. Ex-Postmaster Force in retiring from the place, has no reason to be ashamed of his administration of the office. The distinguishing feature of his term was the introduction of the free delivery system, which he faithfully labored to secure."

"Not Bulk, But Business!"

is the way a Western man put it in expressing to a friend his complete satisfaction in the use of Dr. Pierce's Pleasant Purgative Pellets. So small and yet so effectual, they bid fair to supplant entirely the old-style pill. An ever-ready remedy for Sick and Bilious Headache, Biliousness and all blood disorders. Mild in action, wonderful in effect! Put up in vials, convenient to carry. Their use attended with no discomfort! These sterling merits account for their great popularity.

Coughing

IS Nature's effort to expel foreign substances from the bronchial passages. Frequently, this causes inflammation and the need of an anodyne. No other expectorant or anodyne is equal to **Ayer's Cherry Pectoral.** It assists Nature in ejecting the mucus, allays irritation, induces repose, and is the most popular of all cough cures.

"Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure."—Mrs. L. L. Brown, Denmark, Miss.

"A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and afforded the rest necessary for the recovery of my strength. By the continual use of the Pectoral, a permanent cure was effected."—Horace Fairbrother, Rockingham, Vt.

THE CZAR'S TROUBLE

A Report Reaches London that He Has Been Poisoned.

ALL KINDS OF WILD RUMORS.

A Rigorous Censorship of Telegrams at St. Petersburg.

Englishmen Indignant at Emin Bey for Entering the Service of Germany. Rupture Between Bulgaria and Servia. The Conservatives Elect Their Candidate—American Riflemen in Germany.

LONDON, April 3.—It is impossible to learn the exact state of affairs in St. Petersburg. The censorship, applied with more than usual rigor, stifles authentic information.

All kinds of wild rumors prevail in consequence, and cause alarm here. It is evident danger hangs over the house of the Romanoffs.

The latest conspiracy against the Czar, revealed by the letter of the dying naval officer who committed suicide, is thought to have led to the Czar's illness, which has disquieted every market in Europe.

This letter, it is said, disclosed the fact that the plot was not directed against the life of the Czar alone, but threatened the lives of his daughter, the Princess Zenie; his uncle, the Grand Duke Constantine, and Elizabeth, the wife of the Grand Duke.

In view of these disclosures, it would not be surprising if a reign of terror prevailed at the Russian capital.

A report has reached here from an apparently authentic source that the illness with which the Czar has been seized is due to poison administered to him in his food. No details of this report or confirmation thereof are obtainable, but the fact that the censorship of telegrams has been most rigorously enforced at St. Petersburg since the announcement of the Czar's illness is regarded as sufficient reason to believe that the Czar is in a serious condition, and that he is not afflicted with any ordinary malady.

GERMANY SECURES EMIN BEY.

England Claims that He is Assisting an Anti-British Movement.

ZANZIBAR, April 3.—Major Wissman's proposal to Emin Bey to enter the German service in Africa at a salary of £1,000 per annum, has been accepted, and the decision meets with strong disfavor here. Emin has abandoned his return to Europe, and will leave Bagamayo by the middle of April with a large caravan and 200 Soudanese under the command of German officers for Victoria Nyanza.

England Not Pleased.

LONDON, April 3.—The Times in a long editorial reproaches Emin Pacha for his ingratitude, pointing out that after British money and British enterprise have extricated him from an untenable position in Africa he is assisting Germany in an anti-British movement.

Kaiser William Will Welcome Americans.

LONDON, April 3.—A dispatch from Berlin says it is reported in diplomatic circles there that Kaiser William is desirous of making an ostentatious show of his good will to America, and that he will seize the opportunity afforded by the approaching visit of the American riflemen to take part in the coming schuetzenfest to display it. To this end he has ordered that honors usually reserved for royalty are to be accorded to the guests from the far West.

Dr. Peters Alive.

COLOGNE, April 3.—The Gazette publishes news from Mombassa under date of yesterday, which says that Lieut. Ehlers, who left Pangani for Mount Kilimar Njaro with a detachment of Major Wissmann's troops, has sent a dispatch saying that Dr. Peters and Lieut. Tiedemann, with 40 porters belonging to Dr. Peters' party, are safe. Lieut. Tiedemann, however, is suffering from a slight wound.

Rupture Between Bulgaria and Servia.

SOFIA, April 3.—The Servian diplomatic agent here has been recalled and takes his departure for Belgrade to-morrow. A serious rupture between Bulgaria and Servia, due to the machinations of Russian emissaries, is imminent.

A Conservative Victory.

LONDON, April 3.—The Parliamentary election in Windsor resulted in a Conservative victory by an unexpectedly large majority. Mr. Barry, Conservative, received 1523 votes to 972 cast for Mr. Grenfell, Gladstonian.

Patsy Cardiff's Fight.

BOSTON, April 3.—Patsy Cardiff has reached Boston and will at once begin training for his coming battle with George Godfrey, about three weeks hence. It will be a hard battle. Boston sports are already beginning to lay money on the result. Godfrey is the favorite, but the odds are slight.

Mill Property Attached.

NEW YORK, April 3.—Justice Andrews of the Supreme Court has granted Butler, Stillman & Hubbard an attachment against the property in this State of the Riverside and Oswego mills of Providence, R. I. The attachment is granted in the suit Appleton Sturges to recover $751,059 upon promissory notes.

Standard Oil Trustees Elected.

NEW YORK, April 3.—The annual meeting of the Standard Oil Trust Company certificate holders took place at 26 Broadway, and resulted in the election of the following trustees: H. M. Flagler, O. B. Jennings, and W. H. Tilford.

The Plumbers' Strike in Chicago.

CHICAGO, April 3.—The striking plumbers are slowly gaining ground, and are much pleased over the fact that several shops have conceded the wages demanded, $3.75 per day. The strike is generally all over the city.

High License in Maryland.

BALTIMORE, Md., April 3.—The high license law passed by the Legislature has paralyzed the small saloon keepers who are unable to raise the $350 necessary to continue busines by May 1.

ANOTHER MINE HORROR.

Three Men Killed and Several Injured by an Explosion.

WILKESBARRE, Pa., April 3.—A naked lamp is supposed to have ignited the gas and caused the terrible explosion in No. 4 Slope of the Susquehanna Coal Company at Nanticoke during the morning.

For a time after the explosion great excitement prevailed, as it was feared the mine had caught fire, and that all the men would be burned to death. It was finally learned that the mine was all right, and that no damage had been done to it.

The result of the explosion has cast a gloom over the locality and work was stopped for the day.

Five men were killed and four injured. The names of the dead are: James Adams, aged 25, leaves a wife and six children; John J. Griffith, aged 24, died after being removed, leaves a wife and child; Morgan Price, aged 36; John Zubovage, aged 38, instantly killed; William A. James, miner, aged 34, leaves a wife and one child.

The injured are: Michael Barinski, slightly injured; Joseph Beranski, seriously injured; John Buddick, slightly injured; George Elmy, slightly burned.

As far as known the gas was lighted by John Griffith, who carried a naked lamp. Griffith was killed instantly.

DECIDED IN CAUCUS.

New York Republicans Lay Out Their Work at Albany.

ALBANY, N. Y., April 3.—The Republican Senatorial caucus last night decided to confirm the nomination of James E. Jones as port warden of New York. It was also the opinion of the caucus that the Legislature will and should endeavor to adjourn sine-die on April 30.

It was decided to oppose the canal appropriation for bridges, etc, outside of the $500,000 improvement bill, and the canal sinking fund interest bill. It was also agreed to oppose all armory appropriations this year with the exceptionsof these for armories at Utica, Geneva and Malone. It was decided that a bill shall be introduced providing for a constitutional convention to be held next January.

ANOTHER BIG FAILURE.

Shrinkage in Values Throws One Thousand Employes Out of Work.

PHILADELPHIA, April 3.—Rhodes & Brothers, owners and operators of the Aston, Knowlton and West Branch mills in Aston Township, Delaware County, manufacturing doeskins, shirtings, dometts and jeans, and employing 1,000 persons, made an assignment to the Delaware County Trust Company. John Rhodes, who is practically the sole proprietor, attributes the failure to general shrinkage in the values of textile fabrics and to the lack of market for manufactured stock.

The mills and 200 dwellings of the employes cover 300 acres of ground, and in fact comprises the whole settlement of Aston.

The agents in Philadelphia and New York, through whom the products of the mills were marketed, are Chapman & Martin.

Austin Corbin Ends the Fight.

PHILADELPHIA, April 3.—The fight against President Corbin, of the Reading Railroad, was amicably ended. Mr. Corbin consented to the request of the discontented shareholders for a representation in the board of managers. Messrs. Thomas Dolan and Henry C. Gibson were proposed as the new members, and Mr. Corbin promised that they should be elected at the meeting next Wednesday.

Obtaining Goods by False Pretences.

BOSTON, April 3.—A man giving the name of W. H. Hodgson, was arrested here charged with an attempt to obtain goods by false pretences from a local druggist. He offered in payment a check on the Port Dearborn National Bank of Chicago, where he claimed to have $3,000 on deposit. Several letters were found on him which seemed to indicate that he was wanted in Chicago for forgery.

Officers of the Wyoming Conference.

BINGHAMTON, N. Y., April 3.—The Wyoming Conference of the Methodist Episcopal Church began here, with Bishop Stephen M. Merrill of Chicago presiding. Rev. M. S. Hard of this city was elected secretary; E. B. Olmstead of Sayre, Pa., assistant secretary; Rev. J. F. Warner of Jermyn, Pa., statistics secretary, and Rev. H. C. McDermott of Honesdale, Pa., treasurer.

Arrested for a Murder in Italy.

NEW YORK, April 3.—Antonio Manesaro and Carmino Caggiano have been arrested for the murder of Gaetano Paolo, at Casale Sottano, Italy, two years ago. Maneraro was found working in a mine at Wilmerding, Pa., and Caggiano was working on a small boat in the East River, and living in this city.

Failure of a Broker.

WESTCHESTER, Pa. April 3.—R. Haines Passmore, broker, has assigned. Liabilities about $35,000. The failure is attributed to dealings in Joliet (Ill.) bonds which have been unfavorably passed on by the courts. Mr. Passmore expects to settle in full if allowed reasonable time.

Blew His Brains Out.

HYANNIS, Mass., April 3.—Captain Alexander Crocker, a prominent citizen of this place, committed suicide at his house by a pistol shot in the head. He had "la grippe" early this winter and suffered a relapse, which left him very weak and induced despondency.

Work for One Thousand Miners.

MT. CARMEL, Pa., April 3.—Orders have been issued for the resumption of work at the Pennsylvania colliery. The 1,000 miners who have been idle since January 1 are rejoiced at the good news.

$10,000 IN CASH GONE.

An Express Package of Money Mysteriously Disappears.

CHICAGO, April 3.—A package containing $10,000 in bills unaccountably disappeared on Saturday between the office of the United States Express Company in this city and the National Bank of Illinois. The package was put into the safe of the Express delivery messenger, but when the safe was opened at the bank it could not be found.

The responsibility for its loss has not yet been fixed, and the Express officials refuse to give the names of those who handled the money. If the package is not found the Express Company will have to make good the amount to the bank.

A detective agency has been employed to investigate the case, but its efforts thus far have been futile.

THE KEYSTONE GUNNERS.

Their Privileges Discussed in the New Jersey Assembly.

TRENTON, N. J., April 3.—The Assembly defeated two bills intended to repeal special privileges to the West Jersey Game Association. Mr. Cole, of Cape May, advocated the bills at length, asserting that the people of the six lower counties of the State, irrespective of party, were in favor of wiping out an association composed almost exclusively of Pennsylvanians, and whose special officer has the power to arrest Jerseymen for gunning on their own soil unless they hold a certificate from that organization.

A motion passed the House for final adjournment on April 11.

The House passed the bill appropriating for State prison improvements $100,000, of which $10,000 shall be used for a hospital. The work is to be performed under the direction of five Commissioners to be appointed by the Governor. The bill giving Fire and Police Commissioners an annual salary of $1,000 was defeated. The House adjourn for the week.

Jerry Hatfield Murdered.

CHARLESTOWN, W. Va., April 3.—Men just in from Logan Court House bring the news that there is more trouble among the Hatfields and that Jerry Hatfield has been murdered. The killing took place at the house of a woman of shady reputation in Logan Court House, the murderer being M. C. Lee.

Came to Death by His Own Hand.

HOMER, N. Y., April 3.—The Coroner's inquest on the body of Jerome Baker, who was found with his throat cut, was held last night. The jury after a short deliberation brought in a verdict to the effect that Baker came to his death by his own hand by cutting his throat with a razor.

THREE PLAYS! MONDAY NIGHT. MUSIC HALL.

NEW YORK STAR.
NEW YORK COMPANY.
MARIE HUBERT FROHMAN.

Plainfield is a first-class town. Is famous for its first-class people; its beautiful streets, shaded walks and refined society. Its people deserve only high class entertainments.

The event of the season is the triple bill for Easter Monday night at Music Hall. Mr. Gustave Frohman, who organized and managed the celebrated "Hazel Kirke" Company of the Madison Square Theatre, brings his great attraction—Marie Hubert Frohman with three beautiful plays to be presented that evening. She is a gifted young actress who played before two thousand people the other evening at Fall River, Mass. She brings a first class New York Company with fine new costumes.

"King Rene's Daughter," the opening play, is beautiful, romantic and poetical. It is a Danish play, in which Mrs. Charles Keane, won triumphs in London. As the blind Iolanthe, the King's daughter, beloved by a prince, Miss Frohman moves every heart. She is pathetic, with a deep melodious voice and magnetism that sway the audience. Rose Eytinge, whose name is a household word in the dramatic world, says "Her 'Iolanthe' is a revelation. Never have I seen blindness personated with such absolute truth: or passionate love, with such innocence and purity. I long to see her in Juliet. In the use of her hands alone she is wonderful."

The character represents a gracious beauteous maiden, pure as snow. She is blind, but beloved by the noble Prince Tristan. At first she does not know that she is blind. The scene is most effective. She recovers her sight; is claimed by her chivalric lover. As the curtain falls, the soft music of the harp accompaniment ceases and the first class people of Plainfield awake from this dream of love and chivalry.

The two other plays on the bill are unique in their way. "Snowbound" is a realistic love story in the Sierra Nevada Mountains. "False Charms" is a very amusing farce-comedy of the old French school. Marie Hubert Frohman plays in all these pieces with great power and magnetism. Her deep organ-toned voice and wonderful eyes captivate the house. 4-2,4,5

A CRAZY MAN'S DEED

He Set Fire to His Home While His Children Were Asleep.

THEY ESCAPE FROM THE FLAMES.

He Jumped Into a Burning Bed and Slowly Burned to Death.

Neighbors Rush to the Rescue—Driven Off by a Shotgun—How the Fire Was Discovered — The Madman Delighted When He Saw the Fire—He Refused to Leave the Burning Building.

EGG HARBOR CITY, N. J., April 4.—George Lang's attempted wholesale murder of his family by burning them, and his tragic suicide by jumping into a blazing bed, is the subject of excited conversation here.

Lang lived with his wife and seven children in the little town of Galloway, about three miles from this city. He began to show signs of mental disturbance yesterday afternoon, but it was not until late at night that there was any ground for alarm.

Shortly after 9 o'clock he entered the room where his 5-year-old daughter was asleep and set fire to her bed.

He was muttering delightedly to himself when the other inmates of the house smelled the smoke and hurried to the room. After some little time he was driven away and a messenger was sent to summon the neighbors.

Meanwhile Lang had set fire to the house in several places on the lower floor, and when the neighbors arrived the house was in flames.

With much difficulty the little ones were rescued. George Purtzner and others made an attempt to get Lang from the burning building, but they were threatened with a shotgun, and Mr. Purtzner sustained serious injuries in rescuing the members of the family.

All with the exception of the crazy man were taken from the burning building, and the last seen of him was when he jumped into a burning bed. A few groans were heard and all was quiet.

Thousands at a Ball Game.

BOSTON, April 4.—There were over two thousand people turned away at the Brotherhood Grounds yesterday, Massachusetts' fast day, and the attendance was estimated at 17,000 strong. It took over half an hour to clear a space large enough for the clubs to play. Both the Brooklyn and Boston teams were given a great reception. Floral bats were presented to Captain Kelly and Captain Ward. The game was a good one in spite of the ground rules which were necessary, and was won by Brooklyn by a score of 9 to 2.

Two Hundred Families Evicted.

TRENTON, N. J., April 4.—There is considerable excitement among the farmers of South Jersey over the official action of Sheriff Johnson of Atlantic County in carrying out evictions and selling at auction nearly 200 farms to satisfy mortgages which had been foreclosed. The farms and land belonging to the Gloucester Land Company, which was organized 30 years ago. The excitement among the farmers began when it found that they did not have clear titles to the property, and the foreclosure proceedings followed.

United Mine Workers Meet.

PITTSBURG, Pa., April 4.—The Executive board of the United Mine Workers of America met here last evening for the purpose of deciding on the policy of the new organization. The session lasted all the afternoon and was secret. One of the principal matters discussed was the relations to be held by the new organization towards other labor organizations. It was decided to work for a reduction of the hours of labor on lines laid down by other organizations.

Unrestricted Reciprocity.

TORONTO, Ont., April 4.—In the Ontario Legislature Mr. Graham, member for East Lambton, moved that in the opinion of the House it is desirable that closer trade relations should exist between the United States of America and the Dominion of Canada, and that this House do humbly petition the Legislature of the Dominion of Canda to take such steps as they may deem expedient to bring about unrestricted reciprocity between the United States of America and the Dominion of Canada.

The Plymouth Launched.

CHESTER, Pa., April 4.—The launch of the palatial side-wheel steamer Plymouth, built at Roach's ship yard for the Old Colony Steamboat Company, took place at 11:25 a. m. and was a grand success. The immense steel hull was tastefully decorated with flags of every nation and glided down the greased ways most beautifully amid the cheers of the happy crowd and the blowing of steam whistles.

A Deputy Sheriff Murdered.

CHATTANOOGA, Tenn., April 4.—Richard Caton, while resisting arrest last night, shot and killed Deputy Sheriff George Gibson and seriously wounded Deputy Sheriff Charles Hossett. While endeavoring to escape Catron was shot by Deputy Sheriff Dow through the bowels and may die. A warrant was out against him for highway robbery.

Canal-Boat Men in a Fight.

NEW BRUNSWICK, N. J., April 4.—There was a big fight among the canal men here, one of whom was badly hurt. A man named Jones, who hails from Trenton, was taken away in an injured condition. Two of the brawlers were arrested, but as there was no evidence against them they escaped punishment.

AMONG THE FIGHTERS.

Corbett to Meet Sullivan and Joe McAuliffe Will Challenge the Winner.

NEW YORK, April 4.—Jim Corbett, the professor of boxing, at the Olympic Club, San Francisco, has been granted permission by the directors to meet John L. Sullivan in a four round contest with gloves. This was all that was needed to insure a meeting between the two. The opinion prevails here that Corbett will hold his own in the coming contest but would not be in it with Sullivan were the match one to a finish.

A Salt Lake dispatch says that Jack and Joe McAuliffe are in that city on their way to Chicago. Joe McAuliffe said that if the Sullivan-Corbett fight took place he would challenge the winner. If not, he would issue a challenge to Sullivan to spar ten rounds for a purse of $2,500.

The sporting men of Richmond, Va., in the event of Sullivan and Jackson being matched to fight, will endeavor to have the mill take place in Virginia. It is believed that men can legally fight in that state under the auspices of the Norfolk Athletic and Sporting Club, recently incorporated by the Legislature.

The Puritan Athletic Club, of Long Island City, has offered to put up a $20,000 purse for a fight between Sullivan and Jackson, and a $5,000 purse for a fight between Joe McAuliffe and Sullivan.

EXPLORING THE MINE.

No Trace of the Eight Victims of the Wilkesbarre Disaster Yet Found.

WILKESBARRE, Pa., April 4.—For the first time since the fatal night when the fire broke out in the rock tunnel, the workings of the South Wilkesbarre colliery, in which the eight miners are still entombed, were to-day visited by men.

General Superintendent Scott, District Superintendent Morgan, Inside Foreman Faulds and a few picked men entered the mine, and after encountering many difficulties and dangers succeeded in making their way all through the workings and into the Stanton mine. They found that the fire had extended through nearly all the workings. Timbers were burned out and the roads filled in to the depth of many feet.

Not a trace was found of the missing men. Their bodies are somewhere underneath the mass of rubbish that fills the gangways. Work will be commenced to-morrow cleaning away the wreck and reopening the mine. The bodies of the eight victims may be encountered at any moment.

The Labor of Years Lost.

NEW YORK, April 4.—At 2:30 o'clock on Sunday morning last the caisson of the North River tunnel at the foot of Morton street was discovered to be on fire. The fire was only subdued after the caisson had been flooded with water, and as a consequence, work on the caisson will have to be abandoned. This means a loss of the labor of several years and of many thousands of dollars. Every effort appears to have been made to keep secret the facts which only became known to-day.

Counterfeiters Captured.

BUFFALO, N. Y., April 4.—A gang of counterfeiters was captured here by United States Secret Service Agent Bagg. His posse made a raid upon a room on the top floor of No. 32 Genessee street. The door was smashed in, and seated about a counterfeiting outfit, with brand new bogus dollars scattered around them, were found Edward Sylvester, Charley Mann and Harry Williams. They were quickly handcuffed and taken to the police station.

Thomas Cornell Left $5,000,000.

RONDOUT, N. Y., April 4.—The will of the late Thomas Cornell gives 90 per cent. of the income of the estate to the widow during her life, the other 10 per cent. to be added to the estate. At her death the income of the property is to be equally divided between the two married daughters, and after their death the estate is to go to their children. The estate is valued at about $5,000,000. Thirty thousand dollars is set apart for a burial vault.

In Danger of Lynching.

FREEHOLD, N. J., April 4.—Excitement runs high here over the two miscreants who so brutally assaulted the wife of James Roswell of Eatontown. They are safely lodged in the county jail here, under the protecting wing of Prosecutor of the Pleas Gen. Charles Haight, who declares emphatically that while he administers the office of District Attorney no acts of a lawless mob shall go unpunished.

A Missing Man's Body Found.

BIRMINGHAM, Conn., April 4.—The dead body of Charles Hawkins of Patchogue, L. I., was found floating in the harbor here in the morning. He was 45 years old, and came here on a visit several months ago. For the past six weeks he has been missing and the body has evidently been in the water that long. It is supposed he was accidentally drowned.

Farmers Make Assignments.

LANCASTER, Pa., April 4.—The failure of farmers in this section still continues. Over 20 have been recorded in the past few weeks. The latest to assign is Benjamin L. Gamber, of Manor Township, with liabilities of $39,000. Two other farmers, Jacob H. Hostetter of Manor, and Daniel E. Peifer of East Hempstead, have also failed. Liabilities $43,000 and $15,000.

The Griswold Murder Trial.

CORTLAND, N. Y., April 4.—A very large amount of testimony is being introduced in the trial of Robert W. Griswold for the murder of Dennis O'Shea to establish the fact that the prisoner is not of sound mind. The trial will doubtless be finished before the close of the week. A verdict based on the fact that Griswold is not rational is looked for by many.

WASHINGTON TOPICS

The Idaho Admission Bill Passed by the House.

DEMOCRATS REFUSE TO VOTE.

The Constitutionality of the Rules to be Tested in the Courts.

The Eulogies on the Late Congressman Cox Postponed—Senator Beck May Resign—A Correspondent Proves His Bravery—A Prominent Irish-American Appointed to a Consular Port in England.

WASHINGTON, April 4.—The Idaho Admission bill was passed by the House by a vote of 129 yeas to 1 nay. Democratic Representatives refrained from voting, with the exception of Mr. Buckalew of Pennsylvania, who voted in the negative. A quorum was counted by the Speaker.

Discussion of the bill was begun yesterday and the measure came up as unfinished business. Its opponents fought it principally on the ground that the Idaho constitution disfranchises Mormons, thus practically convicting members of a religious sect without trial. Mr. Springer of Illinois criticised the apportionment clause of the constitution, by which he declared the vote of half of the Gentile Democrats are suppressed. The House refused to adopt amendments offered to meet the objections.

The Democrats say they intend to make this a test case and to have the courts pass upon the constitutionality of the rules allowing the Speaker to count a quorum. It had been intended to make one of the contested election cases a test case, but as this could be done only by a suit for salary brought in the Court of Claims this course was abandoned and the present action decided upon.

WILL THEY RECEIVE HIM?

An Irish-American Secures a Consular Post in England.

WASHINGTON, April 4.—The diplomatic circles are now watching with interest a recent move of Mr. Blaine in appointing Colonel Patrick Smythe of Missouri as Commercial Agent at Huddersfield, England.

Colonel Smythe is an Irish-American of much influence. Back in President Johnson's time John Savage, and Irish-American literarian, was sent to Cardiff in the Consular Service. The English Government refused to receive him on the ground that he was an Irish-American.

A long diplomatic correspondence ensued, which resulted in the State Department, agreeing not hereafter to send an Irish-American as a diplomat or consular representative of this country to any post in Great Britain or Ireland.

In view of this arrangement it will be interesting to note Col. Smythe's reception at the hands of the present Tory Government of England.

Proved that He Was Not a Coward.

WASHINGTON, April 4.—A Russian, Col. Charles De Arnaud, who is pressing a claim against the Government for services rendered during the late war, visited the Washington office of the Cincinnati "Commercial-Gazette" last night to demand a correction of a published despatch, which stated that De Arnaud was a spy during the war. General H. V. Boynton, the correspondent of the "Commercial-Gazette," declined to retract the charge, and when De Arnaud called him a coward, Gen. Boynton threw him through the doorway of the office and into the street.

The Cox Eulogies Postponed.

WASHINGTON, April 4.—Eulogies which were to have been delivered last night in the hall of the House of Representatives, in memory of the late Samuel S. Cox, have been postponed until Saturday, April 11.

Carlisle and the Senatorship.

WASHINGTON, April 4.—A rumor is current in this city that Senator Beck will soon retire from the Senate on account of ill-health and that Representative Carlisle will likely succeed him.

A Bold Robber Captured.

TEGUCIGALPA, SPANISH HONDURAS, April 4.—Edmund Sturgis Crawford has been arrested at Santa Barbara for the theft of a package containing $41,000 in transit from the American Exchange National Bank to the Adams Express Company. The package was directed to the United States Treasurer at Washington. A large portion of the money was found in Crawford's possession. The robbery was committed in New York, May 4, 1888. Crawford has confessed and implicates two others.

Shot and Killed His Wife.

NEW YORK, April 4.—Horace A. Smiler, a printer formerly employed on the Catholic News, shot and killed his wife Maggie, last night, because she refused to live with him again. She left him some time ago, and he has been arrested once since then for assaulting her with an axe. Smiler had not been captured up to a late hour

Fell Overboard and Drowned.

BOSTON, April 4.—At 7:20 o'clock in the evening an unknown man fell overboard from the Charles River drawbridge of the Boston and Lowell Railroad. A life preserver was thrown to him, which he attempted to grasp, but failed to do so. An ineffectual effort was made to save him with a boat. The body was swept up stream by the tide and was not recovered.

Passed the High License Bill.

ALBANY, N. Y., April 4.—The Senate has passed the Hendricks High License bill by a vote of 17 to 10.

About 10:30 o'clock on Wednesday evening the police were notified that a man was lying asleep cross-wise on the main East-bound track near Richmond street Officers Flannigan and Cooney went to the place, but the man disappeared.

Yesterday afternoon Special Officer Sliter discovered a man sound asleep on the track near Madison avenue. He aroused the slumberer, who seemed thankful to escape with his life.

Mr. and Mrs. Rense of Bound Brook, celebrated their 21st wedding anniversary last evening. Prof. Guttman of this city furnished the music for dancing.

Mr. Erickson deserves an apology from The Press. He was not one of the committee endorsing Carey, which called upon Councilman Roberts, yesterday morning.

Mr. Jas. Reddin of East Front street has a curiosity in the shape of a chicken. It has one blue leg and one yellow leg. Its comb and tail feathers are similar to a rooster. Said chicken crows morning and night and lays an egg every day. It is one year old this Spring, and highly prized by its owner.

The Next Attraction.

A notable performance is to be given at Music Hall, Monday evening. Marie Hubert Frohman, the gifted and handsome young artiste from New York, is to bring her own company and present one or two of the most striking plays in her repertoire. Going outside of usual hackneyed phrases in behalf of stars, it is a pleasure to say that this young actress possesses a charm and simplicity of manner, together with vivacity, intelligence and passion. She is not only delicate and unaffected in her interpretation of character, but she exhibits a subtlety, and analytic power, surprising in one so young. Being evidently born to the stage, its requirements come naturally to her. Instead of being bored by the common place and artificial attempts to enlighten an audience, the spectator is charmed with a finished and luminous picture of life unfolded and made glorious by the light of her genius.

Installation of Officers.

At the regular meeting of Franklin Council, No. 41, Jr. O. U. A. M., held in their new hall, corner of Front street and Park avenue, formerly occupied by the Knights of Pythias, last evening, after the regular routine business was transacted, the following officers were installed by S. P. C., P. H. Bennett to serve the Council for the ensuing quarter:

Councilor—Edward S. Weaver.
Vice Councilor—Gilbert S. Martin.
Recording Secretary—Walter N. Martin.
Asst. Recording Secretary—David S. Dunavan.
Financial Secretary—Peter H. Bennett.
Conductor—Charles S. Greer.
Warden—William A. Wilson.
Inside Sentinel—Horace D. Pangborn.
Outside Sentinel—John Henry.

Good Friday at Holy Cross.

Two services will be held in Holy Cross church today, at 11 A. M. and 7.45 P. M. At the latter service the full choir will be in attendance and the Rev. Dr. J. P. Taylor will preach. The deep impression which the solemnity and reverence of this service made last year has not been forgotten by those who were present, and it is intended, if possible, to make the occasion this year even more impressive.

Compatible with the laws of chemistry and with the laws of health, is Hires' Cough cure. 25 cents, all dealers.

BEGINNING TO BEG FOR MERCY.

Ex-Captain Carey's Friends Seeking a Compromise, and He Asking to be Forgiven.

It should by this time be apparent to ex-Captain Carey and his advisers, that Councilmen Moffett, Hetfield, Roberts, Gallup and Spangenberg are not to be driven nor persuaded from what they consider their path of duty.

They have been asked to "settle the matter amicably," but have refused to thus—from their point of view—compound a felony. All sorts of pressure have been brought to bear on them, but they still say they will suspend without pay police officer Carey for using abusive and obscene language about members of the Plainfield Common Council and about other public authorities.

Effort with the Board as a body failing, Carey and his endorsers are now—as politicians say—"getting in their fine work." The committee that waited on Councilman Roberts, yesterday morning, in Carey's interests, told Mr. Roberts, the liveryman, that his business would suffer if Mr. Roberts, the Councilman, voted to suspend the policeman who called him a "—— traitor."

Then as that did not seem to work, Carey himself called on Councilman Roberts an hour or so before the Board was to sit on his case, and admitted he had called Councilman Roberts a "—— traitor," and that he had afterwards denied it. Then he took it back, apologized and promised to do better. But he did not apologize to President Moffett, or Clerk Coward or anyone else he had abused with his tongue. If he could get Councilman Roberts' vote in the Council, he might get back on the police force, let his opinion stand regarding the others, and still "have it in for them."

But that won't work either. The matter of Detective Murphy and his fate, is a forecast of Carey's case. The Press held high up to public commendation every good deed that Murphy did, as it has held high up to public commendation every good deed that Carey has done, but when Murphy became a public nuisance and an abusive officer, The Press said he must go—and he went.

The Press says Carey must go.

OBITUARY.

NANCY TERRY HAND.

The death is announced of Nancy Terry, widow of the late William Hand, which occurred at her home on East Front street, last evening, after a nine weeks' confinement to the bed from heart failure. Had she lived until the 22d instant, Mrs. Hand would have been eighty years of age. Her husband died on October 29, 1866.

Mrs. Terry was born near Plainfield on April 22, 1810, and she was married on February 22, 1829.

Mr. and Mrs. Hand had nine children, as follows: John, who was the first New Jersey soldier to fall a victim of the rebels deadly aim, killed at Munson Hill, Va., August 31, 1861; Mary, the wife of J. D. Gilliland, who died the same day her brother was killed; Charlotte, wife of Mr. A. L. Jimerson of Netherwood; Captain William Hand; Henry, now of Florida, who was disabled at Chancellorsville, and has never regained his health; David, a deacon in the Scotch Plains Baptist church; Thomas; Hezekiah, the present postmaster at Scotch Plains, and Sarah, wife of Mr. Herman Cook, who died on August 8, 1876. Of the grand children, twenty-five are still living.

The funeral will take place from the house on Monday afternoon at 2:30 o'clock

Complains of the Worthless Dogs.

A West Seventh street resident complains of the large number of dogs on that thoroughfare scarcely any of which wear muzzles. At night these dogs lay around on the sidewalks in front of their owner's residences, frightening pedestrians, or else amuse themselves chasing the neighbors cats.

There is now a bill before the State Senate authorizing the killing of all dogs that intrude upon a neighbor's premises, unless such dogs wear collars showing that they have been registered by the township authorities. It is to be understood that any dog having a master willing to pay a license for him is at liberty to make himself a nuisance to the neighbors?

The People in the Crescent League.

A glance at the roll of 115 members who now compose the Plainfield Crescent League, is interesting in that it contains probably more professional men and city officials than any organization of its kind in the State.

There are 8 lawyers, 5 doctors, 2 dentists, 5 Councilmen, the City Judge, an Assemblyman, the City Surveyor, the Street Commissioner, the Water Works contractor, 3 ex-Councilmen, an ex-Mayor and an ex-City Judge.

A New Shoe Firm.

Rogers Bros., is the name of the new firm which succeeds Mr. D. F. Randolph in the boot and shoe business at No. 12 West Front street. In purchasing the stock the new firm bought a great many broken lots of shoes, which they will offer at greatly reduced prices on Saturday, April 5.

In Favor of the Liquor Drinkers.

There was a lively interest manifested in Reform Hall, last evening, it being the regular monthly meeting of the Reform Club. After the disposal of routine business, the deferred question—"Which persons do the most harm in the World, those who sell or those who drink beer and whiskey"—was taken up for discussion and drew forth varied remarks from a large number of gentlemen present. The vote of the meeting was largely against the liquor seller. "If the selling and drinking of intoxicating beverages lead to the commission of crime, should the liquor traffic have the sanction of law," was introduced as the subject for debate next Thursday evening.

President Harper announced that the Rev. George M. Angleman, Jr., of Kansas, will speak in Reform Hall on Sunday evening next.

Adjournment of the Carey Case.

The Police Board, consisting of the Mayor, the President of the Council, and the police committee—Messrs Roberts, Hetfield and Spangenberg—met last evening to permit policeman Carey to show cause why he should not be suspended for using obscene and abusive language about members of the Common Council.

The meeting was thrown open to the public, and, besides the newspaper reporters, two or three Councilmen and a half-dozen curious citizens were present. Counselor Bergen of Elizabeth, appeared for Carey, and City Attorney Marsh advised the Board, when his opinion was asked on points of law. Defendant's counsel asked for an adjournment, which was granted, and the case was set down for 7.30 P. M., of next Tuesday in the Council Chamber.

An Array of Amateur Musicians.

There was a reception last evening given to the educational classes of the Y. M. C. A., at the rooms of the Association. Music was furnished by Miss Dunn, pianist, Messrs Holmes and Newman, violinists and Messrs James and Fletcher Hallock, banjoists. Mr. J. Robinson addressed the stenograph class and Mr. Wm. Murray gave a reading. There was also a "potato race," the prize being won by the younger son of Mr. John Abbott. Refreshments were served.

Paschal Sabbath.

At the Seventh-day Baptist church tomorrow morning at 10.30 o'clock there will be appropriate music, and the pastor will preach upon "Music, the universal language of Religion and of Thanksgiving." Strangers are welcome.

"When the spring time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood purifier in existence.

A TIP.

Something to Bear in Mind for a Few Days.

The public in general, and the misguided gentlemen who met for the purpose of protesting against policeman Carey's suspension, in particular, are respectfully requested to read the following and bear its provisions in mind for a few days:

Chapter CXXVIII of the laws of New Jersey, enacted March 25, 1885, reads as follows in Sections 3 and 4: "And be it enacted, That each member and officer of the police force shall be a citizen of the United States and a resident citizen for two years of the city in which he is appointed, able to read and write the English language understandingly, he must be of good moral character."

"And be it enacted, That no person shall be appointed an officer or member of the police force in any city, who has ever been convicted of a crime."

What We Drink in Plainfield.

It may be interesting to read just now what the State Geologist finds contained in this city's drinking water. He said in a recent report:

In Plainfield and vicinity, Mr. O. B. Leonard reports 20 bored wells "located from Scotch Plains to Dunellen and Bound Brook. They have always given a satisfactory supply. My inquiry has not given me information of any flowing wells. As far as I can ascertain, the water in the different tubes does not rise above the general average level of the underground supply in the sand and gravel." These wells penetrate the shale from 10 to 59 feet. The supply is satisfactory in quantity and, like that of the overlying sand and gravel, of excellent quality. Two samples were analyzed. One from the well of L. V. F. Randolph, 21 feet in the shale, was found to contain:

	Grains
Total solids, per gallon	5.950
Chlorine	0.612
Hardness (grains of calcium carbonate	2.974
Free ammonia, parts per 1,000,000	0.040
Albuminoid ammonia, parts per 1,000,000	none

The second sample came from the well of John B. Brown, also in Plainfield, and 59 feet in the shale. It contains:

	Grains
Total solids per gallon	5.365
Chlorine	0.525
Hardness (grains of calcium carbonate)	2.859
Free ammonia, parts per 1,000,000	0.027
Albuminoid ammonia, parts per 1,000,000	none

The water from the driven well of Mason W. Tyler, which is 40 feet deep, contains:

Solid matter, per gallon, in grains	8.864
Chlorine	.846
Hardness,, calcium carbonate)	4.024
Free ammonia, parts per million	.027
Albuminoid ammonia	none

In Their New Quarters.

The members of Noah Dove Encampment, No. 28, met for the first time in the new Odd Fellows Hall in the Hand building, last evening. Among the Grand Officers present were the following:

A. B. Pierce, G. P., of Newark; A. J. Doan, G. H. P., of Jersey City; James C. Robbins, G. S. W., of Hamilton Square; W. H. Biddle, G. S., of Atlantic City; J. B. Smith, G. Rep., of Newark; S. N. Bockhill, G. Rep., of Bordentown.

Delegates were also present from Columbia, No. 38 and Mt. Carmel Encampments of Elizabeth; Fidelity Encampment, No. 55, of Jamesburg, N. J.

After the routine of business and listening to a few remarks from the patriarchs present, the members of the encampment and their guests adjourned to Caspar's dining parlors on East Front street, where they partook of a bountiful collation.

Nothing But Praise For Tom.

The great Eastern and Western teams of crack shooters, who have been traveling about the country closed their engagement in Boston on Wednesday. In referring to the champions, the *Boston Daily Globe* of yesterday has the following to say of Mr. Thos. H. Keller of this city:

"All of the boys are sorry to say goodby to Tom Keller, the capable advance agent. Tom is the soul of good nature, and his work on the trip has been excellent. In all of his work he has displayed the ripest judgment, and the boys speak in the highest terms of him. Tom is a newspaper man, and his articles on trap shooting, over the signature of 'Tee Kay,' have been widely read and commended by all interested in that fascinating sport."

Coughing

IS Nature's effort to expel foreign substances from the bronchial passages. Frequently, this causes inflammation and the need of an anodyne. No other expectorant or anodyne is equal to **Ayer's Cherry Pectoral.** It assists Nature in ejecting the mucus, allays irritation, induces repose, and is the most popular of all cough cures.

"Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure."—Mrs. L. L. Brown, Denmark, Miss:

"A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and afforded the rest necessary for the recovery of my strength. By the continual use of the Pectoral, a permanent cure was effected."—Horace Fairbrother, Rockingham, Vt.

RESULT IN RHODE ISLAND.

The Election of Governor and General Officers Thrown into the Legislature.

PROVIDENCE, R. I., April 4.—The ward clerks finished the count of yesterday's vote last night, and turned over the ballots to the city clerk. The Board of Aldermen spent the day and evening enumerating the returns. They adjourned at midnight and resumed the task again this morning.

In this city the only Assemblymen elected are Jesse H. Metcalf and Hiram Howard, for third and fourth representatives. The other seven failed of a majority. There was also no choice for the Senator from this city, Brown, (Dem.) had 7,147 votes and Smith (Rep.) had 6,284.

The next Legislature stands:—Senate, Republicans 21, Democrats 11; to be chosen 4. House, Republicans 24, Democrats 25; to be chosen 23.

The election of Governor and general officers is thrown into the Houses of Legislature. It will require 55 votes on joint ballot to elect. If the Republicans hold in the supplementary elections what they now have they will get the ten votes which they need on this joint ballot, for of the 27 failures to elect, 10 represent seats now held by Republicans and 17 represent those held by Democrats.

Cranston will have to elect a Senator and two Representatives; North Smithfield and West Greenwich a Senator and Representative each; Pawtucket and Bristol two Representatives each and Burrillville, Jamestown, Newport and Warren one representative each.

DESERTED ON A LAKE.

A Woman Rescued While Clinging to a Wreck.

BELVIDERE, N. J., April 4.—Henry Hoffman and his brother, who chanced to be in a sailboat on Lake Hopatcong, heard the shrieks of a woman, and a few yards away they saw a figure clinging to a wreck. They rowed to the spot, arriving just in time to rescue a woman who was benumbed and helpless. She fainted from fright and exposure. They carried her to the Hoffman cottage, where she was restored to consciousness.

She said she was Miss Lyman of Montrose, and that she came to the lake in company with a man named Folmard. They went out sailing, and he deserted her at Halsey's Island, allowing her to drift and capsize. Folmard has been arrested. He is thought to be insane.

Guarding Christ's Tomb.

READING, Pa., April 4.—Twenty able bodied men—Poles—in full military uniform and clanking swords marched from the Polish headquarters in this city to St. Mary's Catholic Church and took full possession of the audience room. At the church it was learned that the men were to act as guardsmen for the tomb of Christ during the balance of Holy Week. They will be on duty constantly until Easter morning. The guard will be conducted with military precision and discipline. All the bitter differences that existed in this congregation a few months ago have been happily dispelled by the officiating priest and no trouble is anticipated.

THREE PLAYS! MONDAY NIGHT. MUSIC HALL.

NEW YORK STAR.
NEW YORK COMPANY.
MARIE HUBERT FROHMAN.

Plainfield is a first-class town. Is famous for its first-class people; its beautiful streets, shaded walks and refined society. Its people deserve only high class entertainments.

The event of the season is the triple bill for Easter Monday night at Music Hall. Mr. Gustave Frohman, who organized and managed the celebrated "Hazel Kirke" Company of the Madison Square Theatre, brings his great attraction—Marie Hubert Frohman with three beautiful plays to be presented that evening. She is a gifted young actress who played before two thousand people the other evening at Fall River, Mass. She brings a first class New York Company with fine new costumes.

"King Rene's Daughter," the opening play, is beautiful, romantic and poetical. It is a Danish play, in which Mrs. Charles Keane, won triumphs in London. As the blind Iolanthe, the King's daughter, beloved by a prince, Miss Frohman moves every heart. She is pathetic, with a deep melodious voice and magnetism that sway the audience. Rose Eytinge, whose name is a household word in the dramatic world, says "Her 'Iolanthe' is a revelation. Never have I seen blindness personated with such absolute truth: or passionate love, with such innocence and purity. I long to see her in Juliet. In the use of her hands alone she is wonderful."

The character represents a gracious beauteous maiden, pure as snow. She is blind, but beloved by the noble Prince Tristan. At first she does not know that she is blind. The scene is most effective. She recovers her sight; is claimed by her chivalric lover. As the curtain falls, the soft music of the harp accompaniment ceases and the first class people of Plainfield awake from this dream of love and chivalry.

The two other plays on the bill are unique in their way. "Snowbound" is a realistic love story in the Sierra Nevada Mountains. "False Charms" is a very amusing farce-comedy of the old French school. Marie Hubert Frohman plays in all these pieces with great power and magnetism. Her deep organ-toned voice and wonderful eyes captivate the house. 4-2,4,5

A GIGANTIC FRAUD

Excitement Among Custom House Officials.

UNEARTHING A BIG ROBBERY.

Millions of Pairs of Gloves Imported Upon Which no Duty Was Paid.

The Information Furnished by the United States Consul at Leipsic—Enormous Smuggling by Merchants in New York and Other Cities—Treasury Officials Very Reticent Regarding the Robbery.

NEW YORK, April 5.—There is great excitement at the Custom House over startling news just received from Washington.

The information came in a cablegram from United States Consul Dederick, at Leipsic. He said he had unearthed a gigantic fraud by which the Government had been cheated out of millions of dollars. The frauds are said to refer to enormous importations of gloves from Germany, which merchants of New York and other cities have managed to smuggle through without the payment of duties.

The cablegram was sent directly to Washington. The Custom House officials in New York only know of it through report, which is well authenticated.

It created an immense sensation. Speculation was rife among the employes over the disclosure. None of them could offer the slightest explanation. So far as they knew there was nothing which would cause the slightest suspicion relative to fraud in connection with the importation of gloves or anything else.

It is known that the cablegram, which is of considerable length, is now in possession of the Treasury officials at Washington, and the local officials await more definite information with the greatest interest. They are inclined to think that the most enormous scheme to defraud the Government that has ever been known will be disclosed.

Special Treasury Agent Jingle, who is now in the city, said that he had heard of the cablegram that had been sent by Consul Dederick, but he did not know its contents. He knew nothing more than is presented in the foregoing facts.

"I have heard of the report," said Collector Erhardt, "but I do not know what was in the message. The report which came to me was that the Consul at Leipsic had unearthed a scheme whereby the Government had been defrauded of a great sum of money in connection with glove importations. I never had the least suspicion of anything of that kind and I am utterly at a loss to know how such a gigantic fraud could be successfully carried out. I am awaiting further revelations from Washington with impatience."

Louisville All Right Again.

LOUISVILLE, Ky., April 5.—This city is rapidly recuperating from the effects of the tornado. The work of repair in the wrecked district is going vigorously forward and that portion of the city is a beehive of carpenters, masons and laborers. Business has resumed its regular channels everywhere in the city. The danger of a water famine from the destruction of the standpipe at the water works has been averted by the substitution of a temporary apparatus which has been working satisfactorily for two days.

They Couldn't Wait.

READING, Pa., April 5.—William H. Sands and Lizzie J. Cronaur, both 19 years old, were up to within a few days employed at the Reading stocking factory. The girl is a pert and pretty blonde. They decided to marry. Miss Cronaur's father, however, objected, telling Sands he had better wait until he became of age. They couldn't wait, so they went to Camden and were married by Rev. Dr. Burill. They then returned for forgiveness, but it was refused. Still they are happy and will dance to-night.

The Syndicate Captures the Paper Mills.

ROCHESTER, N. Y., April 5.—An English syndicate is about to come into control of four of the largest paper mills in the country. The new company will have two-thirds English stockholders and one-third American. The four plants are those of the Hudson River Pulp and Paper Company, at Palmer's Falls, which has a capacity of 40 tons a day; the Glens Falls Paper Manufacturing Company, 22 tons; the Remington Paper Company, at Watertown, 20 tons, and the Rochester Paper Company, 28 tons.

Cotton Mills to Shut Down.

AUGUSTA, Me., April 5.—Owing to the exceedingly low price of yarn and the high price of raw cotton, the Kennebec River Cotton Mills at Hallowell will shut down as soon as the stock on hand has been consumed, which will be in about ten days. The plant needs improvement, and it is doubtful if the mills will be started again under the present owners. New York parties are prospective purchasers. Many people will be thrown out of work, and great distress prevails.

Mike Cleary Knocked Out.

HOT SPRINGS, Ark., April 5.—Mike Cleary was knocked out in the first round by Ed. Smith, the Denver champion, in a contest with four ounce gloves.

Ball Games Postponed.

NEW YORK, April 5.—All exhibition baseball games scheduled for yesterday throughout the country were postponed owing to rain and wet grounds.

STRANGE MEANS OF DEATH.

Financial Troubles Drive a Farmer to Hang Himself With a Towel.

NORRISTOWN, Pa., April 5.—A. L. Phillips, a prominent farmer of Harsham Township, Montgomery County, who lives about three miles from Hatboro, committed suicide in an unusual manner.

He took an endless roller-towel from the kitchen of his house, and, going to the henery, inserted it through one of the strong roost-sticks, placing the lower loop or fold of the strong, coarse towel beneath his chair. He leaned forward, threw his weight on the towel and deliberately strangled to death. When his daughter entered the chicken-house at feeding time she was horrified to find her father kneeling there dead, with his neck in the towel and his broad hat still on his head. Mr. Phillips was about sixty-six years old and leaves a family. Financial trouble is regarded as the motive for suicide.

FOUR DAYS IN A TRANCE.

A Woman Regains Consciousness on the Day Set for Her Funeral.

LEWISTON, Me., April 5.—A report has come to this city that Mrs. Phœbe Mayberry, of Casco, Cumberland County, apparently died last week, but after having lain for four days awaiting burial the body began to show signs of life and on the day set for the funeral she regained consciousness.

Leading State physicians are expected to investigate the case. Mrs. Mayberry is reported to be in better health than before going into the trance.

Merchant Chivvis Shot.

NEW YORK, April 5.—F. W. Chivvis, the widly-known dry goods merchant, who lives in the fashionable suburb of Mount Vernon, set out to make a call at 2 o'clock in the morning, was mistaken for a burglar, and was shot at twice. The bullets were fired at short range, but, singularly, they did not strike a vital spot. The shots were fired by his intimate friend. Mr. Charles L. Adams. Mr. Adams did not know whom he had shot until told by a friend.

Tried to Poison Herself.

NEWARK, April 5.—Shortly after midnight Mrs. Phillipina Karst, 49 years old, wife of Christian Karst, a saloon keeper at 53 Ward street, took a large dose of rat poison with suicidal intent. The woman's act was almost immediately discovered by a member of the family, and prompt medical assistance saved her life. She is not yet out of danger, however. The woman's action was probably due to the recent death of her two little girls.

About the Coal Trade.

POTTSVILLE, Pa., April 5.—The Miners' Journal says: There is nothing to be said of anthracite affairs that has not been repeatedly said during the long and disappointing winter. The markets are still stocked, the collieries are idle, and the privation among the men at the upper end is increasing. Hopes are held out that things will brighten; but no one pays any present attention to this. That has been the promise since the autumn; it is the promise still.

Sudden Death in a Hotel.

HARRISBURG, Pa., April 5.—A distinguished-looking foreigner who registered at the Bolton House as "Kolder Shikago," died in his room last evening from apoplexy. Suicide was first suspected but the physicans decided that a clot of blood on his brain caused death. He could not speak English and there is nothing about him which would lead to identification.

Bohemian Cigarmakers Called Out.

SPRINGFIELD, Mass., April 5.—Seventy-five Bohemian cigarmakers, who lately joined the International Cigarmakers' Union, have been called out of the cigar manufactory of Towne, Fuller & Co., of this city, by that organization in the attempt to bring the concern into its control. The firm employs nearly 300 foreigners. It refuses to accede to the demands of the men.

"Jersey Jim's" Body Spirited Away.

NEWARK, N. J., April 5.—The body of a man known as "Jersey Jim" was taken out of the Italian dive of Nicholas Bibo last night and spirited away by some Italians. The police arrested Bibo and four others of his countrymen and are now searching for the body of "Jersey Jim." It is asserted that he was stabbed to death.

Booming the World's Fair.

CHICAGO, April 5.—The World's Fair stockholders held a big meeting in Battery D to elect directors for the Exposition. One hundred and eight clerks were kept busy proving the shares and proxies, and providing holders with voting tickets. Forty directors will be chosen by ballot, and the remaining five will be selected by the railroads.

The Eccentric Shoplifter Released.

PHILADELPHIA, April 5.—Miss Shipley, the eccentric shoplifter, was released on bail. Owing to her doubtful sanity, her respectable family, and the fact that the stolen goods have been recovered by their owners, it is probable that the woman will not be prosecuted.

Voting in Newport To-Day.

NEWPORT R. I., April 5.—The supplementary election here to-day for two Representatives is under the old voting system. Through an oversight the law establishing the Australian system was not made to apply to such elections. The defect was corrected, but not in time to make provision for to-day's election.

Mr. Cleveland Goes Fishing.

SANDWICH, Mass., April 5.—It is reported that ex-President Cleveland, accompanied by his friend Joe Jefferson, spent last day on one of the beautiful streams at Scorton, East Sandwich.

The Senate Committee Considers the World's Fair Bill.

CHICAGO MUST SHOW THE CASH.

Senator Hiscock Says He Desires to See the Subscription Books.

Bills Signed by the President—The McCalla Report Ready To-Day—Decision in Favor of Mr. Wanamaker. Mrs. Kilpatrick's Pension Bill Favorably Acted Upon.

WASHINGTON, April 5. — Chicago's World's Fair bill was handled without gloves by the special Senate Committee. The session consumed over four hours, and the discussion was at times exceedingly stormy. Senator Hiscock expressed himself as not at all satisfied with Chicago's financial promises, and inquired of Senator Farwell what evidence Chicago could furnish that she would not ultimately ask for government aid. Mr. Farwell replied that he had been assured that over $5,000,000 had been subscribed and assurances furnished that the remaining $5,000,000 could be had for the asking.

When Senator Hiscock asked to be shown the books, Mr. Farwell was unable to gratify him, stating that they were in Chicago. He added that he had supposed that Banker Gage had already informed the Senate committee that 98 per cent. of the subscriptions could be collected. Mr. Hiscock retorted that he would not regard such a statement as evidence.

It was finally agreed to refer the inquiry as to what cash Chicago had or would put up to a sub-committee comprising Senators Hiscock, Hawley, Wilson, of Iowa; Gray, of Delaware, and Daniel, of Virginia. Senator Farwell was directed to telegraph to the Chicago managers asking for a complete list of subscribers and report Thursday next.

To Rank as Third-Class Matter.

WASHINGTON, April 5.—The House Committee on Postoffices and Postroads authorized a favorable report on a bill introduced by Representative Bingham to fix the rate of postage on periodical publications containing the print or reprint of books. Decision by the Treasury Department.

WASHINGTON, April 5.—The Treasury Department has rendered a decision on an appeal by Mr. John Wanamaker, of Philadelphia, from the assessment of duty at the rates of 45 and 50 per cent. ad valorem on certain bead ornaments imported by him. The articles consisted of squares and stripes of cotton not embroidered, some with beads and others with metal thread. The appeal on the articles embroidered with metal thread was allowed and duty fixed at 20 per cent. ad valorem, while the articles embroidered with beads were held to be dutiable at the rate assessed.

WASHINGTON, April 5. — The House Committee on Naval Affairs directed a favorable report on the McAdoo bill to prevent the enlistment of aliens in the navy. HELP YOURSELF!

A Free Illustrated Lecture on How to Own Your Home.

The Home Building and Loan Association of this city, opens a fifth series April 21. Preparatory to it a free illustrated lecture will be given by Chas. F. Southard, of New York, Monday evening, April 7, at Reform Hall, at 8 o'clock. The phonograph will furnish the music of Cappa's band and tell the audience how to own houses.

Just before the meeting of the American Co-operative Loan Building Associations at Cooper Union, New York, four weeks ago, a letter was forwarded to Mr. Gladstone in England, inviting him to be present. At the same time Col. Gourand, of "Wessex House, Northumberland avenue, London," who is the agent in Europe for Mr. Edison's inventions, arranged to have Mr. Gladstone, in case he could not visit America, to talk his reply to the Co-operative Loan Building Associations into a phonograph rather than send it in the usual manner by mail. Mr. Gladstone consented, and one day there came a neat little pine box about eight inches square, in which his message was warmly and securely packed about with cotton batting. When run out of the phonograph the Grand Old Man's voice spoke these words:

Dear Sirs:—The purpose of the meeting on the 14th inst., may, I conceive, be summed up in two words—Self-help and Thrift—and I cannot, although much occupied, refuse to send to it a few words of congratulation and good-will. It is Self-help that makes the Man, and man-making is the aim which the Almighty has everywhere impressed upon creation. It is Thrift by which Self help for the masses, dependent upon labor, is principally made effective. For them Thrift is the symbol and the instrument of independence and of liberty, indispensable conditions of all permanent human good. But Thrift is also the mother of wealth, and here comes a danger into view, for wealth is the mother of temptation, and leads many of its possessors into a new form of slavery, more subtle and not less debasing than the old. From this slavery may all lands, and especially all lands of the English tongue, hold themselves forever free.

I remain, dear sirs, your very faithful and obedient servant,

W. E. GLADSTONE.

He Thinks Easter Vacation, Sectarian.

To the Editor of the Daily Press—Today the public schools are closed for the so-called Easter holidays. A few months ago a great cry was raised here in opposition to the Parochial schools and sectarian teaching in general. One man even went so far as to publicly advocate an amendment to the State constitution that would prohibit sectarian schools.

Now what is this Easter observance but sectarianism? The Jew pays his proportion of school taxes, yet his children are deprived of the privilege of schooling during Easter, the observance of which he does not believe in. What is sauce for the goose should be sauce for the gander, yet the Romanist must not be allowed his Parochial schools, but the Protestant insists that the Jew shall observe Easter. How is this for American justice and freedom?

BOROUGH.

They Had Good Sense.

The following item in reference to the Crescent League's new ball players, is taken from the Rahway *National Democrat* of yesterday:

"A. H. Chamberlain, manager of the Rahways last season, has retired from active participation in base ball owing to pressure of business. The insinuation in a local contemporary last week that he used his influence to have some of last year's team sign with Plainfield, was either actuated by spite or ignorance of the facts. The real 'milk' in the Plainfield cocoanut was cash. The men were offered more money than they could get in Rahway, and they very sensibly accepted the offers."

"Bill" Was on Hand Just the Same.

Mr. "Bill" Grattan was to have performed in Schorb's saloon on Thursday evening, the difficult feat of devouring fifty hard boiled eggs in twenty minutes, or forfeit $25 which some one else put up for him to back him up in a wager. William was on hand at the appointed hour, but those having the matter in charge had neglected to boil the eggs, and the undertaker was thus cheated out of a victim.

An Evening Sociable.

The sociable held at the residence of Mr. William Apgar, near Dunellen, on Thursday evening, of which The Press made mention several days ago, was attended by about sixty-five young people. Prof. S. D. Frazee furnished the music for dancing, which was indulged in until an early hour yesterday morning, when the guests departed in joyous spirits.

A Sunday Song Service.

At the evening service to-morrow, in Dr. Ketcham's church, in addition to appropriate hymns and a short sermon, the choir will sing as follows:

Christ is Risen.....Ch. Whitney Coombs

Christ the Lord is Risen Today.....Dudley Buck

Afraid.

At the regular meeting of the West End baseball club at Somerville, last Tuesday evening, mention was made of the proposition received from the manager of the Plainfield Crescents for a series or exchange of games the coming season, which, however, it was decided to decline.

THE OLYMPICS IN THIRD PLACE.

They Tie the Mondays, and Prove They Are Full of Sand.

There was great excitement at Westfield when the second match between the Olympics of this city, and the Mondays, last evening, resulted in a tie. The Plainfielders won the first game by 24 pins, but in the second the Westfielders led from the beginning. On the last frame, however, the Mondays did not wind up in good shape, and Collier, the last man to bowl, got a strike on a spare and secured a total of 48 pins in his ninth and tenth frames and tied the score.

All hands bowled another frame to decide the game, when the Olympics by the fine total of 87 showed that no excitement had any effect on them. The Mondays only got 63. Mr. C. W. MacQuoid was umpire. The score was:

OLYMPIC.	1st	2d

The Good Friday Union Service.

People even stood through the Union service in Crescent Avenue church, last evening, and the auditorium and galleries were packed. The Rev. Dr. Rodman conducted the service, and Dr. J. L. Hurlbut and the Revs. A. R. Dilts, C. L. Goodrich, Cornelius Schenck and W. R. Richards spoke.

The vested choir of Grace church took the prominent part in the singing, led by Mrs. Freeman at the organ. The choir of the Crescent Avenue church, assisted in the hymns. Dr. Rodman said in closing, that the Revs. Ketcham, Yerkes and Lowry had expressed deep regret at being unable to be present; that the place of Mr. Mitchell who was obliged to be out of town had been ably filled by Dr. Hurlbut; but that he hoped that on the next Good Friday, there would be on the platform not only six pastors, but every one in town.

Rev. Dr. Talmage in Newark.

The installation of the Rev. Carlos Martyn, D. D., as pastor of the First Reformed church of Newark, took place on Thursday evening, the church being crowded to its utmost capacity. The services were of a solemn and impressive nature. The Rev. Geo. S. Bishop of East Orange pronounced the invocation, and the Rev. Cornelius Schenck of this city read the Scriptures.

The Rev. T. DeWitt Talmage, D. D., preached an eloquent sermon from Psalm XIX, verse 8.

Unhealthy News.

To the Editor of The Press:—My attention has just been called to a personal in the evening *news*, stating that I left for Europe last Monday in search of better health. Please state in your reliable paper that the fabrication of such news shows great shallowness in the editorship of a paper. It is useless to say that my health is as good as ever, and wish the reading in the *news* was as healthy.

BOROUGH COUNCIL MEETING.

A Generous Amount of Business Transacted at the First Meeting—The Committees Appointed—Mayor Place Presents His Message.

The Borough Council for the year 1890, held its first meeting last evening, and, as is evidenced from the proceedings, some of the Councilmen have blood in their eyes for some of their fellow Councilmen.

Mayor Place, however, did a wise act in re-constructing the Street Committee. He appointed the committees as follows:

Auditing and Finance—Messrs Buckle, Emmons and Sebring.

Fire, Water and Lamps—Messrs Sebring, Emmons and Smalley.

Laws, Ordinances and Elections—Messrs Emmons, Needham and Sebring.

License and Marshals—Messrs Smalley, Buckle and Hegeman.

Streets and Public Health—Messrs Hegeman Buckle and Needham.

Printing and Stationery—Messrs Needham, Hegeman and Smalley.

Promptly at eight o'clock Mayor Place called the meeting to order, and the roll call showed the following members present: Messrs Buckle, Emmons, Hegeman, Needham, Sebring and Smalley—All.

The minutes of the final meeting of the old Council were read and approved, after which business was resumed in the following order.

PETITIONS AND COMMUNICATIONS.

From property owners on Grove street and Willow avenue, asking to have those thoroughfares *macadamized*, said property owners agreeing to stand a portion of the expense. Referred to the Street Committee.

From Philip Swain, calling attention to the wretched condition of Craig place. Referred.

Warren Engine Company, No. 1, sent in a list of the newly elected members. The matter was referred.

Collector H. N. Spencer reported having collected $7,921.35 for 1889. The report was filed. He also submitted his bond for $10,000, with the names of H. H. Brokaw, Chas. A. Reed and Chas. P. Sebring as sureties. It was referred to the Law and Ordinance Committee.

Claims were presented and referred as follows: Woolston & Buckle, $2 70; John Vosselman, $10 and $1; Chas. A. Reed, $75; E. Schenck, $6; J. D. Anderson, $6; J. K. Arnold, $7 85; J. T. Case, $6; Thos. McDonald, $2 60 and $37 50; J. K. Arnold, $75; W. L. Force & Bro., $30 90; N. Y. and N. J. Globe Gaslight Co., $260 67; P. Kelleher, $6 25; H. J. Martin, $51 60; P. Seader, $5; H. W. Mitchell M'f'g Co., $31 88; S. Taynor, 2.

Mayor Place sent in his annual message, which is hereunto reproduced in full:

COUNCIL CHAMBER,
NORTH PLAINFIELD, N. J.,
April 4, 1890.

To the Council of the Borough of North Plainfield:

In assuming the office of Mayor of our Borough, I am conscious of the responsibility which rests upon me, and upon the Council in connection with the Borough government. Many matters of importance, will, from time to time, come up for consideration and action. The matter of our streets is especially one of great importance, as well as our sidewalks, lamps for lighting, and the public health. If we are to attract people to our Borough and induce them to become residents therein, we must have good streets, properly lighted, and sidewalks over which it is not dangerous to walk.

There is an increasing demand on the part of our residents to have good substantial streets. The macadamizing which has been done upon them so far, I believe has given general satisfaction. And there is a general feeling that this important work shall continue as fast as possible, by the economical expenditure of the money voted for that purpose, $3,500. Taking into consideration the fact that all the streets within the Borough must be kept in good repair, and the cost thereof taken out of this fund of thirty-five hundred dollars, it does not leave a sum sufficient in the hands of the Council to go very far towards the work of macadamizing. Such being the case, it might be well for our property owners to seriously consider, whether it would not be a matter of economy for them to subscribe and pay an equal amount of cost of such work, (or more if necessary) which has been paid by property owners on the streets already macadamized and hasten the work in putting all of them in order. It has become a public necessity that the main streets leading to the city line should be macadamized and kept in good order, as well as those streets running East and West and crossing or terminating into these main streets.

In view of the importance of good streets, I would recommend that the Council take into consideration the advisability of enacting an ordinance, regulating the matter of macadamizing, and fix by that ordinance the width of the work done upon any street to be not less than 16 feet, and the depth not less than 6 inches.

So far as the lighting of our streets is concerned, as now done, I believe it gives general satisfaction. There is, however, some complaint as to the unequal distance which some of the lamps have been placed, some being nearly twice the distance apart that others are, thus making an uneven distribution of the light. In some parts of the Borough lamp posts have become crooked, and several of them have been placed in position, where, with the growing trees, cast dark shadows upon the side and cross walks. Others have been set so high that they are among the branches of the trees. Possibly if the Council will request the lighting company to remedy these defects, it may be done at once without much if any cost to the Borough.

It appears there is now to the credit of the Fire account of the Borough the sum of about seven hundred and seventy-five dollars. The last Council had under consideration the establishment, (to be paid for out of this fund), of a system of fire signals, which can be used in case of fire. If the Council deems it wise to establish a system of fire signals, I would suggest that in connection therewith there be erected at convenient places, station signals, so that in case a fire occurs, any officer or citizen can at once go to such signal station and call out the firemen by giving an immediate alarm, without being compelled to go to the engine house for that purpose.

Our sidewalks should be kept in first-class order. Good sidewalks are of the highest importance Citizens should do their share of this work in making and keeping them good. Most of the strangers who come within our limits, first of all use the sidewalks. If they are allowed to remain in a dangerous condition—and I regret to say many of them are now allowed to so remain—it has a serious and detrimental effect The street committee can serve the public well by enforcing the ordinance in this regard, compelling occupants of dwellings and owners of vacant lots, to keep the conditions of the sidewalks so that they can be safely walked over by day and night. If they are allowed to remain in poor condition it undoubtedly deters many newcomers from settling within our limits. I believe there is public spirit enough in our citizens to see to it, that the sidewalks of our Borough shall not be a subject of criticism and complaint from those who use them.

The matter of public health concerns all. With an efficient, determined Board of Health, such as has had charge of that department in the past, there can be no question that our citizens can rely upon proper protection. It is the duty of every person to do his share in maintaining that cleanliness about his premises which is important to the preservation of the public health. It is to be hoped during the coming year that every resident will feel it incumbent upon himself to aid the authorities in this matter. Our Borough is growing substantially with marked progress; property is being largely improved and built upon, and the increase of taxable property and of our population, augurs well tor the future. The desirability of North Plainfield as a place of residence, needs no comment from me in its favor. It only remains for the duly constituted authorities and citizens to unite their best efforts and make it more and more attractive each year.

When the Borough was incorporated in the year 1885, the assessed value of property within its limits was the sum of $958,623. The assessment as appears by the books of the Assessor for the year 1889, is $1,275,100, showing an increase in valuation of $316,447. In nearly five years a thorough system of Borough government has without question added largely to this increased valuation I believe the increase of assessment for 1890 will add largely to the valuation of 1889, and that such increase will continue each year to the very great satisfaction of our citizens.

CHARLES PLACE, Mayor.

Mr. Emmons presented a resolution reappointing James K. Arnold as Borough Clerk. Mr. Smalley amended the resolution by inserting the name of Harry H. Brokaw in place of Mr. Arnold. Mr. Hegeman further amended the resolution to the effect that the clerk enter into bonds in the sum of $500 for the faithful performance of his duties. Mr. Smalley's amendment was adopted, Messrs Emmons and Buckle voting "No," and the original resolution as amended was adopted.

Mr. Emmons stated his reasons for presenting Mr. Arnold's name. He said that Mr. Brokaw had not had enough experience, and that he was not located on Somerset street He considered Mr Arnold the best qualified man in the borough.

A resolution appointing Thos. Mc Donald, regular marshal, at a salary of $600 per annum, was tabled.

Dr. J. H. Cooley was elected Borough Assessor at a salary of $500.

Upon resolution adopted, all the special marshals were requested to deliver up all property belonging to the borough now in their possession.

Mr. Hegeman presented a resolution which prevailed, authorizing the Street Committee to negotiate a loan of $300 for work on the streets.

A resolution was also adopted authorizing the Street Committee to have the streets scraped and repaired, wherever in their judgment it was found necessary, at an expense not to exceed $200.

The Auditing Committee reported on the claims sent in during the evening, and they were ordered paid.

The Street Committee was requested to investigate and report whose duty it is to remove some trees from Green Brook which have fallen across the brook in such a way as to endanger the bridge in case of a freshet.

Mayor Place made the following appointments as members of the Board of Health: For four years—Rev. T. L. Murphy, to succeed himself, and Mr. B. S. Braider to succeed the late Isaac Brokaw; for one year—Rev. W. E. Honeyman.

Council then adjourned until the 15th instant.

He Shot at the Conductor.

Last night about eleven o'clock, a colored man who had been ejected from a Pennsylvania railroad train at Elizabeth, for not paying his fare, turned and fired two shots from a revolver at the conductor, fortunately not injuring him. He then started on a run through Jersey street with a mob at his heels. After running a couple of blocks he was commanded to halt by a police officer. Refusing to do so the officer fired a shot at him which brought the coon to the ground, and he was taken to the station house.

Actors Will Travel by Boat.

New York, April 5.—The Actor' Baseball Club, known as the Five A's, have decided upon a very unique schedule for the coming season. The regular season will begin on June 2. The club will sail up the Hudson on the steamboat City of Albany, which has been chartered for a month, and play their first game at Newburgh. After that games will be played at Poughkeepsie, Rondout, Albany, Troy, Kingston, Goshen, Middletown, Hudson, Yonkers, Bridgeport, New Haven, Meriden, Narragansett, Asbury Park, Long Branch, Philadelphia (with the reporters' club), Germantown, Atlantic City and Cape May. The teams and guests will live entirely on the steamboat during the whole of the journey.

Pilot Abernethy's Murderer.

Kingston, N. Y., April 5.—The real name of Fritz Cinnamon, who killed Pilot Abernethy in New York, is Frederick Zimmerman. He was born at Rondout, where his father still resides. Fred followed the Delaware & Hudson Canal, was a reckless character, and figured in the local criminal courts. He is a fugitive from justice, having left town to evade arrest for a robbery committed in March, 1884. Abernethy was known here as a quiet peaceable man. His funeral takes place from St. Joseph's Church this afternoon.

An Entire Town Overflowed.

Vicksburg, Miss., April 4.—A dispatch just received from Mayersville, Miss., announces that the entire town and surrounding country are overflowed by a sudden rise in Steel's Bayou. The inhabitants are leaving their homes and taking refuge in gin houses. The water is over three feet deep in the higher levels of the town and rising fast. Colonel D. Mayer, who received the despatch, says the town has never been overflowed in the memory of man. He says a great deal of the stock will be endangered by the sudden rise.

Carpenters Considering a Strike.

Chicago, April 5.—The United Carpenters' Council held a meeting last night to consider the advisability of striking on Monday. It was decided to refer the matter to a special meeting that will be held to-night. This action was taken in response to a communication signed by a number of the most prominent business men of the city.

CUTTING THE LEVEES

A Gang of Men With Rifles Drive the Guards Away.

A GAP FIFTY FEET WIDE MADE.

The Object Was to Relieve the Red Fork Country.

Discouraging News from Catfish Point. A Sudden Break Drives the People From Their Homes—Live Stock Drowned—Water Over Seven Feet Deep On the Plantations.

GREENVILLE, Miss., April 7.—Captain Chambers, of the United States mail steamer Chicot, arrived here last night and he says that he saw Captain Tollinger, United States engineer, commanding the fleet in the vicinity of Arkansas City, and that Captain Tollinger informed him that about 3 o'clock yesterday afternoon a band of 25 men, armed with Winchester rifles, came to Opossum Fork levee and made the guards leave their post, threatening to shoot down the first one who disobeyed their orders. They cut the levee at that point, and the gap was about 50 feet wide at eight o'clock in the morning. The levee is said to be one of the largest on the Arkansas side, situated on the Bogy Bayou, and was built and maintained by the Government.

The parties who did the cutting are unknown, but it is supposed they came from the Red Fork country on the Arkansas River, and their object in cutting the levee at that point was to relieve their section of the country, and the water running through a new crevasse will overflow the portions of Chicot and Deska Counties which so far have escaped. The flood will run into Bayou Bœuf and eventually make its way to the Tensas basin.

People Rush for Their Lives.

MEMPHIS, Tenn., April 7.—News is discouraging from Catfish Point. The break in the levee there is now 1,800 feet wide and still crumbling. The break occurred at 1 o'clock in the morning. The news was carried with all haste to Dr. M. Rowland, the Government gauge keeper, a mile distant, and he rang a large bell to alarm the surrounding country.

The people made a rush for the levees, carrying their portable goods with them, but so rapidly did the water fill up the bottoms that fifteen mules and fifty cattle were drowned before they could reach a place of safety. For a distance of five miles the levee is strewn with bedding, clothes, and other portable property.

The water is now seven and one-half feet deep on the plantations, and has reached Greenville, causing a rise of a foot of water in the city and flooding streets and stores hitherto dry. The break was a complete surprise, as the levee was deemed entirely safe, and the people were so unprepared for it, there were only three skiffs in the neighborhood and two of those were overturned, drowning a negro named Calvin Walls and two children of Ben Jones, colored.

Seven Negroes Drowned.

VICKSBURG, Miss., April 7.—A raft containing twenty negroes, who were trying to escape from the flood, was capsized in Bogue Falaya, the rapid current carrying it against a tree. Seven of the negroes were drowned.

BIG LANDSLIDE.

Several Persons Caught in an Accident on the West Shore Railroad.

TROY, N. Y., April 7.—There was a big landslide on the West Shore Railroad at 9 o'clock last night east of St. Johnsville at Diefendorf Hill. The mud covered both tracks several feet deep, and for some distance the tracks were completely blocked.

The second section of No. 76 eastbound freight train, engine 65, Engineer Potter, ran into it.

The bodies of Engineer F. S. Potter, Fireman Lorman, the head brakeman, and another trainman were recovered at midnight. Engineer Potter's legs are smashed and Fireman Lorman is unconscious. It is believed he will die. Two other trainmen are terribly mutilated, and but small hopes of their recovery are entertained. The train was a complete wreck.

An Effort to Release Mormon Preachers.

SIOUX FALLS, S. D., April 7.—An application was made before the United States District Court in this city for the release of 20 Mormon preachers who were sentenced, most of them a year ago. In their application they argued that they were sentenced to be confined in the United States penitentiary at Sioux Falls, and by the Omnibus bill their place of confinement was abolished, and in view of the fact that no such place as the United States penitentiary at Sioux Falls now exists, they asked to be released. The application was denied.

Dr. McGlynn's Offer.

NEW YORK, April 7.—In his speech last night Dr. McGlynn declared that the Anti-Poverty Society would open its gates to the Christian, the Hebrew and the Agnostic alike, providing they accepted the doctrine of human equality. "The masses of the people are stupid," said Dr. McGlynn, "or they wouldn't tolerate their present condition of poverty very long."

Sunday Ball Game in St. Louis.

ST. LOUIS, April 7.—Over 15,000 people witnessed the second game at Brotherhood Park yesterday afternoon between the Chicago and Cleveland Players' League teams. The score was Chicago 7, Cleveland 5.

PARTICULAR MENTION.

Mr. D. J. Marshall is lying dangerously ill at his home on Park avenue.

Mr. William Cadmus, and bride, (nee Miss Lillie Coles) spent Sunday with the bride's parents in North Plainfield.

A telegram yesterday summoned Rev. J. B. Cleaver to the bedside of his mother, who is ill at her home in Brooklyn, N. Y.

Miss Kitty, daughter of Freeholder Doty of Union, is spending a week with the family of Mr. James H. Searing of No. 39 Madison avenue.

Miss Florence Titsworth, a student in the Pennington Seminary, is spending her Easter vacation with her parents on Madison avenue, this city.

This evening the ladies of Friendship Rebekah Degree Lodge, No. 4, I. O. O. F., will open their bazaar and fair in Dunlap's Hall, corner of Front and Grove streets.

Dr. Chauncey M. Field arrived in Plainfield early this morning, after nearly a year's absence, during which time he made a trip to Australia for the benefit of his health.

At Henry, Illinois, on March 25, occurred the death of Miss Amelia Hoagland, sister of Mr. Peter Hoagland of this city. Miss Hoagland was 65 years of age and was for several years a resident of this place. Maria L. Nevius, wife of Mr. Theodore Layton, and a niece of Mr. Hoagland, also died at Blackwell's Mills, N. J., on April 4.

The daughter of Architect Hubert, who designed the palatial Navarro flats that face Central Park on 59th street, New York, is to play at Music Hall, to-night. She is an heiress as well as independently wealthy, but her only ambition is to excel Mary Anderson, Lotta and Margaret Mather, in all lines from tragedienne to soubrette. She will appear in three plays to-night, for the price of one.

Poisons, such as opium, morphine, etc., ought to be avoided. Hires' Cough Cure is entirely free from dangerous drugs, and costs 25 cents only.

HURLED FROM A WAGON.

One of Scavenger Brown's Men Thrown Out in a Runaway Accident and Bumps His Head Against the Railroad Bridge.

On Friday afternoon as Mr. John Brown, the scavenger, and one of his employees, whose name could not be ascertained, were seated in a light wagon, driving along Richmond street, the animal, it is said, took fright at a passing train and ran away. The driver did the best he could to keep the horse in the middle of the street, but just as they were passing under the railroad bridge, both Mr. Brown and the hired man were thrown out, the latter striking his head on one of the iron supports, inflicting an ugly wound on the forehead.

The unfortunate man was taken to Dr. Boone's office, where the wound was dressed and sewed up. Mr. Brown escaped uninjured, but his wagon was almost completely wrecked. The horse was captured in the neighborhood of the Crescent ball grounds.

NOTICE.

Charity Ball—Tuesday, April 8, 1890.

In order to avoid all complications in coming and departing from the Ball, the Committee have arranged with the Captain of Police: That in coming to the Ball, all carriages will drive from Seventh street through Peace street, and after leaving parties at The Crescent, will depart by North avenue. In departing from the Ball, all carriages will form on Peace street, South of The Crescent, facing the railroad, in two lines, one on the right side of the street, next to the curb, and one on the left side, and wait until called, and depart by North avenue. The centre of the street must be kept clear. All parties interested will take particular notice of this order. The police will be instructed to let no carriage drive up to the door from any other direction.

G. W. GRANT, Capt. of Police.

A Novel, But Worshipful Service.

The congregation of the First Church of Christ are settled in their new Park avenue hall. Friday evening a goodly number met for the first week-night services.

Mr. Cleaver's originality of method in the conduct of these meetings, is impressive and edifying. Anybody can go to meeting—so can a mouse. Anybody can say prayers—so can a parrot Anybody can read the Bible—that requires but an ordinary education. But to fill one's part in the Bible exercises to which Mr. Cleaver's followers have been educated, one must be apt in Bible truth and teaching. Mr. Cleaver's work with his people has been to this end. With a little modulation in the singing, still to be desired, the service is novel and worshipful.

The Fight Was Postponed.

Saturday night was the time fixed for a "mill" between a prominent sport of this city, and one of his class from Westfield, the latter place being decided upon as the place for meeting. It is understood that the fight was to have taken place, for a purse of money, in a barn on the suburbs of Westfield, but so much publicity was given to the matter, and the crowd was so great when the principals arrived, that they refused to enter the ring.

The fight was, therefore, indefinitely postponed.

Struck by Lightning.

During the heavy thunder show this afternoon, a house owned by Mrs. A. L. Cadmus at 13 Spooner avenue, was struck by lightning. The brick chimney was split entirely in two, and a strip of the slate roofing, two feet wide, was torn from the peak of the house to the gutter.

The house is occupied by a family named Smoker, and there was but one lady in the building at the time. She suffered only from shock.

Affirmative and Negative.

"Resolved, That Invention has done more for the World than Discovery," is the question for debate at the meeting of the young men's auxiliary at the Y. M. C. A., this evening.

Affirmative—Vincent Rockwell, Lynn Edsall and Frank Ames; Negative—Jas. Kimball, A. J. Spicer and Harry H. Lowrie.

"Who breathes must suffer, and who thinks must mourn, and he alone is blessed" who knows that pain and suffering can be cured by Salvation Oil.

EASTER-TIDE.

HOW THE DAY WAS OBSERVED IN THE CHURCHES.

A Profusion of Flowers in All of the Pulpits—Special Music and Sermons in Commemoration of the Resurrection

EASTER DAY in the Christian churches becomes more and more every year a time for the most joyous of the religious festivals. Music and flowers are added to the Bible lessons of the day, until the greater part of the services consist of grand harmonies rendered by full choirs and choruses of a highly cultivated order. Even the non-ritualists are joining in the Easter festival services, and hymns of joyous thanksgiving are now heard there also, joined in by congregation and Sabbath school.

Easter Day, which is observed throughout the known World, and which commemorates Christ's resurrection from the dead, was observed in this city, yesterday, with great solemnity and devotion. In early years the church ornamentations were principally candles, and the common salute between Christians was a kiss and the words "Christ is Risen," to which the response was made: "He is Risen Indeed." This custom has practically been done away with, and the principal altar ornamentations now are flowers.

In some of the churches the floral decorations were not so elaborate as in former years, but all were neat and attractive and showed good taste in their arrangement. The day was ushered in with bright sun shiny weather, and so it continued until nightfall. In all of the churches the attendance at the morning service was unusually large, and in the evening, where services were held, the churches were literally packed.

The programmes arranged for the special Easter music, by the various church choirs, were lengthy and elaborate, showing that both care and good judgment had been used in their preparation.

TRINITY REFORMED CHURCH.

At the morning service the pastor, the Rev. Cornelius Schenck, preached an able sermon to a large congregation on the Resurrection of Christ, his text being "But now is Christ risen from the dead, and become the firstfruits of them that slept."—I Cor 15-20.

The singing by the choir:

Soprano..MISS EMMA WARD.
Alto.....MRS. E. H. BIRD.
Tenor....MR. GEORGE O. STEVENS.
Bass.....MR. ROBERT GORTON.

was thoroughly enjoyable and gave evidence of the careful training they had received under the direction of Mr. A. L. Titsworth, choir director. The following was the musical programme:

Organ—Festal Prelude in C....Samuel T. Strang
Old Hundred—Praise God.....G. Franc
Anthem—Te Deum in E flat.....Thos. S. Lloyd
Response—Lord have mercy.....Gounod
Gloria—Glory be to the Father...W. C. Williams
Hymn.....This is the day the Lord hath made
Hymn.....The morning purples all the day
Offertory—Christ our Passover .....F. Schilling
Anthem—See now the altar.....J. Faure
Hymn.....Christ the Lord is risen today
Organ—Festal march in F.....George Calkin

The floral display of blooming potted plants and cut flowers was really beautiful, the result of much labor on the part of Mrs. C Frank French, assisted by Miss Minnie Arnold.

The evening service was also largely attended and was under the management of the Sunday School of the church, the Superintendent, Mr E. E. Anthony, presiding. The exercises consisted of the following musical programme, an address by Mr. C. D. Baxter and one by the pastor, and also a recitation by ten little girls, entitled: "The Lilies," and a recitation by little Miss May Ryerson:

Organ fantasia in C. minor .....Arthur Carnell
Anthem—Christ our Passover....Thos. S. Lloyd
Hymn 180.....Choir and School
Hymn 392..... " "
Offertory—As it began to dawn....Chas. Vincent
Anthem.....The Saviour hath risen
Old Hundred—Praise God.....G. Franc
Organ Postlude in C.....R. H. Heath

The organist at both services was Mr. Arthur L. Titsworth, and his manipulation of the keys was highly creditable.

EASTER AT HOLY CROSS.

The Easter services at the Church of the Holy Cross yesterday morning were beautiful and impressive, and the congregation present more than filled the edifice. The chancel, altar and font were, as usual, elaborately, but tastefully decorated with a profusion of flowers and budding plants. Two immense banks of daisies, callas and carnations, reaching nearly to the top of the brazen candelabra, were placed on either side of the altar, and the pulpit and lectern were ornamented by handsome floral memorials.

The Rector, the Rev. T. Logan Murphy preached a remarkably strong sermon on the subject of the "Resurrection and the Immortality of the Soul." The choral programme, which was both appropriate and attractive, was well rendered by the vested choir of men and boys and reflected much credit upon their leader and instructor, Mr. Charles W. Kellogg and Mr. E. C. Hubbard, late of All Saint's church, New York, who presided at the organ. The offering which was taken up for parish expenses amounted to over $400.

In the afternoon the annual Easter festival of the Sunday school took place and the attendence in the church was again greater than the capacity. The services included the singing of carols, and addresses by the Rector and Superintendent, H. R. Phillips. Prizes were awarded to the Misses Leontine Meade, Helen Phillips and Maggie M. Hurlburt and Master Howard Turrill and Harry Woltmann. The annual parish meeting for the election of officers for the coming year, will be held this evening in the church.

AT GRACE CHURCH.

Long before the time for service at Grace church yesterday the edifice was filled to overflowing and the chorus had to be placed in the aisle to accommodate late comers. The church and altar were prettily decor ted with Easter lilies. Mrs. Wm. A. Freeman presided at the organ in an efficient manner. At the appointed time the white robed choir consisting of about thirty voices entered at the right of the chancel, singing a joyous Easter processional. The order of the music was as follows:

Processional—"Angels Roll the Stone Away" .....C. F. Ropes
Anthem—"Christ Our Passover".....Chappel
Gloria.....Chappel
TeDeum Laudamus.....B. Tours
Anthem—"They have taken away my Lord" .....J. Stomer
Kyrie Eleison.....Tours
Gloria Tibi.....Garrett
Hymn—"Jesus Christ is Risen Today"
Offertory—"As it Began to Dawn".....Vincent
Sanctus.....Gounod
Communion Hymn.....Dykes
Gloria in Excelsis.....Stewart
Nunc Dimitis
Recessional Hymn 105—"The Day of Resurrection."

The Rector, the Rev. E. M. Rodman preached an appropriate sermon from the text, "I laid Me down and slept and rose up again for the Lord sustained Me." The solos by Masters Fred. Freeman, soprano, and Arthur Freeman, basso, were exceptionally well rendered.

In the evening the children held their Easter service. One of the features of the service was a wooden frame, representing the rays of the rising sun which occupied a prominent position in the centre of the chancel. On the frame were fastened floweral letters, each class subscribing a letter with an appropriate verse, the whole when completed spelling out the sentence, "The Lord of Life is Risen." The offierings of the morning were devoted to the building fund, and over three hundred dollars was added to the treasury for this project.

The decorations in this church which consisted mainly of annunciation and Easter lilies, some of which came from Bermuda, were artistically arranged by Mrs. F. O. Herring, assisted by the members constituting the altar committee.

PARK AVENUE BAPTIST CHURCH.

A rather larger audience than usual was present at Park Avenue Baptist church. Flowers have been an important feature in the Easter service in this church for years, and this year formed no exception. A goodly display of potted plants adorned the pulpit platform, many of them in bloom, but it was not quite so extensive or so brilliant as on some former occasions.

The pulpit was occupied by the Pastor, the Rev. Asa Reed Dilts, who took his text from John 1, 49—"Rabbi, thou art the son of God", and endeavored to show that what Nathaniel so tersely expressed with so much confidence at his very first interview with the great Teacher, was, after the lapse of more than eighteen centuries, still indeed the very truth.

To sustain his position the preacher touched but slightly upon the sayings of Christ himself as to his divine origin, the testimoney of the apostles or the harmony existing between the teachings and the life of Christ; but relied chiefly upon the extraordinary events which have transpired in connection with Christ and the wonderful works performed by him while upon the earth which demonstrated his divinity beyond a cavil, touching briefly upon all the important miracles performed by the Lord during His brief earthly ministry. He closed the recital with the most wonderful and important of all miraculous events, the resurrection—the anniversary of which joyful occasion, they had met to celebrate that morning.

Special Easter music was rendered by the choir, portions of which it was quite apparent, had hardly been fully grasped by some of the vocalists.

The floral display was under the auspices of the Y. P. S. of C. E. of said church, and at the close of the service one of the blooming plants, which had helped to make the occasion bright and joyous, was kindly sent by the committee in charge to each member of the church or congregation, so far as known, who, on account of sickness was unable to be present.

FIRST PRESBYTERIAN CHURCH.

The Easter services in this church were appropriate to the day, and the floral decorations were neat and tasty. The usual church choir sang special Easter music. The morning service was a communion service, but the service of song announced to take place in the evening was postponed until next Sunday evening, owing to the sudden illness of one of the members of the choir. The Rev. Dr. K. P. Ketcham preached a short sermon, taking his text from John, 20th chapter, 20th verse.

FIRST BAPTIST CHURCH.

The Easter services held in this church were very interesting. Since the church has been re-modeled and a new organ put in, the music has been made one of the special features of the services. Yesterday was no exception to this rule. The platform and around the pulpit was very prettily decorated with flowers of all kinds and the effect it produced to that part of the auditorium was indeed fine. The flowers, which consisted mostly of potted plants, were from the conservatories of Messrs. L. W. Serrell and Chas. W. McCutchen. The decorating committee consisted of Mr. L. W. Serrell, Miss Serrell, Miss Yerkes, Miss Runyon and Miss Worth.

The chorus choir of thirteen voices under the leadership of Charles McCutchen rendered very fine music appropriate to the occasion.

At the morning service they rendered two beautiful anthems which showed careful training.

The Rev. Dr. Yerkes delivered a short sermon on the "Resurrection of Christ". One of the special features of this service was the "Right hand of fellowship" given to fifteen new members. The sacrament of the Lord's Supper closed the morning exercises.

In the afternoon at three o'clock the Sunday school of the church and the Mt. Olive Baptist Sunday school met together and gave an interesting programme, consisting of Easter carols, hymns and anthems by the choir. Mr. B. T. Barnes sang a bass solo which was very nicely rendered.

The singing of "Christ Arose" by the scholars of Mt. Olive school was particularly commendable.

The pastor also gave a short talk at this service that was appropriate to the occasion. The Rev. Mr. Fefnald gave an address which was listened to with much interest, after which the schools rendered an Easter hymn, and the Benediction was was pronounced, thus ending the services of the day.

CHURCH OF OUR SAVIOUR.

The service at the Church of Our Saviour, Netherwood, was largely attended. The music was especially fine. Morning prayer included a processional hymn, anthems, the Te Deum and Benedictus. The communion office began with the Introit, followed by Kyries, Gloria Tibi and Nicene Creed. The programme of music after the sermon embraced a number of parts, closing with a recessional hymn. The Sunday school had a delightful festival in the afternoon, which included the singing of carols by the school and an address the rector, the Rev. S. P. Simpson.

The priest in charge, the Rev. S. P. Simpson, read the Treasurer's report, which showed the church to be in a healthy financial condition, and evidenced a remarkable improvement in all church work during the past three months. A beautiful brass ewer for the font was one of the many Easter offerings.

CHURCH OF THE HEAVENLY REST.

At the Church of The Heavenly Rest there was a full congregation. The chancel and altar were tastefully decorated with choice flowers. The musical programme was as follows. The choir comprised Miss F. A. Stevens, soprano; Miss C. F. Davis, alto; Mr. J. O. Stevens, tenor and Mr. J. F. Pearson, basso:

Processional—"Why seek the living among the dead?
Anthem—"Christ Our Passover".....Wheat
Gloria.....W. C. Williams
TeDeum.....Steele
Jubilate.....Buck
Gloria Tibi.....Stevens
Offertory—"Blessed be He, etc".....Green

The children's Easter festival was held at half-past three, consisting of carol singing by the children, with appropriate devotional exercises and an address by the rector. The singing throughout was spirited and excellent and both morning and afternoon exercises were highly creditable to those who conducted them.

SEVENTH DAY BAPTIST CHURCH.

The Easter festival in the above named church was unusually attractive. The pulpit decorations, arranged by the ladies of the church were particularly fine. Most of the choice flowers and potted plants being loaned for the occasion from the conservatories of Messrs Geo. H. Babcock, C. Potter, Jr., R. M. Titsworth, F. S. Wells, J. F. Hubbard and other members of the church. The Rev. Dr. A. H. Lewis, the pastor, preached an eloquent sermon on "Music."

Miss Jessie Utter presided at the organ, and during the service the choir, composed of Mrs. D. E. Titsworth and Mrs. C. H. Dunham, sopranos; Miss Mabel Potter and Miss Nan Randolph, altos; Dr. Frank Wells and E. E. Runyon, tenors, and D. E. Titworth and A. L. Titsworth bassos, rendered the following delightful anthems:

Anthem—"Christ the Lord is Risen Today" .....Thos. Spencer Lloyd
Anthem—"As it Began to Dawn"...Chas. Vincent
Anthem—"See now the Altar".....Faure

CONGREGATIONAL CHURCH.

The Congregational church was beautifully decorated with an abundance of cut flowers, arranged about the pulpit by Mrs. Wm. H. Brower. Special music was rendered by the church choir assisted by a volunteer quartette. The sermon was upon the text "I will make thee ruler over many things." Following was the programme:

Organ Voluntary.....Haydn
Easter Hymn. Sing We Alleluia.....Gilchrist
Doxology.....
Invocation.....By the pastor
Hymn, Room for Jesus.....Mrs. W. L. Patton
Congregational hymn 418.....
Responsive reading.....Gloria
Easter Anthem, Christ Our Passover..... Dudley Buck
Scripture.....
Prayer.....Pastor
Offertory, Bass Solo.....
Hymn 428.....
Sermon, Matt, 25, 33.....
Easter Carol, the Strife is O'er.....Schuman
Hymn 453.....
Benediction.....
Processional.....Batiste

The regular church choir consists of Mrs. B. T. Barnes, organist and leader, Miss H. Burnett, soprano; Miss E. Ginn, alto; Mrs. Chas. Steiner, alto; Mr. Batson, tenor; Prof. L. B. Goodrich, Basso. The members of the assistant choir were: Mrs. W. L. Patton, soprano; Mr. Salton Stall, tenor; Mr. Miller, basso.

CRESCENT AVENUE PRESBYTERIAN.

The programme for both morning and evening services at the Crescent avenue church, was impressive and effective. The main feature was the choir singing, which, especially in the evening was fully up to the high standard attained by Mr. Pierson's corps of vocalists. Mrs. Myers', Miss Holmes' and Mr. Runyon's solo parts were thoroughly satisfactory.

The Rev. Mr. Richards preached both morning and evening. The pulpit was banked in front with cut lilies. The organ in its new position at the right of the altar, had been reveiced and was even sweeter than before.

ST. MARY'S CHURCH.

Masses were celebrated in St. Mary's yesterday morning at 8.30, 9.45 and 10.45 o'clock, the latter a High Mass, the celebrant being the Rev. Father Smyth, the pastor. The main altar of the church was tastefully decorated with flowers, which with the many lighted candles made a fine appearance. The new choir under the leadership of the organist, rendered music appropriate to the day. The Rev. Father Stafford, assistant pastor, preached a sermon at the last mass from the text: "Ye seek Jesus of Nazareth, who was crucified; He is risen; He is not here; Behold the place where they laid Him." Vespers were celebrated at eight o'clock in the evening.

ST. JOSEPH'S CHURCH.

In this church services were held at 8:30 and 10:30 o'clock, A. M., and for the first time in the history of the church solemn vespers were said in the evening at 8 o'clock. The Rev. Father Freeman preached a sermon at both masses, which is also an unusual occurrence, and delightful solos were rendered by Mr. Jules Boutes, Miss Maggie Keegan and Mrs. Thos. McGann. Miss Lizzie Gavin presided at the organ.

The pulpit decorations were elaborate and of good taste, reflecting great credit upon Mrs. A. E. Kenney and Miss Keegan, the ladies having the matter in charge.

M. E. CHURCH.

In the M. E. church, yesterday, the Rev. W. C. Snodgrass, D.D., of Jersey City, preached at both the morning and evening service, before large audiences. Besides the rendering of special Easter music by the choir, and the exquisite pulpit decorations there was no other public demonstration.

UNITARIAN CHURCH.

The late pastor of the Unitarian church, the Rev. W. P. Tilden, had prepared an Easter sermon, but on account of the unexpected close of his engagement by illness, he was not present. His sermon was, however, read to the congregation by H. B. Wells, President of the Society. The rest of the service also followed the order prepared for the day by Mr. Tilden. An Easter offering of $71 was made to the church building fund by the children of the Society, being the proceeds of the parlor sale held by them last week.

EMMANUEL BAPTIST MISSION.

The Emmanuel Baptist Mission worshipped, yesterday, for the first time in their new place, Cutter's Hall, 25 West Front street. Both afternoon and evening services were largely attended. The pastor, the Rev. J. W. Mitchell, preached on the "Resurrection of Christ," taking as his text, Matt. 28: 5th and 6th verses. The floral display was very beautiful.

WARREN UNION MISSION.

The attendance at both the afternoon and evening service in Warren Mission chapel, yesterday, were very largely attended. The afternoon programme contained some twenty-one numbers, all of which were exceedingly well rendered. The exercises consisted of singing, recitations, responsive reading, exercises by the scholars of the primary class, jug collection for the library fund and an address by the Superintendent, Edward C. Pease.

Miss Emma Stevens told the "Story of the Resurrection," in a highly creditable manner. Other recitations were given by Miss Bessie Martin, Miss May Squires and Master Willard Martin.

The evening service was similar to that given in the afternoon, including addresses by the Superintendent and the Rev. W. E. Honeyman. The floral decorations were exquisite, the same being loaned by Mr. Chas. W. McCutchen, L. J. Denton and Mrs. Lindsay, and arranged under the personal supervision of the floral committee of the Young People's Society.

GERMAN REFORMED.

In the German Reformed church two services were held commemorative of the Resurrection. The floral display was very fine, and special Easter music was well rendered.

HOPE CHAPEL.

Easter was observed, both afternoon and evening, in Hope chapel. In the evening Mr. H. R. Munger delivered an address. 210 members of the Sunday school were present at the afternoon session.

Annual Parish Meeting.

The annual parish meeting of the First Baptist church, will be held in the lecture room of the church, to-morrow evening, Tuesday, April 8, at eight o'clock. In connection with other business, there will be the election of two trustees for three years each, the services of Mr. Jeremiah Manning and Mr. Martin I. Cooley expiring at that time.

PEERLESS DYES Are the BEST. SOLDBY DRUGGISTS.

A SEASONABLE SERMON.

THE SUBJECT: MACHPELAH; OR, EASTER THOUGHTS.

Preached by Rev. T. De Witt Talmage, D. D., Sunday, April 6—The Full Text Here Reported—The Resurrection Idea a Most Blessed Thought to All Christians.

BROOKLYN, April 6.—The Academy of Music was appropriately decorated today for Easter service, and the regular artists of the Brooklyn Tabernacle were assisted by eminent musical performers. The hymn sung before sermon was:

We praise thee, O God, for the son of thy love,
For Jesus who died and is now gone above.

The subject of Dr. Talmage's sermon was "Machpelah: or, Easter Thoughts." It was based on the words in Gen. xxiii, 17, 18: "And the field of Ephron, which was in Machpelah, which was before Mamre, the field, and the cave which was therein, and all the trees that were in the field, that were in all the borders round about, were made sure unto Abraham." Following is the sermon in full:

MACHPELAH.

Here is the first cemetery ever laid out. Machpelah was its name. It was an arborescent beauty, where the wound of death was bandaged with foliage. Abraham, a rich man, not being able to bribe the King of Terrors, proposes here, as far as possible, to cover up his ravages. He had no doubt previously noticed this region, and now that Sarah his wife had died—that remarkable person who at ninety years of age had born to her the son Isaac, and who now, after she had reached one hundred and twenty-seven years, had expired—Abraham is negotiating for a family plot for her last slumber. Ephron owned this real estate, and after, in mock sympathy for Abraham, refusing to take anything for it, now sticks on a big price—four hundred shekels of silver. This cemetery lot is paid for, and the transfer made, in the presence of witnesses in a public place, for there were no deeds and no halls of record in those early times. Then in a cavern of limestone rock Abraham put Sarah, and, a few years after, himself followed, and then Isaac and Rebekah, and then Jacob and Leah. Embowered, picturesque and memorable Machpelah! That "God's acre" dedicated by Abraham has been the mother of innumerable mortuary observances. The necropolis of every civilized land has vied with its metropolis.

The most beautiful hills of Europe outside the great cities are covered with obelisk and funeral vase and arched gateways and columns and parterres in honor of the inhumated. The Appian Way of Rome was bordered by sepulchral commemorations. For this purpose Pisa has its arcades of marble sculptured into exquisite bas reliefs and the features of dear faces that have vanished. Genoa has its terraces cut into tombs; and Constantinople covers with cypress the silent habitations; and Paris has its Pere-Lachaise, on whose heights rest Balzac and David and Marshal Ney and Cuvier and La Place and Moliere, and a mighty group of warriors and poets and painters and musicians. In all foreign nations utmost genius on all sides is expended in the work of interment, mummification and incineration.

RESTING PLACES OF THE DEAD.

Our own country consents to be second to none in respect to the lifeless body. Every city and town and neighborhood of any intelligence or virtue has, not many miles away, its sacred inclosure, where affection has engaged sculptor's chisel and florist's spade and artificer in metals. Our own city has shown its religion, as well as its art, in the manner in which it holds the memory of those who have passed forever away, by its Cypress Hills and its Evergreens and its Calvary and Holy Cross and Friends' cemeteries. All the world knows of our Greenwood, with now about two hundred and fifty thousand inhabitants sleeping among hills that overlook the sea, and by lakes embosomed in an Eden of flowers, our American Westminster Abbey, an Acropolis of mortuary architecture, a Pantheon of mighty ones ascended, elogies in stone, Iliads in marble, whole generations in peace waiting for other generations to join them. No dormitory of breathless sleepers in all the world has so many mighty dead.

Among preachers of the gospel, Bethune and Thomas DeWitt, and Bishop Janes and Tyng, and Abeel the missionary, and Beecher and Buddington, and McClintock and Inskip, and Bangs and Chapin, and Noah Schenck and Samuel Hanson Cox. Among musicians, the renowned Gottschalk and the holy Thomas Hastings. Among philanthropists, Peter Cooper and Isaac T. Hopper, and Lucretia Mott and Isabella Graham, and Henry Bergh, the apostle of mercy to the brute creation. Among the literati, the Carys, Alice and Phœbe; James K. Paulding and John G. Saxe. Among journalists, Bennett and Raymond and Greeley. Among scientists, Ormsby Mitchel, warrior as well as astronomer, and lovingly called by his soldiers "Old Stars;" the Drapers, splendid men, as I well know, one of them my teacher, the other my classmate.

Among inventors, Elias Howe, who, through the sewing machine, did more to alleviate the toils of womanhood than any man that ever lived, and Professor Morse, who gave us magnetic telegraphy; the former doing his work with the needle, the latter with the thunderbolt. Among physicians and surgeons, Joseph C. Hutchinson, and Marion Sims, and Dr. Valentine Mott, with the following epitaph which he ordered cut in honor of the Christian religion: "My implicit faith and hope is in a merciful redeemer, who is the resurrection and the life. Amen and amen." This is our American Machpelah, as sacred to us as the Machpelah in Canaan, of which Jacob uttered that pastoral poem in one verse: "There they buried Abraham, and Sarah his wife; there they buried Isaac, and Rebekah his wife; and there I buried Leah."

A NOVEL QUESTION.

At this Easter service I ask and answer what may seem a novel question, but it will be found, before I get through, a practical and useful and tremendous question: What will resurrection day do for the cemeteries? First, I remark, it will be their supernal beautification. At certain seasons it is customary in all lands to strew flowers over the mounds of the departed. It may have been suggested by the fact that Christ's tomb was in a garden. And when I say garden, I do not mean a garden of these latitudes. The late frosts of spring and the early frosts of autumn are so near to each other that there are only a few months of flowers in the field. All the flowers we see today had to be petted and coaxed and put under shelter, or they would not have bloomed at all. They are the children of the conservatories. But at this season, and through the most of the year, the Holy Land is all ablush with floral opulence.

You find all the royal family of flowers there, some that you supposed indigenous to the far north, and others indigenous to the far south—the daisy and hyacinth, crocus and anemone, tulip and water lily, geranium and ranunculus, mignonette and sweet marjoram. In the college at Beyrout you may see Dr. Post's collection of about eighteen hundred kinds of Holy Land flowers; while among trees are the oak of frozen climes, and the tamarisk of the tropics, walnut and willow, ivy and hawthorn, ash and elder, pine and sycamore. If such floral and botanical beauties are the wild growths of the fields, think of what a garden must be in Palestine! And in such a garden Jesus Christ slept after, on the soldier's spear. His last drop of blood had coagulated. And then see how appropriate that all our cemeteries should be floralized and tree shaded. In June, Greenwood is Brooklyn's garden.

THE RESURRECTION IDEA.

"Well, then," you say, "how can you make out that the Resurrection day will beautify the cemeteries? Will it not leave them a plowed up ground? On that day there will be an earthquake, and will not this split the polished Aberdeen granite, as well as the plain slab that can afford but the two words, 'Our Mary,' or 'Our Charley?'" Well, I will tell you how Resurrection day will beautify all the cemeteries. It will be by bringing up the faces that were to us once, and in our memories are to us now, more beautiful than any calla lily, and the forms that are to us more graceful than any willow by the waters. Can you think of anything more beautiful than the reappearance of those from whom we have been parted? I do not care which way the tree falls in the blast of the Judgment hurricane, or if the plowshare that day shall turn under the last rose leaf and the last china aster, if out of the broken sod shall come the bodies of our loved ones not damaged, but irradiated.

The idea of the resurrection gets easier to understand as I hear the phonograph unroll some voice that talked into it or sung into it a year ago, just before our friend's decease. You turn the wire, and then come forth the very tones, the very accentuation, the very cough, the very song of the person that breathed into it once, but is now departed. If a man can do that, cannot Almighty God, without half trying, return the voice of your departed? And if he can return the voice, why not the lips and the tongue and the throat that fashioned the voice? And if the lips and the tongue and the throat, why not then the brain that suggested the words? And if the brain, why not the nerves, of which the brain is the headquarters? And if he can return the nerves, why not the muscles, which are less ingenious? And if the muscles, why not the bones, that are less wonderful? And if the voice and the brain and the muscles and the bones, why not the entire body? If man can do the phonograph, God can do the resurrection. Will it be the same body that in the last day shall be reanimated? Yes, but infinitely improved.

Our bodies change every seven years, and yet, in one sense, it is the same body. On my wrist and the second finger of my right hand there is a scar. I made that at 12 years of age, when, disgusted at the presence of two warts, I took a red hot iron and burned them off and burned them out. Since then my body has changed at least a half dozen times, but those scars prove it is the same body. And we never lose our identity. If God can and does sometimes rebuild a man five, six, ten times, in this world, is it mysterious that he can rebuild him once more, and that in the resurrection? If he can do it ten times, I think he can do it eleven times. Then look at the seventeen year locusts. For seventeen years gone, at the end of seventeen years they appear, and by rubbing the hind leg against the wing make that rattle at which all the husbandmen and vine dressers tremble as the insectile host takes up the march of devastation. Resurrection every seventeen years!

THE GOSPEL ALGEBRA.

Another consideration makes the idea of resurrection easier. God made Adam. He was not fashioned after any model. There had never been a human organism, and so there was nothing to copy. At the first attempt God made a perfect man. He made him out of the dust of the earth. If out of ordinary dust of the earth and without a model God could make a perfect man, surely out of the extraordinary dust of the mortal body, and with millions of models, God can make each one of us a perfect being in the resurrection. Surely the last undertaking would not be greater than the first. See the gospel algebra; ordinary dust minus a model equals a perfect man; extraordinary dust and plus a model equals a resurrection body. Mysteries about it? Oh, yes; that is one reason why I believe it. It would not be much of a God who could do things only as far as I can understand. Mysteries? Oh, yes; but no more about the resurrection of your body than about its present existence.

I will explain to you the last mystery of the resurrection, and make it as plain to you as that two and two make four, if you will tell me how your mind, which is entirely independent of your body, can act upon your body so that at your will your eyes open, or your foot walks, or your hand is extended. So I find nothing in the Bible statement concerning the resurrection that staggers me for a moment. All doubts clear from my mind. I say that the cemeteries, however beautiful now, will be more beautiful when the bodies of our loved ones come up.

THE REST OF THE GRAVE.

They will come in improved condition. They will come up rested. The most of them lay down at the last very tired. How often you have heard them say, "I am so tired!" The fact is, it is a tired world. If I should go through this audience, and go round the world, I could not find a person in any style of life ignorant of the sensation of fatigue. I do not believe there are fifty persons in this audience who are not tired. Your head is tired, or your back is tired, or your foot is tired, or your brain is tired, or your nerves are tired. Long journeying, or business application, or bereavement, or sickness have put on you heavy weights. So the vast majority of those who went out of this world went out fatigued. About the poorest place to rest in is this world. Its atmosphere, its surroundings, and even its hilarities are exhausting. So God stops our earthly life, and mercifully closes the eyes, and quiets the feet, and folds the hands, and more especially gives quiescence to the lung and heart, that have not had ten minutes' rest from the first respiration and the first beat.

If a drummer boy were compelled in the army to beat his drum for twenty-four hours without stopping, his officer would be court martialed for cruelty. If the drummer boy should be commanded to beat his drum for a week without ceasing, day and night, he would die in attempting it. But under your vestment is a poor heart that began its drum beat for the march of life thirty or forty or sixty or eighty years ago, and it has had no furlough by day or night; and, whether in conscious or comatose state, it went right on, for if it had stopped seven seconds your life would have closed. And your heart will keep going until some time after your spirit has flown, for the auscultator says that after the last expiration of lung and the last throb of pulse, and after the spirit is released, the heart keeps on beating for a time. What a mercy, then, it is that the grave is the place where that wondrous machinery of ventricle and artery can halt!

Under the healthful chemistry of the soil all the wear and tear of nerve and muscle and bone will be subtracted and that bath of good, fresh, clean soil will wash off the last ache, and then some of the same style of dust out of which the body of Adam was constructed may be infused into the resurrection body. How can the bodies of the human race, which have had no replenishment from the dust since the time of Adam in paradise, get any recuperation from the storehouse from which he was constructed without our going back into the dust? That original, life giving material having been added to the body as it once was, and all the defects left behind, what a body will be the resurrection body! And will not hundreds of thousands of such appearing above the Gowanus heights make Greenwood more beautiful than any June morning after a shower? The dust of the earth being the original material for the fashioning of the first human being, we have to go back to the same place to get a perfect body.

Factories are apt to be rough places, and those who toil in them have their garments grimy and their hands smutched. But who cares for that, when they turn out for us beautiful musical instruments or exquisite upholstery? What though the grave is a rough place, it is a resurrection body manufactory, and from it shall come the radiant and resplendent forms of our friends on the brightest morning the world saw ever. You put into a factory cotton, and it comes out apparel. You put into a factory lumber and lead, and it comes out pianos and organs. And so into the factory of the grave you put in pneumonias and consumptions, and they come out health. You put in groans, and they come out hallelujahs. For us, on the final day, the most attractive places will not be the parks or the gardens or the palaces, but the cemeteries.

THE PERFECT RESURRECTION BODY.

We are not told in what season that day will come. If it should be winter, those who come up will be more lustrous than the snow that covered them. If in the autumn, those who come up will be more gorgeous than the woods after the frosts have penciled them. If in the spring, the bloom on which they tread will be dull compared with the rubicund of their cheeks. Oh, the perfect resurrection body! Almost every one has some defective spot in his physical constitution; a dull ear, or a dim eye, or a rheumatic foot, or a neuralgic brow, or a twisted muscle, or a weak side, or an inflamed tonsil, or some point at which the east wind or a season of overwork assaults him. But the resurrection body shall be without one weak spot, and all that the doctors and nurses and apothecaries of earth will thereafter have to do will be to rest without interruption after the broken nights of their earthly existence. Not only will that day be the beatification of well kept cemeteries, but some of the graveyards that have been neglected, and been the pasture ground for cattle and rooting places for swine, will for the first time have attractiveness given them.

It was a shame that in that place ungrateful generations planted no trees, and twisted no garlands, and sculptured no marble for their Christian ancestry; but on the day of which I speak the resurrected shall make the place of their feet glorious. From under the shadow of the church, where they slumbered among nettles and mullein stalks and thistles and slate aslant, they shall rise with a glory that shall flash the windows of the village church, and by the bell tower that used to call them to worship, and above the old spire beside which their prayers formerly ascended. What triumphal procession never did for a street, what an oratorio never did for an academy, what an orator never did for a brilliant auditory, what obelisk never did for a king, resurrection morn will do for all the cemeteries.

HE IS RISEN INDEED.

This Easter tells us that in Christ's resurrection our resurrection, if we are his, and the resurrection of all the pious dead, is assured, for he was "the first fruits of them that slept." Renan says he did not rise, but five hundred and eighty witnesses, sixty of them Christ's enemies, say he did rise, for they saw him after he had risen. If he did not rise, how did sixty armed soldiers let him get away? Surely sixty living soldiers ought to be able to keep one dead man! Blessed be God! He did get away. After his resurrection Mary Magdalene saw him. Cleopas saw him. Ten disciples in an upper room at Jerusalem saw him. On a mountain the eleven saw him. Five hundred at once saw him. Professor Ernest Renan, who did not see him, will excuse us for taking the testimony of the five hundred and eighty who did see him. Yes, yes; he got away. And that makes me sure that our departed loved ones and we ourselves shall get away. Freed himself from the shackles of clod, he is not going to leave us and ours in the lurch.

There will be no door knob on the inside of our family sepulcher, for we cannot come out, of ourselves; but there is a door knob on the outside, and that Jesus shall lay hold of, and, opening, will say: "Good morning! You have slept long enough! Arise! Arise!" And then what flutter of wings, and what flashing of rekindled eyes, and what gladsome rushing across the family lot, with cries of "Father, is that you?" "Mother, is that you?" "My darling, is that you?" "How you all have changed! The cough gone, the croup gone, the consumption gone, the paralysis gone, the weariness gone. Come, let us ascend together! The older ones first, the younger ones next! Quick now, get into line! The skyward procession has already started! Steer now by that embankment of cloud for the nearest gate!" And, as we ascend, on one side the earth gets smaller until it is no larger than a mountain, and smaller until it is no larger than a palace, and smaller until it is no larger than a ship, and smaller until it is no larger than a wheel, and smaller until it is no larger than a speck.

Farewell, dissolving earth! But on the other side, as we rise, heaven at first appears no larger than your hand. And nearer it looks like a chariot, and nearer it looks like a throne, and nearer it looks like a star, and nearer it looks like a sun, and nearer it looks like a universe. Hail, scepters that shall always wave! Hail, anthems that shall always roll! Hail, companionships never again to be broken, and friendships never again to part! That is what resurrection day will do for all the cemeteries and graveyards from the Machpelah that was opened by Father Abraham in Hebron to the Machpelah yesterday consecrated. And that makes Lady Huntington's immortal rhythm most apposite:

When thou, my righteous judge, shalt come
To take thy ransomed people home,
Shall I among them stand?
Shall such a worthless worm as I,
Who sometimes am afraid to die,
Be found at thy right hand?

Among thy saints let me be found,
Whene'er th' archangel's trump shall sound;
To see thy smiling face:
Then loudest of the throng I'll sing,
While heaven's resounding arches ring,
With shouts of sovereign grace.

Safe for the Night.

WALL STREET CRASH

The Firm of George K. Sistare's Sons Goes Under.

THE FAILURE A BIG SURPRISE.

Overhauling the Accounts of a Dead Partner Caused the Suspension.

He Speculated Heavily and His Defalcation Said to Reach $200,000—Rumor Places the Firm's Liabilities at $500,000—Brokers Excited Over the News, as the Firm Enjoyed High Credit.

NEW YORK, April 8.—The financial world received a great shock in the announcement on the Stock Exchange that the well-known firm of George K. Sistare Sons, bankers and brokers of No. 16 Broad street, had failed.

The news caused great excitement in Wall street, because the firm is one of the oldest and was generally supposed to be one of the wealthiest in the city.

The first intimation of the suspension was when 400 American Cotton Oil certificates were sold for the account of the firm on the floor of the Exchange. This was followed by the notice that the firm could not meet its obligations.

One Cause of the Failure.

There was a general rush to the office to learn particulars, but W. H. M. Sistare and George Sistare were away.

Harold Clemens, the remaining member of the firm, said that the failure was mainly due to a large and unexpected defalcation in the Philadelphia office of the firm. The manager for many years has been Mr. Douglas Hilger, who has had sole charge of the Philadelphia business.

Mr. Hilger, it was stated by Mr. Clemens, died suddenly last Saturday. An examination of his accounts was made immediately, and there was found to be a shortage of $150,000.

This, together with a loss incurred several years ago by the failure of A. M. Stanton, of Detroit, has brought about the present suspension.

The Firm's Liabilities.

Street rumor places the firm's liabilities at $500,000 and the defalcation at about the same figure. Two years ago A. M. Stanton, the Detroit manager of the firm, caused it a loss of $150,000 by falsifying his accounts, but the firm recovered from the blow and continued to enjoy high credit.

The firm has long been known as one of the most conservative operating in Wall street and has always enjoyed a splendid reputation among investors. It has passed safely through more than one financial panic, and no one on the Stock Exchange had any suspicion that disaster was imminent at this time.

Hilger Speculated in Stocks.

PHILADELPHIA, April 8.—C. H. Neebles, acting manager for the Sistare's Sons, says he understands that the late Manager Hilger speculated in stocks and lost probably $250,000. Mr. Hilger died of typhoid fever after a fortnight's illness.

EMIN'S DEPARTURE.

German Officials Hastening the Preparations for the Expedition's Start.

ZANZIBAR, April 8.—The German officials are hastening the preparations for the departure of the Emin expedition. They are engaging porters at increased wages.

It is believed that the first objective point of the expedition will be the lake district.

Seven hundred porters have been engaged for Emin Pasha's expedition at larger wages than is usually paid for similar work.

Royal Confab at Darmstadt.

BERLIN, April 8.—It is said that a meeting of the Emperor and Queen Victoria will take place at Darmstadt on April 20. It is reported in London that the Queen will on that occasion get the Emperor's views on her contemplated abdication in favor of the Prince of Wales.

Pension for Bismarck.

BERLIN, April 8.—Prince Bismarck has been granted a pension of $6,750. He has disposed of the diamonds in his St. Andrew's cross, and his Russian decorations to a jeweller for $50,000.

New Cruisers for Portugal.

LISBON, April 8.—The Government invites tenders for the construction of four new cruisers from one American firm and several firms in other countries. No invitation was extended to English firms for tenders.

To Succeed the Late Thomas Cornell.

RONDOUT, N. Y., April 8.—At the annual meeting of the Cornell Steamboat Company held here Samuel D. Coykendall was elected president to succeed the late Thomas Cornell, who had been the leading officer of the corporation since its organization.

Caught a Thief for Silcott.

PORTLAND, Ore., April 8.—The detective agency that captured the man here say he is not Silcott, but Sinnott, private secretary to the president of the First National Bank of Portland, who is wanted for robbing the president.

An Electric Shock Killed Her.

ST. JOHN, N. B., April 8.—Matilda Louise Shumack, 15 years old, died here from an electric shock. While at the Salvation Army Barracks she touched an electric lamp with an iron poker, and at the same time, she unconsciously caught an iron post, thus completing the circuit. She received a heavy shock, and after a few hours illness died in great agony.

ALMOST BEATEN TO DEATH.

An Attempt to Settle an Old Grudge May Result in Murder.

WATERBURY, Conn., April 8.—Thomas Peters and Lewis Corr quarreled in Harvey's pool rooms Friday night and adjourned their fight to the Waterbury ball grounds to settle an old grudge. Both were terribly pounded during the mill, and Peters so badly that he had to be carried home by companions, and since then has been insensible.

The matter was concealed by his friends to avoid prosecution. Physicians last evening found that a portion of Peters' skull had been driven against his brain, and ordered the arrest of Peters' assailant and all the spectators. Lewis Corr is in custody and the police are looking for Dan Corr, his brother, who, it is said, kicked Peters in the head.

The doctors trepanned Peters' skull, but think he cannot live. Peters hails from Winsted. Both Corrs have bad reputations.

MEEKS GOES TO PRISON.

The Referee in the Flack Case Asks to Serve Out His Sentence.

NEW YORK, April 8.—Lawyer Joseph Meeks, who was referee in the Flack bogus divorce proceedings, and was sentenced to a month's imprisonment but made application for a stay of proceedings, abandoned the application and asked the court to let him serve out his sentence without delay.

He says his action in the Flack case was foolish. He wished to oblige old friends, and he acted only by order of Judge Bookstaver. He does not waive his right of appeal, and expects the judgment against him to be reversed, but meanwhile he will submit to the judgment. He was at once taken to the Tombs to serve out his sentence.

When Meeks appeared before Warden Osborn at the Tombs he wept copiously and almost broke down

He was assigned to cell No. 5 in the new jail, the same quarters occupied by the late Patrick Packenham, who was hanged for wife murder.

The West Shore Wreck.

CANAJOHARIE, N. Y., April 8.—Engineer William S. Potter, who was injured in the wreck on the West Shore Railroad near St. Johnsville, was brought to this village. His right leg is broken at the ankle and he is otherwise bruised, but will recover. Brakeman Flynn, who was on a car near the head of the train, was thrown about 30 feet into the canal, but escaped with slight injuries. Trains are running past the wreck on time, but it will take a week to clear the tracks.

The Two Bodies Recovered.

SYRACUSE, N. Y., April 8.—Charles A. Myers, of this city, and his cousin, George Eaton, of Bridgeport, went fishing on Oneida Lake on Christmas morning. Their boat was found overturned and the men were missing. A diligent search was instituted but the men could not be found and it was thought that they had been drowned. Yesterday the body of Myers was found on the lake shore in eight feet of water, and Eaton's body was recovered near Sylvan Beach, it having floated 15 miles.

Kingston's Election Contest.

KINGSTON, N. Y., April 8.—The injunction and mandamus proceedings in the contest arising out of the recent charter election in this city was argued before Judge Fursman at Troy and the judge took the papers and reserved his decision. The injunction was originally obtained with a view of restraining Henry Beck and Enoch Carter from taking their seats, and also the Common Council from taking action toward seating them.

An Illegitimate Son's Claim.

SPRINGFIELD, Mass., April 8.—The heirs in this city of Judge A. J. Davis, the Montana money king who recently died at Butte City, without leaving a will, have sent Judge Gideon Wells to Montana to represent them, and heirs in New York City have also employed distinguished legal talent to go out in their interests. The reason for this action is that an illegitimate son of Judge Davis has put in a claim for his share of the property.

She Will Mary the Count.

PHILADELPHIA, April 8—After considerable uncertainty upon the part of the friends of Count Maximilian Pappenheim and Miss Mary Wheeler, it is now positively announced upon authority that the wedding will take place on the 30th of the present month at St. Mark's P. E. Church.

Boodler Keenan's Suit.

NEW YORK, April 8.—Business and other engagements prevented John Keenan from being present in the Supreme Court here when argument was begun in his suit against aqueduct contractors O'Brien and Clark for a share in their profits. The case is still on.

Meeting of Building Laborers.

BOSTON, April 8.—Building Laborers' Unions 1 and 7 of this city held a meeting to discuss the present situation. Enthusiasm prevailed over the prospect of shortening the labor day. A report from the National Secretary stated that the organization was growing in all parts of North America.

Miss Coffin Pronounced Insane.

BROOKLYN, N. Y., April 8.—A jury after examining Miss Harriet Coffin, the eccentric admirer of Kyrle Bellew, pronounced her insane, and she was returned to the Amityville Insane Asylum.

Elected Their Entire Ticket.

CALAIS, Me., April 8.—The Republicans elected Mayor McCullough and their entire municipal ticket.

EIGHT HOURS A DAY

Chicago Carpenters Lead Off in Labor's Battle.

OVER 6,000 MEN QUIT WORK.

Building Operations Brought to a Standstill by the Big Strike.

The Masters Will Wait Developments. The Strikers Confident of Success—They Want More Pay and a Recognition of the Brotherhood—The Federation of Labor Will Give Its Financial Aid.

CHICAGO, April 8.—It is estimated that 6,000 men are out on the carpenters' strike, and work on nearly all the large jobs has been brought to a standstill. "We are well organized, have plenty of money and will fight to the last ditch," said Secretary Howard.

The strike is for eight hours as a day's work with wages at 40 cents an hour.

Secretary Johns, of the Master Carpenters, said that so far as he could tell about all the union carpenters in the city had left their tools.

"We shall not attempt to at once resume work with the help of non-union men," said he, "but will wait until our Thursday meeting before doing anything decisive."

The stone masons and bricklayers will refuse to work on jobs with non-union carpenters. Similar action is looked for on the part of the laborers, plasterers and painters.

Many contractors are willing to pay 40 cents an hour and allow eight hours a day after their present contracts are completed, but this the carpenters will not agree to.

Altogether the paralysis of building operations in Chicago is to-day, at least complete.

LEADERS IN THE BATTLE.

The Carpenters Selected to Start the Eight-Hour Movement.

PHILADELPHIA, April 8.—The Brotherhood of Carpenters and Joiners of America will lead off in the eight-hour movement. This is the decision of the Executive Committee of the American Federation of Labor, to whom the matter was referred at the Boston convention.

The secretary of the Brotherhood, P. J. McGuire of Philadelphia is also secretary of the Federation, and his influence doubtless secured to his trade the leadership in this movement. A more important reason which brought about the decision was the fact that the Brotherhood is the strongest and most advanced of the trade unions connected with the Federation. It was founded in 1881, with 2,042 members. In 1888 it had 53,000 members. To-day it has 73,000. By the official record the Brotherhood has advanced wages in 268 cities, the amount of the advance being computed at over $4,500,000 annually.

Besides this it has secured nine hours in nearly every city and town in which it has a local union, and eight hours in about twenty-five cities. It has a large fund of its own and is so compactly organized that it could probably enter upon its demand for shorter hours all over the country whether the Federation gave any support or not.

The Amalgamated Society of Carpenters and Joiners, numbering 27,000 men, is expected to act in sympathy, if not to formally join the Brotherhood, in the movement. The Federation will give aid to the Brotherhood. The United Mine Workers is the second trade in which a general demand for eight hours will be made, but while the mine workers will receive a moral support of the Federation, they will get no contributions from the Federation funds till the carpenters are finished with.

Eight Hours for Bay State Carpenters.

BOSTON, April 8.—The Carpenters' District Council, representing 4,500 carpenters in Massachusetts, will demand that nine or eight hours constitute a day's work after May 1. It is reported that each one of the seventy-five delegates present stated that the union carpenters in the thirty-seven towns they represented were prepared to strike should reduction be refused.

Tariff Legislation.

WASHINGTON, April 8.—The Republican members of the Senate Committee on Finance say that they will be ready to pass a bill almost as soon as they receive it from the House. Representative McMillan, one of the Democratic members of the Ways and Means Committee, is quoted as saying that he does not believe that there will be any tariff legislation during the present session of Congress. He bases this opinion on the fact that the two parties are so widely divided on the subject, and that there will not be sufficient time for the Senate to consider the subject.

Another Murder Mystery.

NEW HAVEN, Conn., April 8.—The body of David I. Boyd, who has been missing since Dec. 24, was found floating last night in the harbor at Lost Island. The authorities believe that he was murdered, and have arrested the supposed murderer, John Cronin, who is known to have been with him on the night of his disappearance, and who has since told several conflicting stories of the matter.

The Enterprise Will Go to Sweden.

WASHINGTON, April 8.—As soon as the repairs have been made to the United States steamer Enterprise she will carry the body of inventor John Ericson to Sweden for final interment, after which she will join the Squadron of Evolution in northern waters, and will probably return with the white fleet to this country in the early summer.

They have secured lodge rooms in Hand's new building on Second street, and will meet the first and third Monday evenings of each month.

PARTICULAR MENTION.

Mrs. W. L. Patton will read a paper before the Monday Evening Club, to-morrow evening, on "A Missionary Hero."

Mr. Fred Caspar, proprietor of the hotel by that name on East Front street, is suffering from an attack of inflammatory rheumatism.

Mrs. Arthur Stace and her little son Joe, formerly of this city, but now of Newark, made a flying visit to Mrs. D. C. Bird, of West Second street, Easter Sunday.

Clara Dresselt, aged about 3 years, daughter of Mr. and Mrs. Chas. Dresselt, of Emily street, North Plainfield, died on Saturday morning last of membraneous croup. The funeral took place Sunday afternoon.

The latest advices by cable received by Mr. Jacob Kirkner, bring news of a slight improvement in his daughter's condition. Letters dated two weeks ago, also contain much that is the cause for more hopefulness.

Councilman Roberts wants The Press to say that none of the gentlemen who recently called upon him in the interest of police officer Carey, told him that his position in the matter would hurt his business. Mr. Roberts says that such threat emanated elsewhere. The gentlemen referred to above treated him with the utmost courtesy and justice.

Funeral of Mrs. Nancy Hand.

The funeral of the late Nancy Hand took place yesterday afternoon from her late home, 100 East Front street. The house was filled with relatives and friends and the funeral procession was one of the largest that has ever taken place in the city. The Rev. Dr. Parks, pastor of the Scotch Plains Baptist church, of which Mrs. Hand was a member, conducted the services. He spoke of the departed as a true christian believer; also of her many good and kind ways. The Rev. Dr. Ketcham also spoke very highly of her as being a good christian woman.

The pall bearers were six grandsons: Fred W. Hand, Frank Hand, Chas. Hand, Edward Hand, Ernest Hand and Winfield S. Jimerson. At the close of the ceremony all present were given a chance to look for the last time upon the face of the departed dead. The remains were then taken to Scotch Plains and interred in the family plot beside her late husband.

A Versatile Actress.

Music Hall contained a small but most appreciative and enthusiastic audience, last evening. The great talent and versatility displayed by Marie Hubert Frohman, appealed so strongly to the intelligent people present that she was repeatedly applauded and called before the curtain.

She is a remarkably good reader, and her equally commendable interpretation of pathetic, tragic and light comedy parts, cannot be excelled by any woman on the boards today.

At Hope Chapel.

The meeting at Hope chapel on Friday evening, was conducted by the Rev. Mr. Fernald, who gave an entertaining and instructive talk on temperance. He related, during his discourse, his experience as a temperance man; how he had given his promise to his Master before entering college, and how he had been tempted while in college. He also gave some apt illustrations of the misery and want brought about by the drink habit. His remarks were attentively listened to.

A Lawn Tennis League.

A lawn tennis league is to be formed by the Bound Brook, Dunellen and Belle Meade Clubs, the Centennial Club of Evona, and the Grosvenor Club of Metuchen.

DIVORCE IN TWENTY DAYS.

An Accommodating Chicago Lawyer Offers One to a Plainfield Wife, Permitting Her to be the Plaintiff, and Promises That Nobody Will Know It and She Will Not Have to Appear in Court.

Mrs. Ida May Cook of this city, daughter of Mr. Wm. B. Ayers, was deserted by her husband many months ago, as told exclusively in The Press. She and their little girl have received no support or assistance from Mr. Cook, since. He has been traveling in the West, and three weeks ago, it is said, his marriage to another woman was published.

The letter given below is dated just a week before the alleged publication of Mr. Cook's second marriage. The printed heading announces that the writer is an attorney and counselor at law, a notary public, and loan broker. The letter proves him to be a most accommodating gentleman, as well. It is as follows:

CHICAGO, MARCH, 17, 1890.

Miss Ida May Cook:—Your husband has written me in reference to obtaining a divorce, and says that you are no doubt quite as anxious as he is to obtain one.

If this is the case and you will sign papers consenting to a divorce, I can obtain a divorce in 20 days that will release both parties and permit both to remarry in any state in the Union.

The divorce to be legally and quietly obtained and of no expense to you.

I have advised him to let you be the plaintiff and obtain divorce for his fault, as he is more able to stand the blame than you.

You will not be required to appear in open court, nor none of your friends know of suit. All I wish is your signature to papers.

You may depend upon the utmost good faith towards both of you in case you sign papers.

If you wish to resume your maiden name, write me maiden name in full.

Respectfully yours,
A. GOODRICH.

124 Dearborn street.

But Mrs. Cook says she will agree to nothing of the kind, and has given the letter to her lawyer for a reply. She proposes to probably prosecute her recreant husband for bigamy and then compel him by order of the court to contribute to the support of herself and their child. "He's burned his fingers," she says, "and will have to pay for the way he has treated me."

THE REV. MR. ANGLEMAN OF KANSAS.

Another Very Interesting Address at Reform Hall.

There was a fair attendance at the Reform Hall meeting, Sunday night, President Harper occupied the chair, and the regular choir led by Mr. King with Mr. George Rogers as organist, were present.

The Rev. George M. Angleman, Jr., formerly of Plainfield, but now of Kansas, conducted the devotional services. After which that gentleman delivered an address both argumentative and instructive. He based his remarks upon the VII Chap. of Acts, 34th verse, and from the wonderful dealings of the Almighty with Moses as the chosen instrument to deliver the people of Israel from cruel Egyptian bondage, presenting a striking analogy, he declared that the same mighty power for human deliverance existed now as then, and that, in due time, the terrible evils inflicted by the liquor traffic upon the people of this age would be removed. He urged all to do their whole duty in the conflict for right over wrong, and predicted the coming day when a glorious victory would be secured. Mr. Angleman elicited the profound attention of his hearers, and closed a very interesting meeting with the benediction.

Editor Wm. J. Leonard of the *Central Times*, is announced as the speaker for next Sunday evening.

CITY COUNCIL MEETING.

THE WATER BOARD ELECTED.

Petitions Sent in Promiscuously—Opposition to the Street Railway—Additional Liquor License Applications—Corporation Counsel Marsh to Act as "Advisory Counsel" in the Carey Matter—Ordinances Adopted on the Third Reading, and Many Other Matters Considered.

The City Council for 1890 will certainly go on record as the Council for holding late sessions. Notwithstanding the fact that another regular session is to be held on Monday evening next, it was not until 11:10 o'clock last evening when the Council adjourned, and even at that late hour some of the members seemed bent upon making the session last until midnight. Much of the business transacted would have kept for a week at least.

President Moffett called the meeting to order soon after eight o'clock, and the roll call showed all the members present except Mr. Smith, who came in later. The minutes were read and approved, and the routine of business was taken up by the presentation of

PETITIONS AND COMMUNICATIONS.

From John Lindsay and others calling attention to terminus of New street sewer, attributing sickness to the alleged evil. Referred to Street Committee.

From Betsy and Sarah Manning asking for permission to erect frame building 12x20 feet in dimensions for storage purposes at No. 82 East Front street. Referred with power.

From Caleb Dickinson and others, asking that the sidewalk ordinance be enforced on the Southwesterly side of Elm place. Referred to Street Committee.

From N. P. T. Finch, W. P. T. Finch, W. P. Smith and many others, petitioning Council to change the grade on Belvidere avenue, 300 feet one way from Broadway and 250 feet the other way, so as to allow the surface water to course down Broadway on the North side. The petitioners subscribed the amounts set opposite their names, in part payment of the cost. Referred to the Street Committee.

A communication was received from Mr. Chas. K. Moore, asking for the return of certain maps and specifications, with reference to water works. At a later stage in the proceedings, Mr. Newhall, as chairman of the Water, Printing and Stationery Committee, last year, stated that the Council of 1889, had, upon resolution adopted, ordered the return of said maps and specifications, where application had been made for the same, thus ending the controversy on that subject. Mr. Moore kindly offered room in his office on North avenue, for use of Engineer Hering, which offer was rejected.

Chas. Smith and other firemen petitioned Council for a new fire alarm system, the petition being endorsed by the Board of Engineers. Referred.

From the City Treasurer, calling attention to the necessity of a desk and safe wherein to keep the city documents. The Finance Committee was authorized to receive bids for a new safe.

The City Clerk reported that he had collected $270 for hackmen, peddlers' and hucksters' licenses, all of which had been turned into the City Treasury.

Capt. Wm. Hand, asked for permission to erect a wagon shed at No. 100 Park avenue. Referred with power. Mr. Henry Piker also applied for the privilege to put up an addition to his building at No. 45 West Front street, and the same disposition was made of his petition

A petition from Messrs John H. Tier & Sons, and J. W. & H. Coddington for permission to erect a frame ice house 20x40 feet in dimensions, in the rear of Rice & Loomis' coal yard on Peace street, was refused, as the location is within the fire district.

Messrs B. O Bowers, Geo. D. Patton, J. H. Doane and other LaGrande avenue property owners opposed the granting of a street railway franchise so far as that thoroughfare is concerned, from Richmond street, or Tenth street, to Broadway, giving as their reasons: First, that a street railway is unnecessary; Second, that it will prove detrimental to their individual interests, and third that avenue has just been macadamized, and the roadbed would be greatly injured. Referred to the Street Committee.

Engineer Rudolph Hering, sent in report No. 2, of the progress made by the Water Works company. In the report he stated that six wells, six inches in diameter had been sunk to a depth of about 50 feet. Further progress, he stated would be reported within a month. The report was filed.

The Board of Health, through its President, Mr. Geo. W. Rockfellow, asked for an appropriation of $800 for the present year. Referred to the Finance Committee.

Several applications for hack, peddlers' and truckmen's licenses were received, referred and subsequently granted.

Frank Linke petitioned the Council for a license to sell liquors at No. 45 West Front street, in quantities ranging from one quart to five gallons. The petition was referred to the License Committee, and later reported back as being not in conformity with the law.

The petition of Mr. F. E. Miller to sell spirituous and fermented liquors at Hotel Netherwood, was received and referred to the License Committee.

Following names were sent in as being duly elected members of the Fire Department, all of which were confirmed: Chas. P. Leggett and W. S. Lowry, Alert Hose company; Theo. Smith and Whitney Frazee, Engine Co. No. 2; Wm. Wilterman, Zephyr Hook and Ladder company.

The monthly reports of the Treasurer and Collector were referred to the Finance Committee. The latter showed a total collection of $3,316.96 for the month of March.

Corporation Counsel Marsh asked orally for instructions on impending matters, namely, the trial of policemen Carey and Lynch. He asked for instructions as to whether he was expected to prosecute, defend or remain in his present position as advisory counsel. A resolution was adopted, authorizing Mr Marsh to advise the Police Board if so requested.

Claims were presented and referred as follows, the usual batch of poor bills being omitted for want of space:

A claim of Rudolph Hering for $1,080 was returned for correction.

The Mayor sent in some statistics which he had received from the Census Department, at Washington, and they went into the hands of the Law and Ordinance Committee.

Mr. Newhall, from the Finance Committee, reported back as correct the February reports of the Collector and the City Judge. He also reported favorably on the bond of the Street Commissioner, together with an old claim of the First National Bank. The bond was recorded.

The same Councilman offered a resolution fixing the next meeting night for Monday, April 14. He also offered a resolution, which prevailed, requesting all committees to report at the next meeting, estimates of the necessary expenses for the balance of the year.

The Treasurer was empowered to pay two notes maturing on April 15, one of $2,600 on the general fund and another of $1,000 on the fire department fund.

The matter of establishing a new fire alarm system was discussed at some length, Chief Doane taking part in the discussion. Upon resolution adopted, the Chief was instructed to ascertain what amount could be obtained for the fire alarm bell and tower; also, as to what arrangements could be made with the Electric Light company for furnishing steam for a steam gong, and to report to Council at its next meeting.

A motion by Mr. Hetfield to increase the salary of the Street Commissioner from $1,080 to $1,500 per annum, brought forth considerable discussion. The motion was finally withdrawn.

Mr. Rushmore moved to proceed with the nomination of three additional members to constitute the Water Board. The following seven names were placed in nomination, the first four having been named at a former meeting: Messrs Newhall, Jenkins, Rushmore, Dunham, Hetfield, Spangenberg and Gallup. A ballot was taken and Messrs Newhall, Rushmore and Dunham receiving the highest number of votes were declared elected. The Clerk was directed to notify the Water company of said election.

Mr. Dunham, from the Alms Committee, made a motion to the effect that "Battle Row" on West Fourth street, be leased for $45 a month for the poor of the city. The subject was discussed at some length, Mr. Dunham finally withdrawing his motion.

The amended ordinance relating to the establishment of the office of City Physician was taken from the table and read for the third time. It was laid on the table, without final action being taken.

Upon motion of Mr. Dunham a vote of thanks was given the City Clerk for his generous gift of new books containing the city ordinances.

Mr. Jenkins, on behalf of Winfield Scott Post, No, 73, G. A. R., asked for an appropriation of $50 for Memorial Day purposes, and the request was granted.

Mr. Hetfield called to its third reading the amended liquor license ordinance; also the ordinance relating to the wholesale traffic in liquor, both of which were adopted.

A communication was received from Mr. Bartell of Washington Valley, stating that after a careful examination of the town clock it was found that the clock could be repaired and put in working order for $125. The communication was ordered on file.

The Auditing Committee reported on the claims sent in during the evening, and they were ordered paid.

Council adjourned at 11:10 o'clock.

—A new law signed by the Governor prohibits the disinterring of bodies between May 1 and November 1.

To Remove the Fire Alarm Tower.

Chief Doane of the Fire Department, has been granted permission to solicit bids for the fire alarm bell and tower. The tower was condemned by the Board of Fire Commissioners about six years ago, and it is now found necessary to remove it.

The bell, although of good tone, is so much like the bell on St. Mary's church in sound that it is oftentimes conflicting to the firemen.

It is Chief Doane's intention to place a steam gong at the electric light station, which it is thought will give better satisfaction.

Killed at Roselle.

An unknown man, 5 feet 6 inches tall, with dark hair and moustache, and about 40 years old, was killed by a passenger train on the Central Railroad Sunday night at Roselle while crossing the track The only article in his pockets which might furnish a clue to his identity was a white silk handkerchief with the letter S stamped on a corner. The body was taken to Durning's morgue, Elizabethport. County Physician Westcott directed that it be held for a few days

Meetings of Much Interest.

The four o'clock meeting at Reform Hall on Sunday was one of unusual interest. It was characterized by spiritual progress and lively testimony, and resulted in the conversion of one soul to God and one signature to the pledge. These meetings are conducted by the Woman's Temperance Aid Society. The leader is Mr. A Nickolson. All are welcome.

Poisons, such as opium, morphine, etc., ought to be avoided. Hires' Cough Cure is entirely free from dangerous drugs, and costs 25 cents only.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor *Enquirer*, McArthur, Ohio.

Coughing

IS Nature's effort to expel foreign substances from the bronchial passages. Frequently, this causes inflammation and the need of an anodyne. No other expectorant or anodyne is equal to **Ayer's Cherry Pectoral.** It assists Nature in ejecting the mucus, allays irritation, induces repose, and is the most popular of all cough cures.

"Of the many preparations before the public for the cure of colds, coughs, bronchitis, and kindred diseases, there is none, within the range of my experience, so reliable as Ayer's Cherry Pectoral. For years I was subject to colds, followed by terrible coughs. About four years ago, when so afflicted, I was advised to try Ayer's Cherry Pectoral and to lay all other remedies aside. I did so, and within a week was well of my cold and cough. Since then I have always kept this preparation in the house, and feel comparatively secure."—Mrs. L. L. Brown, Denmark, Miss.

"A few years ago I took a severe cold which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried Ayer's Cherry Pectoral, which relieved my lungs, induced sleep, and afforded the rest necessary for the recovery of my strength. By the continual use of the Pectoral, a permanent cure was effected."—Horace Fairbrother, Rockingham, Vt.

WASHINGTON TOPICS

A United States Ship Canal Around Niagara Falls.

IT IS A MILITARY NECESSITY.

Favorably Reported by the House Committee and to Cost $25,000,000.

The House Fails to Pass the Senate Dependent Pension Bill—Ex-Speaker Carlisle Ill—A Pension for Mrs. Parnell. The McCalla Court Martial—Rolling Eggs on the White House Grounds.

WASHINGTON, April 8.—The House Committee on Railways and Canals acted favorably on a bill introduced by Representative Payne of New York directing the United States to make a ship canal around Niagara Falls from a point on Lake Ontario to a point on Lake Erie.

The bill provides that the canal shall be constructed along one of the routes for such a project heretofore surveyed. The route favored is 21 miles long. It is provided that the canal shall be located by a board composed of five persons to be appointed by the President. Two of them are to be chosen from the engineer corps of the army, two are to be civil engineers of recognized skill, and the other one is to be, in the language of the bill, "a distinguished American citizen."

The Board is directed to make examinations of the existing surveys and to arrange all preliminary details for carrying out the project. For this work $10,000 is appropriated. For beginning the project $1,000,000 is appropriated by the bill.

The canal is intended as an offset to the Welland canal on the Canadian side of the Falls. Under treaty provisions the United States is allowed to keep but one gunboat in the great lakes and it would be utterly impossible because of this to concentrate a squadron in quickly and effectively in the event of war.

It is also intended to protect American vessels against what is claimed unjust discrimination in violation of the treaty stipulations by the Canadian Government in the Welland Canal. The treaty with Canada provides that no discrimination shall be shown in the canal, but Canada allows a drawback of 20 per cent. on duties for every cargo landed in Canada. This is claimed to be an injustice to American vessels. The proposed canal is to be 20 feet deep, 100 feet wide at the bottom and its estimated cost is about $25,000,000.

ROLLING EASTER EGGS.

Ten Thousand Children Enjoy Themselves on the White House Grounds.

WASHINGTON, April 8.—Ten thousand jolly, frollicking, tumbling children and 20,000 eggs, variegated in color and as different in size, rolling over each other in bewildering confusion, was the scene presented in the White House grounds, and baby McKee was one of the jolliest of the number. No such sight is elsewhere to be witnessed. It has long been observed here and the day is looked forward to by the children of Washington with almost as much interest as Christmas.

The morning was balmy and bright, the grass green and the trees in the Executive Mansion grounds were awaking to the gentle touch of spring and putting forth their leaves. All the avenues of approach to the White House were early alive with children and nurses and parents. The inevitable basket with colored eggs was an invariable companion.

Once upon the ground without concert of action, the little ones rolled their eggs down the sloping hills and tumbled after them themselves. The music of the Marine Band enlivened the scene.

President Harrison, his wife and the McKee babies, appeared on the White House balcony, and were cheered by the vast crowd of prattling, merry children.

State Dinner To-Night.

WASHINGTON, April 8.—The Lenten season having come to an end the social world of Washington has put on its spring attire and resumed full sway. At the White House preparations are complete to inaugurate the return of the social season. The large East Room, which was the scene only a few weeks ago of the funeral of the Tracy family, is now a veritable greenhouse. The Supreme Court will be entertained by the President to-night at a State dinner, and, on April 12 Mrs. Harrison will give a reception which will be followed by receptions by the President to the army and navy and to the public on April 22 and 23 respectively.

Ex-Speaker Carlisle Ill.

WASHINGTON, April 8.—Mr. Carlisle is working hard on the Democratic substitute for the Tariff bill and the minority report from the Ways and Means Committee on the McKinley bill, he being obliged to have both completed by Thursday, when the McKinley bill is to be introduced. Mr. Carlisle says that he is in no physical condition for the task and the only way in which he can hope to get through with it is to work a while and then lay down a while. He was advised to go to Fortress Monroe and finish the job, but he says he will stick it out here.

Pension for Mrs. Parnell.

WASHINGTON, April 8.—The House Committee on Pensions authorized a favorable report on the bill introduced by Mr. Brookshire of Indiana granting a pension to Mrs. Delia T. S. Parnell, the mother of Charles Stewart Parnell. The committee reduced the amount of yearly pension from $1,200 to $600. Mrs. Parnell's claim is based on the services performed by her father, Admiral Charles Stewart, as an officer of the United States Navy during the wars of 1812, and with Mexico and the war of the Rebellion.

Defeated the Dependent Pension Bill.

WASHINGTON, April 8.—The House refused to suspend the rules and pass the Senate Dependent Pension bill, with the House substitute therefor. The vote stood, yeas 169, nays 87—not the necessary two-thirds vote in the affirmative.

Mr. Clarkson's Resignation.

WASHINGTON, April 8.—It is definitely announced that James S. Clarkson, First Assistant in Postmaster-General Wanamaker's office, will retire from his place on June 1.

Plummer's Partner Still Missing.

NEW YORK, April 8.—William S. Darling, whose mysterious absence has so complicated the affairs of John F. Plummer & Co., has not yet been heard from. Assignee Murphy's accounts are not yet sufficiently complete to show just how Mr. Darling is implicated, but enough has been gleaned from the firm's books to show that there is a very large deficit, amounting, it is said, to $500,000, the existence of which no one but Mr. Darling can explain.

Farmers Boycotting Creamery Men.

NEWBURGH, N. Y., April 8.—A milk war is on in this section of Orange County. The Milk Producers' Branch Union have made a stand against the creamery men, and since April 1 all the creameries have been boycotted except one, where the farmers faltered, but will probably be brought into line. The creamery men refuse to agree to the union terms, and the farmers are keeping back their milk.

A Quiet Election in Cincinnati.

EXCITING ELECTIONS

Mayor Cleveland Re-Elected in Jersey City.

ONE ILLEGAL VOTER ARRESTED.

The Vote Polled Was Unusually Large for a Spring Election.

Editor Manning Elected by a Large Majority in Albany—Results of the Elections in Lockport and Niagara Falls. Women at the Polls in Kansas—The Situation in Rhode Island.

JERSEY CITY, N. J., April 9.—Orestes Cleveland was re-elected Mayor by a majority of between 2,000 and 2,500.

Democratic Aldermen were elected in the First, Second and Fifth Districts. The Republicans were successful in the Third and Fourth, and elected one in the Fifth, where two were chosen.

An old darkey attempted to cast a vote in the name of Samuel Thompson, of Gregory street, in the "Popcorn Precinct," of the First District. Samuel Thompson has been dead for many years, but every year somebody casts a vote in his name.

When the old darkey attempted to cast a vote for Mayor Cleveland Capt. Graham stepped up and ordered the darkey's arrest. Bob Trotter, Democrat, interfered, and he was arrested also. Thompson was held in $200 bail and Trotter in $300 bail, which was furnished in both cases.

The total vote in the city was 23,247, about 2,000 more than was polled at the last spring election, and 5,000 less than was polled last fall. The vote was unusually large for a spring election. The excitement in some precincts was very great.

Colonel Perkings, the defeated candidate for Mayor, talks about ordering an investigation of the vote.

MANNING WINS.

The Albany Editor Elected Mayor by 7,000 Majority.

ALBANY, N. Y., April 9.—Hon. James H. Manning was elected Mayor of this city by a majority of 7,245, his opponent, H. N. Fuller, the Republican candidate, polling but 6,422 votes. The Democrats elect seventeen aldermen; the Republicans two. The Democrats elect 16 out of 17 supervisors in the city.

The Political Situation in Rhode Island.

PROVIDENCE, R. I., April 9.—Cranston and Jameston were elected Republican representatives. North Smithfield and West Green failed to elect. Under the statute the present Representative holds over. If the sitting Representative holds *over*, the Legislature will stand, Republicans 52, Democrats 47, with nine to be elected from Providence. The Republicans will then need to elect two to control the Grand Committee, while the Democrats need eight to accomplish the same result.

Where Women Carry Elections.

KANSAS CITY, Mo., April 9.—Municipal elections were held throughout Kansas in cities of the *fourth class yesterday*. Reports from several of these cities indicate that the women, who are allowed by law to vote in the city election, cast about two-fifths of the votes. They had no candidates in the field of their own sex, but allied themselves generally with one or the other of the parties in the contest.

The Result at Niagara Falls.

NIAGARA FALLS, N. Y., April 9.—At the annual town election the entire Democratic ticket was elected with majorities ranging from 250 to 300. H. H. Sheldon was elected supervisor for the fourth term.

The Election in Lockport.

LOCKPORT, N. Y., April 9.—At the election here James S. Liddell (Dem.) was elected Mayor by 145 majority. The town of Lockport elects Republican supervisors.

A BIG DEFENSE FUND.

Miners Hold Mass Meetings and Join the United Association.

TYRONE, Pa., April 9.—Three thousand miners in the Houtzdale district met in mass-meeting and agreed to join the United Miners' Association in a body. They assessed themselves 2 cents per ton per month a man, for the purpose of creating a national defense fund and maintaining one national organization.

At Phillipsburg 2,500 men met in mass-meeting and took the same action. The per capita tax collected from the miners will amount to $125,000 annually.

The first action of the new organization will be the introduction of a uniform wage scale for dead work, which, if adopted, means a material increase in the cost of coal to many operators.

Plumbers' Wages Increased.

CHICAGO, April 9.—The strike of the plumbers was brought to an end at a conference between a committee representing the men and the master plumbers. The conditions of the settlement are a compromise and provides a minimum of $3.50 a day for all journeymen plumbers and an increase of 25 per cent. in the wages of juniors.

One Hour Less and More Pay.

QUINCY, Mass., April 9.—A demand for nine hours a day and 31 cents an hour has been made by the Granite Cutters' Union of this city. The granite manufacturers will concede the nine hours but decline to pay more than 28 cents. The workmen will maintain their position.

THE CARPENTERS' STRIKE.

Strikers Refuse the Concessions of Individual Contractors.

CHICAGO, April 9.—The great strike of the carpenters is growing hourly.

The claim is now made that the striking carpenters have increased to 10,000. They demand recognition of their union, as well as the eight-hour-per-day contract, and the demand for forty cents per hour is given as a proposition on which they are willing to arbitrate.

The strikers are heartily encouraged at home by other labor organizations, and have received congratulatory telegrams on their apparent prospects, together with admonitions to stand firm, from the organized journeymen carpenters of New York, Philadelphia, Indianapolis and other cities.

Several contractors, with extensive plans for the season's building, have offered to take back striking carpenters at the terms demanded by the men, but the strikers will not go back to work until the whole issue between them and the Building Association shall have been settled.

THE SISTARE FAILURE.

The Firm's Affairs Badly Mixed by the Philadelphia Defalcation.

NEW YORK, April 9.—At the office of George K. Sistare's Sons it was stated that they were at work on a statement to give to the public. The firm's affairs are certainly badly mixed and the shortage in Philadelphia is now placed at fully $400,000.

It is stated by connections of the firm that the defalcation in Philadelphia was accidentally discovered. One of their largest customers, who had been charged with a loan in Philadelphia, happened to enter the office and was informed that the firm would be glad to accommodate him with a large amount. The customer replied that he had borrowed nothing and did not need accommodation. This led to an investigation that resulted in the discovery of the shortage.

The Chi Psi Fraternity Convention.

NEW YORK, April 9.—The Chi Psi fraternity is holding its 49th annual convention at the Fifth Avenue Hotel. There are 45 delegates present from Williams College, Middlebury College, Wesleyan University, Hamilton College, University of Michigan, Furman University, University of South Carolina, University of Mississippi, Amherst College, Cornell University, University of Minnesota, University of Wisconsin, Rutgers College and the Stevens Institute of Technology. H. E. Baldwin, of Williams College, is presiding. Reports were read from the different chapters and the standing committees appointed.

Agreement on an Appropriation Bill.

PROVIDENCE, R. I., April 9.—The fight over the general appropriation bill was settled when the House receded and concurred in the whole appropriation, and the Senate concurred in the House investigation matter, a joint special committee being appointed to look into the management of the State Home. The Senate also passed a bill appropriating $75,000 additional for the Soldiers' *Home at Bristol, making a total of* $125,000. The home is to be built on the cottage plan, with accommodation for 120 veterans.

Trying to Save the Flacks.

NEW YORK, April 9.—Arguments were heard in the Supreme Court General Term on the motion to continue the stay of sentence granted in the cases of James A. and Wm. L. Flack, who were last week sentenced for conspiracy. Their counsel contended that their conviction was illegal and that no evidence had been produced to show that the divorce had been procured with any corrupt or fraudulent intent. Assistant District Attorney Goff opposed the motion and defended the course of Judge Barrett. Judge Van Brunt took the papers and will write the decision, which may be looked for some time next week.

Liquor Dealers Excited.

SPRINGFIELD, Mass., April 9.—There is considerable excitement among liquor dealers over the action of the Board of Aldermen raising prices of first-class inn holders' liquor licenses from $1,250 to $1,350, common victuallers licenses from $1,250 to $1,300, second-class licenses from $1,000 to $1,300, grocers from $1,000 to $1,500, wholesalers from $1,250 to $1,500, bottlers from $600 to $1,500, and brewers $1,250 to $2,000.

Disappeared With $30,000.

DOYLESTOWN, Pa., April 9.—James Monroe Shellenberger, one of the best known men in Bucks County, has disappeared, and he is about $30,000 short in his accounts with various estates of which he had charge. He was last heard of at Atlantic City on Sunday. Mr. Shellenberger was a member of the State Board of Charities and chairman of the County Democratic standing committee.

Connecticut Republican League.

HARTFORD, Conn., April 9.—The annual meeting of the Connecticut Republican League was held here, about 80 members being present. Edward L. Linsley, of New Haven, was elected president.

Died From Strychnine.

BOSTON, April 9.—Mrs. Murray, aged 23, died in great agony in her home at Everett. There is evidence that she died from the effects of strychnine, and an investigation will be held. Her husband is a druggist.

An Oil Merchant Run Over and Killed.

WASHINGTON TOPICS

Favorable Report on the Futures and Options Bill.

A BLOW AT BUCKET SHOPS.

It Affects Speculators Who Sell What They Do Not Own.

Ex-Speaker Randall's Condition—Statement from His Doctor and Family—A Visit from 'Squire McMullen—Mr. Randall to be Renominated—Custom Officers Appointed by Secretary Windom.

WASHINGTON, April 9.—Chairman Funston, of the House Committee on Agriculture, submitted a report recommending the passage of the Butterworth bill to prevent dealings in options and futures, by imposing special taxes on dealers in them. The report is signed by the full committee.

It is stated in the report that the bill is intended to apply to that class of transactions conducted in the bucket-*shops and grain-pits of the country* known as "puts and calls," including the whole range in mere speculative gambling in fictitious farm-products.

"It does not affect injuriously," says the report, "any legitimate trader or dealer in farm staples. It seeks to and does impose an internal revenue tax upon those dealers in grain, corn, cotton and pork, who, as a rule, never see, own, or handle a peck or pound of the articles they sell. It applies to dealers whose transactions have the least possible reference to the supply, and still less reference to the demand for consumption, who are not concerned whether the harvests are blighted or bountiful.

"The bill, which in terms affects transactions for future delivery which are innocent in themselves and do no harm to any one, is yet intended to reach that class of speculators only who sell what *they do not own, with no purpose or* intent, near or remote, to deliver what they sell; who require little capital or stock in trade, and yet who sell in the bucket shops and pits of the United States every thirty days more wheat than is grown in the whole world in one year; thus in great measure destroying legitimate trade and driving merchants and traders engaged there in from the field, and forcing the price of farm products to below the cost of production, rendering the calling of the farmer unprofitable and degrading toil."

MR. RANDALL NOT DYING.

The Ex-Speaker is Improving and Will be Renominated for Congress.

WASHINGTON, April 9.—The sensational report that ex-Speaker Randall was at the point of death is positively denied. His doctor, when asked as to his condition, said: "He is strong enough to sit up and read the newspapers, and therefore I beg of you not to publish anything disagreeable about him, for he reads it and it makes him worse."

At the ex-Speaker's residence Mr. Randall's family said he is not in a critical condition as has been reported; that he passed a very comfortable night, and that he is much better than he was last week.

'Squire McMullen Visits Mr. Randall.

PHILADELPHIA, April 9.—"Congressman Samuel J. Randall will be renominated, re-elected and will sit in the Fifty-second Congress," said 'Squire McMullen, after he had alighted from the Congressional limited train from Washington.

"Mr. Randall is improving very rapidly," continued the 'Squire, "and is begining to look as he did in days of the past. He is personally attending to his correspondence, and is almost daily in consultation with leading members of both Houses of Congress. His friends in the district appreciate his services to the party and to them and will gladly welcome his restoration to health.

"My stay in the city of Washington was very short," said the 'Squire, "but I tell you it did me a heap of good, and you can say that I authorized the statement regarding Mr. Randall's renomination and election."

Two Votes Were Lacking.

WASHINGTON, April 9.—The Service Pension bill, which failed to secure the necessary two-thirds vote in the House for a suspension of the rules so as to call it up out of its order, is not lost. Speaker Reed said that it is probable that another effort will be made for a suspension of the rules for it. The motion was lost by only two votes, and there were several Republican absentees. The bill, even if it cannot command a suspension, will be passed when it is reached in its regular order on the calendar.

Slosson Beats Daly.

CHICAGO, April 9.—Slosson and Daly were the contestants in last night's game in the billiard tourney at Central Music Hall. Daly received a handicap of 200 points. Henry Rhives was the referee. Slosson won easily as follows: Slosson 500, Daly 329.

Nova Scotians Interested.

HALIFAX, N. S., April 9.—Col. Ryan of the Royal Artillery has been ordered by the Imperial authorities to proceed to New York to witness tests of Lieut. Zalinski's pneumatic dynamite gun, which takes place at West Point next week. Col. Ryan leaves here to day.

A "Court of Honor."

BERLIN, April 9.—It is stated that Emperor William will appoint a court of honor to deal with quarrels between the officers in the army. The only grounds upon which a duel will be permitted to be fought, it is learned, are an insult to lady relative or fiancee or a blow when an apology is refused by the offender.

—The many friends and customers of Mr. Jas K. Arnold, the grocer, will bear in mind that he has removed his grocery business from the corner of Somerset and Chatham streets to No. 92 Somerset, opposite Emily street. His stock of staple and fancy groceries has been largely added to, and his prices are low for the quality of goods he is selling. Give him a trial.

—There is something very "square" about the Olympic bowlers. They had a match on with the "Nameless," in the Central tournament, last evening, and would have won because the latter team was short three men. But when the Olympics heard of this, they agreed to postpone the match until the 22d, thus throwing up two victories that would almost have finally assured their position in second place.

The Mayor Does Not Uphold Carey.

Mayor Male, at the meeting of the Police Board, last evening, expressed himself as thoroughly convinced of Police Officer Carey's guilt, and was in favor of supending him for 30 days. But he voted against the three month's suspension. All the other members of the Board voted for the long term.

FOR CHARITY'S SAKE.

PLAINFIELD'S UPPER SOCIETY ENJOY A PUBLIC BALL.

The Swells and Belles of This City and Elsewhere Dance in "The Crescent" and a Thousand Dollars for Muhlenberg Hospital is the Result.

The most brilliant affair of this, or any other season, in the circles of upper society of this, or any other city, occurred last night at The Crescent. The handsome building was artistically draped in yellow and white, the chimney corners and dressing rooms were hung with rich portierres, spread with costly rugs, furnished with soft divans and plush cushioned seats and lighted with jewelled lamps and costly silver and onyx candelabra.

Boxes in the wide gallery above the entrance and overlooking the spacious dancing surface, were also comfortably and elegantly fitted up. They were occupied by the following and their guests: Mrs. A. D. Shepard, Mrs. M. E. Edgerton, Mrs. Charles Ames, Mrs. Rowland Cox, Mrs. Charles Fisk, Mrs. Gen'l Wm. H. Sterling, Mrs. D. O. Wotherspoon, Mrs. H. P. Talmage, Mrs. J. L. Anthony, Mrs. J. J. H. Poillon, Mrs. Frederick J. Kuhne, Mrs. Walter Stewart, Mrs. James Scott and Mrs. F. F. Beals.

The supper room where Maresi of New York served a rare menu from eleven till one o'clock, was separated from the main floor by a grove of trees, and its entrance was beautified with blooming plants. Exotics, palms and lilies were also arranged upon the stairways. All this adornment and decoration, the work of a week past, was the subject of admiration from everybody. It was all a result of the artistic taste and faithful work of Mrs. Robert L. Burnett, Mrs. Charles E. Brooks, Mrs. Harry G. Runkle and Mrs. Pliny Fisk.

The six hundred present included everybody of high social standing in the city and borough. There were also present a large number of society people from New York, Bergen Point, Elizabeth and Westfield. Chancellor Williamson, and a party of Elizabethans, came in President Maxwell's private car "Mommouth." There was also a special train from New York, which returned laden with thoroughly satisfied people shortly after two o'clock this morning.

Nothing occurred to mar the complete enjoyment and entire gratification of all, so perfect was every arrangement and detail under the direction of Messrs Pliny Fisk, H. G. Runkle, C. E. Brooks and Major R. L. Burnett. In spite of the scores of carriages that at some times were hurrying to leave their guests, no block resulted. There was no crush at the cloak rooms, and the trained waiters served the many without a break.

The order of dance included 22 numbers, and was an artistic concert as well. Emil Elliott, of New York, was the leader of the orchestra, and the music included a new polka entitled "Plainfield Assembly," composed for the event. There were also lanciers arranged from Offenbach's "Brigands," Sullivan's "Gondoliers" and Suppe's "Clover;" waltzes by Waldteufel, Strauss and others, and a score more of the most beautiful selections.

A list of the names of those present, would fill two columns. Suffice it to say, as already said, every body, who was anybody of the upper crust, was there. The expenses of the affair were of course very large, but it is believed that a thousand dollars for Muhlenberg Hospital, will be the result.

The patronesses were: Mrs. William Bloodgood, Mrs. Charles E. Brooks, Mrs. Pliny Fisk, Mrs. Frederick J. Kuhne, Mrs. Robert L. Burnett, Mrs. Harry G. Runkle, Mrs. William T. Kaufman, Mrs. DeWitte C. Ivins and Mrs. Charles J. Fisk.

The Floor Committee included: Messrs William Bloodgood, Harry G. Runkle, William T. Kaufman, Charles J. Fisk, Frederick J. Kuhne, Lewis G. Timpson, Andrew McKinney, Fred W. Walz, Edward M. VanBuren, Edward Bloodgood, John N. Moore, John P. Munn, Charles E. Brooks, Robert L. Burnett, Pliny Fisk, Dewitte C. Ivins, Harry G. Squires, Herbert W. Stover, Clarence L. Murphy, Thomas VanBoskerck, Percy Kuhne, David O. Wotherspoon and Howard W. Beebe.

MRS. GILES GETS A VERDICT

In Her Suit Against the Executor of the Late Wm. Ryan—$1,274.40 Awarded Her For Taking Care of an Aged Couple.

Judge Beasley presided in the Middlesex County Court at New Brunswick, on Friday last, and the morning session was occupied in the trial of the case of Mary E. Giles vs. Louis Ryan, executor of the estate of Wm. Ryan. Mrs. Giles, who lives in South Plainfield, sued for compensation for services in taking care of her aged father and mother. She was represented by Judge Cowenhoven. The defense, which was represented by Alan Strong, claimed that she never expected pay for her services and would not have filed a claim had she not fared badly by her father's will.

The case was tried before a jury, and the jury brought in a verdict for the plaintiff, in the sum of $1,274 40.

PARTICULAR MENTION.

Cashier Carman Parse is expected home from the South to-morrow.

"Mrs. Van Name and her daughter of Plainfield, are visiting here with Mr. and Mrs. Kempton," says the *Home News* of New Brunswick.

Mr. W. D. Murray and Miss Murray, entertained a large party of friends, last night, at their home at Central avenue and Eighth street.

Dr. Daniel Cory Adams, of this city, is one of the Class of '90, of the New York Homeopathic Medical College, that will be graduated with the usual exercises, in Chickering Hall, to-morrow afternoon at three o'clock.

Every day's progress towards an understanding of the cause of the failure of John F. Plummer & Co., seems to show that W. S. Darling, a former Councilman of this city, had been helping himself daily until he had secured all the available cash of the firm, and then he left. A member of Mr. Plummer's family told a Press reporter this morning, that it was supposed that Darling had thousands of dollars with him or else salted away in New York where no one could touch it.

"Wifehood Rather Than a Career."

Under this heading, there appeared in the *Evening World* on Saturday, the following, among other communications, on "The Futures of Our Girls:"

To the Editor:

Father and mother must join together to make our girls feel that home is the best place in the world. If this is well learned while with them the way is prepared for a new home when the daughter is to have one of her own, where she will rule as queen. Let her look upon a married life as the ideal one and discourage the "career" idea!.

Plainfield, N. J. A Home Lover.

Small Fire.

This afternoon while some little children were playing upstairs at Mrs. H. T. Smith's house on Bay street, they discovered the little boy, five years old, with a lighted candle in each hand. One of the little girls in trying to take the candles from him set fire to the lambrequin on the mantel. The children cried "Fire," but by the time Mrs Smith got upstairs the lambrequin was blazing half way up to the ceiling. Grabbing a stand cover she tore down the lambrequin and threw it out the window, before any further damage was done.

"CAREY MUST GO!"

SO THE POLICE BOARD DECIDED LAST NIGHT.

Lawyer Bergen of Elizabeth Claims the Board Has No Jurisdiction in the Matter, But the Members Think Differently and Oust the Gallant (?) "Chief"—Officer Geo. W. Grant Promoted to His Late Position—Officer Lynch Suspended for a Month.

The Police Board met last evening and suspended Policeman Lynch for one month without pay. Captain Carey was also suspended for three months without pay, and the resolution appointing him Captain was rescinded and Officer Geo. W. Grant was appointed Captain for the balance of the year.

Chairman Roberts presided at the meeting and the other members of the Board present were Mayor Male, Messrs Moffett, Hetfield and Spangenberg. The charges against Carey for using "foul, indecent and abusive language" at divers times since January 6th last, were read, to which the defendant pleaded "not guilty, sir."

Lawyer Bergen made an objection, not for the purpose, he said, of interfering with an investigation of the alleged charges, but he claimed that according to an act of 1885 the Police Board has no jurisdiction in the matter. Previous to 1885, Mr. Bergen claimed, the police held office at the pleasure of the appointing power, and up to that year it was in the hands of the Council to remove an officer for good and sufficient grounds, but the law enacted in 1885 provides first for the term of office, and goes on to state that no person shall be removed from office except for good and sufficient causes, the charges against said officer to be in writing, and a copy of the same to be filed with the municipal officers. Mr. Bergen laid great stress on section five of the act which reads: "It being the intent of this act to give the person so charged a fair trial." He claimed that the city ordinance provides for the dismissal or expulsion of an officer without a hearing or trial, which, he said, conflicts with the law of 1885. He insisted upon a dismissal of the complaint.

Chairman Roberts said: "We propose to try these gentlemen under the ordinance which gives us power, and if the ordinance is no good its time we knew it." Mr. Roberts told Counselor Bergen that his objections would be considered. Section three of the "ordinance to regulate the appointment and tenure of office of appointable officers," reads as follows:

In the case of any policeman charged with any neglect or misconduct, such charges shall be made directly to the Police Board and the same shall be investigated by said Police Board, who shall give the policeman charged a hearing upon said charge, if he desire, and said Board shall upon investigating or hearing said charges decide whether the said policeman be guilty of said charges or any of them or not, and their decision shall be final and conclusive. If they find him guilty they may suspend said policeman for a period of time not exceeding three months, and forfeit his pay during said suspension, in their discretion.

Counsel for the defence then challenged the right and competency of Councilmen Moffett and Hetfield to sit in the Police Board, claiming that both of them were hostile to and had formed an opinion against Carey. He insisted that they be not allowed to sit in the board, but his objection was overruled, and Mr. Ed. Marble took the stand.

The witness testified to Carey's being in Miller's Hotel on the night of March 17 and 18, and to the vile language he used while in there. Messrs Geo. Miller and Frank Hale both substantiated Mr Marble's statement.

Councilman Gallup was next sworn, and his testimony was in substance the same as that given at the Miller trial, as reported in THE PRESS at the time. He said he naturally felt sore against Carey when told that a complaint had been lodged against Miller, as it included him in the "gang;" he further stated that at first he thought Carey had done his duty, but he was now satisfied that it was a matter of pure personal spite.

Mr. Daniel Littell was the next witness objected to by Mr. Bergen, who claimed that it was unfair to go back as far as January and bring up evidence against the accused. Mayor Male coincided with Mr. Bergen, but the objections were over-ruled, the Mayor voting "No."

Mr. Male asked for the opinion of the Corporation Counsel, but it was so clearly established in the complaint that the charges dated back in January, that no legal opinion from Mr. Marsh was necessary.

Mr. Littell told of his conversation with Carey during which the latter asked him how he liked the new Council. "I don't know," testified the witness. Whereupon the defendant said: "They're —— traitors to turn us out and elect Moffett the —— —— —— as President of the Council."

On cross-examination Mr. Littell said that he told Mr. Roberts soon after his conversation with Carey, that if he (Carey) was confirmed by the Council there would be trouble before the end of the year.

"Gep" Frazee was put on the stand, after he had spoken his little speech, in which he advised all interested to shake hands and thus end the tempest in the teapot. With much reluctance the witness kissed the bible, or "last resort" as he called it. He testified to hearing Carey call Mr. Roberts a d—d old traitor, but notwithstanding the fact that he was under oath at the time the witness gave the most important part of his testimony in THE PRESS office this morning, which did not come out at the trial. In answer to a question as to whether he had not said that all the police board would get out of him, they would have to pump out, Mr. Frazee answered in the affirmative, adding "But I don't want 'em to pump me." When leaving the stand Frazee was seen to nudge defendant's Council, which showed plainly that he was in sympathy with the defence. The prosecution then rested.

Counsel for the defence declined to proceed with the investigation, stating that he would protect his client in a higher tribunal.

Final action was deferred for the time being, and the charges against policeman Patrick Lynch were then taken up. Mr. Lynch also pleaded "not guilty." He was defended by Mr. Bergen.

Messrs John Brooke, A. L. Cadmus, F. A. Miller and Geo. W. Eddy, three of whom were the complainants, testified to seeing two reputable citizens chained together and marched through the streets, followed by two officers; the prisoners offering no resistance.

Officer Lynch was sworn. He testified that he was acting under instructions from Carey, who told him to to put handcuffs on the prisoners. Captain Carey bore him out in his statement.

Mr. Brooks then addressed the board stating that from the evidence produced he was satisfied that the officer was simply doing his duty under instructions. He asked the board to dismiss the complaint against Mr. Lynch.

A recess of ten minutes was taken and when the board reconvened Mr. Moffett moved to suspend Officer Lynch for one month without pay. The motion was adopted, Mr. Male voting "no."

A motion by Mr. Hetfield suspending Mr. Carey for three months without pay, prevailed, the Mayor again voting "no."

Mr. Hetfield moved to rescind the resolution appointing Carey Captain, adopted, Mr. Male voting in the negative.

Upon resolution adopted Officer Geo. W. Grant was appointed Captain of Police for the balance of the year.

The Board adjourned at 10:30 o'clock.

Easter at Washingtonville.

A special Easter service was held in the M. E. Wilson memorial chapel Sunday evening, under the leadership of Mr. H. O. Newman of this city, assisted by about fifteen ladies and gentlemen also of this city, who formed a choir and rendered several selections, the audience joining in the chorus.

Every seat was filled by attentive listeners as the leader gave a word-picture of the last week of our Saviour's life on earth, following Him in His journeys to and from Jerusalem, His arrest in the Garden, the last supper, the midnight trial, the rejection by the mob, the crucifixion and burial, and the first Easter morning when Christ our Lord broke the bonds of death and led captivity captive.

Miss Dewey presided at the organ with ability, the effect of which was seen in the spirited singing by the congregation Miss Julia Ketcham and Mrs. Collier each sang a solo appropriate to Easter. To say that the audience was delighted by the kindness shown by these two gifted ladies who took part, would but feebly express their appreciation.

Mr. Wm. Murray, President of the Y. M. C. A., of this city, gave a short talk and told how Easter is held by the different nations, and why it is called Easter. The platform was surrounded by beautiful banks of lilies in full bloom, and China asters and other potted plants completely hid the reading desk from view. It was an Easter long to be remembered by those present as one of joy to the believer—just what Easter means.

In the Valley.

Mr. Robert S. Doyle of Trenton, spent Easter with friends in the valley.

The Winter grain, wheat and rye in this section, is in a most promising condition, and the farmers are looking forward to good crops. The wet weather is making Spring work late.

The enterprising brothers, Herbert and Arthur Phillips, have themselves erected one of the largest and most convenient of barns in this section, which speaks high of their ability, as they are not carpenters, but farmers.

Mr. George W. Winans is erecting a new house on Somerset street which he intends to occupy as a home in the near future. George is a good fellow and deserves a good ——, but then we promised not to say a word. Just wait and read THE PRESS.

His Life by His Wife.

Many lives, histories, or biographies of the late Jefferson Davis, purporting to be written by Mrs. Jefferson Davis, are being advertised throughout the country. The only genuine work of the kind written by Mrs. Jefferson Davis is that to be published by the Belford Company, 18-22 East 18th street, New York, entitled "Jefferson Davis, ex-President of the Confederate States; A Memoir, by His Wife." All other works claiming the authorship of Mrs. Jefferson Davis must necessarily be injurious to her personally and pecuniarily. The book is sold by subscription, and territory is being rapidly assigned. The work promises to be one of the most popular ever published, and those desiring to canvass for it should apply at once to the publishers, who will furnish circulars and information.

To Boom South Plainfield.

South Plainfield and New Market are to be boomed by the Lehigh Valley Railroad company as places of suburban residence. Handsome stations surrounded by attractive grounds are to be built, and fast train service is to be provided.

Vital Statistics of Mount Ararat.

Enteritus 1, Dropsy 1, Apoplexy 4, Carceona of Liver 1, Marasmus 1, Diabetes 2, Bright disease 2, Typhoid Fever 1, Paralysis 2, Croup 1.

The death average is 17 in 1,000 population—28 males; 15 females; 41 White; 2 Black. Under 5 years of age 11; between 10 and 20 years 2; 20 and 30 years 2; 30 and 40 years 4; 40 and 50 years 1; 50 and 60 years 10; 60 and 70 years 5; 70 and 80 years 3; over 80 years 4.

Medical Value of Wines.

As a general rule the use of wine is not necessary for young persons in good health, breathing country air and not exposed to overwork. As, however, life advances and the circulation becomes languid, natural red wine used in moderation becomes an essential article and in many cases absolutely necessary, but it must be the pure product of the grapes. And even in the Eastern States the physician meets large numbers of town people, especially women, who cannot digest the food and drinks suited to out-door laboring people. In such cases they resort to the beverage of tea which give rise to a distressing dyspepsia. The wines produced in New Jersey, especially the Burgundy and the Port Grape Wines from Alfred Speer's Vineyards, at Passaic, are the more reliable and the most sought after by physicians and those who have traveled abroad and known what wines are.

Alfred Speer, Passaic, N. J. Dear Sir:—I have used your Sociable Claret and your Port Wine in my practice with great satisfaction. Very truly yours,
WM. R. CHILDS.

STONED THE POLICE

A Meeting of Idle Workingmen Ends in a Riot.

A NUMBER OF SHOPS PILLAGED.

Troops Ordered Out to Assist the Police and Disperse the Mob.

Gladstone Says the Present Ministry Are Usurpers and Intruders-Headless Bodies of Females Packed in a Box—The Princess of Wales in Feeble Health—Comments on Mrs. Parnell's Pension.

VIENNA, April 9.—A most disorderly meeting of unemployed workingmen was held at New Lerchenfield, a suburb of this city, which culminated in a serious riot.

The mob stoned the police and rushing upon the police guardroom demolished it, seriously injuring the officers in charge. They also plundered a wine and spirit shop and finally set fire to it and prevented the fire engines from approaching.

Meanwhile another portion of the mob pillaged a number of shops kept by Jews and severely beat the inmates. The police were powerless to stay the fury of the riot and the troops were ordered out. The military were obliged to fire several volleys of blank cartridges before the mob could be dispersed.

After the charge of the soldiers another tavern was sacked by the rioters, who smashed all the windows and battered down its doors. They then hurled stones at passing vehicles. It required two squadrons of cavalry and a battalion of infantry to disperse the mob. Fourteen policemen were wounded and thirty-seven rioters were arrested.

CALLED USURPERS.

Mr. Gladstone Attends a Christening and Afterwards Makes a Speech.

LONDON, April 9.—A notable company was present at St. Margaret's Church, Westminster, to witness the baptism of a grandchild of Mr. Gladstone, who with Mrs. Gladstone and other members of his family, was one of the earliest arrivals. After the ceremony the ex-Premier was surrounded by the company, among whom were a number of political opponents, and subjected to a general hand-shaking.

On his way to London Mr. Gladstone was presented with an address at Weybridge. In acknowledgment of this compliment he spoke for ten or fifteen minutes on the political questions of the day, and took occasion to roundly denounce the Government for its recent perfidious practices. The present Ministry, he declared, were merely usurpers and intruders and dared not submit their claims to represent a majority of the electors to the test of a general election, though they would be forced to do it ere long.

ENGLAND'S LATEST HORROR

A Disreputable Woman Brutally Murdered in the Open Street.

LONDON, April 9.—The police arrested thirty laborers of the Chinese colony on suspicion of having been accessory to the brutal murder of Helena Montana, a disreputable woman, at Hebersthal, near Aix-la-Chapelle. The woman was killed in some mysterious manner in the open street, under the eyes of the passers-by.

Her throat was cut from ear to ear. The body was disembowelled and otherwise mutilated, after the fashion of Jack the Ripper.

The unfortunate woman was drinking with a Chinaman all the afternoon in a low den, and the pair parted apparently on friendly terms. It is supposed that the Chinaman subsequently laid in wait for and murdered her.

No outcries were heard by those living in the vicinity, and none of the neighbors could throw a particle of light on the mystery.

Headless Bodies of Young Women.

MADRID, April 9.—A horrible story comes from Morocco. A large box was recently brought from the interior to the port of Mazagan for shipment. When opened a ghastly sight was revealed. In the box, packed closely together, were the bodies of 16 young women, one man and a negress. All the victims had been decapitated and their heads were missing. Their bodies were embalmed and had evidently been in the condition in which they were found for a long time. The slaughter had been, to all appearance, the work of some Pasha, who thus visited vengeance on his harem for unfaithfulness.

Mrs. Parnell's Pension.

LONDON, April 9.—The action of the American House of Representatives Pension Committee in reporting in favor of granting a pension to Mrs. Parnell on account of the services of her father in the United States Navy has caused a good deal of comment here and has revived all of the old stories anent the neglect of her son to provide for her. Most of the newspapers agree that political motives in view of the importance of the Irish vote were at the bottom of the Congressional action, and regard it as a disreputable means to a doubtful end.

Deaf and in Feeble Health.

LONDON, April 9.—The illness of the Princess of Wales is causing considerable anxiety. It appears that she never completely recovered from her attack of influenza, and is now very feeble, coughing constantly. The Princess, although only 45 last December, is begining to show signs of age and lately become almost stone deaf.

Richard Davis Hanged.

LONDON, April 9.—The appeals to Secretary Matthews for clemency in behalf of Richard Davies, who, together with his young brother George, was sentenced to death for the murder of their father, were of no avail, and he was hanged at Crewe. George Davies was respited by the Home Secretary a few days ago.

Ladies in a Boat Race.

LONDON, April 9.—A popular movement is on foot, with good prospects of success, to make up a ladies' eight-oared team to race over the University course. There is a considerable purse and the entries are open to all girls under the age of 25, irrespective of rank.

RANDALL IS SINKING

The Distinguished Statesman May Die at Any Moment.

HIS FAMILY GIVE UP ALL HOPE.

Intelligence from the Sick Room Eagerly Sought by Republicans and Democrats.

The Border Claims Bill to be Reported to the House To-Day—Call for a Republican Caucus—Progress of the Tariff Bill—The Silcott Steal Will Not Make Congressmen Poor.

WASHINGTON, April 10.—This morning Dr. Lincoln, the consulting physician in attendance upon ex-Speaker Randall, said that the condition of the patient was very low indeed, and practically hopeless, but he scarcely thought he would die during the day. He was conscious only at brief intervals.

The family are gathered about the dying statesman's bedside waiting for the end, which they fear is near at hand.

Though the attending physicians even yet decline to say so definitely, it is known that the cancer which has so long been consuming the vital forces of the distinguished Philadelphian has eaten into the veins and arteries which cannot be reached by any known surgical appliances, and death by loss of blood and exhaustion is only a question of a few hours.

Sincerest expressions of regret are heard on all sides from all political parties.

Sketch of a Brilliant Career.

[Samuel Jackson Randall was born in Philadelphia, October 10, 1828. His father was a well-known lawyer and a politician in the Quaker City. Mr. Randall was educated for commercial pursuits, and after being elected four times to the City Council, and once to the State Senate, was sent to Congress, where he took his seat on December 7, 1863. He has since that time represented, without intermission, the only Democratic district in Philadelphia. While in Congress he has served on the committees of banking, rules and elections. He is a distinguished speaker and won distinction by his forcible speeches against the Force bill in 1875. In the following year he was a candidate for the Speaker, and was appointed chairman of the Committee on Appropriations. He gained a good deal of credit by his success in curtailing expenditures by enforcing a system of proportional reductions in the appropriations. He was finally elected to the Speakership on the death of Mr. Michael C. Kerr, and took the chair on Dec. 4, 1876. He was re-elected Speaker in the two following Congresses, and served in that capacity until March 3, 1881. He has borne a conspicuous part in the debates on the tariff, as a leader of the Protectionist wing of the Democratic party. His wife is the daughter of Aaron Ward of New York.]

BORDER CLAIMS.

Pennsylvania's Bill to be Presented to the House To-Day.

WASHINGTON, April 10.—Representative Maish, has completed the majority report of the Committee on Claims in favor of the passage of the bill known as the Pennsylvania Border Claims bill, and will present it to the House this afternoon.

The report is an exhaustive one, and bases the demand largely on the guaranty clause in the constitution of protection against "invasion." The claim is considered from the standpoint of a claim made by the State against the Federal Government and not as the claim of citizens of the State in their individual capacity.

Much stress is laid upon the fact that Pennsylvania, in addition to contributing her full quota of troops to the common defense, had organized a force of militia for home defense, and that these very troops were called away from the State to meet an emergency at Washington at the very time that General Early was moving forward to the destruction of Chambersburg. Numerous precedents are quoted in the report in support of the position stated.

Chicago Sends a Statement.

WASHINGTON, April 10.—Mr. Hiscock, chairman of the sub-committee of the Senate's World's Fair Committee, presented the statement forwarded by Lyman J. Gage at the request of Senator Farwell, giving the number and characters of the subscriptions to the Chicago guarantee fund, etc. The sub-committee considered the statement at some length, but there was a diversity of opinion as to the reliability of the subscriptions, and no conclusion could be reached. It was determined finally to call the full committee together to-morrow morning to consider the matter.

Favored a Reduction of Duties.

WASHINGTON, April 10.—The report that Mr. Blaine suggested an increase in the duty on carpet wools and a duty upon hides to be included in the pending tariff bill, is not confirmed by the members of the Ways and Means Committee. On the contrary it is positively stated by several members of the Committee that Mr. Blaine objected to both and from the beginning has favored a removal or reduction of duties upon all articles imported from the several South American Republics.

Republican Caucus To-Night.

WASHINGTON, April 10.—The Republican caucus committee of the House has issued a call for a caucus to-night to consider questions of policy. The Windom Silver bill, it is understood, will be the principal topic considered, and the caucus is expected to decide the attitude the majority will take with regard to it.

Progress of the Tariff Bill.

WASHINGTON, April 10.—Mr. McKinley has completed his report of the Tariff bill and will present it to the Ways and Means Committee to-day. Mr. Carlisle is busy on the minority report and if he presents it to the full committee to-day the bill will be reported to the House to-morrow or Saturday.

Congressmen Will Not Suffer.

WASHINGTON, April 10.—The Senate passed the bill appropriating money to reimburse members of the House who suffered from the Silcott defalcations.

AN INTERMEDIATE PRISON.

A New Jersey Commission Favors Establishing One at Rahway.

TRENTON, N. J., April 10.—Gov. Abbett submitted to the Legislature the report of the commission appointed to consider the propriety of establishing a State reformatory. The report recommends the establishment of a reformatory for criminals between the ages of 16 and 30, at Rahway, at a cost of $390,000. A bill based on the commission's recommendation was put on the calendar.

The Ballot Reform bill which the joint non-partisan committee recommended to the Legislature, passed the House by a vote of 50 to 1. The Assemblyman recorded in the negative is James S. Erwin, of Hudson.

The Senate concurred in the concurrent resolution from the Assembly asking Congress to provide a breakwater at Cape May.

There is a clash between the Governor and the railroads over Assemblyman Marsh's Riparian bill, and the Governor is preparing amendments to be incorporated in the bill when it comes up in the House on a second reading.

The famous Rutgers College bill was not vetoed by the Governor, as was expected. It has been filed without his approval, and is now a law.

Rhode Island's Political Difficulty.

PROVIDENCE, R. I., April 10.—At West Greenwich, after it was known that the election had resulted in no choice, the Democrats organized another town meeting. The Prohibitionist town clerk had gone home to do his chores, but the Democrats chose a clerk pro tem. Fish (Dem.) was elected Senator and Rathbone (Dem) Representative. It is reported that the town clerk will refuse to issue certificates to them. The Legislature now stands 52 Republicans, 49 Democrats, with 9 to be elected.

Newspaper Men Defrauded.

BUFFALO, N. Y., April 10.—The Buffalo Press Club has been victimized by its treasurer, Charles L. Lancaster, who is short in his accounts about $1,100 and has gone to Canada. There are a number of rumors as to what became of the funds but none are verified. An effort was made to find Lancaster at St. Catharines, where he originally came from, or Toronto, but it failed. A meeting of the club is called for this afternoon to determine upon a course of action.

Richmond Democrats Indicted.

RICHMOND, Va., April 10.—The grand jury of the United States Circuit Court brought in indictments against Preston Belvin, A. B. Gniguon, member-elect of the Council; Tate, the well-know baseball player, and other prominent Democrats, charged with obstructing the voting of the negroes in Jackson's ward in this city at the last Presidential election. The grand jury was composed chiefly of Republicans and Independents.

The Tariff the Alleged Cause.

HARTFORD, Conn., April 10.—Notices have been posted in the Hartford Carpet Company's extensive mills at Thomsonville, increasing the working hours from fifty-four to sixty hours per week, and cutting wages three per cent on an average. An official of the company attributes the reduction to the depression of the trade throughout the country, and says the tariff on coarse wool injures the business.

Preparing for the Fishing Season.

FALL RIVER, Mass., April 10.—Great preparations are going on hereabouts for fishing. Joseph Church & Co., the menhaden caterers, are fitting out their seven steamers in anticipation of an early season. Scup and other table fish are expected to arrive off this coast two weeks earlier than usual, because of the high temperature of the water. There is every prospect of a tremendous run of herring in Taunton River this spring.

Claims Against the Absconder.

DOYLESTOWN, Pa., April 10.—An official statement just made shows 60 claims, aggregating $76,735, in sums ranging from $100 to $8,000, against the absconding lawyer and politician, J. Monroe Shellenberger. His father puts in the $8,000 claim.

Will Investigate the State Home.

PROVIDENCE, R. I., April 10. — The joint committee to investigate the State Home and School was appointed by the Legislature. It consists of three Republicans and two Democrats from the Senate, and three Democrats and two Republicans from the House.

Decisions Against a Railroad.

HARRISBURG, Pa., April 10.—Two opinions were handed down by the court in the State cases against the Lehigh Valley Railroad Company, on appeals by the defendants from tax on gross receipts. Both opinions are for the commonwealth; one judgment being for $2,377.54, and the other for $1,747.84.

President of Mt. Holyoke College.

SPRINGFIELD, Mass., April 10.—The trustees of Mt. Holyoke College met in this city and confirmed the election of Mrs. Lizzie Mead as President.

BOSSES WEAKENING

A Partial Settlement of the Great Carpenters' Strike.

CONCEDING EIGHT HOURS A DAY.

Non-Association Employers Will Recognize the Brotherhood.

Strikers Accept the Offer—One-Half of the Men Now Out Will Return to Work. The Builders' Association Will Not Make Terms — New York Carpenters to Demand Eight Hours.

CHICAGO, April 10.—The first move towards a partial settlement of the carpenters' strike has been made and half of the 6,500 idle men will probably be at work again before the end of the week. Only half of the employers are members of the Master Carpenters' and Contractors' Association, which forms a part of the Builders' Exchange. The other half of the master carpenters have no organization and are consequently independent of the Builders' Exchange.

A deputation of non-association employers waited upon the Strike Committee of the Carpenters' Council and held a long conference, at which the employers made a definite offer to take back all their old men, conceding eight hours a day, 40 cents an hour and recognizing the Brotherhood as in the past.

The strikers accepted the offer, as they believe the return of half the men on their own terms would force the association employers to surrender. The non-association masters will meet to-morrow, and there is little doubt that the same offer will be made unanimously. The employers outside of the organization have been willing to accede to the men's demands from the start and allowed the men to strike only out of consideration for their colleagues in the association.

Will Demand the Eight-Hour Day.

NEW YORK, April 10.—At a meeting last night of delegates representing four-fifths of the organized carpenters of New York, it was decided to demand the eight-hour day after May 1st and $3.50 per day, the same wages as at present.

DR. PETERS ALIVE.

A Letter in Which He Says He Was Well on Jan. 20.

BERLIN, April 10.—The Emin Relief Committee has received a cable dispatch from Zanzibar, saying that a letter has been received there from Dr. Peters, dated "Kamasia, West of Lake Baringo, Jan. 20," in which the Doctor said he and Lieut. Tiedemann were well.

Mr. Morgan Left $30,000,000.

LONDON, April 10.—The estate of the late Junius J. Morgan, the American banker, is stated to be valued at $30,000,000. Mr. Pierepont Morgan, his son, arrived on the steamer Teutonic, from New York, and immediately left for Monte Carlo by special train, arrangements having been made for similar transportation the entire distance.

Editors Sent to Prison.

PARIS, April 10.—Two writers on the Egalite were sentenced to fifteen and four months in prison for threatening M. Constans, the Minister of the Interior. The manager of the paper was sentenced to three months imprisonment for a similar offense. Heavy fines were imposed upon all three.

Excoriates the Newspapers.

WASHINGTON, April 10.—Silvia Drake, a mulatto woman, was recently appointed postmistress at Rock Mount, N. C. This caused bitter feelings on the part of the white people, and yesterday Silvia wrote a letter in which she denies being a negress, saying two-thirds of her blood is of the best Anglo-Saxon origin, adding that she is proud of the small quantity of negro blood in her veins. She excoriates the newspapers for their strictures upon her.

A Well-Known Horse Breeder Dead.

PHILADELPHIA, April 10.—Aristides Welch, the well-known breeder of horses, formerly owner of the famous "Erdenheim" stock farm at Chestnut Hill, is dead, aged 79 years. He retired from the business some time ago.

BLIND CHILDREN ESCAPE.

Inmates of the Philadelphia Institution Desert and Go Home.

PHILADELPHIA, April 10.—Twenty-one of the girls resident at the Institute for the Blind made good their escape from the institution, going out in parties of two and three, and twenty-six of the blind boy inmates followed their example.

The boys had presented a petition to the board of managers, asking the removal of Principal Battles and giving warning that they would leave the institution if he were not dismissed. The petition was disregarded, and they carried their threat into execution.

When the authorities discovered the wholesale escape of the girls, they took measures to prevent the boys from following, but the lads, blind though they are, were too determined for them. A lad named Hagan, who has not altogether lost his eyesight, acted as guide and leader. When the boys formed in line to march to supper they boldly tramped out of the grounds, arm in arm, and despite the arguments of the attendants proceeded down the street to the Broad street depot.

When the line reached Cherry street Mr. Potter, the former principal instructor at the institution, met the boys and watched over them until they boarded outgoing trains and started for their respective homes.

But the Tide Flows With THE PRESS, the Paper of the People.

The Counsel to the Corporation, Craig A. Marsh, Esq., says: "The *news* has done more to hurt Chief Carey than THE PRESS."

This comes to us from a source so unquestionably veracious, as an expression of the judgment of a man so unquestionably discerning, there is no doubt that it was said, and said by Mr. Marsh.

The single minded citizen—unprejudiced by spite and unbiased by politics—will agree that THE PRESS has done policeman Carey no scintilla of harm, itself. He, alone, is to blame for the matters of fact, court record, and sworn testimony against his standing as an officer of the peace, that have been published in these columns, and have caused something to fall on him with a "dull, sickening thud."

And the same unprejudiced and unbiased, single minded citizen, will agree with Mr. Marsh on the other side of the question. The support of the *news* will kill any man, in time. The people will have none of *its* friends. Its praise incites distrust, and its proteges become its victims. Those whom the *news* loves, die soon.

It mewled over "Detective" Murphy as the "Saviour of Plainfield," and thereupon Murphy's demise was sudden. It has drooled over "Chief" Carey as an Apollo and a Messiah, and the same fate was accorded him. THE PRESS said "Murphy must go," and he went. THE PRESS said "Carey must go," and he went. It is plain to be seen that the day is fast coming when THE PRESS will be called upon to say the *news* must go. Then the result will be the same to the *news*, as to Murphy, and to Carey.

PARTICULAR MENTION.

Miss Holmes entertained a number of her friends, last evening, with a whist party at her home.

Miss Mary Coulter, of South Plainfield, is visiting her niece, Mrs. C A. Thomas, of George street, New Brunswick.

Mrs. D. S. Babcock with her daughter, Mrs. Brown, of Brooklyn, is visiting her son, Mr. W. R. Babcock, of Webster place.

Mr. Evans, formerly employed at the Potter Press Works, who went to Colorado in search of health has returned to this city greatly benefitted by the trip.

Dr. David G. Atwood starts to-morrow for a trip to Illinois, for the benefit of his health. Mrs. L. C. Atwood, the doctor's mother is also arranging for a trip to Colorado.

Miss Jean Murray, of Central avenue, and Miss Eleanor Demarest, of East Fifth street, will leave for Albany, to-morrow, where they will be the guests of the Rev. and Mrs. C. F. Dunn.

The Crescent League will meet next Wednesday evening to elect a President to fill the vacancy caused by the resignation of Mr. E. C. Kieb. Mr. Charles A. Reed will undoubtedly be the unanimous choice of the members.

At the home of the bride's mother on Manning avenue, North Plainfield, yesterday afternoon, occurred the marriage of Mr. Robert G. Wyckoff of LaGrande avenue, and Miss Theresa Case, the Rev. Dr. D. J. Yerkes officiating.

About fifteen of the members of the German club of North Plainfield, attended a sociable held at the residence of Master Carl Brown, on RockView avenue, last evening. Dancing, games and refreshments, helped to make up the evening's enjoyment.

Death of Godfrey Haberle.

At his home on Somerset street, about 4:30 o'clock yesterday afternoon, occurred the death of Mr. Godfrey A. Haberle, aged 70 years, his death resulting from paralysis. Mr. Haberle was born in Germany February 29, 1820, and he came to this country about fifty years ago, locating here ten years later. He was a clothing cutter by trade, and for many years past had been in the employ of Schepflin & Co., the clothing manufacturers of this city.

Mr. Haberle was a member of the M. E. church, from which place the funeral will take place on Saturday, at 10.30 A. M. He leaves a wife and nine children.

Wreck at Roselle.

Another wreck occurred last night on the Central Railroad at Roselle and travel was stopped several hours. A big shifting engine going out of the yard at full speed jumped the track and covered three tracks, leaving for use only the Eastbound one, which was blockaded with coal and freight cars. Several cars attached to the engine that was derailed were smashed and the locomotive itself was damaged. It ran across the wires connecting with the signal tower, smashing them and rendering the signals unmanageable. Roselle is becoming famous for wrecks and fatal accidents.

A Disturbance on Webster Place.

Officer Sliter was summoned to a residences on Webster place, this morning, to eject a female who was creating a disturbance there. The woman's daughter was employed as a domestic in the family and she demanded the payment of the girl's wages, which was refused her.

When the officer arrived at the place he found the girl weeping bitterly. Her mother had departed, however, after promising to renew her demand.

At this season of fast driving and accidents to man and beast, keep Salvation Oil on hand.

MR. PLUMMER'S AFFAIRS.

W. S. Darling Still Among the Missing—His Dealings With the First National Bank in Plainfield Said to Have Been Crooked.

W. S. Darling of Jonn F. Plummer & Co., has not been heard from yet by the assignee of the firm, Mr. Murphy, and Mr. Murphy says that he does not expect to see him again. There seems to be no doubt that he has run away. The method Darling pursued in obtaining the large sum of money which he got from the firm (500,000, it is said) was something after the style of the Sixth National Bank wreckers, although in Darling's case the money actually passed, while little or no money was used in the other case.

Darling would deposit, for instance, in the First National Bank of this city, drafts on the First National Bank of New York, and the next day he would deposit the checks of Stoney & Darling, drawn on banks where the firm kept accounts, with the First National Bank in New York, to meet the Plainfield drafts. In this way sums amounting from $1,000 to as high as $30,000 were taken by Darling.

Mr. Plummer had had a business connection with Darling for twenty-one years, and trusted him implicitly. Darling's checks, which were paid into the First National Bank, were from Stoney & Darling's book, which no one saw but himself, and thus he was able to cover up his doings.

What has become of the money is a mystery, for Darling lived in a quiet way, and apparently spent less than his income.

Both Mr. Plummer and Mr. Darling were long residents of Netherwood. The latter at one time was a Councilman of Plainfield. He and Mr. Plummer built the Netherwood Hotel. Mr. Darling's house is now Mr. Bloodgood's, and Mr. Plummer's is Mr. Anthony's.

Dr. Hurlbut and the Rev. Mr. Mitchell Re-appointed.

The thirty-third annual Convention of the Newark M. E. Conference came to a close in the Centenary M. E. church at Newark, on Tuesday. Among the appointments made was that of the Rev. Dr. J. L. Hurlbut, as the Corresponding Secretary of the Sunday School Union and Tract Society of the M. E. church. The Rev. Chas. B. Mitchell was also reappointed pastor of the M. E church in this city; the Rev. J. W. Seran was appointed pastor of the M. E. church at Dunellen, and the Rev. Richard Johns was appointed pastor of the M. E. church at Bound Brook.

The church at Scotch Plains is a supply, and no regular pastor was appointed.

Arrested for Assault and Battery.

Elizabeth M. Hunter, late of Jackson avenue, North Plainfield, went before Justice Hardy, a few days ago, and swore out a warrant for the arrest of her husband charging him with assault and battery, on the 25th of last December. Constable Job Coddington went to Cranford yesterday afternoon and arrested the accused.

Last evening Hunter was arraigned before Justice Hardy, when he furnished bonds for his appearance before the Grand Jury when wanted.

They'll Play Ball When the Flag's Up.

Just before the game that will open the ball season, Saturday afternoon, the Crescent League will have a pole raising. The handsome pennant presented to the League by Mr. Charles A. Reed, is to float from a forty-feet pole topped with a big ball of gold.

This pole is to be raised Saturday afternoon, and everybody is invited to come early and give three cheers. The pennant when raised can be seen from the cars, and there will be a game whenever it floats on the breeze.

Comes High, but the Girls Must Have It.

In New Brunswick the price of soda has advanced, and the dude and his best girl will suffer accordingly next Summer. Heretofore no druggist has charged more than 5 cents for a glass of soda water, unless an expensive syrup was called for, but the regular price for soda water will now be 10 cents. The increase in the price of ice is given as the cause for doubling the soda water rates.

HOW THEY DO THINGS IN ELIZABETH.

The Police Committee Adjudge Officer McGrail Guilty.

(From the Elizabeth Herald.)

In Monday's issue of the *Herald* was published the better part of the proceeding on the trial of Officer McGrail, which took place Saturday night.

Monday afternoon the committee arrived at a decision, and Tuesday morning the officer was made acquainted with it. The following is the decision:

Officer Frank McGrail, charged with violation of rule VI, parts 7 and 9, police regulations, is found guilty as charged.

The committee unanimously find that he shall be suspended from duty and pay for the term of fourteen days, the suspension to date from the date of his original suspension.

In this decision the committee have considered the long service and the good record of the accused officer as a great weight in mitigating his sentence.

His failure to arrest a citizen whom he alleges to have found in committing a crime, and his brutal treatment of that person should otherwise have been punished with dismissal from the force.

Signed, P. EGENOLF,
VICTOR MRAVLAG,
J. C. CONNOLLEY.

Amateur Minstrelsy at Rutgers College.

The first entertainment to be given in the Spring time at Rutgers College will be a grand minstrel entertainment.

For years it has been the custom for the Senior Class to give a series of entertainments such as concerts, lectures, etc., the proceeds of which go toward defraying the Class Day expenses. This year the members have made a new departure and gone into minstrelsy in earnest.

The arrangements have all been completed and the show which takes place the 18th, promises to be a fine one.

Mr. Ed. Marble, who was Interlocutor at the Crescent minstrels, will serve in that capacity for the Rutgers boys.

Messrs Charles Powelson and A. H. Smock of New Brunswick, and Mr. E E. Runyon of this city, will be the balladists; Mr. A. L. Comancho will sing, "Drill Ye Tarriers, Drill."

Other features of the entertainment will be banjo selections by Mr. and Mrs. Jenkins of Somerville; Mr. F. H. Chase of New York, prestidigitateur; Songs by the Rutgers College glee club.

Mr. L. Bragdon, leader of the glee club, will have charge of the music, and the entire entertainment will be under the direction of a committee, of which Mr. Wm. Hubbard of this city, is chairman.

Mr. Cleaver Lectures on Ingersoll's Philosophy.

Mr. J. B Cleaver on Sunday last, at the morning service in the First Church of Christ, delivered the first of a series of lectures in review of the philosophy of Col. Robert G. Ingersoll. His theme was: "His teachings of creation, of the origin of evil, and of evolution" Mr Cleaver when a young man, a law student and also the Journal Clerk in the House of Assembly in Illinois, first made Col Ingersoll's acquaintance and from that time to the present they are warm friends, their only difference being in a religious point of view.

Mr. Cleaver outlined his views of Christ, and stated that a series of eight or more lectures would be given on the subject. He attributed the recent difficulty in the Presbyterian church to Col. Ingersoll's views and teachings.

The topic for each of the lectures will be duly announced in the newspapers.

FOOD ADULTERATIONS IN NEW JERSEY.

Important Report of the State Commissioner—How the Public is Cheated and Who Does the Cheating.

From an advance copy of the report of the Dairy Commissioner of New Jersey on food adulteration, THE PRESS presents the following extracts:

During the past year 968 official notices were served on dealers in food products, many of whom accepted the offers of the State Board of Health to analyze articles of doubtful quality. The Commissioners secured as analysts Prof. Henry B. Cornwall of Princeton; Mr. Shippen Wallace of New Brunswick, and Mr. Joseph F. Geisler, official chemist to the New York Mercantile Exchange. During the year 2,507 articles of food were analyzed; of these 1,405 were pure or equal to the legal standard, and 1,102 were adulterated within the meaning of the act. This shows that 56.04 were pure and 43.96 were adulterated.

IMPORTED CANNED GOODS.

Of 107 packages of imported canned goods examined—beans, capers, mushrooms and peas—88 were found adulterated. The chief adulterant found in these articles was copper, which was added to give a green color to the vegetables. No adulteration or harmful ingredients were found in American canned goods.

GROUND COFFEE.

Fifty samples of ground coffee were examined, of which ten were pure and forty adulterated. The adulterating materials were roasted and ground peas, beans, rye, wheat, bread, and chicory.

TEA.

Eleven samples were examined, all of which were pure.

GROUND SPICES.

Six hundred and forty-nine samples of ground spices were examined, of which 343 were standard or pure, and 306 were adulterated or not standard.

The adulterants noticed were of the same character as outlined in former reports. It is to be remarked, in this connection, that a ground spice may not contain any added material or adulterant, and yet be of such poor quality as to be as fraudulent as the sophisticated article. In many instances the spice has been packed for long a time as to have lost all flavor.

EXTRACTED HONEY.

One hundred and eleven samples were examined, of which twenty-eight were pure and eighty-three were adulterated. The adulterant was either glucose or cane-sugar syrup.

MAPLE SYRUP.

Twenty-four samples were analyzed, of which twelve were pure and twelve adulterated with molasses or cane sugar.

MOLASSES.

Sixty-four samples of molasses were analyzed, of which twenty-six were pure and thirty-eight adulterated. The chief adulterant was glucose. Some samples had been bleached by the use of sulphurous acid, and some contained tin.

VINEGAR.

Thirty-seven samples of vinegar were examined, of which sixteen were equal to the standard of 4.50 per cent. acetic acid, and twenty-one were not equal to the standard.

FRUIT JELLIES, JAMS, AND PRESERVES.

One hundred and ninety-two samples of fruit preserves were examined, of which thirty-three were pure and 159 adulterated. The preserves were either in the form of jelly or jam.

At the time this investigation of the fruit, jams, and jellies sold in this State was begun it was thought that no adulteration would be detected, for the cost of fruit and cane sugar was so low that little incentive for sophistication appeared to exist. But before the work had advanced very far it was ascertained that the greater portion of the cheap articles were not only adulterated, but many were devoid of *any* of the fruit mentioned on the label. The presence of foreign colors, glucose, and materials to make up the bulk of the article was easily detected.

Now see how the articles of an inferior kind depart from the standard above outlined:

1. A jelly or jam may be made of pure fruit and sugar, yet a mixture of several kinds of fruit. This variety is put up by some packers who have large quantities of inferior articles that they do not wish to pack under their first-class labels. This quality is perfectly pure and healthful, and contains no injurious material, the only deception being in the name on the label.

2. Jellies are often mixed with gelatine or Japanese isinglass; this is to give the article body, and also to make up inferior grades.

3. Jellies and jams are made of apple pomace as a base mixed with other kinds of fruits.

4. Jellies and jams are also made up of apple pomace, starch, glucose, and some fruit to fix flavor and color.

5. These articles are also made up with apple starch, artificial flavors, aniline colors, and acetic acid.

The following table will show the articles used in the fraudulent jams and jellies:

Articles used to give substance: Apple pomace, apple juice, starch, glue, gelatine, Japanese isinglass.

Articles used as flavors: Apple, inferior or spoiled fruit juices, artificial flavors, and the compound ethers, acetic acid.

Artificial colors used: Aniline dyes, eosine, fuchsine, Bismarck brown, garnet red, ruby red, and various carmines.

Man wants but little here below,
But wants that little strong.

This is especially true of a purge. The average man or woman does not precisely hanker for it, as a rule, but when taken wishes it to be prompt, sure and effective. *Dr. Pierce's Pleasant Purgative Pellets* leave nothing to be desired in point of efficacy, and yet their action is totally free from any unpleasant symptoms, or disagreeable after-effects. Purely vegetable, perfectly harmless.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor *Enquirer*, McArthur, Ohio.

Indigestion

IS not only a distressing complaint, of itself, but, by causing the blood to become depraved and the system enfeebled, is the parent of innumerable maladies. That **Ayer's Sarsaparilla** is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:—

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life."

On April 1, I reopened the **Riverside Stock Farm Branch Stables, at Nos. 29 and 31 North Ave., Plainfield, N. J.**, with a choice lot of Horses.

I shall endeavor to keep on hand at all times horses suitable for all purposes, but shall make a specialty in coach and carriage teams, roadsters, family and saddle horses.

Believing that there is a growing demand in this city for such a business, I have remodeled my stable, put in large, well lighted box stalls and other improvements and have engaged an experienced salesman, who will be in charge of the business.

By running this stable in connection with, and as a branch of the Riverside Stock Farm Stables, I shall be enabled to select and keep on hand only such horses as are especially suited for this market.

The stock will always be shown, during the week, with pleasure, and you are respectfully invited to inspect the same.

A. D. THOMPSON.

CHARLES C. BROWER, Manager.

PEERLESS DYES Are the BEST. SOLD BY DRUGGISTS.

A NEW FIRM.

WE would like to say to the people of Plainfield that we have bought the Boot and Shoe Store of Mr. D F. Randolph, and in taking stock we find a great many broken lots of Shoes, and of course we bought them at a very low figure, and we are going to put them all on sale

SATURDAY MORNING, APRIL 5,

At a less price than we paid for them. To prove to you what are facts, we will quote a few prices:

Now, we have about 40 PAIRS of E. C. BURT'S, 3 or 4 of a kind, that will be marked from $5 00, $6 00 and $7 00, down to $2 50. CHILDREN'S SHOES from 25c, up. McCOMBER'S $7 00 SHOES, French Kid, down to $2.50.

BOYS' and GENTLEMEN'S SHOES at the same cut in prices.

Of course we will lose money on some of these goods. WHY WE MAKE SUCH CUT is, because we have ordered a large and an elegant line of SHOES for

Ladies Misses, Children and Gents.,

And we have taken great care to select a stock of Shoes that will suit the people, and will sell every pair under a guarantee.

PLEASE REMEMBER—This sale will continue ONE WEEK ONLY, as then our new goods will be here, and then we will talk to you.

We have one of the best shoemakers in town. All repairing done promptly, and satisfaction guaranteed.

RIVERS ON THE RISE

The Conemaugh Overflowing Towns on Her Banks.

WRECK AND RUIN BY TORNADOES

Several Persons Killed and Injured in Ohio and Virginia.

One Hundred Dwellings Demolished and a Furnace Blown Down—A Deluge in Western Pennsylvania—Pittsburg Suffers a Loss of $1,000,000—Two Children Drowned While Crossing a Stream.

JOHNSTOWN, Pa. April 10.—The heavy rains have swollen two small rivers into rushing torrents, and the Conemaugh is overflowing towns on her banks to a considerable extent. The town of Wilmore is entirely inundated, and Woodvale is also overflowed. The works of the Cambria Iron Company are flooded and had to shut down, and the Gautier works are partly flooded.

Water is on all sides of the Western Union Telegraph office and still rising. The cellars of the large offices of the Cambria Iron Company are entirely flooded and the lower end of Johnstown borough is overflowed. The Cambria and Woodvale bridges, both on the Conemaugh, have been washed away and the water is now four feet deep on Iron street, cutting off wagon communication with the lower end of the city.

Word has been received that the St. Clair reservoir, about two miles above Morrellville, is in danger of breaking and people have left their houses to seek higher ground. If this should give way the destruction to property and probably life would be great. While this reservoir is not large, yet the water would rush down a steep piece of country. So far no lives have been lost, but the danger is not yet passed.

TYRONE, Pa., April 10.—The Juniata River is over its banks as a result of the recent heavy rains throughout western Pennsylvania. Houses and yards are overflowed and families have been compelled to move to higher ground.

WRECK AND RUIN.

Many Killed and Injured by the Tornado in Ohio.

CANTON, O., April 10.—The tornado that swept over the northern part of this and adjoining counties done more damage than was at first reported. Before it reached this locality a funnel-shaped cloud bounded on Medina County, demolishing hundreds of houses, barns, etc.

Word from Sharon Centre says ten persons were killed and many are believed to have been fatally injured. Among the killed were Hubert Franks, a farmer, whose wife was fatally injured.

The storm swept through Springfield township, Summit County, levelling almost everything in its path. It struck the farm house of Scott Schweizer and totally demolished it. The family escaped by taking refuge in the cellar just as the storm struck the place.

A few minutes later the upper portion of this (Stark) county was visited. Starting at Uniontown, 12 miles north of here, it took a southerly direction, demolishing houses, barns, fences and windmills. Hogs and cattle were killed in great numbers and huge trees were uprooted.

THREE LABORERS KILLED.

A Tornado Strikes Norfolk, Va., Blowing Down Several Buildings.

ROANOKE, Va., April 10.—The greatest tornado for many years passed over this city last night. The cast house at the Crozier Iron Fsance, was blown down and three laborers killed and one mortally wounded. Loss to the furnace company, $5,000.

Nearly 100 dwellings in course of erection were completely demolished. The Salem furnace was blown down and a heavy loss is reported, and buildings in that vicinity were reduced to ruins. The loss in the city and neighborhood is $10,000.

A Genuine Cyclone.

MOUNT CARROLL, Ill., April 10.—A terrible storm struck here about two o'clock in the morning. Rain and hail fell in abundance. The wind assumed the force of a tornado, and overturned out houses, blew in windows, demolished chimneys and destroyed sidewalks. Many people took to their cellars, where they waited for their houses to blow away. The storm was the worst experienced here since the cyclone of 1886. Much damage was done to the surrounding country.

Heavy Storm in Western Pennsylvania.

PITTSBURG, Pa., April 10.—Special reports from the surrounding country detail a damage to fences and, in many instances, buildings were destroyed by the heavy rain storm. In this city the damage is principally to sewers and street improvements, which is estimated at fully a million dollars. Several narrow escapes are reported but so far as learned no lives were lost.

Twin Children Drowned.

WEST ELIZABETH, Pa., April 10.—Twin children of George Beattie, aged seven years, were drowned while going to school. They were crossing a swollen stream on a foot-log. The little girl fell in and was swept down with the current. Her twin brother jumped in to rescue her and had most succeeded when his strength failed and both were drowned.

Terrible Storm in Western Kansas.

ATCHISON, Kan., April 10.—Telegrams from the western part of Kansas say a heavy sand storm prevailed all day yesterday. The wind was blowing a furious gale and carried great quantities of sand. Business in the smaller towns was entirely suspended and the inhabitants were closely housed.

Hailstones as Large as Hickory Nuts

RED BANK, N. J., April 10.—One of the most violent hail and thunder storms ever known here occured yesterday. The hailstones were as large as hickory nuts. Fruit trees were badly damaged, and many window panes broken.

Blinded by Lightning.

PITTSBURG, Pa., April 10.—While Mr. Miller was driving along Walnut street he was blinded by a flash of lightning and his horse was killed instantly.

HE IS PASSING AWAY

Ex-Speaker Randall Calmly Awaiting Death.

HIS IRON WILL KEEPS HIM ALIVE.

He Begs His Wife Not to Grieve for He is Ready to Die.

His Family and Physicians Constantly at His Bedside—He Suffers Sinking Spells. Nothing but a Miracle Could Save the Dying Statesman — Postmaster-General Wanamaker Devoted in His Attentions.

WASHINGTON, April 11. — Samuel J. Randall passed a wretched night, and more than once it was feared that the end had come. His family and physicians are constantly at his bedside. Now and then he suffers sinking spells, from which he rallies much weaker than before.

A consultation of physicians was held. There were present Drs. Malan, Lancaster and Townshend. They all agree that nothing but a miracle could save the dying statesman.

No one is permitted to enter except Rev. Dr. Chester, Mr. Randall's spiritual adviser; the physicians and Postmaster-General Wanamaker, who has been devoted in his attentions to the distinguished sufferer.

Dr. Malan said this morning that Mr. Randall might live three days or die within an hour. Nothing but his indomitable pluck, he said, prolonged life. The doctor expressed fear lest one of the frequent sinking spells would carry the patient away.

Shortly after the physician made this statement it was reported that Mr. Randall had awakened from a fitful sleep, called for his wife, recognized her, and begged her not to grieve, for he was ready to go.

In the House of Representatives much feeling is displayed by old colleagues of Mr. Randall, when speaking of the latter's condition and approaching death.

Mr. O'Neill of Pennsylvania, who will succeed the dying man as the member of longest continual service, was moved to tears when Speaker Reed came to him yesterday to ask after Mr. Randall.

A rumor that Mr. Randall was dead reached the Capitol and caused a sensation. Several members rushed over to Dr. Mallon's office to find out if the report was true. Others went to his home on C street. Many eyes have been directed towards the flags over the house of Congress to-day in the momentary expectation that they would be run down to half-mast.

THE TELEGRAPH TOURNEY.

Great Interest Taken in the Exciting Contest in New York.

NEW YORK, April 11.—About six hundred knights and ladies of the clicking key attended the opening of the national fast sending tournament at Hardman Hall. The interest in the tournament between the most rapid and accomplished operators in America was widespread, as the winners are ranked as the stars of the service.

Ffteen young women contested in the ladies' free for all class, each contestant sending for five minutes. The prizes were awarded to those sending the most words in the given time, providing the messages were adjudged readable. The first prize of $50 was won by Miss K. B. Stephenson, her record being 217 words. The second prize of $40 went to Miss B. M. Dennis, record, 212 words and four charcters. The third prize of $30 went to Miss E. R. Vanselow, record, 201 words and four characters.

The old timers' contest resulted as follows: First prize, A. S. Ayres, New York, United Press, 229; second prize, Fred Catlin, New York, Western Union Telegraph Company, 217; G. M. Eitemiller, 194-4; J. H. Dwight, 138-7. First prize, $50; second prize, $40.

A Fugitive from Justice.

PHILADELPHIA, April 11.—A. E. Weiler, a farmer, who is extensively known throughout eastern Lancaster County as a commission merchant, is a fugitive from justice. He is charged with forging the name of Peter Worst to a bond whereby he obtained possession of the farm he has lately lived on. He is also accused of forging the names of Worst and J. K. Stoltsfus on numerous notes to the amount of $3,000. Weiler also imposed a number of spurious notes on private individuals who discounted them.

Pulled Off the Rocks.

BUFFALO, N. Y., April 11.—The steamer Cayuga which went on the rocks in the recent storm has been pulled off by tugs. She is a staunch vessel and her owners say she has not sustained serious damage. She will be docked and examined.

BOYS ON STRIKE.

One Thousand Hands Affected and a Factory Compelled to Shut Down.

PITTSBURG, Pa., April 11.—A general strike of boys employed in the Penn avenue factories and glass houses for more wages seems to be in the air. Yesterday 75 boys employed in the Corr factory of Armstrong Bros. & Co. struck, demanding an increase of fifty cents a week. The strike throws the entire factory into idleness. There are 900 employes. The boys are paid from $3 to $5 a week. The firm will advertise for new boys and will ask for police protection.

The boys employed in McCully's flint and green glass houses joined the strike at Hamilton's factory and demanded an advance of wages. One thousand men and boys are affected by the two strikes. The boys made arrangements for the strike so quietly that not one of the blowers knew anything about it until the signal was given and they left the factories.

THE POLICE CALLED IN.

The Followers of Bishop Esher Barred Out of the Conference.

CHICAGO, April 11.—The Conference of the General Evangelical Church delegates, being held in the Sheffield Avenue Church, was begun, as was predicted, with a row, and the police were called in.

Soon after the meeting assembled at 9 o'clock the crowd in front of the doors became so dense that the street cars were stopped. Deacon Bergman, of the Bishop Dubs faction, who were inside and in possession of the church, locked the doors and prevented the entrance of Bishop Esher and his followers. The greatest commotion followed.

The followers of Bishop Esher finally withdrew and started up a conference of their own in a neighboring church.

Completed His Great Ladder.

KEARNY, N. J., April 11.—John Phillips, who has been engaged for the past week in placing a line of ladders to the top of Clarke's great chimney has finished his work. He covered the top of the chimney with planking, and arranged a block with which to hoist the masons from the interior of the chimney to the top. The masons will ascend in a chair carrying two lanterns, and will make a minute examination of the extent of the injuries sustained by the stack as the result of its being struck by a recent lightning bolt.

Ives the "Boy Wonder" Beats Slosson.

CHICAGO, April 11.—Slosson and Ives were the contestants in last night's game of the billiard tourney. Slosson was to play 500 points to 275 for Ives. Slosson started in good form, but when Ives counted 79 buttons in the ninth it seemed as if Slosson lost heart, and thereafter did not play his game. Consequently, the "boy wonder" who played steadily, beat him, leaving him 57 points to go. The score—Ives 275, Slosson 443.

BOSTON, Mass., April 11.—The North Baptist Association, at an excited meeting, voted to give the Perkins street Baptist Church of Somerville three months to reverse its action granting letters to the late pastor Rev. PUSHING THE SILVER QUESTION.

A Majority of the Senators Said to be in Favor of Free Coinage.

Senators and Representatives in Caucus. Nine More Chinamen Intercepted—A Souvenir for the President from Minister Snowden—Lieutenant Steele Reprimanded and Sentenced.

WASHINGTON, April 11.—The report of the Committee on Banking, appointed by the International American Conference to consider methods of improving and extending the banking and credit system between the several countries represented in the conference, is made public.

The committee is of the opinion that the commerce between the American countries might be greatly extended if proper means could be found for facilitating direct exchanges between the money markets of the several countries represented in this conference, even if there were no improvements in transportation.

After considering various methods to accomplish this the committee believes that the best means for facilitating the development of banking business, and, generally, of financial relations between the markets of North, South and Central America, as well as for improving the mechanism of exchange without calling on any government whatever to exceed its proper functions, would be the passage of a law by the United States incorporating an international American Bank, with ample capital, with the privilege on the part of the citizens of the several countries in the conference to take shares in such bank pro rata to their foreign commerce; which bank should have no power to emit circulating bank notes, but which should have all other powers now enjoyed by the national banks of the United States as to deposit and discount, as well as all such powers as are now possessed by firms of private bankers in the matter of issuing letters of credit and making loans upon all classes of commodity, buying and selling bills of exchange, coins, bullion, and with power to indorse or guarantee against proper security and generally to do whatever can already be done by the great banking firms who are carrying on their business without the aid of corporate charters under the laws of a general partnership.

THE SILVER QUESTION.

The Republicans of the Senate and House Discuss the Subject in Caucus.

WASHINGTON, April 11.—A meeting of the committee appointed by the Republican caucus to consider the silver question was held last night at the home of Senator Sherman. Some progress was made, but the bill to be presented to the caucus was not definitely determined on.

One point has been made clear during those deliberations thus far—that something very like unlimited coinage is to meet with the approval of the Senate at this session of Congress. The work of the caucus committee now is directed to preparing a compromise measure on which the Republican members of the Senate can unite, but the information has come to the Republican Senators with some directness that the Democratic Senators will vote almost without exception for free coinage and as several Republican Senators must vote with them on this point free coinage (so far as the Senate can determine the question) seems almost assured.

This information comes from the most reliable sources, and it is the information on which the Republican caucus committee is acting. Some of the Republican Senators are bitterly opposed to unlimited coinage, and how to reconcile them and the silver advocates so as to prevent a split in the Republican ranks is the problem with which the caucus committee is wrestling.

The Republican members of the House held a caucus last night to consider party policy. The silver question was taken up immediately and discussed at great length. During the discussion a remarkable feeling in favor of unlimited coinage developed, and if present indications are of any value the House and Senate will join before long in passing a bill providing for free coinage.

A Cane for the President.

WASHINGTON, April 11.—Seymour L. Rau, of Philadelphia, called at the Executive Mansion and on behalf of A. Loudon Snowden, of Philadelphia, now Minister to Greece, presented to the President a gold-headed cane. Engraved on the head of the cane is this inscription: "This cane was cut from the yoke which supported Independence Bell in 1876. To President Harrison."

Postmasters Appointed.

WASHINGTON, April 11.—The following nominations of postmasters were sent to the Senate by the President: Massachusetts, George P. Lyon, Weymouth. New York, G. I. Skinner, Bainbridge. Maryland, J. W. Shuck, Cumberland. Pennsylvania, N. H. Wilson, Downingtown; W. K. Chestnut, Renovo; D. S. Clark, Kingston. New Jersey, S. Phillips, Burlington.

Nine More Chinamen Intercepted.

WASHINGTON, April 11.—The Secretary of the Treasury sent to the Senate a copy of a telegram received from the Collector at San Diego, Cal., telling of the arrest of nine more Chinamen who were trying to smuggle their way from [illegible] into the United States.

TO-MORROW'S GAME.

The Crescent League's New Nine Will Meet Newark's Strong Team.

To-morrow afternoon on the Crescent League's grounds, LaGrande avenue, the baseball season will be opened and Plainfield's new nine will appear for the first time together. The Crescent's players have been already described and their records given in THE PRESS, but a little something about the nine they will meet to-morrow, may be interesting. They are good ones, too.

The Star Athletics, of Newark, this year, are the strongest semi-professional nine in that city. They have greatly strengthened their club by securing Jos. Nealis, late of the Norfolk Club, as catcher. Hetgell, from last season's Newark Club, pitcher, and Carlin, formerly of the Elmiras, and now playing with the Hot Springs, (Ark)., Club.

Consequently, if Plainfield wins to-morrow, its standing at the head of New Jersey's clubs will be at once assured.

PARTICULAR MENTION.

Young of Plainfield, and Miss Lava, of this place, were united in the bonds of matrimony at the bride's home on Saturday morning, the Rev. J. C. Clyde, D. D., officiating. The happy pair left on the 12:59 train.

There was an unusual scene at the station this morning, when the 10:05 train left for New York. Miss Murray and Miss Demarest were starting for Albany, and a large party of ladies and gentlemen were giving them what is commonly called a "send off." Secretary Manning of the Y. M. C. A., distributed quantities of rice among the gathering, and it was showered on the departing young women, mingled with kisses, farewells and good wishes.

It will be known hereafter as the Jr. O. U. A. M. Hall. AN UNEXPECTED ATTACK.

Dr. R. J. Shaw is Thrown Down by a Concealed Enemy on East Front Street, Last Night.

Dr. R. J. Shaw was stood on his head by a banana peel, last night, about 10:30 o'clock. This morning he is filled with pain and an earnest assurance that the banana peel must go.

Dr. Shaw was on his way home when he met the peeling just opposite No. 28 East Front street. He was not suspecting an attack from any quarter, and, besides, had a bottle of "milk" in one hand. He was thrown down, his hand severely cut by the bottle breaking, and he was almost drowned in the milk. The fall was a bad one but fortunately no serious injury resulted. The doctor struck on his left shoulder, though it is his right side that is hurt the most.

It is supposed from that fact, that the banana peel jumped on him after it threw him down.

FAMILY TESTIMONY.

We have filed the story away with other testimony in the same relation that has been furnished us by another of Carey's brothers-in-law, Mr. R. W. Mahafee, of this city.

An Accident at Ponds.

Frederick Thompson, an employe at the Pond Machine Tool Co, met with an accident this morning which nearly resulted in his death, The man was working around a heavy casting which was being transferred from one part of the shop to another by one of the steam cranes, when in some unaccountable manner he was struck on the head by the casting, inflicting deep scalp wounds.

The injured man was taken to Muhlenberg Hospital, where Dr. J. B. Probasco dressed the wounds. Later he was taken to his home at No. 212 West Front street. Mr. Thompson is a young man, and has been married but about seven months.

QUESTIONS YOU'LL ALL BE ASKED.

They Are Only a Very Few, and Very Simple, But Who Will Answer Them?

Preparations for the great work of taking the census next June are now nearly completed. The actual work of enumeration will cover about one month when the returns will be sent to the census bureau from all parts of the Union and the work of classification and combination will begin. The entire country has been divided into 175 Supervisors' districts and under each one of these Supervisors there will be from 150 to 200 or more enumerators, and each of these enumerators will have his boundaries of work fixed and his work classified as closely as possible. No enumerator will have over 4,000 people to look after.

The army of enumerators some 35,000 strong will begin their work simultaneously on the 3d of June and must complete their labors within a month. The enumerators will be residents of their respective fields and presumed to be personally familiar with a good share of the people whom they visit.

As a matter of interest to the people of Plainfield, THE PRESS appends the list of questions which the enumerators will carry with them to be answered:

1 Give Christian name in full, and initial of middle name, surname.

2 Whether a soldier, sailor or marine during the Civil war (United States or Confederate) or widow of such person.

3 Relationship to head of family.

4 Whether white or black, mulatto, quadroon, octoroon, *Chinese, Japanese or Indian.*

5 Sex.

6 Age at nearest birthday. If under one year, give age in months.

7 Whether single, married, widowed, or divorced.

8 Whether married during the census year (June 1, 1889, to May 31, 1890).

9 Mother of how many children, and number of these children living.

10 Place of birth.

11 Place of birth of father.

12 Place of birth of mother.

14 Number of years in the United States.

14 Whether naturalized.

15 Whether naturalization papers have been taken out.

16 Profession, trade or occupation.

17 Months unemployed during the census year (June 1, 1889, to May 31, 1890).

18 Attendance at school (in months) during the census year (June 1, 1889, to May 31, 1890).

19 Able to read.

20 Able to write.

21 Able to speak English. If not, language or dialect spoken.

22 Whether suffering from acute or chronic disease, with name of disease and length of time afflicted.

23 Whether defected in mind, sight, hearing or speech, or whether crippled, maimed or deformed, with name of defect.

24 Whether a prisoner, convict, homeless child, or pauper.

25 and 26 Is the home you live in hired, or is it owned by a member of the family?

27 If owned by head or member of family, is the home free from mortgage incumbrance?

28 If the head of the family is a farmer, is the farm which he cultivates hired, or is it owned by him or by a member of his family?

29 If owned by head or member of family, is the farm free from mortgage encumbrance?

30 If the home or farm is owned by head or member of family, and mortgaged, give the postoffice address of owner.

It is important and desirable that every one should be acquainted with the scope of the inquiry and that correct information shall be furnished. Some of the questions may seem searching and people may be reluctant to reply; but it should be remembered that the information is private and will be held as such by the Census officials. Besides a severe penalty may be imposed upon persons refusing to give the desired information.

Evangelist Mills to be Sent For.

The board of directors of the Y. M. C. A., entertained the clergymen of the city with a supper prepared by the ladies "9," last evening. Among the guests were the Revs. Dr. Ketcham, Dr. Yerkes, Dr. Lewis, Dr. Rodman, and Messrs Richards, Mitchell, Dilts and Schenck.

The principal subject of consideration was the inviting of Evangelist Fay Mills to come to Plainfield. This wonderful young revivalist is the one who a few weeks ago was doing such remarkable work in the making of converts all over the State, that THE PRESS sent a reporter to New Brunswick to write up an account of his personal appearance and methods.

At a meeting of the Plainfield ministers at the time, it was decided not to invite Mr. Mills to come to this city. But last evening the good cheer set forth by the ladies, and the persuasive powers of the Directors, changed the minds of the clergymen, and they have decided to send a joint invitation to Mr. Mills to come as soon as he can. It is said, however, that the evangelist has already engagements that cover two years to come.

Presenting Resolutions of Condolence.

Chairman Wm. C. Smith and Messrs W. R. Northup, M. C. Dobbins John Emmons and Captain Wm. H. Hand, constituting the new Council of Administration of Winfield Scott Post, No. 73, G. A. R., met last evening and audited the report of the Quartermaster.

The members then adjourned to the late Isaac Brokaw's residence on Duer street, North Plainfield, where they presented Mrs. Brokaw with a set of engrossed resolutions, condoling the death of their late Commander, and also a photograph of the handsome floral design presented by the Post on the day of the funeral. Mrs. Brokaw was visibly affected as she accepted the tokens showing the high esteem in which her husband was held by the Post.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor *Enquirer*, McArthur, Ohio.

THE DAILY DISH OF POOL-NEWS

And a Correct Programme of the Presbytery Meeting in Plainfield.

The Spring meeting of the Presbytery of Elizabeth, will be held in the First Presbyterian church of this city, and will be opened on Monday evening, April 14, at 7:45 o'clock by a sermon by the retiring Moderator, Dr. Teal of Elizabeth.

On Tuesday evening there will be a popular service with addresses as follows: The Rev. J. H. Owens of Perth Amboy; the Rev. E. B. Cobb of Elizabeth; and the Rev. G. H. Payson, of Rahway, on the topics of "Consecration," "Growth," and "The Christian's duty and wisdom as to the impenitent," respectively.

The report of the Committee on Revision will be presented for discussion and action at 10 o'clock on Tuesday morning, by the chairman, Dr. Kempshall of Elizabeth.

All the sessions and services are public, and the public is cordially invited to attend. In this connection the following from last night's *news* might have been seen by someone, and it again devolves on THE PRESS to show where the customary errors are:

The annual meeting of the Elizabeth Presbytery will be held in this city on Monday and Tuesday of next week, and will be a session of much interest.

Rev. Dr. Teal, of the Westminster church, Elizabeth, will preside. Among the matters of interest will be a report of the confession of faith.

The report has been prepared by Rev. E. B. Cobb, of the second church, of Elizabeth; Rev. Mr. Owens, of Perth Amboy, and Rev. Mr. Payson, of Rahway. It will be read on Thursday morning at 10 o'clock.

The above has the following mistakes—the meeting is not an "annual"—but "Spring"—or semi-annual meeting. Dr. Teal, the retiring Moderator, will open with a sermon, but a newly elected Moderator "will preside." The "report" is the report of the committee on the *revision* of the confession of faith.

The report has not been prepared by the Rev. Messrs Cobb, Owens and Payson, who have nothing whatever to do with it—and it will not be read "Thursday" morning at 10, but on Tuesday. As has been remarked before: If you don't see it in THE PRESS it isn't so.

WESTFIELD AVENUE PREFERRED.

Union County Freeholders to be Asked to Make It the County Road to Plainfield.

A big petition is to be presented to the Freeholders of Union county at the next meeting. Residents of Elizabeth and some of the outlying townships will ask that the line of one of the proposed county roads be changed. Instead of constructing it from Jersey street through Elmora, they want Westfield avenue.

It is claimed that Westfield avenue is a more direct route, because it passes through the villages of Cranford, Westfield, Fanwood and other places on the line of the Central Railroad. Besides, it is regarded as much safer, as it does not run near or cross any railroad tracks. It is said that many citizens heretofore in favor of the Jersey street route are now *in favor of Westfield avenue.*

The Board is opposed to making any change in the county roads, but if it can be satisfactorily demonstrated that the best interests of the people of the county would be subserved by adopting the route via Westfield avenue to Plainfield, it may be agreed to.

Reform Club.

Another interesting meeting, under the new order of exercises, was held in Reform Hall, last evening. After a solo by Mrs. King, and very appropriate readings by Col. Dietrich and Mr. George F. Opdyke, questions were submitted and elicited a lively discussion. President Harper announced as the topic for next Thursday evening—"What effect has the liquor traffic upon political morality and the public expense?" Debate open for all.

New Brunswick Wants a Charity Ball.

The New Brunswick *Home News* says editorially, in yesterday's issue:

"Plainfield, which is about half the size of New Brunswick, realized nearly $2,000 the other night for Muhlenberg Hospital by a charity ball. Why cannot the society people of this city raise $2,000 for the Soldiers' Monument by a charity ball?"

Memorial Day Detail.

The following persons constitute the Memorial Day detail appointed by Winfield Scott Post, No. 73, G. A. R.: Chairman, I. McVoy; Secretary and Treasurer, W. W. Coriell; H. C. Drake, Samuel Reece and William Day, the latter of Scotch Plains.

—A partial test of the six wells now sunk by the Water Works company of Plainfield, will be made to-morrow afternoon at three o'clock.

Redly the firelight shines through the room,
Chasing away all the shadow and gloom;
Light-hearted children are prattling in glee;
Father is as happy as can be,
For the wife and mother who suffered so long,
Is getting her health back and soon will be strong,
And who is so happy as she is to-night,
As she thinks of the shadow that's taken its flight—

the shadow of disease that darkens so many homes, and makes the life of wife and mother one of terrible suffering. How pleased we are to know that at last a remedy has been found. It comes to cheerless homes with "glad tidings of great joy." Dr. Pierce's Favorite Prescription has done for women what no other remedy has done, or can do, and it is not to be wondered at that women who have been cured by it are so enthusiastic in its praise. It is the only medicine for women sold, by druggists, under a *positive guarantee* from the manufacturers of satisfaction, or money returned.

Indigestion

Is not only a distressing complaint, of itself, but, by causing the blood to become depraved and the system enfeebled, is the parent of innumerable maladies. That Ayer's Sarsaparilla is the best cure for Indigestion, even when complicated with Liver Complaint, is proved by the following testimony from Mrs. Joseph Lake, of Brockway Centre, Mich.:—

"Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony, was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I commenced the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an improvement in my condition. My appetite began to return and with it came the ability to digest all the food taken, my strength improved each day, and after a few months of faithful attention to your directions, I found myself a well woman, able to attend to all household duties. The medicine has given me a new lease of life."

MOBBED A MARQUIS

Thousands of Anti-Carlists Surround His Hotel.

SEVERAL BUILDINGS FIRED.

The Military in Command of Valencia and the Garrison Under Arms.

Terrible Suffering Endured by the Passengers of the Steamer Avoca—John Burns in Poor Health—Chamberlain Denounces Gladstone's Home Rule Measure—A Duel Fought With Swords.

MADRID, April 11.—The Marquis of Cerralbo, the Carlist leader, arrived here last evening. His coming had been previously announced and thousands of anti-Carlists assembled at the railway station to express their destestation of him and his cause.

As he stepped from the train he was greeted with jeers and groans and the whole crowd followed him to his hotel. As he entered the hotel the mob attacked the building with stones and endeavored to set fire to it. The military was summoned and charged upon the rioters, wounding many of them, some seriously.

Later a mob of 2,000 invaded the Carlist club rooms, and set fire to the furniture and endeavored to obstruct the work of the firemen. The crowd then smashed and burned a carriage standing in the courtyard.

Another mob attempted to burn a church. The troops prevented them from firing the building but were unable to disperse the crowd, which constantly increased in numbers. Finally the mob raised two barricades in the streets and took positions behind them. The military authorities have taken command of the city, and the whole garrison is under arms.

The members of the Carlist Club fired revolvers into the crowd and severely wounded three of the rioters. The mob made an attempt to sack the Jesuit College, but were prevented by the military. The troops occupy all the points likely to be attacked by the rioters.

SUNK AT SEA.

The Passenger Steamer Avoca Goes Down in a Collision but No Lives Lost.

LONDON, April 11.—The British steamship North Cambria, Capt. Roberts, from Baltimore March 29 for Hamburg, arrived at Dover in a leaking condition. Her bows were stove and her fore compartments filled with water as the result of a collision with the passenger steamer Avoca, at midnight Wednesday. The latter vessel, which was bound from London for Dublin, was sunk. No lives were lost.

The North Cambria struck the Avoca amidships with great force and cut half way through her hull. There were 12 passengers, including several women and children.

A scene of confusion followed the collision. The terrified passengers rushed partially clad from their berths to the deck. The boats, five in number, were promptly lowered and the passengers and crew, in all 37 persons, hastily rowed away a short distance.

After the boats had stood by the sinking steamer for two hours, the North Cambria picked up their occupants and carried them to Dover.

The passengers of the steamboat Avoca related a tale of terrible suffering. Many of them were absolutely naked and exposed to the bitter cold in open boats they were chilled to their bones. A few of them were fortunate enough to secure blankets in which to wrap themselves, but even these coverings afforded but slight protection from the biting wind.

Offended the British Premier.

LONDON, April 11.—A dispatch from Monte Carlo says that Lord and Lady Salisbury appeared at the entrance to the Casino last evening without tickets and were denied admission. The British Consular officials were summoned, whereupon tickets were procured. The most profuse apologies were tendered Lord Salisbury who, after producing and signing a blank passport, refused to enter the building and stalked indignantly away.

Italy Refuses Financial Aid to Rome.

ROME, April 11.—The inquiry into the financial condition of this city shows the situation to be worse than that indicated by the most gloomy anticipations. As the Government refuses to come to the aid of the municipality, a crash with numerous resulting failures is expected.

Attacked a Catholic Church.

BERLIN, April 11.—The Roman Catholic Church at Hoyerswerda, a small town in Prussian Silesia, was stormed by the Protestants, who demolished windows and pictures and even laid sacrilegious hands on the crucifix. The riot was the result of a feud of long standing.

Meeting of the Emperors.

PARIS, April 11.—The Figaro says the meeting between the Emperors of Germany and Austria, which will take place at Wiesbaden to-day will be devoted in great part to discussion of the feasibility of reducing the armaments of the powers.

New Forts for Switzerland.

PARIS, April 11.—Switzerland has commenced the construction of forts at Mont Fourka and St. Maurice in the Canton of Valais. This action has been at the suggestion of France, confidentially made to the Swiss authorities.

Chamberlain's Idea of Home Rule.

LONDON, April 11.—Mr. Joseph Chamberlain in a speech at Birmingham last evening said that Mr. Gladstone's home rule scheme was born of deceit, nurtured by evasion and enshrined in mystery.

Fought a Duel With Swords.

PARIS, April 11.—M. Borrighone, an ex-member of the Chamber of Deputies, and M. Edwards, director of the Matin, fought a duel with swords. Edwards was wounded in the arm.

BREAK FOR LIBERTY

Two Convicts Escape from Sing Sing Prison.

ALMOST KILLED THEIR GUARD.

They Gain the Woods but Are Captured by Prison Officials.

Desperate Fight in the Prison—The Keeper Knocked Down by a Terrible Blow and His Hands and Legs Bound. The Prisoners Capture the Keys and the Deputy Warden's Clothes.

SING SING, N. Y., April 12.—Last evening Deputy Warden Connaughton of the State prison saw Leander See, one of the guards, crawling down stairs in the prison covered with blood, his clothing torn and his hands tightly bound with rope. He had been assaulted by some of the convicts and an escape made from the prison.

Keeper See had taken James Kelly and Michael Feeney, two convicts, to clean the old female prison prior to locking the prisoners up for the night. As they entered the building Kelly saw August Clint, the only convict in the building, cleaning lamps. Kelly grabbed Clint and threw him into a cell and lock the door. Feeney grappled with the guard and a desperate struggle ensued.

Before See could draw his revolver or make any outcry he was knocked down by a blow on the head with a hammer given by Kelley. His keys and revolver were taken from him and he was beaten into insensibility and bound hand and foot. Kelley and Feeney then went to Keeper Pier's room and donned two suits of Pier's clothing, and going down stairs unlocked a side door and made for the woods toward New York city.

On recovering consciousness Keeper See managed to loosen the rope and crawl down stairs. Warden Brush called out the reserve guard, and armed with carbines they began the search for the escaped men. They came up with them several miles from the prison in the woods. They were ordered to throw up their hands, which they did, and were quickly handcuffed and taken back to the prison.

The guard will receive the standing reward offered by the State of $50 for the recapture of each escaped prisoner. Keeper See, although badly injured, will recover. He was taken to the prison hospital.

Feeney and Kelley are desperate New York criminals. Feeney is serving a 10-year sentence. Kelly served 20 years in Clinton prison and while there attempted to kill Keeper Gray. He is about 48 years old and has served more than half his life in prison.

UNION WORKMEN GO OUT.

Fourteen Hundred Quit Work to Support One Organization.

NEW YORK, April 12.—A general strike of the building trades has been inaugurated by the Board of Walking Delegates in order to sustain the Housesmiths Union as against the firm of Paulsen & Eger, who signed an agreement to comply with union rules and afterwards refused to keep it.

Upwards of fourteen hundred housesmiths, plumbers, gasfitters, steamfitters, carpenters, stair builders, painters, varnishers, marble cutters, hodhoisting-machine engineers, electric wiremen, tile layers, framers, etc., refused to resume work at one o'clock on all the buildings upon which work is being done by Paulsen & Eger.

The cause of all the trouble is a disagreement between the above firm, who own the Hecla Iron Works, and the men in their shops at Greenpoint.

RAPIDLY SINKING.

Ex-Speaker Randall's Death Expected at Any Moment.

WASHINGTON, April 12.—Representative Randall is sinking very rapidly, and his physicians express the fear that he will not live the day through.

During the night there was little change in his condition except a growing lethargy which gradually merged into almost complete unconsciousness. He was able at intervals to recognize members of his family until early this morning.

The Chicago Carpenters' Strike.

CHICAGO, April 12.—The Carpenters and Builders' Association declined to consider the journeymen's proposition to arbitrate the differences between them or to recognize the union in any way whatever. The struggle between the strikers and the association now settles down to a trial of strength. The association also decided to immediately begin work with non-union men who were willing to work, and this action promises trouble in the near future.

Jamaica Ginger Killed Him.

DOVER, N. H., April 12.—John Kehoe, aged 23, of Lynn, Mass., and Harry Kimball, of Norwood, N. H., both shoemakers obtained at Trickett's drug-store in Northwood a quart of Jamaica ginger, as the best substitute for liquor they could find. They drank it between them and Kehoe died in two hours in great agony. Kimball suffered intensly through the night, but is considered out of danger.

Bought by a Syndicate.

BUFFALO, N. Y., April 12.—The property of the Buffalo International Fair Association was bought at public sale by a syndicate represented by Mr. William Hamlin. The bid, which was the only one put in, was $267,522, and Mr. Ansley Wilcox, the referee, accepted it.

SHE SWORE FALSELY.

Peter Johnson Serving a Term in Prison on Account of Perjury.

BURLINGTON, [N. J., April 12.—Peter Johnson of Riverside was arrested about a year ago on the charge of assaulting Agnes Smith, a little girl seven years old, and on the evidence of her mother was convicted and sentenced to serve a term of two years in State prison. The people of Riverside were astonished when Mrs. Smith publicly made the assertion that she perjured herself and unjustly sent Johnson to prison.

At the time of the alleged crime Mrs. Smith was in financial difficulty, and knowing that Johnson had considerable money, appealed to him for the loan of $500. He refused to comply with her request and she preferred the false charge that sent the innocent man to jail.

Several of the people of the town have got out petitions, which are already numerously signed, and will be sent to the Board of Pardons, at Trenton, requesting his release. He will again be a free man in a few days, and it is not improbable that he will take action against Mrs. Smith and her daughter for perjury.

TRAIN MEN TALK STRIKE.

A Meeting Called for To-Morrow Night to Decide the Question.

PITTSBURG, April 12.—A meeting of the Federation of Railroad Employes has been called for to-morrow evening. It is said action relative to the discharge of sixteen of the oldest conductors on the Fort Wayne lines is the object. The rumor is that the company will be asked to state why these men were discharged.

One of the conductors said: "If that information is withheld we will ask for their reinstatement. If that request is disregarded we may call out all train men." Considerable dissatisfaction exists among brakemen on passenger trains because it seems to be the policy of the company to keep them out of the line of promotion.

An official of the Pennsylvania company stated that the men had been discharged for good cause and it would be foolish for the employes to make a demand for their reinstatement.

Bank Depositors Up All Night.

NEW YORK, April 12.—There is a run on the Long Island City Savings Bank to-day, owing to the quarrel that is in progress among its officials. A number of servant girls and other small depositors were standing in front of the building all of last night in order to be first at the teller's counter this morning. The trouble is caused by the refusal of Cashier and Secretary Smedley to allow his books to be examined; a course in which he was upheld by a tie vote in the board of trustees. Vice-President Appleton and Director Livingston have resigned on this account. They claim that something is wrong.

Killed While Serenading.

NEW CASTLE, Pa., April 12.—Peter Shoaf and Amanda McEwan were married at Plain Grove, near this city, and the young men prepared to serenade the couple. John G. Montgomery was selected to lead the charivari. He carried an old Harper's Ferry rifle, the report of which was to be the signal for the pandemonium to begin. When he fired the heavily loaded rifle it exploded, and a large section of the barrel tore his head almost from his body.

Convict Ward's Hard Luck.

SING SING, N. Y., April 12.—Convict Ferdinand Ward, who is deeply affected by the death of his wife, was not granted permission to attend her funeral. He hinted to the warden that he would like to go, but the warden assured him that the prison rules would not permit it. Ward's sister called at the prison and he requested her to take a rose and place it in the hands of his dead wife. The flower was taken from the conservatory in the prison grounds.

On Trial for Murdering His Housekeeper.

NEW PORTLAND, Me., April 12.—In the preliminary hearing of M. W. Norton, of Skowhegan, charged with murdering his housekeeper, Mrs. Cooley, one witness testified that Mrs. Cooley, in speaking to him of Norton's threat to discharge her, said she knew enough about Norton to put him in prison for causing the death of a man some years ago. Norton's counsel fought against the admission of this evidence.

The Founder of Seabright Dead.

RED BANK, N. J., April 12.—Mifflin Paul, the founder of Seabright, died at his home there in the morning, of heart failure, of the age of 76 years. He was very wealthy and owned a large amount of property at this place, besides orange groves in Florida and much real estate at Weehawken, N. J. He was probably the oldest railroad man in New Jersey.

New Management for an Old Paper.

BOSTON, April 12.—The Boston Evening Traveller is to pass under the control of its new proprietors on the 26th of this month. Mr. E. Wardner of the Record will be general manager; Mr. W. H. Webster, now cashier of the Traveller, will be business manager, and Mr. King of Kansas will be treasurer. A managing editor has not been selected.

Two Futile Attempts to Kill His Wife.

PHILADELPHIA, April 12.—Herman Myers committed suicide last night after making two futile attempts to kill his wife, who had left him on account of ill treatment. The tragedy occurred at 380 Lithgow street, where Mrs. Myers was living. Myers was 28 years old and had no permanent residence.

Col. Fellows Recovering from Pneumonia.

NEW YORK, April 12.—The physician attending Col. J. R. Fellows says his patient is recovering from an attack of pneumonia.

IN HER MOTHER'S ARMS.

A Happy Reunion after a Separation of Forty Years.

SHAMOKIN, Pa., April 12.—A remarkable case of the reunion of mother and child after 40 years of hopeless separation occurred here yesterday. Mrs. Sadie Krechebanm, who was stolen from her home when 5 years old, has returned to her mother's arms, but she is now a woman 46 and the mother of several children.

Mrs. Krechebaum is the daughter of John Gilbert of Northumberland, Pa., whose nearest neighbor was John Malthias, a childless farmer. In 1850 Malthias moved to Indiana, at which time he kidnapped the five-year-old girl. Gilbert spent his fortune in the search for his child and died heart-broken. The little girl grew up in absolute ignorance of her parentage until it was revealed to her a few months ago, upon the death of her abductor. She at once came on here, found her mother, who is again a widow, and will take her to her Western home, which is now in Youngston, Ohio.

END OF THE MILK WAR.

The Producers Union Compelled to Surrender to the Exchange.

NEWBURGH, N. Y., April 12.—The milk producers of the Homer Ramsdell Transportation Branch Union have surrendered to the milk exchange. After a 10 days' unequal fight and much sacrifice on the part of farmers, who have been spilling their milk rather than sell at unprofitable prices.

At a meeting held here President J. K. Brown said he had come to the conclusion that the union was making a mistake in fighting the exchange and advised to throw up the sponge. There was a heated debate, the result being a resolution was passed authorizing the members to sell the milk on the best terms they could, and to whom ever they wished.

Telegraphers Will Try Again.

NEW YORK, April 12.—The judges' decisions in the telegraph tournament are not satisfactory to several of the contestants and another trial will soon take place. W. L. Waugh, F. J. Kihm of the United Press and W. M. Gibson will arrange a sweepstakes of $100 each, open to the world (Messrs. Pollock, Roloson and Catlin preferred), to send 1,000 words of regular press matter, to be selected by some disinterested party and not to be seen by the contestants until the start, which must be copied by a receiver on the typewriter, the sender finishing the matter first, and who shall have been adjudged by capable judges to have done the best work, to be awarded the prize.

Three Attempts to Kill Himself.

WESTERLY, R. I., April 12.—Nathan Bliven, 45 years old, who weighs 250 pounds, has been suffering from measles and melancholia. He fired both barrels of a shotgun at his head early in the morning, but failed to killed himself. He then reloaded the gun, and while endeavoring to place the muzzle in his mouth for a third attempt was interfered with by his mother. The charges exploded and blew off one of Bliven's shoulders and badly lacerated his mother's hand. Bliven will probably die.

The Norton-Myer Fight is Off.

NEW YORK, April 12.—The glove contest between Charley Norton of Newark, the ex-champion light-weight, and Billy Myer of Streator, Ill., ten rounds, for a purse of $1,100, arranged yesterday, and which was set for April 28, in the Puritan Athletic Club, Long Island City, has been declared off by the club. The reason given is that the McCoy and Reagan match is to occur in their hall May 1, and the club management do not want two contests with so little time intervening.

Mother and Daughter Released.

CHICAGO, April 12.—A dispatch from Osage, Kansas, says that Mrs. Griffith and her daughter, of Niles, Mich., alleged to be the noted old Mrs. Bender and Kate Bender, have been released on habeas corpus proceedings. They introduced the affidavits of the matron of the Michigan Penal Institute, showing that Mrs. Griffith was confined there for manslaughter at the time the Bender crimes were committed. Affidavits were also introduced proving an alibi for the daughter.

Spoiled the Scholars' Scheme.

NEW HAVEN, Conn., April 12.—A dozen boys and girls in the Hillhouse High School have been detected in a plot to obtain advance copies of the annual examination papers. They were in league with a printer's apprentice. The latter was caught in the act of taking a proof copy of the papers while the printers were at dinner, and the plot was thus spoiled.

It Was Not a British Flag.

BOSTON, April 12.—The trouble over the flags in the Lincoln school in Brookline is ended. The principal says the scholars who withdrew have probably been wrongly led to believe that the British flag was to be placed over the school. The flag presented by the British-American Society was the stars and stripes.

A New Shipbuilding Company.

NEW BEDFORD, Mass., April 12.—A company is being formed with a large capital to establish a plant here for building iron and steel sailing and steam ships of large capacity, adapted for foreign trade. The company promises to begin operations as soon as the Farquhar Subsidy bill is passed.

He Rides Up to Bed.

The *Pall Mall Gazette* of London said: "A gentleman named Canary is about to appear at the Aquarium in what is said to be a marvellous and miraculous performance on the bicycle. So clever is he, indeed, that he seems to take the unfortunate machine to pieces and practices some feat of equitation upon each of them, riding the backbone like a witch does a broomstick, whirling on one wheel only, and playing some trick or other with the spokes and handle. He rides up to bed and down to breakfast, sometimes on one wheel, sometimes on another. And if Mr. Canary is knocked off his machine in seventy different ways, he has seventy modes of mounting. Needless to say, the gentleman is an American."

This Canary is to appear at The Crescent, next Monday and Tuesday evenings. There is also to be a match game of polo for the New England championship, and a game of polo on bicycles. All for 25 cents.

Experience Teaches a Lesson.

Nothing but bitter experience will teach the average man to beware of buying a horse or any article of merchandise which is offered to him at less than the market price. The temptation of getting something for less than it is worth is too strong for the average man, and he forgets that the probability is that the goods so offered have been secured in a dishonest way. It is especially risky to buy a horse from a stranger, for the chances are always that the horse has been stolen. If it were remembered that stolen goods can be recovered and that the unwary purchaser can be held as criminally guilty, there would be a poorer market for horse thieves and the like.

THE OTHER SIDE OF THE CANE.

It is Headed the "Peculiar Result of a Wager in a Bowling Alley."

[FROM THE N. Y. WORLD.]

The charges against D. W. Littell of Plainfield, were finally investigated by the Plainfield Crescent League last Wednesday evening, and when the question as to his guilt was put to ballot he was refused membership in the League by a majority of two votes.

The accusations against Mr. Littell were for alleged bribery of the pin boys, and alleged scoring from bunched pins. His accusers were Tunis J. Carey and Howard L. Emerson. The pin boys testified that they never received any reward from Mr. Littell for bunching the pins and wholly denied the statement that they were bribed. Members of the club testified that nevertheless the pins had been bunched and that the boys had originally admitted having bunched them.

Mr. Littell claims that the charges were founded merely on political and personal spite and jealousy, and that an unjust conspiracy was formed to defeat him. He claims that several members acknowledge that they voted against him only because they did not wish to see their friend, Mr. Emerson, defeated. He expresses his intention of bringing a suit against the party who accused him of bribery, and against his conspirators, for defamation of character. Mr. Littell claims to have the support of some of Plainfield's highest citizens, and he is willing to rest his reputation in the hands of those who know him best.

One of Mr. Littell's friends sends the following statement of the case: At an investigation before the Crescent League of Plainfield, held on April 2, as to the truth of alleged charges against Mr. D. W. Littell by the so-called Chief of Police, T. J. Carey, for bribing pin boys, it was proved beyond dispute that Mr. Littell did not bribe the boys. The boys swore positively that they never received any money from Mr. Littell nor from any other person; that the pins were not bunched by them for Mr. Littell's personal gain at any time, and that he had not scored from bunched pins. The facts about the disturbance are substantially these: Last January Mr. Littell made several high scores on the alleys, the highest being 246, made on January 4. A member wagered $25 to $5 that Mr. Littell could not make a score of 300 by May 1, 1890. Mr. Littell accepted the wager, and on January 18 he was bowling another high score when a dispute arose about the boys bunching the pins. Mr. Littell was ill for a long time, and that prevented the matter from being brought before the club for a hearing. In the interval it appeared that the foundation for the charge had grown out of political and personal spite and jealousy, and that a conspiracy had been formed by some of the members. It was evident that these members had decided to vote against Mr Littell whether the charges were proved or not. The decision against him was made by a majority of two votes. Friends of Mr. H. L. Emerson, who preferred the charge, have said they voted with him simply because they did not want to see him "downed," although the charges were not proved. Mr. Littell now proposes to institute suits against the person who charged him with bribing the pin boys and against the alleged conspirators for defamation of character. Mr. Littell enjoys a good reputation in Plainfield.

PEARS' SOAP sold at ACTUAL COST

Would be dearer than REYNOLDS' TRANSPARENT SOAP. For example, we sell a cake of clear, perfumed soap for 10 cts., twelve for $1.00 (about 8c. each). Every cake warranted to wear "to nothing" without crumbling.

For those who prefer an opaque soap we have a PALM SOAP superior to any we have ever before handled.

CHURCH NOTES OF GENERAL INTEREST.

Some Items and Figures From the Rev. Mr. Mitchell's "Visitor."

The pastor reported at Conference 523 full members, and 75 probationers; total 598.

Edwin Loomis, Geo C. Martin, and W. R. Codington were elected Trustees at the last annual meeting.

The following persons were united in marriage by the pastor: March 27, David C. Runyon and Mrs. Carrie Lott; April 8, Lewis B. Gamberton and Rebecca A. Smith; April 9, Thomas W. Kerr and Jessie V. Ennis.

The average amount paid by each member last year for the current expenses of the church was eight dollars. If each member had paid only seventy-five cents more there would have been no deficiency. Let there be an advance all along the line this year.

The city pastors dine at the Methodist Parsonage, Monday evening, April 14.

Dr. Carroll delighted a crowded congregation at Central M. E. church, Newark, on Conference Sunday morning.

Master Donald McGee is recovering from scarletina, and Mr. and Mrs. Henry McGee will soon be released from their enforced quarantine.

The floral decorations at Easter were furnished by the Ladies' Aid Society, and Mrs. Clinton VanVliet superintended their arrangement with her usual good taste in such matters.

The following is the financial statement of the church:

The Sunday school has been re-organized with the object of a more thorough grading of the school. The Primary Department has been put in charge of Mrs. Chas. B. Mitchell, with Miss Mary Martin as her assistant. The children will be taught in one large class, and much attention will be given to exercises adapted to young children. Much prominence will be given to music. The ladies in charge of this department have had experience in this kind of work, and it is expected that the change from the old system of separate classes will be an improvement. There are still two classes in the Intermediate Department, in charge of Mrs L. M. French and Miss Sarah Sharp. The Junior Department consists of a five years' course. During the first four years the classes will retain the same teacher. The scholars of the fifth year will be in two classes, each having a separate class-room, and be in charge of Walter McGee and Miss Emma M Gee. The Senior Department is divided into eight classes. There is a Ladies' Class, led by Mr. S. E. Birdsall; a Young Men's Class, in charge of Mr Geo. C. Martin; three Young Ladies' Classes, led by Mr. P. M. Smith, Mr. Ezra Loomis and Miss Adelaide McGee; a Lecture Class of ladies and gentlemen, who will pursue a regular normal course and prepare for teaching, led by Mr. James R Joy; a Reserve Class of ladies and gentlemen, who will study the lesson one week in advance, from which class supply teachers will be taken when regular teachers are absent, led by Mr. G. M. Rittenhouse. When scholars are promoted from the Junior to the Senior Department they will be about sixteen years of age. The promotions from one department to another, or from one class in the Junior Department to another will take place annually at the beginning of the Conference year. Each year a reception will be given in the chapel by the Senior Department to the new members. A similar reception will be held by the Junior Department. The scholars have been assigned to the various classes and departments according to their ages. It is possible some mistakes have been made, but Superintendent Jackson will gladly correct any such errors. The changes have been so radical, and many classes have been so separated from each other and their teachers, that it was a great pleasure to the officers of the school to note the good feeling and willing co-operation of the scholars and teachers. The new arrangements meet with the hearty approval of the Sunday School Board. We now have one of the best graded schools in Methodism, and with our unsurpassed chapel, every needed supply and help, an efficient corps of officers and teachers, and 450 pupils, our school justly ranks among the foremost in the land. All our young people should find a place in some of these classes, and the adult members of our church and congregation will find excellent teachers in the various classes of the Senior Department. The older members of the church should more often visit the school, see what is being done, and encourage the good and thorough work which is being accomplished in this department of the church. Mr. Jas. W. Jackson was again unanimously elected Superintendent, and he has appointed Dr. Huribut and Mr. Geo. R. Cornwell as his assistants.

"CRESCENTS" WIN BOTH.

"Nameless" Drops to Fifth Place, and It's a Tight Race For Second Between the Plainfield Teams.

The Crescent League's bowling team went to Westfield last evening, met the Nameless for the first time in the Central Bowling Tournament, and won both games. That feat made quite a change in the record. The Olympics and Mondays are now tied for second place, with Crescents only six points behind.

Next Tuesday, however, the Mondays meet the Elizabeths and will drop to fourth place. Then Saturday's match on the Crescent alleys between the Crescents and the Olympics, will decide which of the two will be second. But even if the Olympics win on the 19th, they will probably lose two games on the 25th with the Elizabeths—while the Crescents have only two other games to play and those will be on their own alleys with the team they beat last evening.

Mr. Isaac Seeley was umpire. The score was:

CRESCENTS.

DUNELLEN NOTES.

Interesting Items From Plainfield's Suburb.

The Easter exercises in the Dunellen Presbyterian church were of an unusually interesting nature. In the morning, the new pastor, the Rev. Mr. Stinson preached on the Resurrection, and in the evening the children sang carols, gave recitations, and the pastor delivered an address.

The handsome property recently owned and occupied by Mr. J. W. Handren, has been exchanged for a farm in Connecticut owned by Mr. F. J. Ritche.

Mr. Percy Phillips has removed from Dunellen, and taken up his residence on Madison avenue, Plainfield.

The congregation of the Presbyterian church tendered their new pastor, the Rev. Mr. Stinson, a reception on Tuesday evening.

Somerset County Courts.

The April term of the Somerset county Courts will convene at Somerville on Tuesday next. So far as filed there are but seven Supreme Court cases, and four cases in the Circuit Court. In the Supreme Court the first case is that of Wm. H. Shotwell vs. Robt. W. Rice, in tort; R. V. Lindabury; Craig A. Marsh.

In the Circuit Court the only case in which North Plainfielders are implicated is that of W. D. Heebner vs. Adam Fritz On contract. Nelson Runyon; Walter L. Hetfield.

A Fall in Hay.

While a farmer named Kelly of Scotch Plains, was driving along Park avenue with a load of hay, yesterday afternoon, on his way home from Oak Tree, about half of the load fell off in a heap in front of Mr. P. M. Demarest's grocery store. Mr. Kelly was thrown violently to the ground, but sustained no serious injury. The hay was reloaded and Mr. Kelly went on his way after a half-hour's delay.

He Can be Married Now.

Warren Pierson, of Westfield, who fell off a railroad car and severely hurt himself a few days ago, as told exclusively in THE PRESS, was able to be out again yesterday. He was to have been married the day after his fall but the wedding was postponed.

Poisons, such as opium, morphine, etc., ought to be avoided. Hires' Cough Cure is entirely free from dangerous drugs, and costs 25 cents only.

STARTLING NEWS FROM NEW MARKET.

Miss Hallett is Thrown From Her Horse, and Mr. Steiner Catches 19 Cat Fish.

(From Our Own Correspondent.)

Prof Rich, the evangelistic blacksmith and maker of 207 kinds of horse shoes, is preaching here and will remain a week.

John Steiner caught 19 large cat fish in three hours, the other day, and they were not biting very good, either.

The Lehigh Valley R. R., Co., is going to spend a big lot of money in lawns and flower beds about the station in this place.

Miss Alice Hallett, of New Market, and Miss Flora Ward, of New York, were out horseback riding, yesterday, when Miss Hallett's horse was frightened by the cars. It threw her off and her foot catching in the stirrup she was dragged some distance. Her ankle was wrenched out of place, and she will be confined to the house for some time. Her escape from death was indeed miraculous.

Redly the firelight shines through the room,
Chasing away all the shadow and gloom;
Light-hearted children are prattling in glee;
Father is as happy as can be,
For the wife and mother who suffered so long,
Is getting her health back and soon will be strong,
And who is so happy as she is to-night,
As she thinks of the shadow that's taken its flight—
the shadow of disease that darkens so many homes, and makes the life of wife and mother one of terrible suffering. How pleased we are to know that at last a remedy has been found. It comes to cheerless homes with "glad tidings of great joy." Dr. Pierce's Favorite Prescription has done for women what no other remedy has done, or can do, and it is not to be wondered at that women who have been cured by it are so enthusiastic in its praise. It is the only medicine for women sold, by druggists, under a *positive guarantee* from the manufacturers of satisfaction, or money returned.

ANNOUNCEMENT.

On April 1, I reopened the **Riverside Stock Farm Branch Stables, at Nos. 29 and 31 North Ave., Plainfield, N. J.**, with a choice lot of Horses.

I shall endeavor to keep on hand at all times horses suitable for all purposes, but shall make a specialty in coach and carriage teams, roadsters, family and saddle horses.

Believing that there is a growing demand in this city for such a business, I have remodeled my stable, put in large, well lighted box stalls and other improvements and have engaged an experienced salesman, who will be in charge of the business.

By running this stable in connection with, and as a branch of the Riverside Stock Farm Stables, I shall be enabled to select and keep on hand only such horses as are especially suited for this market.

The stock will always be shown, during the week, with pleasure, and you are respectfully invited to inspect the same.

MR. RANDALL DEAD

Pennsylvania's Great Statesman Passes Away.

THE END CAME PEACEFULLY.

Touching Scene at His Bedside at the Last Moment.

His Last Word Addressed to His Devoted Wife—Mr. Wanamaker's Grief—President and Mrs. Harrison Call on the Afflicted Widow—The Funeral to Take Place on Thursday.

WASHINGTON, April 14.—Congressman Samuel J. Randall died at ten minutes past 8 o'clock yesterday morning of internal cancer, after a long and painful illness. He was surrounded by his family, his devoted wife and affectionate children, his daughters Mrs. Lancaster and Susie Randall and his son Samuel, in his last moments.

They had remained with him all night, as it was expected that every moment would prove his last. Ten minutes before he died he was conscious for a brief period. He looked up at Mr. Wanamaker as if he appreciated his presence.

Then he turned his eyes toward his faithful wife, who was holding his hand and weeping. As his eyes met hers a delicate smile lit up his face as he whispered, "Mother."

This term of endearment he always used when addressing his wife. This word was the last the great commoner spoke. He then fell into a collapse. His breathing became more labored, each breathing interval being longer than the last, until the final one came.

Seeing that the end was surely approaching, Dr. Mallan whispered to Mr. Wanamaker, who took hold of the statesman's left hand, the other having been in the grasp of Mrs. Randall. The doctor told Mrs. Lancaster to be ready to give her mother assistance when the final blow fell.

The great Democrat passed away just ten minutes after speaking for the last time. He was unconscious, and the end was as peaceful as a babe dropping to sleep. The blow was a severe one to Mrs. Randall, who had hardly left the bedside of her husband for four days.

There was not a dry eye in the room. The Postmaster-General wept like a child, but he tried to comfort Mrs. Randall by saying her husband had gone to a better land. Dr. Mallan was the first to leave the house and inform the correspondents, who had waited up all night, of the sad news. The doctor said that dr. Randall was taken with a fit of hiccough at 1 o'clock and came near dying.

A taste of plum preserves was given to him and the hiccoughs left him. He rallied some, but another sinking spell soon followed and he became unconscious. At 3 o'clock his suffering became less and he slept then until a few minutes before his death.

During the last few weeks of his life Mr. Randall suffered very much at times and he had become greatly emaciated. His devoted wife and children were untiring in their attentions all through his sickness and his friends in Congress (and he had a host of them of both political faiths) contributed much toward his comfort by frequent friendly visits. During his last hours his wife and family were constantly at his bedside.

Shortly after he died the flag was placed at half-mast on the Capitol and served to notify people that the distinguished Pennsylvanian was dead. The news caused a sad Sunday in the city and the deepest sorrow is expressed everywhere.

The President and Mrs. Harrison called early, and were permitted to see Mrs. Randall shortly after breakfast. Mrs. Harrison and Mrs. Wanamaker remained there all day. The Vice-President, the members of the Cabinet and a large number of Senators and Congressmen also called and left their cards.

There has been a perfect stream of callers, and telegrams of condolence are pouring in from every direction.

The Funeral.

Mr. Randall's funeral will take place here on Thursday morning. The arrangements for the funeral will be in charge of the Congressional committee. Mrs. Randall prefers that the services be held in the Metropolitan Presbyterian Church, of which Mr. Randall was a member, and not in the House of Representatives. After the funeral services the funeral party will take a special train over the Pennsylvania Railroad to Philadelphia, where the interment will take place in the Randall family vault in Laurel Hill Cemetery.

The Physicians May Quarrel.

There is a possibility that the physicians may become involved in a professional controversy over the treatment of Mr. Randall. There are already ugly stories afloat that he was professionally "butchered," and strictures have been made reflecting upon a distinguished specialist who has been connected with his case. But this is not the time or place to discuss these stories.

The foundation of Mr. Randall's disorder was laid while he was Speaker. "The wear and tear of the Speaker's chair will kill an ordinary man even in one Congress," said James Atwell a close friend of Mr. Randall, yesterday. Mr. Carlisle has never been the same man after having passed through the ordeal, and to-day is incapacitated for burdensome work. This is shown in the fact that he has been physically unable to complete the report of the Democratic minority of the Ways and Means Committee on the McKinley Tariff bill. He was compelled to ask for a postponement until to-day.

—The difficulty between two of the employees of the Pond Tool company, referred to in THE PRESS, Saturday, was because a man by the name of Wright not only refused to obey Foreman Nickolson's orders but knocked the Foreman down. 12 INNINGS.

THE CRESCENT LEAGUE'S NINE OPEN THE SEASON WITH AN EXCITING GAME.

Newark's Professional "Stars" Greatly Surprised That They Had to Fight to Win—Jones and Livingston, the Pony Battery, Surpass the Public's Expectations, and Five Hundred Spectators Fail to Find a Fault in Plainfield's New Team.

Though the sun shone and the air was mild, Saturday, still it was mid-Spring, the ground was full of the remnants of disappearing frosts, and the grand stands were draughty. Consequently it was not expected that many would witness the opening of the baseball season on the Crescent League's grounds. Yet fully 500 men and a half-dozen ladies passed through the gate curious to see what kind of players Messrs Leggett and Burnet had signed to represent Plainfield in 1890.

The opening game was with Newark's crack semi-professional nine, the Star Athletics, which included Joe Nealis, of the Norfolk professionals, as catcher; Hetzell, of last year's Newark professionals, as pitcher; Carlin, formerly of the Elmiras, on second base; Armitage of the Acmes on first, and other selected players of experience and ability. They arrived early, dressed themselves in the homeliest suits imaginable, and stepped into the diamond with the assurance, "We've got a cinch," stamped on their faces.

The odds were certainly in favor of the visitors. They were old hands, and had been practicing and playing together every day for some weeks past. Whereas the Crescent nine met for the first time a few minutes before the game was called. The handsome pennant presented by Mr. Charles A. Reed, floating from a new white pole with a golden ball on top, did not hang its head a bit, however, and every Crescent seemed as full of determination to spread himself and make a show, anyhow.

The umpire engaged for the season, "Mr. Johnson of Harlem," called the game as soon as 3:45 o'clock struck and the boys on the bleachers began to shout, "play ball!" Martin of the Crescents on arriving at the New York ferry to take the two o'clock train, found it would not accomodate the people with even a short-stop at Plainfield, so the game began without him. He arrived in time to take his place in the second inning.

The score was:

*Two men out in 12th inning, when winning run was made.

Earned runs—Stars, 2. First base on errors—Crescents, 5; Stars, 5. Base on balls—Crescents, 1; Stars, 2. Hit by ball—McMurray, Carlin. Left on bases—Crescents, 8; Stars, 6. Two base hits—Martin, Armitage. Home run—Nealis. Passed balls—Nealis, 3. Wild pitch—Livingston, 1. Flies caught—Crescents, 10; Stars, 10. Umpire, Mr. Johnson. Time of game, 2:15.

Captain Wiegand being unacquainted with his men, could not lay out the batting order as it should have been, and undoubtedly a run was lost in the sixth inning at least. But the Crescents hit remarkably well for the first time at the bat, and up to the eighth inning had made five hits, while after the second inning not a Newarker got a hit until the tenth. Livingston gave entire satisfaction, and the good judgment of his selection was apparent. He struck out every man on the Stars with one exception. Jones proved himself a wonder. Not a ball passed him, and he cut off every man who attempted to steal second. Wiegand dropped nothing but a twisted ball over his head that he had to turn his neck out of joint to even see. Lufbery and Lee played an errorless game, the latter showing up in better form even than last year. Martin was unlucky in the field, but made two of the three runs and a two-bagger that would have added another if there had been one more batter to follow him.

The out field was a little stiff with the exception of Spencer. The two Macs each dropped a fly, but neither of the batters who hit them got home. Spencer was only put on to fill a vacancy, but he proved the right man in the right place. Three flys came his way and he fastened to them in approved shape. His backing-up of second base was also commendable. In the eight inning Reed started for second, and Jones throw went over "Joe's" head. Seeing that the ball had passed Lufbery, Reed continued on the way to third; but Spencer captured the ball, made a beautiful throw to Lee and the runner was out.

The Stars made their third run in the fifth inning, through the errors of Martin and McLaughlin. The Crescents tied the score in the eighth through Carlin's error that gave Martin his first, and the hits of Wiegand and Jones that brought him home. Not another run was scored until the close of the 12th inning after two of the Stars were already out. Hetzell went to the bat and Armitage was on third. Hetzell had two strikes and Livingston gave him a teazer to pop up in the air. It went up as intended, but unfortunately dropped just behind Livingston and just in front of Lufbery where neither could get it in time to shut off Armitage at the plate. Thus the winning run was made by a scratch in the closest game Plainfield had ever seen.

The score by innings was:

Crescents	0	0	0	1	1	0	0	1	0	0	0	0—3
Stars	0	2	0	0	1	0	0	0	0	0	0	1—4

PARTICULAR MENTION.

At the morning service in St. Mary's church, yesterday, the Rev. Father Smyth publicly announced that John Day and Mary Newman, both of this city, had been excommunicated from the church, for getting married during Lent.

At Hope chapel, last evening, the service was conducted by the Rev. Mr. Fernald. He read the Scripture from Second Corinthians, fifth chapter, and took for his text: "And we must all appear before the judgment seat of Christ."

The household effects of William S. Darling, who has recently figured so prominently with John F. Plummer, were on Saturday transferred from his New York residence to the house on South avenue, this city, owned by Mrs. Darling.

Dr. George A. Bayard, who has been spending some weeks down upon the Suwanee River, is expected home today by his Westfield friends and neighbors. During his absence his courteous assistant, Mr. John Dorvall, has admirably succeded in thoroughly pleasing the patrons of Bayard's pharmacy.

The funeral will be held at her late home, Fanwood, to-morrow at 1:30 P. M.

The Rev. N. W. Cadwell of Westfield, exchanged pulpits with the Rev. Cornelius Schenck of the Trinity Reformed church yesterday morning. The early bird catches the worm, and sometimes a bad cold, which however does no injustice to the old proverb, for with the aid of Dr. Bull's Cough Syrup, colds are of no consequence. Price 25c.

In the preparation of Hires' Cough Cure, medical science has achieved another triumph. Ask your neighbor what he or she thinks of it, and then go and buy a bottle.

REFORM HALL.

Editor Wm J. Leonard Delivers an Interesting and Instructive Address.

The speaker in Reform Hall last evening was editor William J. Leonard of the *Central Times* who, after conducting the devotional services, delivered an able, argumentative and very interesting address. He reviewed the temperance question in its various phases, held up to view the terrible results of the drink habit, introduced pointed illustrations showing why all good citizens should band together for the suppression of the evil, condemned the whole license system and without harshly criticising those who entertained different opinions, boldly avowed himself in favor of the total prohibition of the liquor traffic, the bad effects of which he said were visible everywhere, and to a noticeable extent in Plainfield. Mr. Leonard was listened to with close attention.

President Harper presided, and Mr. King led the music, with Mr. Rogers as organist. The president gave notice that the Thursday evening meeting of this week would be held in the basement instead of in the main hall.

Rewarded After 16 Years of Faithful Service.

Mr. Charles Carpenter, the courteous, efficient and always obliging general station agent at Dunellen, was today transferred to a position in the general office of the New Jersey Central Railroad, at 119 Liberty street, New York city. Mr. Carpenter has been in the employ of the Central Railroad for the past twenty years, and for the last sixteen years he has filled with accuracy and precision the position which he today left to accept a more lucrative one in the Company's main office.

By the removal of Mr. Carpenter from Dunellen the company will lose the services of a reliable man, but it will also profit by appointing him to the position he will hereafter hold, and besides it shows the company's appreciation of Mr. Carpenter's many years of faithful service. Mr. Carpenter will continue to reside in Dunellen.

Raid on the Gamblers.

Frequent complaints have been made to the police against certain persons who are in the habit of gambling on Sunday, in the neighborhood of the Oil Cloth Works. Yesterday afternoon Captain Grant surprised a party of gamblers, and captured several decks of playing cards The players consisted of men and boys, both white and black, and when the officer approached they took to their heels.

One of the players, a burly negro, struck Henry Southard a stunning blow in the face, as the former was escaping from the gambling den.

A Successful Test.

Upon invitation of Manager Chas. K. Moore of the Plainfield Water Works company, Mayor Male and other city officials, on Saturday afternoon witnessed the partial testing of the six wells recently sunk by the company at Netherwood. The test proved satisfactory, the capacity of the wells being 1,000 gallons a minute. This gives an average daily supply of 1,440,000 gallons.

A Small Fire.

At an early hour on Saturday morning, Mrs. Henry Layton, one of the occupants of the tenement house in the rear of French's carriage factory on Somerset street, discovered a fire burning briskly in a room on the ground floor. She gave an alarm, and neighbors hastened to her assistance, extinguishing the flames with a few pails of water. The fire originated from a defective flue.

he Cantata of Esther.

A grand chorus of 100 voices will render the cantata of Esther in the Presbyterian church at Dunellen, this evening, under the direction of Profs. Campbell and Seeley. The tableaux of Esther before the King are alone worth the price of admission.

The proceeds from the entertainment will be devoted to purchasing a new pipe organ.

Oppressive Heat.

Yesterday was a genuine Summer day and at times the heat was very oppressive. During the afternoon, the thermometer registered 85 degrees in the shade and 106 in the sun.

The intense heat did not, however, prevent people from going out of doors, and during the afternoon the streets were thronged with pedestrians and pleasure seekers.

Meeting of the Street Committee.

The Street Committee of the City Council met on Saturday evening to decide upon the appropriation thought necessary for the running expenses of that part of the city government for the coming year. The committee did not complete its work and another meeting will be held this evening at seven o'clock.

MR. JACKSON'S TERRIBLE EXPERIENCE.

His Horse Shot by Youthful Highwaymen, and He Narrowly Escapes Running Over a Little Girl.

Mr. John H. Jackson, of Messrs Jackson & Codington, attorneys and counsellors-at-law, met with an experience, last Monday, that might have proved fatal but for his coolness and presence of mind in a critical moment. While Mr. Jackson was returning from a visit to a client to whose home he drove in one of Plainfield's livery rigs, he turned into Grant avenue. As he did so he observed two boys about 14 years of age on the sidewalk, one of whom had a gun in his hand. He also observed that the boy pointed the gun towards him. Before he could expostulate the boy fired.

Mr. Jackson expected he was shot, but a sudden plunge by the horse called attention to the animal. The horse turned suddenly in the roadway, sprang on the sidewalk and ran madly towards Seventh street. Mr. Jackson pluckily held on the reins as the thoroughly frightened animal tore along, drawing the buggy after him.

Mr. Jackson then saw a little girl on the sidewalk coming towards him apparently oblivious of her danger. He shouted as loud as he could for her to get out of the way. As he flew by he closed his eyes and thinking of the dangerous position of the child, he breathed a prayer for her safety. The horse rushed on, but after a while he was able to get it off the sidewalk and into the road again, when after going a few blocks further the horse quieted down.

Mr. Jackson then had a chance to make an inspection. He found the breeching broke and the dashboard bent where the horse's heels struck it as he played a tattoo in close proximity to the legal head. Mr. Jackson drove down Grant avenue again in hopes of obtaining the name of the miscreant who so wilfully fired at him, and to render assistance to the little girl. To his delight he found the little girl was standing on the bank of the sidewalk as much surprised at the gentelman who had driven on the walk, as the driver was to find her unharmed. But the boys were no where to be seen. They had completely disappeared as if the earth had swallowed them.

Mr. Jackson drove to the livery stable after arranging the harness, where it was found that the horse was wounded in the shoulder. A veterinary was called who discovered that six shot had taken effect in the horse's shoulder, from which they were extracted. THE PRESS has not mentioned this before, in hopes that some clue might be obtained by the police as to the identity of the boy, but up to the present time nothing has been found of him. Mr. Jackson is more experienced in driving than ever before, but now he prefers to walk.

Fire in the Valley.

A dwelling house owned and occupied by a man named Dykeman, located Northwest from Seeley's Mills, in Washington Valley, was partially destroyed by fire yesterday forenoon. The roof was burned off and the interior of the house was badly damaged. The fire originated from a defective chimney.

John Smith is the happiest man that I know,
But wasn't he blue, though, not three months ago,
"My wife's running down just as fast as she can,
And the doctors can't help her," and then this poor man
Almost cried as he thought of the poor, suffering wife
Who seemed to be losing her hold upon life.
"Smith, I know just how you feel," said a friend to whom he told his sad story. "My wife was troubled precisely as yours is. I don't just understand it. I read about Dr. Pierce's Favorite Prescription one day, and the first time I was at the drug store I bought a bottle of it and took home to her. It worked wonders. In a short time she said she felt like another woman, and she began to hope that there was relief for her, after all. She kept on taking the medicine for a time, and now she's well. Get a bottle of the 'Prescription' and try it on your wife." "I will," said Smith. And he did, and it cured her and that's why he's so happy today.

Settled the Railroad Strike.

CAIRO, Ill., April 14.—Freight trains are running again on the Mobile & Ohio road north, after a blockade lasting three days. A settlement was arrived at between the striking freight brakemen and General Manager Clark, by which the men are paid 2.64 cents per mile and paid for extra time over twelve hours. The strikers all went to work, and the new men brought from the southern division of the road have returned south. No limitation was placed on the time of trains.

A PRACTICAL SERMON BY DR. TALMAGE ON BUSINESS.

Some Lessons of Life Which Buyers and Sellers Are Too Apt to Be Slow to Learn. Work Without God Is Work Wasted.

BROOKLYN, April 13.—At the service in the Academy of Music this morning Dr. Talmage, after reading appropriate passages of Scripture, gave out the hymn:

So let our lips and lives express
The holy Gospel we profess.

He announced as his text Proverbs xx, 14: "It is naught, it is naught, saith the buyer: but when he is gone his way, then he boasteth." Following is his sermon in full:

Palaces are not such prisons as the world imagines. If you think that the only time kings and queens come forth from the royal gates is in procession and gorgeously attended, you are mistaken. Incognito, by day or by night, and clothed in citizens' apparel or the dress of a working woman, they come out and see the world as it is. In no other way could King Solomon, the author of my text, have known everything that was going on. From my text I am sure he must, in disguise, some day have walked into a store of ready made clothing, in Jerusalem, and stood near the counter and overheard a conversation between a buyer and a seller. The merchant put a price on the coat, and the customer began to dicker and said: "Absurd! that coat is not worth what you ask for it. Why, just look at the coarseness of the fabric! See that spot on the collar! Besides that, it does not fit. Twenty dollars for that! Why, it isn't worth more than ten. They have a better article than that, and for cheaper price, down at Cloathem, Fitem & Brothers. Besides that, I don't want it at any price. Good morning." "Hold," says the merchant; "don't go off in that way. I want to sell you that coat. I have some payments to make and I want the money. Come now, how much will you give for that coat?" "Well," says the customer, "I will split the difference. You asked twenty dollars, and I said ten. Now, I will give you fifteen." "Well," says the merchant, "it's a great sacrifice; but take it at that price." Then Solomon saw the customer with a roll under his arm start and go out and enter his own place of business; and Solomon, in disguise, followed him. He heard the customer as he unrolled the coat say: "Boys, I have made a great bargain. How much do you guess I gave for that coat?" "Well," says one, wishing to compliment his enterprise, "you gave thirty dollars for it." Another says, "I should think you got it cheap if you gave twenty-five dollars." "No," says the buyer in triumph; "I got it for fifteen dollars. I beat him down and pointed out the imperfections until I really made him believe it was not worth hardly anything. It takes me to make a bargain. Ha! Ha!" Oh, man, you got the goods for less than they were worth by positive falsehood; and no wonder, when Solomon went back to his palace and had put off his disguise, that he sat down at his writing desk and made for all ages a crayon sketch of you: "It is naught, it is naught, saith the buyer: but when he is gone his way, then he boasteth."

There are no higher styles of men in all the world than those now at the head of merchandise in Brooklyn and New York and in the other great cities of this continent. Their casual promise is as good as a bond with piles of collaterals. Their reputation for integrity is as well established as that of Petrarch residing in the family of Cardinal Colonna, and when there was great disturbance in the family the cardinal called all his people together and put them under oath to tell the truth, except Petrarch, for when he came to swear the cardinal put away his book and said: "As to you, Petrarch, your word is sufficient."

Never since the world stood have there been so many merchants whose transactions can stand the test of the Ten Commandments. Such bargain makers are all the more to be honored because they have withstood year after year temptations which have flung many so flat and flung them so hard they can never recover themselves. While all positions in life have powerful beastments to evil there are specific forms of allurement which are peculiar to each occupation and profession, and it will be useful to speak of the peculiar temptations of business men.

First, as in the scene of the text, business men are often tempted to sacrifice plain truth, the seller by exaggerating the value of goods, and the buyer by depreciating them. We cannot but admire an expert salesman. See how he first induces the customer into a mood favorable to the proper consideration of the value of the goods. He shows himself to be an honest and frank salesman. How carefully the lights are arranged till they fall just right upon the fabric!

Beginning with goods of medium quality, he gradually advances toward those of more thorough make and of more attractive pattern. How he watches the moods and whims of his customer! With what perfect calmness he takes the order and bows the purchaser from his presence, who goes away having made up his mind that he has bought the goods at a price which will allow him a living margin when he again sells them. The goods were worth what the salesman said they were, and were sold at a price which will not make it necessary for the house to fail every ten years in order to fix up things.

But with what burning indignation we think of the iniquitous stratagems by which goods are sometimes disposed of. A glance at the morning papers shows the arrival at one of our hotels of a young merchant from one of the inland cities. He is a comparative stranger in the great city, and, of course, he must be shown around, and it will be the duty of some of our enterprising houses to escort him. He is a large purchaser and has plenty of time and money, and it will pay to be very attentive. The evening is spent at a place of doubtful amusement. Then they go back to the hotel. Having just come to town, they must, of course, drink. A friend from the same mercantile establishment drops in, and urbanity and generosity suggest that they must drink. Business prospects are talked over, and the stranger is warned against certain dilapidated mercantile establishments that are about to fail, and for such kindness and magnanimity of caution against the dishonesty of other business houses, of course, it is expected they will—and so they do—they take a drink.

Other merchants lodging in adjoining rooms find it hard to sleep for the clatter of decanters, and the coarse carousal of these "hail fellows well met" waxes louder. But they sit not all night at the wine cup. They must see the sights. They stagger forth with cheeks flushed and eyes bloodshot. The outer gates of hell open to let in the victims. The wings of lost souls flit among the lights, and the steps of the carousers sound with the rumbling thunders of the damned. Farewell to all the sanctities of home! Could mother, sister, father, slumbering in the inland home, in some vision of that night catch a glimpse of the ruin wrought they would rend out their hair by the roots and bite the tongue till the blood spurted, shrieking out: "God save him!"

What, suppose you, will come upon such business establishments? and there are hundreds of them in the cities. They may boast of fabulous sales, and they may have an unprecedented run of buyers, and the name of the house may be a terror to all rivals, and from this thrifty root there may spring up branch houses in other cities, and all the partners of the firm may move into their mansions and drive their full blooded span, and the families may sweep the street with the most elegant apparel that human art ever wove or earthly magnificence ever achieved. But a curse is gathering somewhere for those men, and if it does not seize hold of the pillars and in one wild ruin bring down the temple of commercial glory, it will break up their peace, and they will tremble with sickness and bloat with dissipations, and, pushed to the precipice of this life, they will try to hold back and cry for help, but no help will come; and they will clutch their gold to take it along with them, but it will be snatched from their grasp, and a voice will sound through their soul, "Not a farthing, thou beggared spirit!" And the judgment will come and they will stand aghast before it, and all the business iniquities of a lifetime will gather around them, saying, "Do you remember this?" and, "Do you remember that?" And clerks that they compelled to dishonesty, and runners and draymen and bookkeepers who saw behind the scenes, will bear testimony to their nefarious deeds, and some virtuous soul that once stood aghast at the splendor and power of these business men will say, "Alas! this is all that is left of that great firm that occupied a block with their merchandise and overshadowed the city with their influence, and made righteousness and truth and purity fall under the galling fire of avarice and crime."

While we admire and approve of all acuteness and tact in the sale of goods, we must condemn any process by which a fabric or product is represented as possessing a value which it really does not have. Nothing but sheer falsehood can represent as perfection boots that rip, silks that speedily lose their luster, calicoes that immediately wash out, stoves that crack under the first hot fire, books insufficiently bound, carpets that unravel, old furniture rejuvenated with putty and glue and sold as having been recently manufactured, gold watches made out of brass, barrels of fruit the biggest apples on the top, wine adulterated with strychnine, hosiery poorly woven, cloths of domestic manufacture shining with foreign labels, imported goods represented as rare and hard to get, because foreign exchange is so high, rolled out on the counter with matchless display. Imported, indeed! but from the factory in the next street. A pattern already unfashionable and unsalable palmed off as a new print upon some country merchant who has come to town to make his first purchase of dry goods and going home with a large stock of goods warranted to keep.

Again, business men are often tempted to make the habits and customs of other traders their law of rectitude. There are commercial usages which will not stand the test of the last day. Yet men in business are apt to do as their neighbors do. If the majority of the traders in any locality are lax in principle, the commercial code in that community will be spurious and dishonest. It is a hard thing to stand close by the law of right when your next door neighbor by his looseness of dealing is enabled to sell goods at a cheaper rate and decoy your customers. Of course you who promptly meet all your business engagements, paying when you promise to pay, will find it hard to compete with that merchant who is hopelessly in debt to the importer for the goods purchased, and to the landlord whose store he occupies, and to the clerks who serve him.

There are a hundred practices prevalent in the world of traffic which ought never to become the rule for honest men. Their wrong does not make your right. Sin never becomes virtue by being multiplied and admitted at brokers' board, or merchants' exchange. Because others smuggle a few things in passenger trunks, because others take usury when men are in tight places, because others deal in fancy stocks, because others palm off worthless indorsements, because others do nothing but blow bubbles, do not, therefore, be overcome of temptation. Hollow pretension and fictitious credit and commercial gambling may awhile prosper, but the day of reckoning cometh, and in addition to the horror and condemnation of outraged communities the curse of God will come, blow after blow. God's will forever and forever is the only standard of right and wrong, and not commercial ethics.

Young business man, avoid the first business dishonor, and you will avoid all the rest. The captain of a vessel was walking near the mouth of a river when the tide was low, and there was a long, stout anchor chain, into one of the great links of which his foot slipped, and it began to swell and he could not withdraw it. The tide began to rise. The chain could not be loosened nor filed off in time, and a surgeon was called to amputate the limb, but before the work could be done the tide rolled over the victim and his life was gone.

And I have to tell you, young man, that just one wrong into which you slip may be a link of a long chain of circumstances from which you cannot be extricated by any ingenuity of your own or any help from others, and the tides will roll over you as they have over many. When Pompey, the warrior, wanted to take possession of a city, and they would not open the gates, he persuaded them to admit a sick soldier. But the sick soldier after a while got well and strong, and he threw open the gates and let the devastating army come in. One wrong admitted into the soul may gain in strength until, after awhile, it flings open all the avenues of the immoral nature, and the surrender is complete.

Again, business men are sometimes tempted to throw off personal responsibility upon the moneyed institution to which they belong. Directors in banks and railroad and insurance companies sometimes shirk personal responsibility underneath the action of the corporation. And how often, when some banking house or financial institution explodes through fraud, respectable men in the board of directors say: "Why, I thought all was going on in an honest way, and I am utterly confounded with this misdemeanor!" The banks, and the fire and life and marine insurance companies, and the railroad companies, will not stand up for judgment in the last day, but those who in them acted righteously will receive, each for himself, a reward, and those who acted the part of neglect or trickery will, each for himself, receive a condemnation.

Unlawful dividends are not clean before God because there are those associated with you who grab just as big a pile as you do. He who countenances the dishonesty of the firm, or of the corporation, or of the association, takes upon himself all of the moral liabilities. If the financial institution steals, he steals. If they go into wild speculations, he himself is a gambler. If they needlessly embarrass a creditor, he himself is guilty of cruelty. If they swindle the uninitiated, he himself is a defaulter. No financial institution ever had a money vault strong enough, or credit stanch enough, or dividends large enough, or policy acute enough to hide the individual sin of its members. The old adage, that corporations have no souls, is misleading. Every corporation has as many souls as it has members.

Again, many business men have been tempted to postpone their enjoyments and duties to a future season of entire leisure. What a sedative the Christian religion would be to all our business men if, instead of postponing its uses to old age or death, they would take it into the store or factory or worldly engagements now! It is folly to go amid the uncertainties of business life with no God to help.

A merchant in a New England village was standing by a horse, and the horse lifted his foot to stamp it in a pool of water; and the merchant, to escape the splash, stepped into the door of an insurance agent, and the agent said, "I suppose you have come to renew your fire insurance." "Oh," said the merchant, "I had forgotten that." The insurance was renewed, and the next day the house that had been insured was burned. Was it all accidental that the merchant, to escape a splash from a horse's foot, stepped into the insurance office? No, it was providential. And what a mighty solace for a business man to feel that things are providential! What peace and equilibrium in such a consideration, and what a grand thing if all business men could realize it!

Many, although now comparatively straitened in worldly circumstances, have a goodly establishment in the future planned out. They have in imagination built about twenty years ahead a house in the country not difficult of access from the great town, for they will often have business, or old accounts to settle, and investments to look after. The house is large enough to accommodate all their friends. The halls are wide, and hung with pictures of hunting scenes and a branch of antlers, and are comfortable with chairs that can be rolled out on the veranda when the weather is inviting, or set out under some of the oaks that stand sentinel about the house, and rustling in the cool breeze, and songful with the robins.

There is just land enough to keep them interested, and its crops of almost fabulous richness springing up under application of the best theories to be found in the agricultural journals. The farm is well stocked with cattle and horses, and sheep that know the voice and have a kindly bleat when one goes forth to look at them. In this blissful abode their children will be instructed in art and science and religion. This shall be the old homestead to which the boys at college will direct their letters, and the hill on which the house stands will be called Oakwood or Ivy Hill or Pleasant Retreat or Eagle Eyrie. May the future have for every business man here all that and more beside! But are you postponing your happiness to that time? Are you adjourning your joys to that consummation?

Suppose that you achieve all you expect—and the vision I mention is not up to the reality, because the fountains will be brighter, the house grander and the scenery more picturesque—the mistake is none the less fatal. What charm will there be in rural quiet for a man who has thirty or forty years been conforming his entire nature to the excitements of business? Will flocks and herds with their bleat and moan be able to silence the insatiable spirit of acquisitiveness which has for years had full swing in the soul? Will the hum of the breeze soothe the man who now can find his only enjoyment in the stock market? Will leaf and cloud and fountain charm the eye that has for three-fourths of a lifetime found its chief beauty in hogsheads and bills of sale? Will parents be competent to rear their children for high and holy purpose, if their infancy and boyhood and girlhood were neglected, when they are almost ready to enter upon the world and have all their habits fixed and their principles stereotyped? No, no; now is the time to be happy. Now is the time to serve your Creator. Now is the time to be a Christian. Are you too busy? I have known men as busy as you are who had a place in the store left where they went to pray. Some one asked a Christian sailor where he found any place to pray in. He said: "I can always find a quiet place at masthead." And in the busiest day of the season, if your heart is right, you can find a place to pray. Broadway and Fulton street are good places to pray in as you go to meet your various engagements. Go home a little earlier and get introduced to your children. Be not a galley slave by day and night, lashed fast to the oar of business. Let every day have its hour for worship and intellectual culture and recreation. Show yourself greater than your business. Act not as though after death you would enter upon an eternity of railroad stocks and coffees and ribbons. Roast not your manhood before the perpetual fires of anxiety. With every yard of cloth you sell throw not in your soul to boot. Use firkin and counting room desk and hardware crate as the step to glorious usefulness and highest Christian character. Decide once and forever who shall be master in your store, you or your business.

Again, business men are often tempted to let their calling interfere with the interests of the soul. God sends men into the business world to get educated, just as boys are sent to school and college. Purchase and sale, loss and gain, disappointment and rasping, prosperity, the dishonesty of others, panic and bank suspension are but different lessons in the school. The more business, the more means of grace. Many have gone through wildest panic unhurt. "Are you not afraid you will break?" said some one to a merchant in time of great commercial excitement. He replied: "Aye, I shall break when the fiftieth Psalm breaks, in the fifteenth verse, 'Call upon me in the day of trouble and I will deliver thee.'"

The store and the counting house have developed some of the most stalwart characters. Perhaps originally they had but little sprightliness and force, but two or three hard business thumps woke them up from their lethargy, and there came a thorough development in their hearts of all that was good and holy and energetic and tremendous, and they have become the front men in Christ's great army, as well as lighthouses in the great world of traffic. But business has been perpetual depletion to many a man. It first pulled out of him all benevolence, next all amiability, next all religious aspiration, next all conscience, and though he entered his vocation with large heart and noble character he goes out of it a skeleton, enough to scare a ghost.

Men appreciate the importance of having a good business stand, a store on the right side of the street or the right block. Now, every place of business is a good stand for spiritual culture. God's angels hover over the world of traffic to sustain and build up those who are trying to do their duty. Tomorrow, if in your place of worldly engagement you will listen for it, you may hear a sound louder than the rattle of drays and the shuffle of feet and the chink of dollars stealing into your soul, saying, "Seek ye first the kingdom of God and his righteousness, and all other things shall be added unto you."

Yet some of those sharpest at a bargain are cheated out of their immortal blessedness by stratagems more palpable than any "drop game" of the street. They make investments in things everlastingly below par. They put there valuables in a safe not fire proof. They give full credit to influences that will not be able to pay once cent on a dollar. They plunge into a labyrinth from which no bankrupt law or "two-thirds enactment" will ever extricate them. They take into their partnership the world, the flesh and the devil, and the enemy of all righteousness will boast through eternal ages that the man who in all his business life could not be outwitted or overreached at last tumbled into spiritual defalcation and was swindled out of heaven.

Perhaps some of you saw the fire in New York in 1835. Aged men tell us that it beggared all description. Some stood on the housetops of Brooklyn, and looked at the red ruin that swept down the streets and threatened to obliterate the metropolis. But the commercial world will yet be startled by a greater conflagration, even the last. Bills of exchange, policies of insurance, mortgages and bonds and government securities will be consumed in one lick of the flame. The Bourse and the United States mint will turn to ashes. Gold will run molten into the dust of the street. Exchanges and granite blocks of merchandise will fall with a crash that will make the earth tremble.

The flashing up of the great light will show the righteous the way to their thrones. Their best treasures in heaven, they will go up and take possession of them. The toils of business life, which racked their brain and rasped their nerves for so many years, will have forever ceased. "There the wicked cease from troubling, and the weary are at rest."

GRIEF FOR RANDALL

Preparing for the Funeral of the Dead Congressman.

NO SERVICES AT THE CAPITOL.

The Remains Will be Kept at His Late Residence Until Thursday Morning.

To be Taken to the Presbyterian Church for a Few Hours—The Casket to be Opened at Philadelphia—List of the Honorary Pall-Bearers—Telegrams of Condolence.

WASHINGTON, April 15.—The arrangements for the funeral of ex-Speaker Randall are nearly complete. There was a strong feeling among members of the House that the funeral services should be held at the Capitol, in the Hall of the House of Representatives, and Mrs. Randall was requested to consent to this, but she still adheres to the original plan, so the funeral will take place at 9:30 on Thursday morning from Dr. Chester's Presbyterian Church, and at 12 the funeral party will leave for Laurel Hill Cemetery. The casket will be opened at the cemetery to allow friends and acquaintances in Philadelphia an opportunity to view the remains.

The honorary pall-bearers selected are: George W. Childs, A. J. Drexel, Alexander K. McClure, John Wanamaker, William McMullen, Charles A. Dana, ex-Gov. Andrew G. Curtin, Senator A. P. Gorman, ex-Congressman Wm. H. Sowden, Representative James H. Blount, Senator John S. Barbour and Dallas Sanders.

Mr. Randall's remains still lie in the room in which he died and will not be placed in the casket until Thursday morning. They will be taken to the church at 3 o'clock on the morning of the funeral and lie in state until 9:50 a. m., when the funeral services commence. The casket is of cedar, copper-lined, with a plain black cloth covering. A plate on the top will bear the simple inscription: "Samuel Jackson Randall, born Oct. 10, 1828; died April 13, 1890."

A large number of telegrams of condolence were received from well-known persons, including Governor Hill, ex-Secretary Whitney, Mr. Abram Hewitt, Governor Campbell of Ohio, Col. Calvin S. Brice, Senator McPherson, Col. D. S. Lamont, Mrs. Smith M. Weed, Mr. B. K. Jamison, President Roberts of the Pennsylvania Railroad, Mr. George L. Converse of Ohio, Governor Beaver of Pennsylvania, ex-Senator Wallace of Pennsylvania, and Mr. Thomas Ryan, United States Minister to Mexico.

A Tribute from Friends.

WASHINGTON, April 15.—A number of friends of the late Representative Randall assembled at the Arlington Hotel for the purpose of taking proper action on the death of the famous statesman. The venerable ex-Governor Curtin of Pennsylvania, was selected as chairman of the meeting and Messrs. J. V. Cracraft of Pennsylvania and P. W. Rhodes of New York acted as secretaries. A committee consisting of A. Garrison, W. H. Sowden and Edward McPherson, of Pennsylvania, and Cornelius Bliss and George Ticknor Curtis, of New York, reported resolutions setting forth the nation's loss in the death of Mr. Randall. Speeches warm in sympathetic feeling and eulogistic of Mr. Randall's high character, lofty ambition, honest purposes, pure and exalted manhood, and firm and courageous devotion to convictions were made by Congressmen James B. McCreery of Kentucky, James W. Blount of Georgia, and John H. Rogers of Kansas.

ORDERED TO SEA.

The Alert to be Sent to Behrings Sea at Once.

WASHINGTON, April 15.—Orders have been issued by Secretary Tracy to have the Alert, now at Mare Island Navy Yard, California, put in repair with a view of sending to sea at once. The destination of the Alert is the Behrings Sea, where she will cruise all summer and fall in protecting the seal fisheries of the United States in Arctic waters. The Alert is bark-rigged; carries four guns and about 100 men and is of about 1,000 tons displacement. She is a rapid mover, and will be, it is thought, a valuable aid to the Pinta and Thetis in protecting American interests in and about the seal island.

This action in sending three men-of-war to Behrings Sea, taken in connection with the recent proclamation of the President warning all persons against trespassing in American waters, is regarded here as an evidence of a firm determination to prevent encroachment on American seal fisheries this summer. Each vessel will carry all the men she can so as to be able to send to port any prize seizures that may be captured.

An Indian Uprising.

WASHINGTON, April 15.—Dispatches received to-day at the Indian Office from Agent Upshaw, at Tongue River Mont., report the Northern Cheyenne Indians congregating and threatening life and property in that vicinity. Troops, he telegraphs, are needed quick. The dispatches were forwarded to the War Department, with a request to send troops at once.

Another Missing Bank Teller.

HALIFAX, N. S., April 15.—Cromer, the missing agent of the People's Bank at Edmunston, N. B., is reported to have carried away $10,000 of the bank's money with him. Nothing is known of his whereabouts.

Police Stopped the Fight.

BOSTON, April 15.—The glove fight scheduled for last night at the Parnell Club between George Godfrey and Patsy Cardiff was not permitted by the police.

FOR CHILD MURDER.

A Sensational Trial in Which a Domestic and Clergyman Figures.

BOSTON, April 15.—Kate Cleary, young unmarried woman, is being tried at Dedham to-day for child murder.

She was a domestic in the family of a prominent New Hampshire clergyman, and since her imprisonment she has made affidavit that the father of the child which she is accused of murdering was this same clergyman. His name will be made public to-morrow. The girl says that as soon as he learned of her condition, as a result of their relations, he removed with his family to Washington Territory.

The man was formerly a Roman Catholic priest, and after denouncing that faith he entered the Congregational Church and became an active worker in its ranks. He did suddenly leave his New Hampshire congregation last year and go to Washington Territory. The girl's testimony will perhaps reveal the causes that led to his departure.

WAITING FOR DEATH.

Kemmler the Murderer Now Spends Most of His Time in Prayer.

AUBURN, N. Y., April 15.—The case of William Kemmler, the Buffalo murderer, came up in the Supreme Court yesterday for the last time, when District-Attorney Rich, in behalf of Attorney-General Tabor, made a formal motion to make the judgment of the Court of Appeals the judgment of the Supreme Court. Justice Dwight, who presided, entered the required order. Kemmler was not present the court not deeming his presence necessary.

The condemned man seems to have experienced religion in earnest, and now spends most of his time in prayer. He expressed a desire to see a minister, and at his request the prison officials sent for the Rev. C. A. Houghton, pastor of the First Methodist Episcopal Church, who visited him and prayed with him for some time. Dr. Houghton will visit Kemmler daily until the end.

Asleep in Bed With a Corpse.

NORRISTOWN, Pa., April 15.—Frederick W. Ide, president of the Ide Haverstick Paper Bag Manufacturing Company, was found dead in bed in his room at the Montgomery House. Almost since the day of his arrival here he has been confined to his room, under treatment of Dr. L. W. Read. Harry Wilson, aged 16, was employed by the sick man to attend his room and sleep with him. About 6:30 a. m. young Wilson woke and called to Mr. Ide, when he made the startling discovery that the man was dead, and that he had been sleeping with a corpse. At the coroner's inquest Dr. Read testified that death was due to apoplexy, and that Ide probably died early in the night.

Decided in Favor of the Railroad.

RONDOUT, N. Y., April 15.—In the case of the People against the Ulster & Delaware Railroad, brought to vacate the charter of the company on the ground that it refuses to complete its road as originally intended, Judge Fursman handed down a decision in favor of the defendant. In the opinion the judge states that the people are barred by statute of limitations; and, also, that the act of 1889 conferring jurisdiction upon the railroad commissioners to settle the terminal of railroads is constitutional.

Wreck on the Erie Road.

CANISTEO, N. Y., April 15.—A bad wreck occurred on the Erie Railroad about four miles east of here. The wreck was caused by a freight train, running at the rate of 25 miles an hour, crashing into the rear of another train that was standing still. The engine and 12 loaded cars of the freight train were completely wrecked. The engineer and fireman saved their lives by jumping; the latter received slight injuries about the head.

Municipal Election.

NEW BRITAIN, Conn., April 15.—The city election here resulted in a majority for the Republicans. Pease was elected Mayor by over 100 majority. The other Republican candidates elected are: Latham, Collector; Oldershaw, Auditor; Bishop, Clerk; Stanley, Treasurer; Porter, Sheriff. The Democrats will keep control of the Common Council for one year owing to their having a majority of one.

An Exciting Meeting.

NEW YORK, April 15.—The Marine Society had an exciting meeting over a motion to request the trustees of the Sailors' Snug Harbor to investigate the charges of cruelty by the Governor, Trask, toward the inmates. The motion led to a violent scene, during which the lie was passed and blows narrowly prevented. The motion was finally carried, despite the angry protest of Trask, who was present.

The Kimberly Failure.

NEW HAVEN, Conn., April 15.—E. S. Kimberly, coal dealer, who assigned last week, filed a schedule showing liabilities of $125,000, assets $30,000. Yale College is a creditor for $25,000. Much of the paper is endorsed by Lucien W. Sperry of this city, and it is now thought the failure will embarrass Mr. Sperry.

A Brakeman Drowned.

MCVEYTOWN, Pa., April 15.—Brakeman G. A. Garber, of the Pennsylvania Railroad, lost his life in a singular way about 4:30 a. m. He was standing on top of a box-car attached to extra train No. 739, east-bound, and while crossing the Juniata river over the Gainesville bridge, fell off into the water and was drowned.

Archer Admitted to Bail.

BALTIMORE, Md., April 15.—State Treasurer Archer was admitted to bail in the sum of $25,000.

STRIKES SPREADING

Trouble Expected on the Central and West Shore Roads.

SECRET MEETING OF EMPLOYES.

Nearly All the Trade Unions of Boston in Conference.

Trying to End the Freestone Cutters' Lockout—Chicago Carpenters Predict Trouble if the Employers Hire Non-Union Men—Telegram from President Gompers—Electrotypers Strike.

ALBANY, N. Y., April 15.—It is reported in railroad circles here that there is a strong probability of a big strike on the Central, Hudson and West Shore roads. The recent wholesale discharge of men has created a great deal of indignation among the employes, and the Knights of Labor and the Brotherhood of Locomotive Firemen have appointed committees to consider the situation.

Secret conferences are being held between the Central and West Shore employes, and new developments are looked for speedily.

CHICAGO'S STRIKE STILL ON.

Trouble Expected Over the Employment of Non-Union Carpenters.

CHICAGO, April 15.—The industrial situation here is fast becoming critical over the carpenters' strike. Should the fight continue another week its effect will be to throw 150,000 men out of employment, as there will be nothing for bricklayers, hod carriers, lathers, plasterers, painters, and the vast army of laborers who find work in connection with building associations to do, and they must all wait for the settlement of the carpenters' trouble before they can resume operations.

At the strikers' headquarters on Washington street there is very little excitement, but the men are apparently very comfortable over the situation.

"I see the masters intend putting men to work," said Secretary Howard. "Just let them import a lot of non-union men and attempt to put them on a building where there are union bricklayers, and you will see one of the tallest strikes Chicago ever had. The bricklayers will join us if any such attempt is made, and then there will be fun."

President Goldie of the Boss Carpenters' Association said: "We expect the strikers to attempt intimidation, but the first man who molests or interferes in any way with carpenters at work will be arrested."

The following telegram was received by the strikers from President Gompers of the American Federation of Labor.—"Convey to carpenters congratulations upon the noble stand which they have made. The American Federation of Labor sends greeting and will aid in the struggle. Hold the banner of eight hours aloft."

BOSTON'S TROUBLE.

Workingmen Hold Meetings and Decide to Interview the Bosses.

BOSTON, April 15.—Nearly all the trades unions of this city held meetings last night to decide what course should be pursued in view of the present labor troubles.

The carpenters and bricklayers voted to appoint a committee to wait upon the master builders and see if the freestone cutters' lockout could be ended without recourse to extreme measures. Failing to get any satisfaction they will hold a special meeting and vote whether or not to strike.

The stonemasons voted to instruct their walking delegates to call off today every stonemason working on Norcross Brothers' building in this city until the demands made by the workingmen are agreed to.

Bay State Carpenters' Demands.

BOSTON, April 15.—A big meeting of the Carpenters' District Council was held in this city to hear reports from organizers. Every trade organization in Massachusetts promises to financially support the carpenters in their eight and nine hour demands. The union carpenters of the State number 6,500 and they are urged by their leaders to make every effort to secure the concessions without a strike.

The Loyal Legion.

PHILADELPHIA, April 15.—The celebration of the 25th anniversary of the establishment of the Military Order of the Loyal Legion begins here to-day. Many delegates arrived last night. It is estimated that over 3,500 members of the order are in attendance. Ex-President Hayes, Commander-in-Chief of the order is present. Gen. Fairchild, Col. Sheridan and Gen. Belknap are also on the ground. Two special trains full of delegates from Western States came in last night.

A New Railroad Flyer.

CHICAGO, April 16.—The Michigan Central railroad has decided to soon commence running a new limited vestibule train between this city and New York which will be the fastest train in the world. It will reduce the running time between the two cities to 23 hours. The train will consist of a combination baggage and smoking car, combination car containing bath rooms, tonsorial rooms, library, and drawing room; dining car, cafe, etc., and sleepers.

Heir to $3,000,000.

HARTFORD, Conn., April 15.—Ernest Leon Dickinson, of the Freshmen class at Trinity College, has just received news of his accession to a fortune of about $3,000,000 through the death of an uncle in France. He will probably go abroad at once.

Putting the People's Money to Base Uses.

Early in the year 1889, before any official papers had been appointed, there was to be done some city advertising, and the City Clerk inserted it in the *Constitutionalist* and the *Central Times*, two papers of opposite politics, as the State law requires.

He not only did not *authorize* the advertising to be done in any other paper, but personally *forbid* any other paper to insert it. In spite of that, one Morrison presented a bill for the very advertising that had been particularly and distinctly refused him.

That was over a year ago, and the Council of 1889 would never pay the bill The Council of 1890, however, voted last evening that a warrant be drawn for the amount—$83 20.

One of the Councilmen said he voted for the illegal claim "to get rid of Morrison." Other of the Councilmen felt the same way, while the rest were afraid of the claimant. Now what will the people think of "an honorable body" who will vote away the people's money to hush a man's mouth—who will use other people's money to protect their own skins?

The Council of 1890 has furnished the evidence that it is worth at least $83.20 to a man if he will scare their lives out.

THE MILLER CASE.

The Jury Agrees on a Verdict of Guilty, With a Recommendation of No Punishment. The Case Appealed.

The second trial of the case of the city vs. Joseph B. Miller for an alleged violation of the city ordinance in keeping his barroom open after eleven o'clock at night, came up before City Judge Codington and the following jury in the Council chamber, yesterday afternoon: F. E. Marsh, J. F. McIntyre, Chas. Hand. Wm. Brokaw, Charles Thiers, J. J. Kenney, L. E. Hart, John Rowland, Wm. Hardy, John Berkaw, Wm. Dunn and Wm Addis. A long panel of jurors were subpœnaed, but several of them were challenged either by the prosecution or the defence.

Counselor Samuel Kalisch of Newark, opened the case by renewing his motion to dismiss the complaint, on the ground that the ordinance under which the complaint was drawn, was adopted prior to the passage of the Werts bill, claiming that no conviction could be obtained under said ordinance. Another objection raised by counsel was that the ordinance was invalid because it provides that one-half of the fine shall go to the informer, and the city charter does not impose upon the Council the dispensation of fines. He further claimed that the suit was not properly brought, and that the complaint was fatally defective. The jury was sworn at 3:45 o'clock, and Mr. J. B. Coward was the first witness sworn.

Counsel for the defence admitted the same documentary evidence as that presented at the former trial.

The only new evidence brought out by the prosecution was the fact, testified to by Councilman Johnston and Nicholas W. Conway, that Mr. Miller had admitted to Lawyer Bergen that his barroom was open after 11 o'clock on the night of March 17. The city then rested without even putting the complainant on the stand.

Mr. Kalisch asked for a non-suit, on the grounds before stated. The request was over-ruled.

Messrs Hetfield, Moffett and Miller testified substantially the same as at the former trial, after which the defence rested.

Able summing up was made by counsel on both sides, and after the Judge charged the jury, stating that any recommendations would be duly considered, the jury retired at 5:45 o'clock.

As soon as the door was closed on the jury, Juror McIntyre lighted his pipe, settled himself in a comfortable chair and remarked that he never ate any supper and was prepared to stay all night. But the jury were not long in deciding that as the defendant himself, all his witnesses and everyone else present, swore that the barroom was open after eleven o'clock, it must have been open. They also agreed, however, that Miller had not meant to violate the law, and Juror Thiers suggested that the Judge be instructed not to put any penalty upon the defendant.

Foreman Marsh was of the opinion that the Court would not listen to any "instructions" of the sort, but probably would consider the jury's "recommendations." To settle the matter, Judge Codington was sent for. He told the jury that he had had nothing to say further than he had already stated in his charge. He would take into consideration and give due weight to any recommendation they might hand in with their verdict.

After the Judge had retired a resolution was drawn up and signed by every member of the jury, requesting the Court to entirely suspended sentence. This was handed in with a verdict of "guilty," and Judge Codington suspended sentence as recommended.

The defendant has appealed the case and it will be carried to a higher Court for settlement.

A Great Show to be Repeated To-night.

There was great excitement in The Crescent, last evening, when the 40 minute fight between the Bridgeport and Hartford polo teams, resulted in five goals for each. The people who were standing on chairs and almost climbing over the railings, in their excitement, shouted "play it out,' and the almost exhausted men went at it again. Bridgeport won, but their opponents proved they were none the less most expert players, and they are determined to win to-night. The contest will be a hard fight, and the building will undoubtedly be packed.

Those who have not seen polo played as these teams play it, do not know what polo is. Even the ladies present, last evening, almost stood on the seats in their excitement, and everyone staid until the last moment. Canary's riding, also, was a feature of the entertainment. Nobody rides like he does—the ease and grace is all his own, though others have imitated some of his feats. The programme will be repeated this evening, and admission to it all is only 25 and 35 cents.

Broke His Arm.

A young man named Casey, who is employed by Mr. H. A. Pope, was removing some empty boxes to Mr. R. J. Shaw's residence yesterday afternoon, when he accidentally fell from the wagon in which he was standing fracturing the left arm at the wrist.

A STRIKE AT THE CRACKER.

Mr. Nevius' Italians Demand the Money That the County Still Owes Him.

Mr. P. T. B. Nevius has just passed through an experience with the Italians employed by him at the stone cracker, situated at the foot of the mountain, that was more exciting than pleasant.

The Italians to whom Mr. Nevius was in arrears for work, declared a strike one day last week and refused to obey orders again until the money was forthcoming. Mr. Nevius expostulated but in vain, as they could not understand English enough to know what he meant. They were soon joined by more Italians, and all hands gave Nevius to understand that he could not run the cracker again until they were paid.

Mr. Nevius became alarmed, drove down to Mr. N. B. Smalley's, and asked him what he would do. Mr. Smalley offered to lock him in the ice box awhile Mr. Nevius then procured the assistance of a constable and went to the scene of operations, but the bold officer had no effect on the strikers, while the presence of pistol butts sticking out of the dagoes' pockets, and murderous looking knives in their belts, had a salutary effect on Mr. Nevius and the constable. Thinking discretion the better part of valor, they withdrew, leaving the strikers in possession of the field.

An interpreter was then procured in this city, and Mr. Nevius, through him, explained to the men that their money would be paid in full on the 18th inst., when the money for stone used on the new county roads would be available. The interpreter assured the Italians of Mr. Nevius' honesty and told them he would pay them if Mr. Nevius did not on the 18th. This satisfied them and they went to work again.

$60,000 LEFT FOR THE CHURCH.

The Fight Over the Wealth of Two Brother Miners, Finishes in a Draw.

The almost world-renowned Frazee Lee will case, has just been amicably settled. Messrs Monroe Long and John Jackson, the executors chosen by the deceased, will serve as such, as Mr. Wm. Hetfield and Mrs. James H. House have agreed to renounce their claims for appointment as executors.

The real estate is to go to the heirs, and the personal property to the church. The real estate is appraised at $85,000, and the personal property is estimated at the same amount. So the two sides have made a fair division, although from the bad condition of the real estate the appraisement would seem to be high.

But when all hands have received their parts and parcels, and counted their cash in hand, it will be found that the lawyers got as much as anybody. The legal fees will amount to about $50,000, which taken equally from the shares of the legatee and the contestants, will leave each about $60,000.

CITY COUNCIL MEETING.

ANOTHER LONG AND TEDIOUS SESSION.

The Appropriations Fixed, and the Tax Ordinance Adopted—"Battle Row" Leased for the City's Poor—The Claim of the Late Geo. P. Suydam Adjusted, Likewise the Illegal Claim of Thos. W. Morrison—Resolutions Relating to the Action of the Police Board Declared Out of Order by the Chair, and an Appeal Taken from His Decision—The Council in an Uproar.

Probably one of the most disgraceful scenes which has ever occurred in this city, since the city was incorporated in 1869, took place at the adjourned regular meeting of the City Council, last evening—a matter which will go on record as being unprecendented in the history of the city. Just who is responsible for the disgraceful proceedings, THE PRESS is not at this time prepared to state. Suffice it to say that "there's a nigger in the fence," somewhere.

President Moffett called the meeting to order at 8:30 o'clock, "sharp," all the members being present. The minutes of the previous meeting were read and approved, after which the regular order of business was suspended and Council went into a Committee of the Whole, with Mr. Newhall chairman, and Mr. J. B. Coward, clerk.

The various committees then reported the amount of money thought necessary for the coming year as follows:

Alms Committee—$4,500.

Finance Committee—$200.

Fire and Buildings—$10,000.

Police, Salaries and Elections—$13,500, which amount includes $840 for rent, $600 for election purposes, and the salaries of two additional policemen.

Public Lights—$9,000. With this appropriation the Committee recommended the location of several additional lamps. The increase over last year's appropriation is about $1,500 in round numbers.

Streets—$15,000. Chairman Smith said in submitting the Committee's recommendation that some of the streets in the city are in a wretched condition. He further stated that the Council of '89 had left about $3,000 in unpaid claims for the present Council to adjust. Besides about $1,200 has already been expended for street work this year, leaving a trifle over $11,000 available.

Mr. Hetfield spoke in favor of reducing the tax percentage. He expressed himself of the opinion that the $3,000 due, left by the last Council, was to be paid by the outstanding taxes of '89. He was in favor of making the appropriation $12,000. Mr. Rushmore favored the $15,000 appropriation. A vote was taken and the committee's recommendation was adopted, Messrs Hetfield and Jenkins, voting "No."

Water, Printing and Stationery—$1,500.

Board of Health—$800.

Public Library—$2,500.

Mr. Moffett introduced an ordinance relative to the assessment and collection of taxes. The ordinance provides for the assessment of $25,000 for general purposes. $4,500 for the support of the poor; $2,500 for the maintenance of the Public Library, and $10,000 for Fire Department purposes. The ordinance was adopted, and when the Committee of the Whole arose, Chairman Newhall reported the same to the Council, together with the several other recommendations of the committees, all of which were adopted without a dissenting vote.

Several applications for hack, truck and cartmen's licenses were received, referred and subsequently granted, and Garret Drier and James Dawe were confirmed as members of No. 2 Engine Company.

The corrected claim of Engineer Rudolph Hering, for $1,080, was referred and finally ordered paid.

Upon resolution adopted by Mr. Dunham, "Battle Row" was leased at a rental of $450 a year for the city's poor, the owner agreeing in writing to put the place in a tenantable condition, and the Corporation Counsel was directed to prepare a lease and have the same signed by the Mayor and Clerk.

The Finance Committee, through Mr. Newhall, submitted bids from the Herring and Marvin Safe companies, the former offering to furnish the city, for its treasurer, a "champion fire proof safe" for $112.50 net cash, and the latter one of the Marvin safes for $90. The matter was referred to the Finance Committee with power.

The Fire and Building Committee reported on the petition of Messrs Jne. H. Tier and J. W. & H. Coddington, sent in at the last meeting, recommending that the petition be not granted. Recommendation adopted.

Mr. Rushmore, from the Laws and Ordinance Committee, reported back certain documents received from the Census Bureau at Washington, with the recommendation that the clerk fill in the blanks and forward the same to Washington. So ordered.

The same Committee reported on the claim of the widow of the late Judge Geo. P. Suydam for injuries to a horse, and recommended the payment of $150 in full settlement for the claim for damages. The matter was laid over, to find out whether the city or the Board of Freeholders was responsible for the accident.

VOTING FOR AN ILLEGAL CLAIM.

An ancient claim of Thos. W. Morrison, for $83 20, payment of which was refused by the Council of 1889, because it was illegal, was next brought up by the Laws and Ordinance Committee, through Mr. Rushmore, its chairman, who stated that the claim was a just one and should be paid. Mr. Dunham was of the same opinion, claiming that negligence on the part of ex-City Clerk Leonard was the cause of the claim remaining unpaid.

Mr. Hetfield took the right stand, justly claiming that inasmuch as the Council last year had refused to pay the bill, he saw no reason why the present Council should shoulder the claim. Nevertheless, the bill was order paid. All voting aye.

[As a matter of fact it may be stated that the term of the official papers in this city comes to an end and expires with the Council each year, on January 1. At the time Morrison's claim is dated, March 1, 1889, there were no officially appointed papers in this city, and according to law the City Clerk was obliged to publish official notices only in *two* newspapers. Clerk Leonard selected the *Central Times* and THE CONSTITUTIONALIST, and at the same time he informed Morrison of his selection, telling him that he must not publish the proceedings. In spite of this Morrison published the ordinances, etc., adopted by the Council, and sent in his bill for $83.20 over a year ago. The City Clerk refused to audit the claim, and the Council of 1889 refused to pay it.]

The same committee also reported in favor of paying two bills of Jasper H. Wilson for crushed stone, alleged to have been delivered. One bill was for $230.50, and the other was for $10.23. Although the vouchers were lost, the committee had no doubt that the claims were correct, and they were ordered paid.

The liquor license applications of F. E. Miller and Frank Linke were reported back by the License Committee as conforming with the ordinances, and they were ordered engrossed and advertised.

A resolution was adopted authorizing the Public Lights Committee to locate additional street light, as set forth in the committee's recommendation above referred to.

THE CIRCUS BEGINS.

At this stage in the proceedings, Mr. Newhall sprung an unexpected set of resolutions upon the Council, as follows:

WHEREAS, Proceedings have been instituted before the Police Board of the City of Plainfield which have resulted in resolutions of the Police Board to exclude from office Tunis J. Carey and Patrick Lynch members of the police force of said city, with forfeiture of their salaries for specified periods; and

WHEREAS, The said action of the said Police Board in the premises may be illegal and irregular whereby the City of Plainfield, or the members of the Common Council of said city, may be rendered liable for the payment of the salaries of said officers, during the period prescribed by said resolutions for their exclusion from office, and otherwise; and

WHEREAS, The said action of the said Police Board may have been taken without the full benefit of the advice of competent counsel upon the questions of law upon which the validity of the decision of said board depends.

Resolved, That the Corporation Counsel be and is hereby requested at once to prepare and submit to the Council a written opinion as to whether the proceedings of the said Police Board in the said cases of Carey and Lynch, were, in every way, formal and according to law, and, particularly, advising the Council first: Whether the accused officers were fairly and lawfully tried according to the laws of the State of New Jersey; second, Whether a regular and formal appeal has been taken by said officers from the decision of said Police Board, and, if so, whether, under existing rules and adjudications, there is reason to believe that the action of said Police Board will be set aside. Third, whether, if the proceedings of said Police Board are held, by an appellate tribunal, to be irregular and illegal, the City of Plainfield, or the members of said Police Board, or the members of the Common Council not members of said Board, will be rendered liable in the premises, and if so, to what extent. Fourth, whether, if there is reason to believe that the things done by said Police Board are likely to be adjudged to be unlawful, there are means provided by law whereby the City of Plainfield can be protected against legal proceedings and liability growing out of the said action of said Board. And be it further

Resolved, That upon the coming in of the said opinion of the Corporation Counsel, further action will be taken by the Council, without unnecessary delay, upon the subject to which these resolutions relate.

Mr. Hetfield thought that the resolutions were out of order, and the chair so decided it.

Mr. Newhall spoke in support of the resolutions, and appealed from the decision of the chair, something quite unusual for a Plainfield Council to do. Mr. Rushmore seconded the appeal, and openly expressed himself in favor of the resolutions.

Mr. Smith said he would have to vote to sustain the chair, unless the last section was stricken off. He moved to amend the resolutions by striking off the last section. Amendment adopted by a vote of 6 to 5.

"NO! NO!"

At this juncture in the proceedings, and while the fire bell was sounding an alarm, an effort was made to adjourn, but without effect, some of the Councilmen shouting "no! no! it isn't fair," etc. The vote on adjournment was as follows:

Ayes—Messrs Gallup, Hetfield, Moffett, Roberts and Spangenberg.

Nays—Messrs Dunham, Jenkins, Johnston, Newhall, Rushmore and Smith.

Mr. Hetfield made a motion to lay the matter on the table. Lost.

A vote was taken on the appeal from the President's decision, and Messrs Dunham, Jenkins, Johnston, Newhall, Rushmore and Smith, voted in support of the appeal.

A motion by Mr. Hetfield, laying the matter on the table, prevailed, and after the Auditing Committee made a report, Council adjourned at 11:30 o'clock.

In the preparation of Hires' Cough Cure, medical science has achieved another triumph. Ask your neighbor what he or she thinks of it, and then go and buy a bottle.

George Thatcher and Company.

Don't confound the Howard Athenæum Specialty company, with variety shows. It is composed of all high-class vaudeville artists, picked from the best of England and America, and drawing big salaries each. The managers can only afford to play these expensive people at large cities, but because of Mr. Thatcher's home being here, the show is brought to Plainfield. The programme presented is clean and interesting throughout. George Thatcher is a host in himself, but all the rest of the artists are of almost equal reputation in their respective lines.

Among the company are the well-known Irwin Sisters, little Ida Heath, the wonderful transformation dancer from Australia, who creates a positive sensation wherever she appears; the musical mokes, Wood and Shephard; Dutch Daly; the horizontal bar performers, Wilton and Mora; Conroy and Fox; the great Arabian acrobats, Abachi and Mazinz, and the latest French importation, Monsde Blanche, who performs and then exposes some amusing feats in legerdemain. They will be at Music Hall, Thursday evening.

Runaway on East Front Street.

A young woman seated in a basket phæton, was driving along East Front street, yesterday afternoon, when the animal took fright and ran away. The woman's name could not be ascertained, and when last seen she was being carried rapidly in the direction of Scotch Plains.

John Smith is the happiest man that I know,
But wasn't he blue, though, not three months ago,
"My wife's running down just as fast as she can,
And the doctors can't help her," and then this poor man
Almost cried as he thought of the poor, suffring wife
Who seemed to be losing her hold upon life.
"Smith, I know just how you feel," said a friend to whom he told his sad story. "My wife was troubled precisely as yours is. I don't just understand it. I read about Dr. Pierce's Favorite Prescription one day, and the first time I was at the drug store I bought a bottle of it and took home to her. It worked wonders. In a short time she said she felt like another woman, and she began to hope that there was relief for her, after all. She kept on taking the medicine for a time, and now she's well. Get a bottle of the 'Prescription' and try it on your wife" "I will," said Smith. And he did, and it cured her and that's why he's so happy today.

M'CAFFREY DEFEATED.

Corbett Rushed the Pittsburg Boy When and Where He Pleased.

NEW YORK, April 15.—James Corbett defeated Dominick McCaffrey in a four-round scientific bout last night at the Brooklyn Casino. The contest was a tame one. McCaffrey did not seem to be in good condition, and acted almost wholly on the defensive. Corbett was in fine form, and had the best of his opponent throughout.

At the call of time both men sprang to the centre of the ring. Dominick was the first to lead, making two vicious lunges at the big Californian, but missed his mark. He received a nasty upper cut a few seconds later that seemed to knock all the fight out of him, for afterwards he seemed only bent on lasting the number of rounds.

In the second round Corbett paid particular attention to McCaffrey's stomach, getting in three straight left-handers and one full on the mouth, with only one return on the jaw, too weak to do any damage.

In the third round Dominick came up very weak on his legs. Corbett rushed at him, fighting him on the ropes and all over the arena. It looked as if McCaffrey would be knocked out, and, realizing this fact, he did a great deal of hugging.

It was plain to all present that McCaffrey was a defeated man when time was called for the fourth round everyone held his breath. Corbett swung his left, Mac cleverly dodged it and shot out his right getting home on the mouth.

The spectators went wild and urged him on, but he was too weak to take any advantage of it. Corbett pulled himself together quickly and rushing at McCaffrey fought him on the ropes, getting in where and when he pleased, McCaffrey being utterly helpless to stand him off.

Then, amid great applause, Steve O'Donnell gave his decision to Corbett.

It was the general opinion that Corbett is no match for Sullivan.

BURNING COAL POCKETS.

The Work of Incendiaries and 200 Men Thrown Out of Employment.

CARBONDALE, Pa., April 15.—The immense coal pockets at Honesdale, owned by the Delaware and Hudson Canal Company, were destroyed by fire, together with twenty-five loaded cars and 2,000 tons tons of coal in the shutes. The pockets were about 900 feet long. About 3 o'clock in the morning an engineer on a coal train saw flames shooting out of the north end, and immediately gave the alarm, to which the fire department responded promptly, but the fire had gained such headway and had so much woodwork to feed upon that all efforts to stop its progress were futile, and in a short time the great storehouse and its contents were in a blaze.

After it had gotten such a start the fire was too hot to fight, and there was nothing to do but watch the work of destruction. Nearly 200 men are thrown out of employment by the burning of the pockets. The fire is believed to be the work of incendiaries. The fire is still burning. The loss is estimated at $35,000, and is made good by the company's plan of self-insurance.

Canal Men Disappointed.

BUFFALO, N. Y., April 15.—Superintendent Hannan sent the following in answer to a letter from the Merchants' Exchange: "It will be impossible for me to open the canals of the State before the first of May owing to the extreme wet weather which has delayed the work of improvement now under contract. The contracts will not be completed until May 1. If the western division was opened first it would be very difficult to control the water and more harm than good would result." Great dissatisfaction was expressed on 'Change at this announcement and a number of old canal men expressed the opinion that some one was juggling with the canals in favor of the railroads.

Eva Hamilton's Application Denied.

NEW YORK, April 15.—Eva L. Hamilton's application for funds to enable her to defend the action of Robert Ray Hamilton for annulment of their marriage, was denied by Justice Andrews of the Supreme Court. Mr. Hamilton's counsel said his client wished to provide his wife with every facility for defending the suit and that he had already given her all the money she needed.

Two Youths Fight to a Draw.

PITTSFIELD, Mass., April 15. — Peter McDonough and James Fitzgerald, youths under 20, fought a prize fight for $10 a side in the morning near Onata Lake. Martin Kelly, a local bartender, acted as referee. The fight lasted 55 minutes and was then declared a draw. Both were badly punished. It is reported that another fight is arranged for next Sunday.

The Sawtelle Story.

ROCHESTER, N. H., April 15.—Isaac Sawtelle's alleged confession is generally discredited in this section. It is thought that the story is a fabrication, and that if Sawtelle is the author of it he has constructed it to explain the evidence against him in the most favorable light and to make it appear that the murder was committed in Maine so that he may escape the gallows.

Charter for a New Railroad.

HARRISBURG, Pa., April 15.—The Delaware, Susquehanna & Schuylkill Railroad Company was allowed a charter with a capital of $400,000. This line will be about thirty miles long, extending from Drifton, Luzerne County, to Eckley at the junction of Luzerne, Schuylkill and Columbia counties. Eckley B. Coxe is president.

An Unknown Woman Drugged.

FALL RIVER, Mass., April 15.—The unknown woman who was removed from the steamer Puritan here is at the City Hospital. Nothing can be learned as to her identity. It is thought she came from Newport. She is evidently suffering from drugs administered before she was put on the boat.

The Keystone Watch Company Failure.

LANCASTER, Pa., April 15.—The Keystone Standard Watch Company confessed to judgments of $60,050.86 here. The claim of the Farmers' National Bank of this city is $42,945, and that of the Ephrata National Bank 213,085.

WAITING FOR A REPLY

The Railroad Employes Present Their Grievances.

MUST HAVE AN ANSWER TO-DAY.

Should a Strike Occur 10,000 Men Will be Affected.

The Advance Demanded Ranges from 30 to 55 Cents a Day—Chicago Strikers and Bosses Make No Effort to Settle. Granite Cutters Ask for an Increase in Wages—Boston's Labor Troubles.

PITTSBURG, April 16. — The special grievance committees of the various brotherhoods of railroad employes waited upon the managers of all the railroads entering this city and presented in writing their statement of grievances and demands.

It is stated that between 8,000 and 10,000 will be affected by the strike should it occur.

The demands are in substance: Increase of wages for yardmen, trainmen, etc., no one but yardmen must do yard work, no man must be discharged without his case has first been laid before the grievance committee.

No copy of the list of grievances, said to be sixteen in number, has been given to the press. The grievance committees said, at every office visited, that they would return this afternoon for an answer. It is claimed that if favorable replies are not received all the employes will quit work to-night.

The general officers of the Federated Order of Railroad Employes have been telegraphed for, asking them to attend a meeting of railroad men in this city this evening. At this meeting the advisability of calling out all railroad employes will be considered.

It is stated authoritatively that the passenger conductors and engineers will strike, if necessary, to gain the demands made. One of the delegates at last night's meeting said that the strike will embrace all of the men outside of passenger service and will effectually close traffic on all railroads centering in this city.

The yardmen and roadmen are receiving from $1.80 to $1.95 per day. The advanced demand ranges from 30 to 55 cents per day.

FRAUD IN PRISON.

Several Officials Arrested on Charges Made by a Labor Union.

TRENTON, N. J., April 16.—The Federated Labor Union and representatives of the labor party of New Jersey caused the arrest of Henry L. Butler, supervisor of the State Prison at Trenton; John Tobin, a brush contractor in the prison, and the latter's manager, John Cook.

Warrants were also issued for the arrest of Samuel Smith, of the Keystone Shoe Company; John B. Irdell, a shoe contractor, and a Mr. Linn, of Linn & Pettit. These men are all contractors for prison labor at the Trenton State Prison.

It is expected that similar proceedings will next be instituted against principal Keeper John H. Patterson.

The charge against all these men is violation of the existing law in this State which regulates convict labor. The New Jersey statutes make such a violation a misdemeanor, punishable with a fine of not over $2,000 or imprisonment for not over six months.

The warrants were sworn out by W. Henry Beetre, editor of a labor paper in Trenton, who is acting in the interest of his party. Justice Bodine, held the three men arrested for trial on Tuesday morning at 11 o'clock.

THE CHICAGO STRIKE.

Neither Side Making a Move for a Settlement.

CHICAGO, April 16.—Neither side seems yet to be trying to do a great deal towards a settlement of the carpenters' strike. The strikers still hold out their offer to arbitrate, while the masters sit quietly down and refuse to arbitrate.

A committee of the new Association of Boss Carpenters issued an address calling on all boss carpenters to lay their former prejudice aside and to participate in a meeting to be held tomorrow for the purpose of adopting measures to bring the strike to a settlement.

Coke Ovens Shut Down.

SCOTTDALE, Pa., April 16.—Over 1,200 coke ovens were shut down indefinitely by the Frick, Schoonmaker and McClure Coke Companies. Notice was given last week of their suspension. Over 1,200 men are out of employment. The cokers have threatened a general strike if this action was taken. They insist upon having production restricted by closing down all the works in the region, or, if necessary, two days a week, so that all the workers may share equally the burden.

Found the Vote Correct.

PROVIDENCE, R. I., April 16.—The Board of Aldermen canvassed Saturday's vote and found the result already announced correct. The supplementary election in the Tenth district will occur April 22.

Regimental Nominations.

HARTFORD, Conn., April 16.—The First Regiment nominated Capt. C. B. Erickson of New Britain for Colonel and Capt. A. L. Thompson of New Britain for Lieutenant-Colonel.

Tracing a Defaulter.

DOYLESTOWN, Pa., April 16.—A former citizen of this place telegraphed from Tacoma, Washington, that Shellenberger, the defaulter, was in that city.

WINNIE DAVIS ENGAGED.

The Daughter of the Confederacy to Wed an Abolitionist's Grandson.

SYRACUSE, N.Y., April 16.—A report of a very interesting nature has materialized into a fact of great significance, and cannot fail to attract wide attention. It is nothing more nor less than the announcement made to very intimate friends here of the marriage of Miss Winnie Davis, the eldest daughter of Jefferson Davis, the late President of the Southern Confederacy, to Mr. Alfred Wilkinson of this city, the grandson of Samuel J. May, the great abolitionist leader.

Dame rumor has for a long time past whispered of the possibility of such an event coming to pass, but it was only when Mr. Wilkinson returned from Europe a few weeks ago that the rumor began to assume tangible shape, and it was only within a day or two ago that one day Mr. May's bosom friends was apprised of the engagement.

The event is of more than ordinary significance owing to its bearing on the birth and fall of the Rebellion. This marriage, when accomplished, will unite two families who have been heretofore the most placable political foes, and to whose efforts the fierceness and fervor of the rebellion are largely due.

The life of Miss Davis is too well known to be repeated here, but the story of Mr. Wilkinson's parentage is comparatively unknown. He is a son of John Wilkinson, a very prominent figure in local history and the grandson of Rev. Samuel J. May. The name of the Rev. Mr. May is one of the bright gems in the abolition sky, for he was the pioneer, with Garrison, Emerson, Phillips and Longfellow, in the great work for the abolition of slavery. Mr. Wilkinson is a bright young lawyer, 28 years of age.

END OF A ROMANCE.

Congressman Wiley of Buffalo Weds Virginia Emeline Cooper.

INDIANAPOLIS, Ind., April 16.—Virginia Emeline Cooper, daughter of Mr. and Mrs. John B. Cooper, of this city, was married to John McClure Wiley, Representative in Congress from the Buffalo, N. Y., district. The ceremony was performed at the Tabernacle Presbyterian Church, Rev. J. Albert Rondthaler officiating. A wedding dinner was served at the home of the bride, followed by a reception.

The marriage of Mr. Wiley is the consummation of a romance which began in 1883, when Mr. Wiley and Miss Cooper first met at Saratoga. They were made asquainted with each other by Mrs. Thomas A. Hendricks, whose husband was for many years a warm friend of Mr. Wiley.

Postal Card Works Attached.

NEW HAVEN, Conn., April 16.—Wilkinson Brothers & Co., have attached the postal card works at Ansonia on a claim of $40,000, under instructions from Washington. The Government officials have recently found fault with the cards made by the contractor, Al. Daggett, and he was forced to procure a new supply of paper from Lawrence, Mass. It was hinted that the contract made by the Government with Daggett may be annulled.

Farmers Fighting the Milk Exchange.

ALBANY, N. Y., April 16.—An application has been made by the milk dealers of Delaware, Chenago and Orange Counties to the Attorney-General to disolve the Milk Exchange of New York. The first hearing was held here. Judge Gilbert appeared for the farmers' association and Mr. Ely, of New York, for the exchange. The Attorney-General took the papers and reserved his decision.

Impossible to Go to Richmond.

NEW YORK, April 16.—Colonel Appleton, of the 7th Regiment, N. G., S. N. Y., says it will be impossible for the regiment to accept the invitation to attend the unveiling of the statute of General Lee at Richmond, Va., on May 29, as arrangements had previously been made for participation in the parade here on the following day, which is Memorial Day.

The Danish Consul Gets the Body.

NEW YORK, April 16.—Collector Erhardt received a telegram from Assistant Secretary of the Treasury Tichenor, authorizing him to deliver the cask containing the body of an unknown man received by the steamer Thingvalla to the Danish Consul at New York. The dispatch states that this action is taken at the request of the Secretary of State.

Two Men Crushed by a Car.

GREENSBURG, Pa., April 16.—William Moore and Scott Johnston of Latrobe, were, it is thought, fatally injured in the stone quarries on the Ligonier Railroad by being thrown under a loaded car which passed over them, crushing them in a terrible manner. Both are married and live near Youngstown.

Five Persons Seriously Injured.

UTICA, N. Y., April 16.—The Delaware, Lackawanna & Western Railroad pay car, while approaching this city, crashed into a belt-line street car at the New Hartford crossing, near Utica, demolishing the car, killing a horse and seriously injuring five persons. The gates at the crossing did not work.

Granite Cutters Demand Higher Wages.

ROCKLAND, Me., April 16. — Granite paving cutters in the employ of the following companies have struck for higher wages: Booth Brothers and Hurricane Granite Company, Hurricane Island; Smith & Kettridge, and J. B. Amherst, Vinal Haven. The men have been receiving an average of about $22.30 per 1,000 blocks. They want from $1 to $2.50 more per 1,000 according to the "chance," some quarries and some rock being harder to work than others.

WASHINGTON TOPICS

The Tariff Bill Will Probably Be Presented To-Day.

THE SUGAR SCHEDULE CHANGED.

Consul Matthews to Go to Tangier on a War Vessel.

A Court Martial Ordered to Try Commander McCalla—New Service Pension Bill—A Silver Bill Nearly Ready—The Navy's Three Battle Ships—Approved by the President.

WASHINTON, April 16.—Mr. McKinley says he hopes to report his tariff bill to-day. The Republican members of the Ways and Means Committee were in session a long time last night and met again this morning.

A large delegation of sugar men has been here, and all sorts of rumors are afloat as to the changes to be made in the sugar schedule. The probabilities point most distinctly in the direction of free sugar, with a bounty to the American product of two cents per pound. Another proposition is to fix the duty at three-eighths of a cent per pound and pay a bounty of one and a half cents.

In connection with these reports the rumor is revived that 16 Republican members from Louisiana, Nebraska, Kansas, California and other sugar producing districts have signed an agreement to vote against any bill which reduces the existing duties more than 25 per cent.

Rumors have been afloat also about another removal of the duty on hides and another change in the rate on carpet wools, but the best indications are that neither of these changes will be made before the bill is reported to the House.

WILL GO ON A MAN-OF-WAR.

The Alliance Ordered to Wait at Gibraltar for Consul Matthews.

WASHINGTON, April 16.—The Secretary of the Navy cabled to the Commander of the United States steamship Alliance at Gibraltar, ordering him to await there until the arrival of United States Consul, and then sail with him to his post at Tangier.

It seems that there are certain diplomatic reasons, which the officials are not willing to disclose, that make it desirable that the Consul should make his appearance at Tangier at this time on a man-of-war. He is expected to reach Gibraltar to-day.

Commander McCalla's Court Martial.

WASHINGTON, April 16. — Secretary Tracy has appointed a general court-martial to meet at the Navy Yard, New York, on Tuesday, April 22, for the trial of Commander Bowman H. McCalla, U. S. N. Chester, Commander William H. Whiting and Lieut. Perry Garst, Judge Advocate.

The Contestants Receive News from Home

WASHINGTON, April 16.—Major Maginnis and Mr. Clark, the Democratic contestants for the Montana Senatorships, have received several dispatches from friends in Butte, Mon., announcing that at a city election held there the city had gone Democratic from 200 to 400 majority. Mayor Kenyon, who signs one of the dispatches, says it is a clean sweep for the city government. Butte is in Silver Bow County, where the famous precinct 34 is situated. In Anaconda the Democratic candidate for mayor was elected by over 400 majority.

The Dead Statesman.

WASHINGTON, April 16.—The services of George G. Mead Post, No 1, G. A. R. of Philadelphia, of which Mr. Randall was a member, have been accepted as an escort from the railroad station to the grave. A Silver Bill Nearly Ready.

WASHINGTON, April 16.—The two subcommittees of the House and Senate Committees on the silver question have practically agreed on a measure. The two principal provisions are that the Secretary of the Treasury shall be directed to purchase monthly $4,500,000 ounces of silver, and that the notes issued in payment therefor shall be redeemable in lawful money.

Three Battle Ships.

WASHINGTON, April 16.—Secretary Tracy has secured a victory in the House for his three battle ships. The Naval Appropriation bill was called up and the House rejected the amendment of the Committee of the Whole, striking out the clause providing for the construction of the three coast line ships, by a vote of 104 to 132, and the bill was passed.

Approved by the President.

WASHINGTON, April 16.—The President approved the act for the relief of soldiers and sailors who enlisted or served under assumed names while minors in the army or navy during the late war.

WETUMPKA LODGE.

Celebrating its Second Anniversary.

The second anniversary of Wetumpka Lodge, No. 3,401, K. of H., was held in Music Hall, last evening, over one thousand persons being present by invitation. The entertainment consisted of vocal and instrumental music, humorous recitations by Miss A. B. Hall of Brooklyn, who thoroughly entertained the large audience, solos by Mrs. W. M. Colguhoun of Brooklyn; piano solos by Miss Edna Ray Polk of this city; banjo selections by Mr. and Mrs. Geo. Jenkins of Somerville, assisted by Master Clifford Dunn; a selected duett by Mrs. Colguhoun and Miss R. May Hall, accompanied on the piano by Mr. Hall Martin of Brooklyn; and a series of slight of hand performances by Mr. Howard A. Knudson, Manager of the Criterion Theatre, Brooklyn.

Mr. C. J. Feytel presided in his usual polished and efficient manner, delivering an address on the "Good of the Order." Among other things he told of the object of the entertainment and of the rapid growth of Wetumpka Lodge, starting as it did two years ago with a membership of 33, and increasing until now its membership is nearing the one hundred mark.

The Knights of Honor, he said, is strictly a fraternal organization, and its success is assured by the voluntary obligation of 132,000 members. It is a national organization, extending from Maine to California; it has 36 Grand Lodges and 2,500 subordinate lodges. The object of the lodge is to feed the hungry, clothe the naked, visit the sick, bury the dead and care for the wife and orphans.

The entertainment last evening was a pronounced success in every particular, and reflects great credit upon those who had charge of the arrangements. The performers were all greeted with hearty applause, and each and every number on the programme was executed in a highly creditable manner.

To the Editor of The Press:—Please publish the following:

My Dear — —: I feel that it is my duty to inform you that the bonnet you wear does not suit the people of Plainfield. They object to the red, as *too much* of that brilliant color dazzles the eye. I have, therefore, been requested to implore you to make a change once in a while. If there is any way that I can help you to get another one, I shall be glad to do so. By attending to this matter you will greatly oblige a number of your friends and also add greatly to my comfort.

Yours truly,

A Friend.

I will say to the above, if this comfortless friend will kindly send me her name, I may be glad to call on her for help, otherwise I shall continue to wear "The Red Hat."

The Racing Season Opened Yesterday.

The prospects for a brilliant meeting at the New Jersey Jockey Club's track were never so bright, and from indications the season will be the greatest yet enjoyed by the club. The opening was yesterday. Arrivals from several prominent stables have been coming in daily and the list of horses entered in the different events will be large. This meeting is the opening of the Spring racing season in this vicinity, and it will be under the personal superintendency of Col. McIntyre, Secretary of the club.

Mr. Hastings to Speak in this City.

Mr. H. L. Hastings, the great anti-infidel lecturer, will speak in this city under the auspices of the Y. M. C. A., on Tuesday evening, April 22.

Mr. Joseph Cook says: "Last Summer it was my fortune to see a Boston jail bird in the presence of the representatives of ninety-one colleges at Northfield, and to hear the young men from all quarters of the land cheer him to the echo, in a house packed to the doors. Mr. H. L. Hastings, once incarcerated for preaching on the common was that 'Jail Bird.'"

He'll Have Better Luck Next Time.

Mr. Marion Sutton, otherwise known as "Grundy," one of the brakemen on drill engine No. 30, took a "day off," yesterday, fishing for Raritan River shad at Bound Brook. His presence along the river bank, however, frightened the fish away, and in order to make a good showing when he returned home, he bought a North River shad on the way.

POISONED BY EATING PARIS GREEN.

Albert Martin, While Killing Cockroaches Tastes of the Deadly Poison and Dies in Great Agony.

Albert, the seventeen-year-old son of Mr. and Mrs. Geo. C. Martin of Central avenue and Eighth street, died in great agony at five o'clock yesterday afternoon, from the effects of a dose of Paris green.

Yesterday morning the young man was about the house killing cockroaches with the deadly poison, when he felt a desire to taste the drug. He applied a small quantity to his tongue, and in a short time he was taken violently ill. Dr. Jenkins was immediately summoned and applied the usual remedies, but the patient continued to grow worse and died with convulsions at five o'clock, as above stated.

Albert Martin was one of the most popular young men in this city. He was a shining light in the M. E. Sunday school and was beloved by all who knew him. His friends were a legion, and his demise while yet in young manhood will cast a gloom over the community at large, and especially over the relatives and friends of the bereaved family.

The funeral will take place at the residence of his parents, 32 West Eighth street to-morrow at 3 P. M., and interment will be made in Greenwood on the following day. At the request of the family no post-mortem examination was made.

RETURN OF THE FAVORITES.

Bartholomew's Educated Horses at Music Hall Again.

Professor Geo. Bartholomew demonstrated the week of October 28, to over 8,000 persons in Music Hall, the power which the educated human mind can exercise over the brute creation, as well as the degree to which the latter can be trained and educated.

His twenty-four handsome horses give performances in four acts, and the number of feats which they perform is remarkable. The horse which is naturally an intelligent beast seems to have been educated by him, until it seems endowed with almost human faculties and perceptions.

The only requisite they apparently lack is the power of speech. They are capable of doing almost anything and understand every word of command and go through their several parts with willingness and apparent enjoyment.

The exhibition has been considerably improved since its last appearance here, and several novel mechanical effects, fine trappings and appropriate scenery have been added, which will lend an additional charm to the entertainment. The animals show the greatest proficiency in playing a tune with bells and in performing a military drill. All the features are pleasing and excite applause and admiration.

The horses will appear in Music Hall all of next week and give six evening and three afternoon performances, Wednesday, Friday and Saturday.

MRS. DARLING GONE TOO.

Civil Proceedings Against Her Contemplated by the Firm's Assignee.

Mrs. Wm. S. Darling, wife of Plainfield's ex-Councilman Darling, who wrecked the firm of John F. Plummer & Co., left her quarters at the Grenoble apartment house, Seventh avenue and Fifty-seventh street, New York, on Thursday last, having sent her furniture to a house on South avenue, this city, as told exclusively in The Press. Partner Darling disappeared some three weeks ago.

Richard S. Newcombe, counsel for the assignee of the firm, says that civil proceedings will be begun against Mrs. Darling for the recovery of property which Darling purchased in her name. "I know of $50,000 or $60,000 worth of real estate standing in Mrs. Darling's name," said Lawyer Newcombe, "which I am convinced was purchased out of the misappropriated funds of John F. Plummer & Co. I hope to find a good deal more property that has been acquired in the same way. As to Darling's hiding place, we have not the slightest clue, nor do we expect to see him right away."

A New York paper this morning says that no little excitement was caused in Plainfield, when for the first time it became known through The Press that Mrs Darling had moved here. The fact of Mrs. Darling's presence was not made public by her friends, but the news got abroad when two of Morgan's big furniture vans backed up to the Darling cottage in Netherwood and all of Mrs. Darling's furniture was deposited there. The work of removal was conducted very quietly and rapidly, and under the supervision of Mrs. Darling's faithful maid Josie.

It had been planned by Mrs. Darling's friends that she should remain at a hotel in this city while the work of removing the furniture to her cottage was in progress. This plan was changed by the kindly interposition of Mrs. Watson, who lives at Plainfield, and who persuaded her to at once leave New York and go and live with her while her cottage was being prepared for her occupancy.

Arrested for Wife Beating.

Patrick Cahill, a resident on the Boulevard was arrested by Officers Giesse and Laine, last evening, for beating his wife and otherwise acting in a disorderly manner. This morning he pleaded not guilty, and Judge Codington held him in $50 bail, to appear for trial to-morrow morning at ten o'clock.

BOROUGH COUNCIL MEETING.

A Short Session, but Considerable Business Transacted.

Mayor Chas. Place called the Borough Council to order at eight o'clock last evening, all the members being present. Mr. H H. Brokaw, the new clerk, read the minutes and they were approved with slight corrections.

Bids were received from F. H. Giese, offering to furnish crushed stone at one dollar a ton, delivered; from P. T. B. Nevius offering stone at 77½ cents a ton at the crusher, and from Jasper H. Wilson, offering to furnish two sizes of stone for 90 cents a ton, with dust to cover the second size without additional cost. The bids were referred to the Street Committee.

Three claims of the N. Y. and N. J., Globe Gas Light Co., for $264.37 and $260 67 and $260.67, were referred for certification.

The License and Marshal Committee asked for an extension of time on the matter of appointing a regular marshal. Granted.

Mr. Hegeman from the Street Committee, reported that a thorough inspection of the streets had been made, and some of them were found to be in a very bad condition. Many of the board walks were also in a bad condition and the committee requested that the owners be urged to keep the same in good repair. The matter of removing certain trees from Green Brook, near the Water street bridge, was, in the opinion of the Corporation Counsel, out of the jurisdiction of the Council. The petitions of Grove street and Willow avenue residents asking to have those thoroughfares macadamized were withheld for the time being and until after the streets have been scraped. Report received and filed.

A resolution by Mr. Emmons was adopted, appointing James Hardy as the magistrate to try and determine all cases for violation of the borough ordinances.

A petition for a crosswalk at Brook and Westervelt avenues, was referred to the Street Committee, and a resolution introduced by Mr. Needham authorizing the Committee on Supplies to have a closet built in the Council chamber for the safe keeping of grade maps, etc., was adopted. The same committee was authorized to procure necessary stationery for use of Council.

A resolution by Mr. Emmons making the term of office of Marshal Thos. Mc Donald hold over until his successor is appointed, brought forth some discussion. The resolution was finally lost, the mayor casting the decisive vote in the negative.

The following persons were upon resolution adopted, appointed special marshals: Wm. Sharkey, Geo. Conover, Louis Conant, Wm. Emmons, John Mair, J. W. A. Bauersachs, Job Coddington and Wm. Boe.

A resolution by Mr. Sebring, recommending the confirmation of several new members recently elected by Warren Engine Company, No. 1, was adopted.

The Fire, Water and Lamps Committee was authorized to borrow $300 for street lighting purposes.

A warrant for $51.76 was ordered drawn payable to Mr. B. A. Hegeman, Jr., for cash advanced to meet the weekly pay roll for the week ending April 12.

Mr. Hegeman spoke of the dark and dangerous condition of Race street at night. He offered a resolution to the effect that the Fire, Water and Lamps Committee inspect the location of street lamps and make such change as found necessary. The resolution was adopted.

The claim of Thos. McDonald for one-half month's salary, $18.75, was received, referred and subsequently ordered paid.

Upon resolution adopted the Street Committee was authorized and empowered to spend a sum of money not exceeding $100, in addition to the appropriation already made for street scraping purposes.

The bond of the borough clerk was referred to the Law and Ordinance Committee, and later it was ordered filed with the mayor.

Council then adjourned.

A Reception to the Bayard of Mount Ararat.

Last evening in the Westfield Hotel parlors, the popular druggist of that town Mr. George A. Bayard, was most agreeably surprised. He was sent for at 9 P. M., to come from his store to the hotel, where he found thirty of the best citizens were assembled to give him a reception upon his safe return home from a six weeks tour in the Southern States. Dr. Sherman Cooper was Master of Ceremonies, and Mr. Samuel Reese was Secretary.

Dr. Bayard was taken completely by surprise. He was presented with a large and fine crayon portrait of himself, handsomely framed, which his friends had had made during his absence. Letters of regret were received from a number of prominent men in the county, who had been invited to attend but could not.

Dr. Cooper made a speech of welcome; Samuel Reese presented the picture; and Dr. Bayard made a very pleasant and effective reply. The evening was spent in mutual admiration, music and singing.

Scrofula is transmitted from parent to child, and thus becomes a family inheritance. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

TWO-THIRDS FOR REVISION.

Vote of the Elizabeth Presbytery on the Question of Creed.

The annual meeting of the Presbytery of Elizabeth, which embraces thirty-one churches, was held in the First Presbyterian church in this city yesterday. The opening sermon was preached by the Rev Dr. Teal, of Westminster church, Elizabeth, the retiring moderator.

The following officers were elected:—Moderator, the Rev. Edward Greene, of Cranford; Stated Clerk, the Rev. Mr. Parry, of Pluckamin; Permanent Clerk, the Rev. John D. Kerr, of the Third Presbyterian church of Elizabeth; Temporary Clerk, the Rev. Mr. Cobb, of the Second Presbyterian church of Elizabeth, and Treasurer, the Rev. J. A. Blauvelt, of Roselle.

The committee appointed at the last regular meeting of the Presbytery to consider the overture submitted by the General Assembly on the subject of revision of confession was constituted as follows: Ministers, the Rev. Drs. Kempshall, Teal, Gillespie, McNulty, Ketchum, and the Revs. Converse and Greene; Elders, Voorhees, Cissel, Woodruff and Pierson.

At the business session yesterday the committee submitted both a majority and a minority report, the former by the Rev. Dr. Kempshall, of Elizabeth, and the latter by the Rev. Edward Greene. Several hours were spent in discussing the reports, and the Presbytery decided by a two-thirds vote in favor of the majority report, which favored a revision.

The New York *Independent* of this week gives returns of the vote of 126 Presbyteries on revision of the Confession of Faith.

These returns show that 82 Presbyteries have voted in favor of revision, 40 against revision and 4 have refused to vote.

There are yet eighty-six Presbyteries to be heard from, and the indications are, the *Independent* says, that the vote in favor of revision will be about two-thirds of the number.

In the evening popular services were held in the church, at which addresses were made on "Consecration," "Growth" and "The Christian's Duty and Wisdom as to the Impenitent," respectively.

The Woman's Presbyterial Society for Foreign Missions in the Presbytery held its nineteenth annual meeting in the chapel of the Crescent Avenue church at 2:30 P. M., yesterday. The annual reports were presented, and other business transacted.

NEARING THE FINISH.

Fanwood Passes Westfield in the Bowling Tournament.

Four of the scheduled games in the Central League were bowled last evening, two at Fanwood and two at Elizabeth. Fanwood won both from the "Nameless" of Westfield; and Elizabeth won one and lost one with the "Mondays" of Westfield.

Elizabeth's men were all out of shape, and the Westfielders won with a score of but little over 700. Fanwood's bowlers, however, made the highest average of the tournament. Their scores were:

TWO POLICEMEN DISMISSED.

Done the Same Way in Jersey City as in Elizabeth and Plainfield.

Twenty Jersey City policemen who had violated the rules of the department in one way or another were up for trial at yesterday's meeting of the Police Board of that city. Chiefman George Conklin of the First Precinct, and Patrolman Cooper of the Fifth Precinct, both of whom were found guilty of serious charges, were dismissed from the force.

—One of the jurymen on the Miller trial informs THE PRESS that Judge Codington was not requested to suspend sentence until after the verdict was handed in.

—A representative from the New York *Star* came to this city, last evening, to collect evidence against Mr. Wm. S. Darling.

Sick Headache

IS a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of Ayer's Pills.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy."—Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine—sustaining all the claims made for them."—W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas.

"Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered stomach and liver. I suffered for over three years from headache, indigestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."—Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, restored me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.

THE LOYAL LEGION.

Distinguished Members Celebrating the Twenty-Fifth Anniversary.

PHILADELPHIA, April 16.—At the Academy of Music last night, the ceremonies incident to the celebration of the 25th anniversary of the Loyal Legion were held. Seated on the stage were a number of distinguished men, including Secretary Tracy, Gen. Schofield, Gen. Hoffman, Rear-Admirals Almy, Smith and Russel, Generals Beaver, Howard, Slocum, Porter, Hawley, Miles, Fairchild and Marshall, Commodore Melville, ex-Governor Curtin and many others.

The building was crowded from pit to dome with an audience composed of companions of the order and invited guests.

Gen. D. McM. Gregg, Commander of the Pennsylvania Commandery, delivered an address of welcome to the visiting companions and then introduced ex-President Hayes, Commander-in-Chief of the order, who delivered an interesting address. The ex-President was followed by Gen. Charles Devens of Massachusetts, who spoke at some length.

Next followed a fantasia by the Marine band. This was heartily enjoyed by the veterans present, who rose to their feet and joined in the singing of some of the songs as they occurred in the piece. At the conclusion of the ceremonies the members were escorted to the Union League Club where a serenade was tendered them.

A RAGING MASS OF FIRE.

One of the Most Promising of the Reading Collieries Burning.

ASHLAND, Pa., April 16.—The fire which broke out in the culm bank at the Big Mine Run colliery, may penetrate the workings of the East colliery and necessitate the flooding of the mines and a suspension of work.

The mine officials are making surveys to ascertain if the North Ashland Creek can be turned on the fire.

If so, work will be commenced at once. The bottom of the bank is a seething mass, and it will require the removal of many tons of culm before the fire can be reached. If the creek can be successfully turned on the fire there is a possibility of preventing it from penetrating the mine.

The Locust Mountain Coal and Iron Company put men to work at once to do all that is possible in preventing the spread of the fire. Inspector John J. Williams and Engineer S. M. Riley, of this company, have the matter in hand and will use every means in their power to extinguish the fire and prevent its spread into the coal veins on their tract.

A Boodle Alderman Returns.

NEW YORK, April 16.—Assistant-District Attorney Goff was startled when ex-Alderman Thomas Rothman of the Board of 1884, known as the famous Boodle Board, presented himself at the District Attorney's office and asked to be informed as to whether there was any charge against him in connection with his career as Alderman. He was informed that there was no indictment against him.

Accidentally Shot Through the Heart.

RONDOUT, N. Y., April 16.—Michael Sakatchski, a Polander, was accidentally shot through the heart by Wladyslau Oulatowski, his brother-in-law, here. Oulatowski was showing a revolver to a number of his countrymen when it exploded. The dead man arrived here three weeks ago from Russian-Poland, where he has a wife and three children.

Council of Working Girls.

Will Play for the Championship.

NEW YORK, April 16.—A dispatch from Chicago says that Schaefer and Slosson have signed an agreement to play 300 points at fourteen inch balk line in New York during next June for a stake of $500 a side; a wager of $1,000 and an emblem of the championship of America to be presented by the Brunswick-Balke Collender company.

Knocked Out in the Tenth Round.

BUFFALO, N. Y., April 16.—Jack Smith of Canada defeated Mike Coburn of England last night, with two ounce gloves, under the auspices of the Buffalo Athletic Club for a purse of $1,000. Smith had everything his own way and in the 10th round he hit Coburn a terrific upper cut in the stomach knocking him out.

A Bank President Found Dead.

ALBANY, N. Y., April 16. — Edgar Cottrell, president of the Albany City Savings Institution and senior member of the firm of Cottrell & Leonard, dealers in hats and furs, was found dead at his residence on State street early in the morning by a servant. Apoplexy is supposed to have been the cause.

Fifteen Years for Griswold.

READY TO PLAY BALL

The American Association Will Begin the Fight To-Day.

LEAGUE GAMES ON SATURDAY.

All the Clubs Well Equipped and Local Rivalry Very Bitter.

A Triangular Fight in Philadelphia and Brooklyn—Strength of the Clubs Who Play To-Day—How the Association Teams Are Weakened by the Loss of Well-Known Players.

NEW YORK, April 17.—The baseball season is here at last. The American Association will begin the fight for pennant honors this afternoon and on Sunday the clubs of the National and Players' League will begin their schedule contests. Then will follow a great struggle for supremacy.

In Philadelphia and Brooklyn it will be a triangular fight in which the three major organizations will have clubs engaged and in six other cities there are two clubs each represented in the National and Players' leagues. All are well equipped, the local rivalry is most bitter everywhere, and within ten days the public excitement promises to be at white heat. The Players' League clubs are making claims to the patronage they expect, and there is hardly a doubt but that they will draw well. It will be a novelty to the public to watch the actions of players who are to be controlled by other players.

With the American Association teams changed as they are the championship race of this organization gives promise of being a very interesting one. Taking the chances of the probable pennant winners into consideration, there are any number of people who pin their faith on the St. Louis Club, and they do this, too, in spite of the fact that Von der Ahe has lost the services of the great Comiskey, Robinson, Latham, O'Neil, Milligan, Boyle and King.

No club will have a so-called "easy thing" with the Brooklyn Club, and it will need watching.

The Athletic Club enters the race weakened by the loss of Stovey, Bauer and Larkin. O'Brien is a good substitute for Larkin as a fielder, but the former cannot be compared with Lark in as a batsman, although he will do excellent work with the stick. Fitzgerald is a very promising second baseman.

Columbus is very well thought of by people who are good judges. The only strong man lost by the club is Baldwin. He had no superior as a pitcher in the Association last season.

The Louisville Club has an able manager, something it has not had since the days when Hart was in command, and it is replete with fine fielders and first-class batteries. The club is stronger than it has been for three years past.

The critics seem to think that the Rochester Club is being placed too low in the race. The club will open the season stronger in batteries than half of its competitors, and with an in and out-field second to none in the Association. It has a host of first-class base runners, and as a hitting team will stand up among the leaders.

Of the Syracuse and Toledo clubs little can be said, and the players of these two teams will be anxiously watched for the next few days.

TRENTON LAWMAKERS.

Bills Passed by the Legislature Before Closing the Week's Business.

TRENTON, N. J., April 17.—The Assembly adjourned for the week, after passing the following bills:

Permitting Asbury Park to issue bonds for the erection of a town hall; allowing cities to issue $40,000 bonds to pay for city halls on their own ground; amending the Atlantic Boardwalk act; authorizing the incorporation of State Leagues and Clubs of bicycling or athletic associations; giving towns authority to erect armories for the National Guard at a cost not to exceed $10,000, and giving the city of Elizabeth power to acept, in lieu of taxes, a stipulated sum of money from manufactures who propose to locate there.

The bill making it a misdemeanor to steal chickens, turkeys etc., with imprisonment as a penalty, was defeated.

Boston Trades to Meet To-Night.

BOSTON, April 17.—A special meeting of the Amalgamated Building Trades Council will be held to-night, at which the carpenters and bricklayers will be called upon to show cause for not obeying the strike orders of the A. B. T. C. The members of the Freestone Cutters' Union state that they, from the first, preferred that the other branches of the building trade should not interfere, and that they should be allowed to fight the Freestone Contractors' Association in their own way.

Gladstone's Copyright Views.

LONDON, April 17. — Mr. Gladstone, writing in regard to the establishment of an international copyright law with America, says: "When the barbarism of protection ceases to oppress that country we may hope to present a plan which will take a form worthy of so great a nation."

Duty on Raw Wool.

BOSTON, April 17.—The Senate by a vote of 9 to 18 refused to pass the resolution asking Congress to remove the duty on raw wool. Some Republicans voted for the resolution, otherwise it was a party vote.

Tommy Danforth Won the Fight.

NEW ORLEANS, La., April 17.—Tommy Danforth, of Cincinnati, knocked out Charlie Summers of California in five rounds at the Audubon Club.

POWDERLY TESTIFIES.

He Tells the Emigration Committee About a Low Class of Foreign Labor.

NEW YORK, April 17.—Mr. Powderly was the principal witness before the Emigration Committee. He said he represented an organization with a membership of 213,000 in the United States, and a large membership in other countries. A man need not be a citizen in order to become a member. An immigrant can join on landing if he is vouched for by a member.

Mr. Powderly proceeded to give information to support his statement that in the coal and coke industries a low class of immigrants are taking the place of Americans. He knew of 40 Welshmen, citizens, leaving Scranton for home, their places having been taken by Hungarians. The Hungarians Lithuanians, Polish and Russian Jews and Italians, are a very degraded class. Poles and Norwegians make good citizens in time. Few Germans or Irish are arriving in the coal regions now. It is common to see one room containing 40 men. They get from 50 cents to $1.00 a day. The men they replaced got $1.50 to $2.10 per day.

In the anthracite region, Mr. Powderly said, the men have been idle for eight months a year for the past three years. They are so impoverished that they cannot leave there.

STRIKING CARPENTERS.

Building Operations in Chicago Are Now Completely Blocked.

CHICAGO, April 17.—The embargo placed by striking carpenters on building operations in this city continues effective. Bricklayers have gone as far as they could until the carpenters did more work, and as there were none to do it the bricklayers had to stop. This threw the hod carriers and laborers out of employment for the time being, so that the number of idle men in the city to-day is very large. It will steadily increase for the next week after which no building operations can be continued until the strike is brought to an end, or the builders are able to get carpenters to go to work.

There are some signs of disturbances and the strikers claim that the contractors are the real instigators of the troubles that arise. They go about armed and threatening to shoot anybody that comes to talk to the men they have at work and seem, the strikers allege, anxious to provoke a quarrel in order that the odium of it may be thrown on them.

President O'Connell was busy this morning making preparations for a monster parade this afternoon.

HIS FOOT IN A FROG.

A Brakeman on the Pennsylvania Road Suffers a Terrible Death.

TRENTON, N. J., April 17.—John S. Lukens, a brakeman on the Pennsylvania Railroad, was killed here under peculiar circumstances.

He got off his train and started to walk backward ahead of the locomotive to turn a switch, when his foot caught in a frog and held him fast.

The engineer did not understand Lukens' terrible position and started his engine. As the locomotive came toward him Lukens made desperate efforts to free his foot, and, failing to do so, lay flat down on the track, thinking that the locomotive would pass over him without doing him serious harm.

He was so badly injured that he died soon after being removed to the hospital.

Shortstop Ward Separates from His Wife.

NEW YORK, April 17.—Mr. John M. Ward, the famous baseball player, has agreed to a separation from his wife, Mrs. Helen Dauvray Ward, and Mrs. Ward is now preparing for a trip to the West. After a number of reconciliations the couple have at last agreed to a final parting, because Mrs. Ward could not make up her mind to desert the theatrical profession.

Sensational Marriage.

RIDGEFIELD, Conn., April 17.—A sensational marriage took place yesterday at Lewisboro, N. Y., a hamlet about three miles south of Ridgefield village. The principals are Gould Rockwell, a millionaire and retired business man, 87 years old, and Miss Mamie Louise Delevane, a rosy cheeked blonde just out of her teens, whose former home was in Ulster County, N. Y.

Rates to the G. A. R. Encampment.

BOSTON, April 17.—The New England Ticket Agents' Association made rates for the National G. A. R. Encampment here. From points 200 miles or more distant from Boston one fare will be charged for the round trip. From points between 50 and 200 miles, three cents per mile one way. Minimum excursion rate $1.

Death of Theophilus Walker.

BOSTON, Mass., April 17.—Theophilus Walker, one of the oldest and wealthiest citizens of Waltham, died of heart disease, aged 77 years. He was worth about $3,000,000. He had been in the glue business, and owned part of the Danvers Dye Works. He had a large stable of blooded horses. His only relatives are two nieces.

Willing to Advance Wages.

PORTSMOUTH, N. H., April 17.—The trouble between the employing mechanics and the journeymen bids fair to be amicably settled to-day. Several firms have signified their willingness to advance wages, providing the men will work ten hours. A meeting of journeymen will be held to-night.

PAN-AMERICAN HOSPITALITY.

The Foreign Delegates Give a Banquet in Honor of the President.

Sudden Death of a Massachusetts Man in a Bathtub—The Blaine-Damrosch Wedding Announced for To-Day Postponed Until Next Month—The Chinese Census Bill Tabled.

WASHINGTON, April 17.—Montana is represented in the United States Senate by two Republicans. By a strict party vote—32 to 26—Wilber F. Sanders and Thomas C. Powers were declared entitled to the long vacant seats for the new State.

After some debate Mr. Butler, of South Carolina, endeavored to have both the majority and minority reports recommitted to the Committee on Privileges and Elections, but failed.

Later Mr. Butler offered a resolution declaring that in the judgment of the Senate there had been no choice of United States Senators from the State of Montana. This was defeated by a party vote—yeas 23, nays 31. The vote in favor of Messrs. Sanders and Powers followed, and the two new Senators immediately took the oaths of office and their seats.

DIED IN A BATHTUB.

Sudden Death of a Massachusetts Man at a Washington Hotel.

WASHINGTON, April 17.—There is an air of mystery surrounding the death of Charles H Miller, one of the wealthiest citizens of Salem, Mass., which occurred early in the morning in the suite of rooms formerly occupied by Secretary Blaine at the Hotel Normandie.

Mr. Miller and his wife have been stopping at the Normandie for two weeks. The had previously made a tour of the South, where Mr. Miller went for the benefit of his health.

Miller went to the bathroom to take a bath. Being a considerable time in coming out, Mrs. Miller went into the bathroom and found her husband dead in the tub.

The hotel people act in rather a mysterious manner and Mrs. Miller is prostrated and cannot be seen. Whether Mr. Miller died from drowning or was stricken by heart disease while bathing is a question.

PAN-AMERICAN BANQUET.

The Most Elaborate Affair Attempted in Washington in Years.

WASHINGTON, April 22.—The dinner given last evening in honor of President Harrison by the Latin American delegates to the Pan-American Congress was the most elaborate affair attempted in Washington for some years, surpassing in elegance even the recent dinner given by Mr. Andrew Carnegie.

The only speechmaking was a response by President Harrison to a toast in his honor proposed by the vice-president of the conference. The President spoke briefly. He assured the delegates that the feelings of the people of the United States toward the sister States was absolutely and unselfishly friendly. He believed that the association of the republics had settled universal peace, and would result in an interchange of trade relations which would be beneficial to all. [Great applause.]

The Damrosch-Blaine Wedding Postponed.

WASHINGTON, April 17.—Miss Blaine, daughter of the Secretary of State, was to be married to-day to Walter Damrosch, but owing to Mr. Damrosch's professional engagements the wedding has been postponed until May 17.

The Chinese Census Bill Tabled.

WASHINGTON, April 17.—The Chinese Census bill was tabled by a vote of 33 yeas to 2 nays.

Mr. Cleveland Indignant.

NEW YORK, April 17.—Referring to attacks made by a newspaper of this city ex-President Cleveland says: "I do not care how much I am criticised for my public acts. That is perfectly legitimate, and I recognize the right of every man to differ on public questions. There is a line, however, it seems to me where criticism and abuse should stop. The man who invades the privacy of a family and indulges in coarse and wanton attacks on private citizens is no better than a highwayman. He places himself on the level of a blackguard, and his vulgarities can have no weight with decent people."

A Big Purse for Dr. Cuyler.

BROOKLYN, April 17.—At a farewell reception to Rev. Theodore L. Cuyler, the retiring pastor of the Lafayette Avenue Presbyterian Church, a purse of $30,000 was given to Mr. Cuyler by the parishioners, representing $1,000 for each year of his service with the church.

Mrs. Stewart's Heirs Must Pay.

NEW YORK, April 17.—Surrogate Rollins decided that the heirs of Mrs. A. T. Stewart must pay the succession tax upon their bequests, with interest, since the date of the will, 1886, though they did not receive the property until 1890.

Two Mills Burned.

PHILADELPHIA, April 17.—The Schofield Mill at Manyunk was burned last night. Loss, $20,000. One of the buildings of the McNeely kid glove works in this city was burned. Loss, $50,000; insured.

PROTECTING DUMB BEASTS.

The S. P. C. A. Meet in Adjourned Session—Officers Elected and Other Business Transacted.

The adjourned meeting of the "Plainfield Society for the Prevention of Cruelty to Animals," was held at 7 East Front street last evening, with the Rev. T. Logan Murphy in the chair. This being the first annual meeting of the organization the Secretary and Treasurer's reports were presented and ordered filed. It was moved and carried that the Treasurer be empowered to purchase badges for special officers. Councilman John Johnston's name was proposed for membership and he was unanimously elected a member of the Society. Mr. H G. Stephenson was elected an an honorary member.

The following officers were elected for the ensuing year: President, Rev. T. Logan Murphy; Vice Presidents, Messrs Julian Scott, S. E. Flower, the Rev. W. J. Leonard and M. M. Dunham; Secretary and Counsel, Wm. A. Coddington; Treasurer, Tunis J. Carey.

The following gentlemen were appointed on the Executive Committee: Messrs T. Logan Murphy, W. J. Leonard, Wm. A. Coddington, Julian Scott, John Johnson, T. J. Carey, Dr. H. H. Lowrie, S. E. Flower and F. S. Browne. The following resolution was offered by Wm. A. Coddington:

Resolved, That in consideration of the kindness and courtesy extended by the Plainfield editors in publishing notices of the society's meetings, their dues and initiation fees be remitted.

The society is in a flourishing condition and has suppressed many cases of cruelty during the past year. The Counsel reported that there were still two cases pending in Court for alleged cruel treatment to horses. The total membership of the society is seventy-six members.

PRESIDENT REED.

A Close Contest for the Executive Office of the Crescent League.

There was an unusually large attendance of members at last evening's meeting of the Plainfield Crescent League. An election for a President to fill the unexpired term of Mr. E. C. Kieb, resigned, was to take place, and for two days past the contest had been very warm.

Among the members present were Counselors Jackson and McClure, Lawyers Emerson, Coddington and VanWinkle, Assemblyman Ulrich, Councilmen Smith, Jenkins, Roberts and Johnston, and City Judge Codington. The Hon. John Ulrich in an eloquent speech nominated J. T Fritts, M. D., and Mr. J. A. Demarest followed with the nomination of Borough Counsel Charles A. Reed.

The ballot resulted in the election of Mr. Reed by a vote of 37 to 30. Dr. Fritts immediately proposed that Mr. Reed's election be made unanimous, which was done, and Dr. Fritts then escorted the new President to the chair. President Reed's speech evidenced that he is *the* man for the place. If his personal effort and wise advice is followed, the League will be second in power and standing to no like organization in the State.

A Wife Beater Committed to Jail.

Patrick Cahill of No. 210 South Second street, was a prisoner in the City Court, before Judge Codington, this morning, charged by his wife with being drunk and abusing her. The complainant testified to the assault which took place on the night of the 15th instant, when she alleged that her husband returned home from work, broke a chair over her, knocked her down, threw her out of doors and then accompanied her on a hundred yard dash around the house. Other witnesses substantiated her statement.

The defendant admitted being "half seas over," but denied striking his wife. He produced two witnesses who testified that they heard the woman scream, but did not see Cahill strike her.

Judge Codington found the defendant guilty, and gave him his choice of paying a $15 fine or spending twenty days in the county jail. Notwithstanding the fact that Cahill had $50 in cash with him, he first decided to serve out the twenty days, but subsequently paid the $15.

PARTICULAR MENTION.

Harrison Ashton, the one year and three-months-old son of Edward and Ella Ashton, of East Second street, died yesterday afternoon from bronchitis.

The Misses Tucker of 33 North avenue, will receive a large sum of money, September 15, 1890, which was left to them by their father who has been dead for a number of years.

At the M. E. parsonage, Tuesday evening, at 7:15 o'clock, Mr. Thomas Cundy and Miss Lillie Jane Bulley, of this city, were married by the Rev. Charles B Mitchell. Mr. and Mrs. Cundy will continue to live in Plainfield.

A draft on the Supreme Treasurer of the Royal Arcanum for $3,000, was received today by Plainfield Council to be handed to the widow of J. Newton Jenkins. It is the amount always paid the next of kin upon the death of a Royal Arcanum member.

Gone But Not Forgotten.

The wholesale fruit and produce firm of Reece & Layton, which was established on West Front street, about ten days ago, is now among the things of the past. Yesterday the proprietors suddenly left the city, and it is also alleged that they left several unpaid claims, among them one for 200 bushels of potatoes purchased from R. W. Rice & Co., of North Plainfield.

THE POINT OF THE MILLER CASE.

The point is this: Is the Common Council invested with any right or power to regulate and restrict when a man may open and must close his kitchen, parlor or even barroom?

The charter says this only: "*And be it Enacted*, That the common council of said city, or a majority thereof, shall have the exclusive right and power to regulate and prohibit the sale of spirituous and fermented liquors within said city as they deem most conducive to the public good; no person or persons shall in any manner sell or dispose of spirituous or fermented liquors unless licensed so to do by the common council."

That's all, and the fact that the Council is given no power to forbid a man unlocking his own barrom door and turning up the light whenever he pleases, is probably the only point on which the Miller case could have been appealed with any prospect of success.

Counselor Kalisch failed to see this—really the only strong point—and the opportunity for its use in the Miller case is lost. The City Attorney undoubtedly saw it; but, then, there's the difference again. Many believe that if Counselor Marsh had been Miller's counsel he would have secured the defendant's acquital on the first trial. And THE PRESS is aware of much reason in, and foundation for, such belief.

In view of the fact—and it is a fact—that the Council have no power to regulate and restrict the closing, and opening, of a man's doors, the *Central Times* is proven to be as dishonest as it is silly in saying that in arresting Miller for standing inside of his barroom door with three Councilmen at twelve o'clock, Carey was merely carrying out President Moffett's orders to "ferret out illicit sellers."

The Late J. Potter Johnson's Funeral.

The funeral of the late J. Potter Johnson, whose tragic death occurred on Saturday last, took place from his late home on East Third street, yesterday afternoon, the house being completely filled with the relatives and friends of the family, including a large delegation from Jerusalem Lodge, F. and A. M., of which Mr. Johnson was a member, together with delegates from other secret societies.

The service was conducted by the Rev. Cornelius Schenck, pastor of Trinity Reformed church, who paid a fitting tribute to the departed dead. The floral display was rich and modest, consisting of a handsome floral Masonic emblem from Jerusalem Lodge and a bunch of callas. At the close of the service the remains were escorted to Evergreen Cemetery, where they were interred with Masonic honors, Past Master B. F. Corlell officiating as Master, upon invitation from Master H. S. Mason.

The Borough Marshal.

The License and Marshal Committee of the Borough Council reported on Tuesevening that it was not yet prepared to present the name of a regular Marshal for the Council's confirmation, and an extension of time was granted the Committee in which to prepare its report. The almost universal choice of the people in North Plainfield seems to be the reappointment of Thos. McDonald, who last year proved himself to be a capable and efficient officer, always looking out for the borough's interests.

The reappointment of Mr. McDonald to the office he has just vacated, will meet with the hearty approval of all law-abiding citizens in North Plainfield.

Susan Hayes Ward at the Congregational Church.

Miss Susan Hayes Ward, of Newark, President of the Philadelphia branch, will be present and address the meeting. Members of other societies are cordially invited to attend.

Plainfield, April 16, 1890.

The Bazar at Netherwood.

Yesterday afternoon and last evening a Bazar was held at the home of Mrs. Wm. Palmer Smith, Netherwood, for the benefit of the Church of Our Saviour.

Such a show of beautiful, ornamental and artistic articles have seldom, if ever, before been displayed. The attendance was large, and the generous purchases made by the friends of the chapel, delighted the ladies in charge of the various tables. In fact the affair was a great success—the net proceeds being about $500.

ARRANGEMENTS COMPLETE FOR THE MEET.

A Special Train Will Run From Plainfield to the Races, and a Wheelman's Minstrel Company Will Perform at Music Hall.

An adjourned meeting of the New Jersey Division Board of Officers of the League of American Wheelmen, was held on Tuesday evening at the Club house of the Elizabeth Wheelmen. Among those present were Chief Consul, Dr. G. Carleton Brown, of Elizabeth; Vice Consul Dr. H. A. Benedict, of Jersey City; Secretary-Treasurer, Geo. C. Pennell, and F. C. Gilbert of Elizabeth, H. P. Stoney of Englewood, Elliott W. Johnson of Jersey City, A. T. Dodd of Newark, and local Consul, Frank L. C. Martin of this city. At this meeting considerable important business was transacted relative to the Division Meet to be held in Plainfield on May 30 and 31.

The League is now divided into 7 racing districts—New York and New Jersey, composing District No. 2. Each district is in charge of a District Racing Board and it has entire charge of all matters pertaining to the running of the championships in its district. As the District Racing Board consider the track in this city unfit for bicycle racing, they refused to allow the district races to be run here. They will therefore be run on the N. J. Athletic Club track at Bergen Point, on the afternoon of Saturday, May 31, and a special train will be chartered from this city for the convenience of the large number of Plainfielders who will no doubt wish to attend them. The races will be the wind up of the meet.

The theatre party will be a first-class affair, and will be purely amateur. It will be under the management of Mr. Elliot W. Johnson, one of the members of the Hudson County Wheelmen of Jersey City, and is styled "The Hudson County Wheelmen's Amateur Minstrel and Vaudeville Combination." During the Winter this "company" has played to crowded houses in Jersey City, meeting with great success. The tickets will be on sale about the middle of May and will cost $1, 75c. and 50c. The following resolution was passed by the Board:

Resolved, That it is the opinion of the Board of officers of the N. J. Division that as road racing is illegal and detrimental to the cause of wheeling, that wheelmen are requested to refrain from holding such races in New Jersey."

A House Warming With Cold Soda.

The Moy Pharmacy Co. announces that it will entertain its friends, and enemies also, if it has any, every Friday of this week, on which festive day unlimited libations of soda will be dispensed, drawn from the handsome new fountain by the master hand of Moy.

It was intended to have this "opening" when the new store was first occupied, but a little delay has been caused in setting up the fountain. It is rumored, that in order to supply the handsome athletes of the Bicycle club with their favorite beverage, a pipe line will be laid from the Temple of Pharmacy to the club house, as soon as the right of way can be obtained. The "boys" will thereby be enabled to drop a nickel in the slot and pull out a glass of Moy's best—and there is none better.

The question which is likely to suggest itself to the mind of the visitor to the Temple is whether it is devoted to Art or to Medicine. The lovely pictures from the establishment of Hegger, New York, which adorn the walls, speak sweetly and softly for Art; but, among other things "too numerous to mention," the big white jar labelled "leeches" speaks just as softly, if not as sweetly, for Medicine! The genial president of this come-to-stay corporation begs the reporter not to insinuate that the proprietors are the leeches.

"Our George" and Other Entertaining People.

Those who find pleasure in a light and breezy entertainment, may enjoy themselves to their heart's content this evening at Music Hall. The show—given by the Boston Athenæum Company—is one of the best, if not the best, of its kind presented this season. The programme comprises a little of everything, and everything is of the highest order of excellence.

The only George Thatcher, the clever Irwin sisters in a military sketch; Conroy and Fox, Irish comedians; Milton and Mora, horizontal-bar performers; Wood and Sheppard, who play on a score or more different instruments; Little Ida Heath, the marvellous dancer; Mons. Brunin, the French grotesque; the wonderful Arab balancers and tumblers, Daly and his concertina and Mons. La Blanche in feats of magic, make up a show which for variety, cleanliness and entertainment has never been excelled. Music Hall is likely to be crowded to the doors.

Board Walks in the Borough.

Complaint is made of the dangerous condition of many of the board sidewalks in North Plainfield, with the request that the owners repair the walks at once. A similar request was made by the Street Committee at the Borough Council meeting, on Tuesday evening, and the matter should be attended to without delay.

—Many of the sporting men in this city, attend the races at Elizabeth daily.

Nervous Disorders.

DR. FLINT'S REMEDY must be taken when excessive or continuous muscular exertion, exciting passions, or over-indulgence, stimulating food or drink, or nervous disorders have long continued. Descriptive treatise with each bottle; or address Mack Drug Co., N. Y. For sale by J. G. Miller.

New York Expects a Great Game With Plainfield.

The following circular is being distributed all over New York city:

"NOTICE,

"The Original Acmes open with The Crescents at Plainfield, N. J., Saturday, April 19, 1890. A great game is expected.

"The Original Acmes, semi-professional champions of N. Y., were organized in 1871, and have presented a representative team every continous year since. The brilliant success achieved by the Acmes throughout the country, has caused unscrupulous persons to organize fake teams, (composed of the poorest kind of players), and assume our name, knowing that they cannot play ball, and having no reputation to that effect they adopt our well-known and popular name of Acmes in order to get games; and, in so doing deceive managers and the public alike.

"Among the many crack clubs the Acmes have defeated may be mentioned the Jaspers, Gorhams, Senators, Olympics, Monitors, Sylvans and Allertons, of New York city; Yonkers, Peekskill, Nyacks, Haverstraws, Wallkills, Newburghs, Kingstons, Saugerties, Hudsons and Cayuga Lakes, of New York State; Brooklyn "L," Lees, Monroes, College Points, Cypress, Suffolks and Stars, of Long Island; Athletics and Hibernians, of Elizabeth, N. J.; Trentons and Cuban Giants, of Trenton, N. J.. Domestics, Mutuals and O. N. T., of Newark, N. J.; Jersey Blues, New Brunswicks, Marions, Patersons, Perth Amboys and Crescents, of Plainfield, N. J. In fact, up to the finish of the season of 1889, the Acmes played 517 games and won 348."

Arbor Day Observance.

Governor Abbett has designated Friday, April 18th instant, as Arbor Day. The State Superintendent of Schools is required by law "to prepare and issue circulars of information and instruction as may be necessary" to observe the day which the Governor designates. The further duty is enjoined upon county and city superintendents to prepare "a programme of the exercises used on such day in all the schools under their respective jurisdiction."

Arbor Day was first established in Nebraska in 1874, and the other States rapidly followed this example. New Jersey did not reach it until 1884. In 1882 the public school pupils became interested in it, and to the school children is very properly committed a duty which their sires too long neglected.

There will be appropriate exercises in the schools of this city on Friday, but the custom of planting trees on that day has not yet fully developed here.

Somerset County Courts.

The April term of the above Courts opened at Somerville on Tuesday, Judge Magie presiding and Judges Bartine, Jamison and TenEyck on the bench. The list of cases for the present term is small, and the session will therefore be of short duration.

The Grand Jury, which includes John A. Thickstun, foreman and H. N. Spencer, both of North Plainfield, was sworn, and at once entered upon its duties.

Among the hotel and inn licenses granted were those of Geo. Demler, in the "Notch" and N. H. Heideloff at Mt. Bethel. Wholesale licenses were granted to Gustave Sutterlein and Eugene Hoerster of North Plainfield. The wholesale application of Frank Linke was laid over. Following are the petit jurors from North Plainfield: Wm. A. Sperry, Wm. L. Brown, Wm. S. Campbell and Geo. Lewis.

Endorsing Plainfield Merchants.

The Eldred *Eagle*, published at Eldred, M'Kean county, Pa., in a recent issue thus speaks of two of Plainfield's popular young merchants:

"Last week we announced that E. E. & W. B. Rogers had purchased the shoe store of D. F. Randolph at Plainfield, N. J., and they are now located in their new quarters at 12 W. Front. They are wide awake and progressive young men, and made hosts of friends while in the dry goods business in Eldred. We can recommend them to the citizens of Plainfield, and say if said citizens want a good deal in shoes, or any money to help along a public improvement or charitable institution, don't fail to call on Rogers Bros."

—The musicale which was to be given in Vincent chapel, Friday evening of this week, under the auspices of the Epworth League, in which some musicians from New York, as well as some of the best local talent, were to take part, has been postponed until the next regular meeting of the League, May 2.

$500 Reward offered by the proprietors of Dr. Sage's Catarrh Remedy for an incurable case.

—The Ladies' Bible Training class will meet at the Y. M. C. A., as usual Friday at 4 P. M. Visitors welcome.

Sick Headache

Is a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of Ayer's Pills.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy."—Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine—sustaining all the claims made for them."—W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas.

"Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered stomach and liver. I suffered for over three years from headache, indigestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."—Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, restored me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.

THE NEW TARIFF BILL

Several Important Changes Are Recommended.

A BOUNTY ON DOMESTIC SUGAR.

Hides Restored to the Free List and Duties on Wool.

Effect Upon the Revenues of the Country—There Will be a Large Reduction. The Majority Report Says the Bill Will Foster American Industry—What the Minority Report Claims.

WASHINGTON, April 17.—The reports of the majority and minority of the Ways and Means Committee on the Tariff bill have been presented to the House.

The majority report begins with a statement of the financial situation. It estimates that the surplus at the end of the present fiscal year will be $92,000,000, and deducting the sum required to make payments on the sinking fund, the net surplus of receipts over expenditures will be $43,678,883. The estimated surplus of the next fiscal year will be $43,569,522, which, with the amount of cash now on hand and available, reaching $90,000,000, will justify a reduction of the revenue in the sum contemplated by the bill—$60,936,936, and probably more, from customs, and say $10,327,878 from internal revenue, or a total of $71,264,414. The majority report says:

"That there will be a substantial reduction in the country's revenues admits no doubt. It is not believed that the increase of duties upon wools and woolen goods, and upon glassware, will have the effect of increasing the revenues. That would, of course, follow if the importations of the last fiscal year were hereafter to be maintained, which, however, is altogether improbable. The result will be that importations will be decreased, and therefore the amount of revenue collected from these sources will be diminished.

"In every case of increased duty, except that imposed upon tin-plate (which does not go into effect until July 1, 1891), and upon linen fabrics, the effect will be to reduce rather than enlarge the revenues, because importations will fall off. It was the aim of the committee to fix the duties upon that class of manufactured goods and farm-products which can be supplied at home so as to discourage the use of like foreign goods and products, and secure to our own people and our own producers the home market, believing that competition among ourselves will secure reasonable prices to consumers in the future, as it has invariably done in the past. We seek by the increased duties recommended not only to maintain but to enlarge our own manufacturing plants and check those supplies from abroad which can be profitably produced at home. The general policy of the bill is to foster and promote American production and diversification of American industry."

The report quotes the recommendations concerning the tariff in the President's annual message, and terms them "sensible and patriotic."

After a discussion of the Administrative features of the bill, the report goes over each schedule noting the proposed changes and discussing the reasons for making them, and estimating the amount of duty in each case that will be affected.

The Duties on Wool.

In regard to wool the report states that by the proposed bill, the duties upon first and second class wools are made at 11 and 12 cents a pound, as against 10 and 12 under existing law. On third class wool, costing 12 cents or less, the duty is raised from 2 1-2 cents a pound to 3 1-2 cents, and upon wools of the third class costing above 12 cents, the duty recommended is an advance from 5 to 8 cents per pound.

There seems to be no doubt, the report says, that with the protection afforded by the increased duties recommended in the bill, the farmers of the United States will be able at an early day to supply substantially all of the home demand, and the great benefit such reduction will be to the agricultural interests of the country cannot be estimated. The production of 600,000,000 pounds of wool would require about 100,000,000 sheep, or an addition of more than 100 per cent. to the present number.

Free Sugar and a Bounty.

After defending its action in increasing the duty on certain kinds of iron and on tinplate, the committee goes on to discuss the sugar and molasses schedule.

The committee recomends that sugar up to and including No. 16 Dutch standard of colored and molasses be placed on the free list, with a duty of four-tenths of one cent per pound on refined sugar above No. 16, and that a bounty of two cents per pound be paid from the Treasury for a period of 15 years for all sugar polarizing at least 85 per cent. made in this country from cane, beets or sorghum produced in the United States.

Concerning Silk.

A considerable portion of the report is devoted to giving reasons for increasing duties on agricultural products.

Concerning silk the committee states that, in order to secure this industry as speedily as possible, they offer a bounty of one dollar per pound, about the equivalent of 20 per cent. of the market value of good silk. A bounty of seven cents per pound, it is stated, is also allowed on cocoons.

Changes in the Internal Revenue Laws.

The committee recommends changes in the internal revenue laws as follows: Abolishing the tax on dealers in leaf tobacco, manufactured tobacco, manufacturers of tobacco and cigars and peddlers of tobacco; reducing the tax on smoking and manufactured tobacco and snuff from eight cents to four cents per pound. The committee recommends that all provisions of the statutes imposing restrictions of any kind whatsoever upon farmers and growers of tobacco in regard to the sale thereof be repealed.

Cloakmakers Win in Chicago.

CHICAGO, April 17.—The cloakmakers' strike was amicably settled, the firm granting an increase of 15 per cent. in wages and recognition of the union.

General European Disarmament.

BERLIN, April 17.—It is said the Reichstag will, during the approaching session, consider the question of a general disarmament by the European powers.

A QUESTION.

Do you think it wrong to give presents?
I don't.
Cash ought to be encouraged.
Think of the time it takes to charge.
I believe on a cash basis.
On that basis I am working.
No one can disagree with me.
All would be better off.
Ready money is what tells.
You had better try it, if you have'nt.

FOLLOWED BY A MOB

Excited People Hoot Mrs. Vandegrift on Her Way to Jail.

HELD FOR TRIAL BY THE COURT.

She Indignantly Denies that She Tried to Poison Her Son.

She Was Seen Purchasing Croton Oil. The Boy's Life Insured for $38,000—He Accompanied His Mother to the Court House—Whispers of Poisoning When Her Husband Died.

MOUNT HOLLY, N. J., April 18.—Mrs. Carrie Vandegrift, short, slight and handsome and dressed in the height of fashion, appeared in court to answer the charge of trying to kill her son, Frank C. Norman, by slow poison.

She pleaded not guilty. Bail was fixed at $5,000. She could not furnish it and was sent to the county jail to await trial.

She assumed an air of indifference as the crowd of people assembled in front of the house in the morning, but her indifference vanished when she heard the shouts of the mob and the angry faces that greeted her when she opened the door. On her way to the station the mob yelled "Hang her! Lynch her!"

After her arrival in jail she was asked is she was surprised at the indictment being found against her. She replied:

"No, not a bit, I wanted them to indict me. I thought it would be a good thing. We could then have the case settled and put an end to all these stories about me. Still, if I had known they were going to do this I would have secured lawyers and put a stop to it. I was afraid the mob would kill me this morning. They were in a terrible rage. I could see that and I was glad to get away. They wont keep me locked up. I guess I can give bail, all they want."

Dr. Hall, young Norman's physician, found that his patient, who he thought was suffering from bowel complaint, showed symptoms of poisoning, and Mrs. Vandegrift was watched and was seen to purchase the oil. Once, when she asked for croton oil, some harmless liquid was given her purposely, and a change for the better was seen in her son's condition. Prosecutor Budd thinks that her object in attempting to get rid of her son was to obtain an insurance mortgage of $38,000, which would revert to her on her son's death.

When told of the suspicion that his mother had attempted to poison him, young Norman was greatly distressed, and when told of the proof obtained, exclaimed "Could she! Could she! My own mother! Impossible!" He accompanied her to the court house and looked very ill and weak. Mrs. Vandegrift received $20,000 at her husband's death, and there were whispers of poisoning when her husband died, and his body may be exhumed. Mrs Vandegrift, although some hint at a rather checkered career, is well known in social circles. She is an ardent member of the Broad Street Methodist Church and gives largely to charities.

WAITING FOR ORDERS.

The Railroad Officials at Pittsburg Ignore the List of Grievances.

PITTSBURG, April 18.—At a meeting of the railroad officials last night it was unanimously agreed to ignore the list of grievances submitted by the committee of the Federated Order of Railway Employes and unite in combatting the attempt of the Federation to be recognized.

Quite a number of strangers are in town who admit that they are railroad men and had been sent here, but for what purpose they declined to say. The local railroaders claim that the new men are here to take their places when the strike occurs.

Married the Wrong Girl.

BUFFALO, N. Y., April 18.—Foreman Stewart of the Wagner Car Work's milling shops, drank a little more than was good for him, and when he became sober he found himself the lawful husband of pretty Kate Ginter, who had a marriage certificate to prove her claims. NORRISTOWN, Pa., April 18.—The farmers of Montgomery County held a convention in the Hartranft House, delegates being present from different parts of the country. Ex-Judge Hiram C. Hoover, of Norristown, was made chairman, and M. H. Walters, of Upper Salford, secretary. The session of the convention was private. The pronounced object is to effect an organization for the protection of the farmers.

Refuse to Work More Hours.

BROOKLYN, N. Y., April 18.—A request from Handren & Robbins, iron ship builders at the Erie Basin Dry Dock, that their employes work longer each day, caused the 300 men interested to go on strike. Baseball Spinners Out of Work.

FALL RIVER, Mass., April 18.—Twenty-eight of the 32 spinners at the Weetamoe Mill went to a baseball game without notifying the manager of their intention. In retaliation the mill was closed, and Treasurer Lindsey says that it is not certain when they will start up again

THE RANDALL OBSEQUIES.

Simple but Impressive Ceremonies at the Grave in Philadelphia.

PHILADELPHIA, April 18.—The funeral of the Hon. Samuel Jackson Randall, was one of the most silently imposing events witnessed in this city in many a day. There was an absence of all outward demonstration, but a look at the faces of the thousands who had gathered as witnesses of the last sad rites plainly showed that their feelings has suffered a severe shock.

The funeral train from Washington reached the Ridge Avenue station a few minutes after three. A special train from the Broad street station had arrived a few minutes before bearing a detail of reserve police who were to carry the casket from the station to the hearse, and brought many members of a local political and social organization with which Mr. Randall had been identified in some way.

When the funeral train pulled up at the station there were awaiting it, drawn up in military style, large delegations from the municipal council of the Irish National League, Meade Post No. 1, G. A. R., the Samuel J. Randall Association, the James Page Library Association, the Continental Democratic Association, the Young Men's Democratic Battalion and many friends of the deceased.

Heading the line which alighted from the train were Congressmen O'Neil, Carlisle and Harmer, ex-Governor Curtin, Postmaster-General Wanamaker, Messrs. George W. Childs, Anthony J. Drexel, William V. McKean, Alexander K. McClure, and others of the honorary pall bearers. Then came the Congressional delegations consisting on the part of the House, in addition to those included above, Messrs. Holman, Cannon, McKinley, Springer, Forney, Buckalew and Reilly. The Senate was represented by Messrs. Quay, Allison, Dawes, Voorhees and Eustis. Besides these there were almost the entire Congressional delegation from Pennsylvania, Senator Edmunds, of Vermont; ex-Senator Wallace, of Pennsylvania, and Sergeant-at-Arms Kavanaugh.

The cortege moved at once toward West Laurel Hill Cemetery, headed by the hearse containing the neat and tastefully black covered casket, which was literally covered with floral emblems of exquisite design. All of the associations with which Mr. Randall's name had been connected had sent an offering, and his remains were buried beneath flowers.

Chaplain Render of Meade Post No. 1, pronounced a benediction, a quartette, by special request, sang "Nearer My God to Thee," which was rendered with beautiful effect. As the last strains died away Trumpeter Kern, of Meade Post, stepped to the head of the grave and, amid an almost absolute silence, sounded "taps," which pronounced the military "Good night to our comrade," and the floral-laden casket was tenderly lowered in the grave.

The Body in the Cask Returned.

The cask was removed from the appraiser's office and placed on board the Danish steamer Thingvalla, which sails for Copenhagen. The body is to be used as evidence in the trial of Phillipsen for murder.

WASHINGTON TOPICS

The Caucus Committees Apart on the Silver Question.

TWO BILLS WILL BE REPORTED.

A Conference Committee of Both Houses to Adjust the Differences.

The River and Harbor Bill Reported. An Appropriation of Over $20,000,000. Dr. Mary Walker Seriously Ill—Big Offer for Gambling Privileges—The Montana Senators Draw for Positions.

WASHINGTON, April 18.—The House and Senate Republican caucus committees are hopelessly apart on the silver question. After the last ineffectal meeting of the joint sub-committee the House contingent reported to their full committee the failure to agree.

Thereupon Representative Walker, of Massachusetts, addressed the committee, holding that the concessions to the extreme silver men had been made with the understanding that something positive would be achieved but as they had failed to reach an agreement the House Committee should revert to the modified Windom bill reported by the Coinage Committee.

This was put as a motion, which prevailed by a vote of 10 to 5. The next step will be to report to the House Republican caucus, probably about Monday night.

The indications are that the caucus will accept the House Committee bill, and that it will pass the House. Meanwhile the Senate will probably pass its bill, and the matter will be turned over to a conference committee to adjust the differences between the Houses.

The Levees Will Break.

BAYOU SARA, La., April 18.—Rain and increasing flood make a gloomy outlook here. All efforts to save the levees seem likely to prove futile. A break is expected within a few hours.

BY THE WAY.

—Oh! for a Y. M. C. A. building.

—The "Young Crescents" of this city will play at Dunellen, to-morrow morning.

—The receipts from last night's performance in Music Hall amounted to over $525.

—Officer Sliter made one arrest at the railroad station, last evening, and this morning Judge Codington fined the offender $5.

—Quite a large delegation from this city will attend the Rutgers' College Minstrel entertainment at New Brunswick this evening.

—Park avenue, South of the railroad was a sight, yesterday. The dust was so thick at times that objects could hardly be recognized from one side of the street to the other.

—The United Tea and Coffee Growers' Association of No. 29 West Front street, will offer special inducements to their customers, to-morrow. See their change of adv. in another column.

—Through the courtesy of Dr. C. Paul, the use of a portion of his house on Park avenue, was yesterday extended to Mr. and Mrs. Johnson, whose home was destroyed by fire, yesterday afternoon.

—The case of Bullock & Co., vs. Wilson Fisk, to recover an amount of money claimed to be due for rent, and which was adjourned over from yesterday, will come up before Justice Nodyne on Thursday afternoon next.

—The second production of "Queen Esther," at the Presbyterian church at Dunellen, last evening, was the cause of attracting a large attendance. The proceeds, after deducting all expenses, will go toward purchasing a new pipe organ.

—Mr. P. T. B. Nevius denies explicitly that there is a word of truth in the report of a strike among the Italians employed in his stone crusher. He says there "was no strike at all," and that "those who struck and tried to arouse others to strike, had no knives nor pistols."

Almost a Serious Conflagration.

At a little after noon today while Mr. Chas. Smith and family of Front and Somerset streets were at dinner, they detected the smell of smoke. An investigation disclosed a well advanced fire burning in a clothes closet adjoining one of the rooms on the second floor The fire had gained such headway that it was only extinguished with much difficulty but without the assistance of the firemen who with Chief Doane were on hand ready in case of emergency.

In the closet were all of the family's best clothes, including a valuable seal-skin cloak belonging to Mrs Smith, and costing $250. This was entirely ruined, as were nearly all of the other garments. Mr. Smith's presence of mind saved the building from perhaps total destruction. He crawled into the closet on his hands and knees, and through his heroic efforts the flames were subdued.

PARTICULAR MENTION.

Mr. Stephen Cahoone will speak, and D. E. Titsworth will sing solos at the Y. M. C. A., meeting Sunday at 4:15 P. M.

Mr. George Fisher, son of Mr. R. C. Fisher of West Fourth street, who is engaged in business at Denver, Colorado, has arrived in this city on a visit with his parents.

The marriage of Miss Case, daughter of Major Rufus K. Case, of East Ninth street, and Mr. Dudley S. Miller of Randolph's pharmacy, will take place Tuesday, the 29th.

The Bloomsbury correspondent of the *Warren Journal*, published at Belvidere, N. J., says: "Thomas Linnaberry of South Plainfield, was the guest of his parents in this place the greater part of last week."

The intention now is that as soon as Miss Carrie Kirkner recovers sufficient strength, her mother and sister will start with her from Dresden to their home in this city. Mr. Kirkner is in daily communication by cable, and the feeling of the family is that even if the worst must come it would be a source of some comfort to all to be together at home in Plainfield.

He led the German and his dudish dress was the admiration of the assembled fair, but his stout partner slipped on his favorite corn. Sensation! Salvation Oil to the rescue. Happiness again!

Nothing is more provoking than a troublesome cough. Cure it with Dr. Bull's Cough Syrup. 25c.

FOR INSTANCE!

We do not believe we are given them credit for more common sense and propriety than they deserve, when we say that if the "representative" citizens who have been meeting in secret to discipline, enlighten and instruct the Common Council of 1890, would stop and contemplate themselves, for instance, for a few minutes, they would put on their hats, go home and mind their own business.

For instance when Messrs Dumont, and Bowers, and Whiton and Serrell were Councilmen, and the good women, for instance, met and decided the proper way to regulate and restrict the sale of liquor, for instance, and presented "petitions," and "whereases," and "resolutions" signed by hundreds, these documents were promptly filed. Those Councilmen rightly considered themselves perfectly competent to attend to their own affairs without the intermeddling of other people.

So also, when these "representative" citizens—actuated by divers motives, including parlor circle politics—have finished their peculiar amusement of chipping dollars for Carey, and resolving how to run somebody's else Council, *their* opinions will be promptly filed and their discomfiture will be all the reward afforded their interference.

YESTERDAY'S FIRE.

Mr. John S. Johnson's Residence Damaged to the Extent of About $2,000.

About 4:30 o'clock yesterday afternoon, as Mr. E. J. Richards, a clerk in Mr. R. J. Shaw's drug store, was passing along Park avenue, in the vicinity of 5th street, he discovered smoke issuing through the roof of a kitchen extension to the two-story-and-attic frame dwelling house owned and occupied by Mr. John S. Johnson and wife, parents of Mr. J. Wesley Johnson of LaGrande avenue.

Mr. Richards hastened into the house and notified the inmates, Mrs. Johnson and the girl, that the house was on fire. He then directed his efforts to extinguishing the fire, but without avail. Mrs. Johnson was taken to her son's residence on L Grande avenue.

Meanwhile an alarm was sent out and the entire department responded with its usual alacrity. Two engines took suction from the well at Park avenue and Fifth street, and in about a half-hour's time the building was flooded and the fire extinguished. But little of the furniture, clothing, etc., was removed, and what remained in the house was thoroughly saturated with water.

The fire originated from a defective flue, and damaged the building and contents to the extent of about $2,000. The structure was partly insured in the Phœnix of Brooklyn company of which Mr. Wm. A. Woodruff is the agent in this city.

OBITUARY.

DANIEL J. MARSHALL.

At his home on Park avenue, a quarter before five o'clock this morning, occurred the death of Mr. Daniel J. Marshall, an old and highly respected resident of this city, after an illness from inflamation of the bladder, dating back for a period of about five weeks. Mr. Marshall was in the 82d year of his age, and leaves a wife and three children, namely, Geo. Marshall of Newark; Annie E., wife of Vanderveer Bond of Newark, and James L. Marshall of this city. The funeral will take place from the house on Monday at 2:30 P. M., and interment will be made in North Plainfield.

Mr. Marshall was born in Washington Valley in 1808, and in 1832 he was married to Phoebe Clendenin, then of New York, who now survives him He was a carpenter by trade, but gave up active labor soon after his marriage. He was also at one time largely interested in the flour and feed business in Sullivan street, New York, but most of the time since his removal here, 42 years ago the 10th of this month, he has lived a quiet and retired life.

Mr. Marshall was at one time a member of the City Council, but he held no other political office. He was a man of strict business principles and was possessed of considerable wealth.

The Last Sad Rites.

Solemn and impressive ceremonies were enacted at the funeral of the late Albert Martin, whose death occurred under peculiar circumstances on Tuesday afternoon at his late home, corner of Central avenue and Eighth street, yesterday afternoon at half past three.

The house was densely filled with the relatives and sympathizing friends of the family, noticeable among which was the large number of young people, who had learned to love the deceased while in life, and had now gathered about his bier to mourn his loss.

The Rev. Mr. Phillips, the family's former pastor in Brooklyn, delivered the opening prayer and pronounced the benediction. The Rev. Charles B. Mitchell, pastor of the M. E. church, officiated and spoke effectingly in beautiful and eloquent commendation of the dead lad. Music appropriate to the occasion was rendered by Mrs. Chas. B. Mitchell and Miss Adelaide McGee.

The floral display was exquisite, the casket being literally banked with handsome set pieces and choice cut flowers.

The remains were taken to Greenwood today for interment.

Scrofula is transmitted from parent to child, and thus becomes a family inheritance. It is, therefore, the duty of every scrofulous person to cleanse his blood by a thorough and persistent course of Ayer's Sarsaparilla.

APPREHENDED IN NEWARK.

One of the Absconding Firm of Reece & Layton Overhauled as He is About to Dispose of 200 Bushels of Potatoes Belonging to R. W. Rice & Co., of North Plainfield.

As The Press stated exclusively yesterday the co-partnership heretofore existing in the wholesale fruit and vegetable firm of Reece & Layton, which was established in this city about ten days ago, abruptly came to an end on Wednesday when the members of the firm left town, taking with them 200 bushels of potatoes belonging to Messrs R. W. Rice & Co., of North Plainfield, valued at 85 cents a bushel.

The firm came here from Newark, and opened a fruit and vegetable store in part of the building recently vacated by ex-Assemblyman John Vetterlein on West Front street, building up a good trade.

On Wednesday the proprietors sold off what little stock of fruit they had on hand and quietly left the city. The potatoes bought of Rice & Co., were shipped to Newark, where Mr. Rice, with the assistance of Chief of Police Hopper, found them loaded on a car, last evening.

Mr. Rice as soon as he learned that the firm had decamped, started for Newark. Besides ferreting out the potatoes, he found the man to whom Reece & Layton had sold them, and the payment for the same was stopped. The police also succeeded in finding Reece, and when apprehended he made a clean breast of it, admitting that his intention was to defraud Mr. Rice. The latter desiring not to prosecute Reece, did not prefer a charge against him, but returned home late last evening rejoicing in the thought that he had at least recovered his property, thereby saving $170.

Justice Hardy today sent an officer to Newark to bring Reece back to this city.

Master Allen Laing, son of Mr E. M. Laing of West Fourth street, met with a painful accident while playing on the tennis court, corner of Washington and Mercer avenues, North Plainfield, yesterday afternoon. At the time the accident occurred he was wrestling with one of his playmates, when he fell to the ground, dislocating his left leg at the ankle. The injured boy was taken to his home in a carriage, where Dr. Tomlinson attended to the injury.

Not Excommunicated.

Mr. James Day and his wife who was Miss Mary Cunningham, are not excommunicated from St. Mary's church for being married in Lent. They were married by a Catholic priest, Father Cunningham, of West 40th street, New York, and he probably had a special dispensation for so doing. They were married at St. Raphael's church.

Thanking the Firemen.

The undersigned wishes to express his thanks to the firemen, police and others who so kindly assisted in extinguishing the fire in Mr. John S. Johnson's residence on Park avenue, yesterday afternoon.

Signed, CLARENCE S. JOHNSON.

Even Elizabeth Enjoyed It.

(From the Elizabeth Herald.)

The opening game at Plainfield on Saturday was witnessed by a great crowd of the admirers of the new Crescents as well as by a good delegation from Newark. The antagonists of the Crescents were the Star Ateletics of Newark, undoubtedly one of the strongest amateur nines in this section, and the result of the game is indeed flattering to the Plainfield boys, who are deserving of great credit for the excellent game they put up. With more practice they will give the best of them hard work to win from them.

A Good Time.

The musical and literary entertainment under the management of Crescent Division, No. 13, Uniformed Rank Knights of Pythias, of Plainfield, in Excelsior Hall, Fanwood, last evening, was a success. Mizpah Lodge Independant Order of Odd Ladies, of this city, and Unity Division, U. R. K. of P., of Elizabethport, attended in a body. After the programme dancing was indulged in till morning.

"After a varied experience with many so-called cathartic remedies, I am convinced that Ayer's Pills give the most satisfactory results. I rely exclusively on these Pills for the cure of liver and stomach complaints."—John B. Bell, Sr., Abilene, Texas.

A Communication that is True in Some Respects.

TO THE EDITOR OF THE PRESS:—Your article of yesterday entitled "The Point in the Miller Case," is hardly fair to my adversary, Mr. Kalisch, and I cannot permit myself, even by silence, to seem to sanction it. I can readily understand the impression made upon you by the omission of Mr. Kalisch to make the point which you state with so much force, but you doubtless are mistaken in supposing that he overlooked the point. It is not conceivable that counsel of his recognized ability should not have noticed and fully considered this point.

I suggest that in all probability Mr. Miller gave his counsel positive instructions not to question the right of the city to pass such an ordinance. Mr. Miller had expressly agreed in writing to abide by and conform to that ordinance among others, and he may naturally have considered that it would not be honorable to attack what he was pledged to uphold. It is also possible that his counsel regarded the point as not well taken or decided to leave it as a *dernier ressort*. The point was fully considered by the Common Council before the passage of the ordinance, and that body conceived that the regulation as to closing could readily be sustained, not necessarily under the clause of the charter quoted by you, but by virtue of the police power inherent in all municipal corporations. In view of a possible question on the point, however, the Common Council took the precaution to provide for the agreement between the licensed party and the city referred to above. It may well be that the astute counsel for Mr. Miller advised the latter that if the ordinance should be declared invalid for the reason suggested by you, it might result in the Common Council having recourse to this agreement and forfeiting the license.

CRAIG A. MARSH.

Vote for Plainfield.

TO THE EDITOR OF THE PRESS:—Please insert the following where it will do the most good in your valuable paper:

ATTENTION! PLAINFIELDERS!!

Plainfield is in the race for the prize the New York *World* offers—$500 for the public library in the city that sends in the most ballots, besides being accorded as the best city to live in in the United States.

There are about 1,500 *Worlds* circulated in Plainfield every morning, and if the readers would save these coupons and send them in see what a grand lot it would be. Now is the time to begin. Collect all you can and send them in; it costs nothing. $500 would go good just now. Those who collected ballots for the sword contest know where to look for them, and the ones who they collected for would no doubt be glad to return the favor. New York, Jersey City and Brooklyn are debarred, so there is nothing in the way. We can easily send in 5,000 per week. The commuters can no doubt procure two or three per day from their friends in the city. If a Plainfielder goes out of town he tells everybody he meets that there is no place like Plainfield. Now then, fellow citizens, show your colors.

A PLAINFIELDER.

They'll Not Do it, To-Morrow.

On Saturday, September 21, of last year the Acmes of New York defeated the Crescents on the LaGrande avenue grounds, by a score of 10 to 2. The visitors made sixteen base hits off of Gately including a triple and four two-baggers.

They expect to do it again to-morrow. But they'll not! Its not only possible but probable that the Crescents will get as many runs as the Acmes. Go to the grounds early if you want the best seats.

A Word to Advertisers.

As a matter of interest to those who do not believe in advertising, it may be stated that a yearly advertisement in one column of the Chicago *Tribune* cost $26,554 for the lowest, and $85,000 for the highest; in the New York *Herald*, $38,204 is the lowest and $130,000 for the highest priced columns.

These figures will doubtless be of interest to men who invest $2 or $3 and flatter themselves with the idea that they are extensive and liberal advertisers.

A Warning to Fast Drivers.

The dangerous practice of fast driving was again illustrated on the Boulevard, yesterday afternoon, when an indiscreet youth on horseback galloped up and down that thoroughfare, succeeding in knocking down a three-year-old boy, rendering the child unconscious. The fellow on horseback should have been arrested.

ASSIGNEE MURPHY TO QUALIFY.

He Will File Bonds for $150,000 Today.

Assignee Murphy of the firm of J. F. Plummer & Co., will probably file his bonds for $150,000 today in the Court of Common Pleas, his sureties justifying in double the amount. His title being perfected, Mr. Murphy will then be ready to act on the advice of his counsel, Richard S. Newcombe, in taking such proceedings as may be necessary to protect the interests of creditors.

Lawyer Newcombe said yesterday that it was too early to disclose his plans in regard to Darling, or any property found to be in his name or that of Mrs. Darling. It is not likely that the contemplated proceedings will take definite shape for several days yet.

Lawyer W. H. Hamilton, Mrs. Darling's counsel, said that she would spend the Summer with Mrs. George Watson of Crescent avenue, or in her cottage in Netherwood after it had been made ready for occupancy. Mr. Hamilton declared positively that neither Mrs. Darling nor himself had received any information as to Mr. Darling's whereabouts since his disappearance. He ridiculed the idea that any proceeding would be begun against Mrs. Darling, and stated that he had not received any intimation to that effect beyond what he had read in the newspapers.

Society of the Sons of the American Revolution.

Just now a very determined effort is being made to increase the membership of the New Jersey Society of the Sons of the American Revolution, and it is requested that persons of eligibility who desire to join, or wish further information, will apply to the Secretary of the Committee on Admissions, Andrew D. Mellick, Jr., Box 251, Plainfield, N. J., from whom application blanks and all the necessary data can be obtained.

Any person may be eligible for membership in a State Society who is above the age of 21 years, and who is descended from an ancestor who assisted, while acting in any of the following capacities, in establishing American Independence during the Revolutionary War:

A military or a naval officer.

A soldier or a sailor.

An official in the service of any one of the thirteen original States or Colonies.

An official in the service of the States or Colonies.

A recognized patriot who rendered material service in the cause of Independence.

The Case May Go Over.

The case of Wm. H. Shotwell vs. R. W. Rice, was set down for next Monday, as first stated exclusively in THE PRESS. But the Court has already and unexpectedly finished all business before it, and Judge Magie has gone on his circuit.

He has stated, however, that if the counsel want to go on, and it is shown him that the case is an important one that should of necessity be tried at once, he will return to Somerville on Monday and reopen Court. But as Counselor Marsh, of this city, who is for the defence, is out of town, and Counselor Lindabury, of Elizabeth, who has the records of the case, is at Toms River, it may not be possible for Counselors Jackson & Codington, who are for the prosecution, to arrange for the trial of the case this term, as they desire to do.

Surprised by His Friends.

A surprise party was tendered to Mr. Lebbeus Ayers, at his home on the road leading from Metuchen to Plainfield, last evening, that was attended by a large number of young people from this city. Prof. S. D. Frazee furnished the music for dancing, which continued until the next day.

The Committee of Arrangements consisted of Messrs N. Ayers and W. T. Dorian.

Arbor Day.

Today is known as Arbor Day, a day appointed by the Governor for the planting of trees, shrubs, etc., and a day generally observed in the public schools throughout the State. In this city the observance usually consists of indoor exercises, and today there was no exception to the rule.

—The ball of the Emerald Benevolent Society, in Amphion Hall, last evening, was the largest of any that has yet taken place in the new hall.

In the preparation of Hires' Cough Cure, medical science has achieved another triumph. Ask your neighbor what he or she thinks of it, and then go and buy a bottle.

—An interesting account of the exercises in one of the public schools this morning, will appear to-morrow.

—It is said to be probable that the Jersey editorial excursion this year will include the White Mountains, Montreal and Quebec. That would be a very attractive trip

A Cure or No Pay

Is what the proprietors of Dr. Pierce's Golden Medical Discovery guarantee to those who use that wonderful medicine for any blood taint or humors, eruptions, pimples, blotches, scrofulous sores or swellings. Money refunded if it don't benefit or cure.

Sick Headache

Is a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of Ayer's Pills.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy."—Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine—sustaining all the claims made for them."—W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas.

"Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered stomach and liver. I suffered for over three years from headache, indigestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."—Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, restored me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.

A QUESTION.

Do you think it wrong to give presents?
I don't.
Cash ought to be encouraged.
Think of the time it takes to charge.
I believe on a cash basis.
On that basis I am working.
No one can disagree with me.
All would be better off.
Ready money is what tells.
You had better try it, if you have'nt.

WILL DECIDE TO-DAY

Railroad Men Deliberating Over a Big Strike.

ALL DEPENDS ON THE OFFICIALS.

President Depew Says There Will be No Trouble on the Central.

Chicago Carpenters Rejoice Over Overtures Made by the Bosses—Preparing for a Long Contest in Nashua—A Manifesto to English Workmen—Strikers and Police in a Fight.

PITTSBURG, April 19.—The more prominent railroad officials in this city claim that they do not anticipate a strike. Appearances, however, lead one to think differently. Delegates representing the Federated Order in surrounding towns are arriving on every train and report immediately to the Federated Orders' officials.

President Hawley says the railroad men will hold a special meeting and it will be decided this afternoon whether there will be a strike. It is stated that the Baltimore & Ohio road has granted an increase of wages to their passenger brakemen. This concession is in answer to a request made several weeks ago.

Mr. Downey of the Executive Committee stated to-day:—"The entire organization of Federated Railroad Employes, some 50,000 in number, will back us up in this matter. Our organization must receive recognition. We will endeavor to settle this matter amicably and avoid a tie-up if possible. Whether there will be a strike depends entirely on the railroad officials."

WANT GOVERNMENT PAY.

Boilermakers Demand the Same Wages Paid at the Navy Yard.

NEW YORK, April 19.—A large number of boilermakers in this city are on strike for an advance in wages and it is believed that the strike will extend to all of the steel and iron works in this city, and that a similar movement will be instituted in Philadelphia, Chester, Baltimore and Richmond.

The trouble is said to grow out of the fact that many boilermakers are employed by the Government at the different Navy Yards, and are paid higher wages than are received by the employes of private works. The Government men also work a less number of hours a day.

The operators of these private works claim that they cannot compete with the Government in the matter of wages and hours of labor.

Chicago Carpenters Rejoice.

CHICAGO, April 19.—It appears from to-day's developments that the end of the strike of journeymen carpenters is almost at hand, with every prospect of victory for the men. The newly organized Boss Carpenters' Association claim to be able to give employment to at least 3,000 men, about one-half the number now on strike. On this basis it is believed the new association can effect an immediate settlement with the strikers and get men at work in a day or two. The arbitration committee appointed by the bosses will meet the strikers committee to-day and try to reach a settlement on the basis named.

Wages of Railroad Men.

WASHINGTON, April 19.—The annual report of Carroll D. Wright, Commissioner of Labor, deals wholly with railroad labor. It is shown that on sixty representative railroads in all parts of the country the average daily wages of employes paid by specific time is $1.64. Thirty-nine per cent. received above the average for all. It is also shown that of the 241,910 employes 101,905 earn less than $100 per year. 33,621 earn from $101 to $200 per year and 21,517 earn from $201 to $300 per year. The average earnings on all the sixty roads per year is $343.

Detectives Watching for a Strike.

INDIANAPOLIS, Ind., April 19.—It leaked out here last evening that a special meeting of the Indiana division of the Order of Railway Conductors has been called in this city for to-morrow to consider the discharge of twenty conductors on the Pennsylvania roads during the last two weeks. Pennsylvania company detectives are visiting every division west of Pittsburg and three went over the Jeffersonville, Madison and Indianapolis and the Chicago divisions last night.

Denial of a Strike on the Central.

NEW YORK, April 19.—Chauncey M. Depew, the president of the New York Central Railroad, in an interview concerning the reports of an impending strike, says: "I know of no great strike impending. The published stories to that effect are figments of the fertile imaginations of news gatherers and you can say there will be no strike."

Preparing for a Long Contest.

NASHUA, N. H., April 19.—A few men are at work in the carpenter and machine shops of the Jackson Company's mills. There is at present no indications of an agreement between the employes and employer and in the interim the former are perfecting their organization for a long contest.

Strikers Fighting the Police.

VIENNA, April 19.—The strikers at Prague have become intensely violent and have had frequent collisions with the police. Many of the rioters have been arrested.

The Cleveland Interview.

NEW YORK, April 19.—The Evening Post states editorially that Mr. Cleveland did not use the epithets concerning Mr. Dana which were contained in an alleged interview printed in the World.

THE LEAGUE BATTLE.

The Big Clubs Will Open The Season To-Day for the Championship.

NEW YORK, April 19.—This afternoon the clubs of the National and Players' Leagues will open the championship season of 1890, and the war will be actually on. The two Leagues will come in conflict nearly every day of the playing season. Not a club, except Cincinnati, will have a clear field for more than fifteen or twenty games, although the opposition at Buffalo will not amount to much.

The opening contests will be played at Boston, New York, Cincinnati and Buffalo. In the latter city the Buffalo and Cleveland Brotherhood clubs will play without opposition, and at Cincinnati the Chicago and Cincinnati League teams have the field to themselves. The Boston clubs will have the Brooklyn clubs for opponents. At Pittsburg the League team will play against the Clevelands, and the Brotherhood club against Chicago. In this city the New York teams will face the teams from Philadelphia. Great preparations have been made by both clubs, and flags, bunting and music will make the grounds resemble a circus entertainment.

SHOT BY AN ITALIAN.

He Refused to Give a Gang Beer for a Pair of Suspenders.

NEWARK, N. J., April 19.—John Smith, alias "Dutch," aged 25 years, and living at No. 21 Boyden street, was killed in Gabriel Valantine's saloon by Antonio Seravano, aged 45 years, and proprietor of an Italian employment agency.

About 7:30 last night John Kinney and four others entered the place and offered a pair of suspenders for a pint of beer. Seravano ordered the gang out and they went, but returned later and Kinney had two iron weights in his hands. He threw one at Seravano, who then drew a 38-calibre revolver and threatened to shoot if the other weight was thrown.

It was thrown and the Italian discharged his revolver, but instead of hitting Kinney, the bullet took effect in the right eye of Smith, and resulted in his instant death.

Seravano gave himself up at the second precinct.

Packages of Oleomargarine Seized.

NEWBURGH, N. Y., April 19.—New York State dairy detectives seized two packages of what is alleged to be oleomargarine from the cellar of Alderman Alexander Morison, a front street produce dealer. The cases containing the stuff were marked "Oleo," but covers of canvass concealed this mark. The goods had been sold to parties in New Windsor and returned as "unsatisfactory." Samples of the seized goods will be sent to Albany for analysis, and if it proves to be oleomargarine the seller will be prosecuted.

Stabbed Herself in the Heart.

ELLENVILLE, N. Y., April 19.—Mrs. Ruick was found dead in her bed at her home on the Mountain, on the Newburgh plank road, about five miles from this place. She had stabbed herself to the heart. Mrs. Ruick had a family of small children, her husband was in an insane asylum and she is in straightened circumstances. It is thought her troubles had made her temporarily insane.

Held for the Lake Shore Disaster.

BUFFALO, N. Y., April 19.—The grand jury presented to the Court of Oyer and Terminer two indictments against Conductor John Houghtaling who ran the Lake Shore train that was wrecked at East Hamburg. One accused him of manslaughter in the second degree and the other of "the crime of willful violation and omission of his duty as railroad conductor by which human life was endangered." Houghtaling is out on bail which will be increased to $5,000.

The New Hampshire Governorship.

MANCHESTER, N. H., April 19.—The Supreme Court has decided that a vacancy exists in the office of Governor owing to the illness of Governor Goodell, and that D. Arthur Taggart, President of the Senate, must assume the duties of the office until the Governor recovers. Chief Justice Doe has notified Mr. Taggart. President Taggart, will take the oath of office as Acting Governor Tuesday.

The Cuban Embezzler to Go Home.

NEW YORK, April 19.—In the case of Luis Oteizay Cortez, the Cuban official, who was arrested some months ago charged with embezzling a large sum of money from the Spanish Government, the United States Circuit Court rendered a decision dismissing the writ of habeas corpus obtained on Cortez's behalf and remanded him to the custody of the U. S. Marshal pending extradition.

The Dixon-O'Rourke Fight.

BOSTON, April 19.—Tom O'Rourke, the backer of George Dixon, has received a cable message from the Pelican Club, London, stating that the match between Dixon and Nunc Wallace would take place the middle of June. The club offers a purse of which £400 goes to the winner and £100 to the loser, and allows Dixon £100 for expenses. O'Rourke has cabled his acceptance.

Abused His Trust.

PHILADELPHIA, April 19.—Considerable interest was displayed by the public in the trial of ex-Prefect Henry W. King of the Blind Institution, who was charged with criminal immoral practices with a number of the pupils of that institution. The jury rendered a verdict of guilty. Sentence was deferred.

The River Still Rising.

BATON ROUGE, La., April 19.—The river is two and a half inches higher than ever before known here and is still rising. Front street is flooded. The levees cannot stand much more of a rise.

WASHINGTON TOPICS

Providing for the Erection of Postoffice Buildings.

REQUIREMENTS OF THE BILL.

All Towns Doing a Fair Sized Business Entitled to a Building.

Secretary Windom Discusses the Silver Problem—Not Opposed to a Compromise—The Chinaman's Predicament Considered—Festivities at the White House. Leave of Absence for Postal Employes.

WASHINGTON, April 19. — The House Committee on Postoffices and Post Roads authorized a favorable report on the bill introduced in the House by Mr. Blount to provide for office buildings.

The bill, as reported, provides that there shall be in the Postoffice Department one architect and superintendent of construction, at a salary of $4,000 per year; one draughtsman, at a salary of $2,000 a year, and two draughtsmen, at salaries of $1,800 each.

The Postmaster-General is authorized to have prepared by the draughtsman and his assistants a design for postoffice buildings, which, before being adopted, shall be approved by the Secretary of the Treasury, the Postmaster-General and the Secretary of the Interior, the buildings to be of such variable size as may be required without injury to the harmony of the design. The designs shall be of uniform general character and exterior appearance, so far as may be most expedient for the service.

The Postmaster-General is directed to construct a postoffice building at any place at which the gross receipts of the postoffice for two years or more preceding shall have exceeded $3,000 in each year. The cost of such buildings shall be proportionate to the receipts at the various points. The bill appropriates out of the postal revenues to be available during the current year and until exhausted, and to be expended for the purposes of this act, the sum of $2,000,000, to be drawn from the Treasury and expended, and the accounts therefor to be audited in the same manner as other expenditures for the postal service.

THE SILVER BILL.

Secretary Windom Willing to Compromise on the Problem.

WASHINGTON, April 19.—The Republican Silver Committee held a meeting at which Secretary Windom was present and expressed his views. He said the reason for his advocating the redemption in bullion of the certificates issued for the purchase of bullion was that it would make certificates more valuable. To require such redemption in silver dollars would be, in his opinion, to discredit them; while to require their redemption in gold coin might seriously embarrass the Government.

He was willing, however, as a measure of compromise, to give the holder of the certificates an option on the currency in which it should be redeemed. After the Secretary had given his views upon the bill and the basis for them, a discussion, rather desultory in its nature, took place upon the subject of the sufficiency of the circulation. Secretary Windom had stated to the committee that the total circulation was $1,426,000,000, an average of $21.70 per capita on a basis of sixty-five million population. Actually, however, this sum was subject to diminution, for the several amendments are tied up in various ways, reserves, held for redemption of notes, etc., so that the per capita amount of the circulation was considerably less than $21.70. The Secretary agreed with the Senators as he had with the Representatives that no addition to the circulation was necessary; but in the conference no definite sum was named by any one.

Another meeting of the committee will probably be held this afternoon in order to arrive at an agreement upon the basis for a silver bill. Some of the committee were in favor of conceding the point insisted on by the Secretary, that of making the purchase certificates redeemable in bullion; but the silver men say they will not agree under any circumstances. They say that they will not consent to give to the transaction the nature of a mere barter in merchandise.

There is also a difference of opinion among the committeemen upon the proposition to make the purchase certificates legal tender. The silver men who advocate this, say that, based upon actual purchases of bullion, as they will be, the certificates would have a greater value behind them than do the $346,000,000 greenbacks, for the redemption of which but $100,000,000 in gold are provided.

Leave of Absence for Postoffice Employes.

WASHINGTON, April 19.—The bill introduced in the House some time ago providing for a fifteen days' leave of absence annually for clerks and employes attached to the first, second and third class postoffices after a service of one year was referred to the Postmaster-General for his opinion. The Postmaster-General has considered the bill and says that he favors the bill, except for the employes of the third class. The additional cost of granting these leaves, he says, will amount to about $194,53[illegible] a year.

Festivity at the White House.

WASHINGTON, April 19.—Mrs. Harrison gave a musicale last evening, and Mrs. McKee will give a small dance at the White House on Wednesday evening next. It is the first affair of this kind given in the Executive Mansion for years. Linen will be stretched over the carpet in the East Room and dancing will take place there. Last night Postmaster-General and Mrs. Wanamaker gave a large reception at their I street residence.

PARTICULAR MENTION.

Mr. Frank E. Probasco, the newly appointed night ticket agent at the railroad station is gaining many warm friends in his new position.

The Rev. Cornelius Schenck on Thursday evening, united in marriage Mr. Frank L. Manchester and Miss Elida Townley, both of this city.

Mr. Daniel H. Coakley a member of the editorial staff of the Boston *Herald*, and bride, are the guests of Mr. and Mrs. Thos. H. Keller of East Front str et.

Runyon, who was introduced to the people of New Brunswick at the Opera House entertainment of Rutgers College, last evening, as the most charming vocalist of the Plainfield Crescent League, was publicly presented with a handsome floral piece from a number of his admirers in this city who were present to witness his triumph.

Plummer & Co., Will Settle.

Assignee Murphy has completed his bond of $150,000 in the John F. Plummer failure, but it was not filed yesterday as THE PRESS said it might be and Mr. Murphy was not certain that he would file it today. A settlement will be made with Plummer & Co.'s creditors in a few days. At a very moderate estimate the firm will pay 20 per cent. of its indebtedness. The total liabilities, after deducting items that are counted twice, is less than $800,000, and the total assets, after the mortgaged property has been cleared, amount to $203,000.

Lawyer Newcombe has not yet completed his examination of the affairs of Mr. Darling, and there is still a hope that property may be discovered that will swell the total of the assets to a much more respectable sum.

What's Sauce for the Goose is Sauce for the Gander.

A policeman by the name of Carey applied to the President of the Common Council, a most obscene epithet. Carey was therefore suspended by the Board of Police. Then a handful of "representative" citizens—actuated ostensibly by indignation, but in reality by nothing but common politics—met together to kiss Carey and provide for the impeachment of the Police Board.

Yesterday a man by the name of Clark applied to policeman McCue, the same epithet as policeman Carey had applied to President Moffett. Clark was arrested and City Judge Codington sentenced him to sixty days in the County Jail. Now, therefore, it is proper for the indignant and representative citizens to meet again and kiss Clark and provide for the impeachment of Judge Codington.

A Disgraceful Scene.

On East Second street, late last evening, a drunken man, said to be a resident at Oak Tree, jerked his ten-year-old son from a buggy, and declared that the boy should not ride home with him. To a PRESS reporter the boy said that he had been standing around in the cold for over four hours, waiting for his inebriated father to go home. The boy did not even have on an overcoat.

Persons interested themselves in the boy's welfare, and offered to provide a room for him in a hotel, wherein he might spend the night.

A Case for the S. E. I. L.

Recent police news is to the effect that one Fred Clark has been "arested by Officer McCue, for using indecent and profane language."

This outrage calls for an indignation meeting in the Public Library at once. Clark should be rescued and rewarded, and the Society for the Encouragement of Indecent Language should take steps towards the immediate impeachment of City Judge Codington for punishing the offender.

Skipped Because He Feared Arrest.

Manager Burroughs, of the comedy company by that name, who suddenly left the company in a lurch in this city on Tuesday evening, has written to a hotel keeper in this city, asking the latter to forward, by U. S. Express, C. O. D., an umbrella which he left in this city. The umbrella was valued at about 35 cents, and the owner requested that it be sent to 34th street and Broadway, New York city.

Reece Must Answer the Charge.

Detective Carey was this morning equipped with the necessary papers for the transfer from Newark of the man Reece, a member of the firm of Reece & Layton, who attempted to swindle Messrs R. W. Rice & Co., of North Plainfield, out of two hundred bushels of potatoes. The prisoner will arrive in this city today, and will probably have a hearing before Justice Hardy late in the afternoon.

This is Not a Puff.

Personal experience alone prompts the statement that the dentifrice sold at Miller's pharmacy, under Y. M. C. A. Hall, is not equalled by any tooth powder in the World. It is as soft as satin, and makes the most pleasing and cleansing of lather on the brush.

Mr. Thatcher Writes to Correct.

A few days ago in noticing the performance of the minstrels of Primrose & West, the (Scranton, Pa.,) *Republican* inadvertantly alluded to them as the minstrels of Thatcher, Primrose & West. This announcement in some way reached Mr. Thatcher and he feels aggrieved, as the following letter from the famous minstrel man shows:

PLAINFIELD, N. J., April 17, 1890.

My Dear Sir:—An erroneous statement appeared in your worthy paper a few days ago to the effect that Thatcher, Primrose & West's minstrels will appear in your city shortly. May I ask you kindly to contradict this statement, as no such firm exists. I having no connection whatever with the company that is about to give a performance in Scranton.

Yours very truly,
GEORGE THATCHER,
George Thatcher's minstrels.

A Bad Runaway at New Brunswick.

The *Home News* of New Brunswick says in its issue of Thursday:

"A lively runaway occurred on Paterson street today. Geo. Conover of Dunellen, had left his buggy standing on the street, Mrs. Conover remaining in the buggy to hold while he went off for a moment on business. While he was gone a mischievous boy in passing, cracked a whip at the horse and the animal dashed off and into George street. Mrs. Conover held on, but was unable to control the horse, and she was thrown out, though luckily not much injured. The horse was caught in George street by George Herdman, but not before the top had been broken off the buggy."

The Munificent Generosity of Lynch, and the Indignant Citizens.

It is told that when Officer Lynch was asked his price for guarding over night the bric-a-brac and tapestries of the late Charity Ball, he nobly said: "I don't ask nothing. Give it to the Horspital."

A similar tale of an unbounded self-sacrifice of wealth, is this: The purse subscribed for ex-Captain Carey at the recent meeting of indignant citizens, contained just fifteen dollars.

REFUSE TO CHANGE THE ROUTE.

Instead the Freeholders Resolve to Pave Westfield Avenue.

The Union County Board of Freeholders held a prolonged session yesterday over the question of changing the line of the county road from Elizabeth to Westfield via Jersey avenue, and substituting the Westfield avenue route. The Mayor and City Council of Elizabeth and many prominent property owners petitioned the Board to make the change in favor of Westfield avenue, but after some hours spent in executive session the Board decided to make no change. A resolution was passed to pave Westfield avenue from North Broad street, through the city of Elizabeth, to Bayway, where it can connect with the other or Jersey street route, thus giving a continuous road through Plainfield to Dunellen.

The Westfield avenue branch will not be constructed until the other county roads are completed. Then, if sufficient money is left to pave Westfield avenue, which is doubtful, it will be done.

While this arrangement is not exactly what the petitioners wanted, they think they will have to be satisfied. Four members of the Board voted against this concession, including Messrs Vanderbeek and Hubbard of this city.

A committee of the Board was appointed to see if money enough could be raised by taxation to have Westfield avenue paved at an early date.

Topics for the Worker's Training Class.

For the coming ten weeks, the topics for the Workers Training Class held at the Young Men's Christian Association rooms, on Sundays from 9 to 10:15 A. M., will be as follows:

April 27—James. Part II; Methods of Association work.

May 4—1st Peter—II (same as last).

May 11—Second Peter—How to lead a meeting.

May 18—1st John—Use and abuse of marginal references.

May 25—2d and 3d John—Religious rites of the Jews.

June 1—Jude—(same as last).

June 8—Revelation 1-3—Faith.

June 15—Revelation 4-14—How to deal with inquirers.

June 22—Revelation 15-22—(same as last).

June 29—Review and examination.

A Beginning.

Arbor Day exercises were held in all the public schools of the city yesterday. These exercises consisted of songs and recitations appropriate to the day, and were greatly enjoyed by the pupils. At the Bryant, the chapel was decorated with flowers and the Rev. Mr Rodman spoke briefly to the children, further particulars of which are published elsewhere.

At the Irving the members of the first class planted a tree in a corner of the playground, and it is proposed that each succeeding class continue the custom thus introduced. The latter part of the afternoon was devoted to the exercises at the Franklin, while those at the Washington and High Schools were very informal and held in the morning.

Piano Recital at Scotch Plains.

Prof. Minor C. Baldwin of Westfield, gave a piano recital in the Scotch Plains Baptist church last Tuesday evening. By special request Mr. Baldwin played "The Storm," composed by himself. All of his numbers were given with the lightness of touch and delicate feeling which has made the professor famous. He was assisted by Mrs Coyte, who sang several solos, her sweet voice quite captivating her hearers.

City Court Proceedings.

In the City Court this morning Judge Codington passed sentence upon two prisoners. One of them, Fred Clark, was committed for sixty days, for disorderly conduct, and the other, John Halaean, pleaded guilty to a charge of drunkenness and disorderly conduct, and he was sent up for thirty days. Officer McCue made both arrests.

—Special Officer Hope has been engaged to watch an unoccupied house at Netherwood. The house was recently furnished throughout, and the owner is not yet ready to occupy it.

A Cure or No Pay

Is what the proprietors of Dr. Pierce's Golden Medical Discovery guarantee to those who use that wonderful medicine for any blood taint or humors, eruptions, pimples, blotches, scrofulous sores or swellings. Money refunded if it don't benefit or cure.

Leave School Early.

A significant fact shown by the figures of the tables prepared for the report of the State Board of Education is that a great number of children leave school at an early age and but a very small precentage remain in school up to the age of 18 years. From 8 to 11 the number is the largest and outside of those three years the percentage is terribly decreased. The percentage of children attending school between 8 and 9 and between 10 and 11 years is exactly the same, 115; while between the years of 9 and 10 it is one-tenth of one per cent. less. The next highest percentage is 107 between 7 and 8, and then 105 between 11 and 12. After that the decrease is very marked.

In all cities the increase is marked when the ages of eight and eleven are reached, but they don't all keep up the percentage until 18 is reached.

The percentage of children at eight years of age is .117. It decreases to .080 at 13; .046 at 14; .021 at 15; .015 at 16, and .008 at 17. In fact about 25 per cent. of all the children who attend the Plainfield schools are between the ages of 8 and 11, while barely 14 per cent. are in the schools between the ages of 16 and 18.

There are few cities in the State where the children leave school at so early an age as Trenton. Perth Amboy, Passaic and Rahway have the lowest percentage of their children in school from 17 to 18. Only .001 of the children of the age there. Bayonne has .003, Hoboken .004, Bordentown .003, Elizabeth .007, Jersey City .007, Newark .008 the same as Trenton, New Brunswick .009, Atlantic City .005, Camden .011, Princeton .017, Long Branch .013.

"The Henrietta."

The next and last attraction at Proctor's 23d Street Theatre, New York, this season will be Stuart Robson, in another of Bronson Howard's greatest successes, "The Henrietta," who will open a four weeks' engagement there Monday evening. It should be mentioned that the part formerly personated by Wm. H. Crane is now played by Frank Mordaunt, for whom Mr. Howard originally intended it. Mr. Mordaunt plays it well, and that is a statement of fact.

—The "Young Stars," of the East end of town, defeated the "Moonlights" of the other end, at baseball, by a score of 22 to 8, on the Fifth street grounds this morning. The batteries were: Stars—M. Heffern and F. Winn; Moonlights—J. Scott and D. Mack. Charley Carr knocked two home runs and Fred Winn got a three bagger. Mack did not strike a man out.

NOT HIS MOTHER.

A Report that Norman is Not Mrs. Vandegrift's Son.

MOUNT HOLLY, N. J., April 19.—Mrs. Carrie Vandegrift, who is locked up in the county jail on a charge of attempting to poison her son, Frank C. Norman, is experiencing much difficulty in procuring $5,000 bail. Her counsel, ex-Prosecutor Hendrickson, has been making energetic efforts to secure the required amount, and expects to be able to have Mrs. Vandegrift released on bail to-day. It is said that John Kinsley, of Philadelphia, a brother of the defendant, will be one of the bondsmen. It is the general belief that young Frank C. Norman will prove a weak witness for the prosecution when his mother is brought to trial. *Since his mother's* arrest he has been very reticent.

Emory Day, a lawyer of Burlington, who some time ago went to Philadelphia to investigate Mrs. Vandegrift's history, says that while he was in that city he saw the sisters of Mrs. Vandegrift's deceased husband, who told him that they did not believe that Frank C. Norman was their brother's child. They told him that on one occasion Mrs. Vandegrift disappeared for three days, when she returned home with an infant, now Frank C. Norman. There were no reasons to believe that Mrs. Vandegrift was the mother of the child. Prosecutor Budd says that in spite of young Norman's disinclination to testify against his mother, he will be able to present sufficient evidence to convict her.

SWEPT BY FLAMES.

Four Miles of Woods Ablaze and Dwellings in Danger.

PLAINFIELD, Conn., April 19.—Brush fires, started by farmers, were fanned by a heavy wind yesterday and embers were carried into the heavy timber on what is known as Mashentuck Ridge, four miles from this village. The timber is the finest in Connecticut, and is owned by Capt. Edwin Hall, William Potter, Samuel and Walter Palmer and Joseph Gallup.

For four miles the woods are ablaze, and flames at points shoot heavenward a hundred feet high. The heat is so great that it is impossible to fight the fire, and great will be the destruction unless there is a heavy rain. The grass and leaves are very dry and aid the fire in its progress. At midnight last night a newspaper could be read by the light of the fire at a distance of three or four miles from the forest. A courier who rode into town said that some of the farmers' dwellings in that densly wooded region were in danger of destruction.

Nitro-Glycerine Explosion.

PITTSBURG, Pa., April 19.—A dispatch from Cygnet, Ohio, says that a wagon loaded with nitro-glycerine shells used in shooting oil and gas wells, exploded in the morning with terrific force. Two men who were on the wagon were blown hundreds of yards and nothing was left of them but a few strings of their clothing. The horses were both killed and the wagon reduced to kindling wood. The report was distinctly heard a distance of ten miles and in the immediate vicinity windows were broken and chimneys levelled.

THE LEAGUE BATTLE

Large Attendance at All the Opening Games.

THE BROTHERHOOD IN THE LEAD.

Over 12,000 Persons Present at the First Game in New York.

Both the Philadelphia Clubs Win in the Metropolis—Brooklyn's Two Teams Defeated in Boston—St. Louis and Columbus Play Under Protest—Changing the Opening Day in Chicago.

NEW YORK, April 21.—The opening day of the League will long be a memorial one in the history of baseball. Never was a season of any branch of American athletic sport opened under such interesting and novel conditions as this season of great rival ball leagues, both reputedly backed by enormous capital, both organized and maintained at great expense, and both bent upon the other's destruction.

That large part of the population that takes interest in out-door games has contributed to each of the organizations great hosts of followers, whose enthusiasm for their chosen side is like the fervor of ardent partisans in a heated political campaign. Great stakes are at issue. The failure of either organization means great financial loss to investors, and to the players humiliating disappointment and perhaps the disappearance of a hitherto profitable employment.

Players, backers and partisans realized the importance of a good start in this existing struggle and therefore both organizations made every effort to enlist popular favor at the opening games.

Both Leagues played to great audiences, the Brotherhood to the greater one. The glinting of many flags, the sunny sky smiling upon the diamond green, the stalwart players in bright new uniforms, the music of splendid bands, and the great multitudes of men and boys, rendered the scene one of the most impressive and notable in the annals of sports.

Both local clubs were defeated, but the sting of defeat is allayed by the encouragement the audience bestowed so freely in cheers and flowers. The home Brotherhood players, in particular, who are old favorites of Metropolitan lovers of baseball, received ovations invidually as they stepped up to bat. These friendly demonstrations and the great interest of all the players in the initial game is believed to have affected the playing unfavorably on both grounds.

The crowds wich surged from the grounds at 6 o'clock disappointed by the defeat of the home clubs had lost none of its interest in the strife. The situation was changed little, if any, by the opening games. It is appearant that the rivalry between the old league and new league will not cease without a determined and for some time doubtful fight. So far the Brotherhood, the new and experimental organization, has held its own, and demonstrated that it has a deep and powerful hold on public sentiment.

Scores of the Games.

The result of the games played was as follows:

The National League—Philadelphia 4, New York 0; Boston 15, Brooklyn 9; Chicago, 5, Cincinnati 4; Pittsburg 3, Cleveland 2.

The Players' League—Philadelphia 12, New York 11; Boston 3, Brooklyn, 2; Buffalo 23, Cleveland 2; Chicago 10, Pittsburg 2.

The American Association—Syracuse 18, Brooklyn 12; Columbus 13, Toledo 10; Rochester 3, Athletics, 2; Louisville 5, St. Louis 3.

The Atlantic Association—Newark 20, Jersey City 3; Baltimore 18, New Haven 8; Worcester 15, Wilmington 5; Hartford 15, Washington 13.

Attendance at the Games.

As an illustration of the intense interest taken in baseball, and as an indication of the relative interest in the rival associations, we append a table of the attendance at the opening games in the principal cities:

	Brotherhood.	League.
New York	12,013	4,844
Boston	10,000	3,000
Pittsburg	8,500	1,500
Buffalo	3,500	.....
Cincinnati	.....	7,000
Totals	34,013	17,076

A Protest from St. Louis.

LOUISVILLE, April 21.—Eclipse Park was filled to overflowing at the game yesterday, the actual number of admissions being 11,481. Before the game a ground rule was made that any player who might hit a ball into the crowd in left field should take as many bases as possible before it was fielded in. In the third inning Wolf sent a ball against the left field fence, and took two bases, sending a runner home. Capt. McCarthy protested against this, and as he refused to play when ordered, Umpire Connell gave the game to Louisville.

Changing the Opening Day.

PITTSBURG, April 21. — There was a meeting of Players' League officials held to consider the advisability of having the Pittsburg Club open the Players' League season in Chicago on the same day as the National League instead of two days after the National League opening. The Pittsburg and Chicago clubs agreed to the change and it now remains for the Cleveland and Buffalo clubs to give their consent.

Insane and a Millionaire.

NEW YORK, April 21.—Mr. Ernest J. Lehman, proprietor of a large dry goods emporium in Chicago, was brought on from that city in a private car to New York and lodged in the Bloomingdale Insane Asylum. The confinement has been effected at the instance of his wife, Mrs. August Lehman.

THE YOUNG DAUGHTERS OF THE KING.

A Novel Entertainment to be Given in Holy Cross Chapel.

The inquiry which was published last Saturday, headed, "Who is the King of Washington Park?" has been most satisfactorily answered. THE PRESS is informed that an entertainment will be given by the Young Daughters of the King—residents of Washington Park—in Holy Cross chapel, next Saturday at 4 P. M. The mistaken idea which prompted the inquiry appears to have arisen from a slight typographical error in the tickets.

The programme, which will be most interesting and attractive is not yet complete, but will consist of music, vocal and instrumental, tableaux vivants and recitations. The special feature is to be the rendering, for the first time in Plainfield, of a Kinder Symphony, which will be performed by over thirty young people and children, in costume, and under the leadership of Mr. A. T. Newman of New York city.

PARTICULAR MENTION.

Mr. Fred S. Dunn and wife started today for a week's trip by carriage through Somerset and Hunterdon counties.

The Rev. Mr. Richards, of this city, and the Rev. Mr. Kempshall of Elizabeth, exchanged pulpits yesterday morning and evening.

Mr. Alexander Gibson formerly an employee of the Pond Machine Tool Company, will sail for Scotland to-morrow on the S. S. Indiana.

The bodies of the late Dr. Lewis Craig and wife, have been transferred from the Presbyterian cemetery in North Plainfield to a plot in Hillside Cemetery.

Patrick Donohue, formerly a resident of this city, died at his home in Somerville, on Thursday. The remains were brought to this city on Saturday, and interred in St. Mary's cemetery.

The wedding will take place at two o'clock of Wednesday afternoon of next week, at the bride's home, 31 West Second street, of Miss Emma U. King, daughter of Mrs. L. Prescott, to Mr. Theodore H. Hardy of this city.

The net proceeds of the Charity Ball, $861.68, were turned over to the Ladies Auxiliary Board of Muhlenberg Hospital, Saturday, by the patronesses: Mrs. Chas. E. Brooks, Mrs. Pliny Fisk, Mrs. Frederick J. Kuhne, Mrs. Robert L. Burnett, Mrs. Wm. T. Kaufman, Mrs. DeWitte C. Ivins and Mrs. Charles J. Fisk.

The Hon. James A. L. McClure, brother of Counselor Wm. K. McClure, of this city, died suddenly at his home in Baltimore, at nine o'clock this morning. He was one of the most distinguished lawyers in Maryland, and the counsel for the Police Board of Baltimore, at the time of his death. Counselor Wm. McClure left for Baltimore at 11:30 today, completely broken down by the unexpected death coming so soon upon the loss of his mother who died but four weeks ago.

A Mysterious Disappearance.

Mr. Benjamin B. Newton, brother of Mrs. George H. Goddard, 19 East Ninth street, who has been in ill-health on account of overwork, disappeared from his sister's house during last night. He is 35 years old, of dark complexion, dark brown hair and full beard and moustache. He was dressed, probably, in black wide welt diagonal coat and vest, striped dark trousers and black derby hat.

He has been until recently acting Assistant Superintendent of the main line of the Philadelphia and Reading R. R., his office being in Philadelphia. His friends think he may have gone to that city, but they have no trace of him whatever. He was in bed all day yesterday and as late as ten o'clock last night.

Took a Dose of Ladanum.

One of the two-year old twins of Mr. and Mrs. John Emmons of Washington avenue and Prospect place, North Plainfield, nearly lost its life, last evening, by taking an over dose of ladanum. The child got hold of the vial containing the liquid, and drank a quantity of it, soon afterward becoming stupid from the effects. Dr. T. S. Davis was hastily summoned, and today the child is reported to be out of danger.

The Seventh Day Baptist Chapel.

The Loss Adjusted,

Mr. Charles Smith estimates the loss occasioned by the fire in his residence on Friday at about $500. The loss has been amicably adjusted. The fire started in an alligator satchel that was suspended from a hook in the clothes closet, and ate its way up the wooden partition to the ceiling.

Service at Hope Chapel.

The attendance at Hope chapel last evening, was large. The service was conducted by the Rev. Mr. Dilts, pastor of the Park Avenue Baptist church. He read the 1st chapter of Romans and for his text he took the 16th verse.

I have been cured of a bad case of rheumatism by using one bottle of Salvation Oil, and I cheerfully recommend it as the best liniment ever made. Mary Clarke, Maltby House, Baltimore, Md.

DROPPED IN THE FIELD.

The Crescents Lose a Game to the Celebrated Acmes of New York.

The spectators of last Saturday's ball game should remember that the Acmes are undoubtedly one of New York's strongest professional teams. They beat the Crescents by a score of 10 to 2 last season.

Saturday the Acmes' runs were every one made after two men were out. The two runs in the first inning were made on Spencer's muff, and the three in the second inning on Carbonell's muff. Livingston had a bad nine of batters to pitch against but he held them down much better than Gately did last year. In fact, the Acmes only got two more hits than the Crescents.

The season is young yet; the Crescents' pony battery like warm better best; the out-field will be changed somewhat; and it won't be many days before the Crescents will strike a winning gait and keep it. The score was:

OVER TRAINED AND OVER ANXIOUS.

The Olympics Lose Two Important Games, and The Crescents Step to the Top of the Tournament.

There was great desire on the part of Plainfield's bowling teams to win the second series of games in which they were pitted against one another. The Plainfield bowlers had already passed the Westfields, Somervilles and Fanwoods, and the struggle was now between the team of the Crescent League and the Olympics.

Saturday evening they met in the alleys of the League in the presence of a large attendance that included many ladies. Mr. Stitt, of Westfield, was the umpire and the match began just as the clock, which was ten minutes slow, struck eight. VanEmburgh started the game with a strike, and Wilbur with a spare. When the first frame was footed, the score stood: Crescents, 74, Olympics, 73.

But after that the latter were never in it. On the second frame the Crescents led by 22 pins and gained upon each roll It was evident at once that Collier himself, in particular, and his team in general were over anxious. They also showed that they were over-trained. The second game of the Olympics was even lower than the first. The score was:

Crescent.	1st	2d	Olympics.	1st	2d
VanEmburgh	161	157	Wilbur	152	123
Haven	153	166	White	147	152
VanWinkle	191	149	Wyckoff	163	136
Rogers	147	155	Vanalstyne	134	123
Teel	173	117	Collier	120	126
	825	744		736	660

The Crescents have now only the Nameless team of Westfield, to roll. This match will be on the Crescent alleys, Tuesday evening of next week. The Olympics roll the Nameless, to-morrow evening, a postponed match on the Olympia alleys; and on Friday evening the Olympics meet Elizabeth also on the Olympia alleys. The other closing games of tournament are: Wednesday evening, Elizabeth vs. Nameless, at Elizabeth; Friday evening, Monday vs. Fanwood, at Olympia; Wednesday of next week, Fanwood vs. Monday, at Fanwood.

The record in the Central Bowling Tournament now stands:

	Won.	Lost.	Percent.
Elizabeth Athletic Club	17	3	850
Crescent of Plainfield	13	9	591
Monday of Westfield	11	9	550
Olympic of Plainfield	10	10	500
Fanwood of Fanwood	10	10	500

JUDGE HARPER TELLS THE PURPOSE.

A Noble Aim Rewarded by Noble Results.

The attendance in Reform Hall last evening was fair. Vice President E. B. Titsworth presided, and Mr. Vanderbeek, after a long absence caused by illness, was again at his post of duty as leader of the choir. Mr. G. M. Angleman offered prayer.

The speaker of the evening was ex-Judge Harper, who commenced by saying, "The purpose of these Sunday evening meetings is to promulgate the truths and benefits of total abstinence from liquor drinking and to avow hostility to the liquor traffic, that being temperance reform, and temperance," he maintained, "was the close ally of religion, because it seeks to overthrow evil and to raise into dominion Christian faith, virtue, sobriety and human happiness. We here meet as non-sectarians and non-partisans, but as the resolute advocates of the eternal principles of right. What aim can be nobler It is a significant fact that from the pledge table of Reform Hall many have found the pathway to lives of usefulness and human bliss, and not a few to the portals of church membership."

Judge Harper then proceeded to expose the terrible effects of and the enormous expense inflicted upon the people by intoxicating liquor, showed why laws were not enforced; held up to view the fallacy of high license; pointed out the great growth of temperance sentiment throughout the United States, and advocated at length the value of personal determination to do right. Mr. Angleman followed with a few remarks in favor of the pledge.

The following announcements were made: There will be an oratorical contest between a number of young ladies in Reform Hall on Thursday evening, April 24, at 8 o'clock, under the auspices of the Woman's Temperance Aid Society, to which a cordial invitation is extended to all. Admission free. No reserved seats.

Samuel A. Haines, Esq., will speak in Reform Hall next Sunday evening, 27th, and the Rev. Dr. Rodman the Sunday following, May 4.

The meeting closed with the doxology.

A MISSING MAN.

An Aged New Yorker Wanders Away From a Mountain Avenue Residence—All Efforts to Discover His Whereabouts Unavailing.

A man named Waldron, aged 65 years, came out from New York on Thursday afternoon last, ostensibly to visit a family on Mountain avenue. About six o'clock on that afternoon Mr. Waldron wandered away from the house, coming in the direction of this city, and since that time nothing has been heard from him. Last evening the police were acquainted with the facts concerning the man's sudden disappearance, together with a description of him.

Mr. Waldron, it is said, was in the habit of visiting friends in Bound Brook, and it was at first thought that he had gone there. But inquiry at that place dispelled this thought.

The man is said to have a mania for picking up articles, and it was thought that perhaps he had been arrested on this account. Consequently the police were notified last evening.

Arbor Day at Dunellen.

In response to a request made by County Superintendent, H. B. Willis of New Brunswick, the Dunellen public school, fittingly observed Arbor Day on Friday last. A tree was planted by Willie Carpenter and George Richardson, called "The Washington Tree." The address was delivered by Mr. Ralph Titsworth. Miss Lena Maire read an essay on "American Forests;" singing and dialogues were given by the school, and the following pupils gave recitations: Della Dunn, May Bennett, May Taylor, Becky Wendel, Mary Leik, Grace Nail, Elma Evander and Bessie Vail.

Blood Will Tell.

There is no question about it—blood will tell—especially if it be impure blood. Blotches, eruptions, pimples and boils, are all symptons of an impure blood, due to the improper action of the liver. When this important organ fails to properly perform its function of purifying and cleansing the blood, impurities are carried to all parts of the system, and the symptons above referred to are merely evidences of the struggle of Nature to throw off the poisonous germs. Unless her warning be heeded in time, serious results are certain to follow, culminating in liver or kidney disorders, or even in consumption. Dr. Pierce's Golden Medical Discovery will prevent and cure these diseases, by restoring the liver to a healthy condition.

A Would-be Pugilist Starts for the Battle Ground, but Weakens When He Meets His Father—No Gore Spilled.

About a week ago two young men, both of this city, one gifted with wind and the other with brag, had a controversy over a certain female, both of whom it is allegad were paying her marked attention. The result of the controversy was ill feeling on the part of the young men.

Saturday night they jostled together on West Front street, and a street fight was only averted by the more conservative members of the party. One of the principals wanted to form a ring in Pruden's alley; others favored an adjournment to Dunellen.

The two men, however, seemed determined to come together, and with their seconds and bottle holders they started for the battle field in North Plainfield. Before the battle ground was reached one of the principals met his father. The latter insisted upon his son going home, which he did thus averting a coroner's inquest and notoriety in the newspapers.

The matter was referred to the town counsel, Frank Bergen. APPRECIATE PLAINFIELD TALENT.

Mr. Elmer E. Runyon Caries New Brunswick by Storm—Comments by the Local Press of That City.

The amateur minstrel entertainment given by the students of Rutgers College, at New Brunswick, on Friday evening, was a pronounced success. The press of that city in commenting upon the entertainments, has nothing to say but praise for Mr. E. E. Runyon, the Crescent League's popular tenor, and Mr. Ed. Marble, Thatcher's inimitable interlocutor.

The *Home News* says: "Mr. Runyon's solo, 'The Song I'll ne'er forget,' was beautifully rendered. He and others received handsome bouquets."

(*From the Fredonian.*)

Mr. Marble, the interlocutor, then announced the famous tenor of the Crescent League of Plainfield, Mr. Elmer E. Runyon. His solo "The song I'll ne'er forget," was sung in a clear pure tenor voice of unexceptionable quality. The chorus was a duet, trio and full company ending. After he had bowed acknowledgement to two encores, a handsome boquet of cut flowers was handed to him.

General Negley's Suit Dismissed.

Judge Ingraham, in the Supreme Court, New York Special term, Saturday, dismissed the complaint in the suit brought by General James S. Negley of this city and another on behalf of themselves and other stockholders of the Mexican Pacific Coast Railway company against William Henry McWood and others, for an accounting.

The action involved the construction of a railway under concessions from the Mexican Government. The concessions were obtained by McWood, and the Mexican Pacific Coast Railway company was at once organized. The latter, however, did nothing toward building the road, and the concessions were returned to Wood. The Judge holds that the corporation mentioned was only "on paper," and had no real existence.

Memorial Sermon to His Father.

Yesterday morning the Rev. Cornelius H. Patton preached a memorial sermon to his father, the late Rev. W. W. Patton, D. D., LL.D., in Westfield Congregational church. Mr. W. L. Patton of East Ninth street, eldest son of Dr. Patton, with his family, attended the service.

The sermon was most dignified, judicious and just, bringing out well the sterling qualities and strict adherence to principle of this eminently pious man The text was "Honor thy Father," and the discourse will probably be published.

SURGERY WITHOUT PAIN.

AN ELOQUENT SERMON PREACHED BY REV. T. DE WITT TALMAGE.

"The Blind Receive Their Sight and the Lame Walk, the Lepers Are Cleansed and the Deaf Hear," the Text of the Doctor's Remarks April 20.

BROOKLYN, April 20.—The audiences Dr. Talmage has had on Sunday evenings, since the burning of the Tabernacle drove his congregation to the shelter of the Academy of Music, have been something phenomenal. This evening the spacious building was filled in every part. The popular preacher discoursed on the profession of healing. His text was Matthew xi, 5: "The blind receive their sight, and the lame walk, the lepers are cleansed, and the deaf hear." He said:

"Doctor," I said to a distinguished surgeon, "do you not get worn out with constantly seeing so many wounds and broken bones and distortions of the human body?" "Oh, no," he answered; "all that is overcome by my joy in curing them." A sublimer or more merciful art never came down from heaven than the art of surgery. Catastrophe and disease entered the earth so early that one of the first wants of the world was a doctor. Our crippled and agonized human race called for surgeon and family physician for many years before they came. The first surgeons who answered this call were ministers of religion, namely, the Egyptian priests. And what a grand thing if all clergymen were also doctors, all D. D.'s were M. D.'s, for there are so many cases where body and soul need treatment at the same time, consolation and medicine, theology and therapeutics.

As the first surgeons of the world were also ministers of religion, may these two professions always be in full sympathy! But under what disadvantages the early surgeons worked, from the fact that the dissection of the human body was forbidden, first by the pagans and then by the early Christians! Apes, being the brutes most like the human race, were dissected, but no human body might be unfolded for physiological and anatomical exploration, and the surgeons had to guess what was inside the temple by looking at the outside of it. If they failed in any surgical operation they were persecuted and driven out of the city, as was Archagathus because of his bold but unsuccessful attempt to save a patient.

EARLY SURGERY.

But the world from the very beginning kept calling for surgeons, and their first skill is spoken of in Genesis, where they employed their art for the incisions of a sacred rite, God making surgery the predecessor of baptism; and we see it again in II Kings, where Ahaziah, the monarch, stepped on some cracked lattice work in the palace and it broke, and he fell from the upper to the lower floor, and he was so hurt that he sent to the village of Ekron for aid; and Esculapius, who wrought such wonders of surgery that he was deified, and temples were built for his worship at Pergamos; and Epidaurus and Podelirius introduced for the relief of the world phlebotomy; and Damocedes cured the dislocated ankle of King Darius and the cancer of his queen; and Hippocrates put successful hand on fractures and introduced amputation; and Praxagoras removed obstructions; and Herophilus began dissection; and Erasistratus removed tumors; and Celsus, the Roman surgeon, removed cataract from the eye and used the Spanish fly; and Heliodorus arrested disease of the throat; and Alexander, of Tralles, treated the eye; and Rhazas cauterized for the prevention of hydrophobia, and Percival Pott came to combat diseases of the spine; and in our own century we have had a Roux and a Larray in France, an Astley Cooper and an Abernethy in Great Britain, and a Valentine Mott and Willard Parker and Samuel D. Gross in America, and a galaxy of living surgeons as brilliant as their predecessors. What mighty progress in the halting of disease since the crippled and sick of ancient cities were laid along the streets, that people who had ever been hurt or disordered in the same way might suggest what had better be done for the patients; and the priests of olden time, who were constantly suffering from colds received in walking barefoot over the temple pavements, had to prescribe for themselves, and fractures were considered so far beyond all human cure that instead of calling in the surgeons the people only invoked the gods!

SURGERY WANTED WITHOUT PAIN.

But notwithstanding all the surgical and medical skill of the world, with what tenacity the old diseases hang on to the human race, and most of them are thousands of years old, and in our Bibles we read of them: the carbuncles of Job and Hezekiah; the palpitation of the heart spoken of in Deuteronomy; the sunstroke of a child carried from the fields of Shunem, crying, "My head! my head!" King Asa's disease of the feet, which was nothing but gout; defection of teeth, that called for dental surgery, the skill of which, quite equal to anything modern, is still seen in the filled molars of the unrolled Egyptian mummies; the ophthalmia caused by the juice of the newly ripe fig, leaving the people blind at the roadside; epilepsy, as in the case of the young man often falling into the fire, and oft into the water; hypochondria, as of Nebuchadnezzar, who imagined himself an ox, and going out to the fields to pasture; the withered hand, which in Bible times, as now, came from the destruction of the main artery, or from paralysis of the chief nerve; the wounds of the man whom the thieves left for dead on the road to Jericho, and whom the good Samaritan nursed, pouring in oil and wine—wine to cleanse the wound and oil to soothe it. Thank God for what surgery has done for the alleviation and cure of human suffering!

But the world wanted a surgery without pain. Drs. Parre and Hickman and Simpson and Warner and Jackson, with their amazing genius, came on, and with their anæsthetics benumbed the patient with narcotics and others as the ancients did with hasheesh and mandrake, and quieted him for a while, but at the return of consciousness distress returned. The world has never seen but one surgeon who could straighten the crooked limb, cure the blind eye or reconstruct the drum of a soundless ear or reduce a dropsy, without any pain at the time, or any pain after, and that surgeon was Jesus Christ, the mightiest, greatest, gentlest and most sympathetic surgeon the world ever saw or ever will see; and he deserves the confidence and love and worship and hosanna of all the earth and hallelujahs of all heaven. "The blind receive their sight and the lame walk; the lepers are cleansed and the deaf hear."

I notice this Surgeon had a fondness for chronic cases. Many a surgeon, when he has had a patient brought to him, has said: "Why was not this attended to five years ago? You bring him to me after all power of recuperation is gone. You have waited until there is a complete contraction of the muscles, and false ligatures are formed, and ossification has taken place. It ought to have been attended to long ago." But Christ the Surgeon seemed to prefer inveterate cases. One was a hemorrhage of twelve years, and he stopped it. Another was a curvature of eighteen years, and he straightened it. Another was a cripple of thirty-eight years, and he walked out well. The eighteen-year patient was a woman bent almost double. If you could call a convention of all the surgeons of all the centuries, their combined skill could not cure that body so drawn out of shape.

Perhaps they might stop it from getting any worse, perhaps they might contrive braces by which she might be made more comfortable, but it is, humanly speaking, incurable. Yet this divine Surgeon put both his hands on her, and from that doubled up posture she began to rise, and the empurpled face began to take on a healthier hue, and the muscles began to relax from their rigidity, and the spinal column began to adjust itself, and the cords of the neck began to be more supple, and the eyes, that could see only the ground before, now looked into the face of Christ with gratitude, and up toward heaven in transport. Straight! After eighteen weary and exhaustive years, straight! The poise, the gracefulness, the beauty of healthy womanhood reinstated.

The thirty-eight years' case was a man who lay on a mattress near the mineral baths at Jerusalem. There were five apartments where lame people were brought, so that they could get the advantage of these mineral baths. The stone basin of the bath is still visible, although the waters have disappeared, probably through some convulsion of nature, the bath, one hundred and twenty feet long, forty feet wide and eight feet deep. Ah, poor man, if you have been lame and helpless thirty-eight years, that mineral bath cannot restore you. Why, thirty-eight years is more than the average of human life! Nothing but the grave will cure you. But Christ the Surgeon walks along these baths, and I have no doubt passes by some patients who have been only six months disordered, or a year, or five years, and comes to the mattress of the man who had been nearly four decades helpless, and to this thirty-eight years' invalid said: "Wilt thou be made whole?" The question asked, not because the Surgeon did not understand the protractedness, the desperateness, of the case, but to evoke the man's pathetic narrative. "Wilt thou be made whole?" "Would you like to get well?" "Oh, yes," says the man, "that is what I came to these mineral baths for; I have tried everything. All the surgeons have failed, and all the prescriptions have proved valueless, and I have got worse and worse, and I can neither move hand or foot or head. Oh, if I could only be free from this pain of thirty-eight years!" Christ the Surgeon could not stand that. Bending over the man on the mattress, and in a voice tender with all sympathy, but strong with all omnipotence, he says, "Rise!" And the invalid instantly scrambles to his knees, and then puts out his right foot, then his left foot, and then stood upright as though he had never been prostrated. While he stands looking at the Doctor with a joy too much to hold, the Doctor says: "Shoulder this mattress! for you are not only well enough to walk, but well enough to work, and start out from these mineral baths. Take up thy bed and walk!" Oh, what a Surgeon for chronic cases then, and for chronic cases now!

JESUS THE SURGEON.

This is not applicable so much to those who are only a little hurt of sin and only for a short time, but to those prostrated of sin twelve years, eighteen years, thirty-eight years. Here is a surgeon able to give immortal health. "Oh," you say, "I am so completely overthrown and trampled down of sin that I cannot rise." Are you flatter down than this patient at the mineral baths? No. Then rise. In the name of Jesus of Nazareth, the Surgeon who offers you his right hand of help, I bid thee rise. Not cases of acute sin, but of chronic sin—those who have not prayed for thirty-eight years, those who have not been to church for thirty-eight years, those who have been gamblers, or libertines, or thieves, or outlaws, or blasphemers, or infidels, or atheists, or all these together, for thirty-eight years. A Christ for exigencies! A Christ for a dead lift! A Surgeon who never loses a case!

In speaking of Christ as a surgeon, I must consider him as an oculist, or eye doctor, and an aurist, or ear doctor. Was there ever such another oculist? That he was particularly sorry for the blind folks, I take from the fact that the most of his works was with the diseased optic nerves. I have not time to count up the number of blind people mentioned who got his cure. Two blind men in one house, also one who was born blind; so that it was not removal of a visual obstruction, but the creation of the cornea, and ciliary muscle, and crystalline lens, and retina, and optic nerve, and tear gland; also the blind man of Bethsaida, cured by the saliva which the Surgeon took from the tip of his own tongue and put upon the eyelids; also two blind men who sat by the wayside. In our civilized lands we have blindness enough, the ratio fearfully increasing, according to the statement of Boston and New York and Philadelphia oculists, because of the reading of morning and evening newspapers on the jolting cars by the multitudes who live out of the city and come in to business.

But in the lands where this Divine Surgeon operated, the cases of blindness were multiplied beyond everything by the particles of sand floating in the air, and the night dews falling on the eyelids of those who slept on the top of their houses; and in some of these lands it is estimated that twenty out of a hundred people are totally blind. Amid all that crowd of visionless people, what work for an oculist! And I do not believe that more than one out of a hundred of that Surgeon's cures were reported. He went up and down among those people who were feeling slowly their way by staff, or led by the hand of man or rope of dog, and introducing them to the faces of their own household, to the sunrise and the sunset, and the evening star. He just ran his hand over the expressionless face, and the shutters of both windows were swung open, and the restored went home, crying: "I see! I see! Thank God, I see!"

WE WERE ALL BORN BLIND.

That is the oculist we all need. Till he touches our eyes we are blind. Yea, we were born blind. By nature we see things wrong if we see them at all. Our best eternal interests are put before us and we cannot see them. The glories of a loving and pardoning Christ are projected, and we do not behold them. Or we have a defective sight which makes the things of this world larger than the things of the future, time bigger than eternity. Or we are color blind and cannot see the difference between the blackness of darkness forever and the roseate morning of an everlasting day. But Christ the Surgeon comes in, and though we shrink back afraid to have him touch us, yet he puts his fingers on the closed eyelids of the soul, and midnight becomes mid-noon; and we understand something of the joy of the young man of the Bible, who, though he had never before been able to see his hand before his face, now, by the touch of Christ, had two headlights kindled under his brow, cried out in language that confounded the jeering crowd who were deriding the Christ that had effected the cure, and wanted to make him out a bad man, "Whether he be a sinner or no, I know not; one thing I know, that whereas I was blind, now I see."

But this Surgeon was just as wonderful as an aurist. Very few people have two good ears. Nine out of ten people are particular to get on this or that side of you when they sit or walk or ride with you, because they have one disabled ear. Many have both ears damaged, and what with the constant racket of our great cities, and the catarrhal troubles that sweep through the land, it is remarkable that there are any good ears at all. Most wonderful instrument is the human ear. It is harp and drum and telegraph and telephone and whispering gallery all in one. So delicate and wondrous is its construction that the most difficult of all things to reconstruct is the auditory apparatus. The mightiest of scientists have put their skill to its retuning, and sometimes they stop the progress of its decadence, or remove temporary obstructions, but not more than one really deaf ear out of a hundred thousand is ever cured. It took a God to make the ear, and it takes a God to mend it. That makes me curious to see how Christ the Surgeon succeeds as an aurist.

We are told of only two cases he operated on as an ear surgeon. His friend Peter, naturally high tempered, saw Christ insulted by a man by the name of Malchus, and Peter let his sword fly, aiming at the man's head, but the sword slipped and hewed off the outside ear, and our Surgeon touched the laceration and another ear bloomed in the place of the one that had been slashed away. But it is not the outside ear that hears. That is only a funnel for gathering sound and pouring it into the hidden and more elaborate ear. On the beach of Lake Galilee our Surgeon found a man deaf and dumb. The patient dwelt in perpetual silence, and was speechless. He could not hear a note of music or a clap of thunder. He could not call father or mother or wife or children by name. What power can waken that dull tympanum or reach that chain of small bones or revive that auditory nerve or open the gate between the brain and the outside world? The Surgeon put his fingers in the deaf ears and agitated them, and kept on agitating them until the vibration gave vital energy to all the dead parts, and they responded, and when our Surgeon withdrew his fingers from the ears, the two funnels of sound were clear for all sweet voices of music and friendship. For the first time in his life he heard the dash of the waves of Galilee. Through the desert of painful silence had been built a king's highway of resonance and acclamation. But yet he was dumb. No word had ever leaped over his lip. Speech was chained under his tongue. Vocalization and accentuation were to him an impossibility. He could express neither love nor indignation nor worship. Our Surgeon, having unbarred his ear, will now melt the shackle of his tongue. The Surgeon will use the same liniment or salve that he used on two occasions for the cure of blind people, namely, the moisture of his own mouth. The application is made. And lo, the rigidity of the dumb tongue is relaxed, and between the tongue and teeth were born a whole vocabulary, and words flew into expression. He not only heard but he talked. One gate of his body swung in to let sound enter, and the other gate swung out to let sound depart. Why is it that while other surgeons used knives and forceps and probes and spectroscopes, this Surgeon used only the ointment of his own lips? To show that all the curative power we ever feel comes straight from Christ. And if he touches us not, we shall be deaf as a rock and dumb as a tomb. Oh thou greatest of all aurists, compel us to hear and help us to speak!

HIS SERVICES ARE FREE.

But what were the Surgeon's fees for all these cures of eyes and ears and tongues and withered hands and crooked backs? The skill and the painlessness of the operations were worth hundreds and thousands of dollars. Do not think that the cases he took were all money-less. Did he not treat the nobleman's son? Did he not doctor the ruler's daughter? Did he not effect a cure in the house of a centurion of great wealth, who had out of his own pocket built a synagogue? They would have paid him large fees if he had demanded them, and there were hundreds of wealthy people in Jerusalem, and among the merchant castles along Lake Tiberias, who would have given this Surgeon houses and lands and all they had for such cures as he could effect. For critical cases in our time great surgeons have received a thousand dollars, five thousand dollars, and, in one case I know of, fifty thousand dollars, but the Surgeon of whom I speak received not a shekel, not a penny, not a farthing.

In his whole earthly life, we know of his having had but sixty-two and a half cents. When his taxes were due, by his omniscience he knew of a fish in the sea which had swallowed a piece of silver money, as fish are apt to swallow anything bright, and he sent Peter with a hook which brought up that fish, and from its mouth was extracted a Roman stater, or sixty-two and a half cents, the only money he ever had; and that he paid out for taxes. This greatest Surgeon of all the centuries gave all his services then, and offers all his services now, free of charge. "Without money and without price" you may spiritually have your blind eyes opened, and your deaf ears unbarred, and your dumb tongues loosened, and your wounds healed, and your soul saved. If Christian people get hurt of body, mind or soul, let them remember that surgery is apt to hurt, but it cures, and you can afford present pain for future glory. Beside that, there are powerful anæsthetics in the divine promises that soothe and alleviate. No ether or chloroform or cocaine ever made one so superior to distress as a few drops of that magnificent anodyne: "All things work together for good to those who love God;" "Weeping may endure for a night, but joy cometh in the morning."

What a grand thing for our poor human race when this Surgeon shall have completed the treatment of all the world's wounds! The day will come when there will be no more hospitals, for there will be no more sick, and no more eye and ear infirmaries, for there will be no more blind or deaf, and no more deserts, for the round earth shall be brought under arboriculture, and no more blizzards or sunstrokes, for the atmosphere will be expurgated of scorch and chill, and no more war, for the swords shall come out of the foundry bent into pruning hooks. While in the heavenly country we shall see those who were the victims of accident or malformation, or hereditary ills on earth, become the athletes in elysian fields.

Who is that man with such brilliant eyes close before the throne? Why, that is the man who, near Jericho, was blind, and our Surgeon cured his ophthalmia! Who is that erect and graceful and queenly woman before the throne? That was the one whom our Surgeon found bent almost double, and could in no wise lift up herself, and he made her straight. Who is that listening with such rapture to the music of heaven, solo melting into chorus, cymbal responding to trumpet, and then himself joining in the anthem? Why, that is the man whom our Surgeon found deaf and dumb on the beach of Galilee, and by two touches opened ear gate and mouth gate. Who is that around whom the crowds are gathering with admiring look and thanksgiving, and cries of "Oh, what he did for me! Oh, what he did for my family! Oh, what he did for the world!" That is the Surgeon of all the centuries, the Oculist, the Aurist, the Emancipator, the Saviour. No pay he took on earth. Come, now, and let all heaven pay him with worship that shall never end, and a love that shall never die. On his head be all the crowns! In his hands be all the sceptres! and at his feet be all the worlds!

BASEBALL RECORDS

The New York Brotherhood Team Defeated Again.

THE NATIONAL LEAGUERS WIN.

Both the Brooklyn Brotherhood and National League Clubs Victorious.

The Pittsburg Players' League Defeats the Chicago Team—Cincinnati's National League Wins from Chicago—Score of the American and Atlantic Association Games—Standing of the Clubs.

NEW YORK, April 22.—There was another League and Brotherhood battle in this city. The larger crowd attended the Players' game to see the the home team beaten and a smaller crowd saw the League men win.

It was a perfect day for baseball, and 2,034 spectators went to Brotherhood Park to witness the second game between the New York and Philadelphia Player's clubs.

The Ewing brothers, Buck and John, made up the battery for the Giants Long John's curves were batted rather freely in the first half of the game. Then he settled down, but the change came to late, for the Quakers had too long a lead.

Little Shindle, the ex-Oriole, made twe home runs and a three-bagger. A delegation from Typographical Union No. 6 was present and cheered the players uproariously.

The crowd at the Polo Grounds was small, only 425 spectators being present, but the game was as neat a one as has been played this season.

Blunders were few and brilliant plays numerous. The New Yorkers played a good game throughout and won after a close fight.

Glasscock got an ovation when he brought home three runs in the fourth inning. Scanlon's work at first base was a great improvement on anything he has so far done.

The young giant Rusie pitched again and did excellent work, striking out 13 Quaker batsmen.

Reports from other cities show that the second day of the season brought out fair crowds. The following is the result of the games:

THE RAILROAD TROUBLE.

Arbitration is the Ruling Sentiment at the Secret Conferences at Pittsburg.

PITTSBURG, April 22.—Grand Master Wilkeson, of the Brotherhood of Trainmen, arrived in this city last evening, and has been in consultation with a mass meeting of men in Knights of Labor Hall for several hours. The men have grown bolder in the presence of their leaders, and say they can stop all the trains from New York to Chicago unless the 16 points presented in their grievances were conceded them.

The railroads have conceded all but five of these points, but the most important—wages—remains to be settled. The wages on the Pan Handle Road have been raised equal to those on the Pennsylvania, but the men on the latter lines have not secured their advance. Men on the Allegheny Valley find their chief grievance (the deduction of eight cents for time taken at meals) is still ignored. Though all lines entering the city are running smoothly, the men are becoming defiant over the strenuous efforts of railroad detective John T. Norris, and local detectives to centre nonunin men here in order to anticipate a strike.

Telegrams from outside, however, say many men are afraid of Pittsburg in the event of a big strike. Wilkeson is still talking to the men in secret conference though it is said the ruling sentiment is arbitration and concession, as the railroads seem willing to give way to a certain extent.

MYSTERIOUS BOXES.

A Costly Casket Containing a Skeleton Shipped to the Wrong Man.

BOSTON, April 22.—Last Saturday two boxes were received in Waltham by express marked "W. W. Marsh, Waltham, Mass., from W. A. Raymond, New York." They were similar to those in which dead bodies are shipped, and Mr. Marsh refused to receive them, as he had lost no relatives lately.

The boxes remained in the express office till last evening, when they were opened. One contained a costly broadcloth covered casket, in which was a skeleton of a large man, fastened at the head by means of a hook in the skull and a ring in the wood. The mounting of the bones bespoke the work of a professional.

The smaller box contained paraphernalia supposed to be for some secret lodge work. Mr. Marsh professed entire ignorance of the intent of the sender and the skeleton will probably be turned over to the authorities.

President Gompers in Chicago.

CHICAGO, April 22.—President Gompers, of the American Federation of Labor, is in the city and will deliver an address at Battery D this evening on the "Eight hour day; its enforcement a social, moral and economic necessity." Referring to the carpenters' strike, he said: "The labor organizations of the country are devoted almost solely to the eight hour day idea. We have chosen the carpenters," said Mr. Gompers, "as the first craft for which to win this fight. When they shall have won we shall demand it for the miners and mine laborers."

Chinese Gamblers Exposed by a Fire.

HARTFORD, Conn., April 22.—An alarm of fire sounded for a house in State street accidentially revealed a first-class opium joint and Chinese fan-tan gambling house. When the firemen arrived they saw a number of Chinese jumping from the second story windows. Several were hurt, among them Sam Lee of New York. When the flames were extinguished an examination disclosed an opium joint fitted with incandescent electric lights and other evidences of Mongolian advancement.

An American Vessel on the Rocks.

SAN FRANCISCO, April 22.—Advices just brought to this city from Japan say the American ship Glendon, from New York, loaded with 66,000 cases of kerosene, lies on the rocks at Kenorsaki, Japan. She was blown ashore March 24. The steamer Omaha went to her assistance but could not get near enough to tow her off. If the weather continues fine both cargo and vessel may yet be saved.

Schooner Sunk and Four Men Drowned.

BALTIMORE, April 22.—The schooner W. H. Brinsfield, Capt. John Ellison, of Rappahanock, Va., has sunk off Point-no-Point and three of the crew and a passenger were drowned. The schooner was bound from Great Wicomoico River to this city with a cargo of railroad ties. The four men lost are Mate David Prim, Seamen John Harkum, John Betts and Robert Ellison, all colored.

The Electric Sugar Prisoners Released.

NEW YORK, April 22.—Emily Howard, Olive E. Friend, George Halstead and Orrin A. Halstead, who have been prisoners in the Tombs for the past sixteen months on account of their connection with the electric sugar frauds, have been discharged upon their own recognizances.

Strikers Obtain Eight Hours.

NEW YORK, April 22.—The strike which was begun two weeks ago for the enforcement of the eight hour rule has resulted in a victory for the 700 cement and ashphalt layers, cement masons, artificial stone masons and cement laborers of both this city and Brooklyn.

Tammany Hall Election.

NEW YORK, April 22.—Henry D. Purroy was elected a sachem in place of ex-Register Slevin and J. B. McGoldrick secretary in place of Thomas F. Gilroy at the Tammany Society election last night.

Another Destructive Forest Fire.

GLOUCESTER, Mass., April 22.—A destructive forest fire is raging in the Fresh Water Cove and Magnolia Woods and is approaching the seashore. Several summer houses are in danger.

WASHINGTON TOPICS

The Chicago World's Fair Bill Passed by the Senate.

A NAVAL PARADE FOR NEW YORK

Secretary Blaine Orders the Pan-American Trip Abandoned.

Only Two Delegates Enjoying the Excursion—Democratic Senators in Caucus. Kincaid Released on Bail—A Move to Increase Silver Bullion Purchases—A Club Nominates Gov. Hill for President.

WASHINGTON, April 22.—The Senate passed the House World's Fair bill by a vote of 43 to 13.

The Senate Committee's amendment for a statue of Columbus in Washington was defeated, but the amendment for a naval display in New York harbor was adopted.

Senator Vest opposed the bill in a humorous speech, in which he compared Chicago with hades and made sport of Mr. Depew.

Senator Plumb objected to the naval review because it was a monarchical feature not consistent with American principles.

Senator Stewart opposed a naval review on the ground that our naval facilities were not such as to warrant such an exhibition.

Senator Chandler thought by 1893 we would have results that would do honor and credit to the country.

Senator Evarts said a naval display was the only feature of the bill that maintains the glory of navigation, and he did not fear criticism from foreign naval nations.

Those who voted against the bill were Berry, Blackburn, Cockrell, Coke, George, Hampton, Morgan, Pugh, Reagan, Vance, Vest and Walthall.

ORDERED TO RETURN.

Secretary Blaine Decides to End the Pan-American Excursion.

WASHINGTON, April 22.—The Secretary of State telegraphed Capt. Burk in charge of the train that was carrying the Pan-Americans on their Southern trip to return to Washington from Richmond.

This was done by Secretary Blaine because so few of the delegates desired to make the excursion. Thirteen of the foreign delegates accepted the invitation, but only two of them, Dr. Silva of Colombia and Dr. Zegarra of Peru, left Washington with the party. The others sent letters of regret giving various reasons for withdrawing their acceptances. Some were detained by important business, some were called to New York by telegraph, others decided to sail at once for their homes, and the rest were ill or too tired to make the journey.

Several promised to join the excursion at Richmond, but were unable to do so and the Secretary of State decided that the number of those going would not justify the expense of the journey which would cost as much as if the entire conference had gone—the whole outlay would probably have been $10,000. The Secretary said that he sincerely regretted that the commercial organizations and the citizens of the South who had made preparations to entertain the delegates had to be disappointed, but felt that they would appreciate the circumstances which compelled the abandonment of the excursion.

The Agricultural Problem.

WASHINGTON, April 22.—In an address to the farmers on the present agricultural depression, Secretary Rusk refers to the questions of farm mortgages, transportation, the middlemen, gambling in farm products, and combinations to control the market. He argues in favor of higher duties on farm products and gives tables to show that our imports of agricultural products amount to $266,278,738, the greater part of which, probably $250,000,000, might be with proper encouragement produced on our own soil. He thinks that the problem can be solved by the imposition of high rates of duty on agricultural products.

To Abolish Sub-Treasuries.

WASHINGTON, April 22.—Senator Farwell introduced a bill to repeal all parts of the Revised Statutes relative to the appointment of United States Treasurers and to provide that all the revenue of the Government now on deposit in the Treasury and Sub-Treasuries of the United States, and all revenues hereafter collected, shall be deposited in such National banks and other banking institutions as may be from time to time selected by the Secretary of the Treasury.

Seized With a Fit and Drowned.

GREAT BARRINGTON, Mass., April 22.—Joseph Twing, of Sandisfield, while fishing in Spectacle Pond last night with two companions, was seized with a fit, fell backward from the boat and was drowned. The body was recovered.

General Grubb Robbed.

BORDENTOWN, N. J., April 22.—Thieves ransacked the tenant house of Gen. E. Burd Grubb, at his country seat at Edgewater Park. They secured $150 in money and jewelry and silverware worth nearly $500.

David B. Hill for President.

WASHINGTON, April 22.—At a meeting of the Executive Committee of the West Washington Democratic Pioneer Association it was decided to recommend at the next meeting that the club go on record at this time in favor of the nomination of David B. Hill for the Presidency in 1892.

THE PLAIN UNVARNISHED FACT.

Carey Himself Has Expressed His Pleasure That Miller Was Not Punished, Which Proves That He Was Not After Any Violator of the Law.

TO THE EDITOR OF THE PRESS:—I have listened patiently and attentively to all that has been said, read all that has been in print, and noticed all that has been done, with regard to the "great and high handed outrage," which was committed by citizen J. B. Miller, in opening his barroom for five minutes to accommodate three Democratic Councilmen with temperance drinks, after eleven o'clock at night.

It has been said that Officer Carey acted from a pure sense of duty. Now let us see whether he did or not. According to the testimony of two respectable witnesses on the trial of the cause, Officer Carey said that Moffett was the man he was after—calling him, (Moffett,) an obscene name. But as Mr. Moffett had not committed any offense, he could not complain against him, so all that was left to be done was to charge Mr. Miller with a technical violation of the law, and put Mr. Moffett and his colleagues' names in the complaint as being the persons who congregated in the barroom, so as to bring Mr. Moffett and his companions if possible into ridicule before the community.

It is reported that Officer Carey has said since the semi-conviction of Mr. Miller, that he was glad that Miller got off so lightly; showing conclusively in my mind, and in the minds of all unprejudiced people, that Officer Carey was not acting from a sense of duty, by trying to bring his superiors into ridicule—which was the ostensible object in making the complaint, and not for the conviction of Mr. Miller.

The people of Plainfield have known all of these gentlemen—Messrs Moffett, Hetfield and Gallup—for a long time; in fact I believe two of them were born here and always have lived in our midst, neither of whom have ever committed any crime, nor been guilty of any offense against the law, but have always enjoyed and maintained the highest reputation and character among our citizens and elsewhere. In my opinion, as also was said by the Corporation Counsel, "That Officer Carey did have considerable nerve and courage" but no judgment, in trying to convict three Democrats by charging one Republican with an offense, which the jury saw by the verdict, was only a technical violation, if any at all. But last and not least, is the meeting together of a few Republicans—called heretofore by the name of "representative citizens," though they might properly be called the "Parlor Circle"—and after hearing only what Officer Carey had to say about his conviction before the Police Board of our city, for using vile, indecent and obscene language to members of our Common Council, immediately resolved that Officer Carey must be upheld at all hazards both by contributions (which I am informed amounted to $15.00) and other aid, in spite of the fact that Carey did not deny the charges before the Board, under oath. Now I am informed that some, if not all of these "representative citizens," are members of Christian churches in our city. Some of them hold prominent offices in their church, take an active part in spreading the Gospel, and who have families at home looking up to them for their example. What I would like to know is if the consider their position in this matter consistent with their religion and good morals; and if they want to appear before their children and the community, as the champions of any one who will use profane, indecent and obscene language?

No, Mr. Editor, I will answer for them, they do not, because with them it is only a question of politics—not morals or religion. They consider the Democrats have no right to elect one of their number as President, when they are in the minority, and it is a very bitter pill for some "representative citizens" to swallow. They must crush such audacious Democrats who would dare do such a thing or even assert their rights. But go ahead Messrs Moffett, Hetfield and Gallup and do your duty as you have done. The people are with you.

FAIR PLAY.

Dan Marshall's Will.

Shortly after the funeral of the late Daniel J. Marshall, yesterday, his will was read at the home on Park avenue. It was a very lengthy document. The provisions for the disposal of his property—which is much less than generally supposed—are as follows:

After the death of his wife, who has the use of the entire property for life, he wills to George Marshall, his son, for life, the brick block on New street.

To Mr. and Mrs. J. Lot Marshall, another son, he wills the property on Park avenue for life. To his daughter Annie (Mrs. Bond), he wills for life the income of an $8,000 mortgage.

This mortgage and all the other entailed property, at the death of the above, is to be divided among the grandchildren of the deceased.

The executors named are: Harry Marshall of Paterson, grandson of the deceased; Frederick McCully of Paterson, who married a granddaughter of the deceased; and ex-Mayor John H. VanWinkle.

AFTER DARLING'S PROPERTY.

The Assignee of John F. Plummer & Co., Appeals to the Supreme Court.

Assignee Jeremiah P. Murphy, of the insolvent firm of John F. Plummer & Co., yesterday, through his counsel, Donohue, Newcombe & Cardozo, began an action in the Supreme Court of New York, against ex-Councilman William S. Darling, formerly of this city, the missing member of the firm, and his wife, Emma. An accounting is demanded of all moneys which Darling took from the firm prior to the failure. The assignee also asks that twenty-two lots of land on 184th street, extending from Eleventh avenue to Kingsbridge road, be declared held in trust in his favor as assignee for the benefit of the creditors of the firm.

It is alleged that Darling took moneys from the firm aggregating $150,000, which he appropriated to the use of himself and his wife.

On "information and belief" it is set forth that Darling conveyed this property to his wife on March 12, 1887, for the alleged consideration of $1, but the truth is alleged to be that she did not give any good or valuable consideration for the property, and that it was wrongfully paid for, either wholly or in part, out of moneys which he took from the firm.

The money was taken out by Darling when the firm was largely in debt to creditors, and it is therefore claimed that the real estate, is in equity, the property of the firm, and that the conveyance was merely a cover to enable Darling to defraud the creditors.

The assignee also asks for an injunction to restrain Darling and his wife from making any transfer of the property.

BEWARE OF THE MAD DOG.

A Boy and Several Canines Bitten by a Strange Dog Showing Symptoms of the Rabies—The Animal Still at Large.

Residents in the Eastern section of the city, are greatly alarmed over the appearance, yesterday morning, of a strange dog showing symptoms of the *rabies*. The dog, which is of the shepherd breed, almost killed a valuable sky terrier belonging to Mr. Wm. Bloodgood on the hill near Netherwood.

The animal next attacked Sidney Sykes, a fourteen-year-old boy employed by Mr. W. S. Benton on the Rahway Road. The brute tore the boys trousers into shreads and badly lacerated his right leg, so that Dr. Jenkins to whom he was taken for treatment, was obliged to cauterize the wound.

The dog also bit two dogs belonging to Mrs. David Jones, and a dog or two owned by dog-catcher James Babbit, it is said, were also attacked.

Mr. Bloodgood's dog was perhaps bitten the worst of any that were attacked. The strange animal is still at large, and no determined effort has been made to put an end to his earthly career.

H. L. Hastings' Anti-Infidel Work.

As early as 1852 or before, H. L. Hastings commenced to deliver sermons and addresses against atheism and infidelity, and to show from the evidences of design in creation, the fulfillment of prophecy, and other arguments, the existence of God, the truth of the Scriptures, and the divine origin of Christianity. In this work he has continued when duty has required and opportunity permitted, for more than thirty-five years. Many of his sermons on these subjects have been phonographically reported; one sceptic who was employed to report them, became thus convinced of his error, professed faith in Christ, and has since preached against infidelity.

In October, 1881, Mr. Hastings gave a lecture on the *Inspiration of the Bible* before the annual meeting of the Young Men's Christian Associations of Massachusetts, which was reported, revised, and published in full in their annual report, and which has since been repeated by request before the annual meetings of the Christian Associations in nearly all the New England States, and also in various parts of England and America.

He remained in Great Britain for over six months in 1887, and delivered 230 lectures, sermons and addresses in all kinds of places and to "all sorts and conditions of men;"—to city missionaries, outdoor preachers, college students, noblemen, ministers, and especially to the poor, and hungry, and unemployed.

He will deliver a lecture on the "Inspiration of the Bible," in the Crescent avenue chapel, this evening at eight o'clock. Admission free.

Snakes in the Park.

Snakes are said to be plentiful in Washington Park, North Plainfield. Borough Counsel Charles A. Reed, last week killed two good-sized flat-headed adders on Myrtle avenue, and several other large snakes have been seen in that locality of late.

There seems to be a difference of opinion as to whether or not the reptiles are of the poisonous species, some persons claiming that they are while others declare that they are not.

The Late Daniel J. Marshall's Funeral.

The funeral of the late Daniel J. Marshall, who died on Friday morning, took place from his late residence on Park avenue, yesterday afternoon, Mr. J. B. Cleaver officiating. The house was filled with relatives and friends of the family, noticeable among which were many of the older and representative residents of this city. The remains were interred in the Presbyterian cemetery in North Plainfield.

Still a Mystery.

Nothing definite has yet been heard concerning the whereabouts of Mr. Benjamin B. Newton, who mysteriously disappeared from the home of his sister, Mrs. Geo. H. Goddard, on East Ninth street, Sunday night. A report was circulated today to the effect that during yesterday Mr. Newton was seen at Scotch Plains, but the report is discredited by those who claim to know.

The Record Unbroken.

Plainfield's vote in 1911 will be a large one. Again THE PRESS chronicles the birth of another boy. Mr. and Mrs. Joseph G. Miller are the little lad's happy parents. There has not been a girl born in Plainfield or North Plainfield, that has been heard of, in many months.

MARVELLOUS HORSE SENSE.

The Equine Paradox at Music Hall.

Prof. Bartholomew's school of educated horses appeared at Music Hall last evening, before a large and highly delighted audience. They appeared here last October to over 6,000 persons and the indications are they will repeat their former success. They will appear each evening this week and Wednesday, Friday and Saturday afternoons.

The horses understand 500 commands, comprising a vocabulary of over 2,000 words. They know their own names and numbers and those of one another; know right from left, circles, curves, height and figures. Twelve of them play with bells so that the air of "The Last Rose of Summer" can be recognized. They reproduce a court scene with great regularity; they drill difficult evolutions with the precision of veterans; they go into battle and 'midst the deafening fusilade of firearms and bombs from the enemy's ramparts, tear down the forbidden ensign, trample it under foot and wave their own flag in triumph; all done easily and with an understanding bordering on human intelligence.

Past theories are controverted by an appeal to nature and the development of her hidden powers, showing that we have all been wrong in our estimates of the abilities of the brutes. It is truly an entertainment that must be seen to be appreciated. As specimens of equine beauty alone, the horses are worth seeing, and to their natural attractions are added the most astonishing proofs of intelligence and education of the highest order. All this is made especially pleasing by the addition of delightful music by a quartet of accomplished musicians. The Equine Paradox is sure to please a discriminating public, as it is refined, instructive, interesting, and at times amusing.

BOROUGH COUNCIL MEETING.

Mayor Place and Messrs Emmons, Hegeman, Needham, Smalley and Sebring constituted a quorum of the Borough Council which met in special session, last evening, for the purpose of appointing a Chief of the Fire Department to succeed Chief H. J. Martin, whose term of office expired on April 15, and also to provide for street lights.

Clerk Harry Brokaw read the call, after which the Mayor presented a communication nominating Mr. H. J. Martin to succeed himself as Chief of the Borough Fire Department.

Mr. Emmons offered a resolution confirming the appointment, and fixing the compensation at $50 per annum—$50 less than last year's salary.

Messrs Smalley and Emmons favored a reduction of the Chief's salary, but Mr. Hegeman thought that it should remain the same as last year. The resolution was adopted, Mr. Hegeman voting "no."

Mr. Sebring offered a resolution which prevailed, authorizing the Fire, Water and Lamps Committee to negotiate a loan of $900 in addition to the loan already made, for street lighting purposes.

Chief Martin sent in his resignation, but action was deferred until a subsequent meeting.

Council then adjourned.

Changes in Real Estate.

The property on West Fifth street, for many years owned and occupied by Mr. Wm. Estil, has been purchased by Mr. P. Homan, who owns the property adjoining it, for $3,500. Mr. Estil has taken up his residence with his son, Mr. Mulford Estil, who recently purchased from Mr. George F. Brown, a handsome house on Grove street, North Plainfield, paying $13,500 cash for the property.

Of Interest to North Plainfielders.

Suit has been commenced in the State Supreme Court which will involve the constitutionality of the General Borough law of 1878, under which many towns have been incorporated. Proceedings have been brought in the nature of a quo warranto application by Attorney General Stockton.

"In Hock."

The Council of 1890 offers the fire tower and bell for sale. If THE PRESS is not mistaken, the Council has no right to dispose of any of the Fire Department's property. It is all pledged to the First National Bank.

For the delicate and aged and all in whom the vital current is impoverished and sluggish, Ayer's Sarsaparilla is the very best tonic. It restores the wasted tissues, and imparts to the system surprising elasticity and vigor. Price $1. Worth $5 a bottle.

EXPLOSION AT NETHERWOOD.

Mr. H. P. Talmage's Private Gas House Blown Up on Sunday Night—No One Injured.

About ten o'clock on Sunday evening, as the residents of Netherwood were retiring for the night they were surprised to hear a loud report, resembling the discharge of cannon. Investigation disclosed the fact, that the private gas house of Mr. H. P. Talmage, situated about fifty yards from the house on Belvidere avenue, had been blown up with terrific force, scattering the bricks in all directions. Fortunately at the time the explosion occurred no one was near the building, and no one was therefore injured.

The explosion is thought to have resulted from a leak, and strange to say the machinery in the building was but little injured. The loss will probably not exceed $150.

The Engagement of Maude Granger.

One of the most interesting events of the theatrical season will doubtless take place at Music Hall, next Monday night. It will be the first engagement in this city of the great emotional actress and famous beauty, Maude Granger, whose name is more closely identified with "Camille," Cora the Creole," "Frou-Frou," and other roles of that character, than any actress of the emotional stage unless it be the somewhat uncertain but talented Clara Morris.

The names of these eminent artists recall many of the greatest successes of the Union Square Theatre. Since the breaking up of the old stock company both have became stars and in the same school of the emotional drama. Both are undisputably great, but each has her admirers who consider one greater than the other. One advantage the lustrous-eyed Granger has is in her personal beauty.

But it is as an artiste not a professional beauty that Maude Granger will appear here. She will be seen in Richard Davy and Lucy Hooper's powerful emotional play "Inherited," which was originally produced at the Theatre de L'Application in Paris. W. M. Wilkison, Miss Granger's manager, was in this city yesterday arranging the engagement.

Presentation to "Easter" Lodge.

At the regular meeting of Easter Lodge No. 3542, K. of H., last evening, there were present Grand Vice Dictator Richard C. Jones, and Grand Reporter John M. Mahew, of the Grand Lodge of the State of New Jersey.

After the initiation of a candidate Grand Officer Jones, on behalf of Brother S. W. Hartshorn, Grand Dictator of the State, in a few well chosen and appropriate words, presented "Easter" with a large and handsomely bound copy of God's holy word, on the cover of which was stamped in gold the letters, "Presented to Easter Lodge, Knights of Honor, of Plainfield, N. J., by S. W. Hartshorn, G. D., April 21, 1890." The holy book was accepted and placed upon the altar, by "Easter" through its Dictator, Brother T. H. Bartindale, who returned to Brother Hartshorn, through Brother Jones, the thanks of the lodge for his beautiful and very acceptable gift.

After routine business the lodge adjourned until the next regular meeting night, Monday, May 5. This lodge has the material in it to make it grow and prosper both in number and in usefulness.

Doings in the City Court.

Charles McCann was today tried by Judge Codington on a charge of assaulting a colored man named Peterson. He was adjudged guilty and fined eight dollars.

James Sebring was arraigned for disorderly conduct. He pleaded guilty and was fined three dollars.

Another Building Enterprise.

Mrs. S. A. Green is erecting a handsome frame residence on the Southwest side of Park avenue, just below Ninth street. The house was designed after the old colonial style by Architect William H. Clum. It will be 30x50 feet in dimensions and will cost about $5,000 when completed.

Will Visit Westfield.

A detachment of Company C., Phil Kearny Guards of Elizabeth, will go to Westfield, this evening, for the purpose of giving an exhibition drill for the benefit of the Town Library fund.

—Ladies are admitted free to the New Brunswick ball grounds.

The vegetable kingdom is the only source from which the ingredients of Hires' Cough Cure are obtained, hence no fear of harming the most delicate by its use. 25 cents.

—A number of street urchins who ought to know better, amused themselves last evening by tantalizing a Chinese laundryman on West Front street. The boys threw pebbles against the windows and otherwise annoyed the celestial.

Blood Will Tell.

There is no question about it—blood will tell—especially if it be impure blood Blotches, eruptions, pimples and boils, are all symptons of an impure blood, due to the improper action of the liver. When this important organ fails to properly perform its function of purifying and cleansing the blood, impurities are carried to all parts of the system, and the symptons above referred to are merely evidences of the struggle of Nature to throw off the poisonous germs. Unless her warning be heeded in time, serious results are certain to follow, culminating in liver or kidney disorders, or even in consumption. Dr. Pierce's Golden Medical Discovery will prevent and cure these diseases, by restoring the liver to a healthy condition.

Plainfield vs. North Plainfield.

"You Can't Lost Us," was the assertion made by one of the players who constituted the base ball team from this city, which crossed bats with a nine from North Plainfield, on the grounds back of Mr. Chas Hyde's residence, Sunday afternoon, and the assertion proved to be true. For at the end of seven hard fought innings, the Plainfield team was declared victorious by a score of 9 to 8.

Sick Headache

IS a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of **Ayer's Pills.**

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy."—Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine—sustaining all the claims made for them."—W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas.

"Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered stomach and liver. I suffered for over three years from headache, indigestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."—Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, restored me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.

Proprietary Medicine.

Manufacturers are in the habit of telling the public what Poisons, Drugs, etc., are NOT in their medicines. We propose to change this method and tell you what our

OZONE SOAP!

THE FINEST LAUNDRY SOAP EVER PUT ON THE MARKET.

WASHES EASILY. LATHERS FREELY. SAVES LABOR.

All the Manufacturers' request is simply ONE TRIAL, or still better, a COMPARATIVE TEST with whatever other soap it may be; THEN OZONE SOAP ITSELF will convince every one of its great superiority. It will be found to keep the hands soft and smooth, even where THE MOST EXPENSIVE "Fancy" Soaps roughen and are otherwise deleterious to them, and of COURSE if it is easier on the skin than other Soap, it must be EASIER ON THE CLOTHES than other Soap.

Ask Your Grocer for OZONE SOAP and take No Other.

Woodruff Discharged.

CHICAGO, April 22.—Frank Woodruff was formally discharged from the indictment for complicity in the murder of Dr. Cronin in Judge Hawes' Court. The fact that he has been in jail 11 months and that three full terms of court have passed since he demanded a separate trial was the ground on which he was discharged. His attorney will demand trial for him on the horse stealing charge at this term of court.

Prof. Sumner's Illness.

NEW HAVEN, Conn., April 22.—Prof. William G. Sumner, Yale's well-known Professor of Political Economy, after leaving his class room dropped suddenly on the campus. He was picked up unconscious and carried to his home. His physician announces that his trouble was occasioned by a disordered stomach, and that while he may not be in danger of death still his condition is serious

Fighting Forest Fires.

NORWICH, Conn., April 22. — Up to yesterday the forest fires in Voluntown had burned over 80 acres and were rapidly spreading in all directions. The citizens turned out en masse and fought the flames all day. It is stated that the fire has reached the timber land on Moncooks Ridge and is running both north and south. At East Douglass the flames threatened the camp meeting station but were checked.

A Prison Warden Punished.

READING, Pa., April 22.—Warden Lutz, of the county jail, was sentenced for gross neglect of duty by Judge Ermen-brought. He had allowed 20 convicted landlords to do as they pleased while serving their sentences under his care, and his punishment therefor was suspension from duty and pay for 60 days. He was also ordered to defray the expenses of the investigation and trial.

Took an Overdose of Morphine.

BENNINGTON, Vt., April 22.—Charles E. Graves, aged 52, died here from the effects of an overdose of morphine taken to alleviate pain from rheumatism. Mr. Graves served during the rebellion in Co. H, 2d U. S. Sharpshooters and was prominent in G. A. R. circles, and at the time of his death was a staff officer to Gen. Alger.

A Catholic Priest Silenced.

WATERTOWN, N. Y., April 22.—Bishop Wadhams has silenced the Rev. Peter H. J. Ryan, of St. Peter's Roman Catholic Church, Lowville, and suspended him from his priestly office on account of acts unbecoming a priest. The chief complaint against him is his method of assessing the congregation and extorting money from them.

FLOODS DOWN SOUTH

The Old Morganza Levee Gives Way at Last.

NINE PARISHES FLOODED.

The Condition of Affairs Never Gloomier or More Threatening.

Relief Steamers Sent to the Crevasse to Succor People in Distress—Lives in Danger at Pointe Coupee—The Wealthy Teche District in Danger—Flood in New Orleans.

NEW ORLEANS, April 22.—The flood situation here has changed rapidly for the worse during the last twenty-four hours, and the condition of affairs was never gloomier or more threatening than at present.

The old Morganza levee, Pointe Coupee parish, on the left bank of the Mississippi, ten miles above Bayou Sara, broke at an early hour.

This is disastrous, for nine of the richest sugar parishes will be more or less flooded.

The main Morganza levee still holds. This was built by the United States and this State at a cost of $200,000.

Relief steamers have been sent to the crevasse to succor people in distress and prevent, if possible, loss of life.

If the river does not continue to fall the water will in due time sweep over the beautiful and wealthy Teche district.

Three steamboats with a number of barges have been sent to Pointe Coupee to rescue the people of that parish whose lives are in danger. While it is admitted that the loss will amount to millions, the situation now is a little more hopeful. It is thought that the worst is now passed, and there will be few, if any, more crevasses. The flood in New Orleans, due to backwater from the lake, is receding.

INSPIRED BY DAVITT.

Mr. Parnell's Land Scheme Not Received Favorably by His Friends.

LONDON, April 23.—In presenting his land scheme, which he offers as a substitute for the complicated measure introduced by Mr. Balfour, Mr. Parnell has succeeded in mystifying his friends as well as his opponents.

While they will naturally support a measure framed by the leader of their party, the Nationalist members feel that they are entitled to a full explanation of the scheme which many of them now unhesitatingly admit that they do not understand.

In some respects they are free to say the plan appears to offer fewer benefits than that of the Government, worthless as the latter is as a remedy for the ills the Irish tenants are now compelled to bear. The general opinion is that the scheme was inspired by Michael Davitt with a view of minimizing the number of landlords to be dealt with and leading to the consummation of his plan for land nationalization.

Archbishop Corrigan in Rome.

ROME, April 23.—The reception to Archbishop Corrigan has been more than cordial. All the church dignitaries from Pope Leo down have united in doing him honor and his treatment is regarded as significant of the growing importance of the Catholics in the United States. In contributions to the support of the Holy See North America is already ahead of Spain, Portugal, Ireland and other Catholic countries, and very close to South America. It is rumored that Archbishop Corrigan may have another call to Rome ere long to receive the Cardinal's hat. His course in the McGlynn difficulties is understood to have received the complete approval of the Holy See.

Italy Must Borrow Money.

ROME, April 23.—In a speech at Naples M. Magliani, former Minister of Finance, speaking on the financial condition of Italy, declared that the deficit in the budget for the current year would be 70,000,000 lire, and to meet this it would be necessary to raise 30,000,000 lire by new taxation and to reduce by 40,000,000 lire the estimates for the army and navy. Italy possessed many sources of property which she could utilize to maintain her credit. Colonial activity should not be pushed beyond the limits imposed by strict economy.

Stanley to Dine With Minister Ferrel.

BRUSSELS, April 23.—United States Minister Ferrel will this evening give a dinner to Mr Stanley and his party. The Congo Committee will give a ball in honor of Mr. Stanley and he will also be entertained at luncheon by the Anti-Slavery Society. Dr. Parke maintains that Emin Pasha has a cataract on each eye.

Carnot's Reception by Corsicans.

AJACCIO, Corsica, April 23.—President Carnot upon his arrival here was greeted by a number of ladies who welcomed him by performing the Corsican ceremony of strewing his path with rice and corn. During the day the President visited the birthplace of Napoleon I.

Captured and Held for a Ransom.

LONDON, April 23.—While an Englishman and his wife were visiting the ruined city of Petra, in Northern Arabia, they were captured by Arabs. The British Consul at Jerusalem was obliged to pay a ransom for their release.

Dinner to Minister Smith.

THE HAGUE, April 23.—United States Minister Thayer gave a grand diplomatic dinner last evening in honor of Mr. Charles Emory Smith, the new American Minister to Russia.

CARROLL WHIPS SMITH.

The Brooklyn Boy Wins the Fight in the Fourteenth Round.

SAN FRANCISCO, April 23.—Jimmy Carroll of Brooklyn and Billy Smith of Australia fought at the California Athletic Club for a $1,000 purse. Betting had favored Carroll until yesterday, who reports that he was dissipating changed the odds to Smith's favor. Hiram Cook was referee. The men entered the ring after 9 o'clock. Carroll weighed 171 pounds and Smith 161.

Both men had the reputation of being rushing fighters, and they commenced the contest in that way, landing hard blows at short range. Carroll landed oftener, and before the round closed blood was flowing from Smith's nose.

The men kept up the rushing in the next round. Carroll landed heavily on Smith's neck and jaw, Smith responding with some hard body blows. There was little time wasted by either in sparring.

The heavy slugging was resumed in the succeeding rounds, and, though Carroll's attacks were fiercer, Smith reached the Brooklyn man's ribs in a most dangerous manner, and caused him to show the effects of the punishment.

The same tactics were pursued in the fifth and sixth with little variation. Smith generally had the advantages in the sharp encounters. Both were evidently trying to bring the fight to an end as quickly as possible. Carroll won the fight in the fourteenth round.

IN A BURNING MINE.

Thirty Men Imprisoned and all Believed to be Dead.

CHEYENNE, Wyo., April 23.—Thirty men are now imprisoned in the Rock Springs coal mine No. 4, which is on fire and it is almost certain that all are dead.

The mine was discovered to be on fire at 1 a. m. and at 9 the flames began to spread rapidly and the men were ordered to the surface. They had already begun to issue from the shaft when an explosion occurred.

A searching party to go to the rescue of the men below had just disappeared when another explosion occurred followed by three others in rapid succession. Seven of the searchers were injured, one past recovery. A dozen more volunteers descended and brought up six insensible Chinamen, one of whom died in a few minutes. They saw 10 other Chinamen lying prostrate.

Smoke began to issue in large volume from all the entrances and further attempts to save the men imprisoned below were abandoned. There are at least 30 men in the mine, mostly Chinese. All the entrances to the mine have been closed in order to keep the fire within certain bounds.

Startled by an Explosion.

LEBANON, Pa., April 23.—William P. Wright, engineer, was knocked down and severely burned by the explosion of one of the Colebrook furnaces. There were four loud reports in quick succession. Buildings were shaken and windows rattled. The jacket at the furnace stack was blown out and the sheet iron roof blown into the air. Over a thousand people ran to the scene of the disaster. The fire department was called out and soon extinguished the flames. The damage to the furnace will amount to several thousand dollars.

Murdered His Shopmate.

BOSTON, April 23.—A dispatch from Portland, Me., says that while William M. Look, aged 20 was entering W. H. Winslow & Co.'s furniture shop to go to work, he was deliberately shot in the back by Philip Cuskley aged 25, an employe of the same firm. The men had a quarrel last winter but the trouble had appparently been adjusted. Cuskley immediately gave himself up. He has a bad temper and is of a troublesome nature. Both are unmarried and Look will probably die.

Inaugurated Acting Governor.

CONCORD, N. H., April 23.—For the first time in the history of the State since 1784 the President of the Senate has been called upon to discharge the duties of Governor. Owing to the illness of Governor Goodell, Hon. David A. Taggart, President of the State Senate, was appropriately inaugurated as Acting Governor by the Executive Council and will perform the duties of the office during the absence of Governor Goodell.

Release of the City of Berlin.

NEW YORK, April 23.—The Treasury Department has ordered the release of the steamer City of Berlin. The telegram to Collector Erhardt says there was a serious offence committed, but that it seems to have been partly the fault of the Government inspectors.

An Old Couple Married.

MAY'S LANDING, N. J., April 23.—Robert Barnes, aged 76 years, was married to Mrs. Sally Smith, aged 82 years, of Atlantic City. Many relatives and friends were present, and the happy couple tripped the fantastic to old-time music.

Is It Eyraud's Body?

NEW YORK, April 23.—The mysterious stranger who committed suicide at Willowbrook, S. I., is now thought by many to have been Michael Eyraud, the much sought murderer, who several months ago shot and killed Deputy Marshal Gouffe, at Paris, France.

Eva Hamilton's Treatment in Prison.

TRENTON, N. J., April 23.—The special legislative committee have completed their investigation of the State Prison. They find it well managed, and report that Mrs. Robert Ray Hamilton is treated the same as other prisoners.

A LABOR OUTBREAK

About Fifty Chicago Strikers Under Arrest.

THEY RESORT TO VIOLENCE.

The Federation Talk of Calling Out All the Building Trades.

Conference Between Bosses and Journeymen—The Carpenters at Indianapolis Secure an Eight-Hour Victory—Boston Carpenters Will Demand Eight Hours. All Quiet at Pittsburg.

CHICAGO, April 23.—Chicago has been selected by the American Federation of Labor as the battle ground on which will be fought out the struggle for the eight-hour-day. The whole strength and power, moral and financial, of the Federation will be thrown to the support of the carpenters now on strike. Not only this, but if deemed necessary, every organization affiliated with the Federation will be ordered on strike to enforce the carpenters' demand. These include in Chicago every one of the building trades and several kindred associations.

It is probable that by the end of this week 30,000 men will be out in Chicago in obedience to the command of the American Federation of Labor.

While a number of non-union carpenters were erecting a building a large crowd of union men gathered and demanded that they cease work.

Their request was refused when the strikers resorted to violence by using clubs. The riot was only quelled by the police, after a terrible battle.

The police succeeded in arresting 50 of the rioters who were locked up.

CARPENTERS CONFER.

The Bosses and Strikers See a Way to Settle the Difficulty.

CHICAGO, April 23.—The arbitration committee from the new Boss Carpenters' Association met the conference committee of the striking carpenters.

A thorough canvass of the situation showed that all parties are agreed that the carpenters' strike can be quickly brought to a termination when the membership of the Boss Carpenters' Association is so far increased that they hold a balance of power among the builders and bosses of the city.

To this end the committee on arbitration invite the other associations of carpenters, bosses and builders to unite with them in the settlement of the question.

Carpenters Secure Eight-Hours.

INDIANAPOLIS, April 23.—The carpenters' strike was settled to the satisfaction of everybody concerned at a conference last evening between committees of the strikers and the bosses. The contractors conceded the eight-hour-day and made an agreement to hold good for one year, to pay competent carpenters and joiners 30 cents an hour. The original demand of the strikers was 35 cents an hour, although they had only been getting from 20 to 25 cents. About 500 men resumed work to-day.

Eight-Hour Legislation.

WASHINGTON, April 23.—Representative Caldwell, of Ohio, introduced in the House a bill construing the act constituting eight hours a day's work for laborers employed by the Government to apply to all persons employed on work done by the Government.

The Railroad Trouble.

PITTSBURG, April 23.—S. E. Wilkinson, grand master of the Brotherhood of Railroad Trainmen, stated this morning that he did not believe there will be any trouble in adjusting the differences. "In any event," he said, "a strike will be resorted to only after every other means has failed."

Boston Demands Eight Hours.

BOSTON, April 23.—The mass meeting of carpenters last night adopted resolutions not to work over eight hours a day after May 1st. The situation at the Squire packing house is unchanged.

BRUTAL MURDER.

Hungarians Beat a Miner With a Club and Stab Him Several Times.

SCRANTON, Pa., April 23.—A miner named John Freizer was the victim of a murderous assault at the hands of a gang of Hungarians in Olymphant.

Freizer incurred the enmity of this band and it is asserted that his killing was deliberately planned. He was met on his way home by his assassins, and they did their work savagely.

They beat in his skull with a club, stabbed him several times and then left him for dead in the middle of Jones street in front of a store kept by John Roth. Freizer died shortly after 2 p. m. Coroner Gardner caused the arrest of Michael Pastic, Michael Harwock and Michael Switzfok, who are now in the County Jail. A supposed accomplice named George Sholimo evaded arrest, but cannot escape.

The Last Victim of the Cyclone.

LOUISVILLE, Ky., April 23.—The 74th and very probably the last victim of the cyclone was added to the list at 2:30 a. m. At that hour William Goode died at the city hospital. Goode was in the Jewel lodging rooms of the Falls City Hall when that structure fell. A delay of a few moments would have made him a member of the Knights of Honor and have entitled him to a life insurance of $2,000.

Shot For Disputing His Bill.

TORRINGTON, Conn., April 23.—Andrew Fisher was probably fatally shot by his landlord, William Hyde, with whom he had a dispute over the amount of his board bill.

OUR BOYS CLUB.

ITS OUTLOOK BRIGHTENS AND BROADENS IN EVERY SENSE.

$500 More Subscribed Towards the $1,500 Required—The Names of the Givers, and the Officers.

The outlook for the Boys Club brightens and broadens continually. Those interested are using every means to have it placed upon such a basis as to insure success, when it shall be opened.

The Rev. J. C. Collins, whom all will remember as the originator and successful organizer of Boys Clubs, has been made a member of the Advisory Board, and the starting of the club will be placed in his hands. He will provide an experienced superintendent who will report to him, and Mr. Collins will act entirely in harmony with the Executive Committee. The superintendent will receive his salary conditionally upon success.

At present a suitable hall cannot be had. As manual training is to be an especial feature larger accommodations will be necessary than for the club simply. It is hoped that this difficulty will be surmounted before long.

The Century Company of New York has offered, through W. Lewis Fraser, manager of the art department, to loan indefinitely to the club, 75 original drawings by the best painters in the country, some of which have appeared in the pages of the magazine and some have not. They are all valuable and many have taken medals abroad. This has come to the club through G. Wharton Edwards. Plainfield will be the pioneer club in New Jersey. The committees are moving slowly in order to move surely. Absolute success is what they expect and for what they work. The subscriptions made by the gentlemen named below have been received since the 111 names at $5 each were published in The Press:

W. B. Wadsworth, $50; D. W. Pond, 25; Walter Scott, 25; W. L. Patton, 25; C. W. Opdyke, 25; F. F. Beals, 25; T. A. Cruikshank, 25; Wm. Miller, 25; H. G. Runkle, 50; Charles J. Fisk, 25; Alex. Langhorne, 10; Otto Arens, 25; Rev. P. E. Smith, 25.

These monies are being sent in and are deposited in the City National Bank. Subscriptions, however small, will be acceptable and will help toward the $1,500 required. All subscriptions may now be sent to the Treasurer, Dr. W. H. Murray, Broadway.

The committees are as follows: President—Mr. Aaron M. Powell; Secretary—Miss Nettie Haviland; Treasurer—Dr. W. H. Murray.

The Death of Col. James A. L. McClure.

Legal, political and social circles of Baltimore were astounded and grived Monday morning to learn of the death of the Hon. James A. L. McClure. For a quarter of a century Mr. McClure has been a leading citizen of Baltimore. In his chosen profession, the law, he won an enviable reputation, and in many ways he was thoroughly identified with the interests of the city of his adoption. He died at 10 o'clock Monday morning at his home, 1700 North Charles street, Baltimore, as stated in The Press the same day.

He left a wife and two daughters, besides three brothers one of whom is Counsellor McClure of this city. The Board of Police Commissioners adjourned because of his death, and the Courts, the Journalists club and other associations throughout the city, passed resolutions of regret.

The pall bearers were: Ex-Minister to France, Robert L. McLain, U. S. Senator Gorman, Chief Justice Daniel B. Lucas, the Hon. Reverdy Johnson, Jr., Judge Dennis of the Circuit Court, States Attorney Charles Kerr, City Solicitor Albert Ritchie, Gen'l Andrew Pennington, Gen'l David Hunter, Mr. John T. Ford and several others who made personal requests to act.

HURT BY THE CARS.

A Young Son of Mr. Frank Vail Struck by an Engine While Walking on the Track.

Frankie, the oldest son of Mr. and Mrs. Frank Vail of Park avenue, was struck by drill engine No. 200, while walking on the track near the Richmond street crossing, yesterday afternoon, and seriously injured.

The boy did not notice the engine approaching until it was too late, when turning around, he was struck on the head, and thrown some distance, landing alongside the track. The unfortunate youth was taken to his home in a United States express wagon, where Doctors Boone, Fritts, Long and Hedges attended him. An examination disclosed a compound fracture of the right leg, and the little finger of the right hand was crushed. Besides these injuries there was a deep and ugly looking gash on the head.

The boy displayed remarkable courage, scarcely making an outcry while on the way home. Late last evening, after a reaction set in, the doctors succeeded in setting the broken bones and amputating the first joint of the little finger. Today the patient's condition is reported as improved.

The accident, yesterday, is another illustration of the danger of walking on the railroad track.

PARTICULAR MENTION.

Mr. W. F. Trust of Scranton, Pa., is a guest at Miller's Hotel.

Cashier Carman Parse has returned from Florida, and is again at his post of duty in the First National Bank.

Mrs. Jesse Agans, of Three Bridges, left for her home today after a short visit to relatives in Dunellen and North Plainfield.

Mr. W. V. Steele, Counsellor-at-law and Master and Examiner in Chancery, has opened an office in the Chautauqua Building, corner of Park and North avenues.

Mr. George A. Young of Westfield, was married at seven o'clock last evening to Miss Mary Black, at the home of the bride's sister, Mrs. Lindsley of Rahway.

Miss Eliza Moore, an aged lady died at her home, No. 22 West Third street, this morning, aged 86 years. The funeral will take place from the house to-morrow afternoon at two o'clock. Interment will be made at Rahway.

The Loyal Ladies League, Auxiliary to the G. A. R., Department of New Jersey, is in session in this city to-day. Delegates are present from different parts of the State. Department President, Mrs. E. J. Olssen of this city is in the chair.

It is with pleasure that The Press informs the many friends of Mr. and Mrs. Frank W. Morse, of Rotterdam, Holland, that they sail for this country on the steamship "Maasdan," Saturday of this week. Mrs. Morse is a daughter of Mr. Morgan Bird of Park avenue.

Young Mr. Lutie Waring is confined to his bed awaiting recovery from the effects of a serious fall yesterday. His trousers caught in the wheel of his bicycle, and he was thrown to the ground. He struck the back of his head so hard that he was unconscious for some time.

City Court Proceedings.

In the City Court this morning there were two cases disposed of, namely: John Dorgan, arrested by Officer McCue for disorderly conduct. Sentenced to pay a fine of $5 or spend twenty days in the county jail.

Christopher Kunzman, arrested by Officer Sliter, for a similar offense, was given a like sentence.

The man arrested on Monday night for molesting his wife, this morning retracted his plea of not guilty and substituted a plea of guilty. He was fined four dollars.

Bound to Satisfy the People.

Saturday afternoon the Crescent League ball team will play the Lafayette College nine of Easton, Pa. In the out field Carbonell will again play in place of Mc Laughlin, and right field will be filled by a New York player who comes highly recommended. If Livingston does no better, the League will look for a new pitcher. It is proposed to give the Plainfield people this season the best that can be found.

Who Cares?

Because of the source of a denial that at a meeting of indignant citizens $15 was contributed for Carey, The Press can repeat the statement with a feeling of all the greater assurance. It was $15!

But who cares? It is the indignant citizens' own money, and surely Carey does not object. It is no one's else funeral, but theirs.

Oratorical Contest.

A grand oratorical contest by gold medal winners, will take place in Reform Hall to-morrow evening. The class will compete for a prize offered by the Woman's Temperance Aid Society, and the board of judges will consist of the Rev. Dr. A. H. Lewis, the Rev. T. L. Murphy and the Rev. W. R. Richards, all of this city.

H. L. Hastings on The Inspiration of the Bible.

A large audience listened with great interest last night to H. L. Hastings of Boston, in the Crescent avenue chapel, as he eloquently and wisely discoursed on the Bible. He said in part: "I speak to you to-night concerning the inspiration of this book, a question which is thoroughly debated—perhaps as thoroughly as it ever was in this country. There are more people reading the Bible today than ever before, and more people loving it, and still it may be that there are more people opposing it than there have been in times past. It becomes us to be armed for all possible conflicts, and to be always ready to give every man a reason for the faith that is in us. It is not a conclusive argument for a Christian to say that he is assured the Bible is true because he feels it is, nor is it well to call one who disbelieves an infidel; it does not inspire him with confidence in God or the Bible or in Christians. We are told sometimes that the Bible is the enemy of human progress, and that the scientific men of the age have thrown the Scriptures overboard. I do not understand these to be the facts in the case, and that the Bible is contradicted by science. The question that puzzles me is how is it that there is no science anywhere except where the Bible is read and loved and honored. You may hunt the world over and you will find no science outside of Divine revelation. Go to India and ask what causes the rain, and they will tell you that it is a big elephant up in the clouds working his trunks. They will tell you what causes the earthquake. The big elephants that support the earth are getting weary of their burden and are moving around. That is science for you. There is no scientific book that is worth two cents a pound outside of Revelation. All science, all intellectual advancement is where the light of this book falls upon man. Where do you send a young man to finish his education? to India? to China with its ancient philosophy and immense literature? Where do you send him? Why to lands where the light of the Bible is shown. And so all our inventions and contrivances which ameliorate the condition of humanity are all found in the light of this book. A man said not long ago it was not the Bible that was the author of human progress, it was the printing press and steam engine. What Hotentot was it that made the printing press? What Chinaman was it that invented the steam engine? What heathen was it that constructed the telegraph and telephone? When you get outside the light of the Bible you do not find any of these inventions that have changed the whole face of society. 'There is a spirit in man, and the inspiration of the Almighty giveth him understanding.'

"Now this book concerning which we speak is an old book. There is no doubt about that. But it is a book worth looking at as a literary curiosity. A few years ago a single public society in London printed and distributed more than 900,000 copies of the New Testament in a single year. That book exists in more shapes and sizes and styles of binding, and in more languages than any other book on earth, and where it exists we find the best government, the best morality, the best order, the safest condition of life, for there isn't a spot on earth ten miles square where you can live in peace and quiet and safety, where you can train up your children, where you can see family life held sacred, the old honored, and infancy tenderly cared for, where you can die in peace and feel that you have left your children in good hands and good company—there is not a spot ten miles square where you could do that unless this book has gone before and illuminated and sanctified society. What shall we say of this? Shall we contradict that axiom in morals, 'A tree is known by its fruits.' Its fruits are everywhere and the tree is still bearing."

The speaker said there were three kinds of inspiration: "Recollection, Suggestion and Dictation." He illustrated them in an excellent manner, and continuing he said: "I know that the Bible is superhuman from the effect it produces. There are other things just as true. The multiplication table is as true, and there are scientific books that are true. But did you ever hear a man say I was a lost and ruined man until I took to studying the multiplication table, and since that time my life has a joy and peace hitherto unknown; my desolate life is filled with joy and light. You never heard testimony like that while I could bring scores and hundreds and thousands of men who will tell you they were sinners, outcasts, drunkards, had brought down their fathers' gray hairs in sorrow to the grave, had broken their mothers' hearts, had blasted every earthly hope; and they will tell you how the currents of their lives were changed, and will show you the passages in the Bible that did it."

DOWN WEST OLYMPIC.

The Westfield Bowlers Defeat Collier and Wilbur and the Colts, Two Games.

If the Somerville bowling team had a few more games to roll, they would stand a chance of passing the Olympics of this city. The latter are bowling like duffers, just now, and could not win anything in the Central Bowling Tournament, if there were five prizes instead of three.

The score below will show the result of last night's games on the Olympics own alleys. The only excitement in the match was during the last game. It was anybody's from start to finish. The two teams were tied at the close of the fifth frame. On the wind-up the Olympics were two pins ahead down to the last man's turn. Collier made a spare and it looked like sure victory for the Plainfielders. Alpers wound up, however, with a strike and a spare which won for Westfield by just one pin. The score was:

NAMELESS.

	1st	2d
Everett	150	164
Marsh	147	114
Worth	122	152
Schmitt	167	122
Alpers	159	151

The record in the Central Bowling Tournament, now stands:

Muzzle the Dogs.

Considerable alarm is felt by certain persons in this city over the appearance of the supposed to be rabid dog, early on Monday morning. All of the dogs which are known to have been bitten, have been tied up and are closely watched.

What has become of the strange dog, no one seems to know. One thing is certain, however, the dog has not yet been reported shot.

As the warm weather approaches it may not be out of order to "jog the memory" of the owners of dogs, by stating that there is at the present time a city ordinance which prohibits dogs from running about without muzzles at all seasons of the year. Section one of "an ordinance concerning dogs," reads as follows:

That no dog, not in charge of its keeper, shall be permitted to run at large within the City of Plainfield, unless a good and sufficient muzzle shall be placed over the mouth of such dog in such manner as to render biting impossible; and any person who shall permit or suffer any dog owned or harbored by him to run at large contrary to the provisions of this ordinance, shall upon conviction thereof be punished by a fine not exceeding ten dollars for each offence.

Big Fire at Elizabeth.

A fierce fire broke out at 11.30 o'clock last night in the two story building on Railroad avenue, Elizabeth, occupied by Nicholas Knox, a foreman of the Pennsylvania Railroad.

The flames spread so rapidly that Knox and his wife and children escaped by crawling on the floor to the street.

Edwin Kennedy sprang from a second story window; Bernard Burns crept on the floor to the street door, where he fell scorched and exhausted. He was dragged to a place of safety.

The flames spread to three barns, where a horse and several carriages, the property of Sandy Kerr, a mason, were consumed. The barns and dwelling were destroyed. One of the barns belonged to a brother of Sheriff Glasby.

Winfield Scott Post Meeting.

A regular meeting of Winfield Scott Post No. 73, G. A. R., was held last evening, at which time the Memorial Day detail reported progress. Assistant General Inspector H. C. Drake will go to Bound Brook on Saturday evening and inspect Post No. 57 of that place. On May 15, he will inspect the Post at Somerville.

Don't hawk, hawk, blow, spit and disgust everybody with your offensive breath, but use Dr. Sage's Catarrh Remedy and end it. 50 cts., by druggists.

Fix Those Board Walks.

THE PRESS is again requested to call attention to the dangerous condition of many of the board walks in North Plainfield, and to urge upon the owners the necessity of having the same repaired without delay.

The same request might well be applied to certain property-owners in this city. For instance, on Washington avenue, between Front street and the bridge, there is a very dangerous strip of board walk that should be attended to at once. The walk has been in a wretched condition for a long time and needs immediate repairs.

Another Large Audience.

Bartholomew's educated horses had another large audience last evening, and the applause and laughter was pleasantly intermingled for over two hours. The matinee today was largely attended and there were a good many persons from the surrounding towns and country. This will positively be the last opportunity here of seeing the equine wonders of the 19th century.

The Rev. Dr. Yerkes Speaks in New York.

The Baptist Pastors' Association in New York city, on Monday, listened to a paper on "The Place and the Authority of the Elder," by the Rev. D. J. Yerkes, pastor of the First Baptist church of this city. Dr. Yerkes' paper was well written and eloquently delivered.

Township Committee Meeting.

The North Plainfield Township Committee met in Spencer's Hall, last evening, and appointed Mr. J. W. A. Bauersachs Overseer of the Poor. Mr. C. W. Blaine was appointed overseer of Road District No. 5, and Mr. Aaron Allen overseer of Road District No. 6.

Looking After the Delinquents.

Justice V. W. Nash this morning made a tour of the Scott Press Works in search of delinquent tax payers. He met several persons who were in arrears with the city, all of whom settled up or made arrangements to settle.

—Bartholomew's 24 educated horses at Music Hall, this evening.

—Mr. David Condon, last year's Captain of the Crescent League ball team, is in the city today.

—About twenty-five brick makers came to Plainfield today to work in Scribner's brick yard in North Plainfield.

—The members of the Police Board met in Councilman Roberts office on Monday evening, but transacted no business of special importance to the public.

—There is no news to add to what has already been published in these columns about the new stone church the Seventh Day Baptists are about to build, except that $5,000 will be appropriated for its organ.

—Lewis Krom misunderstood Dr. Wells order to turn to the right, Monday night, and they ran into one another on Madison avenue. Neither of the bicycles were broken, but Dr. Wells' left hand was cut.

TO-NIGHT.

CLAIRVOYANT
Has arrived in Plainfield, April 23. Mrs. Dr. Edwards, the greatest and the most celebrated Clairvoyant in the World, and is known in this country from Maine to Mexico. She was born with the wonderful gift of second sight and with a veil. She is the seventh daughter, of the seventh daughter. She reveals every mystery; tells you if the one you love is true or false. She removes every grief, settles lovers' troubles, and causes speedy love marriages. She gives reliable information to gentlemen in all business transactions, and informs them how to make profitable investments and acquire speedy riches. She tells lucky lottery numbers. She has an "Osiris Egyptian Talisman," which is noted all the world over, as a specific charm for the unlucky. All who are in trouble or sick, should call without delay. Office hours from 9 A. M. to 9 P. M. Ladies 50c to $1. Gentlemen, $1. She has engaged parlors in the City Hotel, room 4, (one flight up) and will remain only one week. Call at once; this is your only opportunity, as Mrs. Dr. Edwards has crowded parlors all over the country. Call early. 4-28-w

Two More Great Bargain Weeks in Shoes.
OUR new goods are coming in so fast, and so many of them, we can readily see we will not have room for them. We have gone all through the stock bought of Mr. Randolph, and have concluded to sell off all that stock at a great reduction THIS WEEK AND NEXT. We have marked them all down something like this:
We have a few Ladies' shoes left in E. C. Burt's and McCumber's; sizes 2½, 3, 3½ and 4, A wide, marked down from $5.00, $6.00 and $7.00, to $1.50.

LADIES' KID SHOES,	$1.00.	Former price,	$2.00.
" " "	$1.50.	" "	$2.50.
" " "	$2.00.	" "	$3.50.
GENT'S "	80c.	" "	$1.50.
" "	$2.00.	" "	$3.50.
" "	$3.00.	" "	$5.00.
" "	$3.50.	" "	$6.00.

We have the above shoes in all sizes with the exception of McCumber's, and Burt's. This will be the greatest sale for BARGAIN SEEKERS that PLAINFIELD EVER SAW!
While you are here, look at our SLIPPERS and TIES for Ladies; also our $2.50 and $3.00 SHOES, made especially for us. This sale will commence
Wednesday, April 23, and Continue Until May 3.
TRY US ON REPAIRING.—We don't promise to make old shoes new, but we can and do make them almost as good as new, and give them a new lease of life. Many people do not have shoes repaired because they have a mistaken idea they look botchy and clumsy; but such is not the case with us, for we put in the finest leather that can be bought, and done by one of the best shoemakers in the State.

OZONE SOAP!
THE FINEST LAUNDRY SOAP EVER PUT ON THE MARKET.
WASHES EASILY. LATHERS FREELY. SAVES LABOR.
All the Manufacturers' request is simply ONE TRIAL, or still better, a COMPARATIVE TEST with whatever other soap it may be; THEN OZONE SOAP ITSELF will convince every one of its great superiority. It will be found to keep the hands soft and smooth, even where THE MOST EXPENSIVE "Fancy" Soaps roughen and are otherwise deleterious to them, and of COURSE if it is easier on the skin than other Soap, it must be EASIER ON THE CLOTHES than other Soap.
Ask Your Grocer for OZONE SOAP and take No Other.

MORE BAD BREAKS

The Flood Situation in Louisiana Grows Worse.

NUMEROUS NEW CREVASSES.

The Lake Concordia Break is Now 200 Feet Wide.

The Secretary of War Notified—Great Suffering and Danger to Life—People in the Flooded Districts in Skiffs to Keep from Drowning—Destruction of the Sugar Crop.

NEW ORLEANS, April 24.—The flood situation has grown worse, although the storm has lulled. Numerous crevasses have occurred, while the old ones have grown wider and larger.

Ugly breaks have occurred in the last twenty-four hours at Lobdell in West Baton Rouge parish, eighteen miles above the town of Baton Rouge, at Belford's and at Ferry Days, and Vidalia in Concordia. The total for the day is seven. The break at Morganza in East Baton Rouge, which it was hoped yesterday would be closed, has grown, and is now given up. The Lake Concordia break is 200 feet wide, and all the others have grown in like proportion.

The crevasse at Morganza, combined with the water from other breaks in the Pointe Coupee levees, is in the nature of a genuine calamity, for the sugar district of the State. This means the total destruction of the crops for the present year and of seed cane for next season.

Capt. Kingman, United States engineer in charge of the Government work in this district, and who is at the Morganza break, has telegraphed to the Secretary of War that there is great suffering there and danger to life. The Tilda, which is chartered by the United States, was sent to the Morganza last evening, and will co-operate with the State boats in rescuing the people whenever necessary, and in trying to keep up the remaining levees. Most of the people in the flooded district have skiffs or boats. The chief work of the steamers will be rescuing them from these skiffs and to bring them to safe quarters.

MARTIAL LAW FOR BERLIN.

Emperor William to Call Out the Military on May 1.

BERLIN, April 24.—Emperor William has determined to take a radical course regarding the proposed demonstrations on May 1.

Having been informed that the Socialists had laid plans for concerted action on that day, he has decided to have recourse to the most stringent preventive measures. Fifty halls that have already been rented by labor organizations will be closed on May 1. All liquor saloons and beer sellers will be compelled to close their doors, and strong guards will bar the entrances.

Street gatherings are forbidden, and those disobeying the order will be placed under arrest. In fact, Berlin will be declared in a state of siege for one day, as bloodshed is feared by the authorities.

Battle Between French and Dahomians.

PARIS, April 24.—Advices from Lagos state that the French garrison at Porto Novo having learned that the Dahomians were advancing upon the place, marched out to meet the enemy. The Dahomian troops were moving to the assault of Porto Novo when the opposing forces became engaged. The battle which ensued lasted two hours, and resulted in the killing of 500 of the Dahomians and the wounding of 50 Frenchmen. No French soldiers are reported as having been killed.

Morley's Speech.

LONDON, April 24.—In a speech at Rochdale last night Mr. John Morley gave several reasons for his opposition to the Land Purchase bill. Among them he objected to debarring tenants from free combination and also objected to Ireland being made for many years a debtor to the country without the assistance of the only men entitled to speak in her behalf.

The Majestic's Fast Run.

QUEENSTOWN, April 24.—The steamship Majestic, of the White Star line, which left New York April 16, on her maiden eastward-bound trip, has arrived here 6 days, 8 hours and 58 minutes out. The ship's log shows her daily runs to have been as follows: 342, 434, 331, 448, 437, 442, 347 miles.

Offended the Pope.

ROME, April 24.—It is said that Cardinal San Felice, Archbishop of Naples, has grievously offended the Pope and has been notified of his removal from his see. He will be succeeded by Mgr. Agliardi now Papal Nuncio at Munich.

Money for German Catholics.

BERLIN, April 24.—The Government's Sperrgeseitz bill in the Landtag gives the Catholics the benefit of 3½ per cent. interest on 16,000,000 marks, which have been confiscated since 1875.

TRAGEDY IN AN ASYLUM.

A Woman Pounded to Death by Her Companion.

PROVIDENCE, R. I., April 24. — The State institution at Cranston was last night the scene of another tragedy, Mary McCarthy losing her life at the hands of Catherine Hanley.

The assault occurred in the old women's ward at 11 o'clock. Mrs. Norton, the night watch, arrived in time to see the McCarthy woman being assisted to a closet where she vomited blood. On being placed back in bed she died. Before dying she said that Catherine Hanley, who slept in the cot next to her, "had pounded and murdered her."

HER BODY FOUND.

Florence Lillian Peterson Met Her Death by Drowning.

JAMESTOWN, N. Y., April 24.—The body of Florence Lillian Peterson, who mysteriously disappeared from her home on the evening of March 24, was found in the creek a short distance from her parent's home last night.

There is considerable excitement about town and some talk of foul play.

The body was badly disfigured. A post-mortem examination was made and indicated that the girl met her death by drowning. An inquest will be held April 28.

Conference of Appraisers.

NEW YORK, April 24.—Appraisers Cooper of New York, Leach of Philadelphia, Metcalf of St. Louis, Kimble of Detroit, Leavy of San Francisco and Dodge of Boston, have been holding a conference here for three weeks. The conference was for the purpose of considering certain protests and appeals by merchants and others in regard to classifications of imports at the various ports; also to harmonize differences of opinion or methods that existed among the appraising officers as to valuations, classification, etc.

J.; Mrs. Sewell, of Indianapolis, Ind.; Mrs. Mary Mumford, of Philadelphia; Mrs. Robinson, of Malden, Mass., and Mrs. Wausett, of Milwaukee, Wis.

W. Chambers of Rochester, grand trustees. The next meeting will be at Binghamton in April, 1891.

Suicide in a Hotel.

NEW YORK, April 24.—A young man who registered at the Putnam House as James Young, of Newark, was found dead in bed by the hotel porter, and a half emptied bottle of laudanum beside the bed showed that the man had committed suicide. He was about 25 years old. He went to his room immediately after registering, about 9 p. m. As he did not make his appearance in the morning the door was broken open and he was found dead. The body was removed to the morgue.

Hunting for Jail Breakers.

MORRISTOWN, N. J., April 24.—The Sheriff and his deputies are scouring the country in search of four short-term prisoners who escaped from the County Jail. They had been allowed the privilege of the corridor and made their escape by climbing through a ventilator. Harvey Cole, who is awaiting trial on a charge of murder, refused to accompany them.

No Trouble Expected on the Central.

NEW YORK, April 24.—President Depew of the New York Central and Hudson River Railroad said that there would be no trouble between the railroad company and the men and said that if there were any differences existing between them they would be amicably settled before resort was had to a strike.

PITTSBURG IS NERVOUS TO-DAY.

The Supreme Council of Federation to Decide About Ordering a Strike.

The Carpenters' Strike at Chicago Unchanged—No Trouble Expected on the New York Central Road—Cigarmakers Win a Strike—Granite Cutters Make a Demand—The Deadlock at Boston.

POTTSVILLE, Pa., April 24.—Another determined effort was made here to organize the 25,000 miners of the anthracite coal fields of Pennsylvania, and although it had to be done with closed doors and in the most profound secrecy, the object for which the delegates assembled was carried out very successfully, but the men did it at the peril of their jobs. The miners and laborers have now perfected a new organization called the Workingmen's Protective Association of the Anthracite Region, which is to admit to membership all classes of mine and railroad labor.

The Reading Railroad Company and mine owners are determined that the new union shall not succeed and the most stringent measures will doubtless be adopted and it may lead to early and serious trouble. The 25,000 half starved miners and laborers are determined to stand by each other and this new movement, with arbitration as their watchword and objection to strikes as the basis of their law.

The men claim that coal is here by the million tons and that it ought to be mined at fair wages, and it can be sold at reasonable profit much below the existing card rates.

In view of the deplorable condition of the miners they are in a desperate mood, especially since the recent discharge of the delegates to the new union.

PITTSBURG IS NERVOUS.

The Federation Will Decide on a Railroad Strike To-Day.

PITTSBURG, Pa., April 24. — Grand Master Wilkson, Vice Grand Master Downey and the several big guns of the Railroad Federation now in this have announced that this is their last day. After this time they will not deal with the railroads, but will transfer the whole matter to the executive council.

The yard switchmen, the original cause of the difficulty, are more persistent than ever in their demands, backed as they now are by the thousands of men in other branches of the Railroad Federation who have joined them.

The entire city is nervous, as a railroad strike in Pittsburg is far more ominous than a strike in a city twice its size. Leaders say there will hardly be a strike before a few days, as the Executive Council of the Federation will require some time to fully comprehend or, rather, weigh the situation.

The men presented their final proposition to the railroads. The companies refused to accede to their demands, and the men refused to agree to the compromise offered by the roads.

This stops all negotiations The Supreme Council of the Federation will decide this evening whether a strike will be ordered or the terms of the railroads accepted.

Carpenters' Strike Unchanged.

CHICAGO, April 24.—The Boss Builders and Carpenters' Association, composed of contractors who are willing to concede the demands of the striking carpenters, now numbers nearly 400 members and claims to be able to give employment to 4,200 men. As the carpenters do not believe that this association is as strong as it claims to be, negotiations for the present are off and the strike may last two months longer.

Victory for New York Cigarmakers.

NEW YORK, April 24.—The cigarmakers employed in the factory of Kauffman Brothers & Bondy have won their strike for an increase of wages. The employes obtained an increase of from 50 cents to $1 and $1.60 per thousand cigars. The firm also promised to do away with the tenement house system.

The Strike at Nashua.

NASHUA, N. H., April 24.—The strike at the Jackson Company's mills is still on and there is no prospect of immediate settlement. The mills are closed, and 800 operatives are idle. Should there be no settlement in a few days many will look for work elsewhere.

Four Dollars Per Day and Nine Hours.

NEW YORK, April 24.—The Granite Cutters' Union notified all heads of city departments that hereafter Union Granite Cutters will request $4 per day, nine hours to constitute a day's work five days in the week, and eight on Saturday.

Refused the Nine-Hour Demand.

QUINCY, Mass., April 24.—The demand of the granite quarrymen for nine hours and more pay has been refused, and the men will probably strike May 1.

Porters' Strike Rapidly Spreading.

CORK, April 24.—The railway porters' strike is rapidly spreading and assuming a very serious aspect. Traffic is being hampered in all directions.

Used Tobacco for 100 Years.

MT. VERNON, Ky., April 24.—William Reynolds died at Pine Hill, this county, of old age. He was born in Hawkins County, Tenn, in 1779, and was therefor 110 years old at his death. He moved to this State 75 years ago. He had been a user of tobacco and a moderate drinker for nearly 100 years.

Don't hawk, hawk, blow, spit and disgust everybody with your offensive breath, but use Dr. Sage's Catarrh Remedy and end it 50 cts., by druggists.

PARTICULAR MENTION.

Mr. Asa Vail of Peace street, is said to be lying dangerously ill.

Mrs. George L. VanEmburgh is visiting her sister at Greenwood Lake, for a few weeks.

The many friends of Mrs. Elias Mosher of East Fourth street, will be glad to learn that she is recovering from her recent serious illness.

The members of the congregation of the M. E., church in Westfield, tendered their new pastor a reception in the church parlors, last evening. It was a very cordial and enthusiastic affair.

Mr. Ira Vail died at his home in Evona, this morning, after a week's illness of inflammation of the bowels. He is a brother of Frank W. Vail of this city. He leaves one son, Edward Vail, formerly with Smith & Rockwell.

Millard F. Ross, son of ex-Congressman Miles Ross of New Brunswick, N. J., was married last evening to Miss Mary E. Dixon, daughter of Justice Johnathan Dixon, of the Supreme Court. There were over 700 cards of invitation to the reception. Among those present was Gov. Abbett.

Mr. H. B. Newhall was reelected Superintendent, Mr. H. O. Newman, Assistant, and Wm. H. Sebring, Secretary, of the Crescent Avenue Sunday school, at the annual meeting last evening. Mr Townsend Rushmore resigned his office as Treasurer, but no one was found willing to serve in his place.

Mr. Rudolph Hering, the City's Supervising Engineer, is in Plainfield today. He is being conducted by Mr. Charles K. Moore, who is building the water works, on a tour of inspection of the work and plans already completed or under consideration.

Young Mr. Waring's condition is better today, and now no danger is feared except the possible setting in of inflammation. The accident was of the same nature as young VanBuren's, but the result was not the same. In the latter's case there was a hemorrhage on the brain, while in the present case there is merely a severe contusion.

Death of David C. Smith.

At the home of his son Mr. Charles H. Smith on Church street, at about seven o'clock this morning, occurred the death of Mr. David C. Smith, in the 85th year of his age. Mr. Smith has been a resident of this city for many years past, and has always been held in high esteem by those who knew him. Of late he has been taking care of Mr. John Chandler's unoccupied house on East Third street, sleeping there nights. This morning he arose as usual, and between five and six o'clock called at his son's residence, where he was later found sitting on a bench at the side of the house, complaining of feeling unwell. He was assisted into the house, and Dr. Griffen was immediately summoned, but the patient died soon afterward.

Mr. Smith leaves a family consisting of two sons and six daughters. Heart failure and old age is assigned as the cause of death.

All for Carey and None for Lynch.

By the way, why don't the parlor circle politicians express some of their indignation for Officer Lynch, and salve with $15 the outrageous wounds inflicted upon *him?* If there is but little doubt that Carey has been treated unjustly, then there is none concerning Lynch's case.

Carey was suspended for the use of profane and obscene language, and nobody doubts his guilt. But Lynch claims to have been charged with one offence, tried on another, and suspended for something else.

The Press respectfully submits, that the "representative citizens" may be as indignant as they please, for that is simply amusing; but they should not be biased for Carey, as that is unjust to Lynch.

To-Night's Prize Contest.

The oratorical contest which is to take place in Reform Hall, to-night, by a class of gold medal winners, promises to be an interesting affair. The contest will be for a prize offered by the Woman's Temperance Aid Society of this city, and competent judges will be present and decide upon the merits of the several orators. Tickets of invitation have been generously distributed, and the hall will doubtless be well filled.

A Quiet Home Wedding.

At the residence of the bride's parents on Manning avenue, North Plainfield, last evening, occurred the marriage of Mr. Joseph F. Shultise of New Brunswick and Miss Cornelia A. Goodwin, daughter of Mr. and Mrs. John A. Goodwin. The ceremony was performed by Mr. J. B. Cleaver in the presence of a few of the relatives and near friends of the bride and groom. The bride was the recipient of a number of handsome gifts.

Just Out of Jail One Day.

Police Captain Grant yesterday afternoon took Christopher Kunzman to Elizabeth to serve out a twenty days' sentence for disorderly conduct. He was arrested by Officer Sliter on Tuesday. The man is a resident of Stoney Hill, where he has a wife and several children living.

It is said that he had just completed a term in prison, and was only liberated on Monday of this week.

Echoes of the Miller Case.

(From the Central Times.)

Our hustling young daily contemporary, *The Press*, is in danger, we fear, of getting rattled. It has begun to insinuate that there can be no authority in a liquor ordinance for saying when a barroom shall be closed. That at least seems to be the meaning of the peculiar English of this paragraph which recently appeared in that paper.

"Is the common council invested with any right or power to regulate and restrict when a man may open and must close his kitchen, parlor or even barroom?"

A writer must certainly be getting rattled when he talks in such a strain as that. License laws are in their very nature restrictive, and can provide such regulations as to the hours of opening and closing barrooms as the law makers may direct. The paragrapher gets more and more confused as he proceeds, and closes his article with a statement that makes a perfect muddle of a few remarks that the Times recently indulged in. It says:

"In view of the fact—and it is a fact—that the council have no power to regulate and restrict the closing and opening of a man's doors, the Central Times is proven to be as dishonest as it is silly in saying that in arresting Miller for standing inside of his barroom door with three councilmen at 12 o'clock, Carey was merely carrying out President Moffett's orders to 'ferret out illicit sellers.'"

The Times has said nothing about "President Moffett's orders," and consequently nothing about Carey's carrying them out. It spoke of Mr. Moffett's criticisms of Mr. Carey last year for not detecting illicit liquor sellers, and suggested that it was these criticisms which undoubtedly stimulated Mr. Carey to go to the utmost limit in involving Mr. Miller and Mr. Moffett in at least an apparent violation of the liquor law. The Times even went so far as to say that it did not believe Mr. Miller or the three Councilmen intended to violate the law, and intimated that it would not have advised the Chief to have arrested Mr. Miller, under the circumstances.

It is the spirit of a law and not its letter that the stress should always be placed upon, and we do not think the intent of the liquor law is violated if a barkeeper steps into his barroom after legal hours, for a moment, turns on the light and gets a glass of sarsaparilla or a cigar for a friend. But all the same, if a police officer sees such a place lighted up after hours, it is his business to put in an appearance and see what is going on. That is one of the things a policeman is for.

A Novelty in Entertainments.

The Young Daughters of the King will give an entertainment in Holy Cross chapel, next Saturday at 4 P. M., which will be a novelty in this city. In one half of the programme there is to be music, vocal and instrumental, tableaux and recitations, while the second part will present a Kinder Symphony, in which the most delightful music is produced by children's instruments in the hands of some thirty young people, attired in pretty costumes and under the leadership of Mr. A. T. Newman of New York.

The patronesses of the entertainment are: Mrs. C. J. Taggart, Mrs. M. I. Cooley, Mrs. Ed. St. John, Mrs. S. St. J. McCutchen, Mrs. M. S. Taylor, Mrs. H. McGee, Mrs. E. J. Waring, Mrs. R. S. Miller, Mrs. Chas. Horn, Mrs. E. A. Faber, Mrs. Robert Cook, Mrs. H. R. Munger, Mrs. A. VanDeventer, Mrs. B. J. Shreve, Mrs. J. Clapp, Mrs. C. H. Meade, Mrs. D. Thompson, Mrs. H. B. Wells, Mrs. J. J. Henderson, Miss May Taylor, Miss Adelaide McGee, Mrs. A. W. Haviland.

Home Again.

Mr. B. B. Newton, who has been missing since early Monday morning, has returned to his sister's home. He took the 5:38 train to New York on Monday morning and has been ever since at Smith & McNeill's Hotel near Washington Market, New York. He seems to be in about the same condition of health as before he went away.

Mrs. Susan Johnson, the janitress at the railroad station, saw him and talked with him Monday morning, and gave Mr. Goddard information last evening which showed that he had surely gone to New York. This morning Mrs. Goddard received a letter from Mr. Newton dated at the hotel mentioned, and that led to his return at about noon today.

Mr. Newton's friends wish to express their great obligations and gratitude to a great many friends and neighbors who have offered help and sympathy under the trying circumstances of the last few days.

After the Tax Delinquents.

Justice V. W. Nash is again waging war upon the delinquent taxpayers. Some of those whom he visits complain bitterly against paying their back taxes, but in all instances satisfactory arrangements are made for the payment of the same. On Tuesday he visited a family on West Seventh street, who were about to remove into North Plainfield, and he was ordered out of the house.

Prosperous Wetumpka.

Wetumpka Lodge, 3401, Knights of Honor, has never stopped growing. It initiated a candidate and had eleven propositions at its meeting last Thursday evening.

It will visit Brooklyn City Lodge on Tuesday evening, April 29. Members in Plainfield will take the 6:54 P. M., train, and meet with New York delegation at 7:30, on the New York side.

Fined $2 For Beating His Wife.

Mrs John Scott, a colored woman who resides at the corner of Fourth street and Plainfield avenue, lodged a complaint with Captain Grant last evening, charging her husband with beating her. Capt. Grant went to the place but as soon as Scott saw the officer he "skipped." Officers Giesse and Laine, however, arrested the man later in the evening, and this morning before the City Judge he pleaded guilty to the charge, and paid a three dollar fine.

Mrs. Scott requested the officers to keep the matter out of the papers, and on this account only brief mention is made of it.

For nearly half a century Ayer's Cherry Pectoral has been the most popular cough remedy in the world. The constantly increasing demand for this remedy proves it to be the very best specific for colds, coughs, and all diseases of the throat and lungs.

The Voice of the Press in 1836.

The *Union*, a paper published in this city March 9, 1837, printed an account of a great sickness in Europe, principally in Sweden. Nearly 20,000 people had been, or were sick, and the mortality was very great. The disease spread to London in December, 1836, and there were thousands of cases, 130 clerks in the Bank of England were sick, and 150 deaths occurred in the Naval Hospital at Greenwich. The symptoms described were the same as in the epidemic of 1889-90, and was styled a kind of influenza. The paper states that it was called La Grippe in Europe.

This same paper in giving news from New Jersey, states that a branch post office had been established in Elizabethport and Thos. R. Wood was appointed postmaster.

Board in Plainfield was advertised at $2.25 per week.

The New Jersey Railroad anounced the fact that it had reached New Brunswick from New York, and would run four trains per day; fare to Elizabethtown 50 cents. A stage ran from Elizabeth to Plainfield.

Progress of the Tournament.

The Nameless team of Westfield, and the Elizabeth team, bowled two games in the Central Tournament, in the latter's alleys, last evening. Elizabeth won both by scores of 845 and 836, to 819 and 796 respectively.

The even bowling of the Elizabeth team in both games, was remarkable. The first frames of their games were 75 and 79; the second 160 and 162, and so on to the finishes only nine pins different.

The record in the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	19	3	864
Crescent of Plainfield	13	9	591
Monday of Westfield	11	9	550
Fanwood of Fanwood	10	10	500
Nameless of Westfield	10	12	455
Olympic of Plainfield	10	12	455
Somerset of Somerville	3	21	125

Let's Hear From Them.

Policeman Carey's mouth organ toots this discordant appeal: "People are eager to hear from our citizen's committee. Justice demands that some action be taken to right the wrong and protect our city."

Who are "our" citizens? What committee have the citizens of Plainfield appointed? From what is "our" city to be protected and how?

There is already a self appointed coterie of indignant politicians engaged in resolving how the councilmen elected by the people, shall conduct themselves. If the city is to be protected from anything, just now, it is another such busy-body organization as the quoted appeal above intimates is in existence.

But if "our" citizens really have a committee, by all means let's hear from them.

Plainfield's Pure Drinking Water.

Messrs Stillwell & Gladding, the celebrated analytical and consulting chemists of New York, who never put their names to aught not absolutely true, and in implicit good faith, have certified to the following as the analysis of the water taken from the wells now being sunk for the Water Works Company of Plainfield:

	GRAINS TO GALL.
Total solids	8.86
Chlorine	0.44
Free Ammonia	0.001
Albumenoid Ammonia	0.0058

A pure drinking water.

(Signed) STILLWELL & GLADDING.

Eloped With a Pair of Livers.

A party of seven Italians entered Mr. Geo. Moore's butcher shop on North avenue, Tuesday evening, and after purchasing a quantity of meat, one of them walked off with two beef livers, valued at fifty cents each. The men were followed to the railroad station, where Officers Sliter and Hope apprehended them and demanded pay for the livers. Payment was promptly made and the dagoes were allowed to proceed on their way.

On a Tour of Inquiry.

Captain Grant and a PRESS representative yesterday afternoon made a tour of inquiry through the Short Hills and on the outskirts of Westfield, in the hope of gaining some information concerning the whereabouts of Mr. Benjamin B. Newton, who disappeared from this city on Monday morning.

Cycling Notes.

(From the Elizabeth Journal.)

The N. J. Division meet at Plainfield next month is a topic that is engaging the attention of wheelmen just now. The arrangements are being completed and the board of officers and committee are busy getting matters into shape for the event.

A programme that will be a work of art and serve as a souvenir of the occasion is being prepared. It will be a volume of forty pages, enclosed in a handsome photo-engraved cover printed in colors.

It will contain a complete account of what is to be done at the meet, besides a description of the various points of interest about Plainfield and a lot of information regarding railroads, time-tables, fares, hotel accommodations and other items that would serve as a guide to the visiting wheelmen.

A monster theatre party is to be given on Decoration Day eve. It is expected that over 2,500 persons will be in attendance. A block of seats will be on sale in this city, and there is not the slightest doubt but that they will all be taken.

The races that are to occur on the last day of the meet have not yet been decided upon. They will, however, in all probability comprise nine district championships.

The committee having the great century run to Philadelphia in charge met at the house of the Riverside Wheelmen in New York Tuesday night. Captains Rommell and Martin, of the Atlanta and Plainfield clubs, were among those in attendance. The run will be made on June 14, and the start from the Continental hotel, Newark. It is expected that nearly 500 cyclers will participate. A prize will be given to the club having the largest number of men in the run.

Fanwood Items.

By Saturday night the county road will have had its last course of stone and then all that remains to be done is trimming up the sides in places. Then when the "connecting link" from Terrell road to Richmond street is put in good repair, there will be a drive way of over seven miles, as fine as any in the State, and a credit to the county.

Mr. Chas. Richardson's pretty and unique cottage is nearing completion, also Baker & Mead's store which he is building and which will be an acquisition to Fanwood.

On Trial for Stealing Chickens.

Wm. Carkhuff was put on trial in the Somerset County Courts on Tuesday, for stealing chickens from John Long of Warren township and disposing of the same to a butcher on North avenue, this city The indictment was for grand larceny, but after the State's evidence had been put in Carkhuff pleaded guilty of petit larceny, and the plea was accepted.

The chickens were stolen from a brother of Dr. M. B. Long of this city, and they were a big lot of choice Wyandotts and other fine breeds of fowls.

Wanted by the Somerville Authorities.

Station Agent J. A. Haynes received a telegram from Somerville, yesterday afternoon telling him to be on the lookout for a man who had boarded at Somerville the train due here at 1:46 P. M. Captain Grant was notified and when the train reached this city, he went through the cars, but did not find the man wanted. It was subsequently ascertained that the man got off the train at Bound Brook.

Somerset County's School Tax.

The State Board of Education has apportioned the school tax in the various counties. Somerset will pay to the State $52,591.03 and will receive for school purposes $52,017.07, or $7.04 per capita. Thus it will be seen that Somerset county pays more school tax to the State than it will receive for school purposes. This county pays $90,210.57, and gets back $94,521.50.

A $35,000 Church for Scotch Plains.

The New Brunswick *Home News* in an editorial, yesterday, says:

"The money left by miser Lee to the Scotch Plains Baptist church is to be used in erecting there a handsome place of worship, to cost $35,000. That is a good deal of money to expend for a village church, which will be occupied for a few hours about once a week."

A Regulator.

A few HAMBURG FIGS will cure the worst cases of indigestion, etc., and their occasional use will prevent the recurrence of these troubles. 25 cents. Dose, one fig. Mack Drug Co., N. Y. For sale by J. G. Miller.

Vaudeville at The Amphion.

Arrangements have been completed for the opening of Amphion Hall, West Second street, as a first-class place of amusement, and with its new scenery and stage settings, there will be inaugurated a short season of refined vaudeville, Monday, May 5. The proceeds are to be devoted to one of the local organizations.

Mr. Ed. Marble, who so successfully carried the Crescent League and Rutgers College to success in their late minstrel entertainments, has been intrusted with the selection of the company, which is known as the "Australian Folly Troupe," and includes many well known comedians, specialists, singers, dancers, gymnasts, banjoists, etc. Mr. Marble's experience should be a sufficient guarantee as to the quality of the entertainment. Popular prices will prevail.

Valvular Disease of Heart.

DR. FLINT'S REMEDY, in cases of chronic valvular disease of the heart, should be used to remove the affection and abolish the pain which is felt with or without muscular exertion. Descriptive treatise with each bottle; or address Mack Drug Co., N. Y. For sale by J. G. Miller.

—One result of the recent revival among the colored people of the city, will be the baptism of about twenty in the Park Avenue Baptist church, next Sunday afternoon, at four o'clock.

—A raffle accompanied with much excitement, took place at Goff's saloon, corner of Third and Liberty streets, last evening. A delegation of young men came up from Elizabeth to attend the raffle.

Catarrh

IS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of **Ayer's Sarsaparilla**—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

Two More Great Bargain Weeks in Shoes.

OUR new goods are coming in so fast, and so many of them, we can readily see we will not have room for them. We have gone all through the stock bought of Mr. Randolph, and have concluded to sell off all that stock at a great reduction *THIS WEEK AND NEXT*. We have marked them all down something like this:

We have a few Ladies' shoes left in E. C. Burt's and McComber's; sizes 2½, 3, 3½ and 4, A wide, marked down from $5.00, $6.00 and $7.00, to $1.50.

LADIES' KID SHOES,		$1.00.	Former price,		$2.00.
"	"	$1.50.	"	"	$2.50.
"	"	$2.00.	"	"	$3.50.
GENT'S		80c.	"	"	$1.50.
"		$2.00.	"	"	$3.50.
"		$3.00.	"	"	$5.00.
"		$3.50.	"	"	$6.00.

We have the above shoes in all sizes with the exception of McComber's, and Burt's. This will be the greatest sale for BARGAIN SEEKERS that PLAINFIELD EVER SAW!

While you are here, look at our SLIPPERS and TIES for Ladies; also our $2.50 and $3.00 SHOES, made especially for us. This sale will commence

Wednesday, April 23, and Continue Until May 3.

TRY US ON REPAIRING.—We don't promise to make old shoes new, but we can and do make them almost as good as new, and give them a new lease of life. Many people do not have shoes repaired because they have a mistaken idea they look botchy and clumsy; but such is not the case with us, for we put in the finest leather that can be bought, and done by one of the best shoemakers in the State.

HOMELESS FAMILIES

Whites and Blacks Huddled Together on Knolls.

MORE LEVEES ARE BREAKING.

Over $20,000,000 Worth of Property Will Be Ruined.

Relief Steamers Gathering in the Refugees—Many Persons Believed to Have Perished—Several Narrow Escapes—Thousands of Cattle Drowned—Every Plantation in Pointe Coupee Flooded.

NEW ORLEANS, April 25.—The Point Pleasant levee, Tensas Parish, 23 miles below Vicksburg, broke last evening. It was a very important levee. Most of Tensas Parish will doubtless be flooded.

Superintendent Grant of the Texas & Pacific road says that $20,000,000 worth of property will be irretrievably damaged by the break in the Morganza levee. The people ought to have spent $500,000 in saving the levee rather than let it break and then make a great fuss about sending relief.

Every plantation in Pointe Coupee Parish has been flooded from the Bayou Sara break. Hundreds of families are homeless. All the levees are broken. Thousands of cattle have been drowned. It is probable that many persons in the interior have perished.

The relief steamer Dacotah found groups of scores of people, whites and blacks, some with babies in their arms. They were huddled on knolls between the broken levees. The steamer gathered them in. Many starving cattle were passed.

A family named Luke, consisting of fifteen persons, were rescued by the Dacotah. They owned a large plantation, a well-filled store and 100 head of stock. A crevasse sixty feet wide occurred right in front of their house and the flood destroyed all their property. The family narrowly escaped, but managed to reach the levee above the break. Many similar tales are heard.

When the Dacotah reached Bayou Sara she had 1,000 head of cattle and 500 people aboard. After landing them she started on another relief trip.

President Glynn, of the Police Jury, says thirteen parishes will be overflowed in that district.

THIEVES SETTING FIRES.

The Torch Applied in a Dozen Different Places Out of Revenge.

MOORESTOWN, N. J., April 25.—The recent criminal prosecutions against the timber thieves who have been robbing some of the most valuable tracts in Burlington, County, has resulted pretty much as the owners expected.

Fires were started yesterday in a dozen different places on Gen. John S. Quick's three thousand acre tract in Southampton, and in a very short time a big forest fire was raging.

There has been no rain in that section for weeks, and the underbrush was as dry as tinder, so that the flames spread rapidly.

Couriers were sent in all directions to bring out the men to help fight the fire, which by midnight was beyond control. Backing fire was resorted to with good results in several instances, but occasionally these fires would break away and do great damage.

The fire fighters worked all night long, and by this morning were utterly worn out.

Several houses on the tract that were occupied by the woodmen were destroyed, and the occupants were forced to flee for their lives without being able to save any of their personal belongings. Joseph Hinchman, J. Bowker and J. Ballinger have lost heavily. Large quantities of cord wood were destroyed.

DALY BEATEN.

Frank White Whips the New Brunswick "Kik" in Twelve Rounds.

NEW YORK, April 25.—Frank White, ex-champion lightweight of America, and Pete Daly, the St. John, N. B. "kid," fought twelve rounds near Woodbridge Junction, N. J.

The fight was for a purse of $200 and $500 on a side bet. White done most of the leading and had the best of the fighting from the start. That Daly was clearly outclassed was evident to every one; but it took twelve rounds to convince him of it. Then he refused to answer the call of time for another round and the fight was awarded to White who showed but little signs of punishment. A large number of New York club men witnessed the mill.

Tragedy in a Gypsie Camp.

MORRISVILLE, N. J., April 25.—Noah Palmer, aged 70 years, a member of a band of gypsies encamped here, and who had been on a protracted "spree" shot his wife, killing her instantly in a quarrel. He then attempted to shoot his daughter who was sleeping alongside her mother, but failed, the bullet going through the tent; he then turned the pistol on himself and shot himself in the back of the head inflicting a wound from which the doctors say he cannot recover. All the parties in the encampment are in the charge of the police.

Restricting Coal Production.

NEW YORK, April 25.—The sales agents of the six great coal companies met and decided to restrict the production for May to 2,500,000 tons. No action was taken toward advancing prices.

Ex-Judge Beardsley Dies Suddenly.

BRIDGEPORT, Conn., April 25.—Sidney B. Beardsley of this city, an ex-judge of the Supreme Court of this State, died suddenly last night from pulmonary apoplexy, at the age of 67 years.

KILLED BY FALLING WALLS.

Terrible Result of an Explosion of Vitriol at a Fire in a Silk Mill.

CATASAUQUA, Pa., April 25.—A fire in the Unicorn Silk Manufacturing Company's mill at this place was followed by an explosion of vitriol and acid which destroyed the walls of the building and buried many of the firemen in the ruins. The fire was burning twenty minutes before help reached the mill, and with the crude apparatus at hand little could be done to check the advance of the flames.

The firemen worked hard to save the engine house and store rooms, and it was while engaged there that the explosion occurred. Immediately after the explosion the workmen turned their attention to their buried friends, and the following men were found to have been killed:

John Good, killed by the falling wall; Joseph Lodigana, Italian, boss dyer, crushed by the wall; Ulysses Everett and Charles Frick.

Two others were killed whose bodies have not been recovered.

The injured are: George Pfaff, Wm. Price, Michael Moran, Wm. Fenstermacher, Thomas James, George Fenchel, Peter Derhammer and 12 others.

The fire was probably caused by spontaneous combustion in one of the packing rooms. The total loss on the building will reach over $100,000; partly insured.

The works were conducted by the Unicorn Silk Manufacturing Company, of which John F. Degener of New York is president, William Kruse of New York secretary and Frank Hoffbauer of New York treasurer. The loss on the building, stock and machinery will reach $300,000.

'FRISCO SHAKEN.

The Severest Earthquake Shock Felt There Since 1868.

SAN FRANCISCO, April 25.—The severest shock of earthquake experienced here since 1868 was felt in this city and neighboring localities a little after 3:30 o'clock a. m. The buildings were shaken perceptibly and persons aroused from their sleep, and plastering fell from the walls in places.

Similar phenomena are reported from interior towns for about fifty miles north of San Francisco and a hundred miles south. The longest shock lasted about twenty seconds. At Watsonville the railroad bridge was displaced and trains delayed. At San Juan the convent wall was thrown out, but ninety children, who were in the building, were rescued without injury. The loss is estimated at $10,000.

The vibrations were from north to south.

Kemmler's Last Day Near.

AUBURN, N. Y., April 25.—Out of the twelve hundred convicts in Auburn prison the coming fate of the condemned murderer Kemmler affects that one who is to die by electricity the least of all. He displays no nervousness, and in fact is less troubled than those who are to conduct the electro-execution. He is really allowed more liberty than has been stated, and his chief source of amusement is to jump into his cell window, which is about four feet above the floor, and gaze at the crowd passing along the street in front of the prison gate. His cell faces the street, and he has a good view from the window without being seen by passers-by.

Enforcing the Prohibitory Law.

AUGUSTA, Me., April 25.—At the State convention of Good Templars the committee on prohibitory law reported in part that though the saloon was the plague of the past, secret dens of vice are carried on in the larger cities owing to the unfaithfulness of local executive officers. This neglect, the committee says, has brought scandal on the prohibitory law and on the State. The convention adopted a resolution looking to a more impartial enforcement of the law.

Seeking Funds to Fight Infidelity.

PITTSBURG, April 25.—Rev. S. R. Long, a Methodist missionary in Burmah, is here raising money to buy a printing press. He says: "Bob" Ingersoll's words have been translated into Burmese, and the Brahman priests are using them to show the people that Christianity is a fraud. Mr. Long wants to print the Bible in Burmese as an antidote to Ingersoll.

Freight Cars Wrecked.

GREENSBURG, Pa., April 25.—An eastbound freight train broke in two at the Southwest Junction and ran together again, smashing from twenty to twenty-five cars loaded with merchandise and slightly injuring one of the brakemen. The wrecked cars were thrown over an embankment seventy-five feet high.

Not Eyraud's Body.

NEW YORK, April 25.—The French Consul, accompanied by two persons who knew Eyraud, the murderer, when he was in this city, went to Staten Island and viewed the body of the suicide which the coroner has thought might be that of Eyraud. It was at once seen that the body was not Eyraud's. It is that of a much smaller man, and the features bear only a slight resemblance to those of the murderer. The body will be interred at once.

A Murderer Claims He is Innocent.

CONCORD, N. H., April 25.—James Palmer, the murderer of Henry T. Whitehouse, who is to be hanged next Thursday, continues to protest his innocence with an earnestness that is beginning to attract attention if nothing more. The general feeling here is that Palmer is guilty, but many believe that the government case was a very weak one.

Fatal Explosion.

PITTSBURG, Pa., April 25.—The boiler of an oil well at Crafton exploded, fatally scalding John Kimble, a driller, and seriously injuring John Caldwell and an unknown man. The explosion wrecked the derrick.

BIG STRIKE COMING

Chicago's Industries May be Paralyzed Next Week.

FULLY 100,000 MEN WILL GO OUT.

A Monster Demonstration Has Been Arranged for May 1.

Labor Leaders See No Means to Avert the Disaster—Recognition of Unions and Eight Hours a Day the Demand—The Trouble at Nashua Settled—Philadelphia Carpenters Restless.

CHICAGO, April 25.—It is now estimated that over 100,000 idle men will be on strike here next Thursday. Indeed, some place the figure at twice that number.

How long they may be out no one can tell, but it now looks as though the strike will be the most extensive this city has ever known. Nearly every organized union in the building trades will strike unless their demands for the eight hour day and official recognition of their unions is acceded to.

About $300,000 per week is being lost in consequence of the strike of 7,000 carpenters. The men are well organized, with the exception of some 12,000 at the stock yards.

The monster demonstration which has been arranged for May 1, as an expression of sentiment only, may turn into the beginning of a strike which the ablest of the leaders will be powerless to direct, much less control. The original plan of the May Day parade was that all except the carpenters should return to work on May 2. Today no one can predict what any trade will do. The chances are that most of them will declare themselves on strike. This would mean utter stoppage of half or even a greater proportion of the business of the city, and at present the local leaders see no means to avert such a disaster.

Zola's Idea of Labor Troubles.

PARIS, April 25.—Zola is out with a statement of his opinion of the agitation now in progress among the working classes, in the study of whom he has spent most of his life. He considers that the May-day movement is simply a premonitory sign of a universal crisis which is bound to be reached soon in the relations of the classes and the masses. He advises those who are in power to watch the progress of the movement closely, and to use every means to insure a peaceful revolution.

Philadelphia Carpenters Will Strike.

PHILADELPHIA, Pa., April 25.—The master carpenters have not yet agreed to grant the advance asked for by the journeymen, and it was stated by one of the prominent members connected with the Builders' Exchange that the demand of 35 cents an hour would not be granted. The journeymen have determined that unless the advance asked for is made they will institute a strike on May 1.

Working for a Nine-Hour Day.

BUFFALO, N. Y., April 25.—The District Council of the United Brotherhood of Carpenters and Joiners last night decided to endeavor to secure a nine-hour day for all mill-hands and carpenters. The council will do nothing this year directly toward obtaining an eight-hour day, but if its demand for nine-hours is ignored a strike may be looked for.

Gas Men Strike for More Money.

ELIZABETH, N. J., April 25.—The foreman and all the employes of the Elizabethtown Gas Light Company, after filling the gasometers quit work in accordance with their decision if an increase was denied them. The increase was refused, and now Superintendent Engel is endeavoring to find men to take the places of the strikers.

Strikers Will Return to Work.

NASHUA, N. H., April 25.—At a meeting of the strikers' committee with the Jackson Company all differences were amicably settled, with the understanding that the mills will start up on Monday and 800 employes return to work on the same schedule of rates as when they left work.

NO EX-CONVICT LABOR.

A Stringent Report Regarding Building for the Government.

WASHINGTON, April 25.—The House Committee on Labor authorized the favorable report on a bill forbidding the employment upon any building, house or other structure that belongs to or is being constructed for or by the Government of any person who has been convicted of crime and sentenced to imprisonment in any prison, penitentiary, jail or other penal or reformatory institution and punishing by fine or imprisonment any officer or agent of the United States or any contractor with the Government of the United States or sub-contractor who may violate the provisions of this act.

The committee also authorized a favorable report on a bill making it unlawful for any agent or officer of the United States to purchase supplies for the use of the army or navy, or other Government department, or materials to be used in the erection, construction or completion of public buildings, when the supplies are, in whole or in part, the product of convict labor.

Physicians Undecided.

NEW YORK, April 25.—Several leading physicians held a recent consultation in regard to the illness of Mrs. J. G. Blaine, Jr. Opinion was about equally divided as to whether she would ever recover the use of her limbs. Her general health is slowly improving but she is still confined to her bed.

They were cleaning house at "The Elms," Mr. William Stout's handsome house on East Front street Tuesday, and the carpets were all up, when Mrs. Stout was so unfortunate as to step through one of the register openings and so severely bruise one of her limbs as to be confined to her bed until today.

A Runaway But No Damage.

A horse owned by Manager Sliter of the District Messenger office, left standing on Rockview avenue a little before eleven o'clock this a. m., became frightened and ran away. The animal dashed through Front street, steering clear of all vehicles, and turned into Park avenue, running along that thoroughfare as far as Second street, where he was overtaken by Edward Chirgois and brought to a stand, just in time to prevent a collision with other wagons at that point.

Fortunately no damage resulted from the runaway.

The entertainment to be given to-morrow afternoon at four o'clock in Holy Cross chapel, by the Young Daughters of the King, promises to be one of the most pleasing and novel performances ever held in the city. AN EVENT IN COLORED CIRCLES.

The Choral Society of Mt. Olive Church Give a Concert Dressed in Their Best Suits of Clothes.

There was a vocal and instrumental concert and entertainment, last evening, at the Mount Olive church, given by the colored Baptists and their friends. It was attended by a very large audience, who had a very large time. At the close of the programme, a cake revelry was held in the basement and thoroughly enjoyed by all. Seventy-five dollars was the financial result above all expenses.

The entertainment opened with a march led by Master Harry Kingsland. Then Miss Lydia Laine sang "Her Bright Smiles," in brown silk trimmed with nihil green. Miss Laura Robinson, attired in a handsome embroidered dress, trimmed with pink ribbon and flowers, played a divine waltz on the piano forte; and was followed by Miss Emma Robinson, in pink silk, who captivated all the young men by her singing of that passionate conundrum, "If a body, kiss a body?"

Mrs. William Fisher, who was also dressed in a very handsome pink covered with white lace, sang one of the new songs, "When the Swallows Homeward Fly." A duett by the Misses Green, "Come where the Lilies Grow," was well received. Miss Annie wore black silk, and Miss Josephine white lace. The contrast was most charming.

Other vocalists and instrumentalists were: Miss Ella Doyle in green silk; Miss Amy Manning in blue plush; Mrs. John Randolph in garnet silk; Miss Alice Maynard in a combination suit of light green cashmere, and light green surah; Miss Martin in black silk and black lace; and Messrs Vermeule, Alfred White and Horatio Randolph.

Mr. Charles Mann once more favored the public with his celebrated solo: "The Song That Reached My Heart." He was dressed in his best suit of clothes. There was a recitation by Miss Pettiford, "The Cowboy," dressed in white cashmere with white satin reveres and gores. Mrs. Mahew conducted the affair which was a great success. She wore lavender satin and black lace. The stage manager was Mr. Jones, assisted by Messrs Fisher and Barber.

At the close of the concert, the grand march again led by Master Harry Kingsland, passed down stairs where everyone was welcomed by Mrs. Robinson, the chairman of the committee. A bountiful supper was provided.

Young People's Sociable.

A sociable was held in the lecture room of Trinity Reformed church, last evening, under the auspices of the Young People's Society of Christian Endeavor. The attendance was not large, but an enjoyable time was had by those who participated.

The programme included two recitations by Miss Allen, a violin solo by Mr. Andrew Carpenter, accompanied on the piano by Miss Lottie Connett, and a solo by Miss Fannie Mattison, accompanied by her sister, Miss Nettie.

Mr. H. J. Martin officiated as Master of ceremonies. During the evening refreshments were served.

The success of the entertainment is largely due to the following ladies who constituted the Committee of Arrangements: Miss Emma Gillen, Miss Grace Nevius, Miss Ella Gardner and Mrs. Wm. Oliver.

The First Match Postponed.

The tennis match between the Senior and Junior classes of the High School, was not played today owing to rain. If weather is fair and the court in good condition, the first match will be played on Friday at 4 P. M. The dates for the other matches have not yet been decided upon.

—One of the most celebrated of the College teams is that from Easton which will play the Crescent League's team to-morrow at 3:30. And to-morrow, by the bye, is the date fixed by the Plainfield nine to inaugurate the first of a series of consecutive victories.

THE ORATORICAL CONTEST.

Reform Hall Crowded Last Evening With An Appreciative Audience. Recitations, Music and a Collation—Awarding the Prize.

Reform Hall was crowded to the doors, last evening, by an appreciative audience, gathered there upon invitation, to listen to the grand oratorical contest by gold medal winners, arranged by and given under the auspices of the "Woman's Temperance Aid Society" of this city.

The platform was tastefully and artistically adorned with flowers in full bloom, the same being arranged by Mrs. J. Rounsaville. Mrs. C. F. Woodbury, General Superintendent of "medal contests," presided. The contestants were: Misses Annie Wensting, Grace M. Taylor, Sadie E. Walkley, Kittie Kelsey, Marguerite Cohen, and Carrie Patterson. The Board of Judges consisted of the Rev. Dr. A. H. Lewis, the Rev. T. L. Murphy and the Rev. W. R. Richards.

Judge Nathan Harper made a few preliminary remarks, after which Miss M. A. Maxson rendered a piano solo, and the Rev. E. M. Rodman led in prayer. The audience joined in singing "Coronation," and the chairman made the introductory address. She said among other things that the first gold medal contest was held in New York city on April 19, 1886, and that during the first two years over one thousand medals were awarded. During March last 1,155 medals were awarded in prize contests, showing a marked increase in the temperance movement in the interest of which the contests are given.

The first and second recitals, "The new declaration of independence" and "What is Heroism?" were clearly and distinctly rendered, and were followed by a solo by Miss K. D. Glen.

The third and fourth recitals, "An Angel in a Saloon" and "Home Versus Saloon" were remarkably well delivered, and elicited loud applause. Miss L. L. French followed with a piano solo, after which the two concluding recitals in the contest, "The duty of the Hour," and "The Surrender," were given.

The judges then retired to decide upon the merits of the several contestants, and the Rev. C. B. Mitchell made a witty appeal for financial aid. After a piano solo by Miss M. M. Lowrie, the Rev. Dr. Lewis, as Chairman of the Board of Judges, announced the winner. He said that Nos. 4, 5 and 6 bore a close relationship to each other, but the committee were unanimous in deciding upon No. 5 as the winner of the prize—Miss Kitty Kelsey. Honorable mention was also made of Nos. 4 and 6, Miss Annie Wensting and Miss Carrie Patterson. The Rev. Dr. J. L. Hurlbut then awarded the prize.

A dialogue, "Mr. and Mrs. Tipple," by Miss Annie Wensting and Miss Kitty Kelsey, caused much laughter, and a solo by Miss A. E. Green, which followed, brought forth loud and prolonged applause.

The remainder of the programme included recitations by Miss Odell and Miss Kittie B. Ferris, and the pronouncing of the benediction.

On the whole the entertainment was a perfect success, and at its close those who participated were tendered a collation in the basement.

CONVENTION OF LADIES LOYAL LEAGUE

Brought to a Close in This City Yesterday—Officers Elected and Other Business Transacted.

The seventh annual convention of the Loyal Ladies League, Auxiliary to the G. A. R., closed its session in this city yesterday. The reports of the Department Secretary and Treasurer showed a marked gain in the numerical and financial strength of the order, which is composed of lady relatives of veterans of the Union army and of the war of the rebellion.

The following officers were elected for the ensuing year:

Department President—Mrs. Mary S. Olsen.
Senior Vice President—Mrs. Margaret A. Clift.
Junior Vice President—Mrs. Jane A. Van Syckle.

Advisory Council—Mrs. L. A. Boughton, Mrs. V. F. Brady and Miss Emma Cory.

These officers were installed at the close of the convention by Past Department President, Mrs. Col. C. H. Houghton of Metuchen.

An impressive feature of the convention, was the draped vacant chair of the late Mrs Emily A. Clarkson of this city, who was a member of the State Department, and whose death was feelingly alluded to in the opening address of the Department President.

The Record Broken.

The Press recently called attention to the rapid growth of the male population, both in this city and North Plainfield, adding that within a certain period not a single female birth had been recorded. The record has been broken, however, by the arrival of a female heir, born to Mr. and Mrs. James Taylor of West Seventh street, on Sunday last.

"AN EXTRAORDINARY SHOWING."

The Construction Company Report a Supply of Water Beyond Reckoning and Very Pure.

Upon the completion of six of the wells as a beginning of the supply for the Water Works company of Plainfield, THE PRESS gave the result of a preliminary test, and announced that everything was entirely satisfactory. These wells were driven by the Hydraulic Tube Well Construction Co., under contract, and four additional ones are now almost finished. Another test will then be made, although twenty of the wells are to be driven to complete the plant.

As it will be very interesting and gratifying reading to everybody in Plainfield, THE PRESS is pleased to be able to give a synopsis of the official report of the Construction company upon the preliminary test made of only the first six wells. This report goes on to say:

"Regarding the results of the wells we have sunk, we would say that we have six wells connected to a temporary centrifugal pump and have pumped from them at least one thousand (1,000) gallons of water per minute for several hours at a time without perceptibly lowering the water levels in the wells. We consider this an extraordinary good showing, as in all our previous experience when we were pumping such a quantity of water, the levels began to fall from the start."

The contractors are now putting down the wells for the second "gang," and as soon as down they will be connected to a temporary pump, and both "gangs" tested together day and night for several days, which will fully determine the question of quantity and quality of the water to be determined. "But," say the Construction company, "from the result so far obtained, we are fully of the belief that a much larger quantity of water than that required—viz: four million (4,000,000) gallons per day—can be obtained in the locality. The water-bearing stratum being 30 feet below a bed of very tough clay and hard-pan, proves in our minds that the water must be of very pure quality."

It Won't Cost a Citizen a Cent.

All talk of the enormous expense to the city and terrible burden upon the taxpayer, as a certain outcome of the "case" of policeman Carey against the Mayor and other members of the Police Board, is as false as the methods and personal characters of those who circulate such talk.

It is, of course, very improbable that the "case" will be pushed to a finish by the complainant. All preliminary talk and walk in such direction, are merely brag and bluff. But should it be, the City Attorney—who will swop sides and appear against Carey this time—is a salaried officer, and doesn't cost an extra cent.

The Board of Police have, it is true, engaged eminent counsel to assist Mr. Marsh, but such counsel they have retained at their own personal expense. So there remains no cost to the City even if Carey should win and the Corporation Counsel be beaten, except the policeman's three months' salary which the City would have had to pay if he had not been suspended.

Officer Giese Has a Set-to.

Officer Chas Giese found a man named Michael Kelly lying helplessly drunk on the sidewalk under the Liberty street railroad bridge, about ten o'clock last evening, and he placed him under arrest. On the way to the station house the man fought desperately, and at one time both the officer and his prisoner were on the ground. Officer Laine gave his assistance, and the man was finally lodged safely behind the bars. At the station house it required the combined strength of three men to search the prisoner.

This morning Judge Codington sentenced Kelly to the county jail for a term of sixty days.

But It's Coming.

The Rahway papers in speaking of Wiegand, Lufbery and Martin of the Crescent League's ball team, say: "The players who left the Rahways to go to Plainfield, are not meeting with the success they expected."

Farewell Performances.

Bartholomew's Equine Paradox, the educated horses that do everything but talk, will appear at Music Hall this evening, and Saturday afternoon and evening. This will positively be the only opportunity of seeing these horses in Plainfield.

The vegetable kingdom is the only source from which the ingredients of Hires' Cough Cure are obtained, hence no fear of harming the most delicate by its use. 25 cents.

Plainfield the Healthiest City in This Section.

The annual report of the health board of this State is just out, and there is a good deal of valuable information in it. It shows that during last year there were 26,543 death in the State, 15,726 marriages, and 29,099 births. Camden leads all the counties in the State in the number of its weddings. Pennsylvania couples, driven across the line by the stringent marriage laws of that State, brought the total of weddings solemnized by Camden ministers up to 4,655.

Comparisons of the death rates in the cities show that outside of Atlantic City, where invalids swell the total beyond normal proportions, Harrison, in the Passaic river section of Hudson county, is the most unhealthy city in the State. The rate there was 26.65, that of Newark 25.59, Hoboken's was 25.57, Orange's 22.85, Jersey City's 22.66.

Plainfield's death rate is only 16.97, while Rahway's is 19.20, and Elizabeth's and New Brunswick's is 20.18.

The Coming of the Fair Granger.

Maude Granger's new play in which she will appear at Music Hall, Monday night, is said to offer her the strongest emotional role she has ever appeared in. When the lustrous eyed Maude's success in "Camille," "Cora," "Frou Frou," and roles of that calibre is taken into consideration, this is surely saying a great deal.

No little interest is evinced in the fair Granger's coming. Everybody has heard of her and everybody is anxious to see her. Granger is extremely popular with the ladies and the feminine contingent will probably be out in full force. As well as being a famous beauty, Miss Granger is also famous for being the best dressed of American artistes. Her costumes are always a revelation to enthusiastic femininity. There should be a large demand for seats for the engagement.

Did You Write Any of These?

In the Plainfield post office are exhibited in a frame every day, such letters as cannot be forwarded because of various errors on the part of the senders who are probably complaining at the time because the answers that they long for never come.

This morning a PRESS reporter found the frame contained the following: Four for different residents of Canada, but stamped with Canadian stamps instead of United States. One addressed:

Mrs. M. C. Potts,
In haste 421 William st,
N. J.

Another addressed:

Pike Mfg Co
New Hampshire

And another that nobody on the face of the wide, wide World, could decipher.

What Some Ananias Circulates Regarding Plainfield.

The following from the New Brunswick *Home News* shows how even so otherwise a sensible paper can be imposed on. The item is a "special" despatch, but probably from some monumental liar on a telephone:

PLAINFIELD, April 16, (Special)—A largely attended meeting of prominent citizens was held in Liberty Hall last evening to take action on the removal of Chief of Police Carey. It was decided to prosecute the Police Board for conspiracy, both criminal and by civil suit, and also to take action to prevent the city's suffering from the alleged illegal removal. Eminent counsel have been engaged to prepare the case.

Adjusting the Losses.

The loss occasioned by the recent fire in Mr. John S. Johnson's house on Park avenue, was on Tuesday adjusted, the Phoenix company of Brooklyn, allowing the owner $500.

Yesterday the German American Insurance Company of New York, through Messrs J. C. Pope & Co., the agents in this city, settled the claim of Mr. Chas. Smith, for the loss he sustained by the fire in his home some days since. The company allowed him between $450 and $500.

Unless it should happen to fail.

Dreams don't amount to much, anyhow. Some signs, however, are infallible. If you have no appetite, tortured with sick headache and bilious symptons, these signs indicate that you need Dr. Pierce's Pleasant Purgative Pellets. They will cure you. All druggists.

The Congregational Association.

The twenty-second annual meeting of the New Jersey Congregational Association, concluded at Paterson, yesterday, when the various reports were read, those of the secretary and treasurer showing the affairs of the association to be in excellent condition. Since the first meeting three new churches have been dedicated.

The growth of the association in recent years has been rapid, and its churches have been active in Christian work. Last year they gave $33,906 for benevolence and $113,372 for home expenses—a total of $152,000.

The membership of the churches had been increased by 732, of whom 511 joined through confession of faith and 221 by letter. There were 752 conversions during the previous year, which showed that there was a falling off of twenty, attributed to the numerous pastoral changes.

Paying Sick Benefits.

Plainfield Lodge No. 105, Order of Tonti, met in Odd Fellows Hall, in the new Hand building, last evening, with President W. R. Codington in the chair. Secretary J. C. Randall was also at his post of duty. The main business transacted was the auditing and payment of a claim of Mr. J. A. Hubbard for $50, a two weeks' sick benefit.

—The "Blossom storm" has arrived on time, and is likely to spend a day or two in this locality.

—It is said that the local ice dealers intend to raise the price of ice during the Summer to $1.50 a hundred.

—A spearing party of young men report having caught 68 fine suckers in Cedar Brook, one evening recently.

—Don't all speak at once! Who will be the man to present Bryant School with a flag? *Janitor Hope has the pole all up and ready.*

—If the young lady who took the white hat from a house or Orchard place, a day or two since, will return the same, she will receive the thanks of the owner.

—The Elizabeth bowling team will visit Plainfield, this evening, and roll two games in the Central Tournament with the Olympics on the Olympia alleys. Everybody is welcome to be present.

Catarrh

IS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of **Ayer's Sarsaparilla**—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

Accommodations for the Insane.

ALBANY, N. Y., April 25.—The State Board for the establishment of insane asylums says that at the end of 1890 there will be increased accommodations in State Hospitals for 940 patients, leaving a total unprovided for of 1,310. The natural increase in the number of indigent insane in the State outside of New York, Kings and Monroe counties; will not vary from 250, which added makes the total at the end of the current fiscal year 1,560; if the $300,000 now asked be granted this number can be reduced to 1,085.

A RAILROAD TIE-UP

The Federation Ready for a Strike on the Trunk Lines.

THE MEN TO QUIT ON MONDAY.

The Movement Will be Directed First Against the Pennsylvania Company.

The Battle to be Conducted on the Burlington Plan—Other Roads Will be Affected—Engineers, Conductors and Brakemen Interested—A Conference Being Held to Settle the Chicago Strike.

CHICAGO, April 26.—Six thousand railroad employes will probably strike next week. The prospective strikers are members of the Federation of Railway Employes; that includes the locomotive engineers, conductors, firemen, switchmen and brakemen on the principal trunk lines.

The Switchmen's Association presented a request to the managers of the roads centering here for an eight hour day, and the request was promptly refused. The Federation has championed the cause of the switchmen, and it is reported that the Executive Council now sitting here has secretly decided to strike next Monday.

The movement will be directed first against the Pennsylvania Company, which employs 1,100 members of the Federation. A strike among these men will mean a tie-up of the Pennsylvania system between Chicago and New York on both the Pan Handle and Fort Wayne routes.

Five thousand members of the Federation are employed on other lines, and a strike will at once involve every road running into Chicago.

The strikers will boycott all Pennsylvania line cars, so that the switchmen of other roads will refuse to handle the cars of that system, as in the Burlington strike. Then the freight handlers employed in Chicago and other cities reached by the Pennsylvania will refuse to touch the boycotted goods, and the business interests of Chicago, Pittsburg, New York and Philadelphia will be seriously affected. If the 1,100 Federation employes on the Pennsylvania cannot force the company to grant the switchmen's eight hour demand, then the 5,000 members of the Federation working on other roads will add their strength to the movement by joining the Pennsylvania strikers.

SETTLING THE STRIKE.

Committees at Work To-Day to End the Trouble at Chicago.

CHICAGO, April 26.—The Master Carpenters and Builders' Association have consented to a conference with committees from the Citizens' Association, the new Bosses' Association and striking carpenters this afternoon with a view to bringing the strike to an end.

The old masters in promising to meet the three committees made the one condition that they should come separately and appointed the time for each. This is the first concession made by the masters. If a plan of arbitration is reached to-day it will take nearly a week to settle all the questions in dispute.

Thomas Gilmore, a non-union carpenter, while on his way to do some repairing on a house at Forty-third street and Calumet avenue, was set upon by a half-dozen union carpenters, knocked down, kicked and beaten into insensibility. When found he was bleeding from several bad wounds on the head. The police are looking for his assailants.

Will Start a Rival Union.

BOSTON, April 26.—The Freestone Contractors' Association of New England has decided to undertake the formation of a new journeymen Freestone Cutters' Union. The bosses will insist that the new union shall admit all applicants, if they be competent workmen, to full membership. The union men laugh at the action of their former employers in attempting to organize this new union and say the men who should join it would be declared "scabs," and could not obtain work in any other city in this country than Boston.

Revolt Against Non-Union Men.

ALBION, N. Y., April 26.—A strike is on at the Albion stone quarry, about thirty paving block breakers having revolted against the action of Superintendent Leonard in placing two non-union men at work. Pending the settlement of the difficulty the stone is being shipped to Cleveland and the work completed there at less expense.

Bonds Stolen by Teller Kimball.

WORCESTER, Mass., April 26.—The list of bonds stolen by Frederick Kimball, the fugitive teller of the People's Savings Bank, is just made public in a circular, which has been sent to United States Consuls and detective agencies all over the world. The market value of the bonds stolen was $49,992, to which must be added $3,400 taken in cash.

Captain Hussey Discharged.

BIDDEFORD, Me., April 26.—The recent investigation by Government officers of the charges perferred against Capt. Wm. Hussey of the Biddeford Pool Life Saving Service has resulted in Hussey's discharge. Capt. Lewis Thompson has been promoted to have charge of the service.

O'Donovan Rossa's Assassination Bill.

NEW YORK, April 26.—In the trial of O'Donovan Rossa for libeling P. S. Cassidy, the latter testified that the first trouble he had with Rossa was in 1883, when a bill was rendered for the payment of fifteen dollars to a man named Jim Brown for attempting to assassinate "Red" Jim McDermott.

KEMMLER'S IRON NERVE.

He Spends His Time Whistling, Singing and Writing His Autograph.

AUBURN, N. Y., April 26.—Kemmler, the man who is condemned to die by electricity next week, shows no sign of weakening, in truth, he seems to note all proceedings and final arrangements with an air of abandon that shows him to be a man of almost iron nerve.

He does not allow himself to contemplate his fate, but busies himself in whistling, singing, writing his autograph and listening to his keeper read from the Bible or some popular periodical. He takes part in religious services daily and manifests a fervor that is surprising to others who participate.

The chair, though completed, is not yet in position. It is not Harold P. Brown's chair, but the one designed by Warden Durston. The warden is being besieged daily by newspaper men from all parts of the country who want to see the man and the execution. It is expected that a great crowd will be in the city Monday.

HORSEWHIPPED HIS WIFE.

Citizens of the Elm City Witness a Novel Sight.

NEW HAVEN, Conn., April 26.—The spectacle of a man horsewhipping a woman in the public streets is not one often witnessed, but that was just the sight to which the residents of this city were treated.

Louis Busch, a German bookkeeper, has for some time lived unhappily with his wife. Stories of unfaithfulness had crept into the home of the couple, and Busch was determined to seek out their foundation and ascertain for himself if they were based on good grounds.

Early in the morning he secured evidence sufficient to warrant him in believing the stories that had been told him, and when his wife left home he followed her with the purpose of watching her footsteps. His suspicions were confirmed, and without warning he approached her on the street, and drawing a horsewhip from under his coat, lashed his wife in a cruel manner. He was only prevented from his brutal work by a policeman, who took him into custody.

An Assistant District-Attorney in Prison.

SALEM, Mass., April 26.—Ex-Assistant District Attorney George B. Ives, who was arrested on a charge of forgery, pleaded guilty and was held for the Superior Court. Bail was fixed at $15,000 in each case but the prisoner declined to make any effort to procure bonds and was taken to jail. The amount involved is said to be $20,000 and the names forged were those of Solomon Lincoln and B. F. Fabens. The complaint is made by the First National Bank of Salem, which held $10,000 of the paper. Ives is said to have used up his wife's estate of about $60,000 and that of Jonathan Barney, for which he was trustee, amounting to $7,000. The money, he says, was spent in extravagant living.

Eloped with His Mother-in-Law.

BUFFALO, N. Y., April 26.—Charles Delamater, a barber, has eloped with his mother-in-law, Mrs. Margaret Evans. Delamater, who was married about three years ago, had paid marked attention to his wife's mother and his affection was returned. Mrs. Delamater protested in vain. Yesterday Delamater and Mrs. Evans fled together to Fort Erie, going from there to Chicago. Mrs. Delamater, who was left penniless with two babes, has obtained a ticket to Chicago from the poormaster, and will give chase to her mother and husband.

White Caps After a Wife Beater.

RONDOUT, N. Y., April 26.—A band of White Caps armed with gads and other weapons visited the house of Luther Dunnick at Halcottsville during the night to chastise him for his alleged non-support and ill treatment of his invalid wife and family. On bended knees he implored forgiveness and promised to reform. He was then allowed to go with the warning that if he did not behave himself the whippers would return.

Arrested for Counterfeiting.

PITTSBURG, Pa., April 26.—Deputy Marshal Garber, Marshal Harra and Officer McSweeney, of this city, arrested at Stoyestown, Somerset County, Jeremiah Wilt, Edward Brisban, John Brisban and John Sipe, all charged with counterfeiting. At the house of John Brisban was found a mold for half dollars and some counterfeit money, and a little was obtained from one of the others. Wilt and Sipe are coal miners and the Brisban brothers are contractors. They were brought to this city.

Arrested for Embezzling.

PHILADELPHIA, April 26.— John C. Graham, 25 years old, a clerk at the income desk of the Pennsylvania Company for insurance on lives and granting annuities, waived a hearing and was committed to answer the charge of embezzling $6,000 belonging to his employers. The defalcation is attributed to gambling and fast company.

Two Rounds Settled Jimmy Lynch.

NEW YORK, April 26.—Jimmy Lynch, the hitherto undefeated 122-pound pugilist of this city, was defeated last night by Paddy McBride of Philadelphia in two rounds, at Hoboken. Lynch was not in good condition while McBride had been carefully trained and weighed several pounds more than Lynch.

Prominent Republicans in Pittsburg.

PITTSBURG, Pa., April 26.—A large company of invited guests arrived here to-day on a special train to attend the dinner to be given this evening by the Americus Club. Speaker Reed, Senator Quay, Representative Dalzell, Gen. Clarkson, Col. H. L. Swords, Mr. Marshall Cushing and others made up the party.

WASHINGTON TOPICS

The Silver Bill to Have Two Days' Debate in the House.

THE ANTI-TRUST BILL REPORTED

State Legislation Must be Exerted to Restrain Monopolies.

Chinamen to be Returned Home at the Government's Expense — Nominations by the President—The World's Fair Bill Signed—The State Department Has Received No News from Guatemala.

WASHINGTON, April 26.—The two most important measures on the House calendar are the Silver bill and the McKinley Tariff bill. There is to be no delay, Republican leaders say, in passing either.

The programme is to take up the Silver bill next week and pass it after a two days' debate.

The passage of the Silver bill is to be followed by the Morrill Pension bill, which appropriates $40,000,000 annually in addition to the regular appropriation for this purpose. To this measure one day will be devoted.

Following this wil come the McKinley Tariff bill. The general debate on this measure it is said will be limited to six days and the debate under the five-minute rule to ten days more, making in all 16 legislative days.

It is doubtful however if the Republicans can dispose of the measure within the period agreed upon. The Democrats will insist upon a longer time, and it may be a month before the measure shall be disposed of and sent over to the Senate.

THE ANTI-TRUST BILL

Reported to the House and State Help Solicited.

WASHINGTON, April 26.—Representative Culberson, from the Committee on the Judiciary, reported to the House the Senate Anti Trust bill. The report accompanying it says the legislative authority of Congress and that of the several States must be exerted to secure the suppression of restraints upon trade and of monopolies.

While this measure, says the report, is not precisely what any member of the committee would have proposed upon his own motion, yet there was a general acquiescence in the recommendation of its passages, as perhaps the only possible measure, under the existing circumstances, by this Congress.

Substitute for the Windom Bill.

WASHINGTON, April 26.—A favorable report has been authorized by the House Committee on Coinage, Weights and Measures on the Republican caucus Silver bill which was introduced in the House by Mr. Conger. The bill passed the Committee by a strict party vote. The bill will not be reported to the House, but be offered as a substitute for the Windom bill, as it was reported to the House by the committee, when that bill is called up for consideration in the House.

Chinamen to be Sent Home.

WASHINGTON, April 26.—The Secretary of the Treasury, on the recommendation of the Secretary of State and the Attorney-General has directed that the 19 Chinamen now in the custody of the marshal at Port Townsend, Wash., be returned to China direct at the expense of the United States. These Chinamen came into the United States from British Columbia, but if sent back fears are entertained that they might again find their way into the United States.

Presidential Nominations.

WASHINGTON, April 26.—The President sent to the Senate the following nominations: To be Collectors of Customs—J. D. Hopkins of Maine for the district of Frenchman's Bay, Maine; G. M. Warren of Maine for the district of Castine, Maine; John Sherry, Jr., of New York the district of Sag Harbor, N. Y. To be Surveyor of Customs—T. H. Sexton of New York for the port of Port Jefferson, N. Y.

No News from Guatemala.

WASHINGTON, April 26.—Assistant Secretary of State Wharton says no reply has yet been received from the Guatemalan Government to the dispatch cabled Monday by Secretary Blaine stating that friendly relations between that government and the United States would be imperiled should the outrages upon Editor J. H. Hollander not be redressed.

The Delegation Wins a Point.

WASHINGTON, April 26.—The Ways and Means Committee agreed to incorporate in the McKinley bill the compromise that has been affected between the wool growers and the ingrain carpet manufacturers. This is a victory for the Philadelphia carpet delegation.

$150,000 for the Flood Sufferers.

WASHINGTON, April 26.—A resolution passed the House appropriating $150,000 for the flood sufferers of the overflowed Mississippi Valley districts.

Editor Godkin Not Indicted.

NEW YORK, April 26.—The Grand Jury dismissed the three complaints for libel made by Civil Justice Peter Mitchell and Deputy Commissioner of Public Works Bernard F. Martin against Editor E. L. Godkin of the Evening Post.

Another Fire in the Silk Mill.

ALLENTOWN, Pa., April 26.—Another fire in the ruins of the Unicorn Silk Mills at Catasaqua caused further damage to the extent of $40,000, a quantity of silk stored in the vaults being destroyed.

A BAD WRECK.

TWENTY GONDOLA COAL CARS PILED UP.

A Coal Train Breaks in Two and Then Crashes Together With Terrific Force, Blocking All Four Tracks—Three Wrecking Crews Work All Night Removing the Debris—One of the Laborers Perhaps Fatally Injured.

One of the most disastrous wrecks which has occurred on the New Jersey Central Railroad in a long time happened just West of the Berckman street bridge crossing in this city about eight o'clock, last evening, which resulted in the piling up and total destruction of about twenty gondola or double-sized coal cars, blocking all four tracks for a time.

At that time P. & R. coal engine No. 413, of the camel-back pattern, in charge of Engineer "Joe" Final, was approaching Fanwood attached to a train of 125 empty coal cars, when the train broke in two. The first section ran along until after Netherwood was passed, when the engineer slowed up so as to allow the 8:09 o'clock P. M. train from New York to deposit its passengers at the station in this city, when the two sections came together with terrific force.

The accident happened alongside of the Scott Press Works, and the wreckage was piled up fully two stories high. The two main tracks and the North siding were completely blocked, and a couple of the cars were thrown across the third track or South siding, but the latter track was soon cleared and all traffic over the road at that point was over that siding.

The work of removing the wreckage was slow, as the first wrecking crew did not arrive until three hours after the accident occurred. General Train Dispatcher Freck of Bound Brook and Assistant Train Dispatcher Cassidy were soon on the spot, and directed the movements of the workmen. About midnight the wreck train from Junction arrived, and at 1:10 o'clock the third wrecking crew came up from Elizabethport. Drill engine No 30, and Philadelphia and Reading engine No. 351, also aided materially in clearing away the wreck.

At three o'clock this morning the North siding was opened, but it was two hours later when the East bound main track was clear.

John Casey, the hind brakeman on the wrecked train, in conversation with a PRESS reporter said that the first section had passed the Netherwood station when the crash came. He was sitting in the caboose looking out of the window, and was thrown across the car, striking against an ice cooler, but fortunately escaped serious injury. Mr. Casey said that he hastened back to flag the passenger train and inform the engineer of the wreck. This action on his part, he claimed, saved the passenger train from being wrecked also.

Standing on the side track just opposite the Scott Press Works were several flat cars loaded with telegraph poles belonging to the railroad company. The poles were scattered promiscuously along the track and down the embankment into the adjoining field.

Head brakeman John O'Brien of the wrecked train, declared that he saw two well dressed men, one of them wearing a silk hat, board the train at Elizabeth. He further declared that when the crash came he saw one of the men hurled into the air fully thirty feet. There is nothing in the man's statement, however, as nobody was found in the ruins.

Conductor Frank Yaeger of the wrecked train told the most plausible story. He said that the train had broken in two at Bergen Point, before reaching this city, but no damage resulted. The accident last evening, he considered, was purely accidental, and the blame could therefore be attached to no one. Engineer Final, he said, was a careful man, and had been in the employ of the Philadelphia and Reading road for a long time. The train was running at the rate of ten miles an hour when the accident occurred.

The wrecking crews worked all night, but it was long after sunrise when the main line was opened for travel.

The March of Improvement in Putnam Avenue.

A constant reader of THE PRESS sends the following account of important events stirring in Putnam avenue with the opening of Spring:

"Mr. Henry Miller is having his house, No. 38, painted in a very modest tone. It is time a certain one of his neighbors did the same thing."

"Mr. F. X. Schoonmaker is curbing his sidewalk, which reminds us there is an old lady within a few blocks who would please her husband if she did likewise to her temper."

"It is requested by many of the residents of the avenue, that Street Commissioner Meeker should jump on the neck of the man who is laying a board walk where it should be flagged. If there is no ordinance to prohibit this, there should be, say we."

Secretary See to Conduct the Meeting.

A treat is promised the young people on Monday evening. Mr. Edward F. See, General Secretary of the Y. M. C. A. of Brooklyn, has kindly consented to be present and take charge of the meeting of the Young People's Society at Trinity Reformed church. The subject will be "The best gift—free to all"—Isa. LV. Ushers will provide seats to the full capacity of the lecture room.

—The Olympic bowling club closed its season, last evening. It will resume in September.

Hill and staff of Trenton. The new council will be known as Pioneer Council, No 58. There were also present delegates from Geo. H. Adams Council of Newark, Enterprise of Trenton, Goodwill of New Brunswick, Union of Rahway and of several other councils in the State.

Half Holiday at Pond's.

The employees of the Pond Machine Tool company in this city will on Monday next begin work at 6:30 o'clock A. M., instead of seven o'clock as heretofore. This is done in order to give the men a half-holiday on Saturday, and in order to do so they must work through the noon hour on Saturday, the works shutting down at 1 o'clock P. M.

About the first of the present year a petition was circulated among the men, and universally signed, which was presented to the firm, requesting that the time for beginning from April 1, to November 1, be changed from 7 A. M. to 6:30 o'clock, Saturdays excepted, when the hours should be from 6:30 to 12 o'clock noon. The company granted the petition with the exception of changing the time from April 1 to May 1, and compelling the men to work until one o'clock on Saturday an hour longer than the petitioners asked for.

By so doing the employees get their half-holiday, and make a week of fifty-nine hours, only losing one hour's time in the whole week. Most of the men, however, favor shutting down at noon on Saturdays, thus losing two hours in the week.

Injured at the Wreck.

Patrick Ryan, one of the Elizabethport wrecking crew, while at work clearing away the wreck near the Scott Press works at two o'clock this morning, became wedged in between two of the disabled cars and was badly injured about the body. He was carried into a tool car and Dr. J. T. Fritts, the railroad physician, was summoned. The doctor found upon examination that no bones were broken, but that the patient suffered from a severe shock, and perhaps from internal injuries. The doctor inserted morphine into the injured man's arm, which made him rest more easily.

It was at first thought that Ryan would die, and Father Stafford of St. Mary's church was sent for, arriving there soon after the doctor. Father Stafford administered the rites of the church to the injured man, and later he was transferred to a passenger train and taken to his home at Elizabethport.

The Rev. James Lee, for some time pastor of the colored congregation of Bethel Mission, has resigned, and left Plainfield for good.

Mr. Lee's friends say he is in poor health and going to be married in a few months. He has been compelled to take a long rest. Others—though not necessarily his enemies—say he overdrew his salary, and was in debt a certain amount of service to the chapel, when he left. Be all this and more as it may, the Rev. Mr. Lee has bid farewell to Plainfield.

The Remarkable Success of a Business Career Started in Plainfield.

A Philadelphia paper of last Thursday, contained a large portrait of Mr. George Benton DeRevere, who for many years was the proprietor of both the City Hotel and the Park House in this city where he began the career which has since made him a very wealthy man.

Within a day or two, Mr. DeRevere has purchased a home in this city and installed therein his family including the little child of George DeRevere, Jr., who has already shown himself, young as he yet is, to possess all the faculties of suavity, and judgment that have made his father one of the greatest of hotel men.

As the elder DeRevere numbers his friends in Plainfield by the score, a short sketch of his life will be of much interest to many readers of THE PRESS. Like most successful business men, George DeRevere started at the foot of the ladder. Something less than thirty years ago he was a struggling clerk behind a hotel desk; today he has a half interest in each the Union Square Hotel and the Hotel Dam, New York City, and is, in addition, proprietor of Taylor's Hotel, Jersey City, which, though less pretentious, is in its way quite as prominent a house as either of the others.

He was born in the great metropolis on July 3, 1841, nearly a half century ago. In the Spring of 1861, when not quite twenty years of age Mr. DeRevere began his hotel career. He started as an inexperienced clerk, but it was with the advantage of an able teacher—Colonel Richard French, who conducted old French's Hotel.

Here Mr. DeRevere remained for eight years. When he "graduated" in 1869, it was to accept a managerial position at the old Merchants' Hotel, on Cortlandt street. Clark & Schenck conducted the house at that time, but shortly after Mr. DeRevere's appearance there Mr. Clark retired, leaving the management divided between his former partner and Mr. DeRevere. The latter remained at the Merchants' until March 1877, when ambition impelled him to start out for himself.

Leasing the City Hotel in this city and afterward the Park House, Mr. DeRevere did what no other person had previously succeeded in doing—conducted both houses with profit during all the time he controlled them. But Plainfield was limited and Mr. DeRevere's enterprising spirit longed for a change. In 1882 he leased the Rye Beach Hotel, a fashionable Summer house on Long Island Sound, and in less than a year thereafter—January 11, 1883—he added Taylor's Hotel, at Jersey City, to his field of labor.

The latter institution was in bad shape when Mr. DeRevere assumed control, being run down about as low as it could very well get without collapsing completely. The new management, however, worked a complete change, having succeeded through persistent hard work and close attention to business in placing it upon a basis which enables Taylor's to rank favorably with most of the New York City hotels. It is the favorite center for the big politicians of New Jersey. Mr. DeRevere is still operating Taylor's Hotel and making money out of it. On August 1, 1885, he had amassed capital enough—and it required a good deal—to purchase a half interest in the Union Square Hotel and the Hotel Dam, New York City, and these two he now operates in conjunction with Andrew J. Dam. His vocabulary knows no such word as "fail."

Westfield's Athletic Club.

The people of Mount Ararat are talking of a club with a brick house, library, bowling alley, tennis lawn, billiard room and possibly a ball nine.

Thursday night at a meeting of the "Nameless" bowling club, the following committee was appointed: Captain Coger, N. B. Gardner, W. G. Delemater, F. Lent and Postmaster Whittaker. They are to interview the townsmen of Westfield, and report at a subsequent meeting the feeling of the people towards the scheme.

The P. A. T. Club.

A club has recently been organized in this city, that includes among its charter members some of the best known men-about-town in Plainfield. It is to be incorporated under the title of the "Put Away Trouble Club." Laing's Hall has been leased for a term of years, and will be furnished with billiard tables and all club appurtenances for the pleasure of the P. A. T's.

—Italians are becoming quite numerous in this city.

Two Teams Finish.

Last evening on the Olympic alleys, the Elizabeth and Olympic teams finished their scheduled games in the Central Bowling tournament. The Elizabeths won both with ease. In the last three frames of the closing game, only one man broke.

White, of the Olympics, was high man of the evening, and VanAlstyne and Collier both averaged over 160. These two teams have closed very wide apart. The score was:

ELIZABETHS.	1st	2d	OLYMPIC.	1st	2d
Warner	158	185	Wilbur	115	139
Fleming	153	135	White	204	176
Price	189	184	Stover	133	129
Dimock	173	161	VanAlstyne	168	170
Heilner	155	158	Collier	162	161
	828	823		782	775

The record in the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	21	3	875
Crescent of Plainfield	13	9	591
Monday of Westfield	11	9	550
Fanwood of Fanwood	10	10	500

Plainfield's Clergy Unite in Calling Evangelist Mills.

The Rev. B. Fay Mills, the young evangelist, and his choral leader Sherwood, were in this city today in conference with the ministers relative to the coming of Mr. Mills to Plainfield. All denominations were represented in the meeting, and a majority of the city's clergy were present.

Mr. Mills expressed a strong desire to begin a season of work in Plainfield, and informally accepted the urgent call of the ministers. He would fix no date, however, but it will probably be in October.

This city will be greatly honored, as well as benefited if he comes. Should he accept such invitations as he has already received from large cities, his time would be filled for three years ahead. It will therefore be quite a compliment to Plainfield if she is favored before so many other and larger places.

Quite Right.

(From the New York Sun.)

The Plainfield Crescents have this year the best team since the club's existence, thanks to the efforts of C. C. Burnet and C. P. Leggett, the present managers, who are hustlers, and this is sufficient guarantee that the club will have an exceedingly prosperous season.

BY THE WAY.

—Oh! for a Y. M. C. A. building.

—The class for Inductive Bible study meets at the Y. M. C. A., to-night.

—The warm weather today has started the leaves on the trees in earnest.

—Seventy car loads of people went to the Linden Park races, on Friday.

—The May term of Court will open at Elizabeth on Tuesday of next week.

—A social meeting of the Young Men's Auxiliary will be held at the Y. M. C. A., to-night.

—The barbers in New Brunswick are considering the matter of closing all day, on Sunday.

—It will soon be time to hear about depredations by flower thieves—not an unusual occurrence.

—The further taking of testimony in the Moore will contest, was on Saturday adjourned over until to-morrow.

—The county jail is said to be full just at present, but then, like a horse car there is always room for others.

—Don't miss Wednesday's ball game on the Crescent League's grounds against the Columbia College team of New York.

—A drunken man who could hardly navigate, came near falling through a show window on North avenue, late on Saturday evening.

—A devotional meeting of the "Y" will be held in the rooms to-morrow afternoon at four o'clock. An important business meeting afterward.

—To-morrow night, Winfield Scott Post, will hold an open camp-fire, at which eulogies will be offered for the Post's late Commander, Isaac Brokaw.

—Alpha Lodge, No. 4, I. O. of G. T., will meet in regular session this evening in the hall corner of Park and North avenues. All members are requested to be present.

—It is reported that Patrick Ryan, one of the Elizabeth wrecking crew who was injured at the wreck near Berckman street in this city on Friday night, died on Saturday.

—Arrangements are being made for Major Anderson Post, No. 109, G. A. R., to join with Winfield Scott Post, No. 73, G. A. R., in a public demonstration on Memorial Day.

—The police were summoned to the railroad station on Saturday night, to eject an unruly customer from the smoking room. The man was piloted home by his friends, thus escaping arrest.

—Little Frankie Vail, the lad hurt by the cars several days ago, continues to improve. Yesterday the boy's limb, which was broken in three places, was bandaged preparatory to placing it in a plaster cast.

—The Hope Chapel Boys' Brigade will meet for drill, this evening at 8 o'clock. All boys are cordially invited. The boys are drilling well and before a month or so passes, each member is to be fitted out with a military costume.

—Friday night of this week the Borough Council will meet in regular session, when the citizens of North Plainfield expect to see a regular marshal appointed. Thomas McDonald is the man most prominently spoken of for the position.

—Police Captain Grant makes a tour through the Boulevard, late every night, to see how the police regulations are carried out in that section of the city, but it is needless to say that that part of town is well protected by the two efficient officers detailed there.

—A public meeting of Liberty Lodge, Fraternal Circle, will be held in the hall of the Junior Order of United American Mechanics, corner of Park avenue and Front street, this evening. Deputy Supreme President, Robert Griffith of New York and others of the Grand Lodge, will be present.

—The management of the Crescent League's ball nine surely have great faith in their players when they make a date with such a strong college team as that from New York which will play on the LaGrande Avenue grounds, Wednesday afternoon. With a new outfield, however, the Crescents have an opportunity to win.

—A largely attended and very interesting Gospel meeting was held under the auspices of the W. C. T. U., yesterday afternoon at 4 o'clock, in their rooms No. 73 West Front street. Numerous brief and enthusiastic addresses were made by Christian workers of various denominations, and the congregational singing was much enjoyed. A number of requests for prayer were presented.

MR. HAINES AT REFORM HALL.

An Eloquent Address on "Who is Responsible?"

A goodly number met in Reform Hall last evening. President Harper was at his post of duty, as were the choir, led by Mr. King, with Mr. George Rogers as organist. The Rev. Mr. Honeyman being prevented from attending, the devotional services were conducted by Mr. Samuel A. Haines, the announced speaker for the evening.

Mr. Haines then delivered his address entitled, "Who is Responsible?" and for over an hour he held the unbroken attention of his hearers. It was an effort of eloquence, ability and searching logic, and should have been heard by a much larger audience. He vividly portrayed the crime, misery and destitution wrought by the open door saloon, and declared that the day was coming when the popular edict would be proclaimed and enforced that the saloon must go. Mr. Haines carried the responsibility for the evils of the liquor traffic and liquor drinking beyond the saloonist, and placed it squarely upon the law makers who gave legality to the terrible curse, and to those who by their influence and votes consented to the continuance of such a human scourge, the direct road to ruin and death, for which, in his judgment, no amount of license money could possibly compensate.

OBITUARY.

COLONEL HUGH B. REED.

Colonel Hugh B. Reed, father of Borough Counsel Charles A. Reed, died at his home near Somerville, on the morning of Friday last.

He was born at Zanesville, Ohio, March 18, 1818, and studied medicine at the Ohio Medical College in Cincinnati. Not fancying the life of a physician, he abandoned that profession, and in 1843 engaged in the drug business in Cincinnati. In 1845 he removed to Fort Wayne, Indiana, where he was an active and energetic merchant up to the breaking out of the war of the rebellion. He took an active part in support of the Government from the outset, and was appointed by Gov. Morton, Commandant of Post with camp at Fort Wayne. He raised and organized the Twelfth, Thirtieth, and Forth-fourth Regiments of Indiana Volunteers, and was commissioned Colonel of the latter regiment, which gained by gallant conduct in the field the sobriquet of the "Iron Forth-fourth." He participated with his regiment in the battles of Fort Donelson, Shiloh, Corinth, Perryville, and in driving Bragg out of Kentucky. In Sunday's battle of Shiloh he lost more than half his regiment in killed and wounded. Colonel Reed on that day was struck four times by rebel bullets, and had two horses shot under him. The regiment was publicly complimented by both brigade and division commanders, and Colonel Reed was nominated Brigadier General by President Lincoln, but being completely broken down in health he resigned his commission and returned to his home in Fort Wayne.

At the close of the war he removed to New Jersey, hoping that a change of climate would benefit him, and since then has lived near Somerville, but never recovered his health. His death was very sudden and resulted from cerebral hemorrhage, brought on by a slight over-exertion. He leaves a wife and seven children, Charles A. Reed, Esq., of North Plainfield, being the eldest son. At the time of his death he was largely interested in Fort Wayne real estate.

The funeral services will be held at Somerville, today. Counselor Reed will accompany the remains to Fort Wayne for interment.

Father and Son Laid at Rest.

The funeral of the late Ira Vail, who died on Thursday last, took place from the late home of the deceased, on West Front street, at 2:30 o'clock yesterday afternoon, the house being densely filled with relatives and friends of the family. The Rev. Cornelius Schenck officiated, and spoke eulogistically of Mr. Vail, alluding also to his career while in the army. Interment was made in the Friends' cemetery. The pall-bearers were Messrs Frank and Nelson Runyon, Peter Hoagland and Charles Randolph.

An hour and a half later, at four o'clock the funeral of the late Asa Vail, father of Ira, took place from the house No. 9 Peace street, where his death occurred on Friday. The Rev. Mr. Schenck also officiated at this service, and the body was buried alongside of his son in the Friends' cemetery. The pall-bearers were Messrs Wm. McD. Coriell, Theo. Pruden, John Stewart, John Berkaw, Geo. Houseman and Freeman Shotwell.

The Rev. Mr. Lee's Slanderers Refuted.

To the Editor of The Press:—My attention has been called to an article in Saturday's Press reflecting upon the Rev. Thos. H. Lee, which does him gross injustice. Mr. Lee has given up his charge at Bethel chapel but there is nothing in the severance of his relations that in any way reflects upon his character. His congregation and the officers of the church, regret very much his leaving. He had nothing whatever to do with the finances of the chapel and received his salary each month when due from the treasurer of the Crescent Avenue session, so that any insinuation that he had overdrawn his salary is a baseless fabrication

S. A. Ginna, Supt. Bethel chapel.

Raiding the Gamblers.

Captain Grant yesterday afternoon made another raid on the gamblers who congregate in the neighborhood of Berckman street, Sundays, and play cards for money. The group consisted of men and boys, white and black, Americans and foreigners, and they selected a spot directly on the Berckman street railroad bridge, where they could see the officer as he approached. Captain Grant's appearance caused the party to scatter, some of them seeking a more congenial location outside of the city limits. The names of most of the players were taken, and a wholesale arrest may soon be expected.

To Play the College Boys, Wednesday.

Wednesday afternoon the celebrated ball team of Columbia College, New York, will come to Plainfield and play the Crescent League's nine. It will be a hard fight, but the latter expect to win.

The Crescent nine will have an entire new outfield, and a great game is promised to make up to the people for their disappointment when the rain prevented a match on Saturday.

And He Had a Meter in the Store, Too.

One of the Front street merchants had his store brilliantly illuminated by electricity during all of Saturday and Sunday nights. An oversight on the part of some one in failing to shut off the lights when the store was closed, Saturday night, left the circuit open, consequently when the current was turned on, the place was lighted up.

A DELIGHTFUL AFFAIR.

A Large Audience Charmingly Entertained by the Young Daughters of the King.

Holy Cross chapel was crowded Saturday afternoon with the many friends of the Young Daughters of the King, the occasion being the first performance in this city of the "Weihnact Kinder Symphonie" and to say that the audience was delighted is putting it very mildly.

The first part of the programme comprised vocal and instrumental music, and tableaux. Mrs. Martin I. Cooley sang "Marquerite" exceedingly well, and as an encore gave the musical rendering of James Whitcomb Riley's beautiful poem, "There, Little Girl, Don't Cry." She also sang "Fiddle and I," accompanied on the violin by Mr. Gifford Cooley. Miss Adelaide McGee sang two solos in her usual delightful manner and was heartily encored.

The tableaux, which were under the direction of Miss May Taylor, deserve more than passing notice. There were four of them—Greek Slaves in the Market Place; Somebody's Darling—Nobody's Darling; Old Fashioned Courtship, and The Bachelor's Reverie. The stage setting of the first and last tableaux was most tasteful and artistic, and the charming costumes and pretty faces completed an effect the beauty of which is not often equalled.

The Bachelor's Reverie was a unique conception nicely carried out and everybody envied the lucky Bachelor in his proximity to the four fair Reveries. Mr. George P. Taggart essayed to while away some spare moments with a few of his characteristic remarks, and succeeded in provoking many a smile. Both his wit and its delivery, are unequalled by any amateur of the day. There were also some pretty choruses well sung by those who took part in the symphony.

The second half of the programme was the "Kinder Symphonie." It was rendered by some thirty girls and boys, in picturesque Alsatian costume, under the direction of Mr. A. S. Newman of New York, and was about as near perfection as it is possible to get. The idea of the thing is most unique, being a genuine symphony, with full orchestration, performed almost entirely on children's instruments, horns, whistles, cuckoos, bells, triangles, drums and the like. The effect produced was wonderful and the way the young people kept time and attended to their respective parts reflected the greatest credit upon Mr. Newman. The audience was most demonstrative in its appreciation and at the conclusion of the performance the applause was prolonged and enthusiastic.

The whole affair was under the supervision of Mrs. A. W. Haviland to whom its success is chiefly due. The young people who took part in the Symphony were the Misses May Thompson, Kate Miller, Edith Taylor, Emma Haviland, Hattie Shreve, Mary Wells, Leontine Meade, Blanche Miller, May Shreve, Edith Clapp, Neelie Faber, Marion Henderson, Gertrude Haviland, Helen Van Deventer, Alice Thompson, Elsie Horne, Dolly Wells and Dottie Haviland. Messrs Clifford McGee, Max Munger, Gifford Cooley and Charles Cook. Masters Philip Wells, Harry McGee, Ned Waring, Henry Wells, Fred Taylor, Raymond McGee, Willie McCutchen and George Horne.

Close of the Horse Show.

Prof. Bartholomew and his equine paradox, closed a week's engagement in this city on Saturday night. The performance was first-class in every particular, but the receipts were not so large as they were last season. The professor and his horses left for Orange, yesterday.

OPENING OF THE NETHERWOOD.

Much in the Way of Additional Attraction and Comfort, Has Been Provided.

During the past Winter Mr. Frank E. Miller, owner of Hotel Netherwood, has devoted his entire time and personal attention, and expended a great deal of money, in renovating, improving and adding to the Hotel much that will provide additional attraction and comfort to his guests. A very successful season, consequently, may be expected.

A handsomely lithographed pamphlet, illustrated with pictures of the Hotel's exterior and interiors, has been prepared for general circulation and the convenience of those desiring to select rooms by mail. It goes on to say that this large and elegantly appointed hotel is delightfully situated on Netherwood Heights, overlooking the City of Plainfield. It is built entirely of brick, with tiled floors, surrounded by broad piazzas, affording a varied view of sweeping country, bounded by the Orange Mountains, which are covered with piney groves and traversed by the most perfect macademized drives.

Its convenient proximity to the City of New York, the elevation and healthfulness of location, its pure dry air, tempered by the salt breezes from the ocean, make this Hotel especially eligible as a luxurious resort for business men and their families. The Hotel is three minutes' walk from Netherwood Station, but forty five minutes from the foot of Liberty street, New York, over the Central Railroad of New Jersey, noted for its granite roadbed, its freedom from dust, and the civility of those in charge. Forty-six trains daily, running half-hourly morning and evening. Excursion tickets, 95 cents; commutation rate, 19½ cents per trip.

The Hotel has undergone many changes, adding to the pleasure and comfort of its guests—special attention having been given to the sanitary arrangements. In connection with the house is a commodious stable and livery, with ample accommodations for fifty horses.

The cuisine will be kept up to its high standard of excellence, fresh vegetables from the neighboring farms, and milk from the Netherwood dairy. The hotel is amply furnished with all modern conveniences—private baths, elevator, electric bells, etc. Provision is made for direct telegraphic and telephone communications with the city from the hotel office.

A Charming Woman in a Noted Woman's Play.

One of the interesting events of the theatrical year will take place at Music Hall to-night, when the peerless Maude Granger will be seen in "Inherited," the new play she has recently purchased from Mrs. Lucy Hooper. The coming of Miss Granger has evidently awakened a great deal of pleasurable anticipation. So much has been said of her coming, her talent and her beauty, that now when Plainfield theatre goers finally have an opportunity to see her they should take advantage of it.

A great deal of interest is also felt in Mrs. Lucy Hooper's play. All the literary world knows Lucy Hooper and those who have admired her brilliant Paris letters in the New York and Philadelphia papers, are anxious to see what she can accomplish as a playwright. It is certain that Mrs. Hooper is a woman of great originality and inventive genius in a literary sense. With the assistance of so adept a collaborator as Richard Davy to arrange the details of stage presentation she should be able to produce a strong dramatic work. M. Francisque Sarcey, the most eminent of French critics, has described the play as wierdly powerful and dramatic like a story by Edgar Allen Poe, and with a death scene worthy of Sara Bernhardt or Mme. Pierson.

The American contemporaries of the Bernhardt and Pierson school of emotional artistes are Clara Morris and Maude Granger, but none of them can approach in regal beauty the lustrous eyed Granger.

Saw Her Great Grandmother Married.

"It is not every one," says the Mt. Ararat *Standard*, "that enjoys the privilege of attending the wedding of his or her own great grandmother, yet at eight o'clock Thursday evening Miss Ednah Richardson, aged one year, was present at the marriage ceremony of her great grandmother, Mrs. Adelaide Richardson, widow of Enoch Richardson, at 163 Lafayette avenue, New York. The bridegroom was Mr. Orren Pierson, of Westfield."

—The taking of the school census will begin May 1.

"Trouble Never Comes Singly."

The above quotation is fittingly illustrated by the accident which happened to little Frankie Vail, son of Mr. and Mrs. Frank W. Vail of Park avenue, on Tuesday last. Two days later, on April 24, Ira R. Vail, a brother of Mr. Frank Vail, died, and on the following day his father passed away. On Saturday night, Mrs. Maria L. Adams, an aunt of Mrs. Edward Vail, the latter being the daughter-in-law of the late Ira Vail, died.

But all this trouble was not unaccompanied by a ray of sunshine, for yesterday morning Mrs. Edward Vail gave birth to a boy.

We are Eager to Hear From You!

The Eminently Respectable Citizens met again one evening last week, but as yet there has issued from the Public Library no thunderbolt of indignation nor even cyclone of protest.

Make a report, gentlemen! As the penny whistle on Somerset street, proclaims: "People are eager to hear from our citizens' committee."

Baptizing at the Park Avenue Church.

There were solemn and impressive baptismal services at the Park Avenue Baptist church, yesterday afternoon when the Rev. Mr. Boswell of New York immersed eighteen colored converts who were converted during the late revival at the Mt. Olive Baptist church. Several other members, making twenty-seven in all, were admitted.

—A bay horse without harness ran away on West Fourth street, yesterday afternoon. The animal turned into Liberty street, and made a beeline for the Boulevard.

—The appeal of a zealous woman at one of the many meetings for prayer, yesterday, was that the Lord would convert those who play checkers and dominoes as a pastime. What next?

THE VOICES OF NATURE.

DR. TALMAGE DECLARES THEM ARTICULATE AND HARMONIOUS.

The Academy of Music Thronged to Hear the Brooklyn Divine Preach a Sermon Appropriate to the Season of the Year. Isa. lx, 13 the Text.

BROOKLYN, April 27.—The attraction of the parks in their new spring time garb, which affects many congregations at this season, does not diminish the crowd which pours into the Academy of Music to hear the eloquent preacher. This morning the great edifice was thronged, as usual, as soon as the doors were opened. After the reading of an appropriate passage of Scripture and the singing of the hymn, "Glory to God on High," Dr. Talmage announced as his text Isa. lx, 13: "The glory of Lebanon shall come unto thee; the fir tree, the pine tree, and the box together, to beautify the place of my sanctuary." Following is his sermon in full:

THE GLORY OF LEBANON.

On our way from Damascus we saw the mountains of Lebanon white with snow, and the places from which the cedars were hewn and then drawn by ox teams down to the Mediterranean sea, and then floated in great rafts to Joppa, and then again drawn by ox teams up to Jerusalem to build Solomon's temple. Those mighty trees in my text are called the "glory of Lebanon." Inanimate nature felt the effects of the first transgression. When Eve touched the forbidden tree it seems as if the sinful contact had smitten not only that tree, but as if the air caught the pollution from the leaves, and as if the sap had carried the virus down into the very soil until the entire earth reeked with the leprosy. Under that sinful touch nature withered. The inanimate creation, as if aware of the damage done it, sent up the thorn and brier and nettle to wound and fiercely oppose the human race.

THE COMING OF THE MILLENNIUM.

Now as the physical earth felt the effects of the first transgression, so it shall also feel the effect of the Saviour's mission. As from that one tree in Paradise a blight went forth through the entire earth, so from one tree on Calvary another force shall speed out to interpenetrate and check, subdue and override the evil. In the end it shall be found that the tree of Calvary has more potency than the tree of Paradise. As the nations are evangelized, I think a corresponding change will be effected in the natural world. I verily believe that the trees, and the birds, and the rivers, and the skies will have their millennium. If man's sin affected the ground, and the vegetation, and the atmosphere, shall Christ's work be less powerful or less extensive?

Doubtless God will take the irregularity and fierceness from the elements so as to make them congenial to the race, yet to be so symmetrical and evangelized. The ground shall not be so lavish of weeds and so grudgeful of grain. Soils which now have peculiar proclivities toward certain forms of evil production will be delivered from their besetting sins. Steep mountains, plowed down into more gradual ascent, shall be girdled with flocks of sheep and shocks of corn. The wet marsh shall become the deep grassed meadow. Cattle shall eat unharmed by caverns once haunted of wild beasts. Children will build play houses in what was once a cave of serpents; and, as the Scripture saith: "The weaned child shall put his hand on the cockatrice's den."

Oh what harvests shall be reaped when neither drouth, nor excessive rain, nor mildew, nor infesting insects shall arrest the growth, and the utmost capacity of the fields for production shall be tested by an intelligent and athletic yeomanry. Thrift and competency characterizing the world's inhabitants, their dwelling places shall be graceful and healthy and adorned. Tree and arbor and grove around about will look as if Adam and Eve had got back to Paradise. Great cities, now neglected and unwashed, shall be orderly, adorned with architectural symmetry and connected with far distant seaports by present modes of transportation carried to their greatest perfection, or by new inventions yet to spring up out of the water or drop from the air at the beck of a Morse or a Robert Fulton belonging to future generations.

Isaiah in my text seems to look forward to the future condition of the physical earth as a condition of great beauty and excellence, and then prophesies that as the strongest and most ornamental timber in Lebanon was brought down to Jerusalem and constructed into the ancient temple, so all that is beautiful and excellent in the physical earth shall yet contribute to the church now being built in the world. "The glory of Lebanon shall come unto thee, the fir tree, the pine tree, and the box together, to beautify the place of my sanctuary."

Much of this prophecy has already been fulfilled, and I proceed to some practical remarks upon the contributions which the natural world is making to the kingdom of God, and then draw some inferences. The first contribution that nature gives to the church is her testimony in behalf of the truth of Christianity. This is an age of profound research. Nature cannot evade man's inquiries as once. In chemist's laboratory she is put to torture and compelled to give up her mysteries. Hidden laws have come out of their hiding place. The earth and the heavens, since they have been ransacked by geologist and botanist and astronomer, appear so different from what they once were that they may be called "the new heavens and the new earth."

POWERFUL EFFECT UPON THE RELIGIOUS WORLD.

This research and discovery will have powerful effect upon the religious world. They must either advance or arrest Christianity, make men better or make them worse, be the church's honor or the church's overthrow. Christians, aware of this in the early ages of discovery, were nervous and fearful as to the progress of science. They feared that some natural law, before unknown, would suddenly spring into harsh collision with Christianity. Gunpowder and the gleam of swords would not so much have been feared by religionists as electric batteries, voltaic piles and astronomical apparatus. It was feared that Moses and the prophets would be run over by skeptical chemists and philosophers. Some of the followers of Aristotle, after the invention of the telescope, refused to look through that instrument, lest what they saw would overthrow the teachings of that great philosopher. But the Christian religion has no such apprehension now.

Bring on your telescopes and microscopes and spectroscopes—and the more the better. The God of nature is the God of the Bible, and in all the universe and in all the eternities he has never once contradicted himself. Christian merchants endow universities, and in them Christian professors instruct the children of Christian communities. The warmest and most enthusiastic friends of Christ are the bravest and most enthusiastic friends of science. The church rejoices as much over every discovery as the world rejoices. Good men have found that there is no war between science and religion. That which at first has seemed to be the weapon of the infidel has turned out to be the weapon of the Christian.

Scientific discussions may be divided into those which are concluded, and those which are still in progress, depending for decision upon future investigation. Those which are concluded have invariably rendered their verdict for Christianity, and we have faith to believe that those which are still in prosecution will come to as favorable a conclusion. The great systems of error are falling before these discoveries. They have crushed everything but the Bible, and that they have established. Mohammedanism and paganism in their ten thousand forms have been proved false, and by great natural laws shown to be impositions. Buried cities have been exhumed and the truth of God found written on their coffin lids. Bartlett, Robinson and Layard have been not more the apostles of science than the apostles of religion. The dumb lips of the pyramids have opened to preach the gospel. Expeditions have been fitted out for Palestine, and explorers have come back to say that they have found among mountains and among ruins, and on the shore of waters, living and undying evidences of our glorious Christianity.

THEY HAVE COME BACK BELIEVERS.

Men who have gone to Palestine infidels have come back Christians. They who were blind and deaf to the truth at home have seemed to see Christ again preaching upon Olivet, and have beheld in vivid imagination the Son of God again walking the hills about Jerusalem. Caviglia once rejected the truth, but afterward said, "I came to Egypt, and the Scriptures and the pyramids converted me." When I was in Beyrout, Syria, last December, our beloved American missionary, Rev. Dr. Jessup, told me of his friend who met a skeptic at Joppa, the seaport of Jerusalem, and the unbeliever said to his friend: "I am going into the Holy Land to show up the folly of the Christian religion. I am going to visit all the so called 'sacred places' and write them up, and show the world that the New Testament is an imposition upon the world's credulity." Months after Dr. Jessup's friend met the skeptic at Beyrout after he had completed his journey through the Holy Land. "Well, how is it?" said the aforesaid gentleman to the skeptic. The answer was: "I have seen it all, and I tell you the Bible is true! Yes; it is all true!" The man who went to destroy came back to defend.

After what I myself saw during my recent absence, I conclude that any one who can go through the Holy Land and remain an unbeliever is either a bad man or an imbecile. God employed men to write the Bible, but he took many of the same truths which they recorded and with his own almighty hand he gouged them into the rocks and drove them down into dismal depths, and, as documents are put in the corner stone of a temple, so in the very foundation of the earth he folded up and placed the records of heavenly truth. The earth's corner stone was laid, like that of other sacred edifices, in the name of the Father, and of the Son, and of the Holy Ghost. The author of revelation, standing among the great strata, looked upon Moses and said, "Let us record for future ages the world's history; you write it there on papyrus; I will write it here on the bowlders."

THE STATELY SYCAMORE.

Again, nature offers an invaluable contribution to Christianity by the illustration she makes of divine truth. The inspired writers seized upon the advantages offered by the natural world. Trees and rivers and clouds and rocks broke forth into holy and enthusiastic utterances. Would Christ set forth the strength of faith, he points to the sycamore, whose roots spread out, and strike down, and clinch themselves amid great depths of earth, and he said that faith was strong enough to tear that up by the roots.

At Hawarden, England, Mr. Gladstone, while showing me his trees during a prolonged walk through his magnificent park, pointed out a sycamore, and with a wave of the hand said: "In your visit to the Holy Land did you see any sycamore more impressive than that?" I confessed that I had not. Its branches were not more remarkable than its roots. It was to such a tree as that Jesus pointed when he would illustrate the power of faith. "Ye might say unto this sycamore tree, 'Be thou plucked up by the root and be thou cast into the sea,' and it would obey you." One reason why Christ has fascinated the world as no other teacher is because instead of using severe argument he was always telling how something in the spiritual world was like unto something in the natural world. Oh, these wonderful "likes" of our Lord! Like a grain of mustard seed. Like a treasure hid in a field. Like a merchant seeking goodly pearls. Like unto a net that was cast into the sea. Like unto a householder.

EXPRESSIVE SIMILES.

Would Christ teach the precision with which he looks after you, he says he counts the hairs of your head. Well, that is a long and tedious count if the head have the average endowment. It has been found that if the hairs of the head be black there are about 120,000, or if they be flaxen there are about 140,000. But God knows the exact number: "The hairs of your head are all numbered." Would Christ impress us with the divine watchfulness and care, he speaks of the sparrows that were a nuisance in those times. They were caught by the thousands in the net. They were thin and scrawny and had comparatively no meat on their bones. They seemed almost valueless, whether living or dead. Now, argues Christ, if my Father takes care of them, will he not take care of you? Christ would have the Christian, despondent over his slowness of religious development, go to his cornfield for a lesson. He watches first the green shoot pressing up through the clods, gradually strengthening into a stalk, and last of all the husk swelling out with the pressure of the corn: "First the blade, then the ear, after that the full corn in the ear."

Would David set forth the freshness and beauty of genuine Christian character, he sees an eagle starting from its nest just after the molting season, its old feathers shed, and its wings and breast decked with new down and plumes, its body as finely feathered as that of her young ones just beginning to try the speed of their wings. Thus rejuvenated and replumed is the Christian's faith and hope, by every season of communion with God. "Thy youth is renewed like the eagle's." Would Solomon represent the annoyance of a contentious woman's tongue, he points to a leakage in the top of his house or tent, where, throughout the stormy day, the water comes through, falling upon the floor—drip! drip! drip! And he says: "A continual dripping in a very rainy day and a contentious woman are alike."

Would Christ set forth the character of those who make great profession of piety, but have no fruit, he compares them to barren fig trees, which have very large and showy leaves, and nothing but leaves. Would Job illustrate deceitful friendships, he speaks of brooks in those climes, that wind about in different directions, and dry up when you want to drink out of them: "My brethren have dealt deceitfully as a brook, and as the stream of brooks they pass away." David when he would impress us with the despondency into which he had sunk, compares it to a quagmire of those regions, through which he had doubtless sometimes tried to walk, but sunk in up to his neck, and he cried: "I sink in deep mire where there is no standing." Would Habakkuk set forth the capacity which God gives the good man to walk safely amid the wildest perils, he points to the wild animal called the hind walking over slippery rocks, and leaping from wild crag to wild crag, by the peculiar make of its hoofs able calmly to sustain itself in the most dangerous places: "The Lord God is my strength, and he will make my feet like hind's feet."

ALL NATURE PAYS TRIBUTE.

Job makes all natural objects pay tribute to the royalty of his book. As you go through some chapters of Job you feel as if it were a bright spring morning, and, as you see the glittering drops from the grass under your feet, you say with that patriarch, "Who hath begotten the drops of the dew?" And now, as you read on, you seem in the silent midnight to behold the waving of a great light upon your path, and you look up to find it the aurora borealis, which Job described so long ago as "the bright light in the clouds and the splendor that cometh out of the north." As you read on, there is darkness hurtling in the heavens, and the showers break loose till the birds fly for hiding place and the mountain torrents in red fury foam over the rocky shelving; and with the same poet, you exclaim, "Who can number the clouds in wisdom, or who can stay the bottles of heaven?" As you read on, you feel yourself coming in frosty climes, and, in fancy, wading through the snow, you say, with that same inspired writer, "Hast thou entered into the treasures of the snow?" And while the sharp sleet drives in your face, and the hail stings your cheek, you quote him again: "Hast thou seen the treasures of the hail?" In the Psalmist's writings I hear the voices of the sea: "Deep calleth unto deep;" and the roar of forests: "The Lord shaketh the wilderness of Kadesh;" and the loud peal of the black tempest: "The God of glory thundereth;" and the rustle of the long silk on the well filled husks: "The valleys are covered with corn;" and the cry of wild beasts: "The young lions roar after their prey;" the hum of palm trees and cedars: "The righteous shall flourish like a palm tree, he shall grow like a cedar in Lebanon;" the sough of wings and the swirl of fins: "Dominion over the fowl of the air and the fish of the sea."

The truths of the gospel might have been presented in technical terms, and by the means of dry definitions, but under these the world would not have listened or felt. How could the safety of trusting upon Christ have been presented, were it not the figure of a rock? How could the gladdening effect of the gospel have been set forth, had not Zacharias thought of the dawn of the morning, exclaiming: "The day spring from on high hath visited us to give light to them that sit in darkness." How could the soul's intense longing for Christ have been presented so well as by the emblem of natural hunger and natural thirst? As the lake gathers into its bosom the shadow of hills around, and the gleam of stars above, so, in these great deeps of divine truth, all objects in nature are grandly reflected. We walk forth in the spring time, and everything breathes of the Resurrection. Bright blossom and springing grass speak to us of the coming up of those whom we have loved, when in the white robes of their joy and coronation they shall appear.

And when in the autumn of the year nature preaches thousands of funeral sermons from the text, "We all do fade as a leaf," and scatters her elegies in our path, we cannot help but think of sickness and the tomb. Even winter, "being dead, yet speaketh." The world will not be argued into the right. It will be tenderly illustrated into the right. Tell them what religion is like. When the mother tried to tell her dying child what heaven was, she compared it to light. "But that hurts my eyes," said the dying girl. Then the mother compared heaven to music. "But any sound hurts me; I am so weak," said the dying child. Then she was told that heaven was like mother's arms. "Oh, take me there!" she said. "If it is like mother's arms, take me there!" The appropriate simile had been found at last.

NATURE'S LAWS DEFEND THE CHRISTIAN.

Another contribution which the natural world is making to the kingdom of Christ is the defense and aid which the elements are compelled to give to the Christian personally. There is no law in nature but is sworn for the Christian's defense. In Job this thought is presented as a bargain made between the inanimate creation and the righteous man: "Thou shalt be in league with the stones of the field." What a grand thought that the lightnings, and the tempests, and the hail, and the frosts, which are the enemies of unrighteousness, are all marshaled as the Christian's bodyguard. They fight for him. They strike with an arm of fire or clutch with their fingers of ice. Everlasting peace is declared between the fiercest elements of nature and the good man. They may in their fury seem to be indiscriminate, smiting down the righteous with the wicked, yet they cannot damage the Christian's soul, although they may shrivel his body. The wintry blast that howls about your dwelling, you may call your brother, and the south wind coming up on a June day by way of a flower garden, you may call your sister. Though so mighty in circumference and diameter, the sun and the moon have a special charge concerning you. "The sun shall not smite thee by day, nor the moon by night." Elements and forces hidden in the earth are now harnessed and at work in producing for you food and clothing. Some grain field that you never saw presented you this day with your morning meal. The great earth and the heavens are the busy loom at work for you; and shooting light, and silvery stream, and sharp lightning are only woven threads in the great loom, with God's foot on the shuttle. The same spirit that converted your soul has also converted the elements from enmity toward you into inviolable friendship, and furthest star and deepest cavern, regions of everlasting cold as well as climes of eternal summer, all have a mission of good, direct or indirect, for your spirit.

THE STUDY OF NATURE ASSISTS RELIGIOUS THOUGHTS.

Now I infer from this that the study of natural objects will increase our religious knowledge. If David and Job and John and Paul could not afford to let go without observation one passing cloud, or rift of snow, or spring blossom, you cannot afford to let them go without study. Men and women of God most eminent in all ages for faith and zeal indulged in such observations—Payson and Baxter and Doddridge and Hannah More. That man is not worthy the name of Christian who saunters listlessly among these magnificent disclosures of divine power around, beneath and above us, stupid and uninstructed.

They are not worthy to live in a desert, for that has its fountains and palm trees; nor in regions of everlasting ice, for even there the stars kindle their lights, and auroras flash, and huge icebergs shiver in the morning light, and God's power sits upon them as upon a great white throne. Yet there are Christians in the church who look upon all such tendencies of mind and heart as soft sentimentalities, and because they believe this printed revelation of God are content to be infidels in regard to all that has been written in this great book of the universe, written in letters of stars, in paragraphs of constellations, and illustrated with sunset and thunder cloud and spring morning.

HONORABLE POSITION OF THE CHRISTIAN.

I infer, also, the transcendent importance of Christ's religion. Nothing is so far down, and nothing is so high up, and nothing so far out but God makes it pay tax to the Christian religion. If snow and tempest and dragon are expected to praise God; suppose you he expects no homage from your soul? When God has written his truth upon everything around you, suppose you he did not mean you to open your eyes and read it?

Finally, I learn from this subject what an honorable position the Christian occupies when nothing is so great and glorious in nature but it is made to edify, defend and instruct him. Hold up your heads, sons and daughters of the Lord Almighty, that I may see how you bear your honors. Though now you may think yourself unbefriended, this spring's soft wind, and next summer's harvest of barley, and next autumn's glowing fruits, and next winter's storms, all seasons, all elements, zephyr and euroclydon, rose's breath and thundercloud, gleaming light and thick darkness, are sworn to defend you, and cohorts of angels would fly to deliver you from peril, and the great God would unsheath his sword and arm the universe in your cause rather than that harm should touch you with one of its lightest fingers. "As the mountains around about Jerusalem, so the Lord is around about his people from this time forth for evermore."

Oh for more sympathy with the natural world, and then we should always have a Bible open before us, and we could take a lesson from the most fleeting circumstances, as when a storm came down upon England Charles Wesley sat in a room watching it through an open window, and, frightened by the lightning and the thunder, a little bird flew in and nestled in the bosom of the sacred poet, and, as he gently stroked it and felt the wild beating of its heart, he turned to his desk and wrote that hymn which will be sung while the world lasts:

Jesus, lover of my soul,
Let me to thy bosom fly,
While the billows near me roll,
While the tempest still is high;
Hide me, O my Saviour, hide,
Till the storm of life be past,
Safe into the haven guide,
O receive my soul at last

"WHERE is the dashing boarder who used to be the life of the table when I was here before, Mrs. Livermore?" asked an old patron of the house, addressing the landlady. "I married him," was the quiet reply. "Indeed! He was one of the sprightliest fellows I ever met, always bubbling over with spirits and chock full of stories. He's away from home, I suppose; I haven't seen him since I returned." "He's at home; he has never been away." "Indeed! where is he, then?" "He's in the kitchen washing dishes."

THE DEADLY VOLTS

When Will Murderer Kemmler Receive Them?

WARDEN DURSTON ONLY KNOWS

The General Belief Fixes Wednesday as the Fatal Day.

Mrs. Durston Has Left the Prison and All Those Who are to Witness the Execution Have Arrived—Dr. Southworth Tells of His Experiments with Electricity—Kemmler Makes His Will.

AUBURN, N. Y., April 29.—There is a feeling in town this morning that the hour of Kemmler's doom may come tomorrow, although it has been the general belief until now that he would be allowed to live until Thursday and possibly Friday. There are several indications, however, that the fatal hour is fast drawing near. Mrs. Durston has left the prison, and the persons who are to be present at the execution are thought to be all here.

The 3 o'clock train from the West yesterday brought the Erie County District Attorney, C. E. Quinby, and Drs. C. M. Danniels and Alfred P. Southwick. The latter was the original mover in the crusade which resulted in the abolition of the gallows and the adoption of electricity as the law's agent of death. The party went at once to the prison and shortly after visited the death chamber. When Dr. Southwick was shown the chair which has finally been decided upon, the one constructed by Warden Durston himself, and of which he is very justly proud, he thought there was perhaps a superabundence of straps and fastenings, but this is a matter of opinion.

"I have killed in my experiments over a hundred dogs," said Dr. Southwick, "by electricity, and I have never found it necessary to bind them. The only paraphernalia necessary being a bit between their feet, which was fastened to the muzzle, and which with the saliva and mucroid secretions in the mouth formed a complete circuit when the necessary wires were attached. All I found needful to do was to attract the dog's attention by a word and then to turn on the current. As long as the current was prolonged the dog stood rigid as if frozen. The moment it was turned off he fell limp and unstrung.

"I believe that when this method of execution reaches perfection there will be as little paraphernalia as I used then, and that all these straps and bands will be done away with."

To show how quickly the victim of the experiment could be arranged in place for his taking off, one of the visitors was placed in the chair and the straps and head piece were placed over him. The time was very brief.

There are in all eight broad leather straps attached to the chair, all of which have to be fastened. Two of them fasten the body; one holds the electroid; two fasten the arms; one passes over each wrist, and the seventh fastens the leather mask that fits under the chin and across the eyes, leaving the mouth and nostrils open to permit the condemned man to breathe for a minute or so at least before it is over.

Kemmler's most important recent act has been the making of his will. He left the pitifully few things he owns to those whom he has been thrown with in the prison.

THE STAUNTON WRECK.

Myrtle Knott of "The Pearl of Pekin" Killed—Others Injured.

STAUNTON, Va., April 29.—While the express train on the Chesapeake & Ohio road near here, yesterday, was descending a heavy grade the brake rod of the engine fell, the air brake was rendered useless and the train rushed into Stanton at a terrific speed of 80 miles an hour, tearing away the depot roof. The Pullman sleeper left the track and was thrown on its side. Fifteen members of the "Pearl of Pekin" troupe were in it en route for Baltimore. Of the company Miss Myrtle Knott died while being taken from the car; Miss Edith Miller's leg was broken; Mrs. Edward Webb, Edward Stevens, Miss Bertha Fisher, Louis Harrison and Miss Ione Dunham, all escaped with slight cuts and bruises. W. F. Kilpatrick, lumber merchant, New York, had his leg severely torn, and L. M. Stiman, commercial traveler, Cincinnati, was bruised. The car took fire, but was put out.

Senator McFarlane Returns.

PHILADELPHIA, April 28.—State Senator McFarlane, president of the American Life Insurance Company, returned from St. Louis and was on hand at his office yesterday. He emphatically denies that he was a defaulter or that the company was insolvent. It was rumored that he was $132,000 short and had left the city.

A Formal Settlement Agreed Upon.

BOSTON, April 29.—At a meeting of the creditors of Robinson & Fitzsimmons, the proprietors of the Boston Tavern, a form of settlement was agreed upon whereby the firm is to pay its indebtedness in full, being given an extention of three years in which to do it.

The Yantic to be Condemned.

PHILADELPHIA, April 29.—The sloop-of-war Yantic, which is now lying at the Delaware breakwater taking a rest after her run from Hayti, has been ordered to the Brooklyn Navy Yard for survey and condemnation.

Archer Indicted for Embezzling $180,000.

BALTIMORE, April 29.—Ex-State Treasurer Archer was presented by the grand jury here to-day on a charge of embezzling $118,000 of State funds.

MRS VANDERGRIFT ON TRIAL.

Charged With Attempting to Poison Her Son for Insurance Money.

MT. HOLLY, N. J., April 28.—The trial of Mrs. Carrie Vandergrift for attempting to slowly poison her stepson, Frank Norman, to death by slowly administering croton oil in his food, with the alleged object of obtaining insurance money on his life, is being heard here. The case excites great interest.

Dr. Hull, the physician who attended young Norman, testified that when he was called in he found Norman feeble and emaciated, and despite all medical treatment the youth grew rapidly worse. Dr. Hull finally decided from what he saw and heard at the house that something was wrong. He openly accused Mrs. Vandegrift of administering croton oil, and told her she ought to be in jail. She did not deny the charge, even when Dr. Hull went further and accused her of having poisoned her husband. She merely secured another physician and threatened to arrest Dr. Hull for defamation of character.

NEW JERSEY LEGISLATURE.

A Special Senate Committee to Investigate Election Law and Other Violations.

TRENTON, N. J., April 29.—The Senate last night adopted a resolution for the appointment of a special Senate Committee "to enter upon an investigation of all violation of the election law in the State and the conduct of any and all county boards, and any and all departments of county and city and other municipal governments, and report to this or the next legislature."

Speaker Hoppenheimer has been granted leave of absence, and Fred C. Marsh of Elizabeth, will be speaker pro-tem.

The Speaker was formally congratulated on his approaching marriage with Miss Miller of New York, on Wednesday.

Attempted Suicide on His Wife's Grave.

ROCHESTER, N. Y., April 29.—Ernest Jacobi shot himself at 6:30 o'clock last night on his wife's grave at Pinnacle cemetery. Jacobi was married about a year ago and his wife lived but five months after their marriage. Since her death her husband has been despondent and last evening he sought his wife's grave and attempted to end his own life. He was taken to a hospital and is now in a dangerous condition. His recovery is doubtful. Jacobi is 23 years of age.

THE LABOR OUTLOOK

Reviewing the Field Before the Big Battle.

WILL THE WORKMEN WIN?

New England Wage-Earners in Line for the First of May.

Boston and Worcester to Be the Principal Battle-Grounds—The Situation in New York City—The Prospect of a Sweeping Victory Not So Bright as a Few Weeks Ago.

BOSTON, April 29.—The battle for less working hours throughout New England will be begun in earnest next Thursday and the prospect of success the men claim is encouraging. This city and Worcester will be the main battlegrounds for Massachusetts, in both of which the contest will be for a working day of eight hours, with the understanding that any proposition for a compromise on nine hours is not to be entertained.

The greater part of the 3,000 carpenters employed in Boston will strike for eight hours, but they make no demand for an increase in the hour rate of wages. They believe that a decrease in hours will cause an increase in wages, according to the law of supply and demand.

The carpenters are so well organized all through New England and even the Canadian provinces that there is little fear of outside competitors coming here to take their places.

It is said that in Worcester the painters, plumbers and slaters will ask for nine hours, with the same pay they now get for ten hours' work.

In nine other cities in this State, the workingmen demand a working day of nine hours. In several cities, the plumbers, bricklayers and masons will demand nine hours.

The quarrymen and granite cutters in Quincy will probably strike, as the bosses while willing to grant the nine hour system will not agree to the price per hour demanded by the workmen. Strikes are expected among the granite cutters at Westerly, R. I., Concord, N. H. and Hallowell, Me. The mechanics at Portsmouth, N. H., and the carpenters at Portland and Lewiston, Me., demand nine hours.

AN UNCERTAIN STRUGGLE.

Leaders Not So Confident of Success as They Were a Short Time Ago.

NEW YORK, April 29.—Will labor succeed in its big battle for a shorter working day?

This question is now seriously agitating both employer and employe. Even among the most enthusiastic and confident labor leaders it is admitted that the prospect of a sweeping victory at this venture is not by a long way so bright as it was a few weeks ago.

Fully 65,000 carpenters, it is believed, will make the eight-hour demand on May 1, and that, while every effort will be made to secure the object desired without recourse to strikes, refusal on the part of the employers will result simply in the employment of the measures of last resort.

That the Federation of Labor, the most powerful organization in the country, has a big contract on hand in this struggle there is no denying. The accredited representatives of this body claim that its 600,000 members are behind the movement of the carpenters, who are to demand from the bosses the acknowledgment that eight hours shall hereafter constitute a working day. It is further alleged that the moral support of the entire laboring community is with the movement, and that if needed, material aid will not be lacking.

Although the plan of action has been set forth plainly and distinctly by President Gompers and his associates, all does not appear to be in harmony with its details among the laborers themselves. In the first place, there appears to be some question as to the date of the carpenters' demonstrations.

May 5 is the day set for the carpenters' movement in this city, and the General Executive Board of the Federation of Labor has held several lengthy sessions perfecting arrangements. The report is given out that Walking Delegate William Owens, of the United Brotherhood of Carpenters and Joiners, in company with Walking Delegate John Ashley, of the Amalgamated Society, has called upon the twenty-seven principal employing carpenters of the city, and that in every instance but one the boss carpenters have agreed to grant the demand for eight hours. This, the men claim, indicates that the employers have not organized in this city to fight the movement.

The Executive Committee of the Federation of Labor have adopted a circular addressed to the toilers of America, urging that all trades except the carpenters and joiners remain at work in order to help make the short hour movement of that trade successful. The address congratulates the workingmen upon the signs visible all over the world that their demands will be granted.

The Chicago Strike.

CHICAGO, April 29.—The carpenters' strike presents unchanged features. Reports are received at the strikers' headquarters to the effect that no work is being done. At the meeting of the Carpenters' Council a plan of working with the new Bosses' Association was considered. The latter organization has issued a call to all contractors to meet them to join the association, with a view to resuming business.

Buffalo's Bakers Will Strike.

BUFFALO, N. Y., April 29.—On Thursday, according to their announcement, the union bakers of this city will go out on strike for a ten-hour working day.

Drake's residence on East Front street, last evening, to make the preliminary arrangements for a grand public demonstration on Decoration Day, May 30. PATRICK RYAN DEAD.

The Shock Received in the Plainfield Wreck Proves Fatal.

Patrick Ryan, the member of the Central Railroad company's wrecking crew who was injured while at work clearing away the wreck of coal cars at Plainfield on Saturday morning, as told exclusively in THE PRESS, died in the evening at his home, 132 Court street, Elizabeth.

The accident to Ryan happened at about two o'clock on Saturday morning, he becoming wedged between two of the disabled cars. He was carried into a tool car, and Dr. J. T. Fritts, the resident physician of the railroad company, was summoned. The doctor found upon examination that no bones were broken, but that the patient suffered from a severe shock, and perhaps from internal injuries. The doctor inserted morphine into the injured man's arm, which made him rest more easy. The Rev. Father Stafford of St. Mary's church, Plainfield, was sent for, and administered the rites of the church to the injured man. Mr. Ryan was then transferred to a passenger train, and brought to his home in Elizabeth.

The *Journal* of that city says: "His death is attributed to heart failure, the result of the shock. Mr. Ryan was 45 years of age. He was thirty-eight years a resident of this city, and for many years an employee of the Central company. He was a foreman of one of the wrecking crews and considered to be a valuable man in the department. He leaves a wife and three children, and was very highly esteemed by a large circle of acquaintances."

The Best Hall in the City.

The most centrally located and altogether available hall for church and society fairs, festivals, public and private meetings and entertainments, is that which occupies the entire upper story of the large building on the East corner of North and Park avenues.

Central Hall, as it is called, has just been completed and finished. The floor surface newly laid in hard wood, is about 3,000 feet square, and by day is lighted by windows on three sides. Four hundred people can be comfortably seated. Cloak and toilet rooms are connected with the Hall. The entrance from the street is to be rebuilt, at once. It will have vestibule doors, and in other ways made attractive. In rooms just below the Hall, supper can be prepared and served to any number of guests.

A Nail in Time Will Save Money.

At the meeting of the Borough Council, Friday evening, an ordinance will probably be introduced for adoption requiring those who have board walks out of repair, or none at all, in front of their premises, to lay flagging or the Borough will do it and place a lien on the premises for the cost.

The readers of THE PRESS—who are the sensible folks over the brook—will take advantage of this warning, and at once repair the walks they have or lay board walks where there are none, thus saving themselves the expense the proposed ordinance would put upon them.

Arrested for Non-Support.

Patrick Cahill of South Second street was again a prisoner before City Judge Codington this morning, on a charge preferred by his wife for non-support. The complaint was made to Overseer of the Poor, J. O. Nodyne, who in turn lodged a complaint with the City Judge.

Cahill said that he was able and willing to provide for his wife's support, but the money he left at home for household purposes, his wife invariably spent for beer. He promised to do better in the future, and the Judge ordered his release, as the complainant was not present to press the charge.

The Great Century Run.

Extensive arrangements are being made for the great century bicycle run through Plainfield to Philadelphia, on June 14. The start will be made from the Continental Hotel in Newark, and a prize will be given to the club having the largest number of men on the run. Chairman Fuller of the Committee of Arrangements, states that it is expected that over 400 wheelmen will participate in the run. The riders will probably halt and dismount for breakfast in this city, and some of the members of the local club will, it is expected, accompany the party on to Philadelphia.

Led By a Brooklyn Divine.

The Rev Edwin F. See, General Secretary of the Y. M. C. A., of Brooklyn, N.Y., led the meeting of the Young People's Society of Christian Endeavor in the lecture room of Trinity Reformed church, last evening. The attendance was very large.

Mr See congratulated the society upon its growth in numbers and the evidence it gave of its spiritual prosperity. He then interested the large audience present for a half hour by one of his simple but earnest appeals to accept the promises of Christ as offered in the first verse of the 55th chapter of Isaiah.

—The members of the Bachelor's club are arranging to tender their lady friends a reception, in the course of a few weeks, further details of which will be given later on.

OF INTEREST TO PLAINFIELD'S LADIES.

What the Bicycle Boys of the State are Looking Forward to in This City.

A correspondent of a cycling organ published in Boston, says:—"I am informed (and correctly too) that a grand treat is in store for those who attend the theatre party to be held at Music Hall, Plainfield, Friday evening, May 30, in connection with the Meet, as it will be a first-class affair, and will be purely amateur. It will be under the management of Mr. Elliott W. Johnson, and is styled 'The Hudson County Wheelmen's Amateur Minstrel and Vaudeville Combination.' During the Winter this 'company' has played to crowded houses in Jersey City. The price of tickets for the theatre party will be $1, 75 cents and 50 cents; the price of tickets for the banquet has not yet been settled.

Each club in the State will be asked to notify the Committee in charge how many tickets they will require, as it is very important that the tickets should be disposed of early to avoid the rush and complications liable to arise if the sale of tickets is left to the last minute. Everything in connection with the meet is moving along nicely. About the 15th of May a handsome souvenir programme will be sent to each member and when it is received let me suggest that its contents be carefully read before attending the meet.

"New Jersey is in Racing District No. 2, with New York, and soon the arrangements for the preliminary meets will be made. In this connection I want to say that I do think it would not be just to the flyers to hold the races on a dirt track like the one at Plainfield, as it would in all probability result in the defeat of the fast men and the victory of the strong men, thereby debarring the fast men from the National Championships. The committee in charge of the racing at the meet decided after giving the matter due consideration, to have the races run on the track of the New Jersey Athletic Club at Bergen Point. The races will be the wind-up of the Division Meet, and will be run on the afternoon of Saturday, May 31st. A special train will be chartered to run from Plainfield. The loss of time will be very slight, as it is only about half an hour's ride.

The Young Widow Wins.

The hearing in the contest over the will of the late Charles Jenkins, President of the Manhattan News Company, one of whose heirs is his niece, Mrs. Mary Underhill, of Third place, has been concluded in the Richmond County Surrogate's Court at Richmond, S. I. The Surrogate admitted the will to probate.

Mr. Jenkins left the bulk of his estate, valued at $400,000, to his young widow, Catherine Jenkins, to whom he had been married but a short time, and who was formerly in his employ as a typewriter. Mrs. Frances Hunter, a sister, contested the will on the ground that her brother was not mentally capable of making a will, the document being drawn up while he was on his death bed.

"Wetumpka" to Have an Excursion.

At the next regular meeting of Wetumpka Lodge, No. 3401, Knights of Honor, to be held Thursday evening, a proposition will be made to have an excursion for the members and their friends.

The excursion is to be held the last of June or the first week in July; and its consideration is now in the hands of Messrs C. J. Feytel, J. F. Barber, G. T. Benedict, E. C. Pease, F. A. Ransom, S. M. Johnson, R. A. Frey, B. Luersseu, S. E. Flower, F. P. Haffner, J. C. Bovey, F. M. Slater.

Plainfield Should Contribute Her Mite.

There are 45,000 colored people in New Jersey whose children are without an industrial training school. The New Jersey Colored Industrial Association is taking steps for the formation of a school in New Brunswick. By a law recently enacted, the State is obliged to contribute $3,000 to such an object, provided an equal amount is raised by private subscription. President Rice, of the State Association, has already obtained over $2,000 in subscriptions toward the project.

—Devotions in honor of the Sacred Heart will be held in St. Mary's church, Friday evening of this week at eight o'clock.

Sleeplessness.

DR. FLINT'S REMEDY is the best remedy known for insomnia or sleeplessness which afflicts so many persons, and which leads to so many serious nervous diseases, particularly to insanity. Descriptive treatise with each bottle; or address Mack Drug Co., N. Y. For sale by J. G. Miller.

THE FIGHT AT THE FINISH.

Will Westfield Defeat Plainfield With Fanwood's Help?

The four games to be bowled in this city this evening, will probably decide whether the Crescent League's team will finish first (barring Elizabeth) in the Central Tournament. They hold that place now. The men who have won this honor for Plainfield are Captain Clarence Teel and Messrs Harry VanEmburgh, Dick Haven, Charley Rogers, Doc. Thiers and Charley VanWinkle.

The record in the Central Bowling Tournament, now stands:

	WON.	LOST.	PERCENT.
Elizabeth Athletic Club	21	3	875
Crescent of Plainfield	13	9	591
Monday of Westfield	11	9	550
Fanwood of Fanwood	10	10	500
Nameless of Westfield	10	12	455
Olympic of Plainfield	10	14	417
Somerset of Somerville	3	21	125

There are six more games to be bowled. The Crescents and Nameless bowl their two on the former's alleys this evening, and the Mondays and Fanwoods bowl two of their four on the Olympia alleys, also in this city, this evening. If the Crescents win their two, the Mondays can only tie them by winning every one of their four.

It has been said that the Fanwoods have such ill will towards the Crescent League—which was started by some members of the Fanwood club who resigned with hard feelings—that the Fanwoods will throw their four games to the Mondays of Westfield so as to defeat the Crescents if possible. This is ridiculous for one reason, and false on its face for another.

No one doubts the ability of the Fanwoods to beat the Mondays. And as the Fanwoods can win for themselves third place and get their money back, why should they throw it away to Mondays advantage? That's the reason the reported jockeying is ridiculous; and the reason it's false is because Messrs Moore, Rogers, Kyte and others of the Fanwoods are honorable men.

It may now be imagined that there is great excitement in Plainfield, Fanwood and Westfield, and some interest in Somerville and Elizabeth, over the result of this evening's games. The Nameless will roll with the Crescents on the latter's alleys, and the Fanwoods will roll the Mondays on the Olympia alleys. The friends of the members and the ladies will be welcome at the Crescent League's alleys, and the entire public will be welcome at the Olympia.

Miss Isadore Rush.

In connection with the coming appearance in this city Thursday evening of Mr. Roland Reed and his company of comedians, presenting D. D. Lloyd's charming comedy, "The Woman Hater," THE PRESS would call particular attention to the appearance of Miss Isadore Rush, the leading lady.

Miss Rush is Pennsylvania born, being a native of Wilkesbarre, and for a number of years a leader of society in that city. She made her first public appearance on the 20th of August, 1889, in the city of Boston and at the leading place of amusement, The Boston Museum.

Endowed by nature with a superb form, a bright intelligent face, beautiful in feature, a musical voice and the brains of a born artist, she quickly reached the top round of public favor, making without a doubt the most successful debut ever on the American stage.

In fact, the remarkable success (artistic and pecuniary) of the "Woman Hater" during its present season has been *more* than partly due to her delightful rendition of *Mrs. Joy*, making the character one whom no woman hater could possibly hate—and Mr. Lloyd, in crdating the part, must have had such a lady as Miss Rush in his mind in writing his play—the purest, most faultless, and most delightful comedy on the modern stage.

A Crazy Man at Large.

A man whose name could not be ascertained, escaped from his boarding place on Brook avenue, North Plainfield, last evening, and created consternation among the residents on that usually quiet thoroughfare. The man is said to be out of his mind, and last night he became violent, threatening to annihilate all with whom he came in contact.

Several of the special marshals were detailed to arrest the man, but the latter escaped before the officers arrived at the house.

A Poser

Why will you suffer with indigestion, torpid liver and sick headache, when a few cents will buy HAMBURG FIGS enough to relieve your distress at once and effect a cure in a few days? 25 cents. Lose, one fig. Mack Drug Co., N. Y. For sale by J. G. Miller.

To Be Guarded Against, Here.

At the recent revival services in Jersey City conducted by Evangelist B. Fay Mills, who is coming to Plainfield in the Fall, cards were given out to be filled in by converts with their names, addresses, and the names of the churches of which they desired to become members. The filled-in cards were returned to the evangelist every night, and he distributed them among the clergymen according to the church preference expressed on the cards.

The clergymen agreed to call at the addresses on the cards and complete the work of salvation. They have been doing it ever since the meetings closed. At the addresses given on about one in every five cards they have found either a vacant lot, a stable, or a factory; that the person whose name was on the card, had been dead for several years, that he never lived at the address, or that he had moved away years before. Sometimes the name of the same person is written on several cards.

A Fair Trial

Trouble at Bound Brook.

There is trouble among the employes of the Shackleton Car Heating works at Bound Brook. The works were closed yesterday, as it is said the men refused to work longer without pay. On Saturday night part of the men were paid off in checks, which the local merchants would not accept. Most of the employes have families who are depending on the works for a living. Ugly rumors are floating around about Shackleton. The employes denounce him in all forms and a settlement will be demanded, perhaps to-morrow. Trouble is expected.

The superior merit of Ayer's Cherry Pectoral as an anodyne expectorant is due to a skillful combination of the most powerful ingredients. Nothing like it has ever been attempted in pharmacy, and its success in the cure of pulmonary complaints is unparalleled.

Catarrh

IS a blood disease. Until the poison is expelled from the system, there can be no cure for this loathsome and dangerous malady. Therefore, the only effective treatment is a thorough course of **Ayer's Sarsaparilla**—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but received no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored my health."—Jesse M. Boggs, Holman's Mills, N. C.

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies, with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I had nearly lost the sense of smell, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and referred me to persons whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."—Charles H. Maloney, 113 River st., Lowell, Mass.

END OF THE FARCE

The Senate's Investigation of Secret Session Leakages.

CORRESPONDENT'S FARED WELL.

They Received $153 Witness Fees for Two Days' Actual Attendance.

The Crowning Act in the Pan-American Congress—Adverse Report on War Claims—To Succeed the Late Mr. Randall—Matters of General Interest from the National Capital.

WASHINGTON, April 29.—The last fact in the farce of the investigation of the "seditious" newspaper correspondents was enacted when Mr. Jones of Nevada, as chairman of the committee to audit and control the contingent expenses of the Senate, signed the vouchers entitling the five correspondents called as witnesses to $153 witness fees. The correspondents were in actual attendance on the sessions of the committee two days, but each of them was under subpœna for 51 days while the Senate was determining whether or not to commit them for contempt. The investigation of the publication of the secrets of executive sessions has cost the Senate about $2,000 and has resulted in nothing.

THE CROWNING ACT.

Signing of the Arbitration Agreement of the Pan-American Congress.

WASHINGTON, April 29.—The arbitration agreement, recommended by the Pan-American Conference, which was signed yesterday at the State Department by the representatives of about ten of the American nations is the one the form of which was agreed to by the Pan-American conference and recommended to the various countries represented in the conference. It could not be adopted by the representatives of those countries in the conference but was referred by them to their home governments which have authorized their ministers to the United States to meet in Washington and sign for them. It is believed that all of the countries in the conference will sign eventually. This is the crowning act in the conference as this was the principal business for which the conference was called.

Among the nations which signed the treaty were Brazil, Bolivia, Columbia, Ecuador, Guatemala, Salvador, and Honduras. The ministers resident of these countries to the number of about ten gathered together in Mr. Blaine's office in the morning and exchanged treaties.

For Improved Car Couplers.

WASHINGTON, April 29.—Mr. Cullum introduced in the Senate a bill providing for the appointment of a board of five men to investigate the relative merits of improved car couplers and to recommend one to the Interstate Commerce Commission. The members of the board are to be appointed by the President and confirmed by the Senate, at a salary of $3,500 a year each.

Discussing the Levee Question.

WASHINGTON, April 29.—A memorial presented in the Senate in relation to the Mississippi River caused an extended discussion, the question being whether the levee system, or outlet system was the correct one, or whether there should be a combination of the two. The opinions differ widely but the majority of the speakers were in favor of the levee system.

To be Mr. Randall's Successor.

WASHINGTON, April 29.—It has been semi-officially announced that Representative Mutchler will be appointed to succeed to the Randall vacancy on the Appropriation Committee. This, it is thought, is but simple justice to Pennsylvania, which has been left without a representative on the committee.

Adverse Report on War Claims.

WASHINGTON, April 29.—The House Committee on war claims has decided to report adversely the bill appropriating $232,500 to reimburse the towns of Frederick, Hopperstown and Middletown, Maryland, for damages from raids and invasions by Confederate troops during the late war.

The Law Not Constitutional.

WASHINGTON, April 29.—The United States Supreme Court has rendered an opinion adverse to the constitutionality of the State laws in prohibition States, providing for the seizure of liquor brought from other States. Such laws it is held, are interference with inter-State commerce.

Tribute to His Memory.

WASHINGTON, April, 29.—On motion of Mr. Sherman of New York, Saturday, May 10, at 4 o'clock was fixed as the time for paying tribute to the memory of the late David Wilbur of New York.

The Silver Problem.

WASHINGTON, April 29.—The committee appointed by the Republican Senate caucus to frame a compromise silver measure was in session for several hours but came to no conclusion.

Tragedy in Nyack.

NYACK, N. Y., April 29.—G. F. Smith, a gardner on the estate of W. B. Williams, became jealous of his wife and yesterday shot at her without result and then tried to kill Henry Chappel the cause of his jealousy. Chappel received a wound in the leg. Smith then shot himself dead.

In Honor of Grant's Birthday.

BROOKLYN, N. Y., April 29.—U. S. Grant Post 327, G. A. R., held a banquet last night in honor of General Grant's birthday. Among the guests and speakers were Generals Slocum, Howard, Woodford and Horace Porter, and Hon. C. A. Boutelle.

AUBURN, N. Y., April 30.—The writ of habeas corpus that has saved Kemmler from the electrical chair, for a short time at least, was given on application of ex-United States District Attorney Roger M. Sherman, of New York City. Mr. Sherman saw the judge in his private rooms late Monday afternoon, and obtained from him the papers which did not become a writ until signed by Cleak Doolittle of the Northern District Circuit Court at Utica.

Judge Wallance, sitting in New York, which is in the Southern District, had no power to make the stay until it had properly passed through the hands of a Northern District clerk in which Kemmler was. Consequently Mr. Sherman, whose connection with the case does not seem plain, hastened at once to Mr. Doolittle, and from thence to this city, where the order was first made public.

The following is the writ:

The President of the United States to Charles F. Durston, Warden and Agent of Auburn Prison, GREETING:

The people of the United States, whom God defend, do command that you have the body of William Kemmler, by you imprisoned and detained, as it is said, together with the time and cause of such imprisonment and detention, by whatsoever name the said William Kemmler is called, or charged before the Circuit Court of the United States for the Northern District of New York to be held at Canandaigua on the third Tuesday of June, at 10 o'clock in the morning.

Witness the Hon. Melville W. Fuller, Chief Justice of the United States. Fail not, at your peril, and have you then, there, this writ.

On the back of the writ is the following endorsement:

"The within writ is granted this 29th day of April. "WILLIAM J. WALLACE,
"Judge United States Circuit Court."

Reporters Learn the News.

A group of anxious reporters were standing in the corridor of the prison at 2 o'clock yesterday afternoon. The warden flitted in and out but would say nothing. He did not even reply to their questions, and finally disappeared through one of the big doors in the rear.

Presently he reappeared and said:

"Judge Wallace has granted a writ of habeas corpus in the Kemmler case and Kemmler will go before him on June 6."

Instantly there was a wild rush and scramble down the long flight of iron steps which lead to the front courtyard. The one-armed gateman was surrounded, and he leisurely turned the big key in the lock and let the crowd out. There was a great rush down the street to spread the news. At first it was rumored that Kemmler had been executed.

Warden Durston's First Intimation.

It was 11 o'clock yesterday morning that Warden Durston first heard of a reprieve. Lawyer Sherman assured the warden that he was working with no ulterior motive and was moved by no outside influence beyond a desire to be of use to an unfortunate man in appointing himself Kemmler's counsel.

Warden Durston refused to recognize Sherman as Kemmler's lawyer until Judge Dwight, of this place, executed a legal document guaranteeing in substance that as Kemmler's legal friend Sherman was sound and O. K.

Kemmler's First Business Signature.

At 2:30 o'clock David B. McNeil, who does the notary public work for the prison, went to Kemmler's cell with Durston and attached his signature to the regulation document praying to have his body protected and delivered as aforesaid.

The document was read to the murderer by Warden Durston, and it was with great pride that the man who had learned to write with the death chair waiting for him put one of his innumerably executed signatures on a real document with seals and a generally formidable aspect.

Kemmler Informed of His Reprieve.

At twenty minutes to four Warden Durston concluded to inform Kemmler of the news, and taking his little key opened the big door that leads to the murderer's cell. Kemmler was alone, peaceful and calm, and in his usual state, eminently self-satisfied. Kemmler and the warden were alone in the cell. The warden solemnly said to Kemmler.

"Well, William, they've granted a writ of habeas corpus to you and that carries you over to June. You're safe now for the present."

"Is that so," said Kemmler, very much elated. "Well, I am easier in my mind, now." With that, Kemmler having exhausted his flow of ideas, the Warden came away and a very important thing was over.

Only Prolonging His Suffering.

There is really little solid comfort for Kemmler in these efforts at keeping him from the death shock which awaits him. Improvements may be made in the chair and a capable executioner may be secured, but except for that Kemmler is rather to be pitied for having had this new lease of a horrid life granted to him. He can scarcely hope for ultimate pardon, as he cheerfully and with many details relates how he chopped his mistress up, believing that he meant to kill her sometime and that he might as well do it then as later.

SEVERAL QUESTIONS INVOLVED.

Judge Wallace Gives a Few Reasons for His Issuing the Reprieve.

NEW YORK, April 30.—Judge Wallace says that in granting the Kemmler habeas corpus writ he upheld the views of the counsel making the application, that in as much as the case was one of life and death the questions involved should be passed upon by the highest tribunal in the land.

The question as to the validity of the delegation of power to a sheriff to fix the time and circumstances of the death of a condemned man, was a serious one.

The Judge intimated that the restriction of the liberty of the press was also a question to be considered, but he did not say positively that this was one of the reasons for granting the writ.

The question of the cruelty or unusual nature of the punishment would be considered by the Supreme Court.

There were other questions involved, but the Judge did not care to extend the interview, which was granted at a very late hour.

COMPROMISE BALLOT REFORM

Committed in New York Assembly Without Instructions.

ALBANY, N. Y., April 30.—The Compromise Ballot Reform bill, which has been indorsed by Gov. Hill and which has passed the Senate, was received in the Assembly.

Assemblyman Sheehan, the Democratic leader, wanted the bill considered at once.

Assemblyman Timothy Sullivan objected.

Sheehan then moved the reference of the billot the Judiciary Committee with instructions to report it forthwith.

Assemblyman Acker, chairman of the committee, and Timothy Sullivan objected, and under the rules the measure went to the Judiciary Committee without any instructions.

Malpractice Suspected.

NORTH TROY, N. Y., April 30.—Several days ago Miss Estella Boomtower died very suddenly at the residence, near the Canada line, of Dr. Isaac Kimball with whom she had lived many years. A postmortem examination by Drs. J. H. Hamilton and Charles L. Erwin of Newport, revealed evidence of malpractice and a portion of the organs were taken to Dr. John B. Wheeler, instructor of surgery, in the Burlington Medical College. Pending his decision Dr. Kimball has been committed to the Orleans County Jail at Newport. He has been under arrest before for similar offences.

Decision in a Custom Suit.

NEW YORK, April 30.—In the United States Court a jury decided against C. B. Richards & Co., in their suit against the Government for the recovery of excessive duty on imported furniture. The furniture was all built in Vienna, but taken apart and shipped in pieces. The Government charged 35 per cent. duty, classifying the import as finished furniture. The importers claimed that it was rough goods that were imported and 30 per cent. should have been charged.

Hiram Sawtelle's Skull.

BIDDEFORD, Me., April 30.—It will, of course, be impossible to identify the skull found near Cornish, on the road between Limerick and Cornish, in a clump of bushes, but there seems to be little doubt that it is Hiram Sawtelle's head. This belief is founded not only upon the fact that the head alone had been found, but also upon the evident effort which had been made to prevent identification.

Assaulted by a Convict.

PLATTSBURG, N. Y., April 30.—Keeper W. L. Mead, of Clinton Prison, had a narrow escape from death yesterday. He was attacked by William Taylor, a colored prisoner from Saratoga County, with an axe, and felled to the floor. Taylor was in the act of securing the keeper's revolver when Convict William Kelley gave the alarm and the negro was locked up. Keeper Mead's wounds are not considered dangerous.

McIlvaine Weeps With Joy.

SING SING, N. Y., April 30.—Charles McIlvaine, convicted of the murder of Grocer Christian W. Luca, at his Brooklyn home on the night of Aug. 22, 1889, and who was granted a new trial yesterday by the Court of Appeals, wept with joy whe the news was told him. The appeal was based upon exceptions taken at the trial as to the admission of Dr. Linton C. Gray's evidence.

Will of the Late Isaac Bell, Jr.

NEW YORK, April 30.—An exemplified copy of the will of the late Isaac Bell, Jr., late United States Minister to the Netherlands, was filed with the surrogate yesterday. His daughter Norah receives the lot given him by his brother-in-law, James Gordon Bennett, on which his Newport villa was erected. The residue is apportioned among his children generally.

Why Young Everett Ran Away.

CHICAGO, April 30.—The young medical student, Vernon Everett, who disappeared so suddenly from Chicago about three weeks ago and was found yesterday by his father, Dr. Everett, at Denver, tells a strange story of his flight to escape from some fancied danger he thought was impending. His friends believe his mind is affected.

Her Body Recovered by Fishermen.

CHICAGO, April 30.—The body of Miss Mattie Bacon, the young Conservatory student, who threw herself into the lake a month ago, was found near the Twelfth street pier this morning by some fishermen. The face was distorted and discolored, and the body only could be identified by jewelry and wearing apparel.

EVE OF THE BATTLE

Labors Big Fight as Announced for To-Morrow.

MAY DAY DEMONSTRATIONS.

Many Strikes Promised, But How Many Will There Be?

At Some Places Compromises Have Been Affected, at Others the Men are Under Agreements Not Yet Expired and in Some Cases are Satisfied With the Old Terms—May Day in Europe.

NEW YORK, April 30.—To-morrow is the day selected by the American Federation of Labor when, so far as such a thing can be accomplished, the eight-hour day is to be put in force. Dispatches from many cities throughout the country give information of a badly muddled state of affairs.

In some places strikes are promised, while at other points compromises have been affected on nine hours or a slight increase in wages, while in many cases agreements between employer and and employe, made before the agitation begun, does not expire until after May, and thus the workmen's hands are tied even should they desire to strike.

Throughout Europe the day will be observed, and serious trouble is looked for in several cities. In Berlin, Paris and throughout Austria the militia will be held ready to answer immediate call.

On the whole, to-morrow promises to be a day long to be remembered.

THE SITUATION IN CHICAGO.

Police Ready for Trouble To-Morrow, But Do Not Expect Any.

CHICAGO, April 30.—The police do not anticipate any serious trouble here to-morrow, but will be ready should any occur. A committee of the Master Carpenters and Builders' Association called on the Mayor and asked for police protection for non-union carpenters, with whom they propose to resume work next week.

The negotiations now in progress between the new bosses' association and the strikers will probably amount to something, and it is thought that probably four thousand out of the seven thousand now out will be given work again. This number being at work, it will be a less costly matter to maintain the idle. The Carpenters and Builders' Association is determined to retaliate by discharging all bricklayers and plasterers now working, and Thursday may be the dullest day Chicago has ever known. The bosses think this will carry the war into the enemy's country.

The failure of the negotiations Saturday has not tended a particle toward softening the determination of the bosses not to yield to the demand of the men for recognition of the union. How long this proposed suspension is intended to be maintained was not stated.

The striking carpenters say that $40,000 will be sent to Chicago tomorrow by the National Federation of Labor, which will be used to maintain the strike here and encourage the strikers. Money will also be forwarded at intervals, it is claimed, until the carpenters gain their point.

WILL HE RETURN TO PARIS?

Boulanger Expected to Take Part in the May Day Demonstrations.

PARIS, April 30.—The report that General Boulanger intends to return to Paris tomorrow with the object of participating in the May Day demonstrations has created considerable excitement in Government circles, and if he should return it is asserted by some that he will find himself shortly in the quarters now occupied by Orleans.

Prospects of a Shut Down.

PROVIDENCE, R. I., April 30.—Three hundred and fifty men of the granite quarries and yards in Westerly, at a mass meeting decided to adhere to the bill presented to the employers calling for nine hours work and ten hours pay. The manufacturers are willing to grant nine hours work for nine hours pay, with a small percentage of increase in the hourly wages, which, when compared with the present wages, would make little difference. If some settlement is not reached before to-night operations in Westerly will cease for a while.

Will Endeavor to Boycott Squires & Co.

BOSTON, April 30.—A secret meeting of the striking employes of J. P. Squires & Co., was held yesterday. Master Workman Mellen said to a reporter that the workmen find that the conciliatory spirit goes for naught with Mr. Squires, so that fight must be the word. "The men," said Mr. Mellen, "have prepared a list of all the grocers and provision dealers who have dealt with J. P. Squires & Co., and organized labor will be asked to cooperate with them in impressing these dealers with the justice in letting alone Squire's pork.

Demands of Poughkeepsie Carpenters.

POUGHKEEPSIE, N. Y., April 30.—The carpenters of this city will demand 9 hours as a day's work on and after to-morrow. Some of the bosses are willing to grant the demand while others are not, and a strike is imminent.

Labor Riot in Austria.

VIENNA, April 30.—A labor riot occurred at Frankstadt, Moravia last night. The workingmen pillaged a factory, resisted the troops who charged upon them and wounded many with bayonets.

Mrs Charles Brooks interpreted the character of *Lady Clara St. John* with remarkable skill and ability, and Mrs. Charles Hart as *Mrs. Celia Grenville* was equally as perfect in the rendition of her part. The play was most beautifully placed upon the stage. The decorations of palms and flowers were from the conservatories of Mrs. J. K. Myers and Mrs. C. D. Wadsworth, and were elaborate. THE CRESCENTS HOLD SECOND PLACE.

Two Fine Games Last Evening, Prove They're the People.

On their own alleys, last evening, the Crescent League's bowling team rolled its last two games in the Central Tournament. Scores of over 800 in both games, won. Second place in the championship struggle between Elizabeth, Plainfield, Westfield, Fanwood and Somerville, therefore perches upon the banners of this city.

The Mondays of Westfield and the Fanwoods' also rolled two games of their four, last evening. As THE PRESS stated yesterday, there is talk of the Fanwoods throwing all four of the games into the hands of the Mondays so that the latter may tie the Crescents. Be this at it may, the Mondays got both last evening. If they get both to-morrow evening on the Fanwoods' own alleys, there will be some pretty plain talking.

The Crescents scores, last evening, were:

CRESCENT.	1st	2d	NAMELESS.	1st	2d
VanEmburgh	151	164	Everett	169	135
Haven	155	140	Gardner	118	139

Teel C.	118	179	Foster	122	138
	856	820		653	682

The record in the Central Bowling Tournament, now stands:

THE INDIVIDUAL RECORDS.

How the Plainfield Bowlers Stand by Comparison.

Below is given the individual records of the members of the two Plainfield bowling teams who have taken part in the Central Tournament. Their work at home and on strange alleys, is given separate, and also their full average:

North Plainfield Downs Scotch Plains.

A well arranged cock fight took place near Oak Tree, during last night, between birds owned in North Plainfield and Scotch Plains. The conditions were five battles, and the purse was for $50 a side.

The Scotch Plains birds fought well, winning the first two battles, but the North Plainfield birds fought better and won the last three battles. About 75 sports witnessed the main.

WHO CAN ENLIGHTEN THE MANY CURIOUS.

Why Do Not the People Patronize Plainfield's Music Hall!

THE PRESS solicits answers to the question—"Why is it that first-class entertainments in Music Hall are not better patronized?"

Let's hear any one or various reasons from the people, so that they may be published and remedy, if possible, the cause.

Owners of Dogs Should Take Warning.

Perhaps there is no section either in this city or North Plainfield that is more infested with dogs than Washington Park. It seems to be quite proper over there for nearly every family to harbor one or more dogs, many of them being of a very vicious nature. Some of the owners of canines have due respect for human beings, while others allow their dogs to roam about the streets at night, growling and snapping at whoever comes in contact with them.

One dangerous and vicious-looking brute took possession of Washington avenue, near the bridge, last evening, and kept continually growling at people as they passed along that thoroughfare on the way to or from their homes. Any man would have been justified in shooting the brute on the spot, which fate some of these dogs are sure to meet, if their owners persist in allowing them to roam around at night.

"Our Chauncey's" Opinion of To-morrow Evening's Play.

Hon. Chauncey M. Depew, in an interview says: "To change the subject, I desire to say a word or two about my trip to the theatre last evening. Roland Reed's play, 'The Woman Hater,' was written by David D. Lloyd, formerly a member of the staff of the New York *Tribune*, and a very dear friend of mine. He aspired to literary fame, outside of newspaper work, and used to come to me with all his plans and ambitions. When he was writing this play, he talked with me a great deal about it, and I gave him what encouragement I could. This, however, is the first chance I ever had to see it played. I liked both the play and Mr. Reed's acting very much, and I wish that poor Lloyd was alive now that I might tell him so."

The Moore Will Case.

The taking of testimony in the contested will case of the late William Moore, the railroad contractor, of this city, which has dragged along wearily for some months in the Union County Orphans' Court was brought to a close this morning.

The contestant is the only son of the deceased contractor. He filed a caveat against admitting the will to probate. The issue was badly complicated by the sudden death of Mrs. Moore, who expired on the day of her husband's funeral. He had bequeathed to her in his will the bulk of his property.

Those in the Audience Knew Nothing of It.

During the production of Maude Granger's play, "Inherited," at Music Hall, on Monday evening, and while some colored lights were being burned to brighten the effect of a tableaux, a portion of the scenery took fire. Presence of mind on the part of the stage hands, prevented the fire from spreading, and it was easily extinguished, thus averting what might have otherwise proved disastrous.

No excitement was occasioned by the fire, and those in the audience were entirely ignorant of what had taken place behind the scenes.

Adjourned for the Second Time.

The case of Bullock & Co., vs. Mr. Wilson Fisk, to recover an amount of money alleged to be due for rent, was again adjourned by Justice Nodyne, yesterday, until Wednesday of next week. The second adjournment was necessary, on account of the absence from the city of Mr. W. K. McClure, Counsel for the defence.

Arrested an Unlicensed Peddler.

Captain Grant captured an unlicensed peddler on Richmond street, yesterday morning. The man was a foreigner and could not speak English, so an interpreter was brought into court. Judge Codington dismissed the peddler, as he had no money with which to pay a fine.

Testing the Wells.

The Water Works company have started up their engine, and will continue to pump water from the wells at Netherwood, for a few days. The supply of water is being noted and thus far it has been entirely satisfactory.

A Toilet Delicacy of Ours.

When I think of the towel, the old-fashioned towel, that used to hang up by the printing-house door, I think that nobody in these days of shoddy can hammer out iron to wear as it wore. The tramp who abused it, the devil who used it, the comp. who got at it, when these two were gone; the makeup and foreman, the editor, poor man, each rubbed some grime off while they put a heap on.

In, over, and under, 'twas blacker than thunder, 'twas harder than poverty, rougher than sin; from the roller suspended, it never was bended, and it flapped on the wall like a banner of tin. It grew thicker and rougher, and harder and tougher, and daily put on a more inkier hue, until one windy morning, without any warning, it fell to the floor and was broken in two.—*Bob Burdette*

WASHINGTON TOPICS

Mild Tilt Between Speaker Reed and Mr. Mills.

A QUESTION OF PRIVILEGE.

The Texas Statesman Went to the Rescue of Congressman Pierce.

Urging a Favorable Report on the Woman's Pension Bill—The President Says there is Too Much Public Building Legislation—House Election Contest Claims—Land Forfeiture Bill Passed.

WASHINGTON, April 30.—In the House Mr. Pierce of Tennessee, rising to a question of personal previlege denied a statment made a few days ago by Mr. Evans of Tennessee to the effect that there had been a ballot stuffing in his district.

The Speaker ruled that this did not present a matter of personal privilege.

Mr. Pierce responded sharply that he thought it did.

The Speaker said that the gentleman had no right to make such a response to the Chair.

Mr. Mills of Texas: Why didn't the Speaker stop the gentleman from Tennessee (Mr. Evans) the other day?

The Speaker—The Speaker was not present when that occurred.

Mr. Mills—Then you ought not to stop the gentleman from Tennesee now.

The Speaker—That does not follow.

Mr. Mills—It does follow.

The Speaker—The Chair does not desire to enter into any personal controversy with the gentleman, and he thinks that if the gentleman will reflect he will not persist in the impropriety.

Mr. Mills—I do not see the impropriety when one gentleman charges another with fraud.

The Speaker—The gentleman from Texas will please be in order.

Mr. Mills—I am in order and the Speaker is more out of order than the gentleman from Texas. The ruling is simply an outrage.

The matter was then dropped.

PENSIONS FOR WOMEN.

Efforts to Have the Cogswell Bill Reported Favorably.

WASHINGTON, April 30.—Strong efforts are being made to have the House Committee on Invalid Pensions report favorably the bill introduced by Congressman Cogswell for the relief of women enrolled as army nurses.

The bill grants a pension of $12 per month to all women commissioned by the Surgical Department of the United States during the late war and who have been honorably discharged, and who, from the results of such services and the infirmness of advancing age, are unable to earn their own support.

The bill was referred to a special committee to ascertain the amount of money it will require to pay these pensions.

Miss Clara Barton and Mrs. S. E. Fuller, Secretary of the National Relief Corps, each addressed the Committee in support of the measure.

House Election Contest Claims.

WASHINGTON, April 30.—The House Committee on Elections met and considered the claims of thirteen contestants and contestees in election cases for expenses incurred in securing evidence and preparing the cases. Several of the bills presented were for amounts ranging from $3,000 to $4,000, but the committee granted only $2,000, the maximum amount allowed by law, to these claimants.

Superintendent of Artesian Irrigation.

WASHINGTON, April 30.—Col. Richard Hinton has been appointed Superintendent of Artesian Irrigation, Department of Agriculture, and has an appropriation of $20,000 to expend before July 1st proximo, in ascertaining whether the agriculture of the Dakotas and ajacent States can be benefitted by the artesian system

A QUESTION.

Do you think it wrong to give presents?
I don't.
Cash ought to be encouraged.
Think of the time it takes to charge.
I believe on a cash basis.
On that basis I am working.
No one can disagree with me.
All would be better off.
Ready money is what tells.
You had better try it, if you have'nt.
